methylphenidate &/vs meclizine, reading ability & developmental dyslexia, 8–13 yr olds, 16561
methylphenidate dosage, behavior regulation & impairment of reading, children with hyperkinesis or attention problems, implications for teachers, 2463
motivation & learner control & collaboration features of computer mediated text system, reading performance, 3rd graders, 6694
neuropsychological analysis of reading & verbal memory impairment, 51 yr old male with deep dyslexia & Broca's aphasia, case report, 30115
nonsense pictures with names emphasizing semantic aspects, storage vs retrieval problems & memory trace structure in recall task, school age learning disabled vs skilled readers, 19463
oral language & picture categorization & reading & lexical decision & retrieval performance, developmentally dyslexic 10–11 yr olds, 19440
parental involvement in precision teaching of reading, reading ability, preschool students with poor reading ability, Wales, 10057
passage & question factors, performance on reading comprehension tests, 5th–6th grade successful vs 9th–10th grade unsuccessful readers, 3308
peer tutored paired reading program, reading age on comprehension test & tutor & tutee use of strategies & reinforcement & error correction, 10–11 yr olds, Hong Kong, 20495
perception of reading & writing processes & instruction, 1st graders, conference presentation, 24034
performance on Florida's State Student Assessment Test of minimum performance in reading & writing & mathematics, educable mentally retarded 10th graders, 6773
performance on "maze" reading test, 4th–6th graders with fusional or accommodative visual abnormalities, 30098
phonemic awareness & metalinguistic insight, reading acquisition & skills, children, 11390
phonics vs whole word instruction, spelling & oral reading & recognition of regular vs exception words, good vs poor 1st grade readers, 34593
poor reading & writing ability & skills, students assessed at end of 1st & 4th grade, 17189
precocious reading ability, children, literature review, 21954
preschool phonological skills, stages of reading skill acquisition, children assessed between 4.4–8.6 yrs, implications for theories of reading development, 25532
prompting corrections vs context cue vs praise for self correction tutoring strategies by mother, reading ability & comprehension, underachieving 7–7.7 yr olds, 24010
reading & spelling & phoneme segmentation & auditory categorization & letter sound knowledge & short term memory & IQ, 4–5 yr olds, 18559
reading & spelling abilities, lexical decisions for orthographically vs phonologically irregular words, 9–11.4 yr olds, 18615
reading & spelling processes, school age male with Klinefelter XXXY syndrome & associated developmental delay, case report, 19453
reading ability & depression, children, commentary, 15733
reading ability & presentation rate & moving vs stationary text display of word vs phrase sentences, recall, college students, 14420
reading ability & speed & working memory, spelling achievement & learning, college students, 24052
reading ability & test administration method, performance on tests of reading comprehension, 3rd graders, 3330
reading ability, attempts to read vs renegotiate vs refuse environmental vs functional reading task, 3–6 yr olds, 20519
reading ability, discourse synthesis in report writing task including content & organization & ideas, 6th vs 8th vs 10th graders, 24066

reading ability, motor task interference, 2nd–6th graders, cerebral dominance implications, 4587
reading ability, oral reading miscues & retellings of stories, reading disabled 1st–9th graders, 27708
reading ability, phonological awareness & nonspeech task performance, 3rd graders vs adult literacy students, implications for reading disabilities, conference presentation, 3199
reading ability, response latency for comparison matching of letters vs words, 2nd–6th graders, Canada, 18590
reading ability, spoken sentence & noun phrase comprehension & working memory, 2nd vs 4th graders vs college students, implications for reading disabilities, 19431
reading ability, use of text heading as search strategy, 4th vs 6th vs 8th graders, 4618
reading achievement & prior knowledge & text characteristics, imagery during & after reading, 5th graders, 38150
reading achievement, 58–78 mo old early vs nonearly readers followed through 6th grade, conference presentation, 24068
reading experience, use of graphemic or orthographic cues or grapheme phoneme correspondence rules in word recognition, 4–10 yr olds, England, 15105
reading processes for narrative & expository text, illiterate adults vs 2nd & 4th grade low vs regular readers, 15066
reading proficiency, use of cohesion while reading fiction vs nonfiction, 11–12 yr olds, UK, teaching implications, 36061
reading skill, detection of conflict between instructional text & presented example & procedure use, college students, 311
reading vs listening/reading administration technique, Reading Comprehension subtest score on Stanford Achievement Test, learning disabled 7th–9th graders with good vs poor reading, 41390
reading vs spelling ability, 72 yr old male with lexical agraphia following discrete lesion of left precentral gyrus, 9174
refraction error, IQ & reading ability, 11 yr olds with myopia vs premyopia vs hypermyopia vs normal vision observed from age 7, 30131
RT for temporal order judgments, adults & 3rd & 4th graders with good vs poor reading ability, 21967
sequencing & orientation difficulties, reading Kannada script, good vs poor 3rd grade readers, 6739
sex & ethnicity & class as measured by reading scores, patriotism, high school students, 15177
shared reading with parent, awareness of books & reading ability, female 8 yr old with severe learning difficulty & 9 yr old with Down's syndrome, England, 41352
speech shadowing techniques & rate of presentation & grammatical acceptability of sentences, language processing & reading ability, 2nd–8th graders with good vs poor reading ability, 18583
stimulus degradation & orthographical errors & context, braille reading speed, fluent braillists, 4625
sustained silent reading vs directed reading activity, reading achievement test scores, medium vs high reading ability 8th grade English students, 27544
task difficulty, phonological similarity effects in working memory in reading & memory tasks, good vs poor reading 8 yr olds, 18575
teacher & student generated questions, reading comprehension, poor readers, 41330
teaching principles, male 4th grader with reading & writing difficulties, 6771
text length, reading strategies, 8.3–11.1 yr olds with good vs poor reading ability, 36017
text segmentation into syntactic units, comprehension, 3rd–6th graders with different reading & information processing abilities, Australia, 20473
text structure &/vs context schemata, selection of important information & strategic awareness in reading task, 5th–9th graders vs adults, 11418
use of category cues, recall for word list items, poor vs normal reading 2nd vs 6th graders, 11445
use of semantic & syntactic cues, oral reading ability, socially advantaged vs disadvantaged children, 36083
validity of K-ABC, assessment of processing style & accuracy of reading & spelling, learning disabled 8–12.4 yr olds, 17605
variability in reading performance, commentary, implications for reading disabilities, 33423
verbal & nonverbal skills, reading achievement, male students with reading abilities measured in kindergarten & 2nd & 5th grades, 34734
word naming time & memory span & story recall, 5th grade good vs poor readers, 29053
working memory, elementary vs junior high school skilled vs learning disabled readers, 34786

Reading Achievement

age & grade & parental educational & occupational-level, Wide Range Achievement Test score & WISC-R IQ & Gates MacGinitie reading tests performance, 10.6–17 yr old middle school students, 20531
book availability & variety, reading attainments & attitudes & habits, 10 yr olds, 3 yr study, 27624
cerebral laterality as reflected by visuospatial vs verbosequential skills, reading & language & mathematics achievement, 9–12 yr olds, 20513
classical conditioning of reading responses, reading achievement, 36–67 mo olds, 27581
classroom behavior modification, reading achievement, 11–14 yr old normal & special education students, 20597
curriculum based measurement & evaluation system & structure of instruction & reading achievement, elementary school special education students, implications for teacher training, 13677
curriculum level difficulty, progress estimates, mildly reading disabled 3rd–8th graders, 41345
early social environment & parent & teacher influences, reading & mathematics achievement, 1st–3rd graders, 4–9 yr followup, 13529
early vs later diagnosis & placement in special education classes, test retest stability of scores on WISC-R & Woodcock Reading Mastery Tests, learning disabled 2nd–8th graders, 10237
error rate in classroom reading tasks, reading achievement, elementary school students, 3176
field dependence & independence & MA & linguistic & sociocultural variables, reading recognition & comprehension, Mexican American 7–8 & 10–11 yr olds, 27621
general vs reading discrimination vs study skills training, reading achievement & problem solving & cognitive style, college students with poor reading skills, 6787
Haringey Reading Project & parental involvement, reading performance, 9–11 yr olds, 3 yr followup, 10065
instructional materials & teachers' ratings & students cognitive style & parental reading habits, reading attitudes & achievement, 1st–6th graders & their teachers, 10070
IQ & reading achievement, 7 yr olds, 6 yr study, New Zealand, implications for prediction of reading disability, 25521
IQ & verbal short term memory & naming speed for digits & colors, reading performance, 8–11 yr old poor readers with vs without severe reading disability, 12276
K-ABC simultaneous & sequential scores, prediction of reading & mathematics achievement, 5th graders, 41361
language acquisition & reading achievement & assessment, hearing impaired students, 34749
large verbal nonverbal ability differences, reading &/or mathematics underachievement, 11 yr olds, UK, 10137
letter naming speed, reading achievement, kindergartners vs 2nd graders, 13556
metalinguistic ability, learning to read, 1st graders, 2 yr study, 13554
metalinguistic program for facilitating awareness of phonological structure, reading & spelling achievement, kindergartners, Denmark, 2 yr study, 13492
number & length of hospitalizations during preschool yrs, reading & vocabulary & mathematics achievement & psy-

chosocial development, children evaluated at ages 5 & 10 yrs, Great Britain, 2795
out of school activity patterns, reading achievment, 5th graders, 13521
parental literacy & parental & child attitudes toward reading & learning, reading achievement, 6–7 yr olds & their parents, Morocco, 5 yr study, 20532
parental standards & help with & beliefs about education, mathematics & reading achievement, 1st–5th graders & their parents, China vs US, 20504
passage & question factors, performance on reading comprehension tests, 5th–6th grade successful vs 9th–10th grade unsuccessful readers, 3308
Piagetian operational tasks, prediction of reading level, 2nd graders, longitudinal study, 34630
poor reading & writing ability & skills, students assessed at end of 1st & 4th grade, 17189
predictive validity of Boehm Test of Basic Concepts & Gates-MacGinitie Reading Tests, reading achievement, 1st graders, 3 yr followup, 10269
print awareness & reading skills, reading achievement, K–1st graders, 10126
Quranic preschool & reading education in Arabic & French, Arabic reading achievement, Arabic vs Berber speaking 1st graders, Morocco, 5 yr study, implications for bilingual education, 31096
reading achievement in grades 3–5 vs current grade, 7th–12th graders with behavioral disorders, 10184
reading achievement, 58–78 mo old early vs nonearly readers followed through 6th grade, conference presentation, 24068
reading aloud of vocabulary words with simultaneous audiotape, reading proficiency, 9th–10th graders with behavior disorders, 17280
reading curriculum, scores on standardized & criterion referenced reading achievement tests, 3rd graders, 10105
report card marks in reading & math & verbal achievement test scores, Black vs White 1st graders followed through Grade 2, commentary & reply included, implications for school transition, 20498
scaling problems, interpretation of reading achievement data, 9–23 yr olds, 1984, 20663
self efficacy & outcome expectancy beliefs & reading & writing achievement, college students, 31137
setting & administration method, validation of curriculum based assessment of oral reading rates, 3rd–4th graders, 41363
sex & IQ & grade & birth order & SES & family size & intactness, reading & mathematics achievement, 6–14 yr old Anglo vs Black vs Mexican American public school students, followup study, 34652
sociodemographic factors assessed at birth to 6 yrs, reading achievement, 7 yr olds, replication, 8025
sound synthesis vs phonetics teaching methods, reading ability, 1st graders, Netherlands, 3131
sustained silent reading vs directed reading activity, reading achievement test scores, medium vs high reading ability 8th grade English students, 27544
unity & coherence in retold stories, high vs low achieving K–1st grade readers, implications for speech assessment & therapy, 17195
use of 2 instruments, measurement of impact of functional ability grouping on reading achievement, special education students in elementary & junior high & high school, 24246
validity of Woodcock-Johnson Psychoeducational Battery vs WISC-R performance during 3rd grade, prediction of subsequent reading & math achievement, 9th graders, longitudinal study, 10290
verbal & nonverbal skills, reading achievement, male students with reading abilities measured in kindergarten & 2nd & 5th grades, 34734
visual & auditory perceptual ability & modality preference, reading performance, literature review, implications for learning disabilities research, 12296
1st yr retention, phonemic awareness & spelling & word recognition & listening & reading comprehension, students at risk for reading disability assessed during 1st through 2nd grade, 13536

Reading Comprehension

ability to understand & reproduce coherent text, normally achieving vs learning disabled vs underprepared college writers, 34736
ability to use lexical vs external vs internal consistency standards, self evaluation of reading comprehension, 4th–6th graders, 38158
accompanying pictures of details vs proposition interrelations in text, memory for narrative vs expository text, college students, 14481
affect, schema creation & comprehension of complex narratives, college students, 35402
age & previous exposure to literature, awareness of narrative themes, K–4th graders, 11408
antecedent distance of sentences subsequently read & intervening text structure, interpretation of elliptical verb phrases, college students, UK, 300
assessment of cognitive reading comprehension strategies, teachers of ineffective readers, instructional planning implications, 27604
background music, performance on Numerical Ability & Space Relations & Verbal Reasoning subtests of Differential Aptitude Tests & reading comprehension test, college students, 35318
base in prism or plano lens induced accommodative convergence stress, reading comprehension, optometry students, implications for effect of visual problems, 10734
causal relations in hierarchical vs sequential narrative text structure, perception of statement importance, 3rd–12th graders, 1053
causal vs temporal vs reference distance between clauses in stories, inferences, college students, implications for causal network model, 38861
character intent followed by inconsistent outcomes & type of contextual information, reason inferences in story comprehension, 1st & 4th graders vs adults, 11362
cognitive ability & expository vs narrative text, reading comprehension & recall, 18–80 yr olds, 28314
cognitive strategy teaching approach, reading comprehension, learning disabled students with counterproductive coping strategies, 24176
comprehensibility & structural importance & meaningfulness & interest & specificity of denotation & concreteness, recall of biblical text, college students, 24894
comprehension of reading material triggering epileptiform activity in jaw, 29 yr old right handed male, case report, 2031
comprehension of simultaneously presented visual vs auditory messages, telephone salespersons vs proofreaders, 17736
computer text instructions, learning & thinking aloud protocols, 1st yr high school students, 23971
computer vs learner control vs minimal reading assistance on computer presented text, question answering performance, 5th graders, 38085
computerized test system to facilitate questioning strategies & reading ability, reading vocabulary & comprehension & prediction of performance, 3rd graders, 20476
computerized text presentation, reading time & comprehension & subjective estimation of learning, 5th–6th grade good vs poor readers, 13502
concept vs analogy vs outline advance organizer, text memory, 8th graders, implications for organizer presentation vs use, 31059
confidence about performance on multiple choice tests of reading comprehension, college students, 13737
content vs format of sentence, judgment of importance of information in physics text, novice vs expert college students, 10784
cooperative learning teaching model, reading comprehension, elementary school students, 3169
corrective feedback during oral reading, reading comprehension & word recognition, 3rd graders with learning disabilities, 13656

cultural medium & language & sequence of cultural vs foreign & 1st vs 2nd language presentation, literal & interpretative comprehension, bilingual 10–13 yr olds, Nigeria, 10076
digit naming speed, reading of irregularly spelled words & pronounceable nonsense words & comprehension, 1st–10th graders, 18620
direct instruction using dictated texts, ability to comprehend main ideas in word lists & sentences & paragraphs, 1st graders, 34615
direct instruction with vs without metacomprehension self monitoring, reading comprehension & finding main idea, learning disabled 5th–8th graders, 20604
distance between anaphor & antecedent, identification of antecedent & anaphor resolution, 7–8 yr olds with good vs poor reading comprehension, 8071
divided vs alternating text structure, learning & retention of scientific material, college students, 23986
education & readability of & typeset used for materials, comprehension of informed consent information, 60–69 vs 80–89 yr olds, 11563
elaborated guided reading phase of basal reader instruction, metacomprehension abilities, 3rd graders, conference presentation, 24060
elaborative inferencing in lexical decision vs word naming reading task, college students, 14402
executive control of reading comprehension, gifted 12 yr old male, Canada, conference presentation, 21982
experience vs prereading instruction, factual & inferential comprehension of narrative text describing soccer game, 5th & 9th graders, 17161
explicit action statements in written task instructions, reading speed & comprehension, college students, implications for knowledge level, 21259
familiar vs unfamiliar intact vs disrupted passages, oral reading miscue pattern & postreading comprehension performance, 7th graders, implications for psycholinguistic & interactive models, 18599
field dependence & independence & MA & linguistic & sociocultural variables, reading recognition & comprehension, Mexican American 7–8 & 10–11 yr olds, 27621
frequent or infrequent summarization or personal study, text processing & recall, college students, 7482
highlighting key vocabulary & generative reciprocal inference training, reading comprehension, 3rd graders, 13504
history of text comprehension research, instructional implications, 23922
hybrid variant of linear logistics model with relaxed assumptions, measurement of change using text comprehension data, 13 yr olds, 31710
image forming words in college history textbooks, comprehension, college students, 13516
implied information in building layout narrative, inference of information relevant to protagonist measuring updating of situation models during narrative comprehension, college students, 38844
inconsistent premise & outcome sentences in story, detection of propositional inconsistency & judgment of story adequacy & memory for propositional content, 2nd–6th graders vs college students, 4572
induced nearpoint visual stress, reading comprehension, 3rd yr optometry students, 25124
inference strategies in reading comprehension, 6th graders, Canada, 24055
inserted question aids vs experimentally provided perspectives, metacomprehension activities during text reading, college students, 17898
insertion of metacognitive questions in open ended vs multiple choice tests of reading comprehension, text recall, college students with low vs high reading ability, 3338
instruction induced involuntary processing strategies during reading, comprehension, recall of narrative texts, 5th vs 7th vs 9th graders, 18609
instructions & outlines & headings, identification of false statements in text, 15–17 yr old students, implications for schema theory, 18565
interactive vocabulary instructional strategy, content area text comprehension, high school students with learning disabilities, 34708
interruption method, analysis of structuring of symbolic content of literary text, 25 yr old female graduate student, 14425
involvement as function of intrinsic characteristics & physical & social aspects of environment, attention to & comprehension of product information in print advertisements, 17–79 yr old consumers, 10455
keyword vs semantic context instruction of new vocabulary meanings, text comprehension & memory, college students, 34605
language experience approach with basal reader vs supplementary/trade books vs basal reader program with vs without phonics, reading acquisition, 1st graders, 6687
language skills & cognitive processes, reading comprehension, learning disabled 15–18 yr olds, 19448
levels of elaborative rehearsals of 1st vs 3rd person articles, short vs long term content comprehension, college students, 308
listening to &/vs reading story, word recognition & comprehension, low vs middle vs high ability 1st graders, 10096
Macintosh program, comprehension monitoring of text, 17858
mapping strategies with basal reader stories, reading comprehension & writing performance, 5th graders, 17201
marked auditory comprehension deficit for specific word categories with intact reading comprehension for all categories, 62 yr old male with right temporal gyri damage & Broca's aphasia, case report, 5651
mathematics vs reading related secondary task & individual skill, working memory & reading comprehension, college students, 38937
mechanical approach to reading vs psycholinguistic model of meaning, reading comprehension of medical literature, 3049
microcomputer generated vs printed text, reading comprehension, 4th–12th graders, 13478
mnemonic instruction, comprehension & recall of US history material, 7th & 8th graders with learning disabilities, 34782
modified reciprocal teaching program, reading comprehension & academic achievement, 7th graders, 10083
Nelson Denny Comprehension score & reading strategies, prediction of performance in psychology course, college students, 27606
oceanography text & task characteristics & solution strategies, comprehension & reasoning, native vs nonnative English speaking college students with vs without prior subject knowledge, 34635
oral vs silent reading vs listening, comprehension, 7–8 yr olds, 21945
outlines prefacing & headlines inserted in text, recall & comprehension of prose, college students, 35382
paragraph markings in test, reading time & judgment of important ideas, college students, 25361
passage & question factors, performance on reading comprehension tests, 5th–6th grade successful vs 9th–10th grade unsuccessful readers, 3308
performance on reading & spelling tasks in syllabo-alphabetic writing system, Gujarati speaking 2nd–4th graders, India, 1033
phonemic & syntactic awareness & proficiency & receptive vocabulary & word decoding & reading comprehension, 1st graders, Australia, 18552
phonological information in short term memory, reading comprehension, college students, 14461
pictorial &/vs verbal supplements, learning of biographical texts on historical figures, college students, 3167
positive/negative & true/false conditions & loop taxonomy & task learning, program readability performance, programers vs programing students, 3810

posthypnotically induced achievement & self esteem suggestions & hypnotic susceptibility, reading comprehension & vocabulary & speed, college students, 24912
prereading activities, comprehension monitoring & passage recognition, high school students with learning disabilities, 38191
prereading pictorial topic introduction vs content directed questions vs free association to title, literal & inferential reading comprehension, 5th graders, Australia, 3096
presentation of light vs dark characters on screen vs paper, reading speed & comprehension, 16–40 yr olds, 3820
previewing, comprehension & story recall, 4th graders, conference presentation, 24011
prior knowledge & computerized text reading with vs without questions & explanation of value of requiring vs optional text review, learning, high school students, 31090
prior knowledge & text structure, reading comprehension performance, junior high school students with learning disabilities, 34785
prior knowledge level, text reading & retention with vs without headings, college students, 28347
prior knowledge of topic & text structure & metacognitive strategies & training & task demands, reading comprehension, students with learning or reading disabilities, literature review, 1946
prior topic knowledge & vocabulary difficulty, social studies text recall & sentence recognition, 6th graders, 24067
prompting corrections vs context cue vs praise for self correction tutoring strategies by mother, reading ability & comprehension, underachieving 7–7.7 yr olds, 24010
provision of additional processing time, memory for specific text in rapid sequential reading, college students, 24888
reading ability & test administration method, performance on tests of reading comprehension, 3rd graders, 3330
reading ability, oral reading miscues & retellings of stories, reading disabled 1st–9th graders, 27708
reading comprehension skills, rewriting of previously heard story, 7 yr olds, 18557
reading of instruction manual for text editing program with vs without opportunity for questions, text editing performance & rated difficulty of manual, novice 19–54 yr olds, 10773
reading patterns at word & line & sentence levels, fast vs slow reading college students, 38894
reading proficiency, use of cohesion while reading fiction vs nonfiction, 11–12 yr olds, UK, teaching implications, 36061
reading skill, detection of conflict between instructional text & presented example & procedure use, college students, 311
reading skills & comprehension monitoring processes in reading & mathematics contexts & problem solving, 13549
reading strategies & online definitions, comprehension of technical material read from CRT, college students, 27575
reading strategies, comprehension of informational text, elementary school students, 10108
reading vs listening/reading administration technique, Reading Comprehension subtest score on Stanford Achievement Test, learning disabled 7th–9th graders with good vs poor reading, 41390
real vs perceived effectiveness of problem solving text vs word level strategies, 2nd language comprehension, college students enrolled in French course, 10775
reciprocal teaching, reading comprehension disabled students, literature review, 10216
reliability & validity of reading comprehension tests based on sentence verification vs meaning identification formats, prediction of course exam scores, college students, 10287
reliance on decoding vs sight word association strategy, reading performance & comprehension & time, 2nd–3rd graders, 11387
reported preferred method of studying new textbook chapter for comprehension, college students, 3209
research in reading comprehension & skills & literacy, 14987
research on reading comprehension process, children, 25466
role of affect in narrative text comprehension & memory of representation, implications for artificial intelligence, 35353
role of problem solving schematic, comprehension of narrative vs expository written texts, 3819
"seductive details", recall of important information & comprehension & matching pictures with text, graduate students vs 7th graders, 38888
self instruction training, comprehension monitoring, 4th–5th grade above vs below average readers, 20477
self instructional & self management training, 11 yr olds with reading comprehension problems, 20486
self paced computerized rapid serial word presentation with vs without permitted visual regression, reading rate & comprehension & discomfort, college students, implications for display design, 6948
self paced vs fastest normal reading rate with vs without pictorial distractors within text, oral reading accuracy & comprehension, 1st graders, Israel, 27535
self questioning & story structure training, reading comprehension, 9–13 yr olds with learning & reading disabilities, 38208
self regulation training, reading comprehension, underachieving 4th graders, 38135
semantic mapping strategy, memory for content area & reading comprehension, students with & without learning disabilities, 27730
sentence combining research, reading comprehension, elementary through college students, literature review, 6709
sentential priming of contextual semantic information, reading comprehension, good vs poor reading 2nd vs 4th graders vs adults, 36019
sequencing & orientation difficulties, reading Kannada script, good vs poor 3rd grade readers, 6739
short term memory allocation strategies in reading comprehension, college students, 10829
short term phonological storage, discourse comprehension, brain damaged 55 yr old male with reduced immediate memory span, 22883
shortcomings of recall & recognition test, measurement of text learning vs memorization in psychological research, 21306
signaling & feedback by sentences, reconstructed text comprehension, college students, 3857
silent vs listening reading administration method, performance on reading comprehension test, good vs poor reading learning disabled 11.7–14.1 yr olds, 10316
Spanish vs English sentences with relative clauses, use of Late Closure parsing strategy, college students, Spain vs UK, 21847
spatial configuration of prose materials & lateral preference pattern, reading comprehension & short term memory, college students, 7644
speed & span of kana copying, reading & writing achievement, preschoolers, Japan, 8068
story comprehension & rehearsal, hemispheric alpha amplitude & narrative production, 8.1–10.9 yr olds with vs without learning disabilities, 33406
story grammar instruction, reading comprehension, 8–10 yr olds with dysphonetic & dyseidetic dyslexia, 34763
story organization or presentation modality, developmental & individual differences in reading comprehension & recall, 3rd–6th graders, 15083
student interest & purpose & choice in literacy curriculum, reading comprehension, 4 & 7 yr olds, 3154
subjective comprehension abilities, effect of graphic organizer designed to induce text review on reading comprehension, 10th graders, 20499
syntactic ambiguity & antecedent location & depth of embedding, anaphoric pronoun resolution, college students, 10801
systematic auditory comprehension vs conventional stimulation therapies, auditory & reading comprehension & oral expression, 45–83 yr olds with stroke induced aphasia, 30555

text enhancement with supportive information vs elaborative questions, story understanding & recall, 10–13 yr old learning disabled elementary school students, 20589
text hierarchical structure, reading speed & comprehension, graduate students, 21316
text presentation methods in computer based instruction, reading comprehension, 13479
text revisions of basal readers, comprehension, hearing impaired vs normal hearing 8.6–11.8 yr olds, 23988
text segmentation into syntactic units, comprehension, 3rd–6th graders with different reading & information processing abilities, Australia, 20473
text structure & type, inference & comprehension of main idea, 4th vs 6th vs 11th graders, 24045
text underlining or highlighting or note taking during studying, concept importance & learning & recall, low vs high ability college students, 31142
text vs reader schema & language competency, interactive processing of 2nd language text, readers, 10816
times square vs rapid serial visual presentation in electronic text displays, preference & reading & comprehension, college students, 31461
training in chemistry or biology text structure, reading comprehension & recall, college students, 17138
tree diagram, comprehension & recall of main ideas in expository text with multiple themes, 19–30 yr old college students, Israel, 34597
validity of oral reading accuracy & comprehension & reading role & miscue quality & self correction indicators of reading difficulty, functionally illiterate adults, 11329
verbatim text recordings, textbook content learning & reading comprehension, learning disabled 9th–12th graders, 20649
video display character spacing & control & format & scrolling speed, reading fatigue & speed & comprehension, college students, Taiwan, implications for Chinese language office automation, 6941
vocabulary overview guide, vocabulary comprehension & retention, college students in developmental reading course, 20455
W. Angoff vs L. Nedelsky method for setting cut scores on high school graduation test of reading comprehension, differential use of item information, teachers, 27810
word knowledge & working memory capacity, prediction of reading comprehension & speed & text inferencing skills, college students, 14429

Reading Disabilities [See Also Dyslexia]
attitudes & knowledge & competency & educational needs & involvement with children with reading disorders, public school speech language pathologists, 38197
biographical & cognitive & neuropsychological & biological characteristics as evidence of developmental reading disability, historically famous adult males, 12275
classification based on functional vs cognitive impairment, children with reading retardation/dyslexia vs reading backwardness, 12289
cognitive abilities, adolescents with reading disabilities, 4 yr followup, 12292
cognitive ability profiles measuring single vs multiple etiology of school failure, 8–16.9 yr olds with dyslexia vs specific reading retardation vs general reading backwardness, 36917
cognitive development & behavior & family background at age 7, reading progress, 13 yr olds with long term backward vs good reading, New Zealand, 10 yr study, 19436
cognitive phenotype of inherited reading & spelling disabilities, 2–53 yr old extended family members, 8934
cognitive vs attentional deficits, 6–12 yr olds with vs without reading disabilities, 19413
consultative expert computer system, diagnosis of 4th grader with reading disability, teacher, 38247
conversational participation during disputes in group decision, reading disabled 1st–2nd graders, 33404
cross cultural validity of Kindergarten Teacher Rating Scale, early diagnosis of reading learning disabilities, 5–8.3 yr old male vs female kindergartners, Costa Rica vs US, 13739
cross validation of Neale Analysis of Reading Ability & South African Scholastic Achievement Test, reading disabled elementary school students, South Africa, 24222
curriculum level difficulty, progress estimates, mildly reading disabled 3rd–8th graders, 41345
development of classroom reading incentive programs, disabled readers, 6775
evaluation of computer program variations, speed & accuracy of word recognition, reading disabled 9.2–12.7 yr olds, 17253
family incidence of reading problems & individual differences in vocabulary & phonological awareness & literacy skills, prediction of 2nd grade reading ability, 5 yr olds, 31136
genetic & environmental influences, phonological vs orthographic coding, 7.7–22.9 yr olds with vs without reading disabilities, conference presentation, 33418
identification of cognitive or neuropsychological deficits, 13 yr old males with attention deficit disorder &/or reading disability, New Zealand, 26581
immediate color memory assessed by verbal vs visual stimuli & responses, reading disabled children with perceptual motor vs general vs memory verbal disorder subtypes, 29826
interactive model for teaching text based concepts, students with reading or learning disabilities, 41314
IQ & verbal short term memory & naming speed for digits & colors, reading performance, 8–11 yr old poor readers with vs without severe reading disability, 12276
IQ scores, reading & spelling & syntax & memory performance, reading disabled vs nondisabled 7–16 yr olds, 12307
K-ABC vs Stanford Achievement Test, reading disabled 2nd–6th graders, 3317
low level visual deficits, reading difficulties, children, commentary, 12288
methylphenidate dosage, cognitive & behavior performance, 7–13 yr olds with attention deficit disorder with hyperactivity & developmental reading disorder, 12873
methylphenidate dosage, reading achievement, hyperactive reading disabled 7–13 yr olds, 12903
misleading interpretation of assessment of accuracy of educational intervention, reading disabled 1st graders, commentary, 17258
patterns of subtest performance on British Ability Scales, 6.9–11.9 yr olds with reading disabilities, Australia, implications for educational diagnosis, 10291
perception of visual stimuli temporal order & grouping effects measuring developmental vs sensory deficit, reading disabled 8–31 yr olds, 19405
phoneme presentation rate for real vs nonword, sound blending performance measuring developmental & individual differences, K–2nd graders with reading disabilities, 33427
phonological & spatial processing abilities, language or reading impaired 6.8–8.10 yr olds, 5567
phonological core variable difference model of dyslexia & reading comprehension profiles, differentiation from nondyslexic poor reading ability, children, 16003
prevalence of & cognitive deficits associated with reading disabilities, 5th graders, Japan, 19422
prevalence of severe reading underachievement beyond expectations from normal continuum, 9–10 yr olds, Wales, commentary, 19411
prior knowledge of topic & text structure & metacognitive strategies & training & task demands, reading comprehension, students with learning or reading disabilities, literature review, 1946
processing of relevant vs irrelevant black vs white letter vs nonletter visual stimuli, event related potentials, male 8.3–12.8 yr olds with reading disability &/or attention deficit disorder, 1505
productivity & syntax & ideation in written expression, remedial reading 4th–5th graders, implications for peer tutoring, 19401
psychomotor vs self esteem enhancement vs direct instruction interventions, reading performance, students with specific reading difficulties, Australia, 6795

reading & symbol processing & sequential memory measuring cognitive ability, reading disabled 8–18 yr old monozygotic & dizygotic twins, 5541
reading ability, oral reading miscues & retellings of stories, reading disabled 1st–9th graders, 27708
reasoning & perceptuomotor function, memory patterns & development, 6–14 yr olds with memory deficiencies & reading disabilities, 22870
regression based vs cutoff score procedure, definition & selection of reading disabled, 9–14 yr olds, conference presentation, 34807
reliability of E. Boder's guidelines, classification of spelling errors of monolingual vs bilingual reading disabled 1st–4th graders, naive raters, 3599
remedial repeated readings with audiotape, oral reading skills, 9–13 yr olds with reading disabilities, 27678
role of language deficiencies in reading disability, literature review, 12295
selective attention & event related potentials, male 8–12 yr olds with reading disability &/or attention deficit disorder, 1506
self questioning & story structure training, reading comprehension, 9–13 yr olds with learning & reading disabilities, 38208
semantic mnemonic vs self generated mental images, memory performance, learning disabled students with reading difficulties, 36943
short serial recall of verbal items, 7–12 yr old males with attention deficit disorder with hyperactivity vs reading disabilities, 11866
simulated elementary & high school cases of reading & spelling disabilities, diagnostic problem solving & remedial prescriptions, 30–50 yr old reading specialists, Netherlands, 24129
stability of verbal & spatial processing abilities, males with severe reading &/or spelling disabilities initially assessed near end of 6th grade, 2–11.6 yr followup, 19456
synthetic speech feedback system in remedial reading, word recognition ability & attitudes toward reading, reading disabled 3rd–6th graders, conference presentation, 38242
teaching principles, male 4th grader with reading & writing difficulties, 6771
training for & involvement with & attitudes toward reading assessment & intervention with reading disabled students, school psychologists, 17105
uniform field flicker masking, contrast sensitivity, reading disabled 13 yr olds, 19433
unihaptic vs dichhaptic tasks, spatial performance & perceptual asymmetries, right handed 6 yr old normal vs poor learning readers, 40336
use of cues & self correcting behavior when reading, school age disabled readers, Australia, 19467
use of pause & prompt & praise in remedial reading strategies & tutoring, low progress readers, England, 3297
variability in reading performance, commentary, implications for reading disabilities, 33423
verbal & nonverbal skills, reading achievement, male students with reading abilities measured in kindergarten & 2nd & 5th grades, 34734
visual discrimination of simple geometrical patterns, college students with severe difficulties in reading & spelling during childhood, 12290
working memory ability, reading vs arithmetic disabled vs attention deficit disordered vs normally achieving 7–13 yr olds, 40332

Reading Education

abstract diagrams, recall relations in text, 19–30 yr old college students, Israel, 17145
adaptive explanatory behavior, teaching effectiveness, 3rd grade reading teachers, conference presentation, 24018
adventure game as instructional reading activity, reading & study skills, 6th graders, 13480
analogical reasoning in elementary basal reading materials, teaching implications, 17130
awareness of spaces between words in written text, 5.3–8.6 yr old students, 1 yr study, conference presentation, 24065
C. Roger's person centered approach in reading education, increase in reading curiosity & achievement, students, 27152
characteristics of reading process & history & methods of teaching reading, Braille vs print vs aural reading visually handicapped children, 3299
classical conditioning of reading responses, reading achievement, 36–67 mo olds, 27581
cognitive theories of literacy & psycholinguistic influences, development of reading & language instruction programs, students with learning disabilities, 31220
combined group instruction & peer tutoring in mastery based companion reading program, implications for inservice teacher training & parental involvement, 31072
companion reading program, elementary school students with failing reading ability, England, 1 yr study, 41322
computer assisted instruction, effectiveness of direct reading instruction & student motivation & learning, 3160
computer vs learner control vs minimal reading assistance on computer presented text, question answering performance, 5th graders, 38085
conflict management & problem solving in reading education programs, reading educators, 10024
constant time delay vs system of least prompts, teaching sight word reading, moderately mentally retarded 8.9–13.4 yr old females, 13630
cooperative learning teaching model, reading comprehension, elementary school students, 3169
criticisms of computer assisted instruction, reading education, 23959
development of Monitor for Initial Reading software, global word recognition & initial reading, students, 38129
direct instruction using dictated texts, ability to comprehend main ideas in word lists & sentences & paragraphs, 1st graders, 34615
dissemination & use of literacy research, classroom teachers, literature review, conference presentation, 24019
dyad reading & decoding techniques, learning to read, dyslexic & illiterate male 52 yr old, case report, 20590
elaborated guided reading phase of basal reader instruction, metacomprehension abilities, 3rd graders, conference presentation, 24060
experience vs prereading instruction, factual & inferential comprehension of narrative text describing soccer game, 5th & 9th graders, 17161
familiar vs unfamiliar themes & logical or numeric inconsistencies in reading material, error detection, 3rd graders, 38131
graphic representation of signs, word identification skill development, prelingually deaf 6–8 yr old beginning readers, 41346
guided reading vs reading-while-listening vs independent reading with computer generated speech feedback, reading efficiency, 1st graders, 13503
Haringey Reading Project & parental involvement, reading performance, 9–11 yr olds, 3 yr followup, 10065
identification & specific teaching methods, subtypes of learning disabled child readers, literature review, 13644
individual reading instructional plans, 1st–7th grade elementary resource room students, 24203
instruction in accuracy & automaticity of decoding skills, improvement in word recognition & comprehension skills, poor readers, 6705
interest in mathematics & reading & writing & other school attitudes, 1st–9th graders, Sweden, 41294
language experience approach with basal reader vs supplementary/trade books vs basal reader program with vs without phonics, reading acquisition, 1st graders, 6687
language to reading intervention method within classroom reading group, language impaired elementary school students, 38225
learning about conversation through interaction with teacher during oral reading, students, 31032
letter name knowledge or invented spelling ability, attention to graphic detail in functional print, novice vs expert vs nonreading kindergartners, conference presentation, 24056

listening to &/vs reading story, word recognition & comprehension, low vs middle vs high ability 1st graders, 10096
mental modeling vs procedural approaches to reading instruction, poor readers, 6682
methods for improving student motivation & teaching reading, 3174
morphological analysis of elementary school reading vocabulary, 3rd–4th graders, implications for reading education, 38132
naturalistic method for reading education, children, 34621
nonphonetic vs multisensory alphabetic phonetic approach, reading achievement, learning disabled college students in summer program, 41319
nonvocal system for teaching reading, mentally handicapped adults in training centers, England, replication, 6778
own words as written input to be read, reading ability, 4th–6th graders with limited English, 3145
paired reading in peer tutoring, 31091
paired reading tutoring technique, learning ESOL & Chinese orthography, ethnic Chinese students, Hong Kong, 31104
parental involvement in precision teaching of reading, reading ability, preschool students with poor reading ability, Wales, 10057
partial vs complete feedback for reading correction errors, learning in computer assisted instruction program, 7 yr old students, Netherlands, 17169
Pascal routines for DECtalk text-to-speech conversion program, computer mediated reading instruction, 41237
peer tutored paired reading program, reading age on comprehension test & tutor & tutee use of strategies & reinforcement & error correction, 10–11 yr olds, Hong Kong, 20495
perception of need for staff development in elementary school reading program, primary vs intermediate teachers vs principals, 13447
perceptions of basal reader purpose, 5–12 yr old elementary school students, 3108
philosophical & pedagogical principles, selection & use of computer assisted instruction in reading & langauge arts education, 38067
phonics vs whole word instruction, spelling & oral reading & recognition of regular vs exception words, good vs poor 1st grade readers, 34593
prereading pictorial topic introduction vs content directed questions vs free association to title, literal & inferential reading comprehension, 5th graders, Australia, 3096
primerese language used in basal stories, miscues in oral reading, 1st graders, conference presentation, 24061
print salient aspects of picture books during storybook reading, written language awareness, 3.2–5.3 yr old students, 1 yr study, conference presentation, 24063
prior knowledge & computerized text reading with vs without questions & explanation of value of requiring vs optional text review, learning, high school students, 31090
program for teaching basic reading skills, moderately mentally retarded 8.4–13.4 yr olds, 24157
progressive vs constant time delay procedure, teaching community sign word reading, moderately mentally retarded 8.1–11.3 yr olds, 10170
prompting corrections vs context cue vs praise for self correction tutoring strategies by mother, reading ability & comprehension, underachieving 7–7.7 yr olds, 24010
quality of reading & math instruction received, learning disabled vs emotionally/behaviorally disturbed vs educable mentally retarded 91–146 mo olds, 24204
questions & responses during Spanish & English reading lesson, Spanish dominant bilingual 1st graders & their teacher, 38087
Quranic preschool & reading education in Arabic & French, Arabic reading achievement, Arabic vs Berber speaking 1st graders, Morocco, 5 yr study, implications for bilingual education, 31096
reading & writing teaching methods, development of writing errors, 5–8 yr olds, 1 yr study, Spain, 23989
Reading Comprehension Test of Metropolitan Achievement Tests vs basal reading placement vs informal inventory vs teacher judgment, validity of instructional reading level estimate, 2nd–6th graders, 3340
reading curriculum, scores on standardized & criterion referenced reading achievement tests, 3rd graders, 10105
reading program guidelines, motivation & literacy development, kindergartners, 3119
reading strategies, comprehension of informational text, elementary school students, 10108
shared reading with parent, awareness of books & reading ability, female 8 yr old with severe learning difficulty & 9 yr old with Down's syndrome, England, 41352
sign language, reading & identification & retention of vocabulary, trainable mentally retarded 15–19 yr olds, 38232
sound synthesis vs phonetics teaching methods, reading ability, 1st graders, Netherlands, 3131
staff development lessons in content reading, ability to explain reading, 7th & 8th grade teachers, conference presentation, 23931
student interest & purpose & choice in literacy curriculum, reading comprehension, 4 & 7 yr olds, 3154
success oriented reading & motor program, self concept, 7–12 yr olds referred for learning disabilities, 27733
sustained silent reading vs directed reading activity, reading achievement test scores, medium vs high reading ability 8th grade English students, 27544
teacher & student generated questions, reading comprehension, poor readers, 41330
teacher's knowledge of Black & Nonstandard English, interactions with students during reading instruction, Black & Hispanic 2nd grade speakers of nonstandard English & their teachers, 38183
teacher's reading & writing instruction orientation & beliefs, conceptions of reading & writing, preschool students, 41310
teaching of title & main topic & subtopic & detail selection & format, outlining achievement as reading study skill, learning disabled male 15–17 yr olds, 41313
text segmentation into syntactic units, comprehension, 3rd–6th graders with different reading & information processing abilities, Australia, 20473
training in chemistry or biology text structure, reading comprehension & recall, college students, 17138
training mothers as home reading tutors, children's reading accuracy & comprehension, 8–9 yr olds & their mothers, 27593
use of norm referenced standardized tests vs informal reading inventories, basal reading & placement determination, elementary school teachers, 20691
use of story structure in reading comprehension, children, 34609
3 level special education strategies continuum, reading education, mildly & moderately handicapped elementary school students, 34793

Reading Materials

age & previous exposure to literature, awareness of narrative themes, K–4th graders, 11408
age & study time & text unit importance, study behavior & text recall, 5th–7th graders & 19–70 yr olds, 21962
analogical reasoning in elementary basal reading materials, teaching implications, 17130
analogy & simile & metaphor in science texts, learning & attitudes, 9th–10th graders, 38084
booklet stressing importance of information needs & encouraging patient question asking, patient physician interactions, family medicine patients, 13007
computer text instructions, learning & thinking aloud protocols, 1st yr high school students, 23971
content analysis of AIDS educational pamphlets, 40482
diagnostic teaching approach, decision on reading medium for students with visual impairments, multidisciplinary teaching teams, 41325
discussion of AIDS source materials, 40429
knowledge of citations & recent publications in psychiatry, experts in 20 psychiatric specialties, 1970–80, 13418

manual guided training programs in conduct & efficacy of short term interpersonal psychotherapy for depression, psychotherapists, 9998
mechanical approach to reading vs psycholinguistic model of meaning, reading comprehension of medical literature, 3049
perceptions of basal reader purpose, 5–12 yr old elementary school students, 3108
primary learning medium selection, teachers of students with functional vision, 41329
reading preparatory booklet on radiation therapy, treatment worries & satisfaction with information, cancer patients, 9615
resources on AIDS, bibliography, 40343
study guides, textbook comprehension, learning disabled vs remedial vs regular education 7th–10th graders, 24158
text revisions of basal readers, comprehension, hearing impaired vs normal hearing 8.6–11.8 yr olds, 23988
text structure & prior knowledge factors, judgments of important information in expository text & written summaries, college students, replication, 24851
use of treatment manuals in cognitive therapy, 9324
Reading Measures [See Also Gates MacGinitie Reading Tests, Metropolitan Readiness Tests]
dynamic & naturalistic approaches to reading aptitude assessment, reading placement decisions, 3344
factor analysis of National Adult Reading Test as measure of intelligence, 16–88 yr olds, 35111
functional illiteracy & global vs analytical assessment of reading skills & application of reading models, France, conference presentation, 27747
hybrid variant of linear logistics model with relaxed assumptions, measurement of change using text comprehension data, 13 yr olds, 31710
language acquisition & reading achievement & assessment, hearing impaired students, 34749
Nelson Denny Comprehension score & reading strategies, prediction of performance in psychology course, college students, 27606
patterns of subtest performance on British Ability Scales, 6.9–11.9 yr olds with reading disabilities, Australia, implications for educational diagnosis, 10291
perceived importance of qualitative categories of behavior of children taking standard oral reading test, reading teachers, 31324
Reading Comprehension Test of Metropolitan Achievement Tests vs basal reading placement vs informal inventory vs teacher judgment, validity of instructional reading level estimate, 2nd–6th graders, 3340
reliability & validity of reading comprehension tests based on sentence verification vs meaning identification formats, prediction of course exam scores, college students, 10287
scaling problems, interpretation of reading achievement data, 9–23 yr olds, 1984, 20663
use of norm referenced standardized tests vs informal reading inventories, basal reading & placement determination, elementary school teachers, 20691
Reading Readiness
ability to retell story, reading development, preliterate 5 yr old female, 11407
letter naming speed, reading achievement, kindergartners vs 2nd graders, 13556
microcomputers in home &/vs school, reading & mathematics readiness & Piagetian operations & keyboard knowledge, kindergartners, 10064
parent–child bookreading discourse & performance in formal task concepts & early literacy & school-related skills, 2.3–3.2 yr olds & their parents, Canada, 11448
reliability & validity & difficulty of phonemic awareness tests, kindergartners, 13754
Reading Skills [See Also Reading Comprehension, Reading Speed]
adventure game as instructional reading activity, reading & study skills, 6th graders, 13480
age vs experience level, language skill acquisition, 3rd vs 5th graders vs illiterate adults, 4646
amount of text visible in moving text window, reading efficiency, slow vs fast reading college students, 21260
classroom discussion techniques, higher order thinking & critical reading, high school students, 38065
classroom environment, self control & problem solving & generalization of learning & reading & writing skills, learning disabled 4th grader, 41351
computer assisted instruction, effectiveness of direct reading instruction & student motivation & learning, 3160
computer assisted instruction, reading skills, learning disabled 9.6–13 yr old 4th & 5th graders, literature review, 13675
conceptual tempo, study skills & reading skills, 6th graders, 10131
development & use of orthographic analogies in prose vs single word reading tasks, strategy for decoding unknown words, 5.8–8.1 yr olds, 11396
environmental & background factors, reading & writing skill development, orally educated profoundly hearing impaired 16–17 yr olds, US & Canada, 29944
everyday activities & reading habits & demographic variables, prose recall performance, 18–32 vs 40–54 vs 62 yr olds & older, 7476
functional illiteracy & global vs analytical assessment of reading skills & application of reading models, France, conference presentation, 27747
graphic & semantic cue strategies & attention to contextual information, oral reading, low vs moderate vs high reading level 4th graders, 13530
guided reading vs reading-while-listening vs independent reading with computer generated speech feedback, reading efficiency, 1st graders, 13503
information processing skill pattern subtypes assessment using factor analysis & multivariate classification, 9–10 yr old learning disabled readers, 12309
IQ & reading achievement, 7 yr olds, 6 yr study, New Zealand, implications for prediction of reading disability, 25521
listening & reading performance, learning disabled vs mildly mentally retarded vs nonhandicapped 9–15 yr olds from urban vs rural areas, 13679
mechanical approach to reading vs psycholinguistic model of meaning, reading comprehension of medical literature, 3049
metacognitive skills, at risk Black college students in developmental reading courses, 31117
metalinguistic ability, learning to read, 1st graders, 2 yr study, 13554
mixed levels relationships between reading & writing knowledge in literacy development, K–1st graders, longitudinal study, conference presentation, 24047
nonwords vs words with regular vs irregular spelling, single word pronunciation performance, dyslexic male children, 19402
phonemic awareness & metalinguistic insight, reading acquisition & skills, children, 11390
phonological memory ability, vocabulary & reading skills & nonverbal intelligence, 4–5 yr olds, 1 yr followup, 39525
picture reading, developmentally disabled, literature review, 12293
preschool phonological skills, stages of reading skill acquisition, children assessed between 4.4–8.6 yrs, implications for theories of reading development, 25532
print awareness & reading skills, reading achievement, K–1st graders, 10126
reading & writing, critical thinking skills, college students, 31865
reading processes for narrative & expository text, illiterate adults vs 2nd & 4th grade low vs regular readers, 15066
reading strategies, Hispanic bilingual vs English monolingual 3rd–5th graders, 27622
real vs perceived effectiveness of problem solving text vs word level strategies, 2nd language comprehension, college students enrolled in French course, 10775
research in reading comprehension & skills & literacy, 14987

speed & span of kana copying, reading & writing achievement, preschoolers, Japan, 8068
text length, reading strategies, 8.3–11.1 yr olds with good vs poor reading ability, 36017
text summarization skills & strategies, hearing impaired vs unimpaired college students, 5755
TV viewing, reading skill development, children, literature review, 11368
TV viewing vs allotment of time for other activities, reading skill development, school age children, 11416
use of cues & self correcting behavior when reading, school age disabled readers, Australia, 19467
validity & usefulness of stage of reading acquisition & word recognition, normal & slow developing children followed from preschool through 3rd grade, Scandinavia, 29061
validity of Test of English as a Foreign Language, assessment of ability to reason in reading, adult ESL students, 10300
word knowledge & working memory capacity, prediction of reading comprehension & speed & text inferencing skills, college students, 14429
word processing software packages, reading & writing skills, 3836

Reading Speed
computerized text presentation, reading time & comprehension & subjective estimation of learning, 5th–6th grade good vs poor readers, 13502
explicit action statements in written task instructions, reading speed & comprehension, college students, implications for knowledge level, 21259
importance of text content structure with vs without instructional objectives, thinking aloud & rehearsal & free recall & reading time, college students, 3146
instructions to read quickly & correctly vs remember story & number of times read, correct word reading rate & memory for story propositions, learning disabled 11.3–13.6 yr olds, 12304
line & jump lengths during horizontal movement on computer display, text readability & reading rate & movement speed selected, college students, 228
paragraph markings in test, reading time & judgment of important ideas, college students, 25361
presentation of light vs dark characters on screen vs paper, reading speed & comprehension, 16–40 yr olds, 3820
provision of additional processing time, memory for specific text in rapid sequential reading, college students, 24888
reading patterns at word & line & sentence levels, fast vs slow reading college students, 38894
reading time per word & per syllable in oral vs silent reading, stuttering 23–45 yr olds, 26418
reliance on decoding vs sight word association strategy, reading performance & comprehension & time, 2nd–3rd graders, 11387
self paced computerized rapid serial word presentation with vs without permitted visual regression, reading rate & comprehension & discomfort, college students, implications for display design, 6948
self paced vs fastest normal reading rate with vs without pictorial distractors within text, oral reading accuracy & comprehension, 1st graders, Israel, 27535
text hierarchical structure, reading speed & comprehension, graduate students, 21316
text rotation & horizontal vs vertical finger position & degraded dots in lateral dot gap density scanning, perceptual coding & speed in fluent braille, blind high school students, 2073
thematic role assignment & content based expectations, individual word reading time in processing prepositional phrases, college students, 21854
video display character spacing & control & format & scrolling speed, reading fatigue & speed & comprehension, college students, Taiwan, implications for Chinese language office automation, 6941
word knowledge & working memory capacity, prediction of reading comprehension & speed & text inferencing skills, college students, 14429

Readjustment (Psychosocial) [See Psychosocial Readjustment]
Readmission (Hospital) [See Hospital Admission]
Readmission (Psychiatric Hospital) [See Psychiatric Hospital Readmission]

Realism (Philosophy)
critique of realist approaches to psychology & psychopathology, 14016
philosophical position of realism & explanation of paranormal experience, 35028
rationalism vs direct realism in Gestalt psychology, 35058
realism, conceptual & methodological foundations of social psychology research, 1342

Reality
age & SES & experience with videocassette recorders, perceptions of TV reality, 4–9 yr olds who watched Sesame Street, 22042
classification of disturbances in reality awareness, neurotic adults with negative hallucinations, 40199
constructivism theory vs traditional view of generation & revision & fallible vs functional representation of knowledge & reality, 35330
constructivist theory of knowing, implications for meta physics, commentary, 35361
constructivist theory of knowledge & ontological & epistemological presuppositions in pursuit of knowledge, commentary, 35327
constructivist theory of knowledge & pragmatic & existential constructivism & relativism & realism & entrainment, commentary reply, 35328
constructivist theory of knowledge, commentary, 35338
constructivist theory of knowledge, implications for central issues in psychology & philosophy & cognitive science & artificial intelligence, commentary, 35343
constructivist vs cognitive psychology vs philosophy of science models of reality & knowing, 35329
creation of new mental worlds & alternate realities, 38835
definitions & boundaries & meta theory of constructivist theory of knowledge, commentary, 35354
determination of reality vs suggestion of auditory stimulation, hypnotizable vs simulating college students, 28366
evolution of concept of reality in psychoanalytic thought & practice, 47 yr old female with anxiety, 23244
factor structure & validity of Attitudes About Reality Scale, assessment of personal epistemology, college students, 31614
feelings of unreality, 32 & 34 yr old females with Meniere's disease, 33534
illusions of perceptions of self & personal control & unrealistic optimism about future, mental well being, commentary, implications for counseling, 32836
information conflicting with media reality, media skepticism evident in beliefs vs intended actions, college students, 35932
interpersonal diagnosis model & visions of reality underlying psychotherapeutic schools, 26755
limitations & assumptions of research on perceived reality in TV, 4521
necessary preconditions for unified concept of reality in family therapy, 33885
ontology of explaining & reality & cognition, social phenomena & ethics, 14031
perception of reality & schemata construction, 293
present events, psychosis, 24–42 yr old psychoanalytic patients, implications for psychoanalytic interpretation, 16423
processing systems for reality in relationship to psychoanalysis, 23206
psychological analysis of communication interrelations including speech & text expression of reality, 32331
view of reality in theories of G. Kelly & E. Von Glasersfeld vs H. R. Maturana, constructions of self organizing systems, 14027

Reality Testing
definition & measurement of reality testing vs judgment, 26002
discriminative memory for words imagined vs perceived in own vs other voice, college students, 14449

perceptual vs apperceptive covert rehearsal of witnesses' descriptions of events, judges' attribution to perception vs imagination, college students, 28299
phenomenal characteristics of perceived vs imagined recent vs childhood life event memories, reality monitoring, adults, 14448
psychological tools & reality monitoring & cognitive flexibility, word memory & discrimination, monolingual vs Russian-English bilingual adults, 14982
qualitative characteristics of memories for perceived vs imagined events, 14447
rehearsal & passage of time, qualitative changes in remembering perceived vs imagined complex events, college students, reality monitoring implications, 14478
self generated texts with vs without distraction, word origin discrimination & reality monitoring & false recognition, schizophrenic & manic patients, 12072
Reality Therapy
classroom behavior management strategy using W. Glasser's reality therapy & control theory, teachers, 20469
clinical utility of Pete's Pathogram, quantification of basic needs profile used in reality therapy, college educational psychology students vs teachers, 24637
control theory & reality therapy in peer counseling, police officers involved in traumatic events, 26771
control theory & reality therapy principles, development of discipline & responsibility, preschool & elementary students, 38128
control theory concepts in effective reality therapy, suicidal clients, 9335
group activity model for teaching reality therapy, 27477
inservice training in reality therapy techniques, locus of control & self concept, teachers, 27509
joint counseling in reality therapy, assessment of lethality of suicidal threat, clients, 9377
myths & cues & preliminary behaviors surrounding suicidal clients, ethical responsibilities, reality therapists, 26829
permanent love concept in reality therapy approach to marriage counseling, couples, 26843
principles of reality therapy & control theory, classroom behavior management, 5–12 yr olds, Australia, 38077
reality therapy & control theory & negotiation concepts in counseling, married couple, 26851
reality therapy & control theory in play therapy conducted by volunteers, Head Start students, 26830
reality therapy & teacher directed vs independent seatwork instruction, on task behavior, 9–11 yr olds, 38270
reality therapy perspective of stages of decision making in recovery, suicidal clients, 37366
reality therapy principles in supervision, adoption of person centered theoretical orientation, therapist trainees, 10003
reality therapy process in group counseling, 26861
reality therapy strategies in educational environment, 27762
reality therapy strategies, self concept & personal control, college students, 31303
reality therapy training via Telenet, personal attributes & interpersonal interaction, graduate students, 38111
role play evaluation checklist in reality therapy practicum setting, 27422
Skinner's behaviorism theory vs W. Glasser's control theory, applications to reality therapy, 37310
use of metaphor in teaching reality therapy & control theory, workshop participants, 37367
Reasoning [See Also Inductive Deductive Reasoning, Inference]
acceptance of statements without evidence, revision of beliefs by rejection with new evidence vs assignment & updating of probabilities using reasoning & inference, 17852
age, Piagetian concrete operations tasks & attentional capacity, 6–9 yr olds, West Germany, 25431
age, reasoning about distances, 3.5–5 yr olds, 977
analogical instructional techniques based on information processing model viewing learning as encoding & retention & retrieval of information, 20487
analogical reasoning ability & mastery of LOGO computer programing language, high school students in programing course, 3181
analogical reasoning in elementary basal reading materials, teaching implications, 17130
anxiety & working memory, inferential reasoning, college students, 296
artificial intelligence systems, classification using knowledge based reasoning vs pattern recognition vs connectionist paradigms, 3797
attribution of story character's actions to beliefs & desires & prediction of what action follows false belief, 3.5–4.9 vs 21–59 yr olds, 39487
causal reasoning & inference making in judgment of importance of story statements, 8–18 yr olds, 21988
cognitive reasoning level, achievement test scores, middle school students, 13553
cognitive reasoning levels, validation of hierarchical relationships among Piagetian cognitive modes & integrated science process skills, 7th–12th grade science students, 8070
cognitive strategies in hypotheses generation, college students, 7407
cognitive style & field independence, proportional reasoning, college students, Venezuela, 32888
complexities of decision making & dealing with uncertainty in counseling, clients, commentary reply, 27161
conceptual model, reasoning in database query writing task & computer reply prediction, college students, 10794
conceptual reasoning & oral language, reading ability, K–4th graders, Australia, 5 yr study, 18629
conceptualization of decision making complexities in counseling, clients, commentary, 27164
conservation of weight vs movement, causal explanation of inertia problem, 8–14 yr olds, test of horizontal decalage hypothesis, 39583
construct validity of Science Reasoning Tasks, assessment of Piagetian formal reasoning, 14–15 yr old junior high school students, teaching applications, 31269
content & context, logical responding in hypothetical scenario selection task, college students, 14401
correlates of categorical syllogistic reasoning, 6th–12th graders & college students, 25457
cortical glucose metabolic rate correlates & hemispheric specialization of abstract reasoning & attention, adult males, 14674
counterfactual markers in English vs Afrikaans vs Sepedi, counterfactual reasoning, 3rd vs 5th vs 7th graders vs college students, South Africa, replication, 36099
counterfactual reasoning & acceptance of contrary to fact premises in fantasy context, K–12th graders, 32416
cross cultural validity & universality of preconventional moral reasoning stage, male 7–30 yr olds, Iceland vs West Germany, test of moral development theory by L. Kohlberg, 25391
curriculum design, critical thinking skills & moral development, high school students, 10088
defeasible reasoning, theories of epistemology vs artificial intelligence vs cognitive psychology, 320
definition of rationality & goal of psychotherapy, 40643
depressed mood induction, reasoning & perceptual performance, college students, 10861
development of analogical reasoning, 48–71 mo olds, 29042
development of critical thinking, college students vs same age nonstudents, 1 yr study, 27623
development of distributive justice reasoning, hearing vs hearing impaired 9 vs 11 yr olds, 16156
difficulty & familiarity of task content, performance on word problems requiring proportional reasoning vs computations, 9th graders, implications for teaching, 3204
dilemma discussion groups in drug education & prevention program, middle school students, 27555
discrepancy between intuitive & formal mathematical reasoning about probability, college students, Japan, 38856
dualistic vs relativistic epistemological reasoning, empathy, graduate counseling students, 6584

English curriculum, moral reasoning development, 10th graders, Canada, 34595
errors, falsification & hypothesis testing of scientific reasoning, college students, 38829
event sequences, reasoning about location of hidden object, 2.5–6 yr olds, 25528
evolution, computational theory of social exchange, college students, 39894
explanation & verbalization & problem type, transfer of reasoning, college students, 31885
fieldwork education & clinical reasoning, occupational therapy students, 37969
functional M capacity & field dependence & formal reasoning ability & information processing demand of chemistry problem, problem solving performance, college students, Venezuela, 21274
graduate training in law vs medicine vs psychology vs chemistry, reasoning & transfer, graduate students, commentary, 41224
graduate training in law vs medicine vs psychology vs chemistry, reasoning, graduate students, commentary, 41235
hands on vs teacher demonstration methods, achievement & reasoning & knowledge level in physical science, 9th graders, 31051
human reasoning & learning models, development of expert systems for learning physical causation & business assessment & knowledge, 3346
hypnotic age regression with vs without task motivation, moral judgment, adults, 7512
information seeking in moral reasoning, female vs male 14–92 yr olds, 18529
interferon alpha dosage, symptoms & visual RT & tracking & reasoning, 28–53 yr olds, implications for effects of influenza, 21815
judgment of action or event impact in mental addition vs subtraction in counterfactual reasoning, college students, 31837
judgments of truth vs falsity in universally quantified conditional sentences, 7–14.5 vs 16.6–24 yr olds, 39555
knowledge level & reasoning strategy in biochemistry problem solving, biological science experts vs 1st yr medical students, science education implications, 14400
learning to program in Logo, reasoning skills, 7th & 8th graders, 13493
level of formal education, moral reasoning, Muslim 18–43 yr olds, UK, 8416
linguistic devices & theoretical thinking, native English vs Chinese speaking college students, test of linguistic relativity hypothesis, 39439
logic & science topic instruction, knowledge of BP problems, 9th–11th graders, 31061
logical & linguistic factors, recognition of indeterminacy, 2nd–3rd graders, 39520
logical ability & mental representation of computer, learning of conditional structures in computer programing, 10th graders, 41277
logical reasoning patterns, construction of line graphs, 6th–12th graders, implications for Piagetian concrete operational structures & teaching, 41281
Logo & Prolog computer programs, problem solving & reasoning skills, 4th–8th graders, 3105
mastery vs contest vs test situation, judgment of fairness & effectiveness of practices for attaining situational ends, 1st & 3rd & 5th graders, 39683
measurement of ability to reason about movement in visual field, adults, 14285
memory & development & improvement of solutions to "open problems" over time, researchers, 12 yr followup, 28319
methodology & findings of formal vs everyday reasoning studies, literature review, 28293
methodology for development of multiple choice critical thinking tests, controlling for background beliefs affecting test validity & fairness, 17620
moral reasoning, moral behavior & delinquent tendencies, 8.3–11.5 yr old males, 15032
necessity of inference & mapping processes as components of analogical reasoning, 8th grade vs college students, 18618
need for research on generalizability & evaluation of critical thinking ability in education, 17098
outcome approach model of informal reasoning, solving word problems with uncertain outcomes, college students, 38837
Piagetian variables, development of scientific reasoning abilities, 7th vs 10th–12th graders, 29097
political reasoning & analysis of ideology, adults, 1288
positive uncertainty decision strategy in counseling, dealing with ambiguity & inconsistency, clients, 27162
pragmatic schemata & logical reasoning, 6.2–8.4 yr olds, 29070
predictive utility of M. Fishbein & I. Ajzen's theory of reasoned action & applicability to consumer behavior, meta analysis, implications for modifications & future research, 20963
premature cognitive closure, reasoning in multiple solution problems, 1st–6th graders, 21952
premises containing words "only" vs "all" as quantifiers, difficulty & errors in logical reasoning & conclusions, 19–71 yr olds, 38832
probabilistic reasoning curriculum vs cost containment education, test ordering behavior, medical interns at university vs veterans vs community hospitals, 27401
problem solving & recall & isomorphic & nonisomorphic transfer & analogical reasoning processes, 3rd–4th graders, 8015
problem solving dimensions of data gathering & reasoning & response to examiner guidance on complex task, learning disabled 9th graders, 10234
problem solving strategies, complex reasoning task, 18–45 yr olds, 38817
propositional & proportional & combinational formal operational reasoning, college students, Africa, 21253
propositional & proportional reasoning tasks as tests of formal operational thought, college students, Canada vs South Africa, 32515
ratio type & problem setting, qualitative & numerical proportion reasoning test, 7th graders, 34637
reason & imagination & empathy, critical & creative thinking education, 41222
reasoned action theory, research on factors affecting illicit drug use & drug education program design, 6521
reasoning & perceptuomotor function, memory patterns & development, 6–14 yr olds with memory deficiencies & reading disabilities, 22870
reasoning about cause & treatment of childhood diarrhea, educated vs uneducated 19–65 yr old mothers, Kenya, 16194
reasoning process model, decision making & problem solving & belief revision using circumstantial evidence clues, college students, 7391
responses to "when" questions, assessment of directional preferences, 4 & 5 yr olds & adults, 21946
role of reasons for in-group vs out-group choice, in-group bias phenomenon in near minimal group paradigm, college students, 32787
rule discovery vs hypothesis evaluation task, hypothesis testing skills, college students, 31839
SES & academic aptitude & moral reasoning, Israeli vs Oriental vs European male vs female college applicants, Israel, 1483
sex & parental status, moral reasoning about hypothetical & personal dilemmas, male vs female 18–24 vs 30–45 vs 60–75 yr olds, 15540
sex & SES, verbal & abstract & spatial numerical & mechanical skills, 7th vs 12th graders, Portugal, 36008
similarity judgments among concept pairs from geometric concepts & mathematical expressions from ratio & proportion & similarity lesson, concrete vs formal operational 10th graders, 27616
sociomoral reasoning & antisocial behaviors, 11.3–14.5 yr olds, 25560
spatial relations repetitive reasoning task, 7278

special education emphasizing generalizable skills with specific feedback & contingent based instruction, analogical reasoning, 1–8 yr olds with learning or behavior disorders, 27716
spontaneous use of analogies in scientific problem solving, adults, 28288
stochastic model, disjunctive reasoning, college students, 28301
student & teacher subjective efficacy & reasoning skills, achievement, 3rd vs 6th graders, 13522
task presentation medium & test format & numerical content, performance on Piagetian reasoning tasks, 7th vs 9th vs 12th graders, 8057
taxonomy of cognitive skills & questions, assessment & development of higher level cognitive skills through questioning technique, speech & language disordered students, 38241
teacher expectations of performance & video &/vs audio vs written text teaching method, vocabulary vs reasoning course achievement, female graduate students teaching male vs female college students, 38068
teaching of reasoning & rules vs self discovery, use of formal reasoning, 20478
test discrimination & reliability of revised Balance Puzzle, assessment of proportional reasoning & identification of strategy use, college students, 14125
theory of human plausible reasoning based on analysis of answers to everyday questions about world, 38822
thinking aloud during production of highway related formulas, moment by moment measurement of & changes in intuitive vs analytical cognition, highway engineers, 24816
topology based geometry representations for computer applications requiring geometric reasoning, 38715
universalistic vs culturally oriented theories of moral reasoning & development, Taiwan & other Chinese cultures, conference presentation, 36237
validity of Test of English as a Foreign Language, assessment of ability to reason in reading, adult ESL students, 10300
validity of 4th revision of Stanford-Binet Intelligence Scale, evaluation of verbal & quantitative & abstract/visual reasoning & short term memory, 2–6 vs 7–11 vs 12–23 yr olds, 7127
verbal & perceptual proportional & functional analogical reasoning, normal vs language impaired 6.3–8.8 yr olds, 16012
3 macrological vs 3 micrological thinking skills curricula, 31023

Recall (Learning) [See Also Free Recall]
ability to produce & benefit from selective attention strategy in recall task, 7–9 yr olds, 25443
abstract diagrams, recall relations in text, 19–30 yr old college students, Israel, 17145
abstract vs concrete paragraphs & task context & comprehension instructions, prose recall, monolingual vs bilingual college students, 38919
academic & commercial perspectives on attention to & recall of TV advertisements, 17475
accessibility & perceived relevance of stored attribute information, use of recalled attributes vs prior evaluations in consumer decision making, college students, 10466
acquisition of lists of S-performed tasks vs words, prediction of recalled items, college students, 14423
action & sound impact of computer microworld, preferential selection & recall of verbal content, preschool children, 31115
affective valence & intensity, vividness of event recollection, adults, 374
age & diotic vs dichotic presentation, recall of words presented in semantically vs phonemically organized vs unorganized lists, school age males, 1049
age & education & attitude toward TV, immediate & delayed recall of information in TV documentary, 50 yr olds & older, 4652
age & familiar vs novel events, immediate & delayed recall for temporal order of events, 16 & 31 mo olds, 21925
age & picture vs word task & imagery vs verbal elaboration instructions & modeling, recall, 3.6–6.1 yr olds, 36042
age & study time & text unit importance, study behavior & text recall, 5th–7th graders & 19–70 yr olds, 21962
age & word length & acoustic similarity, speech rate & serial recall, 4–10 yr olds, implications for working memory development, 18577
age, encoding strategies & reproduction & recall performance of complex figure, 20–84 yr olds, 39572
age, predictions & performance on cued recall task, young vs older adults, 32439
age, recall & recognition, elderly vs younger adults, 32407
aging & division of attention, processing & recall of relational & item specific information, 18–21 vs 65–83 yr olds, 22080
agreement with statements with vs without social stereotypes, long term memory & recall, adolescents, 24885
alcohol vs caffeine vs nicotine vs combinations, state dependent learning & retrieval, college students, 4416
alternating oral generation of category exemplars, inadvertent plagiarism of others' responses, college students, 24862
anisomycin with passive avoidance conditioning, task recall with vs without 2nd drug dose indicating state dependent recall, chicks, 7829
approach training in identical vs differing apparatus context, recall of previously learned passive avoidance response, young vs senescent rats, 3972
arousal & structural task properties, recall of incidentally learned text, introvert vs extravert college students, 32838
arousal, recall of wording & meaning of jokes, college students, 28332
associative strength of modal links, cued recall & pair recognition, college students, 14435
attention at time of exposure & brand linkage in TV commercials, recall, 18–65 yr old females, 38525
audiovisual vs audio only vs print medium, cued & free & multiple choice recall of party political broadcast, college students, 21837
audiovisual vs auditory vs print TV program, recall, college students, 29001
authoritarianism & rigidity, learning & recall of verbal paired associates, college students, India, 7444
automatic calendar, day & date recall as assessment of mental function, 46–80 yr old stroke inpatients, 16881
bizarre images, recall over long delays, college students, 24875
bizarre vs common contexts, free recall of noun triplets, college students, 14455
bizarreness effect, free recall of nouns, college students, 3848
boundary extension in recall & recognition of photographed scenes, college students, 24876
braille vs Fishburne alphabet, recall, sighted male college students, 7469
California Verbal Learning Test performance, head injured vs neurologically normal males, 16055
cautionary note on use of forensic hypnosis to refresh memory for specific past events, conference presentation, 39796
classification of unrelated words into subjective categories & selection of cue, cued vs free word recall, college students, 10843
coding & retention of psychomotor information, patients with Alzheimer's disease, 16062
cognitive ability & expository vs narrative text, reading comprehension & recall, 18–80 yr olds, 28314
communication apprehension & anticipated interaction, recall of lecture material, college students, 20538
comprehensibility & structural importance & meaningfulness & interest & specificity of denotation & concreteness, recall of biblical text, college students, 24894
conceptual prequestions interspersed in lecture, note taking & recall & listening comprehension, college students, 17160
concreteness & semantic relatedness of word pairs, composite imagery ratings & cued recall, college students, 14467
concurrent rehearsal & organization strategies, recall, 3rd vs 6th graders, 36028

consistency of outline organization with text, delayed vs immediate recall & recognition & summarization of text, knowledge obtained, college students, 349
contextual constraint & use of redundancies in information processing, verbal test recall, 18–47 yr olds, Denmark, replication, 28303
counselor recall of relevant detail from client's narrative, perceptions of counselor's performance, college students, implications for counseling & counselor training, 16833
course presentation of disorders, formation & recall of prototypes in long term memory, 3rd yr medical students, 13296
cue target compatibility of visually or auditorily presented word or object list item, cued vs free recall, 1st & 3rd & 5th graders, 15059
cued free vs total recall & psychosocial functioning, 40–88 yr olds with Alzheimer's disease or dementia & suspected memory disorder, 30112
cued recall & release from proactive interference in semantic processing, 61–84 yr olds with Alzheimer's disease, 16057
cued recall using words, item search strategies & retrieval access, 3rd vs 6th graders vs college students, 4573
cultural knowledge, immediate vs delayed recall of culturally consistent vs inconsistent stories, college students, 24872
delayed recall performance, adult candidates for lobectomy for temporal lobe epilepsy, 22992
dichotic listening & recall of information, schizophrenic vs manic 18–50 yr olds, 29677
distraction & time pressure & familiarity & personality, quantity & content of consumer product label information recall, 18–34 vs 35–59 vs 60 yr olds & older, 17474
drawing from descriptions vs copying vs viewing objects or scenes, picture recall indicating generalization of generation effect to nonverbal domain, college students, 38917
duration & informational content of interval, recall & retrospective time judgments, college students, Australia, 3714
dyadic cooperative learning vs teaching scripts, cued & free recall of written passages, college students, 17154
Eastern vs Western culture, rate of recall of Grimms' vs Japanese fairy tales & comments, 17 yr olds, Japan, 968
elaborative activities & orienting instructions, comprehension & recall & metacognitions, 12.5–14.1 yr old students, 31119
emotional reactions to Super Bowl XX, recall of advertisements broadcast during game, viewers in winning vs losing vs neutral city, 20959
environmental context, recall & test performance, college students taking final exam in lecture vs different room, 13689
EP response latencies to words & incidental learning assessed by free recall & recognition, 19–35 yr olds, 25068
evaluation & perceived recall of personality theories, 18–49 yr old college students in personality course, 6759
everyday activities & reading habits & demographic variables, prose recall performance, 18–32 vs 40–54 vs 62 yr olds & older, 7476
expertise, contour map reading & recall, skilled vs unskilled college students, 3852
explanatory analogies, expository text recall & inferencing, 5 vs 7 yr olds, 15132
exposure to circuit diagrams with components displayed as symbols vs squares, recall of pattern vs sequence of elements, 10th–12th graders, 8067
exposure to facial composite presenting correct vs incorrect information after viewing videotaped event with male target, cued recall of target with vs without context reinstatement, 17–55 yr olds, 3806
exposure to items under incidental vs prewarned memory conditions, memory for item occurrence frequency during cognitive language tasks, college students, 14442
eye contact &/vs physical immediacy, short term word & number recall, college students, 21300
fear of failure motivation, recall of interrupted vs completed tasks, male college students, replication, 24905
film montage linearity, comprehension & recall & character perception & aesthetic response, adults, Canada, 21289
free & cued recall of subject-performed tasks or verbal presentation of same information, memory improvement, older adults with mild to severe Alzheimer's disease, 37072
frequent or infrequent summarization or personal study, text processing & recall, college students, 7482
generation & blocking of category exemplars & extralist cuing, cued recall in categorical frequency estimation task, college students, 38892
group vs individual decision making & recall & recognition memory tasks, college students, 31868
hypnosis, recall of line drawings previously judged for pleasantness vs visual complexity, college students, 14489
hypnotic regression & memory recall in forensic settings, female 17 & 19 & 22 yr olds, 22238
hypnotic susceptibility &/vs imagery ability, recall of pictures, college students, 24910
identical vs nonidentical mood inductions at learning & recall, mood state dependent retention, college students, 28325
imaginal or semantic elaboration strategies & free recall vs forced choice vs yes/no recognition tests, hypermnesia in recall vs recognition, college students, 14468
imagined vs actual performance of simple actions, recall, 18–20 vs 67–83 yr olds, 11545
imaging of bizarre vs common sentences & susceptibility to interference, recall, college students, 17886
immediate vs delayed rereading of actual vs false advance organizer vs 1st paragraph of essay, recall, college students, implications for encoding & retrieval contexts, 3112
impersonal vs interpersonal text schemas, immediate vs delayed recall, 21303
implicit oppositionality, recognition & recall & problem solving & memory, 14–71 yr olds, 38926
individual differences in ability to learn & recall with imagery mnemonics, college students, 35379
induced interest as function of text structure, recall of expository text, 4th vs 6th graders, Canada, 11399
inferential skills & recall of factual details in prose passage, 18–24 vs 65–80 yr olds, 11567
inferred cause of events, comprehension & recall of visual nonverbal story, mildly mentally retarded 21–50 yr olds, implications for experimental methodology, 33412
insertion of metacognitive questions in open ended vs multiple choice tests of reading comprehension, text recall, college students with low vs high reading ability, 3338
instruction induced involuntary processing strategies during reading, comprehension, recall of narrative texts, 5th vs 7th vs 9th graders, 18609
intelligence & positive vs negative self evaluation using adjective list, recall of incidentally retained positive vs negative adjectives, 16–18 yr olds, 18604
interactional vs separate imagery instructions & familiarity of word pairs, cued recall, college students, 21314
interactive exhibit of independent ecosystem, facility use & information recall, zoo visitors, 6990
interpolated temporal activity, temporal short term memory, college students, 28323
interruption, immediate vs delayed recall, high vs low anxiety 16–18 yr old males, India, 21953
intrusion errors in verbal recall & recognition, patients with Huntington's vs probable Alzheimer's disease, 16137
irrelevant auditory stimulus between final item & recall, recall of auditory lists, college students, 21295
item discriminability & short term memory mechanism, recency effect with vowels vs consonant lists, college students, 38867
keeping of diaries with free vs ratee vs task based organization, organization in memory & accuracy of recall for employee performance incidents, college students, 20760
learning & delayed recall & semantic clustering abilities, brain damaged adult patients, 26669
length & similarity of interruptions & complexity of processing demands, task performance, 18–45 yr olds, 38889
lipreading in silence vs with synchronous auditory pulse train &/vs auditory pure tone, serial recall, college students, 7442

list length & frequency of rehearsal, serial recall strategies, K–3rd graders, 21968
live vs televised lecture, immediate & delayed recall, medical students, 1–2 wk followup, 13354
manipulations of point of view in videotaped narratives, recall of story events, adult males of Pokot tribe with little visual media experience, Kenya, 21838
measurement of knowledge & involvement with TV & newspaper, recall vs recognition of election information, adults, 35944
memorization of independent paragraphs & retrieval cues for complete vs partial reproduction, text recall measuring output interference, college students, 38938
memory & recall & repetition of stories, 18–31 vs 60–87 yr olds, 1157
memory for negative vs positive self vs other referent adjectives, currently vs recovered depressed adults, 19062
memory for stories & structural aspects of recall of prose, depressed patients, 29671
memory testing & cued recall, screening for dementia, elderly patients, 9066
memory training, recall performance & confidence, 55–86 yr olds, 11549
method of triangulation, dependency between successive word recognition & cued recall or word fragment completion tests, college students, 24817
mixed auditory & visual vs single modality item lists, immediate serial recall, college students, 24871
mnemonic & supplemental training, recall of 80–90 random digits, 19 & 23 yr old males with initial average memory, 10836
mnemonic imagery vs free study conditions, recall of science information from text in immediate or delayed or transfer tasks, 6th graders, replication, conference presentation, 24072
mnemonic vs semantic processing vs repetitive learning strategy, multiple choice vs free recall vocabulary test performance, 30–60 yr old college students, 360
mode of presentation, recall of narrative information, head injured 18–45 yr olds, 29844
mood congruent vs mood state dependent encoding & recall, speech anxious college students, 24700
motor vs imaginal encoding of attributive vs prepositional action phrases, free vs cued recall, college students, West Germany, 21292
neutral vs positive vs threatening words, word completion & cued recall & self reference encoding, adults with current vs recovered clinical anxiety, 40144
nicotine with vs without mecacylamine vs hexamethonium, recall in delayed matching task, monkeys, implications for memory impairment model & neural receptors, 11212
note taking, recall & transfer learning, college students with low prior knowledge of presented subject matter, 34662
number & strength of word associates & direct vs indirect instructions or distractor tasks or time lag or amount of practice, memory for word associates, college students, 38916
oral reading vs silent mouthing, serial & free recall performance, deaf vs hearing college students, test of Precategorical Acoustic Store theory, 40393
oral vs visual retrieval cue & word vs photo stimuli, memory for frequency of occurrence, educable mentally retarded vs nonretarded 14 yr olds, 40339
orally presented concept lists using proportional amounts of concrete vs abstract vs performance nouns, quality of concept definitions & recall, dyads of 8–9 yr olds vs college students, 36075
ordered tree algorithm & development of nonsemimodular graded latice, dissimilarity measure for classification of single or multiple recall strategies, adults, 170
orientation to large vs small events, representation of real-world events in memory & recognition vs recall, college students, 31878
outlines prefacing & headlines inserted in text, recall & comprehension of prose, college students, 35382
panic attacks during psychoanalysis, recall & mastery of repressed experiences, 35 yr old female, case report, implications for psychoanalytic technique, 40661
paraphrase vs question formulation vs comparison or contrast vs matching type exercises based on topically related passages read after target task, recall of target task, 10th graders, 20466
part set cuing effect with word fragment cuing, recall, adults, implications for strategy disruption & increased list length explanations, 17903
partial visual stimulus cue, retrieval of whole visual structure, college students, 38941
perception & word recall, adults with neurasthenia, USSR, 19155
personality dimensions, patterns of psychophysiological responses & recall of aversive material, 19–21 yr old males, Australia, 8443
phonemic cues, retrieval of picture name vs 1st letter of name, aphasic adults, 5593
physical presence of pictorial hooks, mnemonic learning & recall of nouns, college students, 21298
pictorial depiction of noun exemplars on supporting map, recall of specific nouns in prose passage describing economy of rural county, college students, 17876
pictorial map of information as spatial primers for encoding narrative text, free & cued recall for feature & event information, college students, 20506
pictorial reconstruction elaborations, learning content area material from social studies textbook, elementary school learning disabled & mildly mentally handicapped students, 27712
positional uncertainty & suffix effects in serial recall tasks, college students, 28326
positive & neutral affective words, recognition & recall, outpatients with schizophrenia vs depression vs anxiety neurosis, 5169
positive vs negative characterization before vs after presentation of behavioral incidents, encoding & recall of congruent vs incongruent information, female college students, 1407
premature aging hypothesis, assessment of recall & recognition & learning strategies, 25–52 vs 56–71 yr old alcoholic adults, 26343
prepared review notes in completed text vs linear outline vs matrix format, recall of videotaped lecture, college students, 17152
preselection of & distance from targets, reproduction of movement extent & short term distance recall, congenitally blind vs blindfolded normally sighted adults, India, 19620
presence of audience, ability to categorically organize & recall word lists, college students, 22346
presentation of normal vs composite illustrations before vs after related text, story recall, 3rd vs 5th graders, Australia, 18600
presentation of thematic background material prior to text, immediate vs delayed recall, 20–36 vs 57–87 yr olds, 4658
pretreatment with oral tryptophan dietary supplement, alcohol induced impairment of face recognition & verbal recall, 21–29 yr old males, 14953
primed fragment completion & fragment cued recall, college students, 38895
priming & immediate vs delayed test, cued recall of words, adults, 7445
priming by cue statements following presentation of 3-letter Hindi words & high vs low intensity white noise, cognitive processing & retention & recall, male 13–17 yr olds, 36033
principle language & experience level & language & nature of verbal task, recall, bilingual teachers & college students, Canada, implications for dual coding theory, 17877
prior exposure to material, recall, female 20–25 yr olds, 10831
prior free recall vs recognition test, subsequent recall vs recognition performance, female 20–25 yr olds, India, 21297
prior recall test, rate of normal forgetting of verbal lists, college students, 14474

prior topic knowledge & vocabulary difficulty, social studies text recall & sentence recognition, 6th graders, 24067
prior wakefulness vs sleep & testing immediately vs 20 min after awakening, generation of specified category instances measuring memory consolidation vs retrieval, female college students, 38936
priority & simultaneous vs consecutive presentation of sublists of items, recall order, females, 3850
problem solving & recall & isomorphic & nonisomorphic transfer & analogical reasoning processes, 3rd–4th graders, 8015
processing difficulty in encoding related & unrelated words, cued recall, 2nd vs 4th vs 5th graders vs college students, 25413
productive naming & verbal recall, elderly with Alzheimer's type dementia vs major depression, implications for differential diagnosis, 22457
propositional density of text, recall of narrative vs expository prose passages, 18–30 vs 60–83 yr olds, 11438
prospective vs concurrent predictions of recall capacity, actual recall ability, 5.5–7.2 yr olds, 39509
reading ability & presentation rate & moving vs stationary text display of word vs phrase sentences, recall, college students, 14420
recall achievement & subjective evaluation of dyad partner selection, adults, 36406
recall identification of male customer of own vs other racial or ethnic group, Anglo vs Black vs Mexican American adult convenience store clerks, 25884
recall of attitudinally relevant vs irrelevant behavior, attitude persistence & selective memory & persuasive message & counterattack, college students, 8394
recall of computer programs, assessment of knowledge organization & expertise, novice vs experienced programers, implications for personnel selection, 7485
recall of frequency of word occurrence, mentally retarded special education students, 15989
recall of important details from videotape of violent event during successive trials, college students, implications for eyewitness testimony, 1293
recall of important events in counseling, counselors & clients, 6 mo followup, 5967
recall of location of objects in array, 57 yr old amnesic male, case report, 12508
recall of positive vs negative feedback in learning task, anxious &/vs depressed female college students, 5050
recall of random vs meaningful chess positions, strong vs weak male chess players, 348
recall of remembered positions of objects, blind vs blindfolded sighted adults, 5671
recall of self congruent vs incongruent personality trait & behaviors of introverts vs extraverts, female college students, 11816
recall of serial positions of pictorial stimuli & WISC-R IQ, 6.5–16.1 yr old males with Duchenne muscular dystrophy, 12327
recall order, long term recency effects in continuous distractor paradigm, college students, Japan, 38928
recallable unique famous individuals' and geographic names & study context, recognition & recall, college students, 7470
recalled vs actual certainty about electoral chances of & knowledge about political candidates, college students, implications for hindsight bias effect, 1287
recognition & free recall failures, relation between recall & recognition, college students, failure to support generate-recognize theory, 14436
recognition & recall of objects imagined as invisible, college students, Canada, 14417
recognition test items with only incorrect alternatives, recall of items in slides depicting crime events, college students, 7480
recognition vs cued vs free recall encoding instructions & retrieval test sequence, recognition failure of recallable words using free vs cued recall test, 17–21 yr olds, Sweden, 28341
recognition vs recall of story to peers vs Martians vs for contest, college students, 17912
reconstruction of scrambled passages with vs without feedback, recall of idea units & recognition of original passages, college students, 35384
recovery of attention span & verbal recall & full visual perception as indicators of cognitive functioning, 26–80 yr old stroke patients, 2153
redundancy between auditory vs visual channels, auditory vs visual recall & comprehension of TV news story, college students, 35933
repeated dichotic testing with monosyllabic nouns, recall & change in hemispheric dominance of speech functions, 20–40 yr olds, 18138
repeated events chunking, recall in paired associate learning, college students, 38869
repeated vs unrepeated pairs of words, cued recall & recognition of repeated pairs & memory trace interactions, college students, Canada, 7436
repetition of morning vs afternoon vs evening exposure to rational vs emotional appeals in TV commercials, immediate vs delayed recall vs recognition, consumers, 35006
repetition of self assessment questions with varying lag times during auditory presentation of passage, immediate & delayed recall for textual information, continuing education students, 6698
response bias, recall performance, college & graduate students, commentary, 38924
response bias, recall performance, college & graduate students, replication, 38884
retention interval, cued recall & recognition memory & confidence ratings, amnesic patients, 16226
retention interval, forced choice recognition & recall, amnesic patients, 16104
retention interval of self generated cues, incidental recall, 19–32 vs 65–79 yr olds, Sweden, 7995
retention interval, recall of ideas during vs after story presentation, college students, implications for long term retention, 3861
retrieval cues, recall of names of famous faces, college students, England, 17890
retrieval strategies & effort, recall of name in tip of tongue states, 59–81 yr olds, 39705
retrograde amnesia assessed using unaided vs cued recall of famous persons & current events, 29–82 yr olds with Huntington's vs Alzheimer's disease, 8992
Rey Auditory Verbal Learning & Rey-Osterrieth Complex Figure Design performance, 18–85 yr olds with Alzheimer's disease vs closed head injury, 29865
rules about importance of types of information, reading times & recall for science text, experts vs novices, 14426
sabeluzole, serial learning & retrieval of nonsense syllables, adults, 21726
savings for apparently forgotten words or simple line drawing pictures or complex photographs & retention interval, recall after relearning & long term memory, college students, 7460
schema expectation of real world setting, reliability of consistency effect of recall, college students, 31890
scoring criteria revision of Rey Osterrieth Complex Figure Test, right hemisphere recall, patients with partial complex seizures from temporal lobe & subsequent unilateral temporal lobectomy, 14136
"seductive details", recall of important information & comprehension & matching pictures with text, graduate students vs 7th graders, 38888
selection of positive vs negative adjectives describing self & adjective recall measuring personality memory, male vs female adolescents, 18530
self generated associates vs category labels to target words, cued recall performance, 2nd vs 5th graders vs college students vs Ss over 65 yrs old, 4606
self generated retrieval cues, text recall, college students, 38939
self generation of retrieval cues during learning or recall of text, access to paragraphs, college students, 7484

self referent vs semantic memorization instructions for dysthymic vs hypomanic adjectives, recall, 21–61 yr old females with current depression vs in remission, 36665
self relevant information about others, recall & information weighting & goal processing during person perception, self schematic vs aschematic college students, 11769
semantic integration, free & cued recall in sentence memory, college students, 14471
semantic mapping strategy, memory for content area & reading comprehension, students with & without learning disabilities, 27730
semantic mnemonic vs self generated mental images, memory performance, learning disabled students with reading difficulties, 36943
semantic repetition, free recalling of words in French or English, bilingual adults, dual coding theory implications, 7471
sentences with figurative vs literal idiom, recall & comprehension, college students, 14473
sentences with precise vs imprecise elaborations, self estimated vs actual sentence recall before vs after studying or testing, college students, 342
serial position & mnemonic organization, free recall, schizophrenic adults, 26079
serial position of figure "A" in Bender Gestalt test, recall of figure "A", 14–17 yr old juvenile delinquents vs nondelinquents, Israel, 15840
sex & vivid vs poor visual imagery & variety of strategies, recall of colored photographs, high school & college students, commentary, 3847
sex, recall & recognition & learning characteristics & errors, 20–25 yr olds, 14382
short serial recall of verbal items, 7–12 yr old males with attention deficit disorder with hyperactivity vs reading disabilities, 11866
shortcomings of recall & recognition test, measurement of text learning vs memorization in psychological research, 21306
signaling & feedback by sentences, reconstructed text comprehension, college students, 3857
silent vs vocal modality of presentation & delayed distraction, immediate vs delayed recall & running memory, college students & staff, implications for precategorical acoustic storage, 7462
similarity & order of report of drawings of familiar objects & visual retroactive interference, immediate memory, 5 vs 10 yr olds, 4608
speed of target detection & player recall in structured vs unstructured basketball situations, experienced vs novice female basketball players, 352
stimulus context & response coding, word retrieval, fluent vs nonfluent dysphasic 57–69 yr olds, 33508
stimulus type & categorical blocking, free recall, college students, 17889
stories with irrelevancies that do vs do not affect goal accomplishment, immediate vs delayed story recall vs recognition, preschoolers vs 1st graders, 4609
story learning & recall context, ease of retrieval measuring incorporation into existing world knowledge, college students, 35388
strength of semantic relatedness of paired words, recall, college students, 341
strong vs weak arguments & message repetition, argument scrutiny & recall & persuasion & resulting attitude, college students, 25865
study of oral biology followed by 20 mo interval, retention, dental students, 13428
subject retrieval & source expertise & likability, opinions & recall of beliefs & behaviors about message position & arguments, college students, 7486
suggestion for posthypnotic amnesia, item recall using Stanford Hypnotic Susceptibility Scale, high–low hypnotizable Ss with vs without hidden O effect & duality in age regression, 387
surprising visual scenes, selective recall, college students, implications for theory of dreams, 24919
target valence & self vs other focus in person schema, recall, female college students, 39928
task demands & prior knowledge of domain, text processing & recall in reading, 18–25 yr olds, 14433
task difficulty, processing & recall of structured vs unstructured word lists in pleasantness rating vs sorting task, college students, 351
test recall using same vs alternate perspective as used during reading, college students, 7440
test retest reliability of time related questions in international & translated versions of Diagnostic Interview Schedule, adults with psychiatric disorders, West Germany, 31691
testing & repetition, recall of picture books jointly read with E, 3 yr olds, 15060
text structure & story grammar & oral recall of text passage, 18.5–25 yr old college students with learning disabilities, 34705
text structure recognition & utilization training, recall of expository prose, learning disabled high school students, 20641
text underlining or highlighting or note taking during studying, concept importance & learning & recall, low vs high ability college students, 31142
thalamic electrical stimulation, dichotic CVC verbal stimuli recognition & recall, 61 yr old male with chronic pain, 29863
time & recall & mode & memory expectancies, memory for conversation, college students, 361
time correct information provided & motivation & encoding of response, recall hindsight bias, college students, West Germany, 17891
timing of post training negative vs positive comment, recall of verbally learned material, 20–52 yr olds, 17893
tracking task induced mood, word list learning & recall & attribution of mood, college students, replication, 7457
training in chemistry or biology text structure, reading comprehension & recall, college students, 17138
training in list recall & face name associations, adults with histories of closed head injury & amnesia, 2875
training in structure of scientific journal articles, recall of articles with vs without canonical organization, college students, 7478
training to visually fixate sequence of 4 event locations, anticipatory behavior & cued recall, 4–6 mo olds, 1–4 wk followup, 25525
TV commercial video rhythms, recall, consumers, 38527
TV vs picture book & audiotape format, memory for story events, 6–7 vs 9–10 yr olds, 25427
type of conjunction, recall for composite sentences, adults, West Germany vs France, 10778
use of category cues, recall for word list items, poor vs normal reading 2nd vs 6th graders, 11445
verbal repetition &/vs repeated perceptual processing vs active retrieval attempts, motor facilitation & recall of digit string, college students, 38890
verbatim encoding vs construction of mental models, learning & recall of spatial descriptions, 3rd graders vs college students, 28334
videotape with vs without embedded headings & note taking with vs without outline, immediate vs delayed recall, college students, 41221
visual preload & single vs different speakers, recall of spoken word lists, college students, 31889
visually presented items removed from vs remaining in view, spontaneous rehearsal in recall, 3rd–6th graders, 1012
vividness-unvividness of pictorial component of print advertisement, recall of ad copy & attitudes toward advertisement & product, college students, 31494
weakly related context & target word pairs, recognition using related vs unrelated distractor words & cued recall, college students, 14427
word list studying & immediate vs 10 min vs 2 day delay in interpolation of cued recall test, forgetting rate in word recall, adults, 17904

word naming time & memory span & story recall, 5th grade good vs poor readers, 29053
words coded as synonyms vs translations vs copies, incidental recall, Spanish-English early vs late onset bilingual college students, 3871
words from ordered vs unordered sets, stimulus classification & cued recall, 2nd vs 5th graders vs college students, 4574
words recited vs sung to matched vs inappropriate musical accompaniment, short & long term verbatim recall, 5 vs 7 yr olds, 1 wk followup, 11392
written instructions & post test expectations vs mnemonic vs paraphrase conditions, recall of instructions in writing vs during task performance, college students vs 10th graders, 10120
written message sequence with delayed identification of 1 message as incorrect, message recall & comprehension & related inferences & correction in memory, college students, 10851
125 vs 250 mg caffeine, performance on recall vs RT vs Stroop tasks, male college students, 39296

Recency Effect
changing state & primary linguistic visual vs auditory stimuli, enhanced recency effect, college students, 38902
character practice, pen slips in rapid repeated writing of similar kanji or kana characters, college students, verification of recency hypothesis, 35258
delivery of single good vs poor lecture in series of average performances, immediate vs delayed performance evaluations of instructor, college students, implications for personnel evaluation, 20562
interitem spacing & vocalization & stimulus suffixes, magnitude of recency effect on memory for serial position, adults, 14441
item discriminability & short term memory mechanism, recency effect with vowels vs consonant lists, college students, 38867
model incorporating perceptual modality & inner voice, interpretation of recency effects in serial learning, 14463
presentation order & interstimulus interval, time order error in judgments of sequentially presented temporal intervals as recency effect, adults, 14250
recall order, long term recency effects in continuous distractor paradigm, college students, Japan, 38928
rehearsal elimination or equation or serial position, recency vs primacy effect in single trial free recall, college students, 31898
sequential vs simultaneous presentation of past performance, primacy & recency effects on predictions of future performance, college students, 8405
word familiarity, long term recency, college students, 28342

Receptive Fields [See Also Visual Receptive Fields]
Gaussian derivative model, assessment of retinal receptive field mechanisms for spatial vision, animals & humans, 18145
spatial & temporal components of linear analog receptive field model, expected responses of visual neurons, 35591

Receptor Binding
adrenalectomy & fenfluramine, food intake & body weight & guanosine binding to brown adipose tissue, female rats, 35689
age related changes, serotonin binding in frontal pole, postmortem 59 yr olds & older with Alzheimer's disease, 30093
alpha flupenthixol & 6-OHDA lesions of visceral cortex, morphine induced taste aversion of saccharin & acquisition of place preference, male rats, 14802
alpha-2 adrenergic receptor binding in brain & platelets, normal vs nervous pointer dogs, implications for animal model of anxiety, 25046
antidepressant drugs, binding sites & serotonin & noradrenaline transporters, humans, clinical implications, conference presentation, 7876
antipsychotic drugs, hippocampus & striatum dopamine receptor binding & antagonism of apomorphine induced climbing, male rats & mice, implications for extrapyramidal side effects, 11184
arylcyclohexylamines including PCP, inhibition of PCP binding & dopamine synaptosomal uptake, rats, 39262
asymmetry of 3H-imipramine binding, prediction of psychiatric illness, postmortem brains of homicide victims with psychometric disorders, 36578
baclofen vs oxazepam vs diazepam vs haloperidol treatment, benzodiazepine receptor binding & extinction of conflict behavior, male rats, 4393
benzodiazepine receptor antagonist Ro 15-3505, nociception & nonopioid defeat analgesia, male mice, 4470
benzodiazepine receptor inverse agonists RO 15-4513 vs FG 7142 vs RO 15-3505, effect of ethanol on plus maze test of anxiety, male mice, 14888
beta adrenergic mediated cyclic AMP amplification in lymphocytes, depressed patients, 8585
beta adrenergic receptor binding in leucocyte membranes, depressed vs schizophrenic patients, 1673
beta adrenergic receptor density & binding characteristics in homogenates of prefrontal cortex, suicide victims, 5377
bethanechol, modulation of estrogen binding sites & lordosis behavior, female rats, 14882
binding parameters of spiperone to lymphocytes, nonmedicated vs medicated schizophrenic patients vs their 1st & 2nd degree relatives vs psychiatric patients, conference presentation, 1558
binding potencies at monoaminergic uptake & neurotransmitter receptor sites, reinforcing properties of amphetamine & related phenylethylamines vs cocaine, implications for abuse, 35885
binding site action of self administered cocaine, reinforcement & addiction, animals & humans, conference presentation, 7910
blocking of N-methyl-D-aspartate neural receptors, behavioral preferences & learned responses in olfactory preference training, rat pups, implications for neural development, 7667
blood plasma, healthy donor blood platelet membrane imipramine binding, depressed 21–43 yr olds, 36643
buspirone vs apomorphine vs other neuroleptics, benzodiazepine receptor binding, male mice, implications for receptor labeling & tomography, 4365
caffeine dose & plasma & brain concentrations of caffeine & its metabolites, uptake of benzodiazepine receptor ligand & locomotor activity, mice, 35836
calcium channel activation & binding, tolerance to behavioral effects of Bay K 8644, male rats, 28947
CGS 20625, central benzodiazepine receptor binding & blocking of pentylenetetrazol discriminative cues & conflict responding, male rats, implications for treatment of anxiety & seizures, 28992
chlordiazepoxide, punished & nonpunished responding & benzodiazepine receptor binding, male rats, 39326
chronic bromocriptine, quadmorphine induced sterotypy & D-1 & D-2 receptor binding, male rats, 7934
chronic diisopropylfluorophosphate, muscarinic binding in brain & spatial learning of Morris water task, DBA/2Ibg mice, 4500
chronic insulin infusion, food intake & body weight & amount of & mitochondrial guanosine diphoshate binding in white & brown adipose tissue, male rats, 21766
density of blood platelet 3H-imipramine binding sites, partially hospitalized 8–18 yr olds with conduct & attention deficit disorder hyperactivity or aggressive behavior, 32981
desimipramine, platelet imipramine binding, depressed adults, 6114
desipramine & development of assay using sucrose gradient purified platelet plasma membranes, detection of high & super high affinity adrenoreceptor binding sites, depressed 21–55 yr olds, 12041
development of hippocampal glucocorticoid & mineralocorticoid receptor binding, rat pups, 18132
dexamethasone vs corticosterone, schedule induced polydipsia, adrenalectomized female rats, implications for adrenal hormone receptors, 39181

diazepam binding to synaptic membranes of neocortex, emotional component of training during development of conditioned reflex of bilateral avoidance, male rats, 35920
diurnal & circannual variation in platelet 3H-imipramine binding, adults with bipolar vs unipolar affective disorder, 19050
dorsal striatum dopamine depletion & striatal dopamine receptor binding & uptake sites, mice with homozygous weaver mutation, 28623
dosulepin isomers, inhibited serotonin uptake & imipramine binding & noradrenaline uptake & desipramine binding, male albino rats, conference presentation, 841
drug dose & plasma level & competition in neuroleptic drug for binding sites in striatal tissue, schizophrenic patients, 6197
ECT, platelet imipramine binding, adults with major depression before vs after recovery, 16303
endogenous benzodiazepine binding inhibitor n-butyl betacarboline-3-carboxylate, proconvulsant & anxiogenic actions, mice, 18406
endogenous flunitrazepam binding inhibitor, patients with panic attacks or depression, 8655
estradiol benzoate, lordosis & medial basal hypothalamus cytosol progestin receptor binding, 4 day old male vs female rats, 7942
estrogen synthesis inhibitor & estrogen binding level in hypothalamus, vocal behavior, male zebra finches, 14951
examination stress, platelet peripheral benzodiazepine binding sites & plasma cortisol & growth hormone & prolactin, 28–34 yr old psychiatric residents, 32084
GABA binding sites in postmortem brain, 18–54 yr old depressed suicide victims, 22693
GABA receptor dysfunction, action of antidepressants, diabetic male rats, 28906
glutamyl aspartate, long term memory & glutamate binding on hippocampal membranes, male mice, 7928
gonadal & adrenal steroids including progesterone, brain & spleen sigma receptor binding, male guinea pigs, implications for psychosis & immune functions, 7687
high affinity imipramine binding to platelets, 64–85 yr olds with dementia of Alzheimer type, 19650
high vs low dopamine receptor binding to striatal D2 receptors & movement initiation characteristics, male rats, 4165
hippocampal density of binding sites for excitatory amino acids, 76–97 yr old females with Alzheimer's type dementia, 16208
icv corticotropin releasing factor, food intake & guanosine binding to brown adipose tissue, genetically obese vs lean rats, 35767
imipramine binding at various sites in post mortem brains, suicide victims, 26241
imipramine binding in platelets, endogenous vs nonendogenous depressive vs schizophrenic or demented 18–70 yr olds, 19191
inescapable tailshock, GABA receptor mediated chloride ion uptake into isolated brain synaptoneurosomes & binding of agonist to brain benzodiazepine receptors, male rats, 39086
isopropylbicyclophosphate, reversed release of punished responding produced by ethanol &/vs pentobarbital &/vs chlordiazepoxide, male rats, 28884
long term lithium, norepinephrine & serotonin & carbachol induced inositol phospholipid hydrolysis in brain regions, male rats, 25198
lymphocyte beta adrenergic receptor binding, patients with panic disorder or agoraphobia with panic attacks, 29505
lymphocyte glucocorticoid receptor sites, 31–64 yr olds recovered from major depression, 5225
maternal prenatal stress & postnatal factors, behavioral response to serotonin agonist & serotonin binding & open field behavior, rats, 14692
maternity blues, binding of tritiated yohimbine to platelets, adult females observed from 36th wk of pregnancy to 10 & 20 days & 3 & 6 mo postpartum, 26025
methylphenidate, imipramine binding to platelets, 7–11 yr old males with attention deficit disorder & hyperactivity, 2564
MK-801 binding with PCP sites, learning impairment & hippocampal damage, male rats, 39380
morning vs afternoon samples of platelet imipramine binding sites, depressed 32–72 yr olds, 26076
muscimol bindings to GABA receptor in brain, pregnant vs postpartum female rats, implications for etiology of postpartum depression, 32237
N-ethoxycarbonyl-2-ethoxy-1,2-dihydroquinolin: irreversible inactivation of D-1 & D-2 dopamine receptors & behavioral recovery, male rats, 32249
N-methyl-D-aspartate receptors in hippocampus & neocortex, errors in maze retention, rats, 39122
neuroleptic affinity for acetylcholine & noradrenaline & histamine receptors, therapeutic effects, conference presentation, 2557
neuroleptic plasma levels & dopamine receptor occupancy, commentary with reply included, 34124
neuroleptic receptor binding in corpus striatum, 21–82 yr old psychiatric patients treated with neuroleptic drugs, 2455
norepinephrine, alpha-2-adrenergic receptor function, schizophrenic or depressive patients, 5237
norepinephrine binding to lymphocyte beta adrenergic receptors & plasma concentrations, adults with unipolar vs bipolar depression, 15639
number of brain 5-HT/2 receptor binding sites, depressed suicide victims, 5381
number of platelet tritiated imipramine binding sites, 50 yr olds & younger vs 60 yr olds & older with major depression vs 63–82 yr olds with primary degenerative dementia, 11892
olfactory bulbectomy & chronic amitriptyline, imipramine binding in cerebral cortex & hippocampus & swimming & open field behavior, rats, animal model of depression, 28736
parathion dosage at 5 to 20 days old, acetylcholinesterase activity & cortex muscarinic receptor binding & spatial memory in mazes, rats, 913
PCP vs pentazocine receptor site discrimination, psychotomimetic behaviors, rats, 32288
peripheral lymphocyte membrane beta adrenoreceptor density & binding, depressed 21–67 yr olds, 40139
phototherapy, platelet 3H-imipramine binding, patients with winter depression, 37257
physiologic & biochemical properties of adrenergic receptor system & effects of stressors on adrenergic receptors, 25108
plasma norepinephrine & MHPG & platelet alpha 2 adrenoreceptor binding, 20–65 yr olds with generalized anxiety disorder on unipolar major depression, 26170
platelet alpha-2 receptor binding & adenylate cyclase activity, 20–60 yr olds with panic disorder, 40080
platelet imipramine binding, adults with vs genetically at risk for alcoholism, 36896
platelet serotonin uptake & 3H-imipramine binding, 21–46 yr olds with panic disorder, 36668
platelet 3H-clonidine & 3H-imipramine binding & DST & depression severity, depressed adults, 40187
platelet 3H-imipramine binding & family history of affective illness, patients with bipolar vs unipolar affective disorder, implications for genetic markers, 5149
platelet 3H-imipramine binding & MAO activity, elderly outpatients with primary major depression vs depression secondary to medical illness, 19217
platelet 3H-imipramine binding & MAO activity, Alzheimer's disease patients with vs without behavioral symptomatology, 19611
platelet 3H-imipramine binding, patients with depression or other mental disorder, literature review, implications for serotonergic dysfunction, 22599
platelet 3H-imipramine binding, 16–32 yr olds with Down's syndrome, 8954
platelet 3H-paroxetine binding, depressed inpatients, 22527
postmortem GABA stimulation of benzodiazepine binding sites & glutamic acid decarbosylase activity, 16–57 yr old suicide victims, implications for role in depression, 19275

potencies of N-methyl-D-aspartate antagonism & PCP receptor activation in binding & behavioral studies, frog spinal cords & rat brains, 28904
propranolol &/vs exercise, lymphocyte beta adrenoceptor density & binding & heart rate & BP & catecholamines, male 26–52 yr olds with essential hypertension, conference presentation, 37544
psychopharmacology, neurotransmitter receptors & synaptic transmission, treatment implications, 11243
rank order binding affinities & potencies of SKF-10047 vs PCP vs PCP analogs, drug discrimination & maze perseveration, male rats, 35854
repeated methamphetamine, immunoreactive TRH levels & TRH binding in brain, male rats, 25276
repeated swimming stress, regional brain benzodiazepine receptor binding measured in vivo vs in vitro, mice, 39121
responsivity of serotonergic neurons & platelet receptor function, autistic male 19–29 yr olds, 26128
seasonal variations, imipramine binding in blood platelets, depressed patients, 4 yr study, 5144
selective breeding, genetic vs state influence on density of platelet 3H-imipramine binding sites, rats, 35567
serotonin uptake & platelet 3H-imipramine binding, bulimic 19–29 yr olds, 22990
sites of high affinity receptor binding by radioactive nicotine & inhibition by nicotine analogs, behavior, male rats, 4463
sleep deprivation, imipramine binding in blood platelets, depressed adults, 19687
social isolation, cerebral cortical adrenoceptor binding & exploratory behavior, rats, 18136
social isolation, in vivo brain benzodiazepine receptor binding, rat pups, conference presentation, 32214
spiroperidol with vs without haloperidol, ontogenetic changes in 3H-spiroperidol binding sites in brain, 1–16 day old chicks, 35855
stress, D2 dopamine receptor density & binding in medial prefrontal cortex vs striatum vs nucleus accumbens, male rats, 25056
stress, opiate receptor binding in brain, male rats, 7780
sweet fluids, pain threshold & opiate receptor binding, male rats, 21758
thioridazine enantiomers, dopamine & norepinephrine & muscarinic receptor binding in brain & catalepsy, male rats, 28977
triphasic oral contraceptive, platelet imipramine binding & induced depression, 21–37 yr old females, 6205
tritiated imipramine binding & uptake of radiolabeled serotonin & in vitro inhibition of uptake by imipramine, depressed patients less than 51 yrs vs more than 60 yrs old, 33646
tritiated imipramine binding site density & clinical improvement, adults with nonbipolar recurrent major depression, 5275
tritiated imipramine binding sites in frontal cortex of left vs right hemispheres, homicide victims with vs without psychiatric diagnoses, 15663
urinary MHPG & platelet 3H imipramine binding, symptom variability, adults with major depression, Australia, 5164
vasopressin receptor blockade in anterior hypothalamus, suppression of aggressive behavior, male hamsters, 21736
3-H-p-Aminoclonidine & 3-H-imipramine binding to platelets & 3-H-dihydroalprenolol binding to lymphocytes, depressed children & adolescents with vs without suicide attempt, 5166
3H-imipramine binding in platelets, 18–80 yr olds with psychogenic pain, 22999
4-bromo-2,5-dimethyoxyphenylamine, hallucinogenic properties & serotonin receptor affinity & stimulus generalization, male rats, implications for potential abuse, 14851
5-HT receptor binding measured by 3H-LSD in blood platelets, depressed adults, 29492
Receptors (Neural) [See Neural Receptors]
Recidivism
blood glucose nadir & CSF 5-HIAA, prediction of recidivism, male violent offenders vs impulsive arsonists, Finland, 3 yr followup, 40264
Canadian Juvenile Delinquents Act & Young Offenders Act, recidivism rates, 12–15 yr old offenders, Canada, 12146
client age & race & educational level & drinking patterns & other characteristics, success of DUI intervention strategies as determined by recidivism rates, DUI offenders, 9 yr followup, 37937
cognitive behavioral program of relapse prevention, adults convicted of child molestation or rape, 34432
cognitive behavioral treatment program, recidivism, familial vs nonfamilial child molesters, 10 yr study, Canada, 16391
correlates of reabuse, abusive parents in treatment, implications for research & clinical interventions, 5394
court ordered commitment to house of correction vs residential alcoholism treatment program, recidivism, drivers convicted of 2nd DUI offense, 2 yr followup, 2928
cultural & economic factors & effectiveness of imprisonment system, recidivism, Aboriginal ex-inmates & inmates, Australia, 6568
demographic characteristics & offense history & deviant sexual arousal, prediction of 2nd offense, untreated child molesting males, 12094
driving history & demographic characteristics & arrest circumstances, drivers with 1st vs multiple citations for DUI, 1983, 15897
early childhood & experiences in county & state penal institutions, compulsive gambler/recidivist, 27364
estimation of recidivism rates for 1st vs 3rd time offenders, adults, implications for criminal stereotype, 19318
family ties during imprisonment, recidivism, prisoners, 17002
fine vs incarceration vs probation, recidivism rate, misdemeanor offenders, 23810
group music therapy research project, adult recidivist offenders, 13273
individual counseling relationship with volunteer, social & emotional & educational functioning & recidivism, male 16–22 yr old high risk offenders on probation, 2975
interdisciplinary theory regarding time served & recidivism, released prisoners, 1 & 2 yr followup, 20332
Kentucky Substance Abuse Program, recidivism rates & treatment outcome, drug &/or alcohol abusing probationers & parolees, implications for posttreatment followup, 34437
minor physical anomalies due to prenatal neural disturbances, prediction of recidivistic adult violent criminal behavior, 11–13 yr olds, 9 yr followup, prevention implications, 33556
moral reconation therapy, postrelease recidivism, drivers arrested for DWI, 41071
offense characteristics, mentally disordered vs non-mentally-disordered repeat & recidivist offenders, 20324
participation in prison industry, recidivism, male offenders, 13276
probation or parole sanctions with vs without urine testing, deterrence of narcotics use & property crimes, drug addicted offenders, implications for drug treatment programs, 41104
race & reading skills & other risk factors, court dispositions & prison behavior & recidivism, Native American vs non-Native American prisoners, Canada, 30855
rearrest & community functioning, insanity acquittees vs convicted felons vs mentally ill prison transfers after release from hospital or prison, 10 yr followup, 23793
reasoning & rehabilitation program for social adjustment through cognitive skills training, probationers at high risk for recidivism, 9916
recidivism & rehabilitation in Iowa correctional institutions, male inmates, 34420
recidivism data & evaluation of in home ecobehavioral approach to treatment & prevention of child abuse & neglect, families in Project 12 Ways service, 2695
recidivism, sex offenders, literature review, correctional & preventive implications, 15923
rehabilitation programs & recidivism, sexual offenders, Norway, 20338
repeated acts of self poisoning &/or death, female vs male patients 13 yrs old & older, Norway, 5 yr followup, 8841

risk factors for recidivism, paroled juvenile offenders, 15820
sex & ethnicity & education & marital status & age & offense severity & psychotic diagnosis & prior arrest, predicting criminal recidivism, insanity acquittees, 9907
short term intervention vs probation vs life activities inventory administration, reduction in long term DUI recidivism, low vs high risk drinking adults, 6–9 yr followup, 9900
smoking histories & psychosocial attributes & quitting methods, self quitters vs recidivist smokers, 30825
treatment during adolescence, sex offense relapse, 14–72 yr old male offenders, 37443
unconscious motivations & penitentiary environment, prisonization & recidivism, offenders, 20325

Reciprocity
causality of property damaging provocations, evaluations of victim's aggressive vs verbal retaliation, 5–10 yr olds, 4679
evolutionary psychology computational theory of social exchange & natural selection & adaptive cognitive processes in problem solving, 25687
high vs low self disclosure by Black vs White therapist, reciprocity during counseling interview, Black females, 9374
peer status & social skills reinterpreted using bidirectional reciprocity model, learning disabled children & adolescents, literature review, 12315
perception & expectations of self disclosure reciprocity in dyadic interaction with stranger, neurotic vs normal college students, 25860
perceptions of reciprocal & nonreciprocal social support within network of family & friends, 50–95 yr olds, 8178
physical attractiveness & personality similarity vs dissimilarity & reciprocity, interpersonal attraction, 18–25 yr olds, India, 32798
recipient need & anticipated reciprocity, prosocial exchange, 12–16 yr olds, India, 8120
reciprocal nonfluencies in mother vs father vs peer dyads, 2–6 yr old stutterers, 29836
reciprocity & sex & race, friendship proximity, 7th–8th graders, 11464
reciprocity in promotion of personal growth & discovery & development, mental health practitioners working with children, 3006
repeated Prisoner's Dilemma models of evolution of reciprocal altruism, 8380
sex & mode of retaliation, attributed aggression, male vs female college students, applications of norms of self defense to females, 36422
statistical tests of reciprocity of self disclosure, college students, 39901

Recognition (Learning)
abstract visual designs, stimulus recognition & recall of presentation frequency, 10–67 yr olds with unilateral frontal vs temporal lobectomy, Canada, 5790
abstraction & complexity, preferences & recognition of paintings, elementary vs art education majors vs art professors & graduate students, 25370
addition & deletion & specificity & expectations of details in scripts, immediate vs delayed recognition of changes in action, college students, 38910
advance location cuing, response latency in single letter recognition task, college students, 17910
age, recall & recognition, elderly vs younger adults, 32407
application of multiple trace simulation model to frequency & recognition memory, college students, 10832
associative strength of modal links, cued recall & pair recognition, college students, 14435
attachment & bonding to humans & each other & ability to recognize danger & impending death & to mourn, pets & other animals, 24922
boundary extension in recall & recognition of photographed scenes, college students, 24876
cadmium dosage 5–6 days after birth, social recognition test performance & body weight, rats, 860
classification context of target word during encoding, recognition of category words, college students, 10839
color blend retrievals in color recognition tasks, college students, 14418
continuous recognition memory, 13–19 yr olds with closed head injuries, 40415
coordinating faces & voices in emotional recognition task, autistic vs nonautistic mentally retarded 12.4–25.8 yr olds, 26384
delayed match vs nonmatch to sample vs yes-no assessment, picture recognition after 6 mo, patient with amnesia due to temporal lobe resection, 29939
delta 9-tetrahydrocannabinol, visual recognition memory & discrimination learning, monkeys, 14803
dichotically presented melody, recognition task performance & dominant ear, musician vs nonmusician female college students, Japan, 7383
divided attention, familiarity with vs conscious recollection of names, college students, 31906
early infancy recognition memory & habituation vs standardized tests, IQ prediction, children, commentary, 35158
educational instruction, ability to recognize & understand styles of artworks, 6–8 vs 10–12 yr olds & college students, 27569
elaboration of encoding, retention assessed by recognition vs free recall, male graduate students, India, 21301
EP response latencies to words & incidental learning assessed by free recall & recognition, 19–35 yr olds, 25068
experience & auditory environment, recognition of starling alarm calls, infant vervet monkeys, 14532
face familiarity, electrodermal recognition, 59 yr old female with prosopagnosia, 22887
formal description schemata models of human resemblance perception & pattern recognition, real time capture of experiential knowledge, 17854
function relationship & distinction between recognition memory & conscious awareness, college students, UK, 14437
group vs individual decision making & recall & recognition memory tasks, college students, 31868
horizontal or vertical eye movement contextual cues, perceptual processing & episodic recognition in retrieval, college students, 17881
imaginal or semantic elaboration strategies & free recall vs forced choice vs yes/no recognition tests, hypermnesia in recall vs recognition, college students, 14468
implicit oppositionality, recognition & recall & problem solving & memory, 14–71 yr olds, 38926
incidental vs intentional learning, recognition memory test performance, Korsakoff vs mixed amnesia 43–68 yr old patients, 19550
individual letter features, letter recognition, 35272
instructions to memorize objects in room for intentional vs incidental learning, frame usage & object encoding in recognition memory, college students, Belgium, 21319
interdomain transfer between algebraic arithmetic progression & physics constant acceleration problems, high school & college students, 17879
intermanual transfer & palm rotation, tactile recognition of mirror images, 6 yr olds, 32405
interstimulus interval in presentation of same concrete noun to left vs right visual field, recognition memory, college students, implications for cerebral dominance, 4089
intracarotid amobarbital sodium procedure, false positive errors during recognition memory assessment, patients under evaluation for epilepsy surgery, 26565
intrusion errors in verbal recall & recognition, patients with Huntington's vs probable Alzheimer's disease, 16137
item & associative & serial order recognition memory, adolescents with left vs right temporal lobectomy for seizure disorder, 5614
judgments of occurrence frequency for visual stimuli, 18–49 yr olds with closed head injury vs healthy 55–85 yr olds, 9219
lateral eye gaze & task order, free & serial recognition performance, adults, 10848

lateralized word & bargraph recognition task, visual field asymmetries correlation, left vs right handed college students, conference presentation, 35580
learned acquisition of stimulus recognition, fish, literature review, 10923
location cuing & variation in exposure duration, recognition accuracy of visual stimuli, college students, 24767
longterm recognition of faces, mildly retarded high school students, 6 mo followup, 5545
measurement of knowledge & involvement with TV & newspaper, recall vs recognition of election information, adults, 35944
memory for affect eliciting stimuli, familiarity & recognition judgments, college students, 28343
mental rotation of familiar vs mirror image shapes at different orientations, college students, 28313
naloxone, visual recognition in matching to sample task, monkeys, 28792
novelty vs familiarity of stimulus, recognition memory, pigeons, 35466
nucleus of Meynert lesions, visual perception & recognition memory, monkeys, 11162
number of distinctive features in vs degree of fragments of line drawings, object recognition, nursery school children vs female college students, 29081
observation of lecture to appraise performance vs learning content, immediate & delayed performance appraisal & recognition memory, college students, 31856
order & serial position in multiple sets, item recognition response time, college students, 7473
orientation to large vs small events, representation of real-world events in memory & recognition vs recall, college students, 31878
persistent repetition priming, response latencies in picture naming & dissociation from recognition memory, college students, 7466
photospread instructions, suspect identification performance, college students, 32721
picture learning & recognition & forgetting & selective attention, identification of disorder subtype related to locus ceruleus neuropathology, patients with Alzheimer's disease, 33523
pose change using slides vs video, recognition of suspects from selection of photos, college students as witnesses, 22240
position & order information, short term recognition memory, college students, 38899
posterior cerebral artery occlusion, hippocampal damage & visual recognition performance, monkeys, 28752
premature aging hypothesis, assessment of recall & recognition & learning strategies, 25–52 vs 56–71 yr old alcoholic adults, 26343
prenatal methylmercury, visual recognition memory, infant monkeys, 18343
prior exposure to & liking of stimulus, recognition, college students, replication, 38874
prior exposure to material, recall, female 20–25 yr olds, 10831
prior free recall vs recognition test, subsequent recall vs recognition performance, female 20–25 yr olds, India, 21297
prior stimulus presentation of word vs color, recognition of & RT to target stimulus, college students, implications for human information processing, 35389
rate of forgetting in picture recognition task, 3 vs 4 vs 6 yr olds, 18593
recallable unique famous individuals' and geographic names & study context, recognition & recall, college students, 7470
recognition & free recall failures, relation between recall & recognition, college students, failure to support generate-recognize theory, 14436
recognition & matching of familiar objects shown in rotated & angled photographs, 41–82 yr olds with stroke & left vs right hemisphere damage, 2047
recognition & memory & likability judgments for hypothetical maladjusted aggressive vs withdrawn peers, 1st–7th graders, Canada, 32553
recognition & recall of objects imagined as invisible, college students, Canada, 14417
recognition & visual target detection tasks, sustained attention & vigilance, mentally retarded 16–28 yr olds, 1945
recognition memory assessed by visual novelty preferences, normal birth weight vs intrauterine growth retarded 7 mo olds, 16091
recognition memory, head injured 15–50 yr olds during vs recovery from posttraumatic amnesia, 2051
recognition memory span for verbal vs spatial vs organizational information, elderly with mild vs moderate dementia of the Alzheimer type, 40493
recognition of Chinese idiographs vs Korean phonographs in left vs right visual field, biscriptual graduate students, 39105
recognition of coos from fathers vs neighboring males, mourning dove nestlings, 31983
recognition of emotions depicted as photographed tracks vs videotaped movement of points of light in dynamic displays, college students, 377
recognition of mother vs stranger during multisensory interaction, 2–3 vs 21–25 day vs 12–14 wk olds, 15090
recognition of visually occluded stimuli, 3rd vs 6th graders, 1057
recognition of word & nonword visual letter strings, patients with right vs left parietal lesions, 16227
recognition test items with only incorrect alternatives, recall of items in slides depicting crime events, college students, 7480
recognition vs recall of story to peers vs Martians vs for contest, college students, 17912
reconstruction of scrambled passages with vs without feedback, recall of idea units & recognition of original passages, college students, 35384
reliability & validity of paper vs computer based measurement modes, assessment of recognition of aircraft silhouettes, male Navy student pilots, 38615
repetition frequency of words vs pseudowords, perceptual identification, college students, 31871
repetition of morning vs afternoon vs evening exposure to rational vs emotional appeals in TV commercials, immediate vs delayed recall vs recognition, consumers, 35006
replacement effect in distributed memory, recognition learning, adults, 3863
reproductive behavior, distribution of learned & innate components within innate releasing mechanism modified by experience for mussel recognition, European bitterling, 35507
retention interval, cued recall & recognition memory & confidence ratings, amnesic patients, 16226
retention interval, forced choice recognition & recall, amnesic patients, 16104
retention of self recognition after 1 yr without access to mirrors, young male chimpanzees, 14515
retinal locus & relative position & lateral masking & visual array of Kana letters, errors in identification & localization in tachistoscopic partial report & recognition, college students, 3745
rules of moral conduct in Bible stories paired with pictures, recognition, 3rd vs 5th graders, 15175
selective attention examplar vs rule based models, prediction of categorization & identification & recognition performance, college students, 24839
self focus, recognition memory, college students, 14482
semantic &/or episodically related word pair learning, item recognition & distance estimation, college students, 38913
semantic priming, visual recognition of faces & names, male patient with prosopagnosia, 33604
sex, ratings of typicality & familiarity of & recognition for faces, college students, 21235
sex, recall & recognition & learning characteristics & errors, 20–25 yr olds, 14382

shallow vs deep input processing, environmental context dependent recognition memory, college students, 17909
shift in visual laterality, recognition of single random polygons within blocks of trials, right handed college students, 639
shortcomings of recall & recognition test, measurement of text learning vs memorization in psychological research, 21306
specific retroactive interference in modified recognition tests, college students, implications for response bias & demand characteristics, 24866
speed of target detection & player recall in structured vs unstructured basketball situations, experienced vs novice female basketball players, 352
spoken digit recognition rate by electronic system, string length for digit repetition & verification minimizing recognition time, adults, 13905
stimulus onset asynchrony, decisions about presence of auditory letter vs visual nonletter target in visual letter arrays, college students, 14430
stories with irrelevancies that do vs do not affect goal accomplishment, immediate vs delayed story recall vs recognition, preschoolers vs 1st graders, 4609
story schema skills, attention & recognition memory during TV viewing, 5–8 yr olds, 39551
strategies of sentence recognition & plausibility judgment of inferences, high vs low ability critical thinking college students, 35383
strategies used in shape manipulation & recognition tasks, 6–13 yr olds, 25420
study processing, free recall of picture names & generalization in picture identification, college students, implications for concept formation & memory systems theories, 24878
summed similarity decision rule in exemplar based generalization model, classification learning & recognition memory & typicality judgments, 14466
syllable vs melody recognition in dichotic listening task & handedness of self vs family, auditory laterality & cognitive ability, college students, implications for brain organization theories, 4083
tactual scanning mode & finger locus, braille pattern recognition, adults, implications for braille reading & education, 28210
thalamic electrical stimulation, dichotic CVC verbal stimuli recognition & recall, 61 yr old male with chronic pain, 29863
time course for retrieval of similarity vs relational information in sentence matching task, adults, 28339
unconscious perception of "context" words, memory illusion, college students, 31882
validity of computerized version of Gollin incomplete figures test, measurement of visual recognition development, 28–60 mo olds, 1007
visual recognition & retention delay & intervening stimuli in matching task performance, 36–64 yr olds with Korsakoff amnesia vs alcoholism, 5372
visual recognition ability, low vs normal birth weight infant monkeys, 21344
word frequency & list composition effects, lexical decision & recognition memory, college students, 21291
yes/no recognition vs source monitoring test, eyewitness suggestibility effect, college students, 38908
Reconstructive Psychotherapy [See Psychotherapy]
Recorders (Tape) [See Tape Recorders]
Recovery (Disorders)
age at diagnosis & psychological symptoms & good vs poor treatment adjustment, identification of need for psychotherapy, young adult survivors of Hodgkin's disease, 9005
age, language recovery in speech therapy, 38–92 yr olds with Broca's vs Wernicke's vs conduction vs anomic vs global aphasia, UK, 16685
amenorrhea during early recovery, subsequent pregnancy, anorexic 22 yr old, case report, implications for contraception, 37100
analysis of concept of addiction recovery, implications for treatment evaluation, 13263
attribution, psychological recovery, temporarily vs permanently disabled 16–42 yr old accident victims, India, 16058
attributional biases & dysfunctional attitudes & automatic thoughts & other cognitive processes, symptomatically depressed vs clinically remitted vs normal adults, 40093
audiotapes for relaxation with guided imagery, state anxiety & urinary cortisol & healing, adult cholecystectomy patients, 12790
belief systems, social work practice, 34 yr old male recovering from heart attack, 30697
beliefs about importance of 24 contributors to overcoming agoraphobia & anorexia nervosa & compulsive gambling & schizophrenia, adolescents & adults, 15573
biopsychosocial variables, postoperative psychiatric complications & recovery, open heart surgery patients, Finland, 1 yr followup, 9648
clinical condition at admission & early improvement, psychiatric inpatients, 34319
cognitive recovery & psychological adjustment, 18 yr old female with closed head injury, 37153
cortical EPs as evidence of task specific hemispheric activation in recovery from aphasia, patients with unilateral left hemisphere vs right hemisphere lesions, 9166
course & treatment & predictors of recovery, patients with bipolar disorder with manic &/or depressed symptoms, conference presentation, 23128
course of eating behavior & psychopathology, bulimic females with vs without affective disorder, 6 mo followup, 5666
demographic & other characteristics, prediction of poststroke language recovery, patients with language impairment following right vs left hemisphere stroke, 33546
development of Recovery Attitude & Treatment Evaluator, profile of illness severity & treatment progress & matching, chemically dependent 13 yr old & older patients, 17616
dexamethasone nonsuppression, prediction of recovery from psychosis, patients with nonmanic psychoses, 1 yr followup, implications for hypothalamic pituitary adrenal activity, 29518
differential recovery of spatial deficits, 18 yr old male with right frontoparietal infarct, case report, 5749
drawing ability at 2–4 vs 6–8 wks postonset, 35–85 yr olds with stroke & left vs right brain damage, 2136
dream accounts, recovering alcoholics at Alcoholics Anonymous, 30822
education & cognitive stimulation & stress management training & individual counseling & group discussion & physical activity, recovery, mild head injury patients in day treatment, 9799
EEG characteristics, elderly recovered from major depressive episode, 40163
environmental enrichment, behavioral deficits, rats vs rabbits vs kittens with brain damage induced by various methods, literature review, 14796
epileptic seizures, recovery from stuttering, male 5.1 yr old with congenital myolomeningocele & hydrocephalus, case report, 26423
family therapy, resolution of boundary ambiguity & recovery, alcoholic families, 34418
frontal cortex tissue implants, immediate vs delayed recovery assessed through water maze task performance & forepaw use & grooming, male rats, 18265
growth hormone response to clonidine, drug free adults recovered from endogenous depression, 5284
humor in therapeutic process, recovery from substance addiction, 13261
importance of 24 different contributors toward overcoming alcoholism or depression or sexual problems or shyness, adults, 15574
impulsivity as predictor of outcome & long term prognosis, adults with anorexia nervosa or bulimia nervosa, 2–6 yr followup, 33649
IQ & other predictors, prognosis & level of functioning & health status, 15–55 yr old psychiatric 1st admissions, 2 yr study, 22551

language recovery with alternating antagonism between languages, trilingual aphasic 49 yr old male, Iran, case report, 26592
life events & psychosocial factors, recovery, working class females with chronic depression, 8561
logotherapy, families in early chemical dependency recovery, 2916
lymphocyte glucocorticoid receptor sites, 31–64 yr olds recovered from major depression, 5225
manic symptoms during early recovery, 19–60 yr olds with head injuries, 37141
marriage & family planning decisions, adult survivors of childhood cancer, 9209
memory for negative vs positive self vs other referent adjectives, currently vs recovered depressed adults, 19062
neural tissue transplants following hippocampal or cerebral cortex injuries, behavioral recovery, rats, 14792
neuropsychological performance & cerebral perfusion, 42–65 yr olds with unilateral subcortical vascular lesions recovering from aphasia & neglect, 23064
nonacceptance of gay self & alcoholism, homosexual recovering alcoholic males, 12239
number of previous episodes & sex & age of onset & time since episode & depression level, relapse following recovery from episode of depression, adults, 29583
ovine corticotropin releasing hormone stimulation test before vs during recovery following drug therapy, pituitary & adrenocortical responsiveness, depressed 26–54 yr old outpatients, 9481
participation in drinking experiments, alcohol consumption & social & psychological adjustment, male alcoholics, 1 yr followup, 19370
patient characteristics & age & referral source, motivation in alcoholism treatment & recovery, Black vs Puerto Rican 19–70 yr old males vs females, 34400
perceived control, adaptation to & coping with physical disability & prediction of recovery, 50–85 yr olds with hemiplagia due to stroke vs wrist fractures, 30050
perceived quality of life & self efficacy 5 yrs after heart attack, 40–60 yr old male patients & their wives, 16259
personality traits & psychosocial adjustment, 11–25 yr old survivors of childhood cancer, 9006
physical & psychosocial health status following botulism poisoning, 20–73 yr olds, 3 yr study, 26464
physical dependency & depression during recovery, 54–94 yr old medical rehabilitation patients assessed 1 wk after admission vs at discharge, 23718
physiological & subjective drug related CRs, methadone outpatients & detoxifying inpatients & abstinent cocaine & opioid users, implications for relapse, 15907
preoperative distress, endocrine & subjective responses to surgery & postoperative recovery, 18–77 yr olds undergoing life threatening abdominal surgery, test of I. L. Janis's theory, 34184
presurgical psychological intervention, psychological adjustment & recovery & cost effectiveness, literature review, 37593
prior alcohol abuse, head injury recovery, 18–60 yr old head injury survivors, 26645
problems & methods of monitoring recovery, substance abusing adults, 34417
process & evaluation of drug & alcohol aftercare treatment program, 15–18 yr olds & their parents & school counselors, 23754
process & personal experience of recovery of valued sense of self & purpose in rehabilitation, physically disabled male & psychiatrically disabled female, 9839
progress in physical abilities & activities of daily living, 36–88 yr olds admitted to stroke unit, 9 mo followup, 37800
psychological & spiritual dimensions, survivors of terminal cancer, 26625
psychosocial functioning 2 or more yrs following treatment, 7–21 yr old survivors of childhood cancer & their families, 12392
psychosocial risk factors for maladjustment in childhood cancer, survivors & their families, implications for preventive intervention, 8989
PTSD approach, treatment of & recovery from sexual abuse, 4 & 11 yr old females, social work applications, 34269
quality of life & psychosocial outcomes, survivors of childhood cancer, treatment implications, literature review, 9063
recovery from neuropsychological impairment, 10 yr old female with severe carbon monoxide poisoning, 16093
recovery from severe depression followed by hypomanic state & suicide, 20 & 22 yr old females, 8845
recovery of attention span & verbal recall & full visual perception as indicators of cognitive functioning, 26–80 yr old stroke patients, 2153
recovery process & therapy experiences, females with anorexia nervosa, 33758
reduced deficit vs serial recovery hypothesis, behavioral effects of single vs multiple staged lesions of medial frontal cortex, rats, 28759
rehabilitation vs nonrehabilitative treatment, posttreatment characteristics & outcome, patients with severe traumatic brain injuries, 27252
removal of cyst in right prerolandic area, selective crossed aphasia & reciprocal language antagonism during recovery, trilingual 25 yr old male, Canada, case report, 27074
sensory information about cesarean delivery, prenatal maternal anxiety & recovery following cesarean section, adult females, 40836
SES & drug use pattern & social network & relationships with spouse & children, rehabilitated opiate addicted females, Sweden, 10 yr followup, 23744
sheltered workshop within operating-for-profit business, recovering mental patients, 2870
single photon emission computed tomography brain imaging, prediction of language & neurologic recovery, 51–70 yr olds with ischemic cerebral infarction, 40373
sinusoidal wave & brief pulse ECT, rate of recovery, adults with endogenous depression, 26686
social support & stress & distress, cardiac symptoms & rehabilitation, 35–73 yr old cardiac patients assessed at hospitalization & 3 & 6 & 12 mo after, 34150
social support from spouse & preoperative anxiety, postoperative recovery, 38–69 yr old unmarried vs married male coronary bypass patients, 34306
social support networks, early or late recovery, 12–60 yr olds with severe head injuries & their 21–64 yr old significant others, 26554
social support, recovery of function after hip fracture, middle aged to very old hospitalized patients, 6 mo followup, 19499
social variables, prediction of course & outcome, adults with delusional psychosis, 11984
stressful life events & social support, self esteem, abstinent alcoholic 18–30 yr olds in recovery, 12211
therapeutic suggestions made during general anesthesia, quality & duration of recovery from abdominal hysterectomy, patients, 27050
therapy in Catalan, differential language recovery in naming & pointing & translation tasks, bilingual Catalan & Spanish speaking 33–79 yr olds with aphasia, 27036
trachea noise biofeedback vs bronchodilator, recovery rate from exercise vs eucapnic hyperventilation induced bronchospasm, asthmatic 22–44 yr old, 30386
treatment issues in recovery & relapse prevention, substance abusing adolescents, 37886
types of anger & modes of expression & therapeutic techniques, recovering substance abusers, 34396
validity of Beck Depression Inventory & Carroll Rating Scale for Depression, assessment of recovery, nonbipolar depressed outpatients, 6 mo followup, 24655
15 mo symptomatic convalescent phase following manic episode & supportive psychotherapy, 53 yr old female with bipolar disorder, case report, 22540

Recreation [See Also Athletic Participation, Baseball, Basketball, Camping, Childhood Play Behavior, Childrens Re-

creational Games, Clubs (Social Organizations), Dance, Doll Play, Football, Gambling, Judo, Sports, Summer Camps (Recreation), Swimming, Television Viewing, Tennis, Traveling, Vacationing]
age & sex & length of course, types & levels of situational fears, Outward Bound students & their instructors, 24479
angling socialization & sex, angling participation, Black vs White urban 6th–9th graders, 32484
application of leisure behavior constraint research, 17491
Bingo as suitable recreational activity, nursing home residents, 23680
choice of involvement in recreational activities, institutionalized elderly, 20208
clear & meaningful feedback during sustained physical & sensory involvement, wilderness experience programs, 17495
definition of recreation vs leisure, 16–19 yr olds, implication for use of verbal response methods, 25622
design of activity room, satisfaction of recreational & emotional & developmental needs, hospitalized 12–16 yr olds, 9772
goals for 6–10 yr olds participating in recreational basketball program, coaches, 41580
importance of recreation activity patterns, preferences for & choice of respective parks, adult state park visitors, 35016
incentives for voluntary membership & participation in environmental & outdoor recreation associations & activities, outdoor recreationists, 27989
interest in social & recreational activities & availability of transportation & health & sociability, senior center participation, low income urban 60–92 yr olds, 32570
knowledge of age cohort factor, activities program planning, elderly, implications for cultural paradigm shift, 22109
leisure & recreation activities in urban parks, White vs Hispanic vs Black social groups, 3487
leisure activity participation patterns, low vision elderly, conference presentation, 9079
level of indoor & outdoor activities & satisfaction, depression & well being, male vs female 60–80 yr olds, 8185
logit & dichotomous choice models, contingent valuation of recreation benefits at specified price, recreationists, 10495
multicomponent treatment program, social interaction during recreational activity, 14–19 yr olds with moderate to severe mental retardation or learning or behavior disorders, 27295
normalization perspective of marketing strategies for recreational travel, elderly, 22112
outdoor adventure experience paradigm, application to nonoutdoor leisure pursuits, 27987
outdoor leadership theory in outdoor recreation, 27991
pain intensity ratings, desire for social & recreational activities & levels of depression, 20–73 yr old pain patients, 29912
participant observation methodology, assessment of commercial auction sales as play world settings, adults, 24482
participation in juvenile jazz bands, moral development, young females in working class neighborhood, UK, 25592
perceived similarity of outdoor recreation activities presented verbally vs photographically, college students, 17499
preferences & reasons for going to movies, college students, 21868
process for evaluation of recreation service quality, consumers, 6992
race & ethnicity & social class differences in leisure time & recreation research, 10490
recreation curriculum development, physically or emotionally or mentally disabled students, 3272
recreation satisfaction & activity participation, life satisfaction, 60–94 yr old residents of retirement centers, 4783
sex role traits, barriers to & participation in recreational activities, female college students & faculty & staff, 10488
social norm theory, establishment of standards for social & ecological impacts in recreation planning, recreational boaters, 38547
spouse cognitive impairment & level of functioning, depression & participation in social or leisure activities, aged wives vs husbands, 30030
statistical Type II errors of equivalence of 2 regression models, leisure research & management policies that disenfranchise recreationists, 3665
theory of social action systems & development of leisure collectives for recreation, 10489
time of administration & scale format & item domain, variance in recreation experience preference measurement, adult wilderness course students, 7193
Recreation Areas [See Also Playgrounds]
educational zoo graphics, experiential learning, zoo visitors, 6996
environmental management & attitude surveys, implications for outdoor recreation sites, 38490
environment–behavior model of perceived crowding & social density in recreational settings, 31478
exhibit signs, behavior & learning, zoo visitors, conference presentation, 20919
importance of recreation activity patterns, preferences for & choice of respective parks, adult state park visitors, 35016
interactive exhibit of independent ecosystem, facility use & information recall, zoo visitors, 6990
interactive zoo bird exhibit, facility usage in learning about wing movements, zoo visitors, 6987
leisure & recreation activities in urban parks, White vs Hispanic vs Black social groups, 3487
loyalty to municipal recreation programs, consumers 18 yrs old & older, 17497
mindfulness/mindlessness cognitive model of responses, visitors to interpretive centers in public forests, 38538
orangutan & chimpanzee exhibit characteristics, attitudes &/or behaviors, animals vs zoo staff vs visitors, implications for exhibit planning, 6997
preferences for renovated vs traditional zoo exhibits & handicapped access & intention to visit, aged Ss living independently vs in residential care facility, 6999
prospect refuge theory, visual preference for edge environments between forest & open ground, visitors to outdoor recreational area, 6994
self monitoring with vs without extra staff attention, gym attendance, 17–56 yr old females, 31507
slides of animals in wild vs naturalistic vs caged zoo environment, ratings of animal characteristics, college students, implications for exhibit design, 6991
species & exhibit characteristics & design, viewing behaviors, zoo visitors, implications for exhibit design, 6988
tree & vegetation density & presence of pathways in photographs of suburban parks, emotional pleasure & arousal & park preference, adults, Australia, 31475
verbal appeal & role modeling in behavior modification, litter pickup, commercial rafting groups, 38546
Recreation Therapy [See Also Art Therapy, Dance Therapy, Music Therapy]
action oriented group counseling, skills development & problem solving, students with behavior problems, 6812
activity sessions vs time spent on ward, engagement level, 71–89 yr old hospitalized demented patients, 9765
applicability of Importance-Performance Scale, evaluation & marketing of activity programs in geriatric settings, 34295
development & growth of Wilderness Therapy adventure program as component of social work private practice, self esteem enhancement, adolescents, 40939
holistic treatment in nursing homes & day care settings by activity directors, patients with Alzheimer's disease, 34339
mime group therapy, body image & self esteem & movement concept, psychiatric outpatients, 33932
music & occupational & recreation therapy, chemical dependency, 37900
occupational stress, recreational therapists, 34456
outdoor adventure & psychosocial counseling program, adolescents with behavior disorders, 23136
participation in softball league, community integration & therapeutic recreation, male psychiatric patients from community mental health day treatment centers, 2710

preference for & ranking of activity groups, psychiatric patients vs staff of partial hospitalization day program, 2821
recreation program, perceived leisure functioning, schizophrenic 68–82 yr olds in nursing home, 34283
recreational rehabilitation, visually impaired adults, 9837
structured exercise & recreation, nursing home patients with Alzheimer's disease with propensity to wander, 20192
therapeutic applications of play & recreation & leisure activities, handicapped children, 27261
therapeutic recreation activities in nursing home setting, isolated residents, 34293
2nd season participation in community based softball league, team ownership & autonomy, schizophrenic 23–58 yr olds in community mental health programs, 41047
Recreational Day Camps [See Summer Camps (Recreation)]
Recruitment (Military) [See Military Recruitment]
Recruitment (Personnel) [See Personnel Recruitment]
Red Nucleus [See Mesencephalon]
Reductionism
polarity between holism & reductionism in hierarchical psychiatric models, 35040
reductionism & constructivism in learning disabilities field, commentary reply, learning & teaching implications, 31222
Reentry Students
career aspirations, married vs divorced vs single female reentry college students, 13583
career development curriculum model, 18–65 yr old community college students, 24210
comprehensive counseling group, school adjustment, adult students entering or reentering college, 34844
husband's educational level, attitudes toward wife returning to college & provision of support, 25–53 yr old couples, 25754
leadership issues, older female college students, 24100
locus of control as predictor of procrastination, adults in correspondence course, 6765
peer counseling, retention rate, female college reentry students, 31282
premature return to school following psychotic episode, college students, implications for college mental health service professionals, 2734
reasons for returning to school, female 22–45 yr old reentry students, 13600
Referral (Professional) [See Professional Referral]
Reflectiveness [See Impulsiveness]
Reflexes [See Also Acoustic Reflex, Eyeblink Reflex, Flexion Reflex, Hoffmanns Reflex, Nystagmus, Ocular Accommodation, Orienting Reflex, Startle Reflex, Yawning]
action patterns & role of peripheral nervous system, gill withdrawal reflex, mollusks, model system for neural mechanism of learning, 38982
apomorphine vs lithium chloride, transport response, infant rats, 14955
assessment of acoustic & tactile sensory processing capabilities using glabellar reflex & reflex modification procedures, term vs preterm neonates, 32369
aversion conditioning, baroreflex control of heart rate, dogs, 21602
bilateral auditory clicks & sustained phonation at constant pitch & intensity, auditory laryngeal reflex measured by voice frequency signal averages, stuttering 18–40 yr old males, 16011
birth weight & health status & type of anesthetic given to mother during delivery & behavioral state & other factors, glabellar reflex as measure of sensory competence, full vs preterm neonates, 39538
changes in theories of neurophysiology of hypnotic analgesia & reflex inhibition, conference presentation, 28606
cognitive ability & primitive reflexes & extrapyramidal symptoms & reflective apraxia, 58–99 yr olds with Alzheimer's disease, 26439
conditioning of triceps surae H-reflex, memory traces in spinal cord, monkeys, 32062
direct sensorimotor coupling through superficial sensory layers mapping directly onto underlying motor layer in vagal lobe, oropharyngeal reflexes, goldfish & carp, 621
direct vs consensual light stimulation, pupillary light reflex, pigmented rats, 28668
electrical stimulation of ventral midbrain, suppression of tailflick reflex in response to heat, rats, 35735
excision of bulbospongiosus muscles or midthoracic spinal transection, copulatory behavior & fertility & penile reflexes, male mice, 21689
heat stimulus intensity & pain perception, tailflick reflex & EMG activity in extensor caudae muscle, female rats, 11054
increased vs decreased serotonin level, classically conditioned inhibition of tarsal reflex to sucrose solution, drosophila, 925
individual differences in disinhibition vs extraversion, reflex amplitude recovery & spinal motoneuronal excitability, male vs female 18–30 yr olds, 4204
intranigral morphine injection, nociceptive tail flick reflex & elapsed time before onset of antinociception, pentobarbital anesthetized male rats, 32154
lateral &/vs medial septal lesions, exploratory activity & reactivity in open field behavior, male rats, 802
maturation of forebrain cholinergic system, suppression of transport response intensity, 23–30 day old rat pups, 32061
neck clamping, development of immobility reflex by motor activity, 0–90 day old rats, 39178
passive whole body vs active head oscillation, mental influence in vestibulo-ocular reflex, male 12–39 yr olds, 10703
Pavlovian conditioning of CNS & autonomic responses to baroceptor reflex, 18–25 yr olds, 21617
pentobarbital, eyestalk withdrawal & cheliped closing response & depressed facilitated transmitter release & synaptic plasticities, crayfish, 21830
physical rotation with fixed head vs body, phase & gain of vestibulo-ocular vs cervico-ocular reflexes, 2 vs 4 mo olds, 36078
postauricular reflexes & prepulse inhibition of reflexes & EPs, auditory selective attention, 16–31 yr olds, 629
primitive developmental reflexes & diffuse cerebral dysfunction, 40–86 yr old patients with schizophrenia vs bipolar affective disorder with vs without tardive dyskinesia, 5364
short term in utero ethanol exposure at 7–9 vs 14–16 days gestation, partial reinforcement extinction effect & physical & reflex development, rat pups, 11320
signaled avoidance classical conditioning, eye withdrawal reflex, green crabs, 24932
vestibuloocular reflex saccade interactions in goal directed gaze responses in oculomotor range, adults, 4190
vestibulospinal reflexes in corrections for head & body instability, implications for occupational therapy, 35654
voluntary tendon reflex asymmetry by mental effort, 21–35 yr olds, 25113
Refraction Errors [See Also Myopia]
behavioral training, visual acuity & refractive error, myopic adults, 16507
grating contrast ranges & amplitude of motion, visual EPs, 21–47 yr old emmetropic females, 28618
pattern size & spatial frequency content, maximum spatial asynchrony & stroboscopic perception, adults with emmotropia, 28231
physical symptoms & presence of small refractive errors, 18–32 yr old video display terminal operators, 24369
positive vs negative defocusing lenses, posterior nodal distance & refractive error & eye growth, chickens, 7777
pupil centration & diameter, variation in sphero-cylindrical refractive error & modulation transfer function, adults, 7365
refraction error, IQ & reading ability, 11 yr olds with myopia vs premyopia vs hypermyopia vs normal vision observed from age 7, 30131
refractive error & preferential looking visual activity, 12–24 mo olds, longitudinal study, 21960
Reframing [See Paradoxical Techniques]
Refugees
AIDS education program, female 17–58 yr old Vietnamese refugees, 16714
causal model of alienation, Vietnamese refugees, 18764

clinical presentations of "nervios", El Salvadoran refugee mental health center clients, 11970
community effort to facilitate adjustment, Vietnamese refugee family, case report, 16801
cross cultural psychotherapy from theoretical perspective, 39 yr old male Middle Eastern refugee, commentary, 33794
cultural & familial & acculturative stresses & treatment, depressed 31 yr old male Hmong refugee with koro & his depressed wife with folie a deux, case report, 40194
cultural bias of Likert scale format, assessment of health care seeking behavior or depression, Central American and Vietnamese refugees, 7100
culture & counseling issues, Afghan refugees, 13080
demographic characteristics & failure to acculturate & medical & psychiatric problems & medical treatment seeking, somatization, Hmong refugees, US, 26677
demographics & acculturation & traditional affiliations & pastimes & material acquisitions & psychosocial problems & mental health, Hmong refugees 16 yrs old & older, longitudinal study, 25714
developmental crisis & adjustment problems & intercultural conflicts as stressors, psychotherapeutic techniques, adolescent Southeast Asian refugees, 12677
diagnosis & health care, Vietnamese & Latin American refugees, Netherlands, 34159
experiences in move from Southeast Asia to US, social adjustment & identity formation, unaccompanied refugee minors, 4664
group intervention based on prevention schemes, adolescent Vietnamese refugees, US, 9421
group therapy, Southeast Asian refugees treated in psychiatric program, 12742
incidence of PTSD, 17 yr old Central American refugee, 15724
Indochinese Mental Health Project & crisis intervention, Indochinese refugees, 6 yr followup, 34248
mental health program, Latin America political refugees in exile, Belgium, 34203
postescape stressful events, recurrent escape nightmares, Czechoslovak refugees, 8566
predisposing factors & attitudes toward intergenerational relations & mental illness & accepting treatment, family therapy, refugee families from South East Asia, 33902
predisposing factors & treatment outcome, depressed Hmong refugees, 8748
prevalence of DSM-III psychiatric disorders, Hmong refugees 16 yrs old or older, US, commentary, 26004
problems of cross cultural psychotherapy, 39 yr old male Middle Eastern refugee, commentary, 33844
problems of cross cultural psychotherapy, 39 yr old Middle Eastern male refugee, 33776
psychosocial problems & stress of life in exile, implications for Black children & adolescents in South Africa, 39832
psychosocial rehabilitation, refugees, Norway, 23711
PTSD & psychosis, 18–65 yr old Cambodian refugees, 40122
religious affiliation & activity, Indochinese refugee families, 1975–83, 11588
religious beliefs, life satisfaction, Buddhist Tibetan refugees vs native Hindus, India, 11578
resources & demographic variables, amount of & coping with economic distress, unemployed Southeast Asian refugees, Canada, 39727
social interaction & activity patterns, preschool age Sekele vs Kwengo refugee children on military base, Africa, 18670
social support characteristics, psychosocial adjustment to forced evacuation of community, married adults, Israel, 2 yr study, conference presentation, 8529
special needs & strengths, counseling practices, international students & Indochinese refugees, US, 2750
stress of camp internment, depressive mood & mental health, 18 yr old & older Southeast Asian refugees, Canada, 29498
team treatment approach, 57 yr old Hmong widow with depression & muscle & joint pains, case report, 37216
tendencies to universalize & pathologize in cross cultural psychotherapy, 39 yr old Middle Eastern male refugee, commentary, 33780
time elapsed since escape from homeland, escape nightmares, 24–71 yr old Czechoslovakian refugees, Switzerland, 3883
treatment of PTSD, Cambodian refugee patients at psychiatric clinic, 40565
Regression (Defense Mechanism)
judo principles, conflict solving strategies & advancement in psychotherapy, regressed & violent patients, 5948
perceptual regression indicated by use of color vs form in matching task, schizophrenic 18–50 yr olds, India, support for regression hypothesis of schizophrenia, 36566
psychoanalytic techniques & process, malignant regression, analysands, 37356
transference as product of regression, utilization of countertransference to control regression, 33814
Regression Analysis [See Statistical Regression]
Regression Artifact [See Statistical Regression]
Rehabilitation [See Also Cognitive Rehabilitation, Drug Rehabilitation, Occupational Therapy, Physical Therapy, Psychosocial Rehabilitation, Vocational Rehabilitation]
aquatic environments, physiological & psychological & social benefits, disabled children, 20256
assessment & instrumental procedures during implementation of augmentative & alternative communication device, 11 yr old male with severe communication & visual & cognitive impairments, 6487
assessment & multidisciplinary approach to rehabilitation treatment & outcome evaluation, 43 yr old male with chronic pain, 9842
assessment & treatment of metacognitive & executive & communication impairments, children & adults with severe head injuries, 23739
assessment & treatment, prisoners with brain dysfunction, 23796
auditory tracking & story modeling procedure, auditory comprehension, 4–5 yr olds males with moderate to severe hearing loss, 37849
aural rehabilitation, communication problems, hearing impaired elderly, 20240
aural rehabilitation Elderhostels at Gallaudet University, hearing impaired elderly, 38187
aural rehabilitation program &/vs information about individual cognitive style, perception of hearing handicap, 30–90 yr old hearing aid candidates, 37869
behavior patterns & interpersonal interaction assessed by behavioral mapping, feedback to staff, spinal cord injured patients in rehabilitation hospital, 9846
behavior therapy in rehabilitation, patients with various disorders, conference presentation, 20253
behavioral management of behavior disorder, brain injured patients in day rehabilitation program, 16937
behavioral techniques in functional skills training, severely brain damaged 20–37 yr olds, 20237
biofeedback assisted relaxation training, blood glucose levels, chronic Type 2 diabetic rehabilitation hospital patients with multiple symptomatology & poor prognosis, 3 mo followup, 41038
cardiac rehabilitation, sleep & arousal & relaxation & breathing methods & rest, patients with myocardial infarction, implications for occupational therapy, Great Britain, 30795
case management practices & head injury rehabilitation programs, 9840
categorical services, blind or visually impaired, conference presentation, 13193
cognitive skills performance & activities of daily living, adult stroke patients who were in vs not in remediation program, 41015
cognitive therapy as counseling model, rehabilitation counselors, 5925
communication rehabilitation issues, 20 yr old male with traumatic brain injury, case report, 37839
community based rehabilitation program in Alabama, adolescent offenders, 41105
community size & independent vs dependent living arrangement & employment status & social interaction, adjustment, patients with paraplegic or quadriplegic spinal cord injuries, 6488

Comprehensive Periodic Assessment Form, documentation of rehabilitation progress, geriatric patients, conference presentation, 37874
computers, rehabilitation, hospitalized elderly, 13192
conceptual clarification of dimensions in treatment environment of residential unit & staff & client interactions, 14–17 yr old offenders & facility staff, 27372
conditions for successful implementation of rehabilitation programs in corrections, 41099
construction & reliability of Louvain Observation Scales for Objectives in Psychomotor Therapy, psychiatric clients, 31553
continuous discourse tracking with word repetition & correction & speech strategy development, mildly to severely hearing impaired 60–96 yr olds in nursing homes, 6485
culture & patient functional status & psychosocial factors & health care delivery system, rehabilitation, elderly, literature review, 13175
culture based sociodrama, rehabilitation, chronic mentally ill inpatients, Jamaica, 4 yr study, 37789
day treatment programs in rehabilitation process, brain injured persons, 2780
definition & measurement of social support in rehabilitation settings, 34359
demographic characteristics & independent living & rehabilitation & intervention & family involvement & leadership issues in public policy making, blind elerly, 23492
depression & participation in or outcome of rehabilitation, chronic pain patients, 13204
development & factor analysis of Rehabilitation Profession Job Task Inventory & Rehabilitation Profession Knowledge Competency Inventory, rehabilitation service providers, 21062
development of community psychiatric rehabilitation services, mentally ill clients, Israel, 30652
developmental antecedents & adult adaptations, adult male rapists committed to treatment facility, 2970
didactic developmental teaching & behavior modification approaches, 35 yr old male with traumatic brain injury, case report, 2216
disability compensation, inpatient pain management outcomes, male chronic low back pain patients, 13227
doctoral dissertation research in rehabilitation, bibliography, 23720
early vs delayed aural rehabilitation, speech perception, deaf 29–68 yr olds with cochlear implants, 37856
efficacy & validity of optometric vision therapy, vision disorders, 2894
efficacy of special medical & rehabilitative interventions & societal & family duty & resource allocation, persons with severe traumatic brain injury, 27263
ethical issues in medical management & rehabilitation, patients with traumatic brain injury & HIV infection, 27254
evaluation & rehabilitation of diplopia, head injured patients, 41042
evaluation of ingroups vs outgroups during vs after rehabilitation, physically vs emotionally disabled rehabilitation patients, 20271
evaluation of psychiatric rehabilitation programs in community & hospital agencies, 1981–84, 9684
existential model with focus on therapeutic value of relationships in correctional treatment, 41096
experimental design & methods, assessment of rehabilitation outcome, patients with traumatic head injury, 27275
factors affecting services to older clients, private vs public sector rehabilitation personnel, 27255
family & personal predictors of adjustment following stroke, outpatients in rehabilitation, 30805
Goal Attainment Scaling, evaluation of effectiveness of individual habilitation plans, severely or profoundly mentally retarded clients of state residential institutions, 13092
GROW community mental health organization, group climate & processes & support & rehabilitation, mentally ill patients, Australia, 34249
health care delivery, rehabilitation, elderly, 30782
hierarchical model of rehabilitation goals, quality of life, disabled persons, 9850
historical context & normalization interpretation in professional/client relations, mentally handicapped, 27256
history of special education & research & services, blind & visually impaired children, Poland, 24115
implementation of augmentative & alternative communication systems based on changing needs & skills of client & support & training for family, 13 yr old head injured female, case report, 6486
instruction in use of modified battery powered leisure equipment, independent leisure activity, profoundly multiply handicapped 13–42 yr olds, 6493
interrater reliability of Rehabilitation Evaluation Hall & Baker scale, functioning level & selection of community facility, 22–77 yr olds in long term care, 7080
intervention program, development of autonomous functioning, 11–14 yr olds with moderate to severe physical disabilities, 30791
juvenile offender rehabilitation models, probation officer recommendations, Israel, 34424
knowledge of community rehabilitation services for blind & visually handicapped patients, ophthalmologists, 6477
legal & social issues of treatment alternatives, older sexual abusers of children, 37958
legal guardianship & rehabilitation goals, head injured persons, ethical implications, 27251
legislative & rehabilitative strategies, therapists who sexually abused clients, 34471
leisure education vs physical activity or informal discussion, self esteem & leisure functioning & participation & satisfaction & work & leisure attitudes, behaviorally disordered male youth offenders, 20330
level of support for custody & rehabilitation of criminal offenders, prison correctional officers, 34421
life satisfaction & physical & psychological & employment status, adult male cardiac rehabilitation patients, West Germany, 1 yr followup, 27287
long term care & rehabilitation programs, traumatic brain injury patients, 2866
management of denial in rehabilitation, spinal cord or traumatic brain injured clients, 6492
methods of evaluation of rehabilitation programs, mentally retarded adults, 16921
microcomputer aided head movement control device & training program to operate power wheel chair, mentally retarded nonvocal quadraplegic 34 & 36 yr olds, 34374
microcomputer skills training program, physically disabled 22–67 yr olds in rehabilitation, 34356
Millon Behavioral Health Inventory &/vs MMPI, prediction of improvement in motor behaviors, adults in outpatient pain rehabilitation program, 14182
MMPI, determination of rehabilitation potential, successful vs unsuccessful 17–61 yr old male criminals in residential treatment centers, conference presentation, 13281
model for evaluation of competency to consent to medical rehabilitative interventions, adults with traumatic brain injury, 27273
model kitchen design for independent living, visually impaired elderly, 13213
model of movement oriented aspects of interdisciplinary rehabilitation, physically disabled 2 yr olds to adolescents, Netherlands, 34370
model of satisfaction with outpatient rehabilitation services, patients treated for stroke or brain or spinal cord injury or other disability, 20270
moral education program, adult male inmates, 7 mo study, 37953
multidimensional paradigm approach to categorization of outcome criteria in rehabilitation, implications for rehabilitation practice, 20242
music based rehabilitation model, head trauma patients, 13207
neuromotor & sensory facilitation techniques, tongue thrusting & tonic bite reflex, profoundly mentally retarded 8 yr old female with cerebral palsy, 20236

neuropsychological assessment & rehabilitation, adults with severe psychiatric disability, 13187
neurosurgery, rehabilitation outcome, epileptic patients, 20050
obsessive compulsive component, rehabilitation, criminals, 2972
occupational therapy enhancement of cardiac rehabilitation program, outpatients with heart disease, Great Britain, 30789
Ohio State University's Project Transition, physical education assessment system, facilitation of transition from institution to community living, severely mentally retarded adults, 13203
overview of augmentative & alternative communication applications, children & adults with cerebral palsy or mental retardation or autism or developmental verbal apraxia or language disorders, 37860
partial sequential withdrawal design, assessment of meal preparation skills maintained following trainer withdrawal, moderately to severely mentally retarded 24 & 28 & 41 yr olds, 27283
participation in prison industry, recidivism, male offenders, 13276
perceived role components of rehabilitation work, paraprofessional workers in municipal social welfare departments or community centers, Israel, 6481
perception of benefit from patient's admission to geriatric assessment & rehabilitation unit, medical & nursing staff vs patients & caregivers, New Zealand, 27257
practical & therapeutic benefits of gardening, elderly, implications for health professionals in geriatrics field, 23728
prediagnostic aided communication intervention, 6 yr old functionally nonspeaking female with severe spastic athetoid cerebral palsy, case report, 37850
process & personal experience of recovery of valued sense of self & purpose in rehabilitation, physically disabled male & psychiatrically disabled female, 9839
program for teaching problem solving strategy in self care skills & safety, 21–30 yr olds with closed head injuries, 37847
psychiatric day hospitals & referral to rehabilitation team, psychiatric patients, 34331
psychiatric rehabilitation, adults with severe psychiatric disability, 13220
psychiatric rehabilitation approach to normal housing with specialized supports, adults with psychiatric disability, implications for residential services, 13178
psychiatric rehabilitation in partial care programs, adults with severe psychiatric disability, 13110
psychosocial factors, rehabilitation, female mastectomy patients, 16708
real life & computerized functional task training, mobility, low vision clients, 6474
recidivism & rehabilitation in Iowa correctional institutions, male inmates, 34420
recreational rehabilitation, visually impaired adults, 9837
rehabilitation based on vulnerability stress paradigm, psychotic juveniles, conference presentation, 20257
rehabilitation in group home active community environment, mentally retarded 51–78 yr old females, Wales, 23599
rehabilitation information dissemination for Third World countries, Pakistan, 30802
rehabilitation model of hypnotherapeutic approach, chronic pain patients, conference presentation, 16666
rehabilitation potential, long stay psychiatric inpatients under 65 yrs old, Scotland, 40984
rehabilitation program, cardiovascular patients, 20232
rehabilitation program, emotional & social & developmental delays, infants with bronchopulmonary dysplasia, 20255
rehabilitation programs & recidivism, sexual offenders, Norway, 20338
rehabilitation, stroke patients, 9857
rehabilitation vs nonrehabilitative treatment, posttreatment characteristics & outcome, patients with severe traumatic brain injuries, 27252
rehabilitation with transdisciplinary team in functional training environment, cognitive & social & physical functioning, traumatically brain injured adults, 9849
research foundations of EMG biofeedback in rehabilitation, 1943 to present, literature review, 37832
retributive vs rehabilitative penal system, affective responses, 17–55 yr old female prisoners, Ireland vs Sweden, 27367
role in day hospital & rehabilitative care program for elderly provided by interdisciplinary team using case manager approach, occupational therapists, 16918
role in rehabilitation of head injured patients, relatives, 23723
role of psychologist in long term care geriatric rehabilitation milieu, elderly with multiple chronic impairments, 34373
role of punishment vs rehabilitation in underlying philosophy of Young Offenders Act, Canada, 20329
role of transitional living centers in rehabilitation, traumatically brain injured adult males, 2873
salivary cortisol & anxiety & personality traits & adherence to cardiac rehabilitation program, males under 60 yrs old with myocardial infarction, 37845
self confidence & commitment to & trust in society, coping & psychosocial readjustment, disabled military veterans, Israel, 34344
self perceived sexual information & counseling needs, spinal cord injured clients in acute care vs rehabilitation vs posthabilitation, 27286
sensory integration, self induced linear & propulsive movement, disabled adults using wheelchairs, 30778
sensory stimulation, performance of activities of daily living, 65 yr old female with diabetes mellitus, case report, 16934
sexuality in rehabilitation process, patients with spinal cord injuries, 9856
social functioning ability & adjustment training & rehabilitation, conference presentation, 20243
social role valorization community reentry model, independent living services & community education, head injured patients, 9836
sociodemographic & personal characteristics, life satisfaction & rehabilitation status, 17–74 yr olds with spinal cord injury, Israel, followup study, 27277
software for miniature continuous performance test using Tandy PC-8 computer, RTs for directed attention training in rehabilitation or measurement of circadian rhythm disturbances, 29876
sport psychology principles, psychodynamics of injuries & rehabilitation, athletes, 20999
state & federal legislation & advocacy, services & resources, disabled Native Americans, 27276
strategies for reporting & management & rehabilitation, sexually exploitive therapists, 20368
stress & stress reduction techniques, mobility training process, visually impaired students & clients, literature review, 9854
systematization of attitude changes involving disability & application to rehabilitation psychology, psychologist F. Heider, 30808
theoretical framework of rehabilitation psychology, 13194
therapeutic applications of play & recreation & leisure activities, handicapped children, 27261
therapeutic retraining strategies, iconic memory, traumatically brain injured adolescents & adults, 41045
training adaptive community skills, mentally retarded, 27285
training in face perception & discrimination & naming, 11.6 yr old female with acquired prosopagnosia, 3 yr study, 23712
training in list recall & face name associations, adults with histories of closed head injury & amnesia, 2875
training using 2 types of apparatus, concentration, neurological rehabilitation center patients with attention deficits, conference presentation, 20264
transition from specialized to generic system with general programs, blind or visually handicapped, Norway, conference presentation, 13201
treatment & rehabilitation, torture victims & their families, Denmark, 30794

treatment, adjudicated juvenile offenders, 1980–87, literature review, 16999
treatment of conversion disorder in rehabilitation setting, 65 yr old male with physical symptoms of stroke, Canada, case report, 37872
types of cognitive communicative impairments & rehabilitation options in acute trauma center, patients with traumatic brain injury, 23730
use of social supports in planning for adult needs of disabled child, family functioning, parents of mentally retarded or physically disabled offspring 18 yrs old & older, 5535
utility & reliability & validity of conceptual matching model classification system, development of treatment/rehabilitation programs, criminals, 6574
value & limits of rehabilitative optometric services, 35 yr old female emerging from coma following brain injury, 41021
Rehabilitation (Drug) [See Drug Rehabilitation]
Rehabilitation (Psychosocial) [See Psychosocial Rehabilitation]
Rehabilitation (Vocational) [See Vocational Rehabilitation]
Rehabilitation Centers [See Also Sheltered Workshops]
approaches to & functions of substance abuse treatment research centers, 16982
behavior management programs in residential rehabilitation center, head injury patients, 2871
concept & model & techniques of behavior management, head injured patients in acute care rehabilitation facilities, 16920
development of program evaluation system, psychosocial rehabilitation center, 23721
employment placement patterns & client referenced outcomes, facilities providing vocational services to adults with developmental disabilities, 37867
facilities for vocational rehabilitation services, 55 yr olds & older, 13174
overcorrection behavior analysis procedure, room key & identification card loss, 16–74 yr old vocational rehabilitation center clients, 2 yr study, 41027
role of transitional living centers in rehabilitation, traumatically brain injured adult males, 2873
services purchased from facilities, directors of state vocational rehabilitation agencies, 16906
trends in nonprofit vocational rehabilitation facilities, 1980–84, 20248
Rehabilitation Counseling
acknowledgement & goal setting in counseling intervention, stress reduction & transition & coping & resumption of work role, clients with midcareer disabilities, 23729
advice vs extended inpatient vs outpatient treatment, alcoholic adults, Scotland, 2 yr followup, 2902
characteristics & vocational rehabilitation & counseling needs, adults with specific learning disabilities, implications for client employability & employer acceptance, 37854
code of ethics as working document, rehabilitation counselors, 3037
contributions to rehabilitation counseling literature, 1970–85, 6469
critical historical antecedents of ethical standards for rehabilitation counseling, 2869
cultural characteristics, provision of vocational rehabilitation services, disabled Native Americans living on vs off reservations, 27284
cultural characteristics, rehabilitation counseling, disabled Chinese Americans, 27259
demographic characteristics & cultural diversity & stereotypes, rehabilitation counseling, disabled Asian Americans, 27279
doctoral dissertation research in rehabilitation counseling, 1984–85, bibliography, 41034
ethical & professional issues, use of terms "psychological testing" & "assessment" in rehabilitation counseling, 3054
ethical responsibility for client advocacy, rehabilitation counseling, 2891
ethics of human dignity & client therapist relationship & self monitoring, rehabilitation counseling, 2892
Eurocentric vs Africentric world views in rehabilitation counseling models, disabled Black clients, 27274
Hispanic cultural diversity, rehabilitation counseling, implications for rehabilitation counselor education, 27437
integration of behavioral strategies in rehabilitation counseling, disabled clients, 37835
interaction patterns & acculturation & prediction of progress toward vocational potential, Mexican Americans with disabled family member, 39997
methodological strategies for research in rehabilitation counseling, practitioners, 2864
models of professionalism in rehabilitation counseling, 34348
personal & career counseling issues, 28 yr old female with back problems who underwent sexual reassignment from female to male, commentary, 13182
personal & career counseling issues, 28 yr old female with back problems who underwent sexual reassignment from female to male, commentary, 13199
personal & career counseling issues, 28 yr old female with back problems who underwent sexual reassignment from female to male, 13230
probability of successful outcome & utility of outcome & costs, motivation to return to work vs retire, persons who experienced mid career disabilities, 41403
psychosocial aspects & intervention strategies, persons with AIDS, implications for rehabilitation counseling, 9865
qualifications & responsibilities in professional relationship, rehabilitation counslors & clients, 2893
rehabilitation counseling needs, disabled ethnic minority clients, implications for counselor education, 27300
self perceived sexual information & counseling needs, spinal cord injured clients in acute care vs rehabilitation vs post-rehabilitation, 27286
suggestions for private counseling practice, novice rehabilitation counselors & rehabilitation counseling students, 37980
therapeutic metaphors in rehabilitative audiology counseling, female 21 yr old with hearing loss, case report, application of D. Gordon's technique, 6494
types & frequencies of problems encountered in residential care & day programs, 21–59 yr old staff members serving mentally retarded & borderline clients, 41053
underlying factors, decision to apply to & attend specific rehabilitation education programs, college students, implications for recruitment marketing, 20350
Rehabilitation Counselors
ability to recognize alcohol intoxication level, mental health counselors vs more vs less experienced alcohol counselors, 26322
career opportunities & personal characteristics, prospective head injury rehabilitation counselors in training, 9978
case record management as required professional skill, rehabilitation counselors, 37987
characteristics of graphs of single S data, visual analysis of interrater agreement in evaluation of client performance change, rehabilitation therapists, 14120
cognitive therapy as counseling model, rehabilitation counselors, 5925
current & pre-employment job expectations, burnout, state agency rehabilitation counselors, 9929
decision making models of ethical judgment, rehabilitation counselors, 3058
education & experience level, successful rehabilitation of clients with severe disabilities as measured by competitive closure rates, rehabilitation counselors, 41160
ethical responsibility in establishment & maintenance of professional competence, rehabilitation counselors, 2985
expected rehabilitation services for workers' compensation recipients, rehabilitation counseling graduate students, 2880
experience of & responses to terminally ill client's death, certified rehabilitation counselors, implications for further training, 20340
federal legislation, education & status & professional identity, rehabilitation counselors, 6609

gender bias, long term vocational goals & immediate employment recommendations in simulated case studies, vocational rehabilitation graduate & college students, 20249
guidelines for transitioning pediatric patients with traumatic brain injuries into special education services, rehabilitation professionals, 17279
importance of cross cultural courses in graduate education, professional rehabilitation counselors, 27470
interprofessional perceptions of relative roles & competence & status & respect, rehabilitation teachers & mobility instructors, implications for interdisciplinary blind rehabilitation, 27292
legal concept & ethical principle of confidentiality in rehabilitation counseling, 3015
meaning of certification, rehabilitation counselors, 3038
methodological strategies for research in rehabilitation counseling, practitioners, 2864
perceived importance of counselor characteristics for effective vocational rehabilitation counseling, counselors & supervisors, 41166
perceptions of present & ideal role & function of rehabilitation counselor in medical setting, medical & allied health personnel, 41137
personnel & placement activities & other resources, agencies providing vocational rehabilitation programs for blind & visually impaired clients, 20250
professional opinion on transition skills for employment & independent living, rehabilitation counselors & work study coordinators working with deaf adolescents & young adults, 30779
self concept & job setting & satisfaction, burnout, rehabilitation counselors, 13373
semantics of code of ethics for advertising fees & services, rehabilitation counselors, 3027
social support & supervision & job satisfaction, burnout, beginning rehabilitation workers, Israel, 30941
suggestions for private counseling practice, novice rehabilitation counselors & rehabilitation counseling students, 37980
test retest reliability & internal consistency & relationship to national standards & applicability of performance measures for use in vocational rehabilitation agencies, counselors, 17626
unified code of professional ethics, rehabilitation counselors, 6633
use & limitations of revised code of ethics, rehabilitation counselors, 3065
views of vocational rehabilitation success & failure, rehabilitation counselors vs their clients, 6491
Rehearsal [See Practice]
Reinforcement [See Also Differential Reinforcement, External Rewards, Fixed Interval Reinforcement, Fixed Ratio Reinforcement, Internal Rewards, Monetary Rewards, Negative Reinforcement, Noncontingent Reinforcement, Positive Reinforcement, Praise, Preferred Rewards, Primary Reinforcement, Punishment, Reinforcement Amounts, Reinforcement Delay, Reinforcement Schedules, Rewards, Secondary Reinforcement, Self Reinforcement, Social Reinforcement, Variable Interval Reinforcement, Variable Ratio Reinforcement, Verbal Reinforcement]
ability to classify reinforcers flexibly, male rats, 406
alcohol, computer videogame response with variability contingent reinforcement, adults, 32245
alteration of sequence of qualitatively different reinforcers, sequence of CRs, rats, 14516
brain dopamine & reward & motivation, literature review, 25079
central delta opioid receptors, mediation of opioid reinforcement & endogenous reward processes, male rats, 907
chronological account of Pavlovian conceptualization of reinforcement & extinction & formulation of generalization & differentiation of conditioned reflexes, 38996
computer assisted instruction with vs without reinforcement or formal classroom instruction, achievement in math vs reading, remedial 4th–8th graders, 10192
conditional numerical discrimination learning using qualitatively different reinforcers, male rats, 28405
construction & reliability & validity of Frequency of Self Reinforcement Questionnaire, college students, 17589
contingency management with reinforcing with vs without aversive consequences, 26–42 yr old polydrug abusers on methadone maintenance, 16966
devaluation of food reinforcers with toxin & extended instrumental training, response reinforcer associations, rats trained to make multiple instrumental responses, 3913
dose of haloperidol, stereotypic behavior & gross motor activity & reinforcement contingencies, moderately to profoundly mentally retarded 12.8–35 yr olds, 23352
D2 receptors, reinforcing effects of dopamine agonists in conditioned place preference, male rats, conference presentation, 7862
E. Berne's concept of strokes & their biological correlates & relationship to failure to thrive & depression, 29435
errors in contingency models of operant & Pavlovian conditioning, commentaries & reply included, 21372
food & water reinforcement & stimulus compounding, response rates, male rats, 21394
food reinforced keypecking, conjunctive differentiation of gape, pigeons, 14525
food vs social reinforcement, problem solving performance, timber wolf pups at 6 vs 13 wks old, 14529
food vs water reinforcer, form of keypecks vs ingestive responses, pigeons, 14539
freely available high vs low probability responses, instrumental reinforcement effect, moderately to mildly retarded 17–19 yr olds, test of response deprivation hypothesis, 23311
generalized matching equation, predictions & behavioral stereotypy development during response reinforcement, 14548
guided imagery & covert reinforcement, peer verbal initiations, autistic 8 & 9 & 13 yr olds, 16489
intermittent vs baseline vs massed reinforcement vs extinction of electrical brain stimulation, eating behavior, rats, 39209
learning and/or reinforcing sensory properties of saccharin solution, food intake & preference, male rats, 35725
modeling with vicarious vs direct reinforcement, observational learning & imitation & maintenance of buttonpressing, 4.7–5.5 yr olds, Japan, 15063
molecular analysis of reinforced vs nonreinforced response specific inhibition & extinction, animals, 155
number of response alternatives & reinforcement, vocal vs manual RT, 18–74 yr olds, 31828
onset of conditional reinforcer, control of pecking behavior, pigeons, 3943
personality variables, effects of alien reinforcement, 6th graders & college student teachers, 1039
pimozide, effect of sucrose as reinforcer, rats, 39341
pimozide, motor activity & operant behavior on random interval reinforcement schedule, rats, 32269
positive social reinforcement, vocalization assessed by experimental analysis of behavior methodology & operationalization of reinforcement definition, infants, 15206
presence vs absence of pecking requirement for food delivery, reinforcement of observing behavior, pigeons, 3919
price of food in variety of procedural manipulations, food consumption, 14550
probability level of freely available alternative response & response deprivation, instrumental performance, severely or trainable or educable mentally retarded 18–66 yr olds, 23321
procedural variables, magnitude of reinforcement effect, animals, literature review, 10896
psychodynamic vs reinforcement therapy groups, sleep disturbances & masturbation & sex play & enuresis & general misbehavior, sexually abused 6–12 yr olds, 9390
reinforcement contingencies, visual tracking performance & speed of acquisition of behavioral tolerance to alcohol effects, male college students, 7885
reinforcement, escape or avoidance barpressing, rats, implications for innate defensive responding, 14545
reinforcement in operant habituation paradigm, infants, commentary, 32412

reinforcement of mothers for giving improved diets, growth, 12–36 mo olds, Philippines, 23327
reinforcement, response force conditioning & generalization across behaviors, commentary, 38718
reinforcement with response contingent visual & auditory & vibratory stimulation, head turning, nonambulatory profoundly mentally retarded 11.3–29.2 yr olds, 26891
reinforcing qualities & effects of iv & oral caffeine, humans & animals, implications for physical dependency, conference presentation, 4372
respiration during reinforcement training, olfactory conditioning, rats, 14581
response deprivation & conditioned reinforcement & multiple schedule induced behavioral contrast, handicapped or autistic children, 23340
revision of Multidimensional Academic Specific Locus of Control Scale, measurement of expectancy of internal vs external control of reinforcement, 10629
rewarding series of easy requests, compliance with subsequent difficult task, 7–10 yr old moderately or severely retarded elementary school students, 3293
rewards, performance of reinforced behavior, meta analysis, literature review, 31893
scopolamine, repeated acquisition of radial arm maze performance, rats, 4451
social &/vs tangible reinforcers, operant behavior & extinction, mentally retarded 19–72 yr olds, 26922
stimulus control & positive & negative reinforcement, generalization of toileting skills, hydrocephalic 9 yr old male, 9447
stimulus intensity & reinforcement contingency, color preference, pigeons, 3904
stimulus reinforcer relations & type of reinforcing stimuli, conditional discrimination, moderately mentally retarded 14–20 yr old males, replication, 26377
successive presentation of nonreinforcements, counting & discriminative responding by numerical difference in runway task, male rats, implications for extinction & learning, 21361
task complexity & social praise vs monetary reward, motor task performance, depressed vs nondepressed female college students, 5077
theoretical issues & trends in reinforcement in intelligence testing, children & adolescents, literature review, 14075
theory of work adjustment & pattern of reinforcers of homemaker occupation & psychological needs & job satisfaction, married females, 25756
thermoregulation disrupted by propranolol hydrochloride & heat reinforcement, autoshaped keypecking performance, chicks, 24937
time efficient ongoing reinforcer assessment package, maladaptive behaviors, autistic male 4–5.1 yr olds, 37441
time of year, use of reinforcement & corrections for mainstreamed vs general education students, middle school social studies teachers, 27671
tone &/vs light association trials, discriminative inhibition of operant responding, male rats, 3907
type of reinforcement procedures, serious self injury, institutionalized retarded or autistic 13–35 yr olds, 34279
visually evoked fear of depth, maze learning, chicks, 35452
Reinforcement (Vicarious) [See Vicarious Experiences]
Reinforcement Amounts
choice of reinforcement high in probability vs amount, male rats, 7545
delay in small vs large reinforcer, self control & choice behavior, male vs female rats, 3967
food deprivation vs nondeprivation & consecutive vs nonconsecutive sessions & reinforcement frequency, impulsiveness & choice between larger & more delayed vs smaller & less delayed food, pigeons, 3935
food reinforcement magnitude, free operant response rates, rats, 3954
gradual delay increase, self control in selection of larger delayed vs smaller immediate reinforcers, impulsive 3.5–5.7 yr olds, 21908
independent vs nonindependent concurrent VI-VI schedule, sensitivity to amount & delay of reinforcement, pigeons, 14518
preference for greater weight &/vs number of units of food reward, rats, 14517
ratio size & reinforcement magnitude in FR schedules, choice of schedule, college students, 196
ratio size using FR reinforcement schedule & reinforcement magnitude, response rate & persistence, male rats, 424
reinforcement amount & delay, self control & choice behavior, severely mentally retarded 14–17 yr olds, 5551
reinforcement delay conditions, preference for short vs long food access duration, pigeons, 3940
reinforcement magnitude & frequency in concurrent VI VI schedule, choice behavior, 18–21 yr old male college students, 28292
response rate dependent FI reinforcement magnitude, response rate, male college students, 3683
simple matching vs maximization of reinforcement choice behavior under concurrent VI & VR schedules, male pigeons, 21384
theories of momentary vs global maximization of reinforcement vs matching under dependent concurrent VR schedules, prediction of schedule choice, 20–27 yr old females, 21268
time allocation & component reinforcer rates in multiple VI VI schedules, local response rates, pigeons, 38971
ventromedial hypothalamus lesions & reinforcement schedules & response effort in cost benefit analysis of demand for food, male rats, 25169
Reinforcement Delay
behavioral suppression by delayed reinforcement, multiple schedule behavioral contrast, 429
contingent vs noncontingent delayed reinforcement of food reward, previously learned running, rats, 38968
correctly cued trials, delayed matching to sample, pigeons, 3960
delay & probability of reinforcement, choice of alternatives, pigeons, 24952
delay duration, preferences for food reinforcement schedule with constant vs variable-equiprobable delay, rats, 7563
delay in administration of toxin following saccharin consumption, subsequent saccharin intake in 2 bottle testing procedure, rats, 28955
delay in small vs large reinforcer, self control & choice behavior, male vs female rats, 3967
food delay & waiting time before resuming reinforced behavior in periodic food schedules, pigeons, 21399
food deprivation vs nondeprivation & consecutive vs nonconsecutive sessions & reinforcement frequency, impulsiveness & choice between larger & more delayed vs smaller & less delayed food, pigeons, 3935
gradual delay increase, self control in selection of larger delayed vs smaller immediate reinforcers, impulsive 3.5–5.7 yr olds, 21908
handling & delay interval location, learning T maze discrimination with long reinforcement delay, rats, 3966
imipramine-like drugs & 5-HT uptake blockers, delay of reward behavior, male rats, 18292
immediate vs delayed delivery of low vs high frequency electrical stimulation of brain, self control choice of small vs large reinforcer, male rats, 781
immediate vs delayed reinforcement under VI schedules, key peck responding, pigeons, 3902
independent vs nonindependent concurrent VI-VI schedule, sensitivity to amount & delay of reinforcement, pigeons, 14518
initial link duration, preference for concurrent chain reinforcement schedules with FI vs fixed delay terminal links, pigeons, 412
interval length in FI positive reinforcement of adaptive behavior, stereotypic behavior, institutionalized profoundly mentally retarded 35–44 yr olds, 20269
methylphenidate dosages, response rate in FI schedule of reinforcement & delay of reinforcement gradient, rats, 14931

postselection delays, acquisition of radial maze performance & response to scopolamine, male rats, 4452
reinforcement amount & delay, self control & choice behavior, severely mentally retarded 14–17 yr olds, 5551
reinforcement delay conditions, preference for short vs long food access duration, pigeons, 3940
reinforcement delay less than 100 msec in classical conditioning, auditory & somatosensory & motor cortex EPs & CR development, male dogs, 21490
reinforcement delay preferences in concurrent chain schedules, pigeons, implications for hyperbolic decay model, 21364
reinforcement using differential outcomes conditional discrimination vs intertrial interval & reinforcement delay, behavioral sequence learning, male rats, 28433
response effort requirement & delayed vs immediate reinforcement, percentage of short interresponse times, male rats, 28400
sample-choice vs choice-reinforcement delay, stimulus discriminability, pigeons, 38985
signaled & unsignaled delays of food presentation as punishment of schedule induced drinking, rats, 432
unsignaled vs briefly signaled vs completely signaled delays to reinforcement, pecking response rate under VI schedule, pigeons, 14553
unsigned delays of vs response independent reinforcement after VI vs DRO schedules, keypecking, pigeons, 415
VR schedule with diffuse vs localized visual vs auditory signals correlated vs uncorrelated to reinforcement delay, response rate, male rats, 3952
within trial location of retention interval in light & tone stimulus sequences, delayed conditional discrimination performance, rats, 3912
Reinforcement Schedules [See Also Concurrent Reinforcement Schedules, Fixed Interval Reinforcement, Fixed Ratio Reinforcement, Reinforcement Delay, Variable Interval Reinforcement, Variable Ratio Reinforcement]
absolute reinforcement rate & carry over effects in multiple schedules, pigeons, 35483
acquisition & partial reinforcement extinction, heart rate & skin conductance, college students, 39160
addition of unreinforced discriminative stimuli during waiting period, acquisition of temporal response regulation, beagles, 17948
adrenal corticosterone, schedule induced wheel running, male rats, 7880
alternative reinforcement & variable time schedule, response suppression, rats, 35484
amphetamine, multitrial partial reinforcement extinction effect in operant chamber, rats, 35807
amphetamine, multitrial partial reinforcement extinction effect, rats, 35806
anticipatory appetitive behavior under circadian salt access schedules, adrenalectomized rats, 14797
apomorphine, acquisition of schedule induced polydipsia, male rats, 4487
behavior disruption with novel stimulus vs signal nonreinforcement in discrimination training, signal generated partial reinforcement extinction, rats, 28419
behavioral suppression by delayed reinforcement, multiple schedule behavioral contrast, 429
benzodiazepine antagonist RO 15-1788, food rewarded alley running on continuous vs partial reinforcement schedule, rats, implications for partial reinforcement extinction effects, 4376
central beta andrenergic mediation, effects of clenbuterol on DRL & mulitple FI/FR responses, rats, conference presentation, 21656
chained vs random interval vs multiple FI reinforcement schedules & haloperidol vs D-amphetamine sulfate vs sodium pentobarbital vs cholecystokinin-octapeptide, response rate, rats, 39267
choice of reinforcement high in probability vs amount, male rats, 7545
cholecystokinin, potentiation of rate decreasing effects of morphine on schedule controlled behavior, male rats, 14956
chronic prenatal ethanol induced hippocampus damage, single patterned alternation vs partial reinforcement extinction effect, rat pups, implications for role of hippocampus, 11130
clozapine vs loxapine vs haloperidol vs molindone vs thioridazeine, rates of fixed consecutive number responding, male rats, 14922
combined continuous & partial reinforcement schedules, response persistence during extinction, mentally retarded 5 & 6 yr old males, 6107
component duration during reinforcement under multiple food reward schedules, positive behavioral contrast in key pecking vs treadle pressing task, pigeons, 7546
conditioned avoidance behavior & defense reactions, male rats with vs without propensity for schedule induced polydipsia, 11110
contingent vs noncontingent delayed reinforcement of food reward, previously learned running, rats, 38968
continuous food reinforcement with continuous vs FR-4 secondary reinforcement, leverpressing response to secondary stimulus, male rats, 7555
continuous reinforcement, extinction of problem behavior previously maintained on variable reinforcement schedule, dog, 3909
continuous vs differential reinforcement of other-than-vocalization, vocalization rates, infants with Down's Syndrome, 9462
continuous vs partial reinforcement during Pavlovian serial conditioning with tone & light & food, response rate, rats, 14557
delay duration, preferences for food reinforcement schedule with constant vs variable-equiprobable delay, rats, 7563
delay of conditioned discriminative stimuli, conditioned reinforcement strength in keypeck responses, pigeons, 3947
delayed prompt teaching procedure in laboratory & applied settings, learning, developmentally disabled & normal 3–60 yr olds, literature review, 27693
diazepam vs benzodiazepine agonist RO 15-1788 vs inverse agonist FG 7142, schedule induced polydipsia & temporal control of behavior, male rats, 28921
differentiation of response location & measurement of response reinforcer contingency, male pigeons, 24942
DRL vs random ratio schedules of points reinforcement, operant vs alternative buttonpressing, college students, 10850
ethanol, effect of variable reinforcement contingency on autoshaped operant responding, male rats, 834
food delay & waiting time before resuming reinforced behavior in periodic food schedules, pigeons, 21399
FR vs VR vs random ratio reinforcement schedules, keypecking, pigeons, 410
FR with operant contingency vs fixed time noncontingent schedule of intermittent access to water, anticipatory water intake prior to water disruption, female rats, 3923
frequency of response independent food presentations during blackouts, response rate & resistance to change, pigeons, 35464
haloperidol, partial reinforcement extinction effect, rats, implications for neuroleptic action on reinforcement, 14847
haloperidol, schedule induced activity & feeding & foraging, male rats, 18425
im testosterone, schedule induced attack on conspecific target, male pigeons, 14926
interactive schedule, specification of response time reinforcement contingencies along single continuous dimension & integration of ratio & interval schedules, male rats, 405
intermittent schedule of food pellets vs powder delivery, polydipsia, food deprived rats, 28401
interpolated VR vs continuous reinforcement prior to extinction, inappropriate behavior, severely mentally retarded male 8–10 yr olds, 6101
interpolation of single FR component into baseline of FR schedules, postreinforcement pauses, pigeons, 31934

iv nicotine, reinforcement of rates of responding, rats & monkeys & humans, literature review, conference presentation, 7853
methsuximide vs mephenytoin, responding under fixed consecutive number schedule with vs without external discriminative stimulus, pigeons, 11300
multiple schedules of qualitatively different reinforcers, behavioral contrast, male rats, 419
nature of incentives in use & effectiveness of VR vs other reinforced schedules, productivity, sales personnel in financial services industry, 20756
nicotine & related compounds, schedule controlled behavior & discrimination, male rats, 32207
number of stimulus set & reinforcer frequency ratios, discrimination of different color wavelengths, pigeons, 38972
operant control of access to patch of future food, time horizon of response suppression in progressive ratio schedule, implications for foraging behavior, 25013
operant response contingent vs noncontingent appearance of pictorial stimuli, stimulus touching under continuous or FR reinforcement schedules, 12–18 mo olds, 973
oral pentobarbital concentration, schedule maintained drug self administration measuring reinforcement effect, food deprived vs satiated male rhesus monkeys, 35838
overall reinforcer rate feedback function & schedule preference, control of responding in concurrent VI schedules, pigeons, 31915
PCP & N-methyl-d-aspartate antagonists, schedule controlled responding, rats, 35889
posttraining manipulation of context value, performance to CS after random presentation during autoshaping, female pigeons, implications for comparator hypothesis, 3958
predictions of melioration & ratio invariance in reinforcement schedules, static & dynamic & quasi dynamic choice models, 3964
predictive accuracy of strength of approach to light effects, serial appetitive conditioning, rats, 10917
preference for response rate inconsistent with maximization theory, pigeons, 441
prereinforcement delay & reinforcer size & density, choice behavior, 6 & 9 & 12 yr old females, 32446
progressive time delay vs system of least prompts reinforcers, effectiveness & efficiency in learning to identify functional objects, 8.3–16 yr old trainable mentally retarded students, 27689
proportion of reinforced trails or alcohol & reward delay, preference for unpredictable reward in maze learning, rats, 14522
reinforcement contingencies, individual differences in running time in double runway apparatus, male rats, implications for attribute treatment interaction analysis, 28402
reinforcement schedule changes & criterion response, persistence of learned responses, college students, 14470
reinforcement schedule of food with vs without cocaine or diazepam, adjunctive drinking, rhesus monkeys, 4371
repeated toluene exposure, tolerance measured by responses to multiple reinforcement schedule using discriminative stimuli, male rats, 35884
reset contingency, choice of FR vs progressive ratio diminishing return schedules, pigeons, implications for optimal foraging theory, 25016
response effort, relative frequency of short interresponse time responding under FR 5 vs continuous reinforcement schedules, male rats, 403
response independent vs dependent conditioned reinforcers in VI schedule, anticipatory contrast during schedule transition, pigeons, 7562
response reinforcer dependency location in interval schedules of reinforcement, keypecking rates, male pigeons, 24951
schedule & length of training, reward induced stereotypy & negative transfer, college students, 21296
schedule dependency of squared reinforcement effect, male rats, 21385
schedule induced polydipsia, animal model of alcoholism, 21368
schedule induced vs prandial drinking, rats, 31907
schedule of access & ethanol concentration & proximity & ad lib vs food deprivation, ethanol consumption, male rats, conference presentation, 28903
segmentation ratio, reinforcement schedule preferences, pigeons, 3934
shock-shock interval & escape schedule, escape & avoidance behavior, male rats, 31930
short term in utero ethanol exposure at 7–9 vs 14–16 days gestation, partial reinforcement extinction effect & physical & reflex development, rat pups, 11320
small food reward vs conditioned reinforcement by light with large food reward following correct response & sequence length & duration of interresponse interval, response sequence learning, pigeons, 3937
stimulus & response factors, choice between interval schedules of unequal segmentation, homing pigeons, 428
stimulus potency & receptor affinity & schedule of reinforcement, drug discrimination, pigeons, conference presentation, application to PCP discrimination, 28913
stimulus similarity & discrimination performance, overall & local contrast in multiple schedules, pigeons, 21354
strain differences & contingencies of active & passive avoidance learning, rats, 14537
taste aversion conditioning, schedule induced polydipsia, female rats, 14551
temporal vs spatial information, reinforcement of observing behavior in mixed variable time extinction schedule, pigeons & rats, 7527
termination of 1st vs following color stimuli in reinforced chain, pecking, pigeons, 38973
U50,488 vs bremazocine vs Mr2266 vs morphine, responding under multiple FR-FI schedules of food presentation or stimulus shock termination, squirrel monkeys, 35778
variable time reinforcement independent of responding vs DRO, keypeck response rate under concurrent VI schedule, pigeons, 21377
ventromedial hypothalamus lesions & reinforcement schedules & response effort in cost benefit analysis of demand for food, male rats, 25169
6-OHDA lesions of nucleus accumbens, apomorphine self administration on progressive ratio schedule of reinforcement, male rats, 35719
Reinnervation [See Neural Development]
Rejection (Social) [See Social Acceptance]
Relapse (Disorders)
alcohol drinking relapse prevention model, couples, 30837
Alcoholics Anonymous attendance, relapse prevention, alcoholic 21–65 yr old inpatients followed at 6 mo intervals after discharge, 18 mo study, 2952
attitudes & social normative beliefs, prediction of relapse, 21–75 yr old alcoholic inpatients, 30834
attributions about relapses, adult married alcoholic males in group behavioral marital therapy, 2 yr followup, 2927
autohypnotic techniques, reintegration & prevention of relapse, female patient with multiple personality disorder, case report, 23471
behavioral family intervention & expressed emotion of relatives, relapse & readmission, schizophrenic adults, England, 2 yr followup, 40593
behavioral intervention with families, relapse, schizophrenic 16–64 yr olds from families with high vs low expressed emotion, 19864
causes & prevention of relapse, bipolar affective disorder, literature review, 33179
chronicity & recovery vs relapse & comorbidity, bulimic female 15–54 yr olds with vs without affective disturbances, 18 mo followup of longitudinal study, 33562
coerced vs voluntary admission to rehabilitation program, control over drinking & other outcome measures, hospitalized alcoholic males, 2 wk to 18 mo followups, 2956
cognitive behavioral relapse prevention & aftercare services, alcoholism treatment outcome, alcoholic adults, 41063
cognitive behavioral relapse prevention & interpersonal process aftercare groups, drinking outcome & change process & aftercare attendance, hospitalized alcoholic adults, 6 mo followup, 2921

cognitive restructuring group therapy, coping & distress & anxiety & symptom recurrence, patients with genital herpes, 12752
community based psychosocial rehabilitation program, recidivism & social adjustment & demoralization, 19–55 yr old mentally ill clients, 6 mo followup, 9864
community support & treatment program, rates of hospitalization & recidivism & cost, mentally ill 19–82 yr olds, 20114
conditioning factors related to dependence & relapse, heroin addicted vs alcoholic patients, 15944
cue exposure response prevention, smoking cessation & relapse prevention, 36 yr old female, 41088
cultural & historical dimensions of remission & relapse in alcoholism, implications for treatment & models of recovery, 6548
degree of concordance in attributions of relapse, alcoholic males & their wives who completed marital therapy for alcoholism, 2 yr followup, 19849
depression & prediction of relapse, chronic schizophrenic patients, 3 yr study, 5233
diazepam, early symptoms of relapse, schizophrenic patients, 19966
dietary treatment & compliance, adults with insulin dependent diabetes mellitus vs obese adults with noninsulin dependent diabetes mellitus, test of G. A. Marlatt & J. R. Gardon's model of relapse, 12593
discontinuation of clomipramine, return of symptoms, obsessive compulsive patients, 16612
discontinuation of lithium therapy, subsequent relapse or withdrawal symptoms, literature review, 9485
discontinuation of neuroleptic medication, return of psychotic symptoms, 34 yr old female, case report, 37516
drinking outcome expectancies, alcoholic males during relapse situations, 12220
early vs recent parenting version of Parental Bonding Instrument & parental expressed emotion, prediction of relapse, schizophrenic adults, 19187
education & family therapy vs relatives group, relapse & medication compliance, schizophrenic 16–65 yr olds living with relatives with high expressed emotion, 26858
education & treatment strategies for relapse prevention, cocaine addicted patients, conference presentation, 6563
emotional distress & stress & health locus of control & social support, genital herpes espisode frequency & severity & duration, 18–39 yr olds with recurrent genital herpes, 40453
environmental cues as CS, conditioned & unconditioned withdrawal & tolerance, relapsed vs abstinent vs at risk drug abuse patients, 15948
expressed emotion & marital distress & perceived spousal criticism, prediction of relapse, hospitalized patients with unipolar depression, 40115
expressed emotion responses in family members, risk of acute episodes, schizophrenic patients discharged to care of family, literature review, 11950
factors & characteristics, relapse, hospital treated heroin addicted & alcohol dependent adults, 12–20 yr study, prevention implications, 23779
factors surrounding relapse after successful detoxification, 15–38 yr old opiate abusers, 34378
family dynamics & demographics & symptoms & diagnosis, prediction of hospital readmission, psychiatric patients, implications for quality of community services, 9695
fluoxetine, prevention of episode recurrence, patients with major unipolar depression, conference presentation, 19991
frequency of followup interviews with vs without written self monitoring, alcohol use, alcoholic adults discharged from inpatient treatment, 1 yr study, 6544
frequency of recurrence & treatment seeking & type & stressful life events, depressed adults, Canada, 11 yr followup, 15719
genetic predisposition & temperament & neurochemistry & neuropsychological effects & defenses, relapse, alcoholic patients, 26344
Gottschalk-Glesser scales vs Camberwell Family Interview, assessment of relatives' expressed emotions & prediction of relapse, schizophrenic patients, 19113
haloperidol withdrawal, CSF norepinephrine & relapse, schizophrenic males, 40810
health values & locus of control & self efficacy, smoking relapse, ex-smokers who had quit through formal vs self treatment, 6567
hospital PTSD treatment program, improvement stability & symptom relapse, male 35–44 yr old Vietnam combat veterans, 12–26 mo followup, 40992
incidence of relapse, adults discharged from psychiatric unit after treatment for delusional depression, 6–48 mo followup, 5839
individual characteristics, prediction of relapse, male vs female ex-smokers, 6–12 mo followup, 13262
length of cycles & intervals between relapses, schizoaffective disordered patients, 10–59 yr followup, 19166
lithium dosage schedules & blood levels & toxicity & effects on fetus & relapse incidence, patients with bipolar disorder, conference presentation, 23389
lithium, early relapse, manic depressive patients, Scotland, 3 mo followup, 19983
living alone vs with adult relatives or friends who showed low vs high expressed emotion, relapse rates, schizophrenic adults, 12 mo study, Scotland, 8660
maintenance enhancement techniques, prevention of relapse in smoking cessation or weight loss or exercise programs, literature review, 9624
mandatory vs voluntary vs no aftercare, relapse, patients discharged from residential alcoholism treatment, 20301
medication termination, recurrence, 21–65 yr olds with unipolar depression, 34027
number of depressive episodes & other affective disorders & age at onset, recurrence of depression, unipolar 24–64 yr olds, longitudinal study, 33053
number of previous episodes & sex & age of onset & time since episode & depression level, relapse following recovery from episode of depression, adults, 29583
parental expressed emotion, relapse prediction, schizophrenic inpatients, 8689
partial tapering followed by abrupt withdrawal of alprazolam vs diazepam, anxiety & panic attacks, 19–63 yr olds with panic disorder, 37558
patient's presence at predischarge psychoeducation workshops, relapse & family involvement in outpatient care & satisfaction with & participation in workshop, relatives of psychiatric inpatients, 27236
personality pattern, patients with relapse of duodenal ulcer treated with maintenance antisecretory drugs, 2505
physical activity program vs educational support group, smoking relapse, adult females who had completed smoking cessation program, 6552
physiological & subjective drug related CRs, methadone outpatients & detoxifying inpatients & abstinent cocaine & opioid users, implications for relapse, 15907
placebo injections &/vs surveillance of alcohol intake during inpatient alcohol rehabilitation, relapse, 21–59 yr old females, 6564
positive & negative symptoms & formal thought disorder & depression, schizophrenic adult females rehospitalized 4.1–7.7 mo after 1st hospitalization, Denmark, 12037
prediction of rapid relapse after lithium withdrawal, patients with manic depression, 34065
predictors of survival time, 1st recurrent breast cancer patients, 7 yr followup, 19558
premenstrual relapse of puerperal psychosis, female 26–31 yr olds, 8558
pretreatment & posttreatment predictors of relapse & outcome, stuttering 17–60 yr olds treated with behavioral vs dynamic psychotherapy, 16274
prodromal signs & symptoms of psychotic relapse, recent onset schizophrenic outpatients, 12071
program adherence & coping strategies as predictors of success, adult smokers in behavioral smoking cessation program, 30832

psychological & environmental determinants of relapse, adult crack cocaine smokers, 33394
psychological & immunological predictors of genital herpes recurrence, 18–69 yr olds, 33564
psychological needs assessment, opiate & cocaine 1st admittees vs recidivists in drug abuse treatment, 20280
psychosocial factors in cocaine use & abstinence & relapse, opiate addicted adults, 2.5 yr followup, conference presentation, 13252
rational emotive therapy, relapse, chemically dependent patients in therapeutic community, 30853
recidivism & mortality, opioid addicts first treated when 15–29 yrs old, 11 yr followup, Denmark, 6529
recurrent relapses, perceived vulnerability & knowledge about precipitating factors & coping, schizophrenic 22–47 yr olds, 1721
relapse & degree of involvement in Alcoholics Anonymous, members 21–60 yrs old & older, 2944
relapse after methadone treatment, 15–38 yr old opiate addicts, 6 mo followup, 34389
relapse due to neuroleptic induced supersensitivity psychosis, 25–63 yr old schizophrenic or schizoaffective patients, 16576
relapse following rehabilitation, opiate addicts, England, 6526
relapse influences & rates, 12–18 yr olds in drug rehabilitation & their parents, 3 & 6 mo followups, 41059
REM & other sleep parameters, 19–65 yr olds with 1st episode vs recurrent major depression, 33051
REM latency during depressive episode, relapse prediction, adults with successfully treated depression, longitudinal study, 33052
role of arousal in gambling addictions, development of model of affective & decision making factor in reversions or relapses, conference presentation, 1768
serum neuroleptic activities, inhibition of relapse, schizophrenic 16–73 yr olds, 20010
serum neuroleptic levels, relapse rate, 19–63 yr olds with schizophrenia or schizoaffective disorder treated with fluphenazine with vs without other neuroleptics or antiparkinson agents, 4 yr followup, 12831
situational factors & coping strategies, outcome of relapse crisis, former smokers, 30813
social learning theory, alcohol relapse & treatment, 16981
stress & social support, recurrence of genital herpes simplex virus lesions, 20–46 yr olds, 9224
stressful events & coping responses, smoking relapse, ex-smokers, 13267
symptoms & outcome & relapse, 1st episode schizophrenic patients, 1 yr followup, Scotland, 8735
tardive dyskinesia during psychotic relapses, male 50 yr old with borderline schizophrenia receiving long term neuroleptic therapy, case report, 40116
timiperone vs sulpiride dosage, relapse prevention, schizophrenic outpatients in remission, 37538
traditional vs relapse prevention smoking cessation treatment, adult smokers, 1 yr followup, 30821
treatment & posttreatment variables, prediction of rapid relapse, psychiatric vs nonpsychiatric patients in residential treatment for chemical dependence, 27350
treatment issues in recovery & relapse prevention, substance abusing adolescents, 37886
utility & side effects of & prevention of relapse with neuroleptics, schizophrenic patients in psychosocial rehabilitation program, 6137
50 percent neuroleptic dose reduction, relapse, 28–66 yr old schizophrenic outpatients, 3 yr followup, 19944
6 wk inpatient vs outpatient alcoholism treatment vs single confrontational interview, recidivism, alcoholic patients, New Zealand, 6511

Relaxation
biofeedback based computer program RELAX, evaluation of conscious & unconscious self control of relaxation, 13–61 yr old males vs females, Australia, 12779
daily relaxation, serum immunoglobulins & secretion rates of salivary immunoglobulins & psychophysiologic symptom severity, adults, 28679
deep relaxation vs viewing of gruesome slides, dark focus accommodation, college students, 248
devotional Christian meditation vs progressive relaxation, physiological & psychological changes, college students, implications for clinical intervention, 26885
dichotic listening task prior to & after hypnosis, aural left vs right hemisphere function shift & relation to somatic relaxation assessed by heart & respiration & EMG, college students, replication, 25067
exercise & rest, state anxiety & BP, 25–60 yr olds, 7740
heating & cooling exposures in Finnish sauna, autonomic functions & relaxation, 28–50 yr old males, 18243
hyperventilation theory of relaxation induced anxiety & panic attacks, 33111
hypnosis & relaxation induced analgesia, strength & unpleasantness dimension of pain evoked by electrical tooth pulp stimulation & cold pressor, college students, 9597
imagery promoting anger vs fear vs relaxation, strength performance, male college students, 17494
industrial noise vs social discomfort stressors & relaxation, psychophysiological reactions, migraine sufferers in nonheadache state, 29996
lorazepam, memory & attention & sedation, adults, implications for Alzheimer's disease, 11286
personality traits & relaxation ability during autogenic training, 19–40 yr olds, 9339
relaxation &/vs imagery techniques, basketball free throw shooting performance, 10.2–12.4 yr old male athletes, 39590
relaxation activation autoregulative method, saliva cortisol levels, adults, 714
relaxation vs mathematical calculations vs acoustic stimuli, electrodermal reactivity of forefingers vs middle vs little fingers of right vs left hand, 19–22 yr olds, 14725
relaxation vs mental arithmetic task vs cold pressor test, BP & cardiac interbeat interval measuring baroreceptor reflex, female nurses & paramedical staff, 35684
sex & competitive vs noncompetitive EMG biofeedback training, relaxation, Type A vs Type B college students, 28677
signal detection methodology, envelope clairvoyance in relaxed vs normal state, adults, India, conference presentation, 21008
stability of participation in leisure activity & motivation factors, community residents, 5 yr study, 24489
suggestibility & contingent vs noncontingent heart rate biofeedback, relaxation, college students, 21620
time of audiotape relaxation training, teaching test performance & tension & EMG & heart rate & BP, 17–26 yr old instructor candidates, 3081
validity of heart speedometer, measurement of relaxation level, 32–71 yr olds, 38576

Relaxation Therapy [See Also Progressive Relaxation Therapy]
abbreviated progressive relaxation vs behavioral relaxation, pulse rate & rated anxiety, moderately or severely mentally retarded 25–69 yr olds with chronic anxiety, Scotland, 33971
activity scheduling vs relaxation training, spasmodic dysmenorrhea, female 18–44 yr olds, 23344
aerobic vs relaxation training, heart rate & BP & psychological stress, college students with high life event stressors, 30170
applied relaxation & perceptual restructuring behavior therapy, tinnitus loudness & discomfort & depression & irritation, adults with severe tinnitus, 9 mo followup, 2423
applied relaxation & situational analysis of pain onset, patients with non-ulcer dyspepsia, 19880
applied relaxation coping skill training, patients with anxiety reactions, 19904
applied relaxation vs social skills training vs in vivo exposure vs self instructional training, 20–60 yr old phobia patients, 19902

applied relaxation with vs without biofeedback, 28–82 yr old females with chronic lower back pain, Australia, 40736
applied tension &/vs applied relaxation, 18–51 yr olds with phobias for blood or wounds or injuries, 6 mo followup, 26913
applied vs progressive relaxation therapy, 22–58 yr old patients with panic or generalized anxiety disorder, 19903
audiocassette relaxation training vs long distance running exercise, visible tension & physiological responses & teaching test performance, sports instructor candidates, Finland, 30376
audiotapes for relaxation with guided imagery, state anxiety & urinary cortisol & healing, adult cholecystectomy patients, 12790
behavioral approaches to treatment, insomnia, 6104
behavioral program including relaxation & assertiveness & study skills training, personality change & academic achievement, female vs male 12–15 yr old students, India, 24237
behavioral relaxation training, 29 yr old male with chronic headaches & developmental disabilities, 30385
biofeedback & relaxation techniques in stress management training program, schizophrenic 26 yr old male, case report, 33983
biofeedback & relaxation/imagery techniques, 4–20 yr olds with chronic headache, 6111
biofeedback assisted relaxation training & self monitoring & in vivo exposure & response prevention, compulsive playing of video games, 18 yr old male, 9451
biofeedback assisted relaxation training, blood glucose levels, chronic Type 2 diabetic rehabilitation hospital patients with multiple symptomatology & poor prognosis, 3 mo followup, 41038
biofeedback or autogenic or relaxation training, Raynaud's disease, literature review, 16517
biofeedback therapy & relaxation training, 10–68 yr old chronic medical & psychiatric patients, 4–82 mo followup, 37450
biofeedback vs breathing relaxation vs autogenic training, BP & stress responses & quality of life & work capacity, male 20–45 yr olds with mild essential hypertension, conference presentation, 37414
breathing & relaxation with vs without training in vagal innervation methods, tachycardias & cognitive anxiety, adults with panic disorder, 6100
clinical profile & therapist relationship, development of relaxation induced panic, psychiatric patients, commentary, 2440
cognitive behavioral model of relaxation, 37459
contingent relaxation training, chronic tension headaches, 23–52 yr olds, 16473
cost effectiveness of biofeedback & relaxation & stress management, psychosomatic disorders, literature review, 2433
cue controlled relaxation technique, Gilles de la Tourette syndrome, severely mentally handicapped 13 yr old female, case report, 37465
demographic & psychological testing & headache history information, prediction of early termination from self regulatory treatment program, chronic headache patients, 30374
development of relaxation induced panic, patients with panic disorder, commentary, 2413
efficacy of treatment & therapist & client characteristics, relaxation & stress reduction therapy & hypertension, conference presentation, 30387
frequency of practice of relaxation based behavior modification, BP reduction & general effects, 35–64 yr olds at risk for coronary disorders, 4 yr followup, 2436
graded airflow with relaxation & EMG biofeedback followed by discriminative stimulus control, 19–38 yr old stutterers, 1–42 mo followup, 40822
group rational emotive therapy & relaxation training & drug treatment, depression & irritability & aggression, 31–44 yr old females with PMS, 40697
group relaxation program, personality changes, adults, 1 mo followup, 6064
group relaxation training procedures, 25–69 yr olds with moderate or severe mental retardation, 33917
humorous vs nonhumorous cartoons, muscle relaxation training, college students, 6099
hypnosis & relaxation training, pain perception & role of cardiac activity in pain regulation, college students, West Germany, 37263
hypnotic relaxation to induce labor, females with postterm pregnancies, Israel, 2576
imaginal relaxation vs desensitization, compulsive gambling, adults, implications for behavioral assessment, 19898
length of baseline in biofeedback &/or relaxation training research & clinical practice, 18–67 yr olds with tension &/vs migraine headaches, 16476
muscle relaxation & assertiveness training & systematic desensitization & cognitive methods, control & reduction of worrying, conference presentation, 37437
posthypnotic suggestion with vs without relaxation, competitive anxiety & performance, fencers, 10500
prediction of BP response to biofeedback assisted relaxation & development of hypertensive predictor profile, hypertensive 26–64 yr olds, 40731
progressive relaxation therapy, induced anxiety & relation to locus of control & fear of becoming anxious & losing control, 17–50 yr olds, replication, 23314
psychobiosocial intervention including hypnosis & body awareness techniques, threatened premature labor & stress, pregnant females, conference presentation, 23516
RELAX biofeedback program, assessment of effectiveness of relaxation therapy using T. Budzynski's hypnotic subliminal audiocassettes, anxious 14–61 yr old female vs male patients, Australia, 12778
relaxation & assertiveness training & systematic desensitization, distorted body image as result of conditioned fear, 28 yr old female with bulimia nervosa, case report, 16487
relaxation & cognitive restructuring & behavioral techniques, psychogenic vomiting, 33 yr old female, case report, 1 & 3 yr followups, 16291
relaxation & EMG & thermal biofeedback training, subjective tinnitus, 19–62 yr olds, 16496
relaxation & guided imagery, immune system & psychological changes, patients with metastatic cancer, 23326
relaxation & hypnotically guided imagery in therapy, 32 yr old female with vaginismus, case report, 9596
relaxation & social skills training & cognitive restructuring, adult chronic pain patients, 2 yr followup, 30396
relaxation &/vs imagery vs thermal biofeedback, pain management, 9–70 yr old severely brain injured patients, 9436
relaxation groups in primary health care, implications for occupational therapists in illness prevention, 9308
relaxation gymnastics, psychological stress & prevention of shoulder & neck pain, adult female, 2424
relaxation induction, benign chronic pain patients, 2427
relaxation of stressful stimulation, psychologically induced airway changes, patients with asthma, 40725
relaxation or biofeedback training or other behavioral interventions vs drug therapy, BP, hypertensive patients, meta analysis, conference presentation, 37230
relaxation response training, attention on task of manual response to visual stimuli, male 18–45 yr olds with schizophrenia or antisocial personality, 12808
relaxation techniques, clinical symptoms, meta analysis, 40721
relaxation techniques in clinical social work, individual clients & groups, 6372
relaxation therapy &/vs exposure to somatic cues combined with cognitive therapy, 18–65 yr olds with panic disorder, 33676
relaxation therapy, outpatients with essential hypertension, 1 mo followup, 37453
relaxation therapy, symptoms & compliance, 12–17 yr olds with chronic headaches, 23351
relaxation therapy with vs without cognitive behavior therapy, 17–41 yr olds with tension headaches, 6108
relaxation training & imaginal & in vivo exposure, pill taking avoidance, 27 yr old female, case report, 33977

relaxation training & Kegel exercises & practice in urinary control, 32 yr old female with urinary urgency associated with sexual arousal, case report, 12776
relaxation training, acquisition of job interview skills, vocational rehabilitation clients, 20234
relaxation training vs attention control vs problem discussion & personal characteristics, prediction of treatment outcome, 16–18 yr olds with recurrent headaches, 9279
relaxation training vs stress-coping training, 19–59 yr olds with migraine, 3 yr followup, 30394
relaxation training with vs without galvanic skin response biofeedback, reduction in Type A behavior & heart disease risk, Type A vs Type B family members, 12795
relaxation training with vs without practice at home with vs without compliance training, anxiety, college students, 2412
relaxation training, 14–18 yr olds with tension or migraine headache, 19893
relaxation training, 9–17 yr olds with frequent migraine, 3 mo & 1 yr followups, 23334
relaxation vs drug therapy, left ventricular mass & arterial BP & plasma norepinephrine measuring sympathetic nervous system tone, adults with primary hypertension, conference presentation, 37209
relaxation vs stress-coping training, migraine patients, 6102
respiratory retraining vs in-situ relaxation vs cognitive modification, psychophysiological changes associated with panic & anxiety & negative cognitions, agoraphobic 26–41 yr olds, 6 yr followup, 37425
self hypnosis & cue controlled relaxation & guided imagery, chemotherapy associated nausea & emesis, 11 yr old cancer patient, 40724
side effects of passive vs progressive relaxation training, seriously disturbed 24–74 yr old inpatients, 33978
symptom contingent relaxation techniques, epileptic patients, 19885
thermal biofeedback vs autogenic training vs self relaxation, BP, White male 21–61 yr olds with mild hypertension, US vs USSR, conference presentation, 37417
Type A vs Type B behavior style & relaxation therapy, psychosocial adjustment, 35–74 yr old males following myocardial infarction, 16505
worksite relaxation vs stress management training vs education/support group, anxiety & depression & hostility & job satisfaction & work stress & BP, employees of high technology companies, 3439
yoga relaxation therapy, 46 yr old male Air Force aviator with history of mild essential hypertension unresponsive to drug & diet & exercise treatments, 37419

Relearning
context & encoding & retrieval, reacquisition following extinction, rats, 14510
learning & recall of name-number pairs, repairing induced forgetting & individual differences in retention & relearning of original pairs, military recruits, 28329
radial arm maze training & subsequent nucleus basalis magnocellularis lesions with vs without cortical sympathetic ingrowth, spatial memory task relearning, male rats, 21692
savings for apparently forgotten words or simple line drawing pictures or complex photographs & retention interval, recall after relearning & long term memory, college students, 7460

Reliability (Statistical) [See Statistical Reliability]
Reliability (Test) [See Test Reliability]
Religion [See Also Related Terms]
A. T. Boisen's contributions to pastoral care & counseling, 9746
A. T. Boisen's theories of mental illness & religious experience & societal role of church, implications for pastoral counseling, 8501
atheistic-materialistic vs theistic-sovereign vs theistic-consoling perspectives on tragedy & suffering & relevance of near death experience research, 4802
church based sexuality education program, prevention of unplanned teenage pregnancy, adolescents & parents, implications for parental involvement, 20124
concepts common to psychology & theology in understanding development of pathology, 40045
development of A. T. Boisen's psychology of religion & relationship to W. James' theories, 8222
discursive structure of religious statement, impact & interpretation of message about social goals, listeners, 36262
disenchantment & reenchantment & cosmicization as types of relationship between psychological theories & religion, 8221
drug based religions & contemporary drug taking, 4807
emotional & spiritual support to bereaved, religious congregation, 4798
examination of conflicting interpretations regarding roles of evangelical Christianity & West African tribal culture, determination of Black religious consciousness & experience, 22159
historical & changing role of church, Black communities, social & political implications, 22160
history of A. T. Boisen's pastoral theology, 9734

religion, deterrent to suicide & crime & homosexuality & cultism, 36725
religion suicide link & E. Durkheim's theoretical interpretation, social network theory of suicide, 29728
salvific effects of rational emotive therapy & critique of religion & mysticism & transpersonal psychology, commentary, 23249

Religiosity
age & time period & cohort group, socialization to religious practice & participation, older adults, 18728
antireligious humanistic values in empirical analyses of religiosity & self esteem & self acceptance & guilt & sin & grace scales, college students, 8232
attitudes toward Christianity & neuroticism & extraversion & lie scores on Eysenck Personality Questionnaire, 11–16 yr old males vs females, implications for correlation between religiosity & maturity, 15167
belief in & relationship with deity, stress reactions & psychological well being, 18 yr olds & older, 36490
caste & sex & age & urban vs rural area, religiosity, adult residents, India, 1185
Christian religiosity, attitude toward death & dying, dying female vs male 45–55 yr olds, West Germany, 8478
client's religiosity & presenting problems, perceived use of spiritual guidance techniques in psychotherapy, Christian counselors & psychotherapists, 23250
commitment to religious identity, participation in work force, males vs females, 1972–85, 25691
complementary-empowering model of ministerial leadership, maturity of congregational members & minister's leadership activities, 22125
death anxiety & intrinsic religiosity, male 61–88 yr olds, 39717
demographic factors & religious practices & beliefs & political self identification, moral attitudes, 18–60 yr olds, 25715
denomination vs church attendance, prediction of suicide & homicide rates, 8814
development & validity of short form of Junior Eysenck Personality Questionnaire & relationship to religious attitudes, 15–16 yr olds, 17581
ethnicity & foreignness & language used & religiosity, family values & transition to adulthood & independent living expectations, high school students, 29029

extrinsic vs intrinsic religiosity & prejudice, 16–19 yr old college students, Venezuela vs other countries, 11593
intrinsic vs extrinsic religiousness, adjustment to bereavement, elderly widows & widowers, 39714
introversion & neuroticism & psychoticism & lie scores, mystical experience, college students, 1426
irrational beliefs & religiosity, disposition to feel guilt, Catholic vs Protestant vs Jewish vs nonaffiliated 22–80 yr olds, 29200
level of religiosity & principled moral judgment, 26–50 yr old Muslims vs Catholics vs Sikhs vs Hindus, India, 18746
meaning of religion & morality & religiosity, Oriental 50–90 yr old Jewish females, Jerusalem, 32620
mind body dualism & religiosity & belief in ESP, college students, 28029
neighboring patterns & interpersonal relationships, religious vs nonreligious Jewish middle class adults, Israel, 32621
neuroticism & religiosity, college students, India, 36461
religiosity & locus of control, coping with mental retardation, mothers with retarded 3–20 yr olds, 15990
religiosity & locus of control, 10–23 yr old cancer patients, 2137
religiosity & superstitiousness, college students, 22132
religiosity, frequency of anomalous or psi experiences, college students, China vs US, 18753
religiosity in Protestant denomination & alcohol use & misuse, adults, 15261
religiosity, life meaning & psychological well being, adult females, 18744
religiosity or religious involvement, socioemotional aspects of loneliness, 62 yr olds & older, 32571
religious activities & attitudes, well being & morale, 55 yr olds & older, 4768
religious affiliation & activity, Indochinese refugee families, 1975–83, 11588
religious beliefs & practices, death anxiety, 60 yr olds & older, 11553
religious beliefs & religiosity as conservative influence, voting behavior, male vs female voters, 1980–84 elections, 36319
religious commitments, assertiveness & depression & other psychological factors, college students, 36258
religious discordance mediated by orthodoxy, religiosity & alienation, 16–89 yr olds, 18756
religious faith as gift & aspect of individual growth, 1182
religious imagery & devotional style & closeness to God & religiosity, political ideology & specific issues positions, Catholic parishioners, 25713
religious interests & attitudes & religiosity & early experiences & psychopathology, epileptic 17–61 yr olds, 37132
religious intrinsicness vs interactional orientation, confrontation of existential problems, college students, commentary included, 22441
religious involvement & importance of work, adult male Muslims, Japan, 8223
religious involvement & stressful life events, self esteem & feelings of personal control, Black 55 yr olds & older, test of suppressor vs moderator vs distress deterrent models, 29402
religious orientation & social desirability & prejudice, college students, 25945
religious orientation, altruistic behavior, college students participating in vs not participating in service volunteer work, 34673
religiousness of home atmosphere & self religiousness & belief in God & ritual observance, GPA, college students, 34670
statewide church attendance rates vs other sociodemographic characteristics, suicide & homicide rates, 1816
validity & reliability & Eysenck Personality Questionnaire-Revised & relationship with religiosity, 15–16 yr olds, 10588
validity of 3 dimensional model of religious orientation, assessment of moral judgment & religiosity, graduate students, 21132

Religious Affiliation [See Also Buddhism, Christianity, Fundamentalism, Hinduism, Islam, Judaism, Protestantism, Roman Catholicism, Shamanism, Zen Buddhism]
academic specialization & religious affiliation, attitudes toward Blacks & willingness to engage in antidiscriminatory behavior, education students vs other college students, 31148
application of M. Weber's theoretical perspective to polygyny, Mormons, 19th century, conference presentation, 36299
Christian & New England influences, development of psychology at Colorado College, 3123
Confucian vs Taoist vs Christian traditions & sociocultural development, sexuality & love & marriage, Hong Kong, 8310
conversion to Catholicism, Jews, 22147
conversion to traditional vs nontraditional religious affiliation, psychological well being, adult members of Hare Krishna or Bahai or Jewish or Catholic faith, 18763
culture, creative thinking, male Adivasi vs Hindu vs Muslim college students, 10810
demographic & religious & other factors, belief in life after death, adults, 39968
denomination vs church attendance, prediction of suicide & homicide rates, 8814
ethnicity & religious affiliation, fear of personal death & positive life regard, college students, 32608
gerontological issues & consultations & adaptations, religious order congregations & social workers, 6363
history of Brigham Young University & development of behavioral science programs & suspicion of secularism, 1875–1970's, 3107
individualistic vs societal values & language choice, bilingual Hindu vs Muslim vs Sikh immigrants vs indigenous adults, Great Britain, 15269
irrational beliefs & religiosity, disposition to feel guilt, Catholic vs Protestant vs Jewish vs nonaffiliated 22–80 yr olds, 29200
L. Kohlberg's levels of moral development & Piaget's stages of cognitive & moral development & levels of spiritual development & denominational choice, 11353
level of religiosity & principled moral judgment, 26–50 yr old Muslims vs Catholics vs Sikhs vs Hindus, India, 18746
long term involvement in Scientology, personality, 16–72 yr olds, 25706
Morman cultural influences & history of Weber State College, development of psychology & course content, 1892 to present, 3140
perceptions of church based mental health services for frail elderly & their families, clergy & volunteers & mental health professionals, 13025
psychological semantic structure, 19–30 yr old members of Hare Krishna or Maharaj Ji Premies or Jesus People or Catholic Seminarian community, South Africa, 8231
psychosocial factors, religious conversion & cult membership, North America, literature review, 11596
religion, suicide attempts, Chinese vs Malay vs Indian females, Singapore, 22718
religious affiliation & activity, Indochinese refugee families, 1975–83, 11588
religious affiliation & lifestyle, pregnancy outcomes, adult females, Australia, 4808
religious affiliation & nationality of artist, perceived quality of drawings by school children, male Moslem Guineans, France, 15455
religious affiliation & other religion factors, health care utilization, adults, literature review, 27078
religious affiliations, patients in mental health research samples, 1978–82, 22582
religious beliefs & attitudes toward & refusal to accept blood transfusion, Jehovah's Witnesses, implications for legal aspects of physician responsibility, 20096
religious schema, personal value system, Protestant vs Catholic vs atheistic college students, Hong Kong, 39740

religious secular beliefs, purpose & meaning in life, Catholic vs Mennonite college students vs members of other religions, 25712
stereotyped sex role attitudes, 18–24 yr old Muslim vs Christian vs Sikh vs Hindu college students, India, 18852
Taoist & Buddhist perspectives on spontaneity & naturalness, 4819
values, college students at Christian liberal arts college vs state university, 24073
Religious Beliefs [See Also Atheism, Fundamentalism, God Concepts, Religiosity, Religious Affiliation, Sin]
age, basis of beliefs & attitudes toward religious experience & frequency of religious practices, 25–78 yr old Catholic diocesan priests, 4797
attitudes toward Christianity, comprehensive school students, 1974–86, England, 39623
belief in afterlife, perspective on death, college students, 32900
belief in divine intervention & religiosity & locus of control, spiritual guidance or health care utilization for sick child, parents of different religious denominations, 6232
belief in sin & grace & anxiety & neuroticism & locus of control & self efficacy & depression, college students, 22442
beliefs questionnaire, ingroup vs outgroup comparison condition vs self condition, Christian vs atheist college students, 36443
creationism & scientism & academic curriculum, attitudes toward Christianity, 16–24 yr old high school students, Kenya, 6752
cultural & attitude similarity toward religion & politics & society & economy, interpersonal attraction, Hindu vs Muslim male college students, India, 36449
cultural variables & social relatedness & religious philosophical belief systems, rationale & technique of Western psychotherapy, India, 16424
Darwinian methods & sociobiological theory of evolved predispositions in cultural evolution vs religious beliefs of afterlife, cultural variations, 25704
demographic & family background factors & religious beliefs, sexual attitudes & behavior, 15–18 yr olds, 11503
development of Christian Experience Inventory, empirical measurement of religious maturity, adult Presbyterians or seminarians or Catholics, implications for parish ministry, 35089
elements of healthy religious belief, 11586
factor analysis of R. W. Hood's mysticism scale, college students, Australia, 3561
God's holiness & Old or New Testament belief, human self esteem, 22129
guilt & belief in sin & grace, self awareness & empathy & depression, college students, 22443
incorporation of religious care into treatment program in acute psychiatric day hospital, patients, implications for discharge planning, 9752
integration of literature on parent child relations & biblical model of God as parent, maturity empowering model of Christian parenting, 36264
intelligence, social & religious & political attitudes, English speaking teacher trainees vs Afrikaans speaking college students, South Africa, 4806
interrelations of demon possession & mental illness, 40074
issues of invoking God & religious concepts in counseling, 13076
Jungian & dream analysis, conflict between highly developed intellectual vs emotional side & Catholic faith, 24 yr old male, case report, conference presentation, 16418
liberal vs fundamentalist Christian eschatologies, identity & motivation in nuclear context, 11602
literal vs analogical use of metaphors of Christianity, advocates vs opponents of prohibition, 32613
meaning of religion & morality & religiosity, Oriental 50–90 yr old Jewish females, Jerusalem, 32620
model of socialization process & construction & maintenance of subjective reality in conversation, members of new religious group, Japan, 36256
model of spiritual resources of Judeo-Christian tradition in grief process, conference presentation, 36245
religious activities & attitudes, mental & physical health & disorders & health behaviors, 56–94 yr old geriatric outpatients, 8511
religious belief & fear of death, college students, 32849
religious beliefs & attitudes toward & refusal to accept blood transfusion, Jehovah's Witnesses, implications for legal aspects of physician responsibility, 20096
religious beliefs & difficulty & apathy & boredom & satisfaction & social conscience, Mennonite vs Presbyterian vs Roman Catholic 20–95 yr olds, support for multidimensional model of religion, 11581
religious beliefs & hope for release & coping, prisoners expecting release vs sentenced to life without parole, 27371
religious beliefs & practices, death anxiety, 60 yr olds & older, 11553
religious beliefs & practices, psychiatric inpatients, 19146
religious beliefs & problem solving styles, church members, 4810
religious beliefs & religiosity as conservative influence, voting behavior, male vs female voters, 1980–84 elections, 36319
religious beliefs, life satisfaction, Buddhist Tibetan refugees vs native Hindus, India, 11578
religious concerns & biblical teachings, counseling process, battered female clients from fundamentalist Christian backgrounds, 6370
religious conviction, psychiatry, 12557
religious faith as gift & aspect of individual growth, 1182
religious faith development, older adults, 18732
religious imagery & devotional style & closeness to God & religiosity, political ideology & specific issues positions, Catholic parishioners, 25713
religious interests & attitudes & religiosity & early experiences & psychopathology, epileptic 17–61 yr olds, 37132
religious orientation & sin related beliefs vs irrational beliefs as identified by A. Ellis, Protestant college students, 25711
religious schema, personal value system, Protestant vs Catholic vs atheistic college students, Hong Kong, 39740
religious secular beliefs, purpose & meaning in life, Catholic vs Mennonite college students vs members of other religions, 25712
religious values & ethics in workplace, Canada, implications for organizational structure & management practices, 34904
role of Black church in prevention of premature parenthood & postponement of sexual activity, Black adolescents, 39593
santeria religious system belief in spirit possession, diagnosis & treatment, mentally ill Cuban American 32–70 yr olds, 19044
sex & religion & family size & desired number of children, preferred methods of dealing with unplanned pregnancy, Black vs White college students, 15398
sex, religious conviction & organizational commitment & job involvement & work ethic & needs, working adults, 31396
shelter in convents or Catholic homes or abbeys during Holocaust, self representation & identity formation, Jewish females, 25692
social & cultural & religious & political implications for & psychological trends in alternative child care, 36285
stressful life events, religious coping strategies & adjustment, 55–80 yr olds, 8180
subjective religious experiences & parapsychological parallels of crisis apparitions & near death experience, 35032
symbolic analysis of herb & botanic medicine therapeutic properties & relation to religious beliefs, 19th century Shakers, 39739
teaching methods, religious dogmatism & promotion of critical thinking skills, Christian college students, 3141
theistic vs atheistic counselor values, client trust, Mormon counseling clients & church leaders, 23628
theological vs psychological viewpoint of forgiveness, psychotherapeutic processes, 37337

theoretical perspectives explaining popular appeal of Moral Majority conservative political organization & related religious fundamentalism, community residents, 15366
type of religious group & alcohol & drug education programs, perception & prevention of youth substance use, church pastors, 6534
validity of Social-Religious-Political Scale, college students, South Africa, 17601
validity of 3 dimensional model of religious orientation, assessment of moral judgment & religiosity, graduate students, 21132
Religious Education
measurement of attitudes toward Christianity, 11–16 yr old Catholic school students, Scotland vs England, 31158
moral development, evangelical college & seminary students, 27638
Religious Literature [See Also Bible]
characteristics of mystical experiences portrayed in W. James's "The Varieties of Religious Experience" & in sermons of Bernard of Clairvaux, 36251
death wishes & depression & religious development in Thiruvachakam, India, implications for psychotherapy, 36255
Religious Occupations [See Religious Personnel]
Religious Personnel [See Also Clergy, Evangelists, Ministers (Religion), Missionaries, Nuns, Priests, Seminarians]
group psychotherapy in long term psychiatric setting, low vs medium vs high functioning inpatients who were priests or vowed religious, 19845
internal merger & restructuring in female religious order, perceived personal importance & national cooperation, organization members, 20822
knowledge & attitudes about AIDS, 21–65 yr old directors of Southern Baptist church education activities, 33458
occupational & personal stress, female vs male religious personnel, conference presentation, 10404
team building interventions & group dynamics, organizational development, religious organizations, 31386
Religious Practices [See Also Faith Healing, Meditation, Prayer, Yoga]
age & time period & cohort group, socialization to religious practice & participation, older adults, 18728
age, basis of beliefs & attitudes toward religious experience & frequency of religious practices, 25–78 yr old Catholic diocesan priests, 4797
coverage of new religious movements & cults in newspapers & newsweeklies, 1972–84, 15274
cultural significance & signs of Christmas, 9–10 yr olds, England, 4560
dietary restrictions, participation in Passover meal or reception of Communion, 5–71 yr olds with Celiac-Sprue disease with different religious affiliations, 1961
drug based religions & contemporary drug taking, 4807
frame intrusion & public witnessing, convert winning, evangelical Christians, 36241
handgun control laws & church attendance, suicide & homicide rates, 1980, 1813
negative sentiments & sibling rivalry of communitas in pilgrimages, Israel, commentary, 18742
postmodern theory of ritual & social behavior, totality vs transformation & temporality, 22114
psychobiology & training techniques for trances, participants in Thaipusam festival, Malaysia, 21336
religious activities & attitudes, mental & physical health & disorders & health behaviors, 56–94 yr old geriatric outpatients, 8511
religious activities & attitudes, well being & morale, 55 yr olds & older, 4768
religious beliefs & practices, psychiatric inpatients, 19146
rituals & sacralization in consumer behavior, 41530
semiotics of ritual healing in Muslim shrine, adult females, India, 18757
Religious Prejudices
parental religious prejudice & rearing style, degree of religious prejudice, Muslim vs Hindu male vs female 10th–11th graders, India, 18516
REM [See Rapid Eye Movement]
REM Dreams
intensive French language course, dream content during REM periods collected verbally vs in writing measuring language integration, English-speaking 18–28 yr olds, conference presentation, 10867
pleasant vs unpleasant olfactory stimulation during REM sleep, incorporation into dream content, college students, conference presentation, 10885
prediction & appropriateness of dream feelings to dreamed situations, 18–38 yr olds, 3885
processing of memories & knowledge in REM & NREM dreams, adult males, 35410
recurring themes & images, consecutive REM dreams, 19 yr old male, 28377
REM sleep physiology & dreams, patients with neuroses & psychosomatic disorders, implications for etiology, 5127
REM Sleep
active avoidance training, EEG analysis of postacquisition synchronized vs paradoxical sleep parameters, female rats, 11006
active avoidance training, postacquisition synchronized vs paradoxical sleep parameters & brain DNA synthesis, female rats, 11007
age & sex & time of night, delta & REM sleep, healthy 6–16 yr olds, 25383
age, EEG waveforms during REM sleep, male 21–70 yr olds, 28599
amygdaloid kindled seizures, REM sleep & inhibitory avoidance memory, male rats, 7800
arecoline, induction of REM sleep, bipolar 18–59 yr olds, replication, 29608
biofeedback & white noise beep during each REM vs continuous auditory stimulation, modification of EEG interhemispheric asymmetry, male college students, 662
central adrenoceptor subtypes, narcolepsy cataplexy REM sleep disorder, implications for noradrenaline in sleep regulation, 40465
changes in sleep stages & body movement, 5–12 yr olds with idiopathic nocturnal enuresis, 26527
cholinergic agonist RS-86, REM sleep, 18–59 yr olds with acute vs remitted depression vs other psychiatric disorders, implications for diagnostic value of cholinergic REM induction test, 33006
cholinergic mechanisms of REM sleep, Flinders Sensitive Line rats, 32075
development of rating scales, measurement of self participation in REM sleep & discrimination of phasic vs tonic phases, male college students, 24664
disruptive & aggressive & injurious sleep behavior, 60–72 yr olds with REM sleep disorder, 30079
EEG sleep & cholinergic REM induction test, anorexic or bulimic patients, implications for link between eating disorders & depression, 22980
EEG sleep patterns & depression, impotent patients, 5783
electrodermal activity during REM sleep, psychological activity & dream content, 17–23 yr olds, 28652
frequency & nature of REM abnormalities in sleep EEGs & association with positive & negative & depressive symptoms, schizophrenic adults, 36704
glucose with vs without insulin, REM sleep time, rats, 4475
hypoxic theory of REM sleep, 7712
induced elevation of body temperature during sleep interruption, structure in 3rd & 4th sleep cycles, 19–36 yr olds, 28702
interruption of sleep cycle to perform tasks, sleep onset REM periods, male short vs long sleepers, 382
lithium, circadian rhythms of body temperature & REM sleep, 45 yr old male with bipolar depression, case report, 30418
lithium, potentiation of d-amphetamine induced hyperlocomotion & dopamine receptor supersensitivity, REM sleep deprived vs stress controlled rats, 32147
lithium, sleep EEG, manic 18–49 yr olds, 30458

lying awake with vs without auditory stimulation vs being wakened from REM sleep, mentation, 16–41 yr olds, 28387
muscarinic agonist RS 86, REM sleep & plasma cortisol, 21–50 yr olds with major depression, 1635
neurophysiological mechanisms of paradoxical sleep without atonia, animals, 14685
nocturnal infusion of delta sleep inducing & muramyl & uridine peptides, sleep wake dynamics & slow wave & REM sleep, male rats, 872
paradoxical sleep & wakefulness & pharmacological agents, neocortical rhythmic slow activity, rats, 7843
paradoxical sleep deprivation, acquisition & long term retention of shuttlebox avoidance, male rats, 11120
paradoxical sleep deprivation, neuronal excitability measured by EPs in CA1 region & fascia dentata, male rats, 25126
physostigmine infusion, 17–30 yr olds deprived of REM sleep, 39386
postlearning nonawakening mesencephalic reticular formation stimulation, spatial discrimination maze learning, rats, implications for memory trace activation during sleep, 35736
prevalence of unipolar depression & REM latency, 1st degree adult relatives of unipolar depressed probands, 26077
psychic disturbances & REM sleep structure & dream recall, adults with vs without neurosis, USSR, 5315
rapid cholinergic REM sleep induction, affectively ill vs well 1st degree relatives of patients with primary affective illness, conference presentation, 1705
rapidly eliminated brotizolam or midazolam, REM sleep after induced transient insomnia, healthy male 18–22 yr olds, 28942
red blood cell plasma choline, REM & NREM sleep alterations, geriatric patients with major depression vs Alzheimer's disease vs mixed depression-dementia, 9269
reduced prior wakefulness & resulting deficiency in Process S sleep, REM latency & slow wave sleep, 18–25 yr olds, implications for endogenous depression sleep abnormality, 10864
REM & other sleep parameters, 19–65 yr olds with 1st episode vs recurrent major depression, 33051
REM density & muscle twitches & sawtooth EEG waves, 25–70 yr olds with narcolepsy & cataplexy, 2010
REM latency & lifetime prevalence of mental disorders, parents & siblings of early onset unipolar depressed probands, 5207
REM latency & patient characteristics, prediction of response to amitriptyline vs desipramine, 18–65 yr old outpatients with endogenous vs nonendogenous depression, 40797
REM latency as biomarker for Alzheimer's disease, elderly, implications for differential diagnosis of dementia & pseudodementia, 26445
REM latency during depressive episode, relapse prediction, adults with successfully treated depression, longitudinal study, 33052
REM sleep deprivation & dexamethasone, apomorphine induced stereotypical gnawing, rats, 28720
REM sleep deprivation, cholinomimetic drug induced tremors & nicotine induced convulsions, male rats, 4262
REM sleep deprivation, drinking behavior, male rats, 736
REM sleep deprivation, effect of testosterone on masculine sexual behavior including mounts & intromission & ejaculation, castrated male rats, 25320
REM sleep deprivation, fear conditioned freezing behavior, rats, 737
REM sleep deprivation, pineal melatonin content, castrated male rats, 28723
REM sleep disturbance & underlying neural systems & heightened startle response & flashbacks, PTSD, implications for research, 33165
REM sleep latency & plasma ACTH & cortisol, depressed patients with normal vs abnormal DST response, 8665
REM sleep patterns & sleep disturbances, male Iranian or Palestinian or Iraqi or Afghan 23–37 yr old torture victims, Denmark, 26211
REM sleep physiology & dreams, patients with neuroses & psychosomatic disorders, implications for etiology, 5127
REM vs NREM sleep, thematic continuity of mental experience, 20–26 yr old males, 17929
scopolamine, REM latency & sleep EEG & cortisol secretion, 19–45 yr old males, implications for depression, 28953
shock avoidance task & paradoxical sleep deprivation beginning 24 hrs posttraining, retention, rats, 10921
sleep interruption during REM, dream recall, brain injured 50–76 yr olds, 30033
sleep stage & body position, apnea duration & frequency, obese adults with severe sleep apnea, 22931
statistical properties of standard sleep variables, 16–71 yr olds, 28656
temporal dimension of associative processes involved in production of sleep onset vs REM dreams, college students, 21578
thematic continuity of mental sleep experience in REM sleep, male 21–26 yr olds, 21329
TRH stimulation test results & REM latency & NREM sleep, male 20–56 yr olds with major depression, 19188
tricyclic antidepressant S-3344, REM sleep, psychiatric inpatients, 23454
urinary epinephrine during REM sleep deprivation, college students, 18228
violence during sleep resulting from absence of atonia during REM sleep, commentary, 40249
36 hr sleep deprivation, recovery REM sleep & sleep continuity & architecture & mood, 59–79 yr old males vs females, 29186

Remarriage
attitudes toward cooperative & competitive & individualistic situations, psychological health & life stress orientation & marital satisfaction, couples in 2nd marriages, 15292
developmental difficulties, adolescents in remarried families, 1122
divorce & remarriage & other marital transitions, children's development & adjustment, families, 25598
ethic of care & responsibility framework, commitment to remarry, 25–50 yr old remarried females, 29208
parental divorce & remarriage, extraversion & anxiety & tough poise & independence, male vs female college students, 8477
prior marriage children, remarriage adjustment, remarried vs 1st marriage couples, Canada, 8251
rational emotive therapy & general semantics techniques, remarriage problems, adult female, 9363
remarriage, health & satisfaction & happiness & disability & employment status, 58–63 yr olds, 10 yr study, 32559
self concept, 3rd–8th graders from intact vs divorced nonremarried vs remarried homes, 8146
self esteem & feelings of adequacy & worth & value as family member, marital satisfaction, couples in reconstituted families, Australia, 39786
vulnerability & protective factors & coping behavior & adjustment to parental divorce &/or remarriage, children aged 4 yrs & older & parents, 6-yr followup, conference presentation, 22022

Remedial Education [See Also Remedial Reading]
Aguilar v Felton ruling, provision of Chapter I remedial services, students in parochial elementary schools, 24127
attributional testimony from fellow students relating to intelligence & study methods & skill, scores on economics examinations, college students who failed midterm examination, 41280
changing roles in advisory service for special education teachers, peripatetic teachers, 6665
companion reading program, elementary school students with failing reading ability, England, 1 yr study, 41322
computer assisted instruction & teacher's personality, mathematics achievement, remedial 7th–8th graders, 20628
computer assisted instruction, performance on New York State Regents Competency Test in Mathematics, remedial high school students, 20596

computer assisted instruction with vs without reinforcement or formal classroom instruction, achievement in math vs reading, remedial 4th–8th graders, 10192
computerized data management & progress monitoring, goal based vs experimental data evaluation & student achievement, special education teachers & learning disabled vs emotionally disturbed students, 17256
computerized study guide vs note taking achievement in mainstream geography class, remedial education & learning disabled 9th graders, 20611
construction & implementation of graphic organizers & related testing formats, mainstreamed learning disabled or remedial secondary students, 34740
curriculum based language assessment & intervention, students with developmental language disorders, 38224
high school & 1st yr college GPA, male vs female college students enrolled in August vs September vs January sessions of study skills program, 13658
instructional & political validity of current educational policy of categorical organization of services, low achieving & mildly handicapped elementary school students, 10199
language skills seminars, written language & math skills deficits, dyslexic adolescents & adults, 13671
language to reading intervention method within classroom reading group, language impaired elementary school students, 38225
microcomputer assisted instruction in reading & mathematics, acquisition of basic skills, low achieving 4th–6th graders, 3255
motivation readiness & maintenance & interest level, use of G. Fernald's remedial techniques for teaching basic subjects, 20569
sequential &/vs simultaneous remedial processing training, cognitive processing & academic achievement, mildly mentally retarded primary school students, 17257
sex & SES, academic achievement following remedial education program, 10.2–16.7 yr olds in treatment facility school following academic failure in community schools, 17276
study guides, textbook comprehension, learning disabled vs remedial vs regular education 7th–10th graders, 24158
success rate of remedial education, 14–18 yr old male offenders with learning disabilities, 34791
teacher & student generated questions, reading comprehension, poor readers, 41330
theoretical & design validity analysis of modeling & imitation & observational learning procedures in remediation studies, autistic or learning disabled or mentally retarded children, 1979–88, 41342
value of Diagnostic and Remediation of Handwriting test, children & brain injured adults, 24220

Remedial Reading
corrective reading program, staff morale & classroom behaviors & learning problems, comprehensive school staff & students, England, 31191
general vs reading discrimination vs study skills training, reading achievement & problem solving & cognitive style, college students with poor reading skills, 6787
interactive vocabulary instructional strategy, content area text comprehension, high school students with learning disabilities, 34708
pause & prompt & praise strategies in peer tutoring for remedial reading, elementary school students, 31215
remedial repeated readings with audiotape, oral reading skills, 9–13 yr olds with reading disabilities, 27678
stages of concern during participation in developmental reading course, college students, 3285
story grammar instruction, reading comprehension, 8–10 yr olds with dysphonetic & dyseidetic dyslexia, 34763
synthetic speech feedback system in remedial reading, word recognition ability & attitudes toward reading, reading disabled 3rd–6th graders, conference presentation, 38242
token reinforcement remedial reading program by cross age tutors, reading achievement, Black male 4th & 5th & 8th graders, 34711
use of pause & prompt & praise in remedial reading strategies & tutoring, low progress readers, England, 3297
workbook tasks vs computer game exercises, ratings of effectiveness & interest level of vocabulary instruction & time on task & achievement, college students in developmental reading course, 34706

Remembering [See Retention]

Reminiscence
aging & sex & education, amount of autobiographical memory information retrieved on standardized instrument, 55 yr olds & older, 36192
developmental & interpretive perspectives on autobiographical process & reminiscence & life review, literature review, implications for adjustment in old age, 22106
developmental framework of life review, implications for counseling elderly, 8197
implicit theories regarding constancy of own attributes, recall of life events in construction of personal histories, 25952
life review & coping with late life divorce, couples 60 yrs old & older in self help group, 33952
life review & personal renewal & theory & practice of gerontology, 32578
life review in living history theater group & other formats, elderly, social work implications, 34270
memories of 1st yr in college, alumnae who graduated 2 vs 12 vs 22 yrs earlier, 14469
memories, social construction of emotions, female 40–60 yr olds in groups, 8346
memory for past experiences & personal adjustment, college students vs 45–55 vs 61–73 yr olds, 4612
music based vs verbal life review, life satisfaction & ego integrity, elderly females, 30365
narrative life history models & group process & social history, elderly, 32586
poetry, prompting & enriching life review process, elderly, 22088
psychosocial integration & life review & dimensions of meaning in grandparenthood, elderly, 32572
psychotherapeutic uses of mourning & reminiscence, elderly, 40669
recollections of remote past, elderly females with depression or affective disorders, 1566
reminiscing, anxiety & depression & self esteem & coping ability & self identity, 62 & 63 yr old male medical patients, implications for nursing, 6378
retrospective method in study of recalled parenting & personality development, commentary, 15518
retrospective method in study of recalled parenting & personality development, commentary reply, 15532
S. de Beauvoir's vs R. Butler's views on reminiscence & aging, 32590
structured life review therapeutic intervention, life satisfaction & psychological well being, homebound elderly, 5867
therapeutic reminiscence in group & individual settings, geriatric nursing home residents, 6417
use of reminiscence in systemic family therapy, elderly, 33910
validation group therapy, coping with unresolved conflict & emotional adjustment, disoriented patients 80 yrs old & older, 9380

Remission (Disorders) [See Also Symptom Remission]
cultural & historical dimensions of remission & relapse in alcoholism, implications for treatment & models of recovery, 6548
electrodermal activity, depressive patients during illness vs remission, Sweden, 3–37 mo followup, 19241
illness course & remission, patients with episodic progressive schizophrenia exhibiting affective or anxious or delusional hallucinations in childhood or adolescence, 26178
plasma biopterin levels in symptomatic & remission phase, adults with affective disorders, 19125
platelet 5-HT concentration & uptake & time course of illness, schizophrenic patients, 5288
prevalence of remission rate of alcohol consumption & significance of early onset, 16–18 yr olds, France, 33367
risk factors at intake, prediction of remission, patients with unipolar depression, 1 yr followup, 11996

self inflicted left frontal lobe damage, 19 yr old obsessive male, case report, 1709
self referent vs semantic memorization instructions for dysthymic vs hypomanic adjectives, recall, 21–61 yr old females with current depression vs in remission, 36665
Repairmen [See Technical Service Personnel]
Repeated Measures
classical test theory methods, analysis of difference scores from repeated measures research designs involving 1 individual, 17710
confidence & response latency in within vs between Ss design, prediction of eyewitness accuracy & confidence, college students, 25794
criterion aggregation in self esteem & goal setting, task performance, college students, implications for personality research in organizations, 34918
development of microcomputer based performance battery, 18–25 yr olds, implications for repeated measures in environmental & behavioral toxicology studies, 3598
factor vs simplex models for repeated measures, psychomotor assessment of alcohol sensitivity, 18–34 yr old twins, 28571
mathematical models vs repeated measures ANOVA, analysis of pretest-posttest data, 7233
method using item cohorts with equivalent behavioral difficulty, within S comparisons of multiple treatment effects on nonacademic behaviors, 17540
repeated administration, validity of Daily Stress Inventory, employed adults, 7074
violation of multisample sphericity & unbalanced design, power & Type I error rates of repeated measures multiple comparison procedures, 7238
violation of multisample sphericity for multiple comparison ANOVA procedures for pairwise contrasts in nonorthogonal split plot repeated measures designs, Type I error rate, 17680
within S parametric design, study of age related memory impairments, adults, 23016
Repetition (Compulsive) [See Compulsive Repetition]
Replication (Experimental) [See Experimental Replication]
Repression (Defense Mechanism)
clinical situation & epistemiological problems in psychoanalysis, commentary, 9329
coping style, emotional & behavioral responses to side effects of chemotherapy, repressor vs low vs high distress cancer patients, 26749
defensive repression, intensity of dominant & nondominant negative emotions evoked by remembered events, college students, 7492
induced anxiety & defensive style, TAT performance, college students, 8469
model for relationship of repression to unconscious, 15513
psychostatic framework of mental states relating to nature of narcissism & trauma & repression, implications for psychoanalysis, 23198
repression & self aggression, female migraine patients, 5751
repressive coping & increased functional brain endorphin levels, immunocompetence & hyperglycemia, outpatients, 26533
self awareness & repression of death related words, mildly depressed vs normal college students, 19149
Repression Sensitization
depressed mood & repression, expression of anger & overt hostility, female college students, 32856
distraction vs attention to sensations conditions & repression sensitization trait, reduction of high vs low intensity experimentally induced pain, college students, 705
menstrual cycle phase, perceptual asymmetry in dichotic listening task, 18–45 yr old females with vs without repressive personality style, 32076
Reproductive Technology
acceptance of adoption vs alternative fertilization techniques, Black vs White female vs male college students, 12566
arguments for & against anonymity of gamete donor, couples whose child was conceived through artificial insemination by donor, 30561
artificial vs normal insemination, psychological adjustment, infertile vs fertile husbands, 34142
attitudes about & knowledge level of in vitro fertilization & possible extension & legal issues, 16–46 yr old college students, 27660
attitudes toward artificial insemination & surrogate motherhood & adoption registries & reunions, infertile females who have adopted or are in process of adopting, Canada, 26725
bioethical issues, reproductive technologies, infertile couples, 34157
Catholic perspective on ethical issues surrounding in vitro fertilization treatment for infertility, 37597
constitutional issues in state regulation or restriction of noncoital reproduction, implications for surrogate arrangements, 18829
counseling needs & emotional & relationship problems, couples awaiting in vitro fertilization or embryo transfer, UK, 30191
culture & reproductive technology & women's rights, 30568
emotional & personality & physiological & ethical & legal & economic factors, choice of single motherhood by artificial insemination, 25747
ethics & moral ramifications of surrogate motherhood through artificial insemination, legal implications, 20044
failure of in vitro fertilization, severe grief reactions, infertile 34–40 yr old females, case reports, 12967
new reproductive options for infertility, intimacy problems, couples, 27066
psychological & social aspects of infertility & in vitro fertilization & need for counseling services, 30147
psychological effects of reproductive technologies, prospective parents, 20087
psychosocial consequences of infertility & its treatment, in vitro fertilization patients, counseling implications, 16760
state trait anxiety levels, probability of conception & spontaneous abortion, females in artificial insemination program, Belgium, 12961
Taylor Manifest Anxiety Scale & Marlowe-Crowne Social Desirability Scale, assessment of anxiety, in vitro fertilization/embryo transfer couples, 20069
unsuccessful in vitro fertilization, depression & marital relationship & sexual functioning & lifestyle, husbands & wives, implications for counseling needs, 30562
Republican Party [See Political Parties]
Research [See Experimentation]
Research Design [See Experimental Design]
Research Methods [See Methodology]
Research Subjects [See Experimental Subjects]
Resentment [See Hostility]
Reserpine
alpha-methylparatyrosine &/vs reserpine, bromocriptine induced yawning, male rats, 7930
amantadine, chlorpromazine vs reserpine induced behavioral depression & hepatic enzymes, male mice, 28917
handling & im reserpine, heart rate & emotionality, yearling horses, 11271
reserpine, exploration/locomotion activity & neural processes, male rats, 39302
reserpine with neuroleptics, psychopathology & agitation & hyperactivity, male patients with neuroleptic refractory chronic schizophrenia, 34084
reserpine withdrawal, psychosis, 66 yr old Chinese female, case report, implications for dopamine receptor sensitivity, 34097
TRH derivative YM-14673 vs TRH, reserpine induced behavior & EEG, cats & male mice, 11324
triadimefon & reserpine or tyrosine hydroxylase inhibitor, motor activity in maze, male rats, 32178
Residence Halls [See Dormitories]
Residency (Medical) [See Medical Residency]
Residential Care Attendants [See Attendants (Institutions)]
Residential Care Institutions [See Also Halfway Houses, Hospitals, Nursing Homes, Orphanages, Psychiatric Hospitals]
adaptive behavior, mentally retarded adults living in community residences vs with parents or in foster care, 16805

age & residential restrictiveness & disorder severity & problem behaviors & psychiatric impairment, rate of psychotropic medication, mentally retarded under 4 to over 65 yrs old, 19959
age & sex & race, patterns of overt suicide & attempted suicide & intentional life threatening behavior, patients in long term care facilities, 20200
anger management vs expression groups, 12–17 yr old females with emotional or behavioral problems, 23667
attitudes toward resident participation in old age homes, social workers & facility directors, Israel, 34304
autonomy framework, enhancement of quality of life & personal empowerment in long term care settings, elderly, 23645
behavior on long stay ward for profoundly mentally handicapped children, nurses, 30710
biophysical approach to treatment in long term care facility, elderly & social workers & nurses, Canada, 2794
boundaries & regulations of board & care homes, elderly residents, 27117
caregiving demands, shared households or institutional placement decision making, elderly & their informal helpers, 9818
characteristics of event & victim & staff member attitude, willingness to report institutional abuse or neglect, residential care facility staff members, 30756
characteristics of residential treatment centers, emotionally disturbed child & adult patients & staff, 1983, 27242
Community Competence Scale Short Form, prediction of success of community placements, deinstitutionalized mentally ill, 23588
community crisis residential treatment program, psychiatric patients, 40954
community mental health system vs traditional care system, long stay patients, implications for development of better community residential care system, 6320
community residential treatment program, 53–92 yr old geropsychiatric patients, 37720
complications of relationship with psychotherapist & other staff & patients in residential treatment facility, 11 yr old female with traumatic psychosis, 6455
conceptual clarification of dimensions in treatment environment of residential unit & staff & client interactions, 14–17 yr old offenders & facility staff, 27372
conflict ideologies & theories & residential care, adults, implications for change, 40986
construction & factor structure & predictive validity of socialized coping scale, adolescent males released from residential treatment facility for behavior problems, followup, 14115
control enhancement interventions, quality of life & psychological well being, frail elderly in long term care settings, 23696
cooperation & unit management, professionals working in inpatient unit for disturbed families, England, 2757
coping skills & support systems & service delivery systems, community adaptation & dependency vs independence, mentally retarded in residential care, 36916
cost & quality of psychopedagogic institutional care, children & adolescents with different handicaps or difficulties, Switzerland, 30732
decision making model for restrictiveness of residential placement & parole supervision for juvenile offenders, parole workers, 30706
demographic & clinical characteristics & self esteem & social support availability & attachment to fetus, 14–19 yr old unmarried pregnant females in maternity homes, 25607
demographic variables & age & activity level & quality of life & other factors, prediction of 5 yr mortality, institutionalized elderly, Canada, 41007
demographics & history & precipitants & institutional issues & diagnoses & treatment factors, 12–16 yr olds absent without leave from residential treatment centers, 30761
density & degree & intensity & reciprocity of networks, health care utilization & severity of health when entering adult congregate living facilities, frail elderly, 23636
dependency & behavioral problems & mental impairment, residents of psychogeriatric hospital & nursing home, UK, 34307
depression & social support & self esteem & demographic variables, institutionalized 61–95 yr olds, 34318
design of residential homes, ability to find way around, elderly with dementia, 40990
development & effectiveness of psychoeducational intervention, reduction of negative communication, schizophrenic residents of hostel for psychiatric patients, 13115
dimensions of foster vs residential home care, 12 yr olds & older, England, 16854
distribution of beds & staffing for inpatient care in mental health organizations, 1984, 27233
ecological approach to training, staff serving mentally handicapped clients in residential care, 17029
educational & agency tasks in & obstacles to inclusion of family members in residential treatment programs, behaviorally disordered or delinquent children & adolescents & their family members, 40955
effectiveness of residential vs outpatient vs home based interventions, autistic 2.6–6.5 yr olds, 23153
epidemiology of psychopathology, 21 yr olds followed from birth with history of child welfare interventions or who had lived in social institution, Finland, 16849
ethical research issues of informed consent & competence & confidentiality & conflict of interest in long term care situations, 13096
everyday life activities & experiences, mildly & moderately mentally retarded 24–66 yr olds living in community residential facilities, 40964
extra staff member with vs without extra tasks, activities & initiatives toward residents & residents' behavior, residential staff & severely & profoundly mentally retarded 3.8–34 yr olds, 13148
facility characteristics, social adjustment, mentally ill residents of board & care homes, 16889
familial & institutional dimensions, emotionally disturbed 5–14 yr old males in residential program, 40982
family systems approach, residential child care, 23686
feedback from overnight therapists, recording practices, case managers in residential treatment facility, 2778
Fenwood Inn temporary residence, mentally ill patients at mental health center day hospital, 20167
frequency & quality of intervention initiatives toward residents, residents' adaptive & maladaptive & stereotyped behavior, staff members & 3.8–34 yr old mentally retarded residents, 23649
functions & problems of board & care homes, chronically mentally ill patients in community, 41000
guidelines & evaluation of specialized & highly structured treatment unit, inpatients with eating disorders, Belgium, 34335
history of & factors involved in success of training school & contributions to mental retardation field, school teachers, 1888–1949, 10185
hospital environment, conception & inhibition of sexuality, 19–97 yr old males in long term care, 34292
imagination & psychotherapeutic atmosphere in residential treatment, profoundly disturbed adolescents, 23688
implementation of parent involvement/education program in residential care, children & parents & staff, 16853
importance of location of residential school, maladjusted 12–15 yr olds, Scotland, 24118
improvement strategies, quality of life in long term care institutions, elderly, 9824
intensive community based residential treatment vs state hospitalization, patients with chronic mental illness, 42 mo study, 30711
IQ & behavioral adjustment, 16 yr olds raised in institutions until at least 2 yrs of age then adopted or restored to biological parent, 12 yr study, 22026
job stress & burnout, professional employees of state facility for mentally retarded, 13305
least to most restrictive settings for provision of independent living services delivery, adolescents, 23575

level of responsibility & type of care facility, perceptions of disruptive behavior in elderly, nurses in acute care hospitals, 34328
levels of psychotropic drug prescription, geriatric institutions, Italy, 30725
living & housing conditions, 40–50 yr olds with Down's syndrome, Denmark, 19418
management of local government opposition to community residential care facilities for mentally ill, 40899
marital therapy, wife abuse, elderly couple in intermediate care facility, case report, 30760
medical problems, children in residential care, 37816
mental health needs & treatment effectiveness, males & females 12 yrs old & older in group homes vs residential treatment centers, Canada, 16820
methodology in outcome & followup of residential treatment & psychiatric hospitalization, 3–21 yr olds, 27230
MMPI, determination of rehabilitation potential, successful vs unsuccessful 17–61 yr old male criminals in residential treatment centers, conference presentation, 13281
model of promotion of competence in residential child care treatment, delinquent adolescents & children, 9771
need for specialized investigation units as response to abuse & neglect in foster or residential care, children, 30661
neuroleptic drugs & behavior problems & quality of care, residents of rest homes & units in nursing homes, implications for policy, 27184
noise making behavior, elderly long term care residents, 9808
occupational status, staff in community residence for mentally handicapped, 10000
outpatient cognitive retraining vs residential treatment, community readaptation, 16–53 yr old patients with traumatic brain injury & persistent cognitive deficits, 27268
pediatrician's role in gynecologic care, institutionalized disabled adolescent females, 37783
peer counseling program at long term care facility, elderly, Canada, 30729
peer relations & behavior, neglected or abused male children in residential treatment for behavior or learning disorders freed vs not freed for adoption, 32923
perceptions of social climates of peer group & non peer group residential treatment programs, 13–18 yr old students & staff members, 16900
personal status & patterns of use, satisfaction with shelter, staff members & adult residents of shelters for victims of domestic violence, 40917
predictors of decision for residential care placement, families with developmentally disabled member at home vs in out-of-home care, 2847
preference for type of clientele & location of their residential treatment facilities, community residents, 37786
preferences for policies & services in group living facilities, staff vs elderly residents in nursing home or residential care or congregate apartment facilities, 27186
prevalence of depression in residential treatment, emotionally disturbed & delinquent 13–18 yr olds, 23684
primary vs team nursing, patient well being & staff morale & costs, registered nurses & nursing assistants & orderlies in long term geriatric treatment facility, 2 yr study, 34340
process & quality of care in retirement community, administrators & nurses & nursing assistants & residents, 2850
program orientation & complexity & control over residents & peer support & medical orientation, operators of community based sheltered care facilities for mentally ill adults, 9719
psychogeriatric consultation in reception centers, patient evaluation & formulating diagnosis & treatment, elderly patients with decreased emotional or social autonomy, Canada, 20204
psychotropic drug patterns, profoundly or severely mentally retarded 13–45 yr olds in state run intermediate care facility, 10 yr study, 34086
psychotropic medication, mentally retarded 18–64 yr old residents of community long term care facilities, 34002
publicly posted performance feedback, incidence of positive & constructive interactions & improvement in unreinforced response classes, residential institution staff, 2777
quality of care & management practices in staffed community care house, 12–17 yr olds with severe learning difficulties, implications for policy trends, 30628
quality of life in district general hospital acute vs hostel wards vs group homes, chronically mentally ill 16–65 yr olds, 27240
quality of treatment services & implementation & evaluation of improvements using comprehensive management system, patients with developmental disabilities in residential treatment facilities, 37812
ratings of social status & social approval & acceptance & behavior, emotionally disturbed adolescents in residential treatment program, 6391
resident choice & control, adjustment & well being & service use & community integration, elderly in nursing homes vs residential care facilities vs congregate apartments, 34333
resident inflicted injuries, residential treatment team members, 9775
residential child care, physical & intellectual & emotional & sociocultural challenges, lower caste children, India, 30648
residential crisis services, long term mentally ill citizens, 20218
residential facility ownership, quality of care, elderly, 37797
residential re-education treatment & role of client characteristics, aggressive behavior, 10.9–17.4 yr olds with behavior disorders, 20190
residential treatment as crisis intervention, adolescents from families in crisis, 23693
residential treatment program vs standard postdischarge care, homeless chronic mentally ill patients, 1 yr study, 2204
rituals in treatment program of residential adolescent psychiatric unit, Norway, 30708
role in board & care homes for recently discharged mental patients, psychiatrists, 37700
self monitoring & supervisor feedback, on task behavior, 20–40 yr old staff of residential care facility for mentally retarded, 20206
services & contributions to understanding & treatment in residential & day treatment centers, school psychologists consulting with disturbed children, 2820
sexual needs & freedom vs societal response & perspectives, geriatric patients in long term care institutions, implications for policy changes, 34281
sexuality education training, attitudes & knowledge toward intellectually handicapped adults, 21–60 yr old staff in institutional & community residences, Canada, 1 yr followup, 34532
social & family relationships, 16 yr olds raised in institutions until at least 2 yrs of age then adopted or restored to biological parent, 22025
social skills program, conversational skills, elderly in residential care home, 3 mo followup, 13109
social support, mildly mentally retarded 25–67 yr olds in supportive living residences, implications for community adjustment, 27211
sociocultural factors, quality of life in long term care setting, Hispanic geriatric patients, 23659
specifications & uses of microcomputers, adolescent residential treatment facility, 16869
stages of parental involvement & family centered group care approach, children & adolescents in residential treatment, 37803
standard vs simplified vs storybook formats of informed consent information on high or low risk medical procedures, decision making ability, elderly in long term care facility, 13159
substituted judgment decision, intrusive or extraordinary treatment, mentally incompetent adolescents in residential treatment facilities, 23672
suggestions for communicative strategies, hearing impaired elderly patients in extended care facilities, 34297
systems family therapy in residential treatment center, adolescents with adjustment problems, 34315

techniques in prevention & treatment of assaultive behavior, child & adolescent psychiatric patients in hospitals or residential care institutions, 23663
time out procedure in residential care, legal implications, 34309
treatment of client characteristics, alcoholic patients in residential center, 1982–87, Israel, 37909
Resistance (Psychotherapeutic) [See Psychotherapeutic Resistance]
Resocialization (Psychosocial) [See Psychosocial Readjustment]
Resonance [See Vibration]
Resource Teachers
changing roles in advisory service for special education teachers, peripatetic teachers, 6665
trend estimation procedure & subject familiarity, visual analysis of student's graphic charts, special education resource teachers, 23953
Respiration
age, laryngeal airway resistance during vowel production, 25–75 yr old White males, 32073
asthmatic wheezing vs diaphragmatic breathing with inhalation feedback, awareness of breathing patterns & desensitization & reduction of subjective effort of breathing, asthmatic patients, 9461
bicuculline vs picrotoxin microinjection to posterior hypothalamus, cardiorespiratory & locomotor activation, cats, 4506
biofeedback assisted deep diaphragmatic breathing with guided imagery, 25–69 yr old patients with psychological or somatic disorders, 16486
body tilt position within sagittal plane, odor identification performance & nasal airflow resistance & heart rate & BP, adults, 4187
breathing into paper bag, alveolar carbon dioxide & physical symptoms after deliberate hyperventilation, healthy college students, 5909
breathing rhythm & inhalation vs exhalation enhanced suggestion, vividness of mental imagery following hypnotic induction, college students, 28676
breathing training, anxiety, outpatients with panic attacks, 30377
breed & rearing conditions, activity & heart & respiratory rates, Salers vs Friesian cattle in novel enclosure, 39039
bronchodilation vs bronchoconstriction suggestion, respiratory resistance, nonasthmatic female college students, 28700
buprenorphine &/vs pethidine, respiration & pain perception, healthy 37–50 yr old males, 18464
carbon dioxide inhalation, ventilatory response, 22–44 yr olds with panic disorder, 5268
conditioned inhibition of conditional respiratory suppression, 4 vs 8 vs 12 wk old kittens, 31916
conditioned signal for shock, respiration amplitude & rate & heart rate, cats & kittens, implications for fear research, 7799
diaphragmatic breathing training with inspirometer feedback, inhalation volume, 10–50 yr olds, implications for treatment of asthma & hyperventilation, 9467
diaphragmatic exercise therapy, breathlessness & tolerance level for breathing difficulties & subjective well being, patients with chronic obstructive pulmonary disease, 9445
electrical vs chemical stimulation of superior colliculus, heart rate & BP & respiration, male rats, 4392
EMG assessed facial tension, respiratory resistance, male college students, 18156
emotionality, heart & respiration rate & behaviors, yearling horses, 11074
esophageal speech acceptability & airflow volume, olfaction, adults with laryngectomy, 27089
ethanol, discrimination stimulus effects & concentrations in arterial blood & rebreathed air, female rats, 35824
graded airflow with relaxation & EMG biofeedback followed by discriminative stimulus control, 19–38 yr old stutterers, 1–42 mo followup, 40822
hathayogic exercise Jalandhara Bandha, cardiovascular functions, adults, conference presentation, 18190
inclusion of psychophysiological hyperventilation profile in assessment, breathing retraining & cognitive therapy, patients with anxiety or panic attacks or agoraphobia or somatic symptoms, 40620
inhalation through nose vs mouth, EEG activity, adults, implications for undetected odors, 18115
intraspecies conflict, breathing & defensive behavior, male rats isolated vs paired with females, conference presentation, 3993
left vs right nostril breathing, spatial & verbal task performance measuring hemispheric dominance, male vs female college students, 28588
maximum forced respiratory excursions measuring thoracic vs abdominal breathing movements, hospitalized males vs females with depressive &/or anxiety disorders, 36616
mental arithmetic problems, respiratory resistance, male college students, 713
mental arithmetic vs video game vs upper vs lower body exercise tasks, heart rate & oxygen consumption & BP, 16–28 yr old males, Great Britain, 7745
olfactory bulb electrical stimulation patterns as discriminative stimuli & respiration, prediction of reinforcement & temporal aspects of olfactory coding, food deprived male rats, 39206
parent infant sleep contact during 1st yr, breathing stability & prevention of sudden infant death syndrome, application of anthropological perspectives, 2068
perceived grouping of breathing maneuvers, sensory attributes of respiratory sensations, college students, 14239
pilocarpine with vs without atropine sulfate vs methylatropine, sleep wake patterns & breathing movements, fetal lambs, 21755
postnatal classical conditioning of odor to maternal contact like tactile stimulus, odor preferences & olfactory bulb uptake of 2-deoxyglucose during normal vs E controlled respiration, rat pups, 21555
pre-lactate infusion expectations of anxiety vs pleasant excitement, alveolar pCO2 & respiration rate, adult males, 14948
pulmonary stage of psychosexual development as seen in psychotherapy, 33857
regulated breathing method, stuttering reduction in phrase reading & spontaneous speech, 17–58 yr old clients, 2 & 3 & 8 mo followup, replication, 12944
relaxation of stressful stimulation, psychologically induced airway changes, patients with asthma, 40725
respiration during reinforcement training, olfactory conditioning, rats, 14581
respiration vs phonation vs articulation, fluent & nonfluent speech utterances, stuttering 19–28 yr olds, Netherlands, 5568
respiratory phase, RT, adults, 18194
respiratory retraining vs in-situ relaxation vs cognitive modification, psychophysiological changes associated with panic & anxiety & negative cognitions, agoraphobic 26–41 yr olds, 6 yr followup, 37425
resting state vs video game playing, heart rate & respiration & metabolic activity & moderating role of neuroticism & Type A behavior, hypertensive vs normotensive males, conference presentation, 9197
rocking, respiration & behavioral response, 6–8 wk olds with normal vs excessive crying, 12571
sc aspartic acid, ventilation, female vs castrated vs intact male rats, 4263
self hypnosis, respiration, college students, 21604
sleep & respiratory characteristics, at risk infant siblings of sudden infant death syndrome victims, 33655
sodium lactate infusion, respiration & hyperventilation & panic, 19–51 yr olds with panic disorder, 19110
sound frequency & color change, rhythm & depth of respiration, 16–20 yr olds, 18182
stability of individual power function over time for inspired lung volume, commentary, 32066

training in controlled breathing, physical exercise & hyperventilation induced asthma attacks, 20 yr old male, case report, 26900
ventilatory response to carbon dioxide, patients with panic disorder, 19183
waking medical & sleep & psychological status, healthy elderly with sleep disordered breathing, 1 yr followup, 40359
within session delay of 5–10 min vs between session delay of 1 yr, constancy of individual exponents for category production of inspired lung volume, 19–40 yr olds, 4182
Respiration Stimulating Drugs [See Also Caffeine]
acute arecoline &/vs tacrine immediately following footshock, retention of avoidance conditioning, aged mice, 844
Respiratory Distress [See Also Apnea, Dyspnea, Hyperventilation]
clinical features & symptoms & diagnosis, 24–38 yr olds with psychogenic respiratory distress, case reports, 30123
daily stress & anxiety, self reported severity of respiratory symptoms, adult patients with asthma vs chronic obstructive pulmonary disease, 26502
discriminate validity of Brazelton Neonatal Assessment Scale, measurement of neurobehavioral organization & diagnosis, respiratory distressed vs seizure disordered neonates, 28084
hand preferences, 24 mo olds who had high risk perinatal birth status due to premature birth &/or respiratory distress or asphyxia, 2007
long term medical & drug treatment, apathy & weight loss & hypoventilation, family members with familial parkinsonism, 9299
new diagnostic criteria & treatment for obesity hypoventilation, 4–13.5 yr olds, 19485
sleep related respiratory disturbance, demented elderly females, 16160
Respiratory System [See Bronchi, Larynx, Lung, Nasal Mucosa, Nose, Olfactory Mucosa, Thorax, Trachea, Vocal Cords]
Respiratory Tract Disorders [See Also Apnea, Asthma, Bronchial Disorders, Dyspnea, Hyperventilation, Laryngeal Disorders, Lung Disorders, Pneumonia, Pulmonary Emphysema]
behavior changes, female 9 yr old with sinusitis, case report, 2063
benefits of & criteria & guide for hospital discharge & parent training, children at home on low flow oxygen therapy, nursing implications, 2636
daily stress & anxiety, self reported severity of respiratory symptoms, adult patients with asthma vs chronic obstructive pulmonary disease, 26502
demographic & health background, prediction of upper respiratory infection, 16–35 yr old Navy recruits in basic training, 34997
desirable vs undesirable life events, precipitating episodes of infectious respiratory colds, college students, 29926
diagnostic status & psychiatric referral, ear & nose & throat outpatients presenting somatic complaints, 19520
differential diagnosis of transient oxygen deficiency dementia vs passive aggressive personality disorder, 57 yr old female with obstructive pulmonary disease who set her bed on fire, case report, 29888
frequency of reporting physical symptoms of respiratory infections, Type A vs Type B college students, 5748
inability to sneeze & coryza & lightheadedness, patients with schizophrenia vs endogenous vs neurotic depression vs hypochondriasis vs other mental disorders, India, 40176
neuroleptic malignant syndrome & pneumomediastinum, 32 yr old male with minimal brain damage & acute psychotic episode, England, case report, 37508
outcome of home oxygen therapy, infants with bronchopulmonary dysplasia, 34185
patient attitudes & physician vs nurse effectiveness in diagnosis & treatment, community health center patients with acute upper respiratory tract infections, Sweden, 40825
philosophy of care, psychosocial & cognitive development & family function, 13–24 mo olds with congenital hypoventilation syndrome in intensive care unit, 37790
positive reinforcement, treatment compliance, developmentally delayed 2.7 yr old male with respiratory tract disorder, case report, 26915
psychological hardiness & coping humor, Immunoglobulin A saliva & breast milk levels & incidence of upper respiratory infections, 16–41 yr old mothers & their newborns, 40388
psychosocial & personality correlates, susceptibility to upper respiratory illness, 16–33 yr old Navy recruits in basic training, 37179
psychosomatic complaints, 14–80 yr olds with ear or nose or throat complaints vs neuroses, Nigeria, 40010
recurrent depression & mild hypersomnia following respiratory tract infections or common colds, adolescent female, case report, 8482
self consciousness & self monitoring & upper respiratory symptom reporting, 16–33 yr old Naval recruits, 33662
severity of illness, mother infant interactions, mothers & their premature infants who had bronchopulmonary dysplasia vs respiratory distress syndrome vs no serious complications, 4 & 8 mo followup, 40427
sociological perspective on chronic obstructive airways disease, literature review, 33669
somatosensory amplification of symptoms assessed by self report questionnaire, adults with upper respiratory tract infections, 19481
Respite Care
adult day care as alternative to institutionalization, geriatric patients, 20150
attitudes toward hospital based respite program, 54–87 yr old female family caregivers vs 60–95 yr old male veterans, 2790
attitudes toward respite care for ill elderly relatives, caregiver families, 37805
community based program providing specialized day care & in home respite care, patients with Alzheimer's disease & their families, 20117
educational programs & family conferences & support groups & respite care, stress & decision making, caregivers of elderly relatives, 33736
formation & operation of in-home respite care for frail elderly, community agency & trained neighborhood workers, 6245
hospital respite program, cognitive & functional status levels, 57–81 yr olds with Alzheimer's disease, 6449
regularly scheduled psychiatric respite care, rehospitalization rate & therapeutic progress & family relief from stress, 30 yr old male psychiatric patient living with family member, 6404
respite care program, caregivers of elderly patients with Alzheimer's disease or stroke or other chronic disorders, 20115
respite care provision, maternal coping resources & stress, 18–60 yr olds with developmental disabilities & their mothers, Israel, 34236
respite service, well being, caregivers of Alzheimer's patients, 30651
stress & effect of respite services, family members providing full time home care to frail 62–98 yr old relatives, 20068
trends & therapist roles in respite care, developmentally disabled children & their families, 20141
24 hr crisis nursery, children up to 6 yrs old from families in crisis, 23550
Respondent Conditioning [See Classical Conditioning]
Response Amplitude
amplitude & duration of movement cycles in hand operation of joystick in continuous to-and-fro motion, college students, 3697
amplitude vs latency of P300 wave of auditory EPs & Eysenck Personality Questionnaire & State Trait Personality Inventory traits, 19–31 yr olds, 25071
footshock, amplitude of startle reflex, rats, 39201

hypnotic instructions, P300 component of cortical EP amplitudes, adults, research & clinical implications, 14704
individual differences, variability of amplitude of brain stem auditory EP to monaural vs binaural stimuli, 18113
noise induced hearing loss, acoustic reflex amplitudes, adults, New Zealand, 9083
visual EP N1 latency & amplitude, preterm 1 day olds, 39469
visuospatial information processing, amplitude transition function in rapid manual & oculomotor movements in double step target tracking, 10694

Response Bias

availability, underestimation bias in judgment, professionals in hospitality industry, 31835
behavioral anchors, bias in job performance rating scales & dimension specificity, college students, 27868
bias expectancies of teachers working with children mislabeled mentally retarded, vocational evaluation students as judges, human relations implications in rehabilitation, 13620
biasing of attitude scale instructions vs statements, acquiescence vs reactance to issue, college students, 7098
bogus pipeline induction, effects of response style in self reported pretest on response shift bias, college students, replication, 3828
context of previous questionnaire items, cognitive processes & response bias in attitude surveys, 14082
cultural factors & instructional content, responses to ambiguous questionnaire, college students, Netherlands, replication, 21033
demographic characteristics & telephone &/vs mail questionnaire data collection, response bias & experimental S retention, 63 yr olds & older in pharmaceutical assistance program, 18720
dialysis, olfactory identification & discrimination & response bias, 17–68 yr olds with renal failure, 37610
directional bias in cerebral lateralization of visual perception, college students, 32028
dose of amphetamine vs cocaine vs pentobarbital vs promazine & discriminative stimulus in FI schedule, color vs position response bias, pigeons, 32219
feedback sequence, guessing task response tendencies, college students, 7418
friendliness vs unfriendliness assessed by high vs low SACRAL score, satisfaction with self & friends & differential response to script statements, college students, 22428
hierarchical model fitting procedure, detection of response shift bias in pretest/posttest design for estimates of treatment effects, 174
high vs low anchor value vividness of nuclear war image, likelihood estimate of nuclear war, college students, 22116
instructional & probability manipulations of bias, multiletter matching RT, college students, 24762
instructions for taking 16PF & Eysenck Personality Questionnaire, social desirability indexed by Lie scale, adult male applicants for public vehicle driving license, Israel, 31564
internal consistency of & method & error effects on self report interview responses about subjective well being & mental health, adults under vs over 60 yrs old, 3624
masculine vs unbiased generics in sentence completion, imagery & sex role perception, male vs female college students, 36341
middle response alternative in survey questions, distribution of public opinion on issues, respondents, 10530
negative cover letter appeals, mail survey responses, adults, 6979
order of response categories, color naming, college students, evidence for elemental nature of brown, 3759
Os expectations, correspondence bias in attitude attribution, college students, 29372
participation in hiring decisions, escalation bias in subsequent performance appraisals, supervisors, 10352
personal involvement, evaluation of own or related vs nonrelated group product, college students, 8381
preferred candidate vs issues, perceived bias in debate between G. Bush & M. Dukakis, college students, 36313
questionnaire design & interview techniques, appropriateness & rate of responses & satisfaction with community based services, mentally handicapped 19–79 yr olds, Wales, 16924
recognition test items with only incorrect alternatives, recall of items in slides depicting crime events, college students, 7480
response bias, recall performance, college & graduate students, commentary, 38924
response bias, recall performance, college & graduate students, replication, 38884
response nondifferentiation in value surveys, rating vs ranking result discrepancies, adults, implications for form resistant correlation, 28103
response order effect, cognitive theory in survey measurement of values, respondents, 11825
responses to sex questionnaire administered by psychologist vs priest vs rabbi, students at nondenominational university vs Catholic college, 11706
retrospective pretesting in pretest posttest design, response shift bias in evaluation of communication skills training, hospital employees & dental students, 26880
reverse responding to MMPI, 50 yr old alcoholic male & college student, 31543
self image bias, evaluation & desirability of similarly skilled vs other potential partners for competitive game, college students, replication, 11776
sensitivity response bias of & appropriateness of original scoring scheme for Marlowe-Crowne Social Desirability Scale, college students, 21059
spatial arrangement of positive adjectives on semantic differential scale, response bias in school attitudes survey, college students, 17582
specific retroactive interference in modified recognition tests, college students, implications for response bias & demand characteristics, 24866
spurious response error in new product survey for bogus brands & advertisements, 19–78 yr old grocery shoppers, 24463
4-card logic task & its negated variant, confirmation & ignorance of falsifying evidence for relational hypotheses, adults, test of information processing vs dual process reasoning models, 10776

Response Duration

amplitude & duration of movement cycles in hand operation of joystick in continuous to-and-fro motion, college students, 3697
concurrent chains, terminal link key pecking response rates & time allocation, pigeons, 7554
differential reinforcement of response duration, weanling vs adult male rats, 427
listening to cry of other infants, timing & duration of responsive cry reflecting habituation, neonates in maternity ward, 11507
mediatory role of collateral behavior, differential reinforcement of response duration schedule with external cues, male dogs, 31927
modeling with vicarious vs direct reinforcement, observational learning & imitation & maintenance of buttonpressing, 4.7–5.5 yr olds, Japan, 15063
response duration reinforcement, male albino rats, 17953
response element similarity & length in 2 choice motor task, response planning & choice, college students, test of hierarchical editor model, 10711

Response Frequency

activation of 5-HT like & GABA receptors in dorsal raphe nucleus, social interaction & punished responding, rats, 18349
acute vs chronic cocaine, behavior chain completion rate & accuracy of operant performance, food deprived male squirrel monkeys, 14819
alcohol vs amphetamine vs diazepam, temporal & sequential patterns of agonistic behavior toward intruders, mice or rats, conference presentation, 32252

amphetamine vs pimozide, response rates & motor capacity in VI reinforcement, male rats, 28993
antidepressant drugs with vs without methysergide, DRL responding, male rats, implications for 5-HT receptors, 4421
chained vs random interval vs multiple FI reinforcement schedules & haloperidol vs D-amphetamine sulfate vs sodium pentobarbital vs cholecystokinin-octapeptide, response rate, rats, 39267
choice of local vs absolute rate of reinforcement, male pigeons, test of melioration theory of matching in concurrent schedules, 28440
chronic cocaine, response rates & behavior, squirrel monkeys trained under FI schedule of stimulus shock termination, 28871
clozapine vs loxapine vs haloperidol vs molindone vs thioridazeine, rates of fixed consecutive number responding, male rats, 14922
component duration in multiple VI schedules in open vs closed economies, keypeck responses rate, male pigeons, 24949
concurrent chains, terminal link key pecking response rates & time allocation, pigeons, 7554
conjunctive FI-FR money reinforced schedules, matching to sample task behavior, 20–27 yr old female college students, West Germany, 10837
dosage of histamine antagonists, response rates under FI schedules accomplished by shock, squirrel monkeys, 11182
dose level of mephenytoin & multiple VI extinction schedule, response rate, pigeons, 14934
food & water reinforcement & stimulus compounding, response rates, male rats, 21394
food reinforcement magnitude, free operant response rates, rats, 3954
frequency of rate frequency curve asymptote in runway & leverpressing, reward saturation in medial forebrain bundle self stimulation, male rats, 786
frequency of response independent food presentations during blackouts, response rate & resistance to change, pigeons, 35464
labeled probe foot-in-the-door approach, response rate to mail survey, adults, 38515
levodopa with benserazide, rebound of response rates for VI hypothalamic self stimulation following withdrawal of chronic haloperidol, male rats, 14929
linear system theory, response rate under VR schedules, 3941
mail survey response rate estimation model, 21151
mail survey techniques, response rate, meta analysis, 28038
nucleus accumbens amphetamine administration, frequency of lateral hypothalamic stimulation required to sustain low response rates, male rats, 18308
overall reinforcer rate feedback function & schedule preference, control of responding in concurrent VI schedules, pigeons, 31915
oxotremorine, physostigmine induced response rate suppression on FR extinction schedule & drug cross tolerance, male rats, 11226
paired comparison paradigm, response rates for numerical vs verbal expressions of uncertainty, 21–30 yr olds, 38831
pentobarbital concentrations under concurrent FR schedule, response rates & pentobarbital consumption, monkeys with history of oral drug self administration, 14901
prazosin vs yohimbine vs haloperidol vs metaphit vs dopaminergic drugs, discriminative stimulus & response rate suppressing effects of PCP, male rats, 4316
preference for response rate inconsistent with maximization theory, pigeons, 441
pyrazoloquinoline CGS 8216 vs diazepam dosages, rate of FI responding, squirrel monkeys, 28990
ratio size using FR reinforcement schedule & reinforcement magnitude, response rate & persistence, male rats, 424
reinforcement ratio requirements, rates of key pecking or pressing for food, pigeons, 414
relative vs overall reinforcement rate in concurrent reinforcement schedule, response rate, pigeons, 3901
response effort, relative frequency of short interresponse time responding under FR 5 vs continuous reinforcement schedules, male rats, 403
response rate dependent FI reinforcement magnitude, response rate, male college students, 3683
response reinforcer dependency location in interval schedules of reinforcement, keypecking rates, male pigeons, 24951
Ro 15-4513, discriminative stimulus & rate depressant effects of ethanol, female rats, 14862
schedule dependency of squared reinforcement effect, male rats, 21385
signal for absence of reinforcement, observing responses, female pigeons, 38988
SOM-1122 activation of beta adrenergic receptors, locomotor activity & response rate under DRL & multiple FI-FR schedules, male rats, 14914
tandem response requirement, established low vs high response rate under FI schedule, male rats, implications for behavioral pharmacology, 21353
terminal link pecking vs treadling chains, absolute response rate & choice proportions, pigeons, 31937
time allocation & component reinforcer rates in multiple VI VI schedules, local response rates, pigeons, 38971
unconditioned activity dependent on stimulus modality of light vs noise, shuttle avoidance learning, rats, 14519
unsignaled vs briefly signaled vs completely signaled delays to reinforcement, pecking response rate under VI schedule, pigeons, 14553
variable time reinforcement independent of responding vs DRO, keypeck response rate under concurrent VI schedule, pigeons, 21377
VI reinforcement schedules, response rate, male monkeys, 7551
VI schedule of reinforcement, response rate of leverpressing, male rats, 35472
VR schedule with diffuse vs localized visual vs auditory signals correlated vs uncorrelated to reinforcement delay, response rate, male rats, 3952
VR vs VI-plus-linear-feedback schedules, responding, 31–41 yr olds, 38912
white noise & cocaine, response rate on FI schedule, squirrel monkeys, 39323
xylene vs toluene inhalation concentration, FR liquid reinforced operant behavior, male rats, 849

Response Generalization

"cues, pause, point" language training, replacement of delusional speech with stimulus appropriate response & subsequent generalizations, 69 yr old schizophrenic male, case report, 12785
EMG biofeedback training, response generalization from training to natural environment, 21–27 yr olds, 30389
nisoxetine following amphetamine discrimination training, generalization, male rats, 18430

Response Lag [See Reaction Time]

Response Latency

age & time limit, response latencies in single vs dual task performances, 18–76 yr old males, 25418
amplitude vs latency of P300 wave of auditory EPs & Eysenck Personality Questionnaire & State Trait Personality Inventory traits, 19–31 yr olds, 25071
attention precue & target type, target discrimination latency, adults, 10865
BASIC program & machine language timing routines for Apple II computers, control in tachistoscopic slide presentation & response latency collection, 27
computer program menu option & frame quantity, speed & accuracy in selecting target word, college students, 13924
confidence & response latency in within vs between Ss design, prediction of eyewitness accuracy & confidence, college students, 25794
conspecific normal 2 note vs lengthened 3 note songs & position & type of added note, vocalization latency & song recognition, male black capped chickadees, 21453
contralateral masking signal stimulus, auditory threshold performance, adults, 285

degraded vs intact 1st &/vs 2nd visual stimuli, response latency for same/different judgment, college students, West Germany, 35281
delay in response to computer generated test items, test performance, college students, 17170
delayed bihemifield dual targets stimuli, saccadic response preferences & latencies, 21–33 yr olds, 17807
differentiation of behavioral & neural short vs long latency CRs, cats, 7663
distance to target & elapsed time, walking accuracy without visual feedback measuring spatial short term memory decay, 19–33 yr olds, replication, 28224
dopamine antagonist SCH 23390, eating latency & speed, food deprived rats, implications for motivational aspects of behavior, 18365
flash visual EPs, intraoperative monitoring of N2/P2/N3 components, patients undergoing craniotomy vs visual pathway vs noncranial surgery with anesthesia, 6228
imprinting latency to foam rubber ball, pecking, chicks, 28418
ip cholecystokinin octapeptide with footshock, passive avoidance behavior & latencies, male rats, 731
latencies of visually elicited saccadic eye movements, schizophrenic patients, 5204
lateral tones, response latency of auditory EPs & magnetic fields, schizophrenic male 19–33 yr olds, 12045
monaural right vs left vs binaural stimulation, absolute latencies of vertex positive peaks in brain stem electrical responses, commentary reply, 644
monaural right vs left vs binaural stimulation, absolute latencies of vertex positive peaks in brain stem electrical responses, commentary, 649
motor pattern & number of key strokes, digit keying response latency & execution time measuring motor organization, college students, test of motor processing models, 35253
nonsense vs emotional vs indifferent words, verbal associations & response latencies, adults, conference presentation, 17917
order & serial position in multiple sets, item recognition response time, college students, 7473
parallel vs separate processing of consistent vs varied mapping tasks, RT & P300 response latency, college students, model of skill acquisition & automaticity, 24880
persistent repetition priming, response latencies in picture naming & dissociation from recognition memory, college students, 7466
phenylpropanolamine hydrochloride vs dextroamphetamine sulfate, feeding latency & food intake, male rats, 35912
preprobe delay, set size effect in memory search task, college students, 14428
public vs private format, response latency for certainty ratings of conservation judgment of older peer, K–1st graders, Canada, 32435
reinforcer magnitude & ratio size, postreinforcement pause under VR schedules, female pigeons, 14508
response deadlines & asymmetric monetary payoffs, response latency in line length discrimination task using random-walk binary choice model, college students, 35398
response latencies to visual cognitive tasks, hearing vs deaf high school & middle school students, implications for teaching, 27677
signal to noise ratio in simulated EP waveforms, accuracy of P300 latency estimates using frequency & spatial filtering & signal detection techniques, 35218
statistical method & test vs V. D. Woody's algorithm, estimation of latency shift of single flash EPs & test on presence of latency jitter, 7–15 yr olds, West Germany, 7247
stimulus response compatibility & movement extent & time uncertainty in visuo-bimanual pointing task, RT & P300 & N200 response latencies, college students, 25072
theory predicting response time to competitive strategic actions, organizational performance & sales growth, top managers of high technology electronic firms, 38382
timing & frequency of sleep disruption, response latency & addition problem performance, 18–28 yr olds, 21637
tolerance, response latency in shock avoidance conditioning, rats, 18465
utterance length in consonant syllable production task, voice onset time & vowel & syllable duration, hearing impaired 9–13 yr olds, implications for speech therapy, 30001
verbal intelligence scores, response latencies to computer presented verbal ability test items, college students, 11830
visual EP N1 latency & amplitude, preterm 1 day olds, 39469
visual stimulation, onset latencies of visually responsive neurons in various brain regions, rhesus monkeys, implications for human visual response research, 25074
visual target luminance & cue validity, detection latency, college students, 17767
word primes, latency in naming of primed vs unprimed word vs letter, college students, 17844
writing vs mental imaging vs silent speaking of Japanese Kanji characters vs English alphabet, processing time, college students, 10822

Response Parameters [See Also Interresponse Time, Reaction Time, Response Amplitude, Response Duration, Response Frequency, Response Generalization, Response Latency, Response Probability, Response Set, Response Variability]
absolute & relative terminal link entry frequency, concurrent chain free operant conditioning, pigeons, 7523
age & level of background white noise, incidence & amplitude & latency to onset of acoustic startle response, 11–21 day old rats, 7520
algorithm for transformation of latent response parameters to logistic form & application of maximum likelihood estimation method, latent distance analysis, 35216
alternative reinforcement & variable time schedule, response suppression, rats, 35484
amphetamine vs apomorphine vs white noise, response switching, rats, 32101
atropine, 2 component multiple schedule of repeated acquisition & performance of response sequences, healthy males, 25237
auditory discrimination task with silent target counting vs finger tapping vs buttonpressing responses & open vs closed eyes, P300 EP, college students, 7677
auditory stimulus identification vs response selection processes, repeated stimulus inferiority effect, college students, 14345
avoidance of electrodermal stimulation, temporal parameters of defensive instrumental act, rabbits, 31914
bounded vs unbounded vs graphical response scales, inconsistencies in ratio judgments on ordered pairs, adults, 28287
cognitive load, correction of & response rate after errors in display/memory search task, 8–12 yr olds with attention deficit disorder & hyperactivity, 12497
concurrent reinforcement schedule, independence of component performance, pigeons, 3942
construction of mathematical model & computer simulation, prediction of psychophysical responses at any stimulus range, 17714
delayed response task performance as measure of frontal cortex maturation, 6–12 mo olds, longitudinal study, 32394
diazepam vs benzodiazepine agonist RO 15-1788 vs inverse agonist FG 7142, schedule induced polydipsia & temporal control of behavior, male rats, 28921
differentiation of response location & measurement of response reinforcer contingency, male pigeons, 24942
equal response costs in interval & ratio schedules, reinforcement maximizing performance, pigeons, replication, 38976
faking detection & incremental validity of response latencies to MMPI items, college students, 31613
food delay & waiting time before resuming reinforced behavior in periodic food schedules, pigeons, 21399
forward masking & threshold & detectability of auditory nerve response, chinchillas, 14699

high probability response restriction, time reallocation & substitution of free operant responses, autistic 6–10.8 yr olds, support for selective substitution model, 15693
im cocaine hydrochloride pretreatment, responses to small vs medium vs large FR food reinforcement values & drug tolerance, pigeons, 39321
individual response aggregation vs response selection profiles, prediction of self vs other ratings of shyness, college students, 31559
intensity & number of response alternatives, hue identification choice RT, college students, application of predictive models, 17790
interpolation of single FR component into baseline of FR schedules, postreinforcement pauses, pigeons, 31934
kinematic parameters of forearm movements in horizontal plane, right handed 5–7 yr old males, 11446
lag value in free operant vs discrete response procedure, operant control of response variability, pigeons, 31929
left-right &/vs above-below auditory cues, spatial compatibility of stimulus response pairings, college students, Italy, 282
linear combinations of latency level curve parameters from brain stem auditory EPs, discrimination of cochlear vs conductive vs mixed hearing loss, hearing impaired 10–85 yr olds, 19643
measurement of response specificity & sensitivity to multicomponent pheromones & odor quality, male moths, conference presentation, 39143
nonspeeded response conditions, sequence reproduction performance deficits on visual display unit, 18–46 yr old male stutterers, 36961
number of response alternatives, choice RT, college students, analysis of Hick's law, 314
parallel vs perpendicular orientation of response keys to visual stimuli, 2 finger choice reactions as measure of stimulus response compatibility, college students, 28204
partial stimulus information in response preparation measured by EPs, RT, 19–25 yr olds, implications for models of choice reaction performance, 10785
perceived UCR strength, magnitude of CR during Pavlovian electrodermal conditioning, college students, 17882
position type & interview by computer vs warm vs cold mannered interviewer vs paper & pencil measure, social desirability & accuracy of responses & affective reactions, college students, 20749
reassurance that all market research survey questions need not be answered, rate of uninformed responding, managers, 20935
reinforcement, response force conditioning & generalization across behaviors, commentary, 38718
reinforcement schedule changes & criterion response, persistence of learned responses, college students, 14470
response alternatives, estimation of percentage of & preferences for electrical supply derived from different sources, adults, UK, 326
response alternatives to question about frequency of annoyance, interpretation of question & severity of reported examples, college students, West Germany, implications for questionnaire design, 10649
response directedness through cues, discriminative vs conditional stimulus control, pigeons, 10924
response effort requirement & delayed vs immediate reinforcement, percentage of short interresponse times, male rats, 28400
response element similarity & length in 2 choice motor task, response planning & choice, college students, test of hierarchical editor model, 10711
response format, trait ascription, college students, 1417
response topography during autoshaping & maintenance procedure, pigeons, 38974
response vs condition competition, visual selective attention, college students, 14312
sequential decision procedures, expansion of M. Nowakowska's model of questionnaire question answering, 10551
stimulus presentations during delay interval of operant delayed spatial response alternation task, response accuracy, male vs female rats, 439
stimulus response compatability, divided visual field study of cerebral lateralizaton in lexical decision task, German speaking adults, 634
subjective scaling of category width, responses to self referent vs non self referent questionnaire items, adults, 10808
survey topic area & demographic characteristics & involvement, tendency to emit "don't know" responses, adults, 21037
tactile stimulation with auditory vs visual vs supplemental tactile stimulation with vs without haloperidol, transport response, 15–19 day old rat pups, 3971
tone discrimination task & buttonpressing response with left vs right hand as behavioral consequence, bilateral skin conductance orienting reaction, adults, 11023
tone pitch difference, integrated vs parallel motor organization measured by polyrhythmic finger tapping intervals using both hands, musically trained college students, 28211
UCS revaluation, classical CR strength & self observed changes, 17883
30 vs 60 second response independent FI vs VI reinforcement schedules with inconsistent color signals, superstitious behavioral responses, college students, 38956

Response Probability
freely available high vs low probability responses, instrumental reinforcement effect, moderately to mildly retarded 17–19 yr olds, test of response deprivation hypothesis, 23311
Human Cognitive Reliability model, assessment of probability of successful time constrained response to accident sequence, industrial crews, 38328
transitivity in choices between VI & FI schedules, pigeons, 38983

Response Rate [See Response Frequency]

Response Set
bogus pipeline induction. effects of response style in self reported pretest on response shift bias, college students, replication, 3828
computer simulation & algorithmic vs heuristic problem solving, Einstellung effect & water jar problems, college & junior high school students, 25488
fixed set method, visual perception of size in relation to lightness, college students, 35298
preparatory intervals, EMG RTs of right biceps brachii muscle for elbow flexion & forearm supination, adults, 7295

Response Speed [See Reaction Time]

Response Time [See Reaction Time]

Response Variability
alcohol, computer videogame response with variability contingent reinforcement, adults, 32245
computerized vs paper & pencil test form, random responding on attitude measure, college students, 28058
formation of motor schemata by movement practice vs contextual interference from practice with variations, retention & transfer in motor performance, college students, 21207
free operant vs discrete response reward procedures, response variability in pecking patterns, pigeons, 38987
goal level & specificity, performance level & variability on RT & idea generation tasks, college students, 24901
head & hand & stimulus position, RT & spatial stimulus response compatibility, female college students, 35265
individual differences, variability of amplitude of brain stem auditory EP to monaural vs binaural stimuli, 18113
individual variability & long term drift in unique blue & yellow, male 34 & 45 yr olds, 16 mo study, 24753
intense sound & possible fluctuation in response criteria, misestimations of variability in temporary threshold shifts measured by adjusted vs forced choice, adults, 21245
intensity of shock UCS & number of CS UCS pairings, changes in magnitude of conditioned fear following 24 hr posttraining interval, male rats, 780
intertrial interval duration, variable interval discrete trial barpressing, rats, 14535
lag value in free operant vs discrete response procedure, operant control of response variability, pigeons, 31929

lateral attentional priming, behavioral variability, college students, implication for model of induced lateral orientation of attention, 39085
load & controlled temporal conditions, force & force variability in rapid reversal responses with horizontal lever, male college students, 21203
operant conditioning of response variability, male vs female rats, 35479
question wording & context in survey interviews, response variation, school age children, 39463
response coincidence technique & cluster analysis, assessment of individual differences in response style in perception of Mandarin dialect, Chinese exchange students, Canada, 31699
water maze situation, acquisition of free choice vs win-stay vs win-shift escape responses, rats, 14543
Responses [See Also Conditioned Emotional Responses, Conditioned Responses, Conditioned Suppression, Emotional Responses, Mediated Responses, Orienting Responses, Unconditioned Responses]
exposure to task with high response-outcome contingency vs noncontingency, judgment of control for moderate contingency task measuring context contrast, female college students, 31858
factors & methods affecting response rates to mailed questionnaires, literature review, 7034
individual differences, response to painful stimulus, newborns, 2 mo study, 36103
item nonresponse & inconsistent responses & health & psychobehavioral correlates, 65 yr olds & older, 32563
level of dogmatism, confidence in response to high & low order questions & self reported attentiveness, college students, 34679
monetary incentive, mail survey responses, adults, 6978
pupillometric assessment of arousal to various sexual stimuli, college students, implications for sexual preference research, 39136
quantity of enclosed vs promised cash reward vs contribution to charity vs chance at large cash prize, mailed survey response rate, respondents, 14057
response patterns & relation to assessment & intervention & renovation in behavior therapy & indirect therapeutic tactics & side effects, 23319
response topography, differentiation of peak force of operant response, rats, 24947
specific interviewer training, quality of responses & amount of information obtained for factual survey questions, adults, 14072
stimulus context & response coding, word retrieval, fluent vs nonfluent dysphasic 57–69 yr olds, 33508
stimulus novelty & magnitude, habituation in respiratory & electrodermal activity & vasoconstrictive peripheral pulse amplitude response, autistic vs mentally retarded 4.8–17.2 yr olds, 11865
use of "don't know" response boxes, rate of substantive responses for factual questions on mailed questionnaire, respondents, 14156
Responsibility [See Also Accountability]
abuse & neglect & inadequate care of elderly & determination of intent, family members & health care professionals, 20077
alcoholism or drug abuse as willful misconduct vs physical or mental disability, criminal responsibility, defendants, conference presentation, 15318
attitudes toward & feelings of control & responsibility, life satisfaction, male vs female 1st vs senior yr high school students, 18680
attributions of responsibility, treatment strategies in father–daughter sexual abuse cases, social workers, 13402
autonomy & responsibilities, nursing home residents, 13118
caste & SES, chores & other responsible behaviors, male vs female 0–10 yr olds, India, 22060
client responsibility in behavior therapy, clinical psychologists, 33962
conceptions of blame, implications for rational emotive therapy, 1411
conservation skills, moral judgment of subjective responsibility, 4–7 yr olds, 8018
construction & reliability & validity of measure of kinship responsibility, hospital employees, implications for research on employee behavior, 55
construction & reliability of active/decisive & individual responsibility scale, assessment of decision making & sensation seeking, adults, 3579
counterexamples, causal necessitation vs moral responsibility, 24522
criminal liability before age 12, 7–11 yr olds, Canada, 5427
degree of care taken for accident prevention & severity of foreseeable harm, attribution of risk & negligence, college students, 22368
demographic & social variables & affection & proximity & role conflict, attitudes & caregiving responsibilities & filial obligation toward aging parents, adults, conference presentation, 4839
demographics & other factors contributing to being "caught" between responsibilities to elderly parents vs other commitments, 40–69 yr old females, 40862
differential responsibility attributions for real vs hypothetical self & partner problematic behavior, distressed vs nondistressed wives, 15283
ethic of care & responsibility framework, commitment to remarry, 25–50 yr old remarried females, 29208
excuses vs justifications vs denial of unethical research practices, evaluation of act & perpetrator, psychologists, 20397
experience as volunteers in child care vs community service, social & personal responsibility, male vs female 11–17 yr olds, 15170
exposure to ideas encouraging personal commitment & responsibility, locus of control & subjective health & stress, college students, 13732
finding fault with others' conduct in conversations during problematic events, tax enforcement officers & merchants & college teachers & students, 18890
framework for judging patient responsibility for physical or mental illness, social & treatment consequences, physicians, 6240
freedom of choice while deciding to commit crime & loss magnitude, attribution of responsibility to swindler, college students, Poland, 19280
involvement & responsibility, quality of arguments, college students, 29348
knowledge of & attributes toward sexuality & birth control responsibility, Black inner city 9th graders, 25634
mental simulation of alternatives to real events & their outcomes, attribution of causality to event, college students, 18933
need for increased community participation & responsibility, health education & promotion & prevention models, New Zealand, 34213
patient status & caregiver perceptions, caregiver burden, elderly psychiatric patients & their caregivers, 6262
perception of crime severity & duration & offender responsibility in drunk driving scenarios, adults, 26331
perceptions of filial responsibility & expectations & support, 61–100 yr old mothers & their primary caregiver daughters, Philippines, research & intervention implications, 4757
popular mythology vs personal responsibility for lifestyle criminality, criminal justice experts vs college students vs prisoners, 15895
psychological expertise, creation & modification & adjudication of responsibilities & excuses, 25791
psychological status of child, judgments of causation & blame & punishment, college students, 19096
quality of instruction & positive vs negative educational outcome, intellectual achievement responsibility & level of achievement, 6th grade science vs 9th grade algebra students, 6743
responsibility for proattitudinal vs counterattitudinal essay with aversive consequences, cognitive dissonance measuring motivational basis without attitudinal discrepancy, college students, 32822

responsibility for relationship maintenance, cognitive processes in adapting to breakup, college students, 39861
responsibility toward & practices affecting care of dying patients, physicians, 37677
sex of victim vs perpetrator vs respondent & encouraging vs passive vs resisting victim response, attribution of responsibility to child vs perpetrator in child sexual abuse vignette, college students, 29689
victim characteristics & other factors, reporting of & attributing responsibility for child abuse, mental health professionals, 8806
Restlessness
buspirone, neuroleptic induced akathisia, 28 & 31 & 60 yr olds with schizophrenia or bipolar mania with psychosis, case reports, 34018
handling experience & level of illumination, open field emotionality & spontaneous motor activity, male rats, 17940
history & treatment & other aspects of neuroleptic induced akathisia, literature review, implications for treatment with beta blockers, 30402
level of cognitive functioning, level of agitation, elderly nursing home residents, 30721
lorazepam, lithium induced akathisia, 64 yr old male with bipolar disorder, case report, 30536
nonnutritive sucking by pacifier, restlessness & alertness, preterm hospitalized infants, 27198
propranolol vs beta-2 receptor blocker ICI 118,551, neuroleptic induced akathisia, 35–44 yr old males with schizophrenia or PTSD, 30403
Restraint (Physical) [See Physical Restraint]
Restricted Environmental Stimulation [See Stimulus Deprivation]
Retail Stores [See Shopping Centers]
Retaliation [See Reciprocity]
Retardation (Mental) [See Mental Retardation]
Retarded (Mentally) [See Mentally Retarded]
Retarded Speech Development
group music activities, increased expressive language skills, developmentally delayed & mentally retarded 2–5 yr olds, 12587
microcomputer assisted vs tabletop management activities, response stabilization of speech management, 3.5–8.8 yr olds with speech delay, 34135
parent child interactions & behavior problems, 24–32 mo olds with developmental expressive language disorder & their mothers, 33437
Retention [See Also Recall (Learning), Recognition (Learning)]
acquisition & retention & reversal & extinction of spatial discrimination in radial maze, cholinergic uptake in hippocampus vs magnocellular forebrain, mice, 18169
acquisition & retention of CR to tone paired with footshock, multiunit activity in hippocampus & medial geniculate body, rats, 10902
active & passive avoidance & conditioned freezing acquisition & retention, male rats with vasopressin deficiency vs heterozygous for diabetes insipidus, 4185
active vs passive acoustic presentation mode, long term retention of word lists, college students, Great Britain, 3851
acute arecoline &/vs tacrine immediately following footshock, retention of avoidance conditioning, aged mice, 844
acute vs chronic dihydroergocristine, acquisition of active avoidance & retention of passive avoidance behavior, aged male rats, 18319
adrenoreceptor antagonist idazoxan, noradrenergic activity & memory retrieval, rats, 35890
age, acquisition & retention of active avoidance response, C57BL/6NNia vs strains of genetically autoimmune mice, implications for autoimmunity development, 3922
age, lag & retention interval interaction, 18–76 yr olds, 25416
anti ependymin antisera before vs after acquistion training, retention of learned shock avoidance, goldfish, 4459
arecoline &/vs tacrine & age, retention, male mice, implications for memory dysfunction in elderly, 4357
arginine vasopressin, reversal learning & retention of black & white visual discrimination, male rats, 825
atropine blockade of cholinergic muscarinic receptors, strategy selection & learning & retention of nonspatial visual discrimination tasks, rats, 7936
attention to spatial distribution of retrieval cues in stimulus array, mobile pattern retention & forgetting measuring memory development, 2 vs 3 mo olds, 39568
behavioral objectives, achievement & retention, 10th graders with high vs medium vs low GPA in social studies classrooms, Jordan, 20535
benzodiazepine receptor antagonist CGS 8216 or flumazenil, maze discrimination acquisition & retention, mice, 18368
beta endorphin &/vs oxotremorine with vs without scopolamine, retention test performance of conditioned emotional response, mice, 21719
bizarre imagery, long term retention of paired associates within variable contexts, college students, 28328
bombesin vs gastrin releasing peptide, memory retention, rats, 18330
breadth & depth & meaningfulness of category names of sequence control menus in computer assisted instruction, comprehension & retention & attitude, college students, followup study, 13482
brightness discrimination escape vs avoidance training in Y maze, time dependent fluctuations of retention performance, male rats, 3924
CGS 19755, N-methyl-d-aspartate evoked acetylcholine release & learning & retention of avoidance task, rats & mice, 14883
chronic icv D-amino-phosphono-valeric acid, acquisition & retention of olfactory discrimination & avoidance learning, rats, 21818
colchicine destruction of dentate gyrus cells, retention of radial maze task & sensitivity to cholinergic drugs, rats, 28740
comparison response coding of stimuli, retention, pigeons, 35478
completion of psychology course taught by different methods, performance on test of general psychology content, college students, 4 mo followup, 24057
comprehension & retention of radio story, 10–13 yr olds with low vision, Poland, 33511
cycloheximide 1 vs 2 vs 7 days posttraining, retention of active avoidance task, male rats, 18395
delayed vs immediate vs reresponding to incorrect items on test vs posttest, correct responses, college students, implications for attentional & interference perseveration factors in delayed retention, 38115
diazepam & extinction & open field exposure, retention of shuttle avoidance task, rats, 4455
diazepam, effect of additional training & extinction on retention of active avoidance learning, rats, 21798
divided vs alternating text structure, learning & retention of scientific material, college students, 23986
DSPH 48 hrs after birth, inhibitory avoidance & Y maze discrimination reversal task performance as adults, rats, 4338
E vs self paced intertrial & retention interval, estimation of auditory time lengths, college students, 205
encoding problems in nonstrategic memory task, elderly with dementia of Alzheimer's type, 29910
explanatory context & semantic fit between text & address, retention, college students, West Germany, 14472
feedback effectiveness & efficiency, learning & retention in memory & transfer tasks, college students, 38116
immediate vs delayed posttraining subconvulsive transcranial electroshock, retention of passive avoidance learning, 1 day old chicks, 7792
immediate vs delayed vs no information feedback, delayed retention, college students, 7453
inhibition & forgetting of conditioned suppression followed by dextroamphetamine sulfate, memory retrieval, mice, 11288
instructional strategies, retention & transfer of procedures of different difficulty level, college students, 41232

intertrial interval, retention of taste aversion conditioned concurrently with ambient novel odor, weanling rats, 7541
ip vs sc vs iv atropine sulfate, spatial task retention, male rats, 21803
iv vs sc vs po dehydroepiandrosterone & its sulfate, retention of T maze shock avoidance learning, male mice, 7850
ketamine anesthesia, retention of Pavlovian aversive conditioning, male rats, 14845
ketanserin &/or mianserin, passive avoidance retention, 5 vs 12 vs 22 mo old rats, 14913
learning & recall of name-number pairs, repairing induced forgetting & individual differences in retention & relearning of original pairs, military recruits, 28329
learning rate & instructor vs self pacing, retention of task related information, college students, 10114
lesions of cerebellar cortex, retention of classically conditioned eyeblink response to stimulation of lateral reticular nucleus, male rabbits, 7764
location discrimination, retention intervals of spatial reference memory, pigeons, 38995
lorazepam vs oxazepam & level of initial information processing, semantic information processing speed & retention of recognition task, 19–46 yr olds, 836
naloxone &/or adrenaline, retention & memory, rats, 28839
negative CS, stimulus selection in appetitive & aversive conditioning & short term retention, adult & infant rats, conference presentation, 28436
noise vs novelty stress, retention of learned inhibitory avoidance response, male rats, 753
normal vs inverted vs mirror image vs reversed spelling text structure, retention of specific information & gist & transfer of pattern analyzing skill & lexical information, college students, 28344
opioid receptor agonist U-50,488 &/vs lesions of amygdaloid complex, retention of previously acquired passive avoidance, mice, 18301
oral &/vs written instructions, retention & performance of scuba diving skills, college students, 10487
orienting tasks &/or stimulus sentence complexity, mnemonic advantage of bizarre imagery in free recall, college students, commentary, 28333
paradoxical sleep deprivation, acquisition & long term retention of shuttlebox avoidance, male rats, 11120
parietal vs striate vs peristriate lesions, visual discrimination acquisition & retention, rats, 18266
peripheral pancreastatin following T maze footshock avoidance training, memory retention, male mice, 25217
piracetam vs oxiracetam vs pramiracetam vs aniracetam & footshock intensity, passive avoidance retention & memory, male mice, 39363
post training bicuculline methiodide vs muscimol in amygdala, retention of inhibitory avoidance response, male rats, 39253
postsession subseizure stimulation of anterodorsal vs posteroventral hippocampus, retention of behavioral task, male mice, 4277
posttraining &/vs pretesting administration of naloxone &/vs ACTH vs vasopressin vs epinephrine, retention of shock avoidance learning, rats, 7869
posttraining bilateral lesions of caudate nucleus, retention of egocentric vs allocentric spatial learning, male rats, 7807
posttraining GABAergic antagonists, retention of inhibitory avoidance & discrimination tasks, male mice, 25194
posttraining glucose injection dosage, retention of learned operant barpressing response measuring memory, male mice, 25269
posttraining naloxone in amygdaloid complex with vs without beta noradrenergic antagonist propranolol, retention of inhibitory avoidance & discrimination response, male rats, 7889
posttraining picrotoxin, state dependent retention enhancement after training in inhibitory avoidance task, male mice, 28823
posttraining sc dehydroepiandrosterone sulfate, retention of footshock active avoidance training, young vs aged mice, 7849
pre vs posttraining morphine, retention of inhibitory avoidance, mice, 32172
preconditioning without footshock, strength & retention of aversion conditioning, 16 vs 21 day old rats, 35469
prior knowledge level, text reading & retention with vs without headings, college students, 28347
ratio & dosage of arecoline & tacrine & oxotremorine & edrophonium 2-drug combinations, retention of footshock avoidance task, male mice, 7851
retention interval, flavor preexposure effect in aversion conditioning, 6 & 12 day old rats, 7540
retention interval, implicit & explicit memory in picture completion tasks, 3 vs 5 vs 7 yr olds vs adults, 15096
retention interval of self generated cues, incidental recall, 19–32 vs 65–79 yr olds, Sweden, 7995
retention interval, recall of ideas during vs after story presentation, college students, implications for long term retention, 3861
retention interval, representation of map in memory, college students, 14450
retention of material from original instructional texts vs those revised by experts, college students, implications for school learning, 34626
retention of orienting reaction habituation, 16–66 yr olds wth multiple sclerosis, 33631
retention of self recognition after 1 yr without access to mirrors, young male chimpanzees, 14515
retention of semantic knowledge about concrete objects & their distinctive features & functions, Alzheimer's disease patients, 12469
reversible cold prestriate cortex lesions, visual discrimination retention deficits, monkeys, 39228
rhythmic movement coordinated vs rote recitation procedure, retention of picture matches, working class Black 5–6 vs 8–9 yr olds from homes with high vs low stimulation, 11376
scopolamine, acquisition & retention of maze learning following avoidance conditioning, young male rats, implications for muscarinic receptors, 18448
scopolamine, time between avoidance learning & disruption of formation of durable memories, male mice, 21802
scopolamine vs oxotremorine vs propranolol vs phorbol myristate acetate, learning & retention in passive & active avoidance, male mice, implications for protein kinases & 2nd messengers, 877
self paced instruction in computer terminology & commands & program writing, computer operation & learning retention, 21–49 yr olds with closed head injury vs memory disorder, 5649
self questioning summarization strategy, increased learning & retention of social studies materials, learning disabled & underachieving 7th-8th graders, 20657
shock avoidance task & paradoxical sleep deprivation beginning 24 hrs posttraining, retention, rats, 10921
short term memory span & retention interval, elderly patients with Alzheimer's type dementia vs depression, 8494
social deprivation & presence of observing audience, categorical organization & retention of words, male college students, India, 21285
summary knowledge of results, skill acquisition & retention, college students, 24886
target words with rhyming vs semantic associative context words & retrieval cue type, retention, college students, 7435
time of day & training test interval, effect of pretest ip ACTH with vs without naloxone on retention of inhibitory avoidance learning, female rats, 7841
training in auditory discrimination & memory & sequencing, auditory retention of sentences, 7–13 yr old learning disabled students, implications for special education, 6799
transplantation of fetal noradrenergic locus ceruleus neurons into 3rd ventricle, inhibitory avoidance retention performance, aged rats, 7805
underlining of textbook sentences during reading, retention, below average college students, 23991

vasopressin modulation of nicotinic cholinergic mechanisms, retention, male mice, 11215
vasopressin receptor & cholinergic nicotinic antagonists, hypertonic saline & vasopressin facilitation of retention of inhibitory avoidance task, male mice, 35774
visual recognition & retention delay & intervening stimuli in matching task performance, 36–64 yr olds with Korsakoff amnesia vs alcoholism, 5372
vocabulary overview guide, vocabulary comprehension & retention, college students in developmental reading course, 20455
within trial location of retention interval in light & tone stimulus sequences, delayed conditional discrimination performance, rats, 3912
2 wk &/vs 3 mo repeat intervals vs single play experience, event reenactment, 24 & 28 mo olds, 25453
4MAT system of instruction, achievement & retention of learning & attitudes, 3rd graders, 6719
Retention Measures [See Also Wechsler Memory Scale]
construction & reliability & validity of Actual Memory Scale, assessment of forgetting & self evaluations of retention, 14–80 yr olds, 130
convergent & divergent validity of Halstead Reitan vs Luria Nebraska neuropsychological tests vs short & long term memory measures, college students, 128
Rey Auditory Verbal Learning Test, WISC-R assessed forward & backward & total digit span, learning disabled 7–16 yr olds, 1943
utility of clinical memory tests, prediction of everyday memory ability assessed by self report & everyday tasks, 50–86 yr olds, 44
Reticular Formation
lesions of cerebellar cortex, retention of classically conditioned eyeblink response to stimulation of lateral reticular nucleus, male rabbits, 7764
picrotoxin injection into mediodorsal thalamus vs pedunculopontine nucleus, locomotor activity, male rats, 4433
postlearning nonawakening mesencephalic reticular formation stimulation, spatial discrimination maze learning, rats, implications for memory trace activation during sleep, 35736
reticular formation, arousal & environmental awareness & unconscious aspects of communication, 623
reward for medial prefrontal cortex self stimulation, nucleus reticularis gigantocellularis stimulation induced escape measuring hedonic interactions, female rats, 32127
transection of nucleus parvocellularis in pontine reticular formation, salivary secretion, rats, 35759
Retina [See Also Cones (Eye), Ganglion Cells (Retina), Rods (Eye)]
adaptive neural model, representation of target positions in brain invariant to retinal registration & eye posture, 11031
computer model of relative retinal illuminance, application of wide angle eye model, 4138
eccentric stationary edges with vs without central retinal occlusion & stationary vs moving displays, optokinetic nystagmus, adults, 28255
fixation distance & nose protrusion, rationale for adaptive location of optic discs in retina, 7635
fixation with temporal retina, visual pattern discrimination, rabbits, 18110
form of pyridine, visual EPs & retinal electrical activity & dopamine & DOPAC, monkeys, implications for Parkinson's disease, 11227
Gaussian derivative model, assessment of retinal receptive field mechanisms for spatial vision, animals & humans, 18145
hemiretinal differences in speed of threshold light detection, adults with esotropic amblyopes, 1979
lithium, retinal physiology & dark adaptation & light sensitivity, depressive adult female, conference presentation, 9577
mapping of color sensitive zones in peripheral retina measuring anomalous cone distribution, dyslexic 18–24 yr olds, implications for eye movements & differential diagnosis, 40327
motion signals with respect to retina & orbit vs pattern elements, induced motion theories using uniform motion model, 7362
psychological & social issues & role of vision care professionals, patients with diabetic retinopathy, 23047
radial motion of quasi-sinusoidal circular nonuniform pattern designed to fit inhomogeneity of retina, illusion of forward & backward motion in depth, Os, 24749
retinal position, perceptual segregation performance, college students, 17772
retinohypothalamic pathways, mammals, 39106
stimulus wavelength, sensitivity of red vs yellow retinal fields, head fixed pigeons, 21548
temporal contrast sensitivity at various retinal eccentricities, adult male, 7338
Retinal Ganglion Cells [See Ganglion Cells (Retina)]
Retinal Image
artificial retinal image stabilization using eye movement information, oscillopsia & visual acuity, 22–82 yr olds with nystagmus due to neurologic disease, 2050
body tilt & inattention vs divided attention, recognition of figures upright in environment vs retinal image, college students, test of visual correction stage hypothesis, 31800
chromatic aberration & defocus & spatial frequency, mathematical model of chromaticity of retinal image, implications for visual physiology & colorimetry, 28236
constant volume operators & lateral inhibition, modeling Mach bands & other high pass filter effects in spatial vision, 39127
device for partial stabilization of retinal image & head-eye movement size, postural sway, 25–36 yr olds, implications for oscillopsia treatment, 32051
efficiency of image code modeled on spatial processing in early human vision, 264
half images of large random dot stereograms, fusional limits of absolute retinal disparity, adults, 3725
inverted Necker cube vs drawing with lower of 2 frontal faces appearing in front vs back, retinal image & picture & space perception, college students, 263
movement of fused retinally stabilized image in pair or paired continuous & flashed stimuli, extention of Panum's fusional area in binocular vision, Os, 14266
optically induced retinal image slip, postsaccadic ocular drift, 18–61 yr olds, 39103
perceptual integration of displays across brief temporal gap, dissociation & decay rate of visible persistence vs retinal afterimages, Os, 17760
phase independent spatial frequency of retinal image in visual pathway, adults, 660
repetitive regularly spaced horizontal light points, stereoscopic matching using retinal correspondence vs edge locations, female adults, 17780
retinal image motion toward vs away from fovea during ocular pursuit vs fixation, perception of light flash location, 22–25 yr olds, 14293
retinal locus & locational uncertainty & stimulus identity, RTs for identification of hierarchically presented small letters, adults, 14288
retinal size & distance of figures, mental rotation RT, college students, 7350
saccades to line target with right vs left peripheral retinal location, oculocentric visual direction, adults, 3748
shadows as retinal images without parallax disparity, binocular depth perception & stereoscopic fusion, adults, 28258
stabilized retinal image & moving target in dark vs light, motion perception & tracking with smooth pursuit eye movements measuring retinal &/vs extraretinal signal influences, adults, 35302
stimulus size & retinal eccentricity, orientation discrimination threshold, naive vs experienced adults, 14301
waveform velocities & duration of retinal slip velocities, vocabulary saccades & visual performance, 12–48 yr olds with congenital nystagmus, 29840
Retinal Vessels [See Arteries (Anatomy)]

Retirement
attitudes about careers & music & retirement, 57–90 yr old retired symphony orchestra musicians, 22105
attitudes toward living in retirement facilities, 65 yr olds & older, 32581
brief group psychotherapy, retired 49–83 yr olds, 37406
criminal characteristics, male 55 yr old & older retirees vs habitual vs career offenders in urban environment, 36733
definitional problems & retirement decisions & adaptation, females, 36191
degree of power, residents of retirement homes, US vs England, 39708
demographic characteristics & educational & occupational achievements & job characteristics, postretirement work, retirees, 20862
dependency & sex equality & discrimination, retirement education, elderly females, Great Britain, 36205
development & assessment of support groups offered by mental health clinic, male veterans forced into early retirement, 30670
discouraging early retirement, use of medical services, elderly males, 27045
EMG biofeedback, anxiety & depression, 75 yr old female admitted to day treatment program following forced retirement, case report, 34329
factors influencing well being & quality of life in retirement, Zulu migrant workers returning to rural lifestyle, South Africa, 29184
family functioning & health & retirement & SES, morale, 60–69 yr old husbands vs wives, 15235
health conditions & self perceived health & retirement, 65 yr olds & older, 25661
income & health & social interaction, happiness at preretirement vs postretirement, elderly husbands vs wives, 10 yr study, 8195
independent living arrangements & eldercare, retired elderly & their families, 32576
instrumental vs expressive motivation, continuing education participation, retirees, 41260
interest in & perceived incentives & barriers to participation in health promotion activities, 55–91 yr old retirees, 22076
labor force patterns & retirement, older workers, literature review, 36212
leisure satisfaction & participation, anxiety level, retirees, 18725
life cycle models of saving & timing of divorce, family assets & savings rate & portfolio shift & economic well being in retirement, spouses, 39765
lifestyle & demographic & psychosocial factors, degree of interest in relocating to retirement community, retired 60 yr olds & older, 39711
outplacement counseling, adjustment, early retirees, 20820
overview of retirement crisis intervention strategies from gerontological social work perspective, 55 & 64 & 67 yr old clients, 37757
participation in dual economy, retirement satisfaction, male retirees, 1151
personal characteristics, amount & importance of retirement planning for income & health & work & leisure & interpersonal relationship, 45–64 yr olds, implications for counseling, 24300
personal expectations, prediction of retirement date, 50 yr old & older male employees, 31339
planned retirement housing preferences, homosexual females & males 55–64 yrs vs 65 yrs old & older, 1159
professional contributions to studies focusng on social image & economic aspects of aging & retirement, elderly females, France, 4780
psychosocial factors, adjustment to old age & retirement, urban vs rural 62 yr olds, Finland, 8187
reasons for & concerns about joining continuing care retirement community, early vs recent vs future joiners under vs over 75 yrs old, 18714
recreation satisfaction & activity participation, life satisfaction, 60–94 yr old residents of retirement centers, 4783
retirement & financial planning, 25–64 yr old Black vs White professionals, 31347
retirement decision & marital relationship & intergenerational reactions, adaptation to husband's retirement, elderly couples, 36216
retirement experience, 62–100 yr old academics, UK vs US, 29178
retirement preparation programs, disengagement from communication environment of work, Fortune 100 organization retirees, 20819
retirement programs & benefits & financial security, mission boards, 3352
retirement, status in family, adults, 25744
self efficacy & attitudes & information & planfulness & job commitment & social support, preretirement anxiety & depression, adults nearing retirement, 36194
sex, adaptation to retirement & life satisfaction, urban 60–72 yr olds, Canada, 1161
social interaction & alcohol use, 57–97 yr old residents of retirement communities, 18708
social isolation vs participation, alcohol consumption, 55–91 yr old retirement community residents, 15233
stress factors & coping mechanisms in retirement, UK, 15253
training in facilitative communication skills, self perception of helpfulness, elderly retirement community residents, 9429
use of Markov model to determine influence of physically demanding work & impaired health on ability to delay retirement, elderly males, 17 yr study, policy implications, 41396
uses of leisure time, retired adults, 36201
work history & attitudes & economic status & health, decision to retire, Black vs White 62–66 yr old females, 18711

Retroactive Inhibition
approach training in identical vs differing apparatus context, recall of previously learned passive avoidance response, young vs senescent rats, 3972
change in illumination conditions during testing, performance of delayed matching to sample task, pigeons, 3927
diazepam & extinction & open field exposure, retention of shuttle avoidance task, rats, 4455
epinephrine vs ACTH-(1-24) vs lysine vasopressin, extinction blocking & retroactive interference in inhibitory avoidance task, female rats, 25246
inconsistent vs consistent information, memory for witnessed event, alcoholic adult males, 1895
interpolated learning, retroactive inhibition & transfer of specific responses, reprint of 1940 article by A. W. Melton & J. M. Irwin, 3860
loci mnemonics & retroactive interference, free recall of paired items, college students, 24867
preexposure to intermaze vs extramaze cues, latent discrimination learning or inhibition, male rats, 35442
retroactive vs proactive interference in spatial memory, college students, 14432
short term retroactive interference, 18–32 vs 64–78 yr olds, 15104
timing of post training negative vs positive comment, recall of verbally learned material, 20–52 yr olds, 17893

Reversal Shift Learning
acquisition & retention & reversal & extinction of spatial discrimination in radial maze, cholinergic uptake in hippocampus vs magnocellular forebrain, mice, 18169
arginine vasopressin, reversal learning, Holtzman albino vs Long Evans hooded rats, 35903
bilateral lesions of Wulst, reversal learning, pigeons, 28783
chronic p-xylene inhalation, autoshaping & reversal learning & motor activity, male rats, 28816
daily chlorpromazine during gestation vs nursing period, discrimination & reversal learning & leverpressing, rat pups, 858
ibotenic acid induced basal forebrain lesions, learning & reversal of T-maze 2 choice spatial discrimination, male rats, 4296

intradimensional vs extradimensional shifts, visual discrimination learning with simple & compound stimuli, marmosets & 20–48 yr old humans, 21387
kindling of hippocampal perforant path dentate projection, discrimination reversed conditioning of nictitating membrane response, rabbits, 28435
prefrontal cortex or hippocampal lesions, avoidance conditioning & reversal training acquisition & extinction, adult vs weanling male rats, 28757
testosterone, habit reversal problem learning in E maze, castrated rats, 4499
Review (of Literature) [See Literature Review]
Revolutions (Political) [See Political Revolution]
Reward Allocation
acceptance of unfair allotment of money, college students in groups of 6, 15468
adjudicated contests & invidious selection in resource allocation, 39730
belief that controller will penalize attempts to change communication network, attempts to change networks, male college students, test of anticipated reactions law, 11772
cooperative vs competitive task judged on ability vs effort, justice rule allocation preferences in contributive vs retributive settings, college students, 18882
cost of crime as measured by pain & suffering & fear, jury awards, crime victims, 22228
educational attainment & sales volume & personality type of target, reward allocation, college students, Hong Kong, 8420
employee role & organizational culture, preference for reward allocation & participation in organizational processes & job satisfaction, employees of participative vs nonparticipative management firms, 41465
identification with either vs both vs neither ingroup vs outgroup, reward allocation equity in group competitions, male college students, Japan, 29356
individual requests for money in group situations when payoff is dependent upon total collective request, group members, conference presentation, 32797
input in dyadic time estimation task, reward distribution, male vs female high school & college students, India, 8121
nonparametric test for reward distribution strategies in minimal group paradigm, 31708
sex, perceived fairness of reward distributions, 5th graders vs college students, 39605
sex, reward allocation, college students, 29369
structural configuration of tasks & strategic resource allocation training, time sharing performance, 19–30 yr old male students, 31896
therapeutic strategies following induced hostility, evaluation of & level of reward given to confederate, female college students, Italy, implications for therapeutic evaluation, 8382
work input & language of outgroup, fairness of intergroup reward distribution, Dutch speaking 1st vs 3rd vs 6th graders, Belgium, 18536
Rewards [See Also External Rewards, Internal Rewards, Monetary Rewards, Preferred Rewards]
amount & frequency of reward, learning, free flying honey bees, 14513
aspects of graduated reward system within prison, inmates, 13280
assigned goal & reward, brainstorming performance, college students, replication, 14388
assigned goal & reward, brainstorming performance, college students, replication, erratum, 28302
attitudes toward effectiveness of rewards & punishments, 13–15 yr old students & their teachers, England, 24081
attitudes toward praise & rewards & punishment, secondary school students, Great Britain, 31165
aversive conditioning of reward & nonreward odors, suppression of water consumption, thirsty male rats, 35439
balance vs imbalance in reward vs punishment power, power use in exchange network with real & computerized actors, college students, 11750
behavior microstructuring theory using rewards or gratifications & use of interpersonal processes to meet needs & create social structures, commentary, 36228
behavioral cost operant responsiveness to Pavlovian signals & food rewards, pigeons, 3946
behavioral management system of nonmonetary rewards & feedback, productivity, city government employees, 3394
behavioral theory of social microstructuring involving rewards & material gratification, 25683
bell & pad vs dry bed method vs tangible rewards with fading nocturnal enuresis treatments, outpatients over 6 yrs old at enuresis clinic, 33966
community reward program, safety belt use, elementary school students & parent-teacher volunteers, 13049
coworker performance & negative vs positive sanction, job satisfaction & motivation & perception of equity & cohesiveness & productivity & commitment, college students & sales clerks, 27955
decision structure, conflict & reward & coercive power structures, franchised real estate brokers, 31435
ethanol administration, brain stimulation reward, animals, 21648
ethanol, positive vs negative successive incentive contrast effects resulting from shifts in size of food reward, rats, 833
exposure to sweet substances, analgesic rewarding effect of morphine, rats, 39346
frequency of rate frequency curve asymptote in runway &. leverpressing, reward saturation in medial forebrain bundle self stimulation, male rats, 786
goal vs reward interdependence, achievement in cooperative learning situations, 10th graders in mainstream social studies class including learning disabled & isolated students, 17274
haloperidol, response reinstating effects of food reward during extinction, rats, 32213
haloperidol, reward value of lateral hypothalamic stimulation in place conditioning, rats, 7786
high vs low valence & communication of rewards, job satisfaction, college students, implications for discrepancy theory, 38422
incentives & rewards, entrepreneurial behavior, employees, 20871
indirect effects of reward or punishment in organizations on Os, 38447
instrumental conditioning, assessment of reward strength of vaginal discharge, male hamsters, 28408
law & educational intervention & reward contingencies, safety belt use, preschool & school age children & their parents, conference presentation, 37217
locomotor stimulation or stimulus novelty produced by amphetamine, conditioned place preference, rats, 28821
mapping of relative fiber density & brain stimulation reward sites in anterior hypothalamus at level of stria medullaris, male rats, implications for neural pathways, 32124
maternal attitudes & practices in use of rewards, prosocial motivation, 2nd–5th graders, 36127
medial prefrontal cortex electrical stimulation, pure reward vs reward escape site mapping, female rats, implications for similarity to hypothalamic reward systems, 32128
observations of serial enumeration & categorical flexibility & adjustment to shift conditions in series of reward events, male rats, 21359
opinion similarity vs perceived altruism in reward allocation in dilemma game, interpersonal attraction, male college students, 36444
positive or negative or neutral induced mood vs reward, intrinsic interest & motivation & mood after attractive game, 4–5.7 yr olds, 29123
possibility of 3rd party punishments vs rewards & coercive power & negotiator limits, negotiator concessions & perceptions of 3rd party, college students in simulated organizational dispute, 29339
preference for greater weight &/vs number of units of food reward, rats, 14517

pretrial vs intertrial food rewards, runway extinction, rats, 14555
proportion of reinforced trails or alcohol & reward delay, preference for unpredictable reward in maze learning, rats, 14522
recognition & incentive awards programs, morale & productivity, employees, 20861
reinforcement by direct vs implicit contingent rewards, handwriting, 20–28 yr olds, Australia, 35266
reward contingency & perceived competence, attribution of intrinsic motivation, college students, 29363
reward functions of personnel training, perception of individual outcomes or benefits, employees, Norway, organizational implications, 34876
reward value of stroking vs milk infusions in classical conditioning paradigm, 6 day old rats, 3965
reward vs penalty directions & anxiety level, guessing behavior on multiple choice tests, 5th graders, 31259
rewarding & punishing verbal reinforcers, verbal operant conditioning, female college student extraverts vs introverts vs ambiverts, India, 28324
rewards & mixed vs uniform ability groups, individual vs cooperative computer assisted instruction, junior high school students, 13520
rewards, originality & total fluency & flexibility of ideation, preschoolers, 958
rewards, performance of reinforced behavior, meta analysis, literature review, 31893
rules & rewards & sanctions, control of pupil conduct, secondary school senior teachers, UK, 13587
sex & reward & involvement levels, reciprocity vs compensatory response to vs nonresponse following change in partner's involvement in dyadic communication, college students, 11729
stimulus control & self punishment & rewards, severity & duration of obsessive compulsive behavior, adults, 2418
task type & reward contingency, intrinsic motivation in heuristic vs algorithmic tasks, college students, India, 14485
Rheumatic Fever
prevalence of obsessive compulsive symptoms, 6–15 yr olds at onset of Sydenham's chorea vs 7–15 yr olds at onset of rheumatic fever, 23058
Rheumatism [See Arthritis]
Rheumatoid Arthritis
catastrophizing as coping strategy for pain, patients with rheumatoid arthritis, 6 mo study, 37077
cognitive behavior therapy, pain perception & coping, 43–76 yr old veterans with rheumatoid arthritis, 16327
cognitive behavioral treatment, rheumatoid arthritis, 22–75 yr old females, 30282
depression & anxiety & helplessness, prediction of pain behavior & functional status, adults with rheumatoid arthritis, 8982
family social support, psychological adjustment for internalizing & externalizing behavior problems, 5–15 yr olds with juvenile rheumatoid arthritis, 30117
hardiness & demographic characteristics & perceived health, females with rheumatoid arthritis, 5750
life stress & coping efficacy & self reported psychological distress, immune parameters & lymphocyte counts, 30–70 yr old females with rheumatoid arthritis, 37190
low dose perphenazine & lithium carbonate, 44 yr old female with rheumatoid arthritis & schizophrenia, case report, 16610
Minnesota Arthritis Training Program, self management through education & exercise, patients with rheumatoid arthritis, 13209
model for assessment of therapeutic adherence & recurrent pain, children & adolescents with diabetes mellitus or obesity or rheumatoid arthritis, 22880
motor performance standards & difficulties & satisfaction, social comparison with arthritis patients vs healthy adults & role in adjustment, female 18 yr olds & older with rheumatoid arthritis, 33476
Nottingham Health Profile, differential diagnosis, 21–83 yr old migraine vs rheumatoid arthritis patients, 26534
pain related self statements & perceived pain control, pain severity & disability, adults with chronic back pain vs rheumatoid arthritis, 5638
patient practitioner interaction, compliance with prescribed medication & exercise & splint use, patients with rheumatoid arthritis, 12574
piroxicam, phototoxic reaction, male 65 yr old with rheumatoid arthritis, case report, 40762
political & theoretical & methodological issues in defining disability, females with rheumatoid arthritis in unpaid homemaker vs paid work roles, 19603
psychiatric consultation in hospital rheumatology unit, patients with systemic lupus erythematosus or rheumatic arthritis or fibrositis, Canada, 13102
psychodiagnosis & self reported symptoms & illness behavior, fibromyalgia vs rheumatoid arthritis patients, 2036
psychological adjustment & family environment & chronic musculoskeletal pain & disease activity, daily living & school & social functioning, 4–16 yrs olds with juvenile rheumatoid arthritis, 5820
psychosocial interview & problem solving intervention, treatment compliance & lifestyle problems, rheumatoid arthritis patients, 5851
range of motion dance program vs traditional home exercise & rest, self reports of compliance & body image & joint range, ambulatory adults with rheumatoid arthritis, 4 mo followup, 2235
self reported functional disability & coping efforts, psychological adjustment, 48–78 yr olds with rheumatoid arthritis, 30061
severity of disease & disability, social relationships & psychological well being, rheumatoid arthritis patients, 9052
spontaneous social comparison in subjective assessment of disease activity & functional status & psychosocial adjustment, adults with rheumatoid arthritis, 16017
support & criticism received from spouse, psychological adjustment, female 25–76 yr olds with rheumatoid arthritis & their husbands, 26574
Ribonucleic Acid
extracted messenger RNA from postmortem brains, preparation of recombinant complementary DNA library, 67–88 yr olds with Alzheimer's disease, 9187
neuronal RNA in frontal & occipital areas, postmortem patients with Pick's vs Alzheimer's disease, 29913
Rigidity (Muscles) [See Muscle Contractions]
Rigidity (Personality)
authoritarianism & rigidity, learning & recall of verbal paired associates, college students, India, 7444
authoritarianism &/vs rigidity, verbal paired associate learning, college students, 17884
superego aspects of entitlement & deprivation, analysands with rigid characters, 19749
Riots
social meaning of riots between police & spectators at Grand Prix motorcycle races, Australia, 5384
Risk Populations [See At Risk Populations]
Risk Taking [See Also Gambling]
age & contraceptive risk taking behavior, female 15–34 yr olds, Denmark, 8157
age, choice between safe vs risky option, 20–76 yr olds, 11550
agency theory of conflict & risk sharing & its use in organizational research, 20842
AIDS knowledge level & attitudes & exposure to risk, sexually active 13–19 yr olds, implications for health education, 33595
application of problem behavior theory to problem of drinking & risky driving & riding practices, high school students, conference presentation, 25645
application of problem behavior theory to understanding of risky driving, adult drivers with vs without record of convictions, Canada, conference presentation, 27832
attitudes toward delayed licensure, 14–18 yr olds with vs without driver's licenses, implications for reduced risky driving & traffic convictions &/or accidents, conference presentation, 25630

attitudes towards risk, status quo orientations & political participation & involvement, college students, 39839
attributional style & values, decision to accept vs reject risky medical treatment, adults, conference presentation, 6273
biological & psychosocial development, risk taking & accident related behaviors, adolescents, conference presentation, 8139
central risk management problem & prevention of legal action predicated on professional negligence in forensic facilities, 37947
clear vs ambiguous risk, consumer choice behavior, college students, 10462
cognitive factors & fear, effects of fear arousing health threat communications, adult cigarette smokers, 13006
communication of decision & risk analysis information, reactor safety decisions, senior managers of Nuclear Regulatory Commission, 17356
community intervention & training program, negotiation skills & influence & self esteem & risk taking & autonomy, neighborhood residents & school board members, 2679
concept of risk & epidemiology, planning of drug use intervention programs & identification of high risk populations & geographic areas, 13236
conceptual framework of psychological & sociological & cultural perspectives & social amplification of risk perception & behavior, 15464
conceptual framework of psychological & sociological & cultural perspectives & social amplification of risk, commentary, 15475
conjoint expected risk function, measurement & prediction of perceived riskiness of choice alternatives using individual difference parameters, college students & high school teachers, 35372
construct validity of Strong Interest Inventory Adventure scale, female college students, implications for career counseling, 78
decision rule orientation & risk taking, college students, 35332
definitions of risk attitude & comparative risk aversion, random utility model, 38700
degree of care taken for accident prevention & severity of foreseeable harm, attribution of risk & negligence, college students, 22368
demographic & relationship characteristics & menstrual cycle phase & sexual expression & perceived risk of conception, contraceptive use, 18–34 yr old females, 4910
derivation of personality subtypes & attitudes, male high risk drivers with multiple traffic convictions &/or accidents, conference presentation, 27822
descriptions of dangerous alcohol & nonalcohol related driving situations, 16–19 yr old drivers, 1779
disinhibition & impulsivity, prediction of sexual intercourse & contraceptive use, male vs female 12–18 yr olds, test of risk taking model, 15227
environment & self esteem & beliefs about others & risk taking behaviors, health, adolescents, 39625
factor structure of lethal behaviors scale, female vs male adolescents & adults, 48
family income level, cost benefit decisions with uncertain outcomes for hypothetical economic & achievement & social situations, male vs female college students, 11793
feedback, preferences for multi-outcome lotteries varying in risk, college students, 11827
gambling experience & presentation of risk as probability of winning vs losing, gambling decisions, male vs female college students, 7413
groupthink & framing effects & risk seeking & group polarization, policy decision fiascoes, 18908
health promotion program, health behavior & status & risk taking & service utilization, elderly, 2 yr followup, 34163
high probability/low consequence vs low probability/high consequence risks, product attitudes, college students, 10457
high vs low risk condition, degree of trust formed toward interaction partner, college students, West Germany, 8347
historical view of October stock market crash & behavior of stimulated markets & psychological characteristics of investor risk taking, 36223
human & external social factors as sources of error in risk assessment in technological systems, 18735
income level & preference for psychological risk, investor risk on conservative/aggressive options, sales personnel working on commission, 25955
influence of media, high risk behavior, adolescents, conference presentation, 36183
information processing & decision framing, risk taking behavior, 16–24 yr old drivers, conference presentation, 10322
intertrial interval & trial onset conditions, risk aversion in gambling, adults, 21325
issues in & sociological perspective of technological risk taking & decision making, 4787
laws & social norms, driving deviancy & DUI, drivers, 1978–85, France, conference presentation, 26317
legal interventions, implementation of paternalistic public policies for prevention of unsafe & risk taking behavior, 25772
lifestyle & self esteem & alcohol & drug use & AIDS knowledge & health beliefs & social network, risky vs safer sexual practices, homosexual males, 1984–86, 40499
lifestyle & social support & mental health assessment data, prediction of high risk & unhealthy & dangerous behaviors, high school students, 8527
lifestyle correlates of risky driving & accident involvement, 9th–11th graders, Canada, conference presentation, 25561
mathematical model of effectiveness of AIDS education, prevention of risky behaviors, 37634
mean–variance model for portfolio selection with monetary payoff contingent on performance, choice between risky assets, statistically knowledgeable college students, 10797
measure of risk aversion in cases of one vs many commodities, 7249
mental model of risk assessment, interpretation of patient package inserts with information about possible side effects, pharmaceutical drug users, 9532
mental models & acceptability & social amplification of risk, 15486
missing information inferences, likelihood of taking gamble & confidence in judgment, college students, 38838
multiple story surface representations of same deep structure, risk aversion in decision making, college students, test of subjectively expected utility theory, 14412
multiplicative model of decision making under risk, analysis of utility assessment inconsistencies in expected utility theory, 10781
outdoor adventure experience paradigm, application to nonoutdoor leisure pursuits, 27987
perceived risk, selection of legal services, consumers, advertising implications, 17465
perception of & anticipated responses to property vs life risks, male vs female 9–12 yr olds, Scotland, 8089
personality & situational variables, effects of group discussion on risk acceptance & probability estimation & negotiation positions, adults, conference presentation, 11745
personality characteristics & mood & coping patterns before vs after North Pole expedition, 26–41 yr old team members, 41577
personality maturity, risk taking, postgraduate students, India, 11848
playground designed to accommodate risk taking needs, children, Norway, 21891
positive vs negative mood, attitudes toward prospective losses in risky situations, college students, 7493
potential win vs loss & positive affect due to gift, amount willing to pay for lottery ticket vs insurance, college students, 3874
prediction of minority influence, risky vs cautious vs neutral choice dilemmas, psychology students in cautious minority/risky majority vs risky minority/cautious majority group, 32773

psychological theory & communications in theory for risky choice & technological hazards & state lottery games, 15441
quantile utility & utility mass models of decision making under uncertainty, riskiness & risk preference, 14392
random choice vs rule use in decisions involving safety & welfare risks to others, college students, 17832
risk of monetary loss & group pressure, conformity, male vs female college students, 15553
risk perception, 24–25 yr olds, Hungary vs US, 22364
risk preferences & hospital admission rates, emergency room physicians, 3032
risk preferences for gains & losses, depressed adults, 15752
risk taking & information seeking, reassurance for reciprocal cooperation in public goods supergames, application of rational actor model, 36429
risk taking attitudes, prediction of delinquency & substance abuse, middle class adolescents, 15580
risk taking behavior, foraging male vs female house sparrows, 28456
risk taking in closed operant economy, pigeons, 31923
risk taking in medical treatment decision making, 25–50 yr old health department employees, application of expected utility theory, 37629
security level & expected utility theory of decision making under risk, 5002
sensation seeking & injury risk, adult injured vs noninjured downhill skiers, 13972
sex & issue salience & perceived efficacy & risk, antinuclear activism, college students, 39720
sex & time of day & number of passengers, behavior at stop signs, automobile drivers, 27827
smoking & drinking & exercise patterns & seat belt use, Type A vs Type B females vs males, 1453
social & developmental & behavioral sexual factors & religious attendance, contraceptive risk taking, 15–20 yr old sexually active females, 25578
social structure & estimation of risk, literature review, 15461
TV, risk related driving behaviors, adolescents, conference presentation, 36111
use of safety belt, perceived safety & risky driving behavior, college students, implications for risk compensation theory, 6856
violation of independence condition, expected utility maximization for decision making under risk & information aversion, 31870
willingness to pay more for hazard & fatality risk reduction related to use of automobiles vs aviation vs chemicals vs other products, college students & adults, 27826
2 choice decision under risk, rationale for apparent irrational decision paradox, test of classical theory of von Neumann, 17860
Ritalin [See Methylphenidate]
Rites (Nonreligious)
anthropological theories of myth & ritual & family therapy application, 30 yr old male who attempted suicide & his family, 33945
cognitions & affects in symbolism of public ritual of gender etiquette, 11692
comparative anthropological & psychohistorical analysis of psychosocial structure of & symbolic cognition in ritual ceremony of "giants" & "big heads", Spain, 22136
etiquette & ritual in family conversation, elderly parents & their adult children, 18795
healing functions of drug rituals involving ayahuasca, traditional tribes, Amazonia, 37470
myths & rituals of well known unspecific cultural periods that make up universal cultural unconscious, conference presentation, commentary included, 22137
Native American influence on psyche of all immigrants to America and tribal healing rituals similarities to teachings of Jungian psychology, conference presentation, commentary included, 22141
nature & impact of cult based ritualistic abuse of children, adults, implications for child psychopathology, 40235
phases & therapeutic utility of leave taking rituals in mourning therapy, 39 yr old widow, 5910
postmodern theory of ritual & social behavior, totality vs transformation & temporality, 22114
psychobiological perspective on healing rituals & social bonding & role of endogenous opioids, 32068
psychological mechanisms & effects of & rituals involved in reunions, elderly parents & their adult children, 18794
ritual of sacrifice, psychodynamics of conception of supernatural power & inner & cultural experience of causality, 1177
ritual processes, ambiguity & conflict following divorce, 18783
rituals in treatment program of residential adolescent psychiatric unit, Norway, 30708
role & power of cultural rituals & their mobilization in family therapy, females, 9404
sanctuary of Aesclepius as model for health maintenance, 2615
social & cultural organization of emotional discourse & role of transcendental vs transformative rituals, Iran, 4803
social contexts of ritual wailing, expression of grief & desire for sociability, Indians, Brazil, 11600
social exchange & attachment & grief theories & cultural denial & therapeutic rituals in adjustment in divorce processes, 39772
social/historical context of generational transmission of family rituals, adults, 18799
spirit possession beliefs & rituals, Iran, 4811
symbolic meaning of marriage rituals, Nayar caste, India, 8264
symbols & rituals in brief psychotherapy, 30218
therapeutic imaginary leave-taking ritual under hypnosis, mourning, adult female, 9602
Rites (Religion) [See Religious Practices]
Rites of Passage [See Also Birth Rites, Death Rites, Initiation Rites, Marriage Rites]
Junior Theme research project as rite of passage, self report of experiences & emotional states, high school students, 10156
Rituals (Nonreligious) [See Rites (Nonreligious)]
Rituals (Religion) [See Religious Practices]
RNA (Ribonucleic Acid) [See Ribonucleic Acid]
Robbery [See Theft]
Robotics
computer aided task simulation & questionnaires for achievement motivation & personality traits & work satisfaction, selection, robotic manufacturing operators, 13779
decision making task, college students & robots working together, 14414
robots in group therapy, patients with neuropsychological disorders, 34362
Rocking (Body) [See Body Rocking]
Rod and Frame Test
peripheral circular contours, rod & frame effect, college students, 31776
puberty, spatioperceptual strategy on rod & frame test, 8–16 yr olds, 25505
unlimited duration vs tachistoscopic presentation & stimulus size & perceptual style, individual differences in rod & frame test, college students, 17778
Rods (Eye)
addition of rods, responsivity & sensitivity of dark adapted retinal ganglion cells, goldfish of different sizes, 4097
cone mediated flicker & color detection thresholds by dark adapted rod system, 15 & 38 yr old males with congenital stationary night blindness, 8977
rod system density, visual thresholds, goldfish of different sizes, 4144
spatial properties of visual mechanisms under light vs dark adaptation, turtles, 28629
target luminance & wavelength & retinal eccentricity & adaptation conditions, rod vs cone inputs determining foveating eye movement latency, adults, 14267
visual mechanisms & 2 color increment thresholds, turtles, 28603

Roentgenography [See Also Angiography]
cephalametric & cineradiography analysis of oral & pharyngeal resonance relationships during vowels in isolation vs context, 18.6–26.2 yr old females with vs without hearing impairment, 33449
quantitative autoradiographic methods, peripheral beta-adrenoceptors in blood lymphocytes, healthy males, 4115
X-ray computerized tomography & magnetic resonance imaging & positron emission tomography, diagnosis of dementia, elderly, 30015
Role (Counselor) [See Counselor Role]
Role Conflicts
approach & avoidance coping strategies, organizational role stress & mental health, industrial supervisors, 13820
burnout & burnout correlates, wives vs husbands in dual career physician couples, Israel, 30912
centrality of relationships in female identity formation & moral reasoning & cultural expectations of independence & role conflicts, bulimic female college students, 37164
conflicts in health care, providers & clients & family members & workplace & courts, 6239
construction & reliability & validity of Early Adolescent School Role Strain Inventory, 5th–6th graders, conference presentation, 41366
construction & validity & reliability of Teacher Role Conflict Inventory, teachers, 10252
demographic & work & life setting antecedents, work family conflict, police personnel, 31394
domestic & employment role attitudes & strain & mental health, employed mothers in full vs part time employment, 10400
employment status & role choice & social support & stressful events & income level, stress & role satisfaction, mothers of 2 yr olds, 11612
ethical problems with nonsexual & sexual dual role relationships, counselors & clients, 20384
fear of failure & exams & future & loss of expertise & identity & powerlessness during retraining, college professor as student in graduate program, 13585
informal individual vs formal collective induction process, job satisfaction & involvement & group cohesiveness & role conflict & ambiguity & work/family conflict, manufacturing plant employees, 24416
involuntary participation in family work, violence towards children, mothers & fathers, 26268
issues & role problems in community mental health clinics, geriatric workers, 13065
level of participation & commitment & role value realization in home/family & work functions, male vs female professional/managerial vs clerical/sales vs skilled vs unskilled workers, Canada, 15390
life role status, personal & professional role satisfaction, Mexican American females, 31450
marital strain & family & clergy role problems, dual clergy couple, 11620
marital therapy, inequitable role sharing, dual career couple in mid-30s, 9391
maternal employment, role satisfaction & commitment & involvement & interrole conflict, employed couples with children, 10379
multiple social roles, psychological well being, urban 18–65 yr olds, 32600
nature of & 2 career relationships in & organizational responsiveness to work family interface research, 31411
organizational formalization resulting in role ambiguity & conflict, organizational commitment & work alienation, salespeople & industrial buyers, 13879
outside work ties, level of organizational commitment, university personnel, 10335
participation & role overload & social support, effect of role conflict & ambiguity on job tension & satisfaction & organizational commitment, turnover intention, white vs blue collar employees, 24405
perceived sex role stereotyping & role strain in contact with community vs colleagues vs patients, 22–79 yr old male nurses, 13323
perception of personnel practices helpful in balancing home & family demands, primarily female 20–49 yr old health insurance company employees, 20872
provision of care to elderly person, interference between jobs & family responsibilities, employees, 38446
quality circle participation, stress & job satisfaction & role clarity & conflict, employees, implications for consultants & practitioners, 13809
reenactment of family of origin roles & dramas in career change, adults, 20832
role ambiguity between teaching & research, social psychologists, 34585
role conflict & occupational stress, school counselors, 6664
role conflict & work stress & social support, male vs female teachers & vice principals & principals, Canada, 30989
role conflict in community mental health centers, clinicians & administrators, 9678
role conflicts & ethical issues in assessment & intervention & termination, social workers, 23825
role conflicts, supervisors in alcoholism treatment programs, 27412
role stress & life pattern disintegrity, occurrence of illnesses, 55–70 yr old nurses, 15568
role stress, job satisfaction & performance, male vs female sales personnel, 13868
satisfaction with housework & paid work & dual work role, professionally vs clerically employed married females with children, 32677
sex & occupational role conflict & job satisfaction, male vs female management vs professional vs other personnel, 13866
sex roles & role conflict, 15–19 yr old female athletes vs nonathletes, 15159
systemic perspective on work & family interaction, EAP family intervention, 31413
validity & reliability of original vs abridged role conflict & ambiguity scales, university administrators, 10296
work & family interchange, 1960–86, bibliography, 31410
work & family life research & policy development, 31444
work family concerns, college faculty, 31007
work related role stress & parental demands & job & marital & life satisfaction, male vs female accounting professionals with vs without children, 13833
work role stressors, time & strain based work family conflict, 23–61 yr old male & female partners in 2 career relationships, 29217
Role Expectations
level of dependence & role status & governmental policy, deinstitutionalized chronically mentally ill, 37731
marriage & childbearing & career & work & family role expectations, 18–25 yr old unmarried college students, 22166
maternal employment, role satisfaction & commitment & involvement & interrole conflict, employed couples with children, 10379
perceptions & expectations of role of practicum instructors in social work, graduate students vs practicum coordinators vs instructors vs agency executives, US & Puerto Rico, 30899
perceptions of motherhood, unmarried 18–65 yr old male vs female college students vs mothers, Japan, 36265
role characteristics of female behavior, stereotypic expectations, college students, 25804
role-sending to congregation of expectations of Christian perfection as counterfeit spirituality, church leaders & pastors, 25698
work & social & sexual interactions & life roles, self perception of masculine vs feminine vs androgynous roles, males, 4904
Role Models
character training & importance of teacher as role model & guide in education, 38044
constructive vs misbehaving peer model, classroom behavior, middle vs working class male 63–73 mo olds, 41298
differential role models & perceptions 1 mo prior to graduation vs after 3 mo of work, nurses, 17040

ideas of qualities & activities of ideal man or woman, 11–16 yr olds, Spain, conference presentation, 39629
inhibitory vs disinhibitory effects of role models conforming to vs deviating from prohibition not to open toy box, female 1st–2nd graders, 25655
modeling & dialog & practice & confirmation & teacher student & researcher teacher interaction, moral education & students, teachers, 38107
modeling group psychotherapy using culturally relevant heroes & heroines, pride in ethnic heritage & self esteem, Puerto Rican 11–14 yr olds with academic & behavior problems, 12734
role models & preference for male vs female coaches, female high school vs college basketball players, 15226
symbolic modeling using positive stories about coping with dark, self reported fear & expressions of coping, kindergartners, Israel, 5877

Role Perception

age & level of identity development, preferences for role structures of games, 2.5–15 yr olds & day care & elementary & high school teachers as Os, 25559
decision to continue in priesthood, diocesan priests, comparison with 1970 data, application of role commitment model based on social exchange theory, 25710
differential role models & perceptions 1 mo prior to graduation vs after 3 mo of work, nurses, 17040
domestic & employment role attitudes & strain & mental health, employed mothers in full vs part time employment, 10400
duality & selectivity in acculturation attitudes & role perceptions & stress in family setting, South Asian vs Anglo-Celtic females, Canada, 1227
family relations & meaning in family caregiving, 54–82 yr old caregivers of 63–99 yr olds, implications for caregiver/professional relations, 19686
family role & identity formation problems in personality disorders, 40193
family therapy, reframing of identified patient as similar to role of historical Jesus Christ, 26865
form of dress, role enactment, 25–92 yr old Catholic priests, 32612
interprofessional perceptions of relative roles & competence & status & respect, rehabilitation teachers & mobility instructors, implications for interdisciplinary blind rehabilitation, 27292
job tenure, job satisfaction, role perceptions & leadership behavior, sales personnel, 41460
locus of control & perceptions of future life roles, female college seniors in traditional vs nontraditional majors, 13565
marital vs individual role salience, evaluation of floor plans of houses vs office buildings, married college students, 34981
meaning & measurement of occupational image, nurses, 37964
organizational climate & supervisor & work group relations, prediction of perceived role ambiguity & occupational stress, hospital nurses, 23887
organizational restructuring, perceived role clarity & overload & relation to supervisor & job satisfaction & security, employees, 13883
outside evaluation of social & personal role function in suicide victims' families, college students, conference presentation, 36808
parental knowledge of & satisfaction with child & own role, child's sociometric status, parents & their 49–64 mo olds, 39607
perceived organizational structure & role ambiguity & locus of control & job stress, secondary teachers, 17101
perceived role & function, school counselors in junior vs senior vs combined junior senior high schools, 27524
perceived role components of rehabilitation work, paraprofessional workers in municipal social welfare departments or community centers, Israel, 6481
perception of ideal role vs actual classroom practice & problems, teachers of children with special emotional needs, 31003
perception of parental role & success in education & other developmental areas, parents of mildly mentally retarded 7–12 yr olds & school principals & special education teachers, 24197
perception of role & review of research, institutional vs unaffiliated or nonscientist members of institutional review board, 3041
perception of value of & time spent in each task, elementary school counselors, Canada, 31249
perceptions & expectations of role of practicum instructors in social work, graduate students vs practicum coordinators vs instructors vs agency executives, US & Puerto Rico, 30899
perceptions of present & ideal role & function of rehabilitation counselor in medical setting, medical & allied health personnel, 41137
perceptions of responsibility & role conflict in child abuse cases in juvenile court, caseworkers & attorneys, 8285
perceptions of work role, general practitioners, England & Wales, 9933
personal construct theory & Rep Grid technique, assessment of perceptions of role of school psychologists, college students vs school psychologists, 23948
psychological identification with husband's career & role identification, wives of military officers, Australia, 34989
question preparation & feedback from quiz game, social role perception, college students, Hong Kong, 36439
role constraint & self expression, variance in leisure, adults, implications for symbolic interactionist model, 6995
role consultation, role clarification & job performance, female 38 yr old director of lay training in Diocesan church organization, England, 20779
role identity & reasoned action, prediction of intention & repeated blood donation, adult blood donors, 25838
role perception & family relations, 71–90 yr old great grandparents, 8173
role perception & organizational culture, formative EAP evaluation, 24412
role perception of actual vs ideal functions, elementary school counselors, implications for school counselor education & administration, 31001
satisfaction with housework & paid work & dual work role, professionally vs clerically employed married females with children, 32677
schemata of self & other & relationship roles, problems in psychotherapy, young & middle aged adults, 2275
self reports of marital role attitudes & behaviors & satisfaction, 28–59 yr old single vs dual career couples, India, 36295
SES & demographic characteristics, female role perception, adult females, Bangladesh, 1310
social & emotional role of pets, urban adult pet owners vs non-pet-owners, 11794
stereotyped personality correlates of occupational roles, 15–71 yr olds, 22035
stress & locus of control & role satisfaction & behavior of 2–10 yr old children, 20–39 yr old mothers referred to mental health clinic, 5287
supervisor's leadership behavior, perceived role clarity & psychological influence & self competence & determination & intrinsic motivation, male naval personnel, 41482
urban & industrial residence area, perception of marital roles & distribution of power, husbands vs wives, India, 1233
work & social & sexual interactions & life roles, self perception of masculine vs feminine vs androgynous roles, males, 4904
work role transitions, role innovation, managers, Great Britain, 3402

Role Playing

action methods based on role analysis in supervision, therapeutic process, psychotherapy trainees & supervisors & clients, 30968

mimetic pretend vs spontaneous role play, accuracy of self evaluation, college students, implications for psychodrama, 12743
perceptions of spontaneous vs mimetic-pretend vs mimetic-replication role playing, college students, 25874
posing for photograph with infant, self presentation & role playing of mother vs father, Black vs White vs female 4.4–6.6 yr olds, 32520
proposal for taxonomy of role playing techniques in group intervention, 2343
reliability & validity of 2 forms of Diagnostic Role Playing Test, college students vs schizophrenic patients, 7120
resistance skills training in alcohol use prevention program, refusal skills vs refusal self efficacy assessed using role playing, 4th–7th graders, 6704
role play evaluation checklist in reality therapy practicum setting, 27422
role play training vs demand for skills instructions, social skills assessment, female college students, 26877
role playing in cardiac rehabilitation program, treatment compliance, patients in Air Force facilities, 16704
role playing procedure & generalization effects in training program for cafeteria use, moderately to severely mentally retarded adults, 30775
role playing, psychoanalytic therapy processes involving adolescent clients, therapists in staff training group, 9963
role reversal in couples therapy, female 45 yr old with morbid jealousy in extramarital relationship with married male, case report, 2348
role reversal in group psychotherapy, literature review, 33889
social skill training with vs without instructions or experiential feedback, 19–70 yr olds with social skills deficits, 33979
sociometry groups & role play, preparation for work force reentry, housewives, 20729
training program for teaching subordinate oriented communication skills, supervisors & managers, 38383
validity of role play as method of skill assessment, counselors, 37978
validity of role play procedures, assessment of social skills & anxiety, college students, 1367
views on fantasy role playing games, adolescents & parents, 39682

Role Taking

attractive vs average looking target of remarks by student vs professor, perception of sexual harassment, female vs male college students, 15393
instruction to imagine rational vs irrational beliefs about spiders & entering light vs dark room alone vs with someone, inferences, college students, test of rational emotive theory, 31834
perceptions of self & victim assessed through role taking & emotions, convicted male rapists, 15884
perceptual role taking & protodeclarative pointing ability, 3.4–17 yr olds with autism vs Down's syndrome, implications for conceptual role taking, 36509
perspective specific divergence in evaluation & segmentation of aggressive interaction, 14–22 yr olds, 36161
Piagetian based learning set procedure, academic gains & self perceived cognitive & peer competence & perspective taking abilities, kindergartners, 1 yr followup, 39559
reliability of standard mental space measures of mental capacity & prediction of role taking development, 1st vs 3rd vs 5th graders, 25484
role taking ability & self image disparity, 7th graders, 32523
role taking ability & social competence, 12.8–17.8 yr olds with autism vs mental retardation, 32971
self-others differentiation & perceived similarity to others, interpersonal decentration ability, college students, Poland, 39929
theoretical problems in research on role taking competence & performance, social structure, 25681
training in role taking ability & resulting feedback, autonomy & self awareness & self esteem, child & youth care workers, 3363

Roles [See Also Counselor Role, Parental Role, Sex Roles, Therapist Role]

actor's vs O's role, causal attributions for success & failure under competitive situations, college students, Japan, 25971
adoption of judge role, cognitive deficits associated with token status as only male or female in group interaction, college students, 25855
algorithm for determining graph orbits, role similarity analysis, 14202
assumption of parental responsibilities & "family hero" role, 28–55 yr old Black female children of alcoholics, 36817
career length & role stress, attitudes toward function of incarceration, deputies in county jails, 17005
changing family role & learning needs, grandparents, implications for educational support, 1240
changing roles in advisory service for special education teachers, peripatetic teachers, 6665
coworker involvement & support roles toward handicapped employees, literature review, 20772
demographic & work characteristics & work roles, executive officers from different industries & different size companies, 38363
diagnosis & treatment of folie a deux & role reversal, married couple, Canada, case report, 8544
dynamics of covert role analysis & collective projective identification in small groups, 18879
employment status & job & family demands & role overload, perception of personal control & mental health & symptoms, males vs females, 38444
interactions & roles & adaptive patterns, psychiatric intensive care unit nurses, 20383
job stress & time constraints & family strengths & structure & social networks, role evaluations, 21–63 yr old married police officers, 25717
legal & ethical issues of role as consultant vs advocate in expert testimony, psychiatrists, 1248
management & coworkers & customers, work role, 32–65 yr old supermarket cashiers, Israel, 34960
mathematical model for structural equivalence & concrete roles & relations & sociometric structure, 22351
mechanical vs prescriptive vs collaborative diagnostic assessment in client centered therapy, diagnostician & client, 37286
model for expanded role in work with parents & families in child care practice, practitioners, 34539
multiple social roles, psychological well being, urban 18–65 yr olds, 32600
national policy on aging & changes in family caregiving & social roles, elderly females, 37617
national role conception & cultural norms, foreign policy & diplomacy, China, 29273
nature & number of lifespan role transitions & psychosocial correlates, 60–95 yr old mothers vs nonmothers, 8190
occupancy of & stress & social support experiences in marital & employment roles, prediction of depression severity, adults, 32861
outside work ties, level of organizational commitment, university personnel, 10335
participant observation methodology, assessment of commercial auction sales as play world settings, adults, 24482
preferences for roles in treatment decision making & control, adults with cancer, 23101
professional identity issues, family mediators, 13437
resocialization as intervention, alteration of social role structure, reformed alcoholic male, 16831
role & activities in family, Hispanic grandparents, implications for occupational therapy, 32665
role as group leader vs member, bystanders helping in emergencies, college students, 8333
role as sender vs receiver & size of request, selection of compliance gaining strategies, college students, 36431
role behavior & intervention techniques, families with adolescents & alcoholic parent, 41079

role change & participation in Young Pioneers group, academic & cognitive ability & ability self concept, 10–11 yr olds, China, 38164
role efficacy & quality of work life, professional employees of government & public sector organizations, India, 13857
role in development of independent living skills & preparation for emancipation, foster parents of adolescents in care, 23592
role in surrogacy contractual arrangements, health care professionals, 20401
role of psychiatric teams in state mental health system, psychiatrists, 23573
role of psychiatry in treating disorders & relation to human condition, conference presentation, 19696
roles & relationships & careers & health & emotional issues, lesbians 60 yrs old & older, 1984, 29295
sense of relative superiority hypothesis, analysis of perceptions of major life role performance, adults, Australia, 18956
social role valorization community reentry model, independent living services & community education, head injured patients, 9836
socialization & role adjustment experiences, newcomers to organization, 24393
solidarity & role integrity & mutuality, model of conflict in commercial exchange relationships, 11743
status & role during divorce of their children, grandmothers, 3.3 yr study, 8179
values & technology in normalization for creation of valued social roles vs applied behavior analysis method of operant behaviorism, patients with learning difficulties, 40717
work role salience, English- vs Afrikaans-speaking male vs female college students enrolled in career directed vs general degree courses, South Africa, implications for counseling, 41308

Roman Catholicism
age & sex & religiosity, forgiveness & justice development, predominantly Catholic 9–36 yr olds, 32488
age, basis of beliefs & attitudes toward religious experience & frequency of religious practices, 25–78 yr old Catholic diocesan priests, 4797
attitudinal correlates of opposition to abortion, Catholics vs nonfundamentalist vs fundamentalist Protestants, 1977–85, 11584
believed religion of noncontingent opponent, exploitive & competitive behavior in computerized prisoner's dilemma & chicken games, Catholic vs Protestant college students, Northern Ireland, 22335
Catholic perspective on ethical issues surrounding in vitro fertilization treatment for infertility, 37597
Catholicism & early adult foster care, 40909
Catholicism as indicator of social integration, suicide rates, urban populations, 8787
cognitive schemas in outgroup & ingroup social perception, Baptists vs Catholics vs Lutherans, 32605
conversion to Catholicism, Jews, 22147
conversion to traditional vs nontraditional religious affiliation, psychological well being, adult members of Hare Krishna or Bahai or Jewish or Catholic faith, 18763
decision to continue in priesthood, diocesan priests, comparison with 1970 data, application of role commitment model based on social exchange theory, 25710
family & social network factors, divorced Catholic Italian vs Anglophone females, Canada, 15280
measurement of attitudes toward Christianity, 11–16 yr old Catholic school students, Scotland vs England, 31158
Protestant vs Catholic affiliation, delay of gratification, male vs female college students, 8233
psychoanalytic theory, anal erotic appeal to praying Catholic rosary, 8214
religious beliefs & difficulty & apathy & boredom & satisfaction & social conscience, Mennonite vs Presbyterian vs Roman Catholic 20–95 yr olds, support for multidimensional model of religion, 11581
religious imagery & devotional style & closeness to God & religiosity, political ideology & specific issues positions, Catholic parishioners, 25713
sexual orthodoxy & pathology in Roman Catholic cultures, 1194
shelter in convents or Catholic homes or abbeys during Holocaust, self representation & identity formation, Jewish females, 25692

Romania
attitudes toward peace & problems facing humanity, college students, Romania, 17229
goal values & instrumental values & role of peace, 30 yr old & younger workers, Romania, 29199

Roommates
communication competence, roommate satisfaction, college students, 8340
development & reliability of short form of Roommate Rapport Scale, college students, 65
interaction, mood, depressed vs nondepressed college students & their roommates, 1348
preventive relationship enhancement training by paraprofessional counselors, expressive self disclosure & empathic understanding skills, college roommates, 27816
similarity on peak circadian alertness, rapport, college roommates, 13561

Rorschach Test
average reliability & stability & validity, MMPI & WAIS & Rorschach test, meta analysis, 14153
computer interpretation program vs clinical judgment, detection of faking on Rorschach test, psychiatric patients & college students, 1620
development of latent trait theory or item respose theory to include graded & nominal & continuous response levels & application to adaptive testing & Rorschach diagnosis, 35086
diagnostic utility of Rorschach test, psychiatric inpatients with depression, 1730
emotional expressiveness & symbolic self expression & creativity & ego strength as measured with Rorschach test, asthmatic vs nonasthmatic children, 33516
faking depression, Rorschach distress indicators, college students, 1658
frequency & type of graduate courses with Rorschach instruction & scoring system in APA approved clinical psychology programs, US & Canada, replication, 27415
lexical vs personal meaning, cognitive processes & pathology on Rorschach protocols, hospitalized schizophrenic patients vs normal adults, 8633
limitations of prior scoring system & utility of Rorschach Comprehensive System & computerized interpretation in reanalysis, assessment of personality disorder types, Nazi war criminals, 22775
negative movement responses in Rorschach protocols, indication of mental deterioration or psychotic personality traits, short vs long term heroin users, 26324
normative scores on Rorschach & TAT & Tennessee Self Concept Scale & Personal Orientation Inventory & other measures, college freshmen, 10302
"or" responses on Rorschach test & TAT, personality organization, persons with psychopathology, 32949
prevalence of research & publications in Rorschach testing, 1950 & before to 1980, India, 36543
rapid vs slow acculturation, personality traits assessed by Rorschach protocols, 50 yr old & older Mescalero vs Chiricahua Apaches, conference presentation, 32606
rationale for & applications of selected response procedure for Rorschach test, 42
reliability of individual Rorschach cards & validity of A. Elizur's scoring method, assessment of hostility, depressed patients, India, 35130
retest reliability of pairs of Rorschach protocols with more vs less than 14 responses, adults, 10583
Rorschach & MMPI correlates of Egocentrism Index, 6–16 yr old outpatients, 21038

Rorschach & object relations test scores before vs after psychoanalytic therapy, 21–51 yr old psychiatric patients, 33767
Rorschach correlates of treatment difficulty, hospitalized psychiatric patients, 30723
Rorschach EB & Verbal Visualizer Questionnaire, prediction of imaging style, college students, 39944
Rorschach Ego Strength Scale, outcome prognosis, 15–55 yr old never hospitalized psychiatric outpatients, 2 yr follow-up, 26082
Rorschach protocals, differential diagnosis, florid vs withdrawn schizophrenic 20–30 yr olds, 26058
Rorschach test with simplified inkblots or list of possible responses, responses & scoring, paranoid vs nonparanoid schizophrenic 18–43 yr olds, 3577
TAT & Rorschach Test, assessment of psychotic features, mildly to moderately retarded 25–64 yr olds, 1930
thought organization & object representation assessed by Rorschach Test, male 5–12 yr olds with gender identity disorder, 22656
type of motor activity/inhibition & timing of response, movement perception in Rorschach testing, 17–18 yr old males, 18598
validity of Mutuality of Autonomy Scale, assessment of object relations phenomena in Rorschach responses, nonclinical 6–13 yr olds, 35198
validity of single Rorschach responses, indication of suicidal risk, depressed 20–82 yr olds, 10594

Rosenzweig Picture Frustration Study
cross validation of item responses on Children's Form of Rosenzweig Picture Frustration Study, 1st–6th graders, 10591
revised norms & reference list for Children's Form of Rosenzweig Picture Frustration Study, 4–13 yr olds, 17632

Rotary Pursuit
error detection & correction in rotary pursuit, introverted vs extraverted female college students, 31760
inhibition vs consolidation theories of spaced practice, psychomotor performance on rotary pursuit task, college students, 3687
massed vs distributed practice, learning of rotary pursuit tracking, autistic 8–13 yr olds, 33221
monocular occlusion, rotary pursuit performance, male college students, 3689
rotary pursuit tracking performance, clumsy school age children, 15582
sex & massed vs distributed practice & intertrial interval, rotary pursuit performance & reminiscence, androgynous vs feminine college students, 7306

Rotation Methods (Statistical) [See Statistical Rotation]

ROTC Students
sex of rater & ratee, peer rating, US Army ROTC cadets, 41519

Rote Learning
age & study time & text unit importance, study behavior & text recall, 5th–7th graders & 19–70 yr olds, 21962
shortcomings of recall & recognition test, measurement of text learning vs memorization in psychological research, 21306

Rotter Intern Extern Locus Cont Scal
construction & factor structure of & score distributors for Spanish version of Rotter Internal External Locus of Control Scale, male vs female college students, Puerto Rico, 14180
cross cultural reliability of J. R. Lumpkin's version of Rotter's Internal External Locus of Control Scale, adults, 5 countries, 10605
factor analysis & unidimensionality & generalizability of Rotter's Internal External Locus of Control vs Children's Locus of Control vs B. E. Collins' internal external scale, 3568

RT (Response) [See Reaction Time]

Rule Learning [See Cognitive Hypothesis Testing]

Rumors [See Gossip]

Runaway Behavior
Bridge Over Troubled Waters agency, methods for street survival & assistance with effects of street life, homeless & runaway adolescents & those involved in prostitution, 27134
characteristics & abuse, adolescents at crisis shelters for homeless & runaways, 33340
demographic characteristics & cognitive ability & life events & personality traits, 12–16 yr old 1st time vs recidivist runaways in center for juvenile status offenders, 19328
familial physical abuse, PTSD & coping behavior, 15–20 yr old runaways, 33320
family dynamics & personal & temporal classification of runaway behavior, adolescents, 5418
prevention & intervention plan for unauthorized absences in psychiatric facility, psychiatric patients, 6380
systemic abuse & neglect, runaway behavior & homelessness, adolescents, conference presentation, 1810
treatment, running away from community based group care, children & adolescents, 23569
university & government collaboration in intervention research & programs, runaway & homeless youths, 34239

Running
ability & mood state profile, performance prediction, adult male vs female regular training distance runners, 13984
association dissociation cognitive patterns, US Olympic Marathon Trial contestants, 35021
cognitive coping strategies, association & dissociation & performance time & injury & reasons for running, 13–55 yr old marathon runners, 41578
delirium after heat exhaustion, 30 yr old male long distance runner, case report, 22538
demographic characteristics & motivation & associative & dissociative cognitive strategies, runners 40 yrs old & older, implications for physical activity programing, 3491
eating attitudes & body image distortion & depression & self esteem, male high intensity runners vs females with bulimia nervosa, 19588
importance of extrinsic vs intrinsic rewards of running, blue vs white collar marathon runners, 10485
interruption of running for 2 wks vs continuous running, mood & self esteem, 15–50 yr old runners, 13978
jogging & exercise sessions, talking out & out of seat behaviors, behaviorally disordered 7–10 yr old students, 6800
jogging vs relaxation response vs group interaction, stress reduction, college students, 23090
meditative state of positive addiction, adult runners, replication, 10497
mental imagery training, long distance running speed, male vs female 17–22 yr olds, conference presentation, 13975
perceived exertion & aches & pain & HR & blood lactate during cycle exercise, male 17–43 yr old marathon runners vs sprinters, 41570
personality structure & mood states & athletic performance, adult elite male distance runners, 41579
"psyching-up" vs associative vs dissociative strategies, long distance running times, college students, 3496
psychological profile & mood states before vs after marathon, male ultramarathoners, 13997
rotating wheel apparatus, nondiscriminated wheel running avoidance, mice, 435
running endurance test & verbal encouragement with vs without pacer prompter, heart rate, moderately mentally retarded 10–12 vs 13 yr olds & older, 12314
running or weightlifting, self concept, clinically depressed 18–35 yr old females, 1 & 7 & 12 mo followup, 26142
running practice, running EMG measuring muscle coordination, male mice with cross union of tibial & peroneal nerves & full muscle reinnervation, 39238
running vs aerobic dancing vs weightlifting, moods & mood variations, college students, 27990
running vs noncardiovascular exercise, depression & anxiety self reports & cardiovascular fitness & EMG & skin temperature, 25–60 yr old psychiatric outpatients, 2189
running wheel vs Automex measures, free running circadian rhythms, blinded female rats, 696

validity of Physical Estimation Scale, prediction of running performance, male & female runners, 31600
vigorous running, state anxiety & heart rate & alpha activity, adult male runners vs nonrunners, 25099
Runways (Maze) [See Maze Pathways]
Rural Environments
acquisition of self reliance skills, rural agricultural development, India, 31473
age & sex & other factors, time spent in household activities, rural 6–17 yr olds, 1098
age & urban vs rural environment, attitude toward women's liberation movement, females 16–20 yrs old vs 40 yrs old & older, India, 4914
age of onset & periods of risk, drug use, rural Black 7th–12th graders, 36873
agenda for research & policy & service delivery in rural community mental health & community psychology, 37738
altruism for telephone vs face-to-face requests in urban vs rural environments, 22–25 yr old males, India, 8345
attention & vigilance & visual search factors, detection of skeleton weed in agricultural environment, adults, Australia, 31459
behavioral perspectives for maintenance of endemic rural poverty in agricultural setting & suggested solutions, farmers, developing countries, 29194
benefits & problems of private practice in rural locations, psychotherapists, 13310
brief intensive cognitive behavior therapy program designed for patients in rural areas, depressed 38–59 yr olds, Australia, 1–20 mo followup, 5980
caste & education & urban contact, perception of familiar vs unfamiliar pictorial symbols, rural adults, India, 17781
characteristics & diagnosis, 51–55 yr olds presenting with multiple somatic compiaints to rural health clinic, India, implications for diagnosis of mental disorders, 27142
characteristics of psychologist availability in rural nonmetropolitan statistical areas, 1970 vs 1981, 41155
child custody decisions, divorce cases in rural community, 11636
clinical perspective on familial sexual abuse in rural communities, children, implications for treatment, 26273
cognitive impairment, female vs male rural residents 65 yrs old & older, Korea, 4778
concepts of rural vs urban places & self images, college students from urban vs rural environments, 6963
death of spouse, coping behavior, rural widows, 6 & 12 mo followups, 4823
decision criteria, adoption of innovative farmer crisis programing, directors of rural community mental health centers, 37719
degree & type of stress & coping strategies & family & financial & community satisfaction, 17–20 vs 21 yr olds & older living in economically distressed rural counties, 11575
demographic & personal characteristics & incidence of physical & mental illness, urban vs rural females who refused vs responded to survey of psychiatric disorders, 5126
desegregation & interracial school climate, Black rural elementary school students, 13571
development & implementation of Stress: Country Style program, stress created by economic downturn, farm families, 37692
development of family violence counseling program in rural community, battered females & their children & batterer husbands, Canada, 27133
developmental delays, 1 mo to 6 yr olds in rural community, India, 36542
differences in intelligence & educational levels, male draftees from urban vs rural areas, Denmark, 20430
drinking & driving behavior & job & leisure satisfaction & conflicting communications, adult males with prior traffic accidents vs no accidents, 19378
drinking & driving behaviors, rural 7th–12th graders, conference presentation, 12265
economic crises in rural communities & cultural factors, implications for mental health professionals, 37724
establishment of psychotherapeutic alliance, provincial unsophisticated reluctant male with personal & career problems, UK, 33796
evaluation of approaches to assessment of mental health needs in rural communities, implications for nurses, 23554
extraversion & introversion & submissiveness, smoking vs nonsmoking farmers, India, 8325
family values, college students from Athens vs small rural communities, Greece, 32639
guidelines & suggestions for use of print mass media for rural mental health education, 6301
health dependency, rural vs urban 65 yr olds & older, 37641
hospitalization, fears & negative behaviors & anxiety, urban vs rural 4–17 yr olds, 2852
individual differences & clinic characteristics, use of family planning services & birth control, low income rural female adolescents & adults, longitudinal study, implications for service improvement, 40910
informal helping network, rural lesbians, implications for therapists, 29287
internal & graphic representation of space & movement & village structure, male villager, Morocco, 29204
knowledge & experience levels & training & support availability for effective intervention in alcohol related problems, rural health & welfare workers, Australia, 17021
knowledge of disease & adherence to self care behaviors & treatment & metabolic control, rural diabetic 27–84 yr olds, 23118
leadership in health outreach program, education of mothers whose children are at risk for educational & developmental problems due to poverty, rural females, 16702
life events & economic satisfaction & health & sociodemographic variables, perceived stress, residents of rural communities varying in degree of economic growth, 29401
life events & psychosocial factors & self rated health, disability, rural elderly, France, 25983
life satisfaction, 26–28 yr olds reared in White low income Appalachian families, 39979
link between rural development & community psychology, implications for optimizing human development, India, 37722
locus of control & achievement motivation, educational & occupational aspirations, rural vs metropolitan 11th graders, 4750
mental health problems & community psychology, rural communities, 37739
mental health programs, delivery of services, rural communities, 37684
mental health service delivery resources alternatives, rural psychologists, 27124
mental health services, inpatients in metropolitan vs nonmetropolitan counties, 37829
models for rural service delivery, mentally retarded & mentally ill elderly, 40908
operationalization of rurality, demographics of samples & designation of homogeneous rural areas, implications for research in rural psychology & sociology, 6960
parent education component of gifted teacher training institute, rural & low income parents of gifted 4.2–8.7 yr olds, 38234
peer substance use & health beliefs & sex & religion, personal drug use, 7th graders in rural environments, 8916
perception of environmental stressors, psychological well being & risk for psychiatric disturbance, residents of isolated new resource communities, Australia, 32968
performance vs verbal intelligence quotients, suburban vs rural 9–12 yr olds with parents in inbred vs outbred marriages, India, 18541
personal & environmental resistance resources & tension, stress, rural residents, 29397
place of residence & physical health & mental illness, rural elderly, 8612
practice in rural vs urban settings, members of National Association of Social Workers, 38036

preference for & number of sons & joint vs nuclear family structure, decision to undergo tubectomy, female clients under vs over 33 yrs old in rural areas, India, 22191
prevalence of EAPs, rural communities, 24372
prevalence of mental disorders, adult patients of rural primary medical care practice, 18989
professional vs natural helping, 18–35 yr old vs 36 yr old & older social workers vs friends or relatives or neighbors in rural setting, 13086
program integration & development of community mental health satellite unit, implications for management, 37693
psychosocial factors & subjective well being, rural elderly, 22091
psychosocial factors, adjustment to old age & retirement, urban vs rural 62 yr olds, Finland, 8187
roles & activities & stresses & physical & psychological well being, urban vs rural ministers providing disaster relief after flood, 37747
rural economic crises as result of loss of business or farm or economic dislocation, implications for individual & family & community crises intervention, 37725
rural environment, special education provision, gifted students, 27735
rural peasant vs capitalist vs proletarian households, gender dynamics & survival strategies, adults, Ecuador, 39878
rural vs urban environment, attitudes toward parents, 13–20 yr old males, India, 4698
rural vs urban environment, mental health, 17–18 yr old students, India, 11523
rural vs urban residence, adjustment, higher secondary school students, India, 11529
self esteem & loneliness & coping strategies, rural 8–20 yr old 4-H members, 8164
service delivery problems, rural school psychologists, 24244
sex & age & rural vs urban environment, content & intensity of self reported fears, 4th & 6th graders, 25575
sex & age, anxiety, 16–21 yr olds in rural vs urban environment, India, 22072
sex & urban vs rural background & demographic characteristics, field independence, Birom 16–20 yr olds, Nigeria, 8161
sex & urban vs rural environment, achievement motivation & academic performance, 10th graders, India, 6734
sex, time spent on housework, rural vs urban full time employed couples, 1223
skills & psychosocial characteristics, satisfied rural mental health practitioners, 6593
social & psychological & therapeutic effects of rural witchcraft, 1968–71, France, 29201
social & psychological impact of rural development, New Zealand, 6959
social class & intragroup regionality & leisure patterns, urban or rural Blacks, 24499
social policy & community characteristics, development of formal long term care services, rural elderly, 6250
sociocultural factors, physical & mental illness interaction, rural 17 yr olds & older, Spain, 15602
sociodemographic characteristics & health & number & proximity & characteristics of adult children, frequency of contact, rural vs urban elderly, 8183
spasmodic vs congestive dysmenorrhea, rural vs urban 16–35 yr old females, India, conference presentation, 37103
special education program, reading comprehension & vocabulary & self esteem, rural academically advanced 5th–6th graders, 38185
summary of report & recommendations of National Action Commission on the Mental Health of Rural Americans, 37688
town size in urban vs rural area, family & friendship & life & job satisfaction, community residents, Canada, 29412
traditional vs modern rural settlements, quality of environmental experiences, Saudi Arabia, 3453
unique needs, traumatic brain injured students in rural school system's special education program, 17275
urban vs rural environments, psychotropic drug use & prescription rates for tranquilizers, 2567
urban vs rural residence & age & sex & race & educational level & marital status & utilization of health services, somatization, 18–65 yr olds, 26654
urban vs rural residence, personality traits, primary school students, India, 22053
use & understanding of modern medicines, family members 0–55 yrs old & older, rural Brazil, 26959
use of networking in family sex education program, promotion of communication about sexual issues, rural adolescents & their parents, 40867
validity of Day Treatment Appropriateness Scale, prediction of successful program completion, rural alcoholic clients attending community mental health center, 2924
volunteer information provider program, rural family caregivers, 9688

Saccadic Eye Movements [See Eye Movements]

Saccharin
bilateral hypothalamus lesions induced by ibotenic acid, gustatory preference aversion thresholds for saccharin vs quinine solutions, water deprived male rats, 794
chronic saccharin consumption, increase in potency & aversive property of naloxone, rats, 21826
conditioned taste aversion to sodium saccharin vs quinine hydrochloride, generalization to sucrose or other flavors, male rats, 10922
d-fenfluramine, saccharin intake & preference & food & water intake, rats, 28851
dermal vs oral alachlor vs fluchloralin vs dinoseb vs maneb, locomotor activity & conditioned taste aversion to saccharin, male mice, 35861
estradiol benzoate vs progesterone vs testosterone propionate as UCS, conditioned taste aversion using saccharin as CS, gonadectomized male vs female mice, 4252
hedonic values of isocaloric solutions & saccharin, learned sucrose flavor preferences, male rats, 21348
intermittent vs continuous access to drinking spout, patterns of saccharin solution lapping, food deprived female rats, 21447
learning and/or reinforcing sensory properties of saccharin solution, food intake & preference, male rats, 35725
long delay between sodium saccharin CS & lithium chloride UCS, learning of conditioned taste aversion, male rats with medial vs lateral lesions of pons parabrachial nucleus, 11139
naltrexone, preference for water vs saccharin solution, opioid receptor deficient CXBK vs C57BL/6BY-C57 female mice, 933
nootropic drug therapy, patients with chronic senile cerebral insufficiency, 30508
nootropic drug therapy, somatic & psychic & neurological symptoms, 70 yr olds & older with multi-infarct dementia, 30493
nootropic drug therapy, 60 yr olds & older with primary degenerative dementia vs multi-infarct dementia, 30423
nutritive vs nonnutritive sweeteners, food intake & body weight, rats, conference presentation, 18222
ochratoxin, conditioned saccharin taste aversion, rats, 39265
pairing of CS saccharin with cyclophosphamide with vs without audiovisual cues or pentobarbital, immunosuppression & saccharin aversion, rats, 39353
saccharin & other nonnutritive sweeteners, food intake, rats, conference presentation, 18246
saccharin &/vs differential concentrations of glucose & sucrose & maltose, lick rate as measure of feedback effects & utility of rate vs volume as measure of ingestive behavior, male rats, 28409
saccharin, brain deoxyglucose uptake, diet induced obesity prone vs resistant male rats, 39347
saccharin solution & food delay, food intake & preference, male rats with sham surgery vs celiac vs hepatic vagotomy vs streptozotocin induced diabetes, 35726
saccharin solution & overhydration & food intake preference, male rats, 35728
saccharin solution concentration shifts & drinking interruptions, taste induced drinking, male rats, 21349

saccharin vs almond vs glucose solution, food intake & preference, male rats, 35727
saccharin vs aspartame vs acesulfame-K vs glucose, hunger & desire to eat & food & nutrient intake, 19–25 yr olds, 14928
solution temperature, perceived sweetness of glucose vs fructose vs aspartame vs saccharin, young adults, 14237
time horizon & stimulus novelty & delay time in evaluation of saccharin vs sucrose solution feeding sources, rats, 21347
water deprivation & clonazepam, taste palatability & preferred saccharin solution ingestion, rats, 14752
2-deoxy-D-glucose vs lithium chloride, conditioned taste aversion to saccharin solution, rats vs hamsters, 21731
Sadism [See Also Sexual Sadism]
facial decoding skill & level of antisociality, sexually stimulating effect of viewing photographs of distressed females in bondage, male college students, 11686
locus of control & desirability of control, sadistic vs masochistic vs versatile 18–73 yr olds, 1765
Sadness
adjustment & chronic sorrow & coping behaviors, mothers vs fathers of children with Down's syndrome, 29798
age, causes & intensity & consequences of sadness, 1st–7th graders, 15207
cognitive correlates of anger & anxiety & sadness, college students, 3882
coping strategies, sadness or depression, 4–11 yr olds, 18664
induced happy vs sad moods, goal setting & performance on digit substitution task, preschoolers, 28353
lingering sadness caused by parental divorce, 18–30 yr olds, 36267
need situations of others, empathy & sadness & distress, female college students, 15458
norms against aggression, passion schemas in interpretation of angry & weeping episodes, male vs female adults, 8426
parent vs teacher rating vs self report of unhappiness & depression, 6.4–12.9 yr olds with behavior disorders, 33264
sadness & depression & social reciprocity, 40 & 65 yr old females with depressive symptoms, Ecuador, 33199
Sadomasochism [See Also Masochism, Sadism, Sexual Masochism, Sexual Sadism]
female telephone perversion, urogenital infections caused by urinary retention as sadomasochistic perversion, 20 yr old heterosexual female analysand, 33845
sexual behavior & psychotherapeutic issues, sadomasochistic clients, 30275
Sadomasochistic Personality [See Masochistic Personality]
Safety [See Also Air Traffic Control, Aviation Safety, Highway Safety, Occupational Safety]
abduction prevention training using videotape program with vs without behavior rehearsal vs standard safety program, acquisition of self protective behaviors, K–1st graders, 13500
behavior skills training vs feelings based program in personal safety, preschoolers, 41261
behavioral &/vs elaborative training procedures, acquisition of fire emergency skills & relevant knowledge, 7–10 yr olds, 33965
Chernobyl nuclear power accident, short term perception of risks of nuclear power, college students & community adults, 24436
community interventions in home safety skill instruction, children & parents, 6330
conceptions of personal body safety violation, 4–12 yr olds, implications for sexual abuse prevention & treatment, 33323
design elements, perceptions of safety of campus areas, college students, conference presentation, 20554
disparity between public perception of health & factual estimates of environmental risks, industrial & public policies, conference presentation, 24430
elaborative vs behavioral rehearsal, acquisition of fire emergency skills & reduction of fear of fire, 3rd graders, 23329
home safety skills training from mother, generalization to 5 yr old brother, 8 yr old male, 16509
model for balancing security & treatment concerns in psychiatric forensic facility, 41103
parental predictions of their children's knowledge about safety precautions & dangerous situations, 5 vs 8 vs 12 yr olds, 15231
risk communication principles & public health & community decision making, government agency staff, 37705
safety skills training, 6–8 yr olds, 13499
security & signaling & function of circulation & public areas, environmental satisfaction, private hospital personnel, Mexico, conference presentation, 20199
security safeguards & rehabilitative program for forensic unit of state psychiatric institute, mentally ill inmates for violent crimes, 30858
self care preparation & emotional reactions & adjustment & injury-risk prevention, latchkey children, 32659
self instruction, response maintenance & fire-related fear reduction, 2nd & 3rd graders, 33986
snow sled type, steering ability on downhill course measuring age appropriateness & safety, 6–12 yr olds, implications for design, 39563
taxonomy of technological risk characteristics in 1 hazard domain, prediction of perception of risk by individuals vs groups, 18–52 yr olds, 24435
warning to wear & accessibility of laboratory mask & social influence, mask wearing compliance, college students, 38331
Safety Belts
attitudes & characteristics & driving records, safety belt use, drivers, implications for enforcement & safety education programs, 24276
attitudes & habits & intentions & cognitions, seat belt use, adults, 6 wk followup, 27828
awareness sessions & compliance pledge cards, auto seat belt use, white vs blue collar industrial employees, 17329
behavioral intervention, safety belt usage in shopping carts, adult-child pairs, 27823
beliefs about brain injury & recovery & seatbelt use & amnesia & effects of unconsciousness, adolescent & adult shopping center patrons, 22936
community reward program, safety belt use, elementary school students & parent-teacher volunteers, 13049
design of observational study of seat belt use, 3530
educational intervention & reinforcement, child car safety seat usage, low income mothers & their 0–4 yr olds, 37643
effectiveness of education & incentives program, seat belt utlization, employees, 17389
human prompters vs postings to display traffic signs reading "Fasten Safety Belt", safety belt use, drivers, 31336
incentive & commitment strategies for hospital based safety belt program, safety belt use, hospital employees, 13136
law & educational intervention & reward contingencies, safety belt use, preschool & school age children & their parents, conference presentation, 37217
mandatory seat belt use, traffic accident fatalities, front seat car occupants, 4897
opportunity to win prizes, pledged commitment & use of safety belts, college faculty & staff & students, 24278
police enforcement & promotionary signs & posters, seat belt use, nighttime tavern patrons, Canada, 11657
requirement to sign memo with information on safety belt regulation & use of dashboard sticker reminders, safety belt use, state employees, 13759
self reported vs observed compliance with mandatory seat belt law, college students vs drivers over age 55 yrs, 1258
simple free soft drink incentive supplement to public awareness campaign, seat belt use, patrons of fast food franchise, 13757
use of safety belt, perceived safety & risky driving behavior, college students, implications for risk compensation theory, 6856
values & beliefs & attitudes toward safety belt use, adult vs adolescent drivers, conference presentation, 25577

Safety Devices [See Also Safety Belts]
education program including counseling by pediatricians & audiovisual material & pamphlets & home visits, use of automobile safety devices, 1–17 yr olds served by HMO pediatric department, 40831
personal beliefs & social influences, cartridge respirator use, 20–67 yr old male construction spray painters, 10325
protective eyewear, RT in horizontal vision, college students, implications for racquet sports safety, 27988
state implementation of legislation requiring child passenger safety devices, compliance rates, drivers with child passengers, 11664
Salaries
company wide salary reduction, job satisfaction & perception of importance of nonmonetary & physical aspects of work environment, white collar employees, 27934
compensation & benefits & work schedules, human resources management, literature review, 38380
compensation decision making policies, managers, Japan vs US, 13799
current rate & market surveys & job evaluation points & sex dominant patterns, pay rate change decisions, compensation administrators, 20807
degree of dependence on & explicit demand for pay increase from subordinate & pay secrecy policy, pay allocation decisions, middle level bank managers, 20778
employee performance & job worth scores in merit pay program, 26–67 yr old transit organization employees, implications for bias in performance evaluation scores, 20761
equity, linking pay to performance, 20758
expected salary, decision to leave school, middle vs working class male vs female 16 yr olds, UK, 6766
gender, expectations of starting salaries & perceptions of equity in pay, college business students, 10337
job characteristics & working conditions, variance of earnings & attitudes toward pecuniary rewards, blue vs white collar workers, 6929
knowledge of current salary information, salary expectations, male vs female college students about to graduate, 36353
life stage & wage rate of primary job & work history, moonlighting, husbands, 34854
migration & wage labor, domestic status in household, Haitian or Colombian or Portuguese or Greek female immigrants, Canada, conference presentation, 25743
observed wages & work effort intensity, estimates of labor supply, working males paid on hourly basis, 13792
occupational characteristics & consensus regarding pay equity evaluations, employees, Israel, 27924
occupational sex type, income deprivation in labor market, 21 yr old employed vs unemployed males vs females, Israel, 34862
organization of work, wage variation within departments, college academic departments, 27510
pay & working conditions in Royal Irish Constabulary, 1914, criticism of M. Weber's writings on social class & status, 36303
pay for performance perceptions & pay satisfaction, hospital employees, 17394
perceived procedural vs distributive justice, organizational commitment & payment satisfaction, manufacturing plant employees, 17398
perception of procedural vs distributive justice in pay raise decisions, pay satisfaction & organizational commitment & trust in supervisor, manufacturing plant employees, 27927
perceptions of comparable worth movement as strategy for economic advancement, working females, 41449
performance contingent pay, attitudes, civilian Navy employees, 3396
performance contingent vs hourly pay scale, productivity & earnings per hour & take home pay & labor costs, restaurant waitpersons, 38358
problems with using regression analysis to prove sex & wage discrimination in organizations, 41447
regression analysis, adjudication regarding salary discrimination, 4867
sex & impression management, future salary estimates, college students, 39959
sex, objective performance & performance ratings & pay allocations, managers, 34890
size of pay increase, perception of just meaningful differences, white collar workers, 34961
sociology & economics vs psychology & macro vs micro level research, salary inequality between males & females, implications for future research, 31387
status & occupation of wage reference groups inside vs outside employing organization, pay & occupational mobility comparisons, white & blue collar employees, Israel, 13843
strengths & weaknesses of pay for performance concept, 20771
tournament vs social comparison models, analysis of compensation levels, chief executive officers, 13816
upward influence styles & performance evaluations & stress & salary, clerical & blue collar workers & supervisors & chief executive officers of hospitals, 27864
validity of job evaluation, correction of pay inequity using comparable worth argument, employees, 27865
Sales Personnel
attitudes toward customer service, sales performance, fabric store sales personnel, 41564
career stage vs life stage career development models, 21–69 yr old salespeople, 31344
causal model of turnover, sales personnel, 41420
clerk attributes & behaviors & customer attributes & context of meeting, emotional displays, male vs female sales clerks, 34891
correction for restriction in range & validity of Aptitude Index Battery, prediction of sales production, inexperienced life insurance sales persons, 10566
customer interaction style & appearance, willingness to comply with merchandise return request, retail sales employees, 20950
demographic characteristics & social integration & turnover in work group, convenience store employees, 6 yr followup, 34956
job performance & satisfaction, turnover, salespersons, replication, 24380
job tenure, job satisfaction, role perceptions & leadership behavior, sales personnel, 41460
knowledge bases, performance, full time insurance sales agents, 34889
Machiavellianism & job satisfaction, female vs male retail store executives, 34897
measures of self esteem & locus of control & aptitude, prediction of academic or job performance, college students vs salespersons, 13796
nature of incentives in use & effectiveness of VR vs other reinforced schedules, productivity, sales personnel in financial services industry, 20756
organizational formalization resulting in role ambiguity & conflict, organizational commitment & work alienation, salespeople & industrial buyers, 13879
perception of violation of cultural vs professional ethics in backdoor selling, choice of supplier & career, purchasing managers, 24474
procedural sales task specific knowledge, effective industrial sales personnel, 20856
prompts by salesperson, purchase behavior, fast food consumers, 31491
ratings of salespersons' empathy & performance, automobile purchasers, 41559
reliability of reduced version of INDSALES, measurement of job satisfaction, industrial sales representatives, 38596
retail buyer seller negotiations, businesswomen vs businessmen, 31429
retail store attribute importance, managers vs elderly consumers, 24469
role ambiguity & conflict & work family conflict & job satisfaction & organizational commitment, turnover, retail management personnel, 27884
role stress, job satisfaction & performance, male vs female sales personnel, 13868

self efficacy & Type A behavior, job performance, sales representative of large manufacturing corporation, 24327
store sales indicating time pressure, displayed emotions, convenience store clerks, 10474
supervisory style & perceived rewards & work values & parental SES & role stress & commitment, job satisfaction & performance, entry level sales personnel, 41451
work performance & sex of salesperson & organizational consequences, supervisory reaction to unethical behavior, 22–65 yr old sales managers & executives, 34894
Salience (Stimulus) [See Stimulus Salience]
Saliva
daily relaxation, serum immunoglobulins & secretion rates of salivary immunoglobulins & psychophysiologic symptom severity, adults, 28679
radioimmunoassay for quantification of salivary caffeine & correlations with behavior, neonates, 29027
serum & salivary cortisol concentrations before vs after dexamethasone administration, prepubertal school age children from child psychiatry services, 22512
Salivary Glands
bilateral chorda tympani nerve sections vs extirpation of submaxillary & sublingual salivary glands, eating & drinking patterns, rats, conference presentation, 25182
Salivation
amiloride vs hydrochlorothiazide, taste & salivation & salt intake, normotensive adults, 4425
antidepressant drugs, peripheral anticholinergic side effects measured by inhibition of salivation, adults & depressed patients, 23367
behavior modification, lip closure & drooling, 14 & 21 yr old females with mental retardation & cerebral palsy, 12811
extraversion & psychoticism & neuroticism & time of day, lemon juice induced salivation, 21–23 yr olds, Scotland, 18151
food deprivation, salivation in absence of food related stimuli, college students, 7760
gymnemic acid & miraculin, parotid flow responses to & perceived intensities of glucose vs sucrose vs fructose vs aspartame vs citric acid, adults, 740
olfactory food stimuli, salivation, anorexic vs bulimic 16–26 yr old females, 19555
oral sensation & drooling, 5–21 yr olds with cerebral palsy, Canada, implications for occupational therapy, 33666
pairing of distinctive dosing chamber as CS & lithium induced salivation as UCS, classically conditioned salivation to CS, male rats, 7542
transection of nucleus parvocellularis in pontine reticular formation, salivary secretion, rats, 35759
Saltiness [See Taste Perception]
Sampling (Experimental) [See Also Biased Sampling, Random Sampling]
C. Stein's method of confidence interval construction, sample size determination, implications for marketing research, 31712
correction for variance due to sampling error in validity generalization studies, 31716
experimental sampling procedure using electronic time, analysis of meanings of personal identities in particular social situations, female college students, 18914
frequent momentary time sampling data, interrater agreement in observation of behaviors assessed by statistical analysis, pair of Os, 38699
group homogeneity & sample population range restriction & enhancement, correlations & validity generalization, 14188
group vs single case studies of disordered populations, theories of normal cognition & neuropsychology & pathophysiology, commentary, 25975
induced compliance vs choice among alternatives experimental designs, cognitive dissonance, college students vs older church members, 4944
multiple matrix sampling, mail questionnaire research, public school principals, 7042
multiple matrix vs examinee sampling, estimation of population mean & variance, 165
multiplist strategy & threats to internal validity & nonequivalent control group design, evaluation of state lottery sales campaign, 3479
oversampling vs proportionate population methodologies, statistical similarity of survey products of population subgroups, Blacks, 35231
problems with unrepresentative ascertainment procedures in research, twins with psychiatric disorders, conference presentation, 1723
range restriction, estimation of sampling variance in correlation coefficient in validity generalization methods, 31731
recruitment for investigation of sleep/EEG measures as biological markers for early stage Alzheimer's disease, healthy 55 yr olds & older, 9236
sample size, goodness of fit indicators in confirmatory factor analysis, 14212
sampling & analysis issues in study of postdivorce attachment & emotional adjustment & distress, commentary, 11618
sampling issues & use of multipoint mapping in genetic linkage studies, patients with psychiatric disorders, conference presentation, 1710
sampling methodology & design & data collection, Skid Row homeless adults, 7026
sampling vs empirical independence, sequential analysis, 31698
single case vs group data, determination of structure of normal cognition, brain damaged patients, commentary, 26590
single patient studies of acquired cognitive disorders, validity of inferences about normal cognitive processing structure & neuropsychology, 25976
single patient studies vs bootstrapping model, formation of normal cognitive processes models from disordered population research, commentary, 25974
single patient vs group methodology, inferences about normal cognition from brain damage research, commentary reply, 26579
subject selection, self reported & hypothetical taxpayer compliance, adults, 38319
Sarcomas [See Neoplasms]
SAT [See Coll Ent Exam Bd Scholastic Apt Test]
Satiation
associative learning vs satiation vs sustained lip stimulation, feeding behaviors & neural pathways, Aplysia, 11127
bombesin & self administered vs peripherally injected ethanol, feeding & ethanol drinking & satiation & blood levels & activity level, rats, 18338
bombesin in nucleus tractus solitarius vs nucleus accumbens, dopamine mediation & neurochemical & neuroanatomical correlates of induced grooming & satiety, male rats, conference presentation, 14871
chemostimulation of lip, responses of neurons, satiated vs hungry grape snails, 32029
cholecystokinin secretion & postprandial subjective satiety, normal weight 16–39 yr old bulimic females, 19514
continuous icv neuropeptide Y with vs without cholecystokinin, episodic food intake, satiated female rats with vs without adrenalectomy, 18221
fenfluramine, post consumption resting behavior & impact on satiety, rats, 4436
food satiation & fading, habitual rumination, 17.5 yr old profoundly mentally retarded male, case report, 37464
food satiation vs deprivation, oral self administration of PCP, monkeys, 39259
gastric control & cholecystokinin & fenfluramine, satiety & food intake, patients with anorexia nervosa or bulimia, conference presentation, 30068
hepatic portal cholecystokinin-8, food intake, male rats, conference presentation, 25231
high starch vs protein vs fat vs sucrose vs mixed content preloads, hunger & satiety & food preferences, normal weight nondieting females, 11084
insulin or 2-deoxy-5-glucose, hypothalamic activity of norepinephrine & dopamine & 5-HT, sated vs fasted rats, 39362
ip serotonin & food satiation, predatory aggression, minks, 7899

isovolemic vs volumetric intestinal distension, water intake & discomfort assessed by conditioned taste aversion, male rats, 32094
iv neuropeptide Y in hypothalamic paraventricular nucleus & peripheral cholecystokinin, feeding & satiation, male rats, 25295
levels of sugar acids in blood, neuronal activity in lateral hypothalamic area & ventromedial hypothalamic nucleus & hunger & satiation & feeding behavior, rats, conference presentation, 25090
meal composition & estimated stomach contents & intermeal intervals & size & subjective hunger, adults, implications for satiating property of protein, 11067
methysergide vs metergoline vs ritanserin, food intake, satiated male rats, 18329
model of food as having both fixed & variable excitatory & inhibitory effects on consumption as alternative to systemic model of multiple satieties, commentary, 18155
motivation by hunger vs satiation, foveal vs parafoveal word recognition RT, college students, 7758
need for explicit mapping of relations between satiety mechanisms & black box type functional analysis of feeding, commentary, 18168
oral pentobarbital concentration, schedule maintained drug self administration measuring reinforcement effect, food deprived vs satiated male rhesus monkeys, 35838
perceptivity & paraceptivity, gastric emptying & reported hunger & satiety, anorexic vs bulimic 18–40 yr olds, 33630
pyloroplasty, liquid phase gastric emptying & cholecystokinin induced satiety, male rats, 35750
satiation vs cholecystokinin vs lithium chloride, interoceptive sensory consequences assessed through freezing & feeding behavior, male rats, 11111
satiety, rated pleasantness of food appearance & smell & texture & taste, 18–35 yr old females, 35704
sensory stimulation of high vs low caloric food, sensory-specific satiety & food intake, 18–35 yr old females, 28730
slow release bean vs potato flakes, plasma glucose & hunger & satiety, adults, 688
system of multiple mechanisms vs simple negative feedback models of satiety & food intake, commentary, 18150
systemic model of satieties & food intake based on mechanisms of facilitation & occlusion & independence as alternative to negative feedback model, 18162
systemic model of satieties based on multiple mechanisms, commentary reply, 18161
weight loss & lack of appetite & early satiety, 62 yr old male with tegmental medullary glioma, case report, implications for role of medulla in feeding behavior, 19565
Satisfaction [See Also Job Satisfaction, Life Satisfaction, Need Satisfaction]
attributions for satisfying vs unsatisfying sexual experiences & age, male vs female 15–60 yr olds, Italy, 29297
body image satisfaction, males vs females assessed at ages 11 & 13 & 15 & 18, 25633
construction & reliability & validity of Pinney Sexual Satisfaction Inventory, female college students, 35175
correlates of continuing education course satisfaction, bankers, 6875
development & reliability & validity of Satisfaction with Performance Scaled Questionnaire, assessment of satisfaction with independent living skills, disabled patients, 38685
development of Vocational Evaluation Satisfaction Scale, 17–51 yr old rehabilitation clients, 17634
experience of problems & dissatisfaction, brand loyalty vs switching, consumers, Netherlands, 27982
factor analytic methods & statistical packages & gratification constructs in media content & use, heads of households, 14200
factors affecting required mediation of child custody disputes & participant satisfaction, clients & attorneys & mediators, 29275
factors associated with student satisfaction in undergraduate social work field placements, college students, 30939
factors associated with student satisfaction with social work field placement, 21–55 yr old graduate students, 30885
friendliness vs unfriendliness assessed by high vs low SA-CRAL score, satisfaction with self & friends & differential response to script statements, college students, 22428
group structure & member expectations, attraction to & satisfaction with group, college & graduate students in group counseling course, 33888
home vs hospital birth, satisfaction & interaction with infant & feelings of control, 1st time mothers assessed during pregnancy vs 3 days vs 1 vs 3 mo postpartum, 6401
income & economic satisfaction & family issues, stress, fathers vs mothers vs sons vs daughters-in-law in 2-generation farm & ranch families, 29227
latent variable approach to separate sources & types of support & validity of social support battery, 19–24 yr olds, 31643
logical consistency & test retest reliability & convergent validity of paired comparisons vs visual analog rating scale, measurement of health care satisfaction, breast cancer patients, 17643
marital role expectations & premarital relationship satisfaction, engaged couples, 1979–80 vs 1987, Australia, 18774
Millon Behavioral Health Inventory scores, welfare & satisfaction with & adjustment to dialysis, renal disease patients undergoing treatment at home vs in hospital, 16771
model of satisfaction with outpatient rehabilitation services, patients treated for stroke or brain or spinal cord injury or other disability, 20270
motivations & stresses & gratifications of joint custody, families with 14 mo to 5 yr old children, 4 yr study, 29266
motor performance standards & difficulties & satisfaction, social comparison with arthritis patients vs healthy adults & role in adjustment, female 18 yr olds & older with rheumatoid arthritis, 33476
mutual empathic perception, satisfaction & type & time in relationship, 18–60 yr old heterosexual couples, 25851
neighborhood satisfaction, residents of conventional homes vs mobile homes vs apartments, 4997
penile prothesis surgery, satisfaction & self esteem & sexual frequency & marital relationship, male patients & their partners, 1–4 yr followup, 6279
perceived positive vs negative job outcomes, prediction of satisfaction with vocational training, community college students, 27644
perceived self disclosure of self vs other, dating satisfaction, male vs female college students, 15439
perceptions & satisfaction with residence hall environments, freshmen vs other college students living in single sex vs coed halls, 41283
personal status & patterns of use, satisfaction with shelter, staff members & adult residents of shelters for victims of domestic violence, 40917
questionnaire structure, interindividual vs intraindividual comparison strategy in judgments of sexual relationship satisfaction, male college students, 32794
relationship duration & quality & sexual exclusivity, cohabitating gay males vs lesbians, 15386
reliability & validity of Sexual Interaction Inventory, assessment of sexual satisfaction, couples in which 29–68 yr old males had secondary erectile dysfunction, 17606
relocation to age segregated apartment, perceived stress & coping strategies & meaning of home & satisfaction, elderly, Canada, 8193
revision & implementation & analysis of patient satisfaction questionnaire, assessment of nonphysician care & services, hospitalized patients, 21089
satisfaction & quality rating of Psychological Service & individual education psychologists, professional & institutional clients, UK, 31267
satisfaction in close relationships, adult females, literature review, implications for psychotherapy, 8372
satisfaction or investment or social support or alternatives, relationship commitment, 17–42 yr old couples, 25818

satisfaction with housework & paid work & dual work role, professionally vs clerically employed married females with children, 32677
satisfaction with housing & perceptions of ease of meeting neighbors & neighbor recognition, satisfaction with neighbors, spouses in married student housing, conference presentation, 20540
satisfaction with medical care, patients, meta analysis, 9628
satisfaction with ward physical & social characteristics & treatment, 23–84 yr old psychiatric patients in extended stay psychiatric hospital, England, 27222
self memory training, memory performance & satisfaction with memory, older adults, 3 yr followup, 15248
self vs other reported communicative style & ability, communication satisfaction, college students, 18486
sex & knowledge of success, satisfaction with group participation, college students, Japan, 18895
sex role self perception, sexual satisfaction & dyadic adjustment, adult married or cohabitating males vs females, 39880
sexual experience level & number of partners, sexual satisfaction, female nurses, 11680
social comparison process, judgments of outcome entitlement & satisfaction, college students, 29343
social desirability, reports of client satisfaction vs self reports of psychological distress, 18–52 yr olds in therapy, implications for test validity, 37348
social relationships & child's age, satisfaction with child self care arrangements, mothers, 32626
social support & positive college events, college satisfaction, community college students, 38184
teachers' base pay & student teacher ratio & per student expenditures, predictors of satisfaction with local school systems, parents in rural & urban communities, 24109
temporal factors, conversation satisfaction & effectiveness, adults, 18884
temporary affective states, perception of task characteristics & task satisfaction, college students, 35399
Type A behavior & satisfaction with social support, college students, 36482
validity of responses on measures of health status & satisfaction with medical care & quality of life, elderly & proxy pairs, conference presentation, 35080
Saudi Arabia
gender identity & social factors & surgical sex reassignment & adjustment, 16–42 yr olds with male pseudo-hermaphrodism who had been raised as females, Saudi Arabia, 9044
perception & concerns regarding sociocultural change & psychopathology, college students, Saudi Arabia, 11572
self concept, 11–19 yr old delinquent vs nondelinquent males, Saudi Arabia, 12135
social & clinical characteristics of parasuicide, oil company employees, Saudi Arabia, 15831
socioeconomic changes, traditional role of females, 35 yr old & younger daughters & their 55 yr old & older mothers, Saudi Arabia, 36330
spousal consanguinity & acquaintanceship prior to marriage & polygamy, marital discord & type of illness, psychiatric patients, Saudi Arabia, 5170
traditional vs modern rural settlements, quality of environmental experiences, Saudi Arabia, 3453
visitation by college students & other public individuals, attitudes toward visitors, 11–19 yr olds in juvenile correction facility, Saudi Arabia, 30856
Scaling (Testing)
coefficient "H" in scale analysis & reproducibility of item responses from test scores, commentary, 3675
educational test measurement error information, interpretation of scale scores, 10280
equi-percentile scaling vs linear scaling prior to grading vs grading without scaling, grades on history & physics examinations of General Certificate of Secondary Education, test candidates, 27781
factor analysis of dichotomous data, scaling social life feelings, adults, 3669
internal consistency of self administered cross modal pain intensity & unpleasantness scale & intelligence, patients with chronic pain, replication, 35166
interval scale properties of magnitude estimation & Case III scaling, equal interval frequency response anchors in survey questionnaires, college students, 28132
methodological & instrumentation issues in scaling & analysis of stressful life events inventories, psychosomatic vs psychiatric patients & their relatives, India, 80
methodology for application of longitudinal Guttman simplex model to instrument development & empirical subscale definition, 7216
ordinal multidimensional generalization of Guttman scale based on formalization of plural psychological developmental models, 17686
scale analysis method by R. Mokken & comparability of abortion attitude measures, adults, US vs West Germany, 4907
scale grain, Mann-Whitney U test in small group experiments, 7263
scaled score development procedures for calculation & interpretation of group scores on norm, 6803
scaling & factor structure, concrete operational task performance data, 6–12 yr olds, England vs Greece vs Australia vs Pakistan, 11432
scaling problems, interpretation of reading achievement data, 9–23 yr olds, 1984, 20663
scaling procedures for sensory & cognitive factors affecting psychophysical behavior, 1962–86, literature review, 10693
unidimensional scaling models, analysis of sequences in concept development, implications for developmental psychology, 17682
Scalp (Anatomy)
dynamic random dot stereograms, scalp recorded EPs, adult males, 4133
Scalp Disorders [See Skin Disorders]
Scandinavia [See Also Denmark, Norway, Sweden]
accident prevention project in industries, Scandinavia, conference presentation, 10414
alcohol abuse & suicide, 1922–80, Denmark vs Finland vs Norway vs Sweden, 12165
autism & cognitive disorder & perinatal stress, 2–23 yr old monozygotic vs dizygotic twins & triplets with vs without autistic twin members, Denmark & Finland & Iceland & Norway & Sweden, 33189
incidence of asphyxiophilia, Scandinavia, implications for mortality rate estimation, 40233
problems with organization & function of forensic psychiatry, mentally disturbed offenders, Scandinavia, 37950
suicide rates, 15–24 yr old male civilians vs soldiers, 1977–84, Norway vs Sweden vs Finland vs Denmark, 33294
Scent Marking (Animal) [See Animal Scent Marking]
Schedules (Learning) [See Learning Schedules]
Schedules (Reinforcement) [See Reinforcement Schedules]
Scheduling (Work) [See Work Scheduling]
Schema
addition & deletion & specificity & expectations of details in scripts, immediate vs delayed recognition of changes in action, college students, 38910
affect, schema creation & comprehension of complex narratives, college students, 35402
attributional biases & dysfunctional attitudes & automatic thoughts & other cognitive processes, symptomatically depressed vs clinically remitted vs normal adults, 40093
authorization or permission schema, reduced array selection task performance, 9.8–10.7 yr olds, England, implications for study of deductive reasoning development, 15073
author's personal account of protective & unhelpful family beliefs & interaction patterns, family therapy practice, therapist, 9385
bioinformational imagery fear scripts, physiological responses & self report, adult agoraphobics with panic attacks, 5366
brief vs extended exposure to uncontrollable failure, hostile vs depressive self schemata responding & content recall, Type A vs Type B college students, 39975

cognitive processing capacity, problem solving ability & schema acquisition, 15–16 yr old high school students, Australia, 15124
cognitive schema relating to shape & weight & association to depression, anorexic or bulimic females, 19552
cognitive schemas in outgroup & ingroup social perception, Baptists vs Catholics vs Lutherans, 32605
cognitive structures & sex role schemata, RT & free recall & faking on & predictive validity of computerized personality assessment, college students, 31638
color naming latencies as measure of self schema, depressed vs anxious 18–65 yr olds, 15778
color removal from stimulus array, schematically based sorting behavior, 2nd–6th graders, 39490
complex information environment, schemata use in negotiated belief structure & decision making in simulated business environment, graduate business students, 4982
concept learning schemes, knowledge acquisition for expert systems, 13933
conception of learning task, learning outcome, students, 24044
connectionist framework, music cognition & perceptual facilitation, 3778
connectionist vs nonassociative views of incompatibility between schemas in learning, 24877
construction & retention of mental representations & cognitive maps in problem solving, high school students & 29–43 yr olds, Czechoslovakia, 21977
cultural knowledge, immediate vs delayed recall of culturally consistent vs inconsistent stories, college students, 24872
developmental changes in causal schemata & judgments of achievement, 2nd vs 4th vs 6th graders, Japan, 8069
distance placed between figures representing self & father & mother & friends using social schemata technique, high vs low aggressive 5th graders, Israel, 39662
emotional film with schema induction & incongruity phases with vs without resolution, weeping, female college students, 18963
event schema & verb type & animacy of participant in sentence, causal attributions, college students, 14975
exercise related cognitions & intentions & feelings & self schemata, self reported exercise behavior, college students, 11820
family socialization, gender schemata development, children, 1094
formation of motor schemata by movement practice vs contextual interference from practice with variations, retention & transfer in motor performance, college students, 21207
frame intrusion & public witnessing, convert winning, evangelical Christians, 36241
gender schema theory of biological & environmental gender differentiation & sex typing & androgyny, 29108
gender schemata reformulation interventions, children, 1100
impersonal vs interpersonal text schemas, immediate vs delayed recall, 21303
individual differences & context, gender schematic processing, children, 1126
ingroup vs outgroup categorization & ethnic schema consistency, intergroup & interpersonal relations & perceptions, college students, Nigeria vs Canada, 18867
instructions & outlines & headings, identification of false statements in text, 15–17 yr old students, implications for schema theory, 18565
internal working models of self & other in experiences with infants, parents, conference presentation, 8275
interpersonal scripts for content & sequences of actions during 1st date, male vs female college students, 39879
job knowledge, reliability of conceptual similarity schema for job dimensions, college students, 34865
knowledge mobilization & schema activation techniques, memory & learning, 7th graders & college students, 38911
knowledge structures & teaching ability, preservice reading teachers, conference presentation, 23939
life scheme framework for attribution in finding meaning in life events & provision of sense of order & purpose of life, 25963
life situation scripts, discrimination & centrality judgment & sequencing, aphasic 47–67 yr olds, 36968
M. H. Erickson's therapeutic approach to ego states & self concept & script, implications for transactional analysis, 30203
mindlessness & dysfunctional scripts, organizational effectiveness, 10378
"Myth of the Cave" as metaphor for adherence to script in psychotherapeutic process, 36 yr old female, 30284
negative vs positive self schemata, facilitative vs debilitative self talk before & during & after coping/achievement task, clinical & nonclinical adults, implications for cognitive behavior therapies, 9317
North American vs foreign cultural scripts & associated knowledge, memory for stories, college students, 31879
notions of script in fields of developmental & genetic & social psychology, 24809
noun negation, activation of mental representation of same vs associated noun, college students, 31850
perception of reality & schemata construction, 293
perceptions of social rules as definitions vs scripts, refusal of & weak vs strong transgression from rules, 5.1–6.5 yr olds, Italy, 29107
perceptual & motor schemas, visual perception & hand dexterity & computational modeling of neural circuitry, humans & frogs, 17 commentaries and reply included, 605
permission & obligation pragmatic schemas, reasoning performance on selection task, 9–15 yr olds, France & Italy, implications for development, 29059
phenomenology of & family therapy for medical myths, families, 26852
philosophical & historical & theoretical foundations of schema theory in cognitive psychology, 37332
pragmatic schemata & logical reasoning, 6.2–8.4 yr olds, 29070
private vs public self consciousness, recognition memory of interpersonal traits & self schema articulation, college students, 15471
reading vs listening to passage & activated schema perspective at time of encoding vs testing, free recall vs sentence verification test performance, college students, 344
recognition vs recall of story to peers vs Martians vs for contest, college students, 17912
reliability of retrieving script information from memory, college students, 334
religious schema, personal value system, Protestant vs Catholic vs atheistic college students, Hong Kong, 39740
role of problem solving schematic, comprehension of narrative vs expository written texts, 3819
RT to & rating & recall of traits spontaneously generated by self vs other, assessment of self schema, female college students, 15507
schema & political belief formation, female pro-family activists, 11633
schema congruity vs incongruity between products, product evaluations, adults, 41557
schema expectation of real world setting, reliability of consistency effect of recall, college students, 31890
schema paradigm in perception, 28193
schemata, memory for text, college students, 24860
schemata of self & other & relationship roles, problems in psychotherapy, young & middle aged adults, 2275
script analysis & 5 possible psychotherapeutic outcomes for transactional analysis, 16342
script structure assessed by additive tree & interproposition distance, perceived separation induced by punctuation marks, college students, 14976
script theory & systems analysis in transactional analysis, 30272
self relevant information about others, recall & information weighting & goal processing during person perception, self schematic vs aschematic college students, 11769
self schemas, evaluation & memory of & prediction & inference about another person, college students, 1386

sex & sex role self concept & scripts, sexual experience & reasons for intercourse & contraceptive use, college students, 39885
sociodramatic script training with role exchange & teacher prompting, social & communicative interaction in structured free vs theme directed play, normal & language delayed 3.7–6.7 yr olds, 20464
stability of self concept & schema, mildly depressed vs nondepressed 18–22 yr olds, 36495
stimulus ambiguity, biased vs realistic schematic processing, depressed vs nondepressed college students, 18948
story schema, level & organization of free recall, college students, 7487
story schema skills, attention & recognition memory during TV viewing, 5–8 yr olds, 39551
stress of traumatic events, schematic assumptions of self & world, college students, 39965
supported & nonsupported static object view, recall of object position consistent with physics laws, implications for mental representation of forces in equilibrium, 14372
systematic organization of knowledge about effective teaching as evolving vs learned, preservice reading teachers, conference presentation, 23937
target valence & self vs other focus in person schema, recall, female college students, 39928
teaching psychological principles within medical schemata, medical students, 13309
text structure &/vs context schemata, selection of important information & strategic awareness in reading task, 5th–9th graders vs adults, 11418
text vs reader schema & language competency, interactive processing of 2nd language text, readers, 10816
TV viewing, gender schemata development, children, 1068
world knowledge & script-based listening comprehension & 2nd language acquisition, foreign language learners, 32322

Schizoid Personality

amoxapine, patients with schizoptypal vs borderline personality disorder, 34047
androgynous masturbation, male 65 yr old with schizoid characteristics, 26063
assessment of schizoid or schizotypal personality disorders or Asperger's syndrome, 16–65 yr old lifelong socially isolated & eccentric psychiatric patients, 26187
cerebral laterality & interhemispheric transfer & left hemisphere overactivation, college students with schizoid personality, 15760
characteristics & symptoms & treatment of schizoid phenomena, male 8 & 11 yr olds, 40542
comorbidity & clinical characteristics, alcoholic females with borderline vs schizotypal personality disorder, 32983
concurrent validity of Rust Inventory of Schizotypal Cognitions, English speaking pre-university students, Hong Kong, 14169
creativity & schizotypal thinking, college students, replication, 40172
creativity test scores, college students who scored high on measures of schizotypal traits of perceptual aberration or magical ideation, 15776
diagnostic category & individual criterion level comparisons of DSM-III definitions of borderline & schizotypal personality disorders, 29626
factor structure of schizoid personality scales, 18–45 yr olds, 28181
factor structure of schizotypal personality scale, normal adults, implications for DSM-III criteria for schizotypal personality disorder, 31608
hemisphere tested during rest vs spatial geometric task, alpha EEG reactivity, male vs female 15 yr olds & older with schizophrenia vs schizoid personality disorder, 33032
hypno-play therapy, adults with trauma vs chronic depression vs schizoid character, 16675
hypnosis vs insight psychotherapy, 32 yr old schizoid male, case report, 30547
individual differences in schizotypy & negative priming & cognitive inhibition, 18–44 yr olds, England, 33003
interface of real & transference relationships in psychoanalysis, schizoid patients, 16407
interhemispheric transfer & unilateral processing of information, patients with depression vs schizophrenia vs schizoid tendencies, 19197
parental communication deviance, 7–13 yr olds with schizophrenia vs schizotypal personality disorder vs major depression vs dysthymic disorders, 15616
Perceptual Aberration Scale scores & schizotypy & other clinical psychopathology, psychiatric patients, implications for test utility, 19152
perseverative response sequences, 23–71 yr olds with schizophrenia vs neurosis vs schizoid personality vs affective disorder, 26126
personality & obstetrical complications & institutional rearing & cerebral ventricular size, children of mothers with schizophrenia vs schizotypal personality disorder, conference presentation, 1696
prevalence of DSM-III schizotypal personality traits, 15–21 yr olds with parents with affective vs schizophrenic vs no disorder, 19233
Rust Inventory of Schizotypal Cognitions vs Eysenck Personality Questionnaire P Scale, measurement of multiple schizophrenic/normal personality dimensions, college students, Venezuela, 11849

Schizophrenia [See Also Acute Schizophrenia, Catatonic Schizophrenia, Childhood Schizophrenia, Paranoid Schizophrenia, Undifferentiated Schizophrenia]

abandonment of schizophrenia as disease entity, commentary & reply, 15816
ability of representation & symbolization assessed by Object Relations Technique, patients with psoriasis vs schizophrenia, 15581
ability to judge facial emotion, depressive vs acute vs chronic schizophrenic adults vs those in remission, 29541
abnormal auditory P300 topography & positive symptoms, males with chronic schizophrenia, 33175
abnormal diurnal weight shifts, schizophrenic patients, 33206
acute dystonia as extrapyramidal side effect, schizophrenic vs manic males under 45 yrs old taking neuroleptics, 16607
acute psychotic episode, subjective cognitive dysfunction & eye tracking & slow brain potentials, schizophrenic & schizoaffective 18–50 yr olds, 22660
additive model of psychotherapy & pharmacotherapy, schizophrenia, implications for therapeutic relationships, 23125
adjunctive alprazolam, negative symptoms, schizophrenic 28–50 yr old males, case reports, 33989
adjunctive clonazepam treatment, antiaggressive effects, 35 yr old schizophrenic male with partial seizure disorder, case report, 6153
adjustment, adult children of schizophrenic patients, 29639
administration & therapeutic & side effects of zuclopenthixol, inpatients with schizophrenia or manic phase manic depressive psychosis, 34022
adverse reactions to neuroleptic therapy, length of psychiatric hospitalization, schizophrenic patients with depressed vs schizophrenic parent, 23387
affect toward occupational therapy activities, 24–49 yr old chronic schizophrenic males, 13183
affective measures of expression & perception in facial & vocal channels, adult males with schizophrenia vs right brain damage vs Parkinson's disease, 29436
age & sex, EPs, schizophrenic vs major depressive vs nonpatient 16–57 yr olds, 5235
age & sex, psychiatric hospital admission for alcoholism vs neuroses vs schizophrenia, rural vs urban 16–74 yr olds & older, Ireland, 9786
age disorientation & mental status & cerebral ventricular enlargement, schizophrenic 20–53 yr olds, 15687
age, mortality rate & causes & risks including suicide, hospitalized patients with chronic schizophrenia, 10 yr follow-up, conference presentation, 33012
age of onset, ventricular enlargement & degree of cognitive & clinical impairment, schizophrenic vs other psychiatric patients, 36615

age, post-DST cortisol, 18–75 yr olds with schizophrenia vs major depression vs other mental disorder, meta analysis, 12060
alpha & beta & gamma endorphin concentrations in hypothalamic tissue, post mortem schizophrenic patients, 5357
alprazolam & fluphenazine, schizophrenic patients, 2568
alprazolam & stable doses of neuroleptics, reduction in positive & negative symptoms, schizophrenic 28–64 yr olds, 23373
annual variations in prolactin levels, drug free schizophrenic patients, longitudinal study, 19064
anthropological approach, schizophrenia, 29529
antipsychotic drug therapy, EEG spectral characteristics & auditory EPs, schizophrenic 26–46 yr olds, 5 yr study, 12003
antipsychotic properties of endorphins, patients with schizophrenia or schizoaffective psychosis, 27020
antipsychotic withdrawal vs induced akathisia, adult chronic schizophrenic patients, implications for existence of tardive akathisia, 23375
antipsychotics, neuropsychological test results & cognitive functioning, schizophrenic patients, literature review, 16601
antiseptal brain antibody in gamma G immunoglobulin, 18–65 yr olds with schizophrenia vs other mental disorders, support for immunologic disorder theory of schizophrenia, 33069
apomorphine hydrochloride, growth hormone levels, schizophrenic adults during temporary discontinuation of neuroleptic treatment, 11923
applicability & validity of Present State Examination & Relative Ratings of Symptoms & Social Behavior, schizophrenic 15–54 yr olds, Nigeria vs Japan vs India vs US, 24606
application of positron emission tomography to study of regional brain function & glucose metabolism, schizophrenic patients, 8752
arachidonic acid incorporation into platelet phospholipids, patients with schizophreniform or schizoaffective disorder, 1580
assaultive behavior measured by charts & ward journals vs official reports, male schizophrenic inpatients under 36 yrs old, 6392
associated vs unrelated word in lexical decision task, semantic associations, unipolar affective vs schizophrenic patients with vs without thought disorders, 33120
assortative mating in schizophrenia & risk to offspring, mates of schizophrenic females, Denmark, longitudinal study, conference presentation, 8690
assumption of organic etiology of psychosis at 1st presentation, dementia diagnosis, pseudodemented female 73 & 82 yr olds wth schizophrenia & mania, 5361
astrocyte density in caudate vs periventricular nucleus, postmortem brains of schizophrenic vs Huntington's chorea patients, 19027
attentional & information processing & other cognitive disorders, schizophrenic patients, literature review, 5321
attitudes toward & beliefs about possible cause of schizophrenia, 19–60 yr olds, 19102
attitudes toward their disorders, 20–69 yr old inpatients with schizophrenia in relative remission, 33219
atypical handedness, schizophrenic patients, 19114
atypical neuroleptics clozapine or sulpiride or remoxipride or raclopride, schizophrenic psychoses, literature review, 9503
auditory EPs & P50 gating & N100 amplitude defects, 1st degree relatives of schizophrenic patients vs schizophrenic patients, 33215
auditory EPs, prediction of disorder course & outcome, schizophrenic male vs female 19–55 yr olds, implications for classification, 11973
auditory EPs, 7–12 yr old children of parents with schizophrenia vs affective disorders, 22542
auditory P300 component of EP in temporal region, medicated schizophrenic males, 5198
auditory stimulation interval, CNS gating of responsiveness & auditory EPs, schizophrenic 21–56 yr olds, 29605
auditory stimuli of constant & varying intensity, skin conductance responsivity & heart rate orienting, schizophrenic 20–65 yr olds vs healthy 21–70 yr olds, Sweden, 29610
autocastration & autopenectomy, 26 yr old male with dual diagnosis of schizophrenia & transsexualism, case report, 32962
autonomic activity & attention, schizophrenic patients vs normal controls after dose of dextroamphetamine, implications for prognosis, 15818
background factors & biological variables in research on genetic liability for schizophrenia, conference presentation, 1585
baclofen, plasma growth hormone response, chronic schizophrenic 45–69 yr old males, 22604
behavior analysis & intervention, bizarre speech maintained by escape/avoidance contingencies, 29 yr old female with dual diagnosis of mild mental retardation & schizophrenia, 33974
behavior modification using social reinforcement & other techniques, schizophrenic & mentally retarded adults attending vocational rehabilitation center, India, 37864
behavior modification, verbal abuse & task performance & grooming & alcohol drinking, schizophrenic 35–55 yr old inpatients, 6 & 12 mo followups, 16508
behavioral family intervention & expressed emotion of relatives, relapse & readmission, schizophrenic adults, England, 2 yr followup, 40593
behavioral family management, stress management & reduction of schizophrenic symptoms, 9263
behavioral intervention with families, relapse, schizophrenic 16–64 yr olds from families with high vs low expressed emotion, 19864
behavioral science research on normal thinking & emotional expression & motor functioning in schizophrenia, 22557
behavioral techniques, drug resistant auditory & visual hallucinations, schizophrenic 34 yr old female, case report, 26886
behavioral techniques in family intervention, schizophrenic 29 yr old female, case report, 16450
Bender Gestalt test performance, neurological vs schizophrenic patients, implications for differential diagnosis, 19016
benefits & limitations of animal models of schizophrenia, pharmacological hypotheses, literature review, 29562
benztropine with vs without propranolol, neuroleptic induced akathisia, schizophrenic 22–53 yr olds, 23416
beta adrenergic receptor binding in leucocyte membranes, depressed vs schizophrenic patients, 1673
bilateral brain dysfunction during motor activation, right handed schizophrenic adults with negative symptomatology, 5215
binding parameters of spiperone to lymphocytes, nonmedicated vs medicated schizophrenic patients vs their 1st & 2nd degree relatives vs psychiatric patients, conference presentation, 1558
biochemical hypothesis of wandering, patients with schizophrenia vs dementia, 1736
biofeedback & relaxation techniques in stress management training program, schizophrenic 26 yr old male, case report, 33983
biological basis of schizophrenia & efficacy of drug therapy & civil liberties & laws, involuntary psychiatric commitment, 8707
biological vs personal & environmental variables, etiology of schizophrenia, 33070
birth complications & size of brain limbic structures, families with at least 2 schizophrenic siblings, 15662
blind retrospective evaluation of clinical charts, DSM-III schizotypal disorder vs schizophrenia patient, 4 yr followup, 36660
blood serotonin levels, schizophrenic adult females who were suicidal vs not suicidal, 33017
bovine parathyroid hormone & arginine vasopressin, urinary cyclic adenosine monophosphate response & concentrating ability, schizophrenic 24–67 yr olds on long term neuroleptics, 2563

brain & CSF GABA levels, schizophrenic 15–78 yr olds, implications for etiology of tardive dyskinesia, 26146
brain characteristics assessed by tomography, 17–54 yr olds with 1st episode schizophrenia, Scotland, 36649
brain disease model of schizophrenia, implications for psychologists & families, 29564
brain morphology assessed by magnetic resonance imaging, chronic schizophrenic adult males, 15769
brain morphology, schizophrenic 17–59 yr olds, 12053
brain neuroimaging & neuropathology, schizophrenia research, 22666
brain stem auditory EPs, unmedicated hospitalized schizophrenic 22–44 yr olds, 15708
brain ventricular enlargement, 20 yr old male & his sister with multiple exostosis & schizophrenia, 36507
buspirone analog tiaspirone, actively psychotic schizophrenic males, 2483
buspirone, 18 yr old female patient with chronic undifferentiated schizophrenia, case report, 30516
caffeine, cerebral blood flow, schizophrenic inpatients, 8657
carbamazepine, serum HVA concentrations & psychosis, chronic schizophrenic males, 30454
cellular & humoral immune status, untreated schizophrenic 18–37 yr olds, 29668
central dopamine neurotransmission & receptor binding, postmortem brain samples, schizophrenic patients, 8687
centrally vs laterally presented consonants, EPs & detection RT & errors measuring cerebral dominance, schizophrenic male 21–43 yr olds, 11955
cerebellar vermis brain ratio, neuroleptic response, male schizophrenic patients, 20018
cerebral disorganization at intraneuronal or synaptic level, patients with schizophrenia or affective disorders, 1681
cerebral ventricular enlargement & family history & obstetrical complications, monozygotic twins with schizophrenia, conference presentation, 1685
cerebral ventricular enlargement, schizophrenic adults with family history of schizophrenia vs affective disorder vs unspecified functional psychosis, England, 40159
ceruletide with neuroleptics, EEG & symptoms, schizophrenic 23–44 yr olds, 12886
challenge dose of apomorphine vs neuroleptic before vs after 3 wk neuroleptic drug therapy, plasma & urine HVA, schizophrenic 30–46 yr olds, 23368
changes in DSM-III diagnostic criteria for schizophrenia & affective disorders, psychiatric diagnostic practices in VA facilities, 33062
characteristics & diagnosis & treatment, 56–67 yr olds with late onset schizophrenia, 19123
characteristics & history, schizophrenic patients who committed suicide, Hong Kong, 29695
characteristics & illness outcomes, schizophrenic 15–45 yr olds, India, 2 yr followup, 36708
characteristics of disorder & patient history, schizophrenic 4.8–13.3 yr olds, 36683
choice of comparison group, estimate of lateral ventricle enlargement in schizophrenia, 16–36 yr old normal volunteers vs medical vs schizophrenic patients, 26179
cholecystokinin antagonist proglumide & haloperidol, psychotic symptoms, refractory schizophrenic patients, 34040
cholecystokinin, schizophrenia, literature review, 19993
classification of neuroleptic drugs, positive vs negative symptoms, schizophrenic patients, 12839
classification of schizoaffective disorder, clinical psychologists & psychiatrists, 5335
client schizophrenia education program, symptoms & knowledge of illness & resources, hospitalized schizophrenic 22–59 yr olds, 6407
clinical & demographic factors, schizophrenic patients in voluntary vs forensic remanded treatment, 34276
clinical & historical & biological variables, prediction of response to lithium prophylaxis, patients with schizoaffective schizophrenia, 2 yr followup, 6163
clinical & legal issues in decision to treat, 38 yr old female with history of schizoaffective disorder who refused treatment, Canada, case report, 30176
clinical & legal outcome, schizophrenic patients remanded for assessment of competency to stand trial, 1541
clinical characteristics, adult schizophrenic inpatients with denial of lineage, China, 5292
clinical characteristics, patients aged 60 yrs & older with late onset schizophrenia, implications for diagnostic validity, 8618
clinical course & age of onset & geographical distribution & etiology & immunological responses, patients with schizophrenia vs multiple sclerosis, 15598
clinical features & outcome, adults with epilepsy & schizophrenia, 36539
clinical symptomatology & drug compliance, schizophrenic patients, 6116
clinical treatment patterns in private profit vs nonprofit vs state & county psychiatric hospitals, schizophrenic 18 yr olds & older, 30771
clinical utility of Hindi version of WAIS-R, differential diagnosis, patients with schizophrenia vs organic brain syndrome, India, 32977
clinical vs social factors, prognosis, hospitalized schizophrenic patients, 23675
clonazepam & haloperidol, schizophrenia, 20–60 yr olds, 2442
clonidine, memory function independent from psychosis, 21–50 yr old schizophrenic males, 34023
clozapine induced agranulocytosis, 25–38 yr olds with schizophrenia or schizoaffective disorder, case reports, 16589
clozapine vs chlorpromazine, treatment resistant schizophrenic patients, 9533
clozapine vs chlorpromazine, 25–44 yr olds with haloperidol refractory schizophrenia, 34039
cloze analysis scoring criteria & rater's educational level, predictability of speech, patients with schizophrenia vs affective disorder, 29593
cognitive & visual processing models of cognitive deficit in schizophrenia, 29573
cognitive ability & perception & social interaction, male schizophrenic vs alcoholic 21–44 yr olds, Yugoslavia, 25992
cognitive deficits & drug therapy as prerequisites for social skills training & immediacy theory of schizophrenia, commentary, 29651
cognitive functioning, chronic schizophrenic 26–55 yr olds, 19168
cognitive impairment & ventricular size & negative symptomatology, chronic schizophrenic inpatients, 5244
cognitive processes in social skills, schizophrenic patients, implications for treatment, 29670
cognitive retraining, RT on attention training tasks, schizophrenic inpatients, 33678
color preferences, schizophrenic inpatients, 26040
communication deviance & parental psychopathology & offspring schizoid behavior, multiproblem distressed families with 3–13 yr old children, 29663
communication difficulties & deficits in ability to decode facial expressions, parents of schizophrenic patients, 33123
communication skills, parents of schizophrenic vs mentally retarded patients, Spain, 8518
community based psychiatric aftercare, negative symptoms & readmissions & community adjustment & family atmosphere & overall functioning, 25–58 yr old chronic schizophrenic patients, followup study, 9704
complete agenesis of corpus callosum, schizophrenic 55 yr old male, case report, 12001
components of P300 EPs, 16–43 yr old schizophrenic inpatients, 8721
computer tomography scan abnormalities & pink spot diagnostic test & enlarged ventricle hypothesis of schizophrenia, literature review, 19089
computerized tomographic brain scans, severe vs less severe chronic schizophrenic male adults, 5336
computerized tomography scan & neuropsychological function & deterioration, schizophrenic patients, 33009

concentration & distribution of thioridazine & its metabolites in post mortem brain tissue, schizophrenia patients, 5341
concordance for schizophrenia & discordance for severity of disorder, monozygotic female quadruplets, implications of followup study, 29600
concurrent validity of Assessment of Occupational Functioning & Occupational Case Analysis & Interview Rating Scale, chronic schizophrenic clients, 35100
construct & predictive validity & etiological specificity of schizophrenia diagnosis, 15632
construction & reliability & validity of Neurological Evaluation Scale, assessment of neurological impairment, schizophrenic adults, 35101
construction integration & construct readiness, schizophrenic vs nonschizophrenic psychiatric inpatients, 15712
contingent exercise program, overt hallucinatory behavior, 60 yr old male with chronic schizophrenia, case report, 12773
continuation & maintenance of adjunctive imipramine to ongoing fluphenazine & benztropine therapy, schizophrenic or schizoaffective patients with postpsychotic depression, 23453
coping with symptoms & behavior change, nonhospitalized schizophrenic 18-78 yr olds, 26037
coprophagia & smearing, schizophrenic 21 yr old female, case report, 15640
correlation between schizophrenia & multiple sclerosis rates, Italy, 19030
cortical atrophy & ventricular enlargement, schizophrenic patients, 11918
countertransference & resistance to progressive communication, analyst vs patients with schizophrenic or preoedipal disorders, 12678
countertransference issues, hospitalized schizophrenic suicidal 17 yr old male, Israel, case report, 33799
course & outcome of schizophrenia, Switzerland & US, literature review of followup studies, 29552
course of illness & outcome, schizophrenic 17–27 yr olds from intact families followed for up to 5 yrs after 1st episode or psychiatric hospital admission, 22669
criteria to determine intermittent medication eligibility, schizophrenic 19–60 yr old outpatients, 34008
critical survey of genetic involvement in schizophrenia, Belgium, commentary, 15797
cross cultural differences, symptomatology, schizophrenic 20-60 yr olds, Libya vs Malta, 22591
cross cultural studies of schizophrenia, conference presentation, 22562
CSF concentrations of tridecapeptide neurotensin & monoamine metabolites & clinical rating, drug free schizophrenic 18–45 yr olds, 33113
CSF creatinine & monoamine metabolite concentrations, schizophrenic adults, 5342
CSF neurochemistry, schizophrenic inpatients with vs without tardive dyskinesia, Taiwan, 33115
CSF neuropeptide Y & peptide YY, drug free vs treated depressed vs schizophrenic patients, Sweden, 8750
CSF neuropeptide Y, hospitalized patients with fluphenazine treated vs unmedicated schizophrenia vs major depression, 33008
"cues, pause, point" language training, replacement of delusional speech with stimulus appropriate response & subsequent generalizations, 69 yr old schizophrenic male, case report, 12785
cultural & racial factors, responsiveness to drug therapy, schizophrenic adults, Libya vs Malta, 40783
culture broker model, health care, schizophrenic adults, 20088
culture specific concept of nerves or "nervios", interpretation of schizophrenic family members, Mexican American vs Anglo American adults, 11983
cumulative trauma, chronicity, schizophrenic 24 yr old female & 30 yr old male, 26099
current knowledge & future needs in schizophrenia research, 22505
current neuroleptic drug therapy, voluntary control of lip & jaw & tongue movements, schizophrenic patients with vs without tardive dyskinesia, 23364
cutis verticis gyrata, chronic schizophrenic 21–55 yr olds, Taiwan, 29515
cyproheptadine, symptoms, schizophrenic patients, 30513
death anxiety, schizophrenic vs manic depressive adults, 8626
debrisoquin &/vs haloperidol, central vs peripheral plasma HVA concentration, schizophrenic males, implications for dopamine, 34012
deficits in facial affect recognition, schizophrenic patients, literature review, 8673
definition & outcome of schizophrenia, commentary on long term followup studies, 29679
definition & significance of positive vs negative symptoms, adult patients with mania vs schizophrenia vs major depression, 11905
definitions of & research strategies for understanding schizophrenia, 29522
deinstitutionalization & role of occupational therapist & treatment model, chronic schizophrenic 34 yr old male & female, case reports, 37709
dementia, schizophrenic 60–77 vs 26–56 yr olds vs nonimpaired elderly, conference presentation, 8570
demographic & clinical & treatment & neuropsychological variables & orofacial & limb truncal dyskinesias, schizophrenic patients, 26087
demographic & clinical predictors, diagnosis at 1st admission, schizophrenic males vs females, Denmark, 13 yr followup, 36663
demographic & historical & EEG & neurological & neuropsychological variables, schizophrenic inpatients with histories of high vs low vs no violence, 36627
demographic & other characteristics, interhemispheric transfer task performance, schizophrenic adults, 26036
demographic & psychiatric/psychological characteristics, criminal behavior, schizophrenic or affective disordered adults in forensic setting, 19148
demographic characteristics & memory & perceptions of seclusion treatment, hospitalized schizophrenic patients, conference presentation, 40972
demographic characteristics & psychodynamic processes including therapeutic alliance & transference & separation & outcomes, schizophrenic 18–44 yr olds in individual psychotherapy, Denmark, 37345
demographic factors & course of illness & clinical differentiation between deficit & nondeficit forms of schizophrenia, schizophrenic or schizoaffective outpatients, commentary, 22570
demographics & outcome & functional skills, positive vs negative vs mixed symptoms subtypes of institutionalized schizophrenic patients, 13106
depression & potential for suicide, schizophrenic patients, 26164
depression & prediction of relapse, chronic schizophrenic patients, 3 yr study, 5233
depressive symptoms at beginning & after vs only after vs only at beginning of schizophrenic episode, implications for diagnosis of postpsychotic depression, 33106
depressive symptoms, prediction of favorable prognosis, schizophrenic patients, 1608
depressive symptoms, schizophrenic 17–57 yr olds treated with haloperidol, 34060
depressive syndromes & symptoms, elderly schizophrenic patients vs community residents, Greece, 8649
depressive syndromes, 15–55 yr old patients with 1st episode of schizophrenia, 1 yr followup, 1612
des-tyrosine-gamma-endorphin, measures of improvement, schizophrenic patients, 19982
development & effectiveness of psychoeducational intervention, reduction of negative communication, schizophrenic residents of hostel for psychiatric patients, 13115
development of computerized database of patient history & related information, schizophrenia research, conference presentation, 8627

development of Diagnostic Drawing Series, assessment of art expression & psychiatric diagnoses, inpatients with dysthymic or depression or schizophrenia, 7083
development of pharmacotherapy, schizophrenic clients, 37554
development of pharmacotherapy, schizophrenic clients, erratum, 40796
developmental factors, risk of schizophrenia, children, literature review, 29493
developments & need & potential of research into schizophrenia, 33045
diagnosis & context of dangerousness, schizophrenic vs manic vs other psychiatric patients on locked unit, commentary reply, 23640
diagnosis & context of dangerousness, schizophrenic vs manic vs other psychiatric patients on locked unit, commentary, 23646
diagnosis & outcome, patients with schizoaffective depression, 1 yr followup, replication, 11934
diagnosis & treatment of secondary depression in schizophrenia, literature review, 15630
diagnosis of schizophrenia by International Classification of Diseases-9 vs DSM-III criteria, family history & course of disorder, psychiatric patients, 7 yr followup, 5227
diagnostic & clinical & biological & pharmacological predictors, response to antipsychotic drugs, schizophrenic patients, literature review, 12879
diagnostic concepts & age of onset & change of symptoms & aging & treatment & study methodology, assessment of course & outcome of schizophrenia, Europe, literature review of followup studies, 29489
diagnostic criteria & systems, treatment outcome & disease course & severity & work performance, schizophrenic patients, 18–30 mo followup, India, 33104
diagnostic criteria, prediction of drug response, schizophrenic 18–55 yr olds treated with chlorpromazine or haloperidol, 19923
diagnostic issues & problems in defining schizophrenia, 29604
diagnostic validity & reliability & specificity, schizophrenia research, 11974
diazepam, early symptoms of relapse, schizophrenic patients, 19966
dichotic listening & recall of information, schizophrenic vs manic 18–50 yr olds, 29677
dichotic listening hemispheric asymmetries & psychotic symptoms, 15–64 yr old schizophrenic vs psychiatric patients, 15807
diet & vitamin & thioridazine therapy, schizophrenic adult male with hyperasparaginemia, case report, commentary, 2193
differential diagnosis of depressive symptoms, schizophrenic patients, literature review, 19051
differentiation between depressive vs negative symptoms, chronic schizophrenic males, 12084
dimensional approach to classification of schizoaffective disorders, 1745
discriminating power of Wechsler Memory Scale, schizophrenic patients, Israel, 10571
disordered metabolism of nonesterified fatty acids or lysolecithins or ammonia or methionine, etiology of schizophrenia as induced hepatic encephalopathy, 12061
distinguishing schizophrenia vs schizophrenialike disorders, 1737
distortions due to age incidence effects in studies on etiology of schizophrenia, 33109
distribution & characteristics, schizophrenic patients served by mental health programs, 34238
diurnal variations in serum sodium plasma arginine vasopressin & urine osmolality, schizophrenic 31–49 yr olds with psychosis & intermittent hyponatremia & polydipsia, 33208
DNA probes & gene mapping for manic depression & schizophrenia, 29509
dominant & polygenic transmission of schizophrenic inheritance, families of schizophrenic patients, 1586
dopamine & norepinephrine levels in thalamus, postmortem brains of schizophrenic patients, 5297
dopamine & overstimulation of cerebral cortex in schizophrenia, commentary, 33094
dopamine as mediator of central stabilizing system in schizophrenia, commentary, 33044
dopamine blockade & clinical response to haloperidol, male schizophrenic inpatients, 37580
dopamine hypothesis of schizophrenia, commentary reply, 33025
dopamine hypothesis of schizophrenia, implications for new antipsychotic drugs, commentary, 33183
dopamine receptors & neurotransmission & effect of neuroleptic drugs, patients with schizophrenia, implications for role of stress, 8648
dopaminergic status, schizophrenia subtypes, literature review, conference presentation, 40088
dosage of high vs low potency neuroleptic drugs & length of hospitalization, schizophrenic inpatients, 1973 vs 1982, 34092
doses & assessment tools, measurement of clinical activity of neuroleptic drugs, schizophrenic patients, 12830
drug dose & plasma level & competition in neuroleptic drug for binding sites in striatal tissue, schizophrenic patients, 6197
drug therapy, concomitant psychiatric disorders, adolescent substance abusers, 16566
DSM-III vs DSM-III-R criteria for schizophrenia, commentary, 29667
DSM-III vs DSM-III-R criteria for schizophrenia, commentary reply, 29534
DST abnormalities, schizophrenic patients, India, commentary, 26080
DST before vs after neuroleptic treatment & positive vs negative symptoms, schizophrenic 20–45 yr olds, conference presentation, 34116
DST, plasma beta endorphin & gamma melanotropin measuring pituitary response, patients with schizophrenia vs major depression, 36653
DST, plasma 11-deoxycortisol & cortisol, depressed or manic or schizophrenic patients, 8621
DST responses, schizophrenic depressive patients with normal EEG vs schizophreniclike psychotic epilepsy patients with hypersynchronous EEG pathology, 8733
DST, schizophrenic 23–64 yr olds with movement disorders with vs without tardive dyskinesia, 26015
DST, 40–63 yr old chronic schizophrenic inpatients, 26180
dual diagnosis of schizophrenia & anorexia nervosa, adults, treatment implications, 8500
duration of clozapine trial, neuroleptic resistant schizophrenic patients, 40785
dynamic & expressive approach to brief inpatient group psychotherapy, schizophrenic inpatients, implications for therapist recognition of appropriate techniques, 16458
early morning neuroleptic dose, midday plasma HVA & cortisol, 18–45 yr olds with chronic or subchronic schizophrenia, 34013
early vs recent parenting version of Parental Bonding Instrument & parental expressed emotion, prediction of relapse, schizophrenic adults, 19187
early writings describing psychotic symptoms, validity of E. Hare's contention that schizophrenia is recent disease, commentary, 40161
ECT, HVA & MHPG & 5-HIAA concentrations, schizophrenic adults, 5850
education & family therapy vs relatives group, relapse & medication compliance, schizophrenic 16–65 yr olds living with relatives with high expressed emotion, 26858
education about schizophrenia & level of expressed emotion, 27–65 yr old relatives of 17–30 yr old patients, 30635
educational support group, anxiety & personal distress & coping behaviors, family caregivers of schizophrenic relatives, 27154
EEG monitoring of ECT, patients with depression or schizophrenia, 30178

effect of long term clozapine treatment, schizophrenic or schizoaffective patients, Sweden, 12878
efficacy of clinical tests, assessment & differentiation, schizophrenic vs neurotic 17–50 yr olds, India, 19234
electrodermal activity & smooth pursuit eye movement, prediction of delinquent behavior & schizophrenia & criminality, 3 yr olds, Mauritius, 7 yr followup, 32985
electrodermal responsiveness, schizophrenic patients with enlarged 3rd ventricle, 8563
electrophysiological abnormalities in alpha rhythm & cognitive function, schizophrenic adults, 33082
emotional & symbolic meanings of "nervios" & family relations & understanding of mental disorders, Mexican American families with schizophrenic relative, 26101
emotional distractors in tachistoscopic half field display, right vs left hemisphere performance indicating right emotional hypersensitivity, schizophrenic males, 653
engagement of clinicians & family & schizophrenic clients in constructive intervention & therapy, 26824
environmental stress, depression & schizophrenia & immune system malfunction, literature review, conference presentation, 29582
enzyme deficient activity & excess of sulphatide in urine & tissues, diagnosis of metachromatic leukodystrophy, chronic hospitalized psychiatric & schizophrenic patients, 33046
epidemiology of schizophrenia, 15–64 yr olds using psychiatric services, Ireland, 5293
epigenesis of family relations & individual development, disorder prognosis & structural couplings, schizophrenic patients & their families, 8 yr followup, 40120
epilepsy & schizophrenia, literature review, 32979
EPs & RT & number of errors & omissions on visual target detection paradigm, male schizophrenic patients, 8623
erratic eye tracking, schizophrenic patients, 19207
erythrocyte membrane proteins, patients with unipolar vs bipolar depression or bipolar mania or schizophrenia or schizoaffective disorder, 19100
essential acids in plasma phospholipids, schizophrenic 20–71 yr olds, conference presentation, 29558
estimation & reproducibility of empirical risk functions based on age of onset & clinical subgroup, family members with schizophrenia or affective disorders, conference presentation, 1712
ethnic density, rate of schizophrenia, England, 19074
etiology & evidence for existence of tardive psychosis, schizophrenic patients treated with neuroleptic drugs, 30492
etiology & symptoms & diagnosis & treatment of hyponatremia presenting as exacerbation of schizophrenia, 49 yr old female psychiatric inpatient, case report, 6432
evaluation of diagnosis of 1st admissions to inpatient psychiatric unit, patients with schizophrenia vs organic psychosis vs manic depressive illness, 1974–83, Venezuela, 30709
evolutionary perspective on carriers of schizophrenia genotype & their difficulties with social relationships, 22503
experimental information giving vs investigator disclosure, information quality & understanding of informed consent, 18–76 yr olds with schizophrenia vs depression vs borderline personality disorder, 15631
exposure to viral disorders, prenatal development of schizophrenia, births from 1920–55, 33198
expressed emotion & familial interaction patterns, 18–32 yr olds with recent onset schizophrenia & their families, 26090
expressed emotion attitudes, interactional behavior during acute hospitalization vs aftercare, parents of 16–45 yr olds with recent onset schizophrenia, 40148
expressed emotion in family relationships, etiology & course of illness, patients with schizophrenia or other physical or psychiatric disorders, 22492
expressed emotion of relative, skin conductance responses, schizophrenic 16–54 yr olds, 8734
expressed emotion, relationship patterns, families with schizophrenic patients, implications for family therapy, 37382
expressed emotion research, schizophrenic patients & their relatives, theoretical & clinical implications, 26117
expressed emotion responses in family members, risk of acute episodes, schizophrenic patients discharged to care of family, literature review, 11950
expressed vs wanted inclusion & control & affection needs, schizophrenic adults, 36631
expression of psychopathology, schizophrenic 18–45 yr old males vs females, 11964
expression of 70-kD serum fragment of neural cell adhesion molecule, Type I vs Type II schizophrenic patients, 5269
extrapyramidal symptoms & ventricular size & cognitive deficits, schizophrenic 55–75 yr olds, 2–4 yr study, 26097
eye & hand & foot preference, schizophrenic 22–59 yr olds, 29553
eye movements assessed through corneal reflection-pupil center measurement, schizophrenic outpatients on neuroleptic medication, Germany, 8594
eye tracking dysfunctions, schizophrenic offspring of discordant twins, 1611
facial affect recognition & self esteem, schizophrenic 18–40 yr olds, 11957
facial expressions during political discussion with healthy partner, schizophrenic males, 29574
facial expressions of emotions in drawing, schizophrenic 18–34 yr olds, 29490
facial tardive dyskinesic lateral asymmetries, schizophrenic patients, 5139
factors affecting effectiveness of acupuncture vs antidepressant drug therapy, patients with endogenous manic depression vs cyclothymia vs schizophrenia, 26733
factors associated with response to ECT, patients with schizophrenia or schizoaffective disorder, 40546
facts in understanding of schizophrenia, literature review, 33228
familial distribution of schizophrenia, Iceland, 5239
family attitude & low vs standard dose neuroleptic treatment, social adjustment & family response & relapse, schizophrenic 17–60 yr olds, 1 yr study, conference presentation, 9540
family communication processes & expressed emotion & biochemical influences, course & treatment of schizophrenia, literature review, 5353
family disposition & obstetrical complications & ventricle brain ratio, antipsychotic drug response, schizophrenic inpatients, 19998
family expressed emotion, illness onset & duration & course, schizophrenic 18–32 yr olds, 29599
family history & obstetrical complications & neonatal health & increased cerebral ventricular size in infancy & adulthood, schizophrenic 16–49 yr olds, conference presentation, 1641
family history of psychosis, visual EP latencies, medicated schizophrenic males, 22638
family incidence of personality disorders, 18 yr olds & older with major depression vs schizophrenia, 29517
family intervention with psychoeducation & regular treatment, male vs female inpatients with schizophrenia vs major affective disorder vs other diagnosis, 18 mo followup, 6043
family psychoeducational community program, schizophrenic patients, 9422
family therapy, schizophrenia & depression, literature review, 16429
fat consumption, course & outcome of schizophrenia, patients, 2 yr followup, 15644
fenfluramine, neuroendocrine & mood responses, schizophrenic adults, 34061
fenfluramine side effects, schizophrenic 24–52 yr olds with limited response to neuroleptics, 34068
fenfluramine, 35–43 yr old treatment resistant chronic schizophrenic inpatients, 26976
fiscal & social policy on negative symptoms of schizophrenia & role of family in caring for mentally ill members & education & intervention, developing & industrialized nations, 8602

flexible vs structured interviewing for Schedule for Affective Disorders & Schizophrenia-Lifetime Version, epidemiological research, 24–60 yr old psychiatric patients & parents of psychiatric patients, 11972
fluperlapine, EEG patterns, 22–59 yr olds with acute schizophrenia, 2472
fluphenazine, CSF somatostatin & HVA, schizophrenic patients, 30429
fluphenazine decanoate dosage, severity of depression & neuroleptic plasma levels, patients with schizophrenia or schizoaffective disorder & stable postpsychotic depressions, 34105
fluphenazine dose & familial expressed emotion environment, treatment outcomes, schizophrenic 17–55 yr olds, 2 yr study, 9523
fluphenazine plasma levels after decanoate withdrawal, schizophrenic or schizoaffective inpatients, 12858
fluphenazine, positive & negative symptoms, schizophrenic adult inpatients, 12898
formal thought disorder, manic vs schizophrenic patients, diagnostic implications, 29563
formalized informing process concerning risks & benefits of neuroleptic medication, knowledge level & treatment compliance, stable schizophrenic outpatients, 6 mo followup, 37521
French cultural environment & family expressed emotion, outcome & course of illness & relapse, schizophrenic patients, Switzerland, 22508
frequency & nature of REM abnormalities in sleep EEGs & association with positive & negative & depressive symptoms, schizophrenic adults, 36704
frequency of delusions & intrinsic thinking disturbances & formal thought disorders & deficient real world knowledge, schizophrenic patients, 5180
frequency of schizophrenic 1st rank symptoms, organic mental disordered patients, 9137
funding issues & biological basis of schizophrenia & drug therapy & civil liberties & laws, involuntary psychiatric commitment, commentary, 8706
gas chromatographic mass spectrometry, assessment of plasma clozapine & metabolite, chronic schizophrenic 21–44 yr olds, implications for evaluation of pharmacokinetic properties in treatment, 16542
genetic & family environmental variables, mental health ratings, adopted offspring of schizophrenic mothers vs nonschizophrenic biological parents, conference presentation, 1722
genetic components of schizophrenia & bipolar affective disorder & alcoholism & panic disorder, 29461
genetic linkage of DNA polymorphisms on chromosome 5, families with multiple schizophrenic members, England & Iceland, 22639
genotypes deduced from polymorphic alleles of gastrin releasing peptide vs neuropeptide Y vs somatostatin vs substance P, patients with affective disorder vs schizophrenia, conference presentation, 1581
glutamate receptor activity, schizophrenic patients, 12018
Gottschalk-Glesser scales vs Camberwell Family Interview, assessment of relatives' expressed emotions & prediction of relapse, schizophrenic patients, 19113
group activity & dynamics, psychotic manifestations, adults with major affective disorder or schizophrenia, conference presentation, 33102
group therapy, schizophrenic patients on short-term acute care unit, conference presentation, 9783
growth failure & psychosocially delayed development, 30 mo old female at risk for schizophrenia, 3.5 yr followup, case report, 33121
H. S. Sullivan's views on intrapsychic & interpersonal factors vs physiology, etiology & treatment of schizophrenia, 19176
habituation of auditory EPs, medicated vs unmedicated schizophrenic patients, 8637
haloperidol & reduced haloperidol concentrations in plasma & red blood cells, chronic schizophrenic 18–34 yr olds, 34055
haloperidol, acetylcholinesterase in lumbar CSF, schizophrenic patients, 19957
haloperidol, adult patients with schizophrenia or paraphrenia or schizoaffective psychosis, 1 yr study, conference presentation, 2547
haloperidol decanoate vs fluphenazine decanoate, psychotic symptoms, 40 yr old Black male with schizophrenia & hypertension & end stage renal disease, case report, 23445
haloperidol dosage levels, serum haloperidol concentrations & clinical response, chronic treatment resistant schizophrenic patients, 26940
haloperidol drug holiday, serum concentrations & mental status & neuroleptic induced movement disorders, schizophrenic males, 37537
haloperidol, oculocutaneous albinism & schizophrenia like symptoms, 65 yr old female, case report, 23407
haloperidol, priapism, schizophrenic 47 yr old male, 6172
haloperidol, schizophrenic adults, conference presentation, 2470
haloperidol serum concentrations, therapeutic response, schizophrenic patients, 12897
haloperidol vs clozapine, hypothermia associated with amelioration, schizophrenic patients, 34038
haloperidol withdrawal, CSF norepinephrine & relapse, schizophrenic males, 40810
handedness & cerebral hemispheric asymmetry, schizophrenic inpatients with vs without persistent tardive dyskinesia, conference presentation, 36562
hemisphere related visual processing strategies, schizophrenic patients, literature review, 19117
hemisphere tested during rest vs spatial geometric task, alpha EEG reactivity, male vs female 15 yr olds & older with schizophrenia vs schizoid personality disorder, 33032
hemispheric asymmetries in coordination of attention to visual & verbal targets, schizophrenic 17–46 yr olds, 8696
hemispheric lateralization & dichotic listening, schizophrenic vs manic psychotic 16–40 yr olds, 26191
hemispheric ventricular size & tests of cognitive & psychomotor performance & sensitivity to neuroleptics, schizophrenic adults, 40082
heterogeneity of schizoaffective disorder, treatment implications, 1640
high vs low potency neuroleptics, violent behavior, male schizophrenic inpatients, 9522
histamine or prostaglandin-E-1 or isoproterenol, cyclic adenosine monophosphate responses in polymorphonuclear leukocytes, males with schizophrenia vs major depression, 29565
historical overview of differences between autism & early infantile autism, female schizophrenic 26 yr old & 42 yr old male with Kanner's syndrome, 5340
history of obstetric complications & tomographic evidence of neuropathology, schizophrenic 16–50 yr olds, England, 12036
history of perinatal distress, schizophrenic patients with chronic vs good prognosis, 40 yr followup, 5358
history of schizophrenia as recognized clinical disorder, 15621
history of visual hallucinations, schizophrenic patients, 29501
Hoffmann reflex recovery curves in right vs left legs, adults with schizophrenia &/or affective disorder, 11967
homogeneous vs heterogeneous group psychotherapy models, schizophrenic 22–56 yr old vs nonschizophrenic 26–64 yr old chronic psychiatric outpatients, 23261
hostility & criminology, 18–65 yr old male schizophrenic patients, 19266
humming vs other behavioral techniques, auditory hallucinations, schizophrenic inpatients, 29545
hyperparathyroidism induced acute psychotic state, 52 yr old female with history of schizophrenia, case report, implications for differential diagnosis, 1720
hypothesis of schizophrenia as recent disease, 19122
illness course & remission, patients with episodic progressive schizophrenia exhibiting affective or anxious or delusional hallucinations in childhood or adolescence, 26178

illness severity & cerebral ventricle size, schizophrenic adults in state vs university hospital, 33149
illness severity & computerized tomography results, schizophrenic adults, erratum, 33150
imipramine, panic attacks, 35 & 36 yr old females with schizophrenia, case reports, 23463
imipramine, panic like syndrome, 24 & 32 yr old females with schizophrenic schizoaffective disorder, case reports, 30514
immediacy theory of schizophrenia, 29631
immune responsiveness to viral pathogens & genetic predisposition, etiology of schizophrenia, 15758
immune system functioning, schizophrenic vs acutely manic adults, 11997
immunochemical profiles, 17–45 yr old schizophrenic males, 26135
importance of medical model in psychiatry, commentary on long term followup studies of schizophrenic patients, 29546
incidence & type of drug abuse, male & female bipolar manic & male schizophrenic adults, 40149
incidence of cancer, schizophrenic patients, 1957–84, Denmark, 29602
incidence of cortical atrophy, schizophrenic 16–43 yr olds, Italy, 33209
incidence of WAIS subtest profile for dementia, males with bipolar affective disorder or schizophrenia, 33168
inconsistent intervention & failed treatment in nursing home, 58 yr old chronic schizophrenic male, case report, 30763
individual psychosocial rehabilitation, family atmosphere, 18–40 yr old schizophrenic patients, 23733
information overload, digit span recall capacity, male 26–60 yr olds with alcohol dependency with vs without schizophrenia, 32987
information processing ability, response to low vs conventional fluphenazine doses, male schizophrenic outpatients, 9483
injection site & massage & muscular exercise, fluphenazine absorption, chronic schizophrenic patients, 20013
injury to left frontoparietal area, early onset schizophrenia, 14 yr old male, case report, 19590
inoculation of brain tissue from schizophrenic patients, chimpanzees & monkeys & guinea pigs, implications for viral etiology of schizophrenia, 743
insight & acute psychopathology, 18–61 yr old acutely psychotic schizophrenic patients, implications for treatment compliance, 19170
insight, clinical outcome, 18–61 yr old schizophrenic patients, 2.5–3.5 yr followup, 19708
integrated treatment of secondary depression, 26 yr old schizophrenic female on neuroleptic medication, case report, 2475
intellectual impairment, acute psychotic adolescents vs chronic schizophrenic adults, 15688
intensity & consistency of Grid Test of Schizophrenic Thought Disorder scores & psychoticism, college students vs psychiatric patients, 31687
interdisciplinary psychoeducation & rehabilitation & coping program, hospitalized schizophrenic patients & their families, 6411
interdisciplinary treatment approach, family relations & school attendance, 8 yr old truant male & schizophrenic mother & other family members, England, case report, 16318
interhemispheric transfer & unilateral processing of information, patients with depression vs schizophrenia vs schizoid tendencies, 19197
interleukin-2 receptor levels, schizophrenic adults, 26155
internal consistency of & correlation between Scale for Assessment of Negative Symptoms & Scale for Assessment of Positive Symptoms, schizophrenic patients, 21056
interrater reliability & validity of subjective experience of deficits in schizophrenia rating scale, measurement of cognitive disorganization & impoverishment, adult inpatients, 7138
interrater reliability of patient ratings based on behavioral vs medical model, schizophrenic inpatients rated by nurses vs psychiatrists vs clinical psychologists, 6419
interstimulus interval in vertical & oblique spatial frequency gratings, preattentive deficit, chronic schizophrenic patients, 5326
intervention process, psychotherapy outcome, schizophrenic patients, 2 yr followup, 30237
invisible village as model for social programs & treatment, schizophrenic patients, conference presentation, 40537
isofloxythepin vs haloperidol, acute attack of schizophrenic psychoses & paranoid states, psychiatric patients, conference presentation, 2539
isofloxythepin vs haloperidol, adults with schizophrenia or paraphrenia or schizoaffective psychosis, conference presentation, 2545
isofloxythepin vs pimozide vs penfluridol, remission rates, schizophrenic patients, 1 yr study, conference presentation, 2538
isofloxythepine, prolactin response & nonstimulated growth hormone levels, adult schizophrenic patients, conference presentation, 2501
iv dextroamphetamine with vs without pimozide, negative symptoms, schizophrenic patients, 9586
iv fluphenazine decanoate & chlorpromazine dosage, schizophrenic patients, 19958
K. Schneider's concepts of psychopathy & symptom classification of schizophrenia, literature review, 36573
l-dopa, severe & persistent tardive dyskinesia, 29–75 yr olds with chronic schizophrenia, 30475
lack of correlation between dexamethasone nonsuppression & negative symptoms, schizophrenic adult outpatients, 5355
lack of genetic linkage of polymorphism markers on chromosome 5, family with multiple schizophrenic members, Sweden, 22575
late disease onset, schizophrenic patients, India, 36613
late onset schizophrenia, literature review, 8607
latencies of visually elicited saccadic eye movements, schizophrenic patients, 5204
lateral tones, response latency of auditory EPs & magnetic fields, schizophrenic male 19–33 yr olds, 12045
lateral ventriculomegaly, schizophrenia, meta analysis, implications for choice of controls in research design, 8702
laterality & frontality measures of cerebral blood flow & cerebral metabolic rate, symptom specificity, schizophrenic adults, 36600
lateralization of temporal lobe glucose metabolic rate, patients with chronic schizophrenia, 36577
left hemisphere dysfunction & arousal with vs without chlorpromazine, chronic schizophrenic patients, 9543
length of cycles & intervals between relapses, schizoaffective disordered patients, 10–59 yr followup, 19166
length of stay & patterns of drug therapy, hospitalized schizophrenic 18–35 yr olds, 12934
lesions & brain volume, post mortem leucotomized vs nonleucotomized chronic schizophrenic patients, 29614
level of disagreement & marital attitude in marital interactions, 51–60 yr old parents of schizophrenic vs neurotic patients, India, 36599
lexical vs personal meaning, cognitive processes & pathology on Rorschach protocols, hospitalized schizophrenic patients vs normal adults, 8633
life event history, onset of schizophrenia, patients, Nigeria, 19120
lifetime prevalence of psychosomatic disorders, families of schizophrenic 20–70 yr olds, US vs Canada vs Poland, 22532
links between Eysenck Personality Inventory neuroticism & extroversion & lie scale scores & expressed emotion, mothers & fathers of schizophrenic children, 15755
lithium & droperidol induced neuroleptic malignant syndrome, schizophrenic 40 yr old female, case report, 19924
lithium & haloperidol, depressive vs nondepressive schizophrenic patients, 19977
lithium therapy & factors predicting favorable response, schizophrenic patients, literature review, 40746

lithium therapy & relatives' expressed emotion, 37–61 yr olds with bipolar affective or schizoaffective psychoses, 9 mo followup, 34088
lithium therapy, unipolar vs bipolar vs schizoaffective outpatients, UK, 26945
lithium transport in fibroblasts vs red blood cells, manic vs schizophrenic patients, 15698
living alone vs with adult relatives or friends who showed low vs high expressed emotion, relapse rates, schizophrenic adults, 12 mo study, Scotland, 8660
locus ceruleus neuropathology, leukotomized schizophrenic vs nonschizophrenic 11–94 yr olds, 15723
long term clinical causes & outcomes, schizophrenic vs schizoaffective vs depressed patients with delusions, Norway, 3–39 yr followup, 36671
long term clozapine therapy, 15–65 yr old chronic schizophrenic inpatients, Finland, 2493
long term course & frequency of episodes, patients with schizoaffective disorders, 10–59 yr followup, 19164
long term course & outcome, patients with schizophrenia vs delusional disorder, 15753
long term course of schizophrenia, literature review, 29512
long term haloperidol with vs without phenothiazines, urinary calcium metabolism & hydroxyproline & alkaline phosphatase & vitamin D-3 metabolites, schizophrenic 18–57 yr olds, 12867
long term milieu oriented partial hospitalization, schizophrenic patients, 16864
long term outcome, schizoaffective vs schizophrenic patients, 40142
long term treatment with cis(z)-flupenthixol decanoate, schizophrenic adults, 2503
lorazepam adjunctive to neuroleptic drug therapy, 20–52 yr olds with chronic schizophrenia, 2460
low birth weight & cerebral ventricle size predisposing factors, adolescent offspring of schizophrenic vs healthy mothers, 19226
low birthweight & cerebral ventricular enlargement, adults at high risk for schizophrenia, Denmark, 12064
low dose bromocriptine & haloperidol, schizophrenic adults, 26952
low dose perphenazine & lithium carbonate, 44 yr old female with rheumatoid arthritis & schizophrenia, case report, 16610
low vs high expressed emotion, parental interaction, 41–64 yr old parents of 20–36 yr old schizophrenic patients, 33075
lumbar puncture stress, plasma levels of ACTH & cortisol & growth hormone & CSF norepinephrine levels, depressed or schizophrenic adults, 19063
Luria Nebraska neuropsychological assessment of lateralized hemispheric functional characteristics of functional CNS disorders, 16–71 yr olds with schizophrenia vs affective disorder, 19053
MacArthur Network III software for collaborative research, measurement of attentional dysfunction associated with schizophrenia & attention deficit hyperactivity disorder, conference presentation, 36549
magnetic resonance brain images, schizophrenic 18–44 yr olds, 8583
magnetic resonance imaging, determination of ventricle brain ratio & corpus callosum area, chronic schizophrenic adults, 19208
magnetic resonance imaging of corpus callosum & ventricles, schizophrenic patients, 19209
magnetic resonance imaging, study of structural or functional brain changes, patients with dementia or schizophrenia or epilepsy or alcoholism or affective disorders, 1492
magnetic resonance imaging vs computerized tomography, visualization of brain structure, medication free schizophrenic 18–28 yr olds, 36569
magnetoencephalographic auditory evoked fields in left vs right hemispheres, schizophrenic 19–33 yr olds, 36678
major diagnostic categories of psychotic disorders, 1st degree relatives of probands meeting DSM-III criteria for schizophrenia or schizoaffective or bipolar disorder, 26150
marital quality of parents, schizophrenic 15–25 yr olds living at home, Canada, 22577
maternal chronic schizophrenia, 11 yr old female, case report, 1651
maternal diagnosis, risk of schizophrenia in offspring, schizophrenic mothers, Denmark, longitudinal study, 1618
medical vs legal concepts of causation of schizophrenia, juries, 1262
mental deterioration & walking ability, schizophrenic 51–84 yr olds with hip fractures, 6 mo & 1 yr followups, conference presentation, 26206
mental disorders in 1st degree relatives, 24–49 yr olds with schizophrenia vs schizoaffective disorder vs manic depression, Italy, 40141
mental health service needs & components of care, schizophrenic patients, Canada, 37740
mental health services, negative symptoms, schizophrenic patients, implications for developing & developed countries, 9712
methodological issues in computed tomography vs magnetic resonance imaging research, assessment of cerebral ventricular system, schizophrenic patients, 33212
mianserin vs chlorpromazine vs haloperidol vs ECT, DST, patients with depression or schizophrenia, Ireland, 2490
Michigan Alcoholism Screening Test & 3 standard clinical laboratory tests, identification of concurrent alcoholism, 27–63 yr old male schizophrenic veterans, 28140
middle prefrontal cortex metabolism, auditory discrimination, schizophrenic patients, implications for pathophysiology, 15647
milieu techniques in acute short term inpatient care, schizophrenic patients, conference presentation, 40978
MMPI schizophrenia scale elevations, psychotic vs nonpsychotic psychiatric vs chronic pain patients, 1522
model of disturbed dopamine function in schizophrenia, literature review, 33024
models of positive & negative symptoms, assessments of latent structures, schizophrenic patients, 19151
modulation of level of attention during RT task & skin conductance, acute schizophrenic patients vs neurotic outpatients, 22544
molecular genetics & understanding of organic & functional psychoses such as Alzheimer's disease & manic depression, 40153
month of birth & diagnosis, schizophrenic 15–62 yr olds, Canada, 19180
morbidity risk for psychiatric disorders, relatives of patients with affective or schizophrenic disorders, literature review, 1659
morphology of corpus callosum, epileptic 17–65 yr olds with nuclear schizophrenia vs no psychiatric illness, 22447
mortality rates, schizophrenic patients, Sweden, 10 yr followup, 32997
mortality rates, schizophrenic 23–82 yr olds with vs without tardive dyskinesia, Japan, 10 yr study, 33229
multidimensional psychodynamic systemic treatment, schizophrenic 16 yr old & his family, 6007
multidimensional scaling of computerized tomography parameters & response to haloperidol treatment, schizophrenic patients, 30442
multifaceted community aid support system, frequently hospitalized schizophrenic adults, 2680
murals & metaphor in group art therapy & crisis intervention, recovery from trauma, schizophrenic patients after evacuation of unit of mental health hospital, 5904
mystification & projective identification in psychotherapy, schizophrenic patients, 9321
nasopharyngeal EEG assessment of information processing disorders of limbic structures, schizophrenic patients, 29635
nationality & ethnicity, prevalence of R. Schneider's First Rank Symptoms, patients with schizophrenia or other functional psychoses, Sri Lanka vs UK vs Canada, 1569
natural history of schizophrenic processes, commentary on long term followup studies, 29680

nature & function of analytic frame in treatment, schizophrenic patients, 16328
nature & prevalence of depressed mood, adult schizophrenic inpatients, England, 36561
nature of overinclusive thinking, schizophrenic vs neurotic adults, 5179
need for coordination & standardization of & guidelines for anxiety & depression & mania & schizophrenia rating scales, conference presentation, 5241
need for therapeutic alliance with therapist, schizophrenic patients, 33806
negative & depressive symptoms, schizophrenic patients, 29577
negative priming effect & cognitive inhibition of distractor, schizophrenic adult males, England, 33004
negative symptomatology & schizophrenia, literature review, 12043
negative symptoms, chronic schizophrenic 20–55 yr olds, 19043
negative symptoms including attentional impairment & neuropsychological performance, schizophrenic 17–45 yr old inpatients, 1667
neurochemical & neurophysiological factors associated with inheritance, family members with schizophrenia, conference presentation, 1579
neurodevelopment models of congenital risk for schizophrenia, 36637
neurodevelopmental etiology of schizophrenia, implications for impact of social class & marriage & fertility, 33170
neurodiagnostic approach, schizophrenia, 19073
neuroleptic anticholinergic effect & positive vs negative symptoms, electrodermal responses to mild vs task relevant tones vs loud white noise, hospitalized schizophrenic patients, 36594
neuroleptic drugs & ECS, met5-enkephalin-arg6-gly7-leu8 immunoreactivity in CSF, schizophrenia patients & rats, 23117
neuroleptic drugs, basal plasma immunoreactive beta endorphin levels, 9–27 yr olds with autism vs schizophrenia, 2565
neuroleptic drugs, negative symptoms of schizophrenia, literature review, 30487
neuroleptic drugs with low vs high anticholinergic properties, electrodermal response to soft tones vs loud noise, schizophrenic adults, 9517
neuroleptic failure due to akathisia & subsequent response to lithium, schizophrenic patients, 2530
neuroleptic malignant syndrome & high fever, neuropathology including cerebellar degeneration, 32 yr old male with chronic schizophrenia & Klinefelter's syndrome, case report, 32956
neuroleptic malignant syndrome & prolonged fever, schizophrenic 42 yr old male, case report, 34052
neuroleptic therapy, perception of visual ambiguous figures, patients with Parkinson's disease vs schizophrenia vs other mental disorders, 9495
neuroleptic treatment, D-1 & D-2 dopamine receptor density, postmortem brains from patients with schizophrenia vs Alzheimer's vs Parkinson's vs Huntington's diseases, 34098
neuroleptic treatment, EEG during text vs design copying task, 25–67 yr olds with schizophrenia vs affective disorders, 34070
neuroleptics & alprazolam vs diazepam, schizophrenic outpatients, 2465
neuroleptics & antidepressives, natural killer cell activity & antibody dependent cellular cytotoxicity, schizophrenic or depressed patients, 12927
neuroleptics & tardive dyskinesia, smooth pursuit eye movement, schizophrenic adults, conference presentation, 9582
neuroleptics, dysfunction in prefrontal cortex metabolism during performance of auditory discrimination, schizophrenic inpatients, 16549
neurological parameters, chronic schizophrenic adults, 11961
neurological "soft" signs, prevalence of tardive dyskinesia, schizophrenic patients, Nigeria, 1603
neuropathological changes in schizophrenia, 8729
neuropathology & neurochemistry, schizophrenic patients, 15711
neuropsychological assessment of temporohippocampal & frontohippocampal dysfunctions & learning & memory deficits, patients with remitting schizophrenia vs affective disorders, conference presentation, 1601
neuropsychological function, patients with deficit vs nondeficit forms of schizophrenia, 1732
neuropsychological performance, patients with obsessive compulsive disorder vs schizophrenia, 29500
neuropsychology of schizophrenia, commentary, 36587
neuropsychology of schizophrenia, implications for underlying psychological processes related to brain systems, 19099
neurotransmitter amino acids in postmortem caudate nucleus & nucleus accumbens & frontal cortex & amygdala & hypothalamus, chronic schizophrenic patients, 1632
neurotransmitters & receptors & neuropeptides in postmortem brains, chronic schizophrenic 30–75 yr olds, 19244
nocturnal plasma melatonin, schizophrenic patients, 29530
noise vs mental arithmetic task, serum epinephrine & norepinephrine & heart rate & skin conductance, patients with schizophrenia vs endogenous depression vs anxiety, conference presentation, 15607
nonlinear mathematical model for computerized analysis of mood curves, schizophrenic vs endogenous vs neurotic depressive inpatients, 7248
nonlinear mathematical model for computerized analysis of mood curves, schizophrenic or endogenously depressed inpatients, 12023
nonsense syllable monitoring with vs without white noise followed by instruction that noise signals change in visual display, acquisition of association, acute vs chronic schizophrenic adults, England, 8548
nontraditional therapeutic community, psychotic & schizophrenic patients, 6395
norepinephrine, alpha-2-adrenergic receptor function, schizophrenic or depressive patients, 5237
normal P300 during visual continuous performance test, schizophrenic 18–37 yr olds, 33213
nurses' strike, functioning, 20–60 yr olds with schizophrenia or other chronic mental illness, Israel, 37822
oligogenic/exorphin model of idiopathic schizophrenia, 29528
onset & course of tardive dyskinesia, neuroleptically treated 28 yr old male with schizoaffective disorder, case report, 40789
onset & episode type & syndrome shift & suicidal symptoms & seasonality & precipitating factors & inactivity of illness, patients with schizoaffective disorders, 10–59 yr followup, 19165
oral ascorbic acid, serum haloperidol & hydroxyhaloperidol, males with chronic undifferentiated schizophrenia, 34109
oral diazepam, neuroleptic malignant syndrome, schizophrenic male 24 yr old, 23413
outcome of schizophrenia, commentary on long term followup studies, 29568
outcome of schizophrenia, non-Western countries, literature review of followup studies, 29589
outcome of schizophrenia, North America, literature review of followup studies, 29597
outcome, schizoaffectie vs schizophrenic or affective patients, literature review of followup studies, 29632
outcome studies & biological psychosocial model of schizophrenia, literature review, 33028
overinclusive thought disorder, parents of schizophrenic patients, 33180
overlap of paranoid/delusional disorders with schizophrenia & affective disorders, psychiatric patients, 8675
P. H. Venables' contributions to field of psychophysiology & views on nature of schizophrenia, bibliography included, 18171
parental expressed emotion during acute hospitalization vs aftercare, coping styles during interaction with parents, schizophrenic 16–45 yr olds, 40182

parental expressed emotion, relapse prediction, schizophrenic inpatients, 8689
participation in day hospital program, degree of burden felt by family, chronic schizophrenic patients, India, 37819
patient characteristics & social class & education & family income, schizophrenia or other psychiatric diagnosis using DSM-II vs DSM-III, psychiatric outpatients, 26168
patterns of alcohol & substance abuse, schizophrenic patients presenting to emergency psychiatric service, 40950
patterns of alcohol use & abuse, schizophrenic 20–65 yr olds participating in aftercare program, 1 yr followup, 40966
patterns of relational control & course of illness, families of 21–48 yr old schizophrenic patients, 22595
patterns of thought disorder, 16–46 yr old patients with bipolar mania vs schizophrenia vs unilateral right hemisphere cortical damage, 1494
penfluridol & thioridazine induced prolactinoma, 24 yr old schizophrenic female, Jordan, case report, 6132
perceptions of parents, course of illness & outcome, schizophrenic patients, 19729
perceptual regression indicated by use of color vs form in matching task, schizophrenic 18–50 yr olds, India, support for regression hypothesis of schizophrenia, 36566
performance on Luria Nebraska Neuropsychological Battery, schizophrenic adults, 19185
perinatal complications vs family history of psychiatric illness, schizophrenic vs schizoaffective vs bipolar outpatients, 36687
perinatal distress, risk of paranoid vs nonparanoid schizophrenia, patients, 12085
perseverative response sequences, 23–71 yr olds with schizophrenia vs neurosis vs schizoid personality vs affective disorder, 26126
personality & obstetrical complications & institutional rearing & cerebral ventricular size, children of mothers with schizophrenia vs schizotypal personality disorder, conference presentation, 1696
pharmacodynamic analysis of high doses of fluphenazine, 27–59 yr old schizophrenic patients, 30426
pharmacotherapy with right vs left hemispheric training, mental status & verbal vs nonverbal intelligence, 18–67 yr olds with major depression vs schizophrenia, 19678
phenomenological description of Stimmung in early stages of schizophrenia, 22634
phenomenology & classification, 2–15 yr olds with autism or schizophrenia or other psychotic disorders, 5352
physical distance & verbal content in nurse patient interaction, anxiety arousal, male schizophrenic inpatients, 6451
pimozide, positive & negative symptoms, schizophrenic inpatients, 9587
pimozide, 22–52 yr olds with neuroleptic schizophrenia with prominent deficit features, conference presentation, 12852
plasma & CSF levels of immunoreactive delta sleep inducing peptide, patients with major depression or schizophrenia, 8552
plasma benzylamine oxidase activity, schizophrenic adults, implications for prognosis marker, 33205
plasma free vs conjugated HVA & clinical features & severity, schizophrenic 18–49 yr olds, implications for central dopaminergic activity, 40102
plasma haloperidol & its reduced metabolite, clinical outcome, schizophrenic inpatients, 19920
plasma haloperidol levels, prediction of clinical response, schizophrenic adults, Spain, 37561
plasma HVA as marker of psychosis & neuroleptic response, schizophrenic patients, 34036
plasma HVA levels, schizophrenic inpatients before & during haloperidol treatment, implications for subtypes of schizophrenia based on dopamine hypersensitivity, 9498
plasma postdexamethasone cortisol, depressed patients with schizoaffective disorder vs delusional features, 22598
platelet aggregation response to neuroleptic agonists, schizophrenic male 18–50 yr olds taking vs not taking neuroleptics, 6136
platelet MAO activity & negative vs positive symptoms, male 23–30 yr olds with schizophrenia taking vs not taking neuroleptics, 1671
platelet MAO activity, patients with schizophrenia vs other psychiatric disorders excluding alcoholism, 1588
platelet MAO activity, schizophrenic patients with vs without paranoia or hallucinations, meta analysis, 5370
platelet 5-HT concentration & uptake & time course of illness, schizophrenic patients, 5288
positive & negative symptoms & formal thought disorder & depression, schizophrenic adult females rehospitalized 4.1–7.7 mo after 1st hospitalization, Denmark, 12037
positive & neutral affective words, recognition & recall, outpatients with schizophrenia vs depression vs anxiety neurosis, 5169
positive symptoms, 26–55 yr olds with chronic schizophrenia, 36647
positive vs negative symptoms in schizophrenia, literature review, implications for etiological models, 33216
positive vs negative symptoms, male schizophrenic 21–63 yr olds, 33066
positron emission tomography imaging of neurotransmitter receptors, understanding of pathophysiology & role of dopamine & neuroleptic treatment, schizophrenic patients, 36710
possible chronic infections process of CNS, etiology of schizophrenia, 15800
postmortem brain concentrations of free amino acids, schizophrenic vs normal adults, 36632
postmortem brain volume & premorbid intelligence level, chronic schizophrenic patients, 26190
postmortem neurochemical correlates of neuronal disturbance vs prior drug treatment effects, schizophrenia, 26158
postpsychotic depression following episodes of schizophrenia or schizoaffective disorder with or without negative symptoms & imipramine treatment, 18–65 yr olds, 15785
poverty of speech assessed during inpatient vs posthospital period, schizophrenic vs depressed adults, 7 mo study, 26153
practical problems in treatment of negative symptoms of schizophrenia, 12614
precipitating sexual life events, onset of schizophrenia, adolescents & adults hospitalized for 1st time, 8601
predictors of violence, adult male schizophrenic vs nonschizophrenic mental health patients, 1 yr followup, 5250
prefrontal cortex dysfunction, cognitive deficits & social role performance & impaired judgment & emotional flattening in schizophrenia, literature review, 12081
pregnancy or birth complications & cerebral ventricular enlargement, etiology of schizophrenia, 11968
premorbid intellectual & emotional impairment & hemispheric dominance & focal attention in schizophrenia, 29664
premorbid school performance & physical treatments, age disorientation, 15–42 yr old chronic schizophrenic inpatients, 8562
premorbid sociosexual functioning, severe social deterioration, male chronic schizophrenic 22–65 yr olds, conference presentation, 22571
preparatory interval, redundancy deficit RT pattern, schizophrenic adults, commentary, 19237
prevalence & type of schizophrenia, Afro-Caribbean immigrants, England, 19124
prevalence of delusions, patients with depression or mania or schizophrenia, 1880–89 vs 1970–79, Scotland, 15767
prevalence of DSM-III schizotypal personality traits, 15–21 yr olds with parents with affective vs schizophrenic vs no disorder, 19233
prevalence of manic depressive psychosis & course & prognosis, 9–15 yr olds with prepubertal & pubertal schizophrenia, USSR, 11935
prevalence of neurological soft signs & positive & negative symptoms & severity of psychopathology & cognitive function, schizophrenic adults, 15623
prevalence of obesity, schizophrenic patients receiving depot neuroleptic drugs, 16636

prevalence of schizophrenia & milder syndromes, biological vs adoptive relatives of adoptees with schizophrenia, Denmark, conference presentation, 1623
prevalence of schizophrenic illness, biological vs adoptive relatives of schizophrenic adoptees, 1924–48, Denmark, 15705
prevalence of tardive dyskinesia assessed by abnormal involuntary movements scale, schizophrenic patients, 26088
prevalence of tardive dyskinesia, patients with chronic schizophrenia treated with neuroleptics, China, 26975
prevalence of X chromosome aberrations & fragile X site, male 19–63 yr olds with chronic schizophrenia or schizoaffective disorder, 33034
preventive adoption vs psychotherapy, development of schizophrenia, children of schizophrenic mothers, Finland, implications for psychoanalytic factors in etiology, conference presentation, 37267
primitive developmental reflexes & diffuse cerebral dysfunction, 40–86 yr old patients with schizophrenia vs bipolar affective disorder with vs without tardive dyskinesia, 5364
principles in delusion formation, schizophrenic patients, 36617
probability judgment, deluded schizophrenic vs nondeluded psychiatric patients, 22559
problems of design & methodology in long term followup studies of schizophrenia, literature review, 29598
prodromal signs & symptoms of psychotic relapse, recent onset schizophrenic outpatients, 12071
progression of ventricular enlargement & increased cortical markings assessed by tomography, chronic schizophrenic patients, 8 yr followup, 5228
propranolol, neuroleptic induced akathisia, schizophrenic 21–57 yr olds, 30459
propranolol, tardive akathisia, schizophrenic 73 & 74 yr old females, case report, 16656
pseudocyesis, schizophrenic 21 yr old female, case report, 8674
psychiatric & materialistic perspective of political economy & culture & prevalence & outcome of schizophrenia, commentary, 26019
psychiatric & materialistic perspective of political economy & culture & prevalence & outcome of schizophrenia, commentary reply, 26199
psychiatric genetics & diagnostic classification of experimental data, family members & twins with schizophrenia vs affective disorders, conference presentation, 1748
psychiatric treatment in community, duration & frequency of rehospitalization & symptomatology & behavior & cost, schizophrenic 17–73 yr olds, 1 yr study, West Germany, 27203
psychoanalytically oriented group therapy & neuroleptic drugs, schizophrenic 23–35 yr old outpatients, Sweden, 23300
psychodiagnosis & physical characteristics, 13 yr old female with 4 X chromosomes & diagnosis of schizophrenia, case report, 2085
psychoeducation vs psychoanalytic family therapy, schizophrenic patients, 16443
psychoeducational approach to long term treatment program, 26 yr old schizoaffective male, case report, 30774
psychoeducational family treatment, schizophrenic patients, 9413
psychological & philosophical aspects of schizophrenia in S. Beckett's trilogy, "Molloy" & "Malone Dies" & "The Unnamable", 7977
psychometric identification of psychopathy, detained & hospitalized adults with antisocial personality disorder &/or schizophrenia, Europe vs North America, 11864
psychopathological & neuroendocrinological characteristics, patients with borderline personality disorder vs major depression vs schizophrenia, 1629
psychopathological & social outcome, schizophrenic vs schizoaffective vs affective psychotic inpatients, West Germany, 5–8 yr followup, 8671
psychopathological vs psychobiological vs clinical psychological variables, prediction of short vs medium term outcome, schizophrenic inpatients before drug therapy, 36699
psychopathology associated with left vs right temporal deficits in auditory P300 EPs, male schizophrenic 23–32 yr olds, 29642
psychopharmacological & biological role of 5HT, schizophrenic patients, literature review, 15634
psychopharmacology & side effects of remoxipride vs thioridazine therapy, schizophrenic 19–67 yr olds, 16599
psychosis & cognitive processing & left hemisphere dominance & schizophrenia, 29592
psychosocial & clinical factors, prediction of paraphrenic outcome, schizophrenic patients at 1st admission, 5–9 yr followup, 12033
psychosocial rehabilitation, treatment of negative symptoms, schizophrenic patients, 13176
psychotherapeutic issues, schizophrenic patients, 19786
psychotherapeutic models & styles, 26 yr old schizophrenic female & hermaphroditic siblings, commentary, 23238
psychotherapeutic models & styles, 26 yr old schizophrenic female, case report, 23215
psychotherapy & pharmacotherapy with neuroleptic drugs, group dynamics, groups of schizophrenic patients, 23124
psychotherapy & psychoeducational group treatment, patients with chronic schizophrenia, 26864
psychotherapy, ego reconstruction, schizophrenic male 11 yr old, case report, 26816
psychotherapy, feelings of longing, schizophrenic males, case reports, 12635
psychotherapy, female schizophrenic patient, 30293
psychotherapy vs milieu therapy vs vocational rehabilitation, psychosocial outcome, inpatients with schizophrenia, Norway, 2792
psychotic episode induced rhabdomyolysis & renal failure, schizophrenic 40 yr old Black male, case report, implications for psychiatrists, 36586
psychotic state & schizophrenia subtype, plasma MHPG levels, schizophrenic 23–45 yr olds, 8629
psychotropic drug, glucose metabolism in lenticular & caudate nuclei & thalamus assessed by positron emission tomography, schizophrenic patients, 8704
P300 component of auditory vs visual EP & attentional impairment, schizophrenic patients, 15670
quantitative assessment of smooth pursuit eye movements, patients with schizophrenia or affective disorders, 22500
quinone induced free oxygen radical production, patients with schizophrenic burnout or other neurological or psychiatric disorders, commentary, 1519
recreation program, perceived leisure functioning, schizophrenic 68–82 yr olds in nursing home, 34283
recurrent relapses, perceived vulnerability & knowledge about precipitating factors & coping, schizophrenic 22–47 yr olds, 1721
red blood cell lithium transport, patients with schizophrenia vs bipolar mania vs schizophreniform vs affective disorders with mood incongruent psychotic features, 26096
reduced ward space in intrahospital relocation, behavior, geriatric patients with moderate to severe organic brain syndrome or schizophrenia, 37798
regional blood flow & physiologic dysfunction of dorsolateral prefrontal cortex, patients with chronic schizophrenia, implications for etiology, 1553
regional blood flow & physiologic dysfunction of dorsolateral prefrontal cortex, patients with chronic schizophrenia, implications for etiology, replication, 1735
regional brain glucose metabolism, drug free schizophrenic patients, 1741
regional brain glucose metabolism, schizophrenic patients, 1740
regional cerebral blood flow vs positron emission tomography procedure, controversy of cerebral metabolic hypofrontality in schizophrenia, 15809
rehospitalization & adjustment, schizophrenic patients treated at psychiatric hospital vs rehabilitation clinics, USSR, 3 yr followup, 23123

relapse due to neuroleptic induced supersensitivity psychosis, 25–63 yr old schizophrenic or schizoaffective patients, 16576
relatives' expressed emotion & skin conductance responses & symptomatic relapse, schizophrenic patients in remission, 33197
relaxation response training, attention on task of manual response to visual stimuli, male 18–45 yr olds with schizophrenia or antisocial personality, 12808
reliability & validity of Kiddie Formal Thought Disorder Story Game & Scale, assessment of illogical thinking & loose associations, schizophrenic vs schizotypal 5–13 yr olds, 35103
reliability & validity of Positive & Negative Syndrome Scale, adults with acute or chronic schizophrenia, 3596
reliability & validity of version of Brief Psychiatric Rating Scale with item definitions, assessment of severity of schizophrenia, 21–58 yr olds, 3548
reliability & validity of 2 forms of Diagnostic Role Playing Test, college students vs schizophrenic patients, 7120
reliability of Scale for Assessment of Negative Symptoms, assessment of affective flattening, schizophrenic adults, 31683
remoxipride, 61 yr old male with coexistent schizophrenia & Parkinson's disease, case report, 40756
repeated naloxone, symptoms, schizophrenic patients, 30495
research in genetics & virology & immunology related to schizophrenia, 22528
research in neurochemistry & neuropharmacology, neurobiology of schizophrenia, 22541
research on dopamine & clozapine & other atypical antipsychotic drugs, dopamine hypothesis of schizophrenia, commentary, 33128
research opportunities in treatment & services, schizophrenia, 23097
reserpine with neuroleptics, psychopathology & agitation & hyperactivity, male patients with neuroleptic refractory chronic schizophrenia, 34084
resources in schizophrenia resources, 22507
response of neuroleptic drugs as means of classifying schizophrenia, 33019
response to neuroleptics, 19–61 yr old siblings with schizophrenia or schizoaffective disorder, 34014
rest vs activation, brain interactions, patients with chronic schizophrenia, erratum, 33211
resting computerized EEG, medication free patients with chronic schizophrenia, 15704
resting vs active conditions, regional brain interactions, 22–41 yr olds with chronic schizophrenia & decreased frontal & increased subcortical metabolism, 33210
reversible acute dystonia following high dose fluperlapine, schizophrenic 21 yr old male, case report, 12912
right temporal lobe function, smell matching, 15–45 yr olds with affective disorders or schizophrenia or neurosis, India, 36695
risk for breast vs lung cancer vs cardiovascular disease vs rheumatoid arthritis, schizophrenic patients, literature review, 8606
risk for schizophrenia & development of antisocial vs criminal behavior, 10–20 yr olds with schizophrenic mothers, Denmark, 10 yr followup, implications for genetics, 15784
role of alcohol abuse in acute psychotic episodes during young adulthood of Rev. G. Trosse, case report, 1656–57, England, 11971
Rorschach protocals, differential diagnosis, florid vs withdrawn schizophrenic 20–30 yr olds, 26058
Rorschach test with simplified inkblots or list of possible responses, responses & scoring, paranoid vs nonparanoid schizophrenic 18–43 yr olds, 3577
RT with vs without concurrent task, patients with schizophrenia vs affective disorders with vs without psychotic features, 29638
salt-added diet vs lithium with vs without phenytoin, basal serum sodium, schizophrenic patients with polydipsia, 2556
schizoaffective psychoses, 14 yr olds & younger originally diagnosed as schizophrenic, 6–40 yr followup, 40096
schizophrenia, adult males who used vs did not use cannabis, Sweden, 15 yr study, etiological implications, 39996
schizophrenia label & type of behavior & recipient interactions, tolerance of deviance, college students & male members of service organization, 8727
schizophrenia or personality disorder or substance abuse or other psychiatric diagnosis, patients with alive vs dead cotwin, England, 5094
schizophrenia research at National Institute of Mental Health, 1954–87, 15744
schizophrenic 1st degree relative & age of onset, schizophrenic 17–73 yr olds, Japan, 26172
score correlations on Assessment of Occupational Functioning & Occupational Case Analysis Interview & Rating Scale, schizophrenic 19–83 yr olds in occupational therapy, 35206
scoring procedure for object sorting test, differentiation, schizophrenic & other psychiatric patients, India, 19108
search coil quantitative measurement of smooth pursuit eye movements, schizophrenic 22–52 yr olds, 19156
season & mother's age at birth, schizophrenic patients, literature review, 26053
season, diurnal weight gain, patients with schizophrenia or organic personality syndrome, 29665
season of birth & family history, White schizophrenic patients & their parents & siblings, 8546
season of birth, ventricle brain ratios & sulcal prominence as assessed by computed tomography, schizophrenic adults, conference presentation, 15660
self generated texts with vs without distraction, word origin discrimination & reality monitoring & false recognition, schizophrenic & manic patients, 12072
self induced water intoxication & alcohol abuse, schizophrenic males, 19203
self psychology approach in long term group therapy, schizophrenic inpatients, 23661
sensitivity to DNA damaging agent N-methyl-N-nitro-N-nitrosoguanidine in fibroblasts, patients with chronic schizophrenia or recurrent mood disorders, 26046
sensorimotor & ocular laterality, schizophrenic adults, Nigeria, 5216
serial position & mnemonic organization, free recall, schizophrenic adults, 26079
serum anti-DNA & anti-histone & other anti-nuclear antibodies, 20–81 yr olds with affective disorders or schizophrenia, 8739
serum anticholinergic levels, extrapyramidal symptoms, schizophrenic 28–82 yr olds treated for drug induced parkinsonism with subsequent extrapyramidal symptoms, 23355
serum cold agglutinin titers, adults with schizophrenia vs affective disorder vs depression vs bipolar disorder, Israel, implications for neuroleptic therapy, 15793
serum free total thyroxine levels, differential diagnosis, 20–58 yr old males with paranoid or undifferentiated schizophrenia or bipolar I or manic or major depressive disorders, 36646
serum haloperidol concentration, clinical response, acutely decompensated schizophrenic inpatients, implications for therapeutic plateau, 16582
serum levels of interleukin-2 receptors, adults with schizophrenia vs cerebral palsy, 25982
serum neuroleptic activities, inhibition of relapse, schizophrenic 16–73 yr olds, 20010
serum neuroleptic levels, relapse rate, 19–63 yr olds with schizophrenia or schizoaffective disorder treated with fluphenazine with vs without other neuroleptics or antiparkinson agents, 4 yr followup, 12831
serum testosterone, hospitalized adult males with undifferentiated vs paranoid schizophrenia vs manic vs major depression, 5279
serum vitamin B12 & folic acid, patients with obsessive compulsive disorder vs chronic schizophrenia, implications for pathophysiology, 15697

sex & medication status & laterality, neuropsychological functioning, 18–65 yr olds with major depression vs schizophrenia, 29537
sex, age at symptom onset, schizophrenic outpatients, 15700
sex differences in content & structure of delusions, schizophrenic 18–45 yr olds, 29487
sex of patient & family environment, course of treatment, schizophrenic patients & family members, 26701
short vs medium vs long term neuroleptic therapy, peripheral opioid secretion, schizophrenic adults, 9492
sibship size or birth order or parents' age at birth, risk of schizophrenia in offspring, schizophrenic patients, Greece, 8652
simulated schizophrenia with prominent dysmorphophobic features, 21 yr old male subsequently diagnosed with subacute sclerosing panencephalitis, case report, 9186
single dominant gene model for transmission of schizophrenia, commentary with reply included, 33127
size & form of corpus callosum, schizophrenic adult males, 33201
size of 3rd & 4th cerebral ventricles & ventricular brain ratio & neuropsychological performance, chronic schizophrenic male patients, 8708
sleep disturbances, psychotic & personality & drug abuse & Alzheimer's disorders, 5101
sleep EEG & brain computed tomography scan variables & negative symptoms & premorbid functioning, drug free male schizophrenic 24–50 yr olds, 33203
sleep EEG, depressed vs schizophrenic 17–33 yr old inpatients, 22573
small sample outcome studies of schizophrenia, literature review, 29503
smooth pursuit eye movement accuracy & personality & social characteristics associated with schizophrenia & task RT & errors & EEG, male college students, 40177
social & geographic correlates of community adjustment, schizophrenic 20–60 yr old former state hospital patients, 34242
social & psychological factors & life stress, development of schizophrenia & depression, adults, Israel vs US, progress report on research begun with B. Dohrenwend, conference presentation, 1582
social adjustment & psychopathology, schizophrenic patients, Japan, 21–27 yr followup, 1669
social dysfunction assessed by Social Interview Schedule, healthy adults vs anxious vs schizophrenic vs depressed vs affectively disordered patients, West Germany, 8610
social perception of & attention to emotional cues, 21–68 yr old nonpatients vs patients with schizophrenia vs major affective disorder, 33133
social skills training, treatment of negative symptoms of schizophrenia, 9476
sociodemographic & premorbid factors, social outcome, schizoaffective vs schizophrenic patients, 40143
sociodemographic & psychopathologic & somatic sign differences, 50 yr olds & older with delusional parasitosis vs late onset schizophrenia vs organic mental disorders due to cerebral arteriosclerosis, 32959
sodium valproate, plasma prolactin, chronic schizophrenic 44–65 yr olds with vs without tardive dyskinesia, 19178
soil & diet with low selenium & calcium & high memory content & industrialization & low sunshine exposure, geographical distribution of schizophrenia, 11951
somatization disorder or somatic symptoms, patients with multiple personality disorder vs schizophrenia vs panic vs eating disorders, 29469
somatosensory EPs, psychotic vs nonpsychotic schizophrenic adults identified by Millon Clinical Multiaxial Inventory, 5234
spatial & temporal memory & rate of forgetting & attention demand, type I adult schizophrenic males, Jordan, 26173
specificity of DST for endogenous depression, patients with endogenous depression vs schizophrenia vs dysthymia vs borderline disorder, 33114
spectral EEG analysis, schizophrenic patients, 8599
speech analysis, evaluation of mood & affect & emotion disturbances, adults with schizophrenia vs right brain damage vs Parkinson's disease vs unipolar depression, conference presentation, 40063
sporadic vs familial classification, detection of etiological heterogeneity in schizophrenia & major depression, families, 26109
statistical issues in long term followup studies of schizophrenia, literature review, 29497
steady vs increasing doses of thiothixene, treatment resistant schizophrenia, 21–55 yr old inpatients, conference presentation, 26965
stimulus intensity & channels & focused attention vs inattention instructions, auditory EPs & introversion extraversion & state anxiety, schizophrenic patients, France, 8545
stress responses & coping propensity, paranoid vs nonparanoid episodic vs remitted schizophrenic adults, 40092
stressors of parental conversation, verbal coping behavior, schizophrenic male & his parents, 36618
structural brain abnormalities, male vs female schizophrenic 20–45 yr olds, 33166
structural brain changes examined by computed tomography, schizophrenic 18–42 yr olds, 2–5 yr followup, 15805
structural brain damage & obstetric complications, schizophrenic inpatients with vs without family history of disorder, 15749
suicidal behavior, schizophrenic adults, Spain, 1717
suicide attempts & depressive symptoms, schizophrenic inpatients, 19193
suicide attempts & family history of psychiatric illness & demographic characteristics, schizophrenic adults, England, 8697
sulcal & ventricular enlargement, schizophrenic patients, 1675
supportive/educational intervention, distress & anxiety & depression & family conflict & burden, parents of adult schizophrenics living at home, 2706
symptom severity & erythocyte methionine adenosyltransferase activity & phosphatidylcholine content, patients with schizophrenia vs mania vs major depression, 12075
symptomatological & nonsymptomatological factors, long term outcome, schizoaffective vs schizophrenic patients, 40181
symptoms & outcome & relapse, 1st episode schizophrenic patients, 1 yr followup, Scotland, 8735
symptoms & performance on Luria-Nebraska Neuropsychological Battery, schizophrenic inpatients, 22534
symptoms & premorbid adjustment & onset age, monozygotic twins concordant vs discordant for schizophrenia, implications for genetics, 5193
T-cell lymphotropic retroviruses, etiology, schizophrenic 20–47 yr olds, 29532
tachistoscopically presented stimuli under distractor vs nondistractor conditions, perceptual distractibility at stimuli identification level, schizophrenic vs reactive schizophrenic patients, 8744
tardive dyskinesia during psychotic relapses, male 50 yr old with borderline schizophrenia receiving long term neuroleptic therapy, case report, 40116
taxometric analysis of cognitive & neuromotor variables, 7–12 yr olds of schizophrenic or depressed parents, 40097
test-retest assessment, cognitive deficits & thought disorder, manic vs schizophrenic patients, 8609
thalamic dopamine to norepinephrine ratios, schizophrenic patients, commentary, implications for chemical etiology of schizophrenia, 26107
theoretical model of affective logic, implications for treatment & prevention of schizophrenia, conference presentation, 33688
theoretical models & empirical evidence for nosological status of schizoaffective disorders, 12008
theories & goals of therapy & long term outcome, schizophrenic clients, 37303
theories & goals of therapy & long term outcome, schizophrenic clients, commentary, 37355

theories of cognition & affect & research methodology & schizophrenia, commentary, 29607
theory of age incidence & season of birth in etiology of schizophrenia, 33110
theory of exaggerated cognitive & personality characteristics, schizophrenia, 1571
theory on etiology & cure of schizophrenia, implications for medical hypnoanalysis, 33163
therapeutic efficacy of zuclopenthixol, schizophrenic &/or manic 18–65 yr olds, 2448
thiothixene & benztropine, cholinergic syndrome following anticholinergic withdrawal misdiagnosed as psychotic decompensation, marihuana abusing schizophrenic 27 yr old male, case report, 40806
thiothixene dosage & blood plasma level & clinical response, 21–55 yr old treatment resistant schizophrenic patients, 26963
time dependent dopaminergic model of neuroleptic action, implications for pharmacotherapy of schizophrenia, 16616
time estimation, crossover effect & EPs, schizophrenic or alcoholic patients, 1488
time of day, kinetic values of active serotonin transport by platelets, unipolar vs bipolar vs schizophrenic adults, 40117
time perception, schizophrenic 23–50 yr olds, India, 8559
timiperone vs sulpiride dosage, relapse prevention, schizophrenic outpatients in remission, 37538
topographic EPs during backward masking task, patients with schizophrenia vs affective disorders, 26144
topographical distribution of alpha activity in EEG, schizophrenic patients, 8595
training in social problem solving, schizophrenic patients, 33956
transfer factor vs thymosin, immunological changes, schizophrenic 29–65 yr olds, 34045
transition from oral to depot fluphenazine, schizophrenic patients, 20023
transitional psychotherapeutic process from literal experience to metaphorical understanding, schizophrenic patient, 16379
transplantation of embryonic nerve tissue into brain, 22 yr old schizophrenic female, case report, 20065
treatment of coprophagia & urodipsia, schizophrenic elderly female, case report, 1 yr followup, 33722
trends in commitment related disability litigation, schizophrenia, 6385
TRH analog DN-1417 vs des-tyrosine-gamma-endorphin, adult inpatients with chronic schizophrenia, 6168
TRH, prolactin & TSH & growth hormone responses, schizophrenic patients, 29628
TRH, thyrotropin response, 20–67 yr old males with schizodepression vs schizophrenia vs major depression, 12079
trifluoperazine, CSF & plasma HVA, schizophrenic adults, 16633
trihexyphenidyl, predominantly negative symptoms, chronic schizophrenic patients, 16641
TSH response to TRH & DST, adults with manic type schizoaffective disorder vs mania vs schizophrenia, 15710
TSH response to TRH, patients with major depressive disorder vs schizophrenia, 15625
type of community & population density & social & political status & nationality, incidence & prevalence of schizophrenia, China, 1664
types of physical anomalies & age of disease onset & cognitive deficits, schizophrenic patients, implications for prenatal injury, 33065
typology of conditions necessary for ward affiliated vs private practice psychotherapy, schizophrenic patients, Denmark, 37317
use of different neuroleptic drugs, recovery from neuroleptic malignant syndrome, 18 yr old male with schizophrenia, case report, 34079
use of DSM-III criteria to diagnose major depression vs mania vs schizophrenia, psychiatrists & psychiatric residents, 1983–84, 5231
utility & side effects of & prevention of relapse with neuroleptics, schizophrenic patients in psychosocial rehabilitation program, 6137
utility of Lion's inpatient violence scale & Brief Psychiatric Rating Scale & WAIS-R & Premorbid Adjustment Scale, violent vs nonviolent 25–44 yr old schizophrenic males, 1690
utility of neuroendocrine challenge tests, patients with schizophrenia, 8597
utility of Schneiderian 1st rank symptoms, diagnosis of schizophrenia, commentary, 5230
utility of Schneiderian 1st rank symptoms, diagnosis of schizophrenia, commentary reply, 5343
utility of Schneiderian 1st rank symptoms, differentiation of multiple personality disorder & schizophrenia, commentary, 5175
utility of ultrasound detector, assessment of orofacial dyskinesia, 37–77 yr olds with chronic schizophrenia, 1654
validity of concept of nonregressive schizophrenia & relationship to chronic or classical schizophrenia, 13–54 yr olds diagnosed at admission with nonregressive schizophrenia, 14–17 yr followup, 33140
validity of DSM-III vs DSM-III-R definitions of schizophrenia, demographic characteristics & premorbid functioning & long term outcome, schizophrenic inpatients, 15677
validity of expressed emotion index, assessment of family dynamics, families with schizophrenic member, India, 15666
validity of MMPI subscales, differential diagnosis, outpatients with brain damage &/vs schizophrenia vs somatoform disorders, 21127
validity of Stockholm county inpatient register, diagnosis of schizophrenia, 10–70 yr old & older schizophrenic patients, 1971, Sweden, epidemiological research implications, 8634
validity of 2 versions of object sorting & house floor plan subtest of Bay Area Functional Performance Evaluation, 20–39 yr old schizophrenic patients, implications for occupational therapy, 10587
valproate, mania & bipolar & schizoaffective disorders, literature review, 37527
valproate with vs without lithium, patients with major depression or bipolar or schizoaffective disorder, 31 mo study, 37511
valproate, 30–50 yr old outpatients with treatment refractory mania or bipolar or schizoaffective disorders, 37483
variability in EPs due to sex & age & other effects, implications for methodology in schizophrenia research, 33080
ventricle brain ratio & positive & negative symptoms, patients with schizophrenia, 22605
ventricle brain ratio & response to neuroleptic treatment, positive psychotic symptoms during Amphetamine Challenge Test, 21–49 yr olds with schizophrenia or schizoaffective disorder, 26143
ventricular brain ratio & structural changes & prefrontal cortical markings & atrophy & CSF HVA, adult schizophrenic vs medical patients, 33039
ventricular enlargement & corpus callosum to brain ratio & structural brain asymmetries assessed by magnetic resonance imaging, chronic schizophrenic adults, 26183
verapamil, tardive dyskinesia & psychosis, schizophrenic patients, 20008
verapamil, tardive dyskinesia, 67 yr old female with schizoaffective disorder, case report, 16544
verbal & nonverbal interview microbehaviors & characteristics, employability, schizophrenic patients, 41017
verbal reference performance & severity of positive vs negative thought disorder, manic vs schizophrenic patients, 11942
viral etiology & impaired immune response, schizophrenia or depression, literature review, 26791
vitamin E, tardive dyskinesia, inpatients with chronic schizophrenia or schizoaffective disorder, 16594
volume & number of neurons & glial cells in postmortem entorhinal region, schizophrenic adults, implications for neural development, 11949

volume of grey & white matter in temporal lobe & prefrontal region, schizophrenic inpatients, conference presentation, 29656
volumes of ventricles & hemispheres & cortex & central grey matter, brains of postmortem schizophrenic patients, 1672
voluntary movement dysfunction, schizophrenic males vs inpatients in drug abuse & gambling treatment programs, 29479
vulnerability stress model, assessment of family relationships, patients with schizophrenia or affective disorders, 1959–87, literature review, 11965
water excretion & plasma vasopressin, water intoxication, 18–42 yr olds with schizophrenia or schizoaffective disorders, 22531
withdrawal from neuroleptic treatment, plasma HVA & MHPG levels, chronic schizophrenic 18–41 yr olds, 19965
word association performance, 42 yr old female with bipolar schizoaffective illness & panic disorder, 5307
zotepine, schizophrenic 28–55 yr olds, 12845
2 dimensional electrophoretic maps of CSF proteins, schizophrenic patients, 15742
2-threshold multifactorial model of familial transmission of schizophrenia & related schizoid & paranoid & psychotic disorders, psychiatric patients, conference presentation, 8589
2nd season participation in community based softball league, team ownership & autonomy, schizophrenic 23–58 yr olds in community mental health programs, 41047
20 Questions Task, differentiation, families of schizophrenic vs nonschizophrenic psychiatric patients, replication, 40077
5-azacytidine treated lymphocyte cultures & human retrovirus, schizophrenic 20–47 yr olds, 34021
5-HT precursor 5-HTP, dextroamphetamine induction of acute psychotic symptoms, schizophrenic adults, 1615
5q11-q13 region of chromosome 5, autosomal dominant gene marker for schizophrenia, schizophrenic families, Scotland, 40179
50 percent neuroleptic dose reduction, relapse, 28–66 yr old schizophrenic outpatients, 3 yr followup, 19944
50 percent reduction of flupenthixol, chronically schizophrenic adults on high dose regime, 2461
Schizophrenia (Residual Type) [See Schizophrenia]
Schizophreniform Disorder [See Acute Schizophrenia]
Schizophrenogenic Family
representation of schizophrenic parenting in abnormal psychology textbooks, 34622
Schizophrenogenic Mothers
preventive adoption vs psychotherapy, development of schizophrenia, children of schizophrenic mothers, Finland, implications for psychoanalytic factors in etiology, conference presentation, 37267
Scholarships [See Educational Financial Assistance]
Scholastic Achievement [See Academic Achievement]
Scholastic Aptitude [See Academic Aptitude]
Scholastic Aptitude Test [See Coll Ent Exam Bd Scholastic Apt Test]
School Achievement [See Academic Achievement]
School Adjustment
academic & social college integration, persistence vs withdrawal process, college students, 9 yr followup study, 13607
academic comfort & personality, college students, 41284
access & adjustment to & achievement in higher education, Black college students, 1965 to present, 38160
acculturation experiences & appraisal & coping & adaptation, Hong Kong Chinese vs English vs French college students, Canada, health implications, 41288
acculturation, sociocultural adjustment to school & academic achievement, 13 yr old male Mexican immigrant student, implications for intervention program, 13526
adjustment to reception classroom, 4 yr olds, UK, policy implications, 13570
age & sex, school related self concept, 2nd–8th graders, Ghana, 10140
children's books, anxieties related to 1st day of school, bibliography, 13580
circumplex model in school-family intervention, family of 9–15 yr olds with school problems, 33921
cognitive communicative & physical & behavioral & emotional problems, reentering head injured students, implications for teaching strategies, 24121
college adjustment & enrollment trends in historically Black vs White higher learning institutions, Black college students, implications for role of parents, 17236
comprehensive counseling group, school adjustment, adult students entering or reentering college, 34844
construction of rating scales, assessment of self control skills & school adjustment, teachers rating 1st–5th graders in urban vs suburban schools, 24226
coping style & social climate variables, formation of social networks during transition to campus residence halls, college freshmen, 13595
counseling program, academic achievement & persistence, Black freshmen at predominantly White college, 27814
cultural setting, temperament & adjustment, 5–8 yr old students, England, 27646
decidedness regarding academic major & academic adjustment, college freshmen, 3244
depression, current family construction & relations, college students, implications for counseling, 40136
development of secure attachment relationships & autonomy & peer relationships & school adaptation, maltreated children, implications for educational settings, 34716
earliest recollections as counseling technique, school social adjustment, gifted & talented 8–11 yr olds, 34777
early risk factors & school adjustment problems, adult alcohol abuse & criminal offenses & psychiatric care, 13 yr old males, 10 yr study, 15584
expectations of psychosocial level & school adjustment of male primary school students from father absent vs intact families, 18–20 yr old Indian student teachers, South Africa, 23942
familiarity with school settings through preschool experience, expectations for & adjustment to school, K–1st graders, Israel, 24099
family climate & school competence & adjustment, behaviorally disordered 12.3–17.8 yr old males, Israel, 6784
family experience, residential adjustment, college students in living learning program, 38166
family relations & coping with college & identity development, college students, 17216
field dependence & external locus of control & impulsivity, achievement & adjustment, college students, teaching implications, 13586
group orientation program, school & emotional adjustment, mobile transfer 7th–8th graders, 31245
ideal/actual & public/actual self concept, adjustment to education services, gifted 4th–8th graders, 34741
locus of success & failure attributions, problem vs nonproblem secondary school students, England, 24078
marital conflict & family coalition type, separation & adjustment patterns, male vs female college students, 27649
maternal childrearing style & life stress & locus of control & marital status, child school adjustment & self concept & social problem solving, Black lower income mothers & their 3.5–4.8 yr olds, 8235

schools & teachers & teaching processes, mathematics achievement, 8th graders, Nigeria vs Swaziland, 41273
schoolyard design, educational & developmental goals, 20429
sex & race & school environment & parental marital status, preferences for music with homicidal or suicidal or satanic lyrics, 9th–12th graders, 39690
sexual segregation due to self selection & SES, school students, France, implications for counseling, 41292
suicidal behavior in school settings, elementary vs junior high vs high school vs college students, 36751
systems approach to modeling of school stress & need for comprehensive stress management program, teachers in training workshop, England, 30979
trust & organizational health of school, secondary school teachers & principals, 27523

utility of Vocational Decision Making Interview within school settings, special education students & disabled individuals, 13691
School Expulsion
expulsions & suspensions of handicapped students, principals, 13663
School Facilities [See Also Dormitories, Educational Laboratories, Language Laboratories]
availability & school & home computer usage, programing ability & attitudes, male vs female high school students, 27618
need for sex education & school based health clinics & information concerning sexual desire & victimization, adolescent females, 6813
school facilities & teacher qualifications & teacher student ratio, language & mathematics achievement, students at government vs private vs government aided private elementary schools, India, 41276
School Federal Aid [See Educational Financial Assistance]
School Financial Assistance [See Educational Financial Assistance]
School Guidance [See School Counseling]
School Integration
attitudes toward social interaction with Black vs White peers, Southern Black vs White 8th graders vs college students, 13590
coping strategies & differences among schools, adjustment to desegregation, Black & Puerto Rican high school students in voluntary busing program, 38175
desegregation & interracial school climate, Black rural elementary school students, 13571
development & validity of School Interracial Climate Scale, 5th–8th graders, 13709
development of antiracist policy by school psychological & child guidance service, Great Britain, 24218
integration project utilizing group instruction & parent & staff meetings, social image & confidence & acceptance & leadership, low SES or culturally disadvantaged Oriental 1st graders, Israel, 6754
magnet school plan using primarily voluntary transfers vs mandatory reassignment, school desegregation & White flight, 31074
moral elements in reforms of secondary urban vs suburban schools, academic achievement & discipline & racial integration & differentiation & intelligibility, school administrators vs teachers, 38050
multicultural education & counseling in public school system, elementary school students from diverse backgrounds, 38076
School Integration (Racial) [See School Integration]
School Learning
analysis of research on learning mathematics through instruction, 6675
application of C. Roger's theories to creation of humanistic educational environment, 31089
behavior alteration techniques of P. Kearney, academic engagement time & cognitive learning, college students, 20483
class size & verbal teacher immediacy, learning, college students in communication courses, 20546
classroom demand assessment & teaching of learning strategies, learning disabled adolescents, 13678
classroom environment & teaching methods, self directed learning, elementary school students, 3168
classroom stress & learning environment, coping & adaptive learning, elementary school students, 3202
classroom task work in mathematics, thinking during instruction & comprehension of curriculum domain, 7th–8th graders, 6731
cognitive & affective aspects of institutional learning & perception of demands & ability to meet them, students, 31112
cognitive reasoning & integrated science processes, analysis of learning hierarchy, 7th–12th grade science students, commentary, 41268
cognitive strategy instruction research in laboratory & classroom, normal & learning disabled students, 24179
computer assisted instruction, learning, students, literature review, 10084
computer implementation & classroom organization & planning & practice, learning, 3rd–8th graders, Canada, 2 yr study, 41243
conception of learning task, learning outcome, students, 24044
conceptions of fairness in school learning, 1st–12th graders & college students, 24113
congruence of & causal relations between learning motives & strategies, high school & college students, 20533
content vs form focused written feedback, composition quality & learning of course content, college students, 6738
cooperative interpersonal learning of reading in school, 27598
counselor mediation & metacognition & school learning, 6828
cultural & personality traits & attitudes toward education, African schoolchildren at home & in non-African settings, school counseling implications, 3220
depth of learning, Black college students, 31131
educational climate including shared decision making & communication patterns, perception of quality of learning experience, college students in elective physical education courses, 27640
field dependence & skeletal vs detailed instructor provided vs personal notes, factual learning & higher order cognitive processing of lecture material, college students, 10125
handling of live vs exoskeletons of horseshoe crabs & sea stars, learning & retention of animal related information & attitudes toward animals, 4th graders, 38124
holding & letting go of disturbing feelings & behavior, recovery of learning, junior high school student, 6818
home & classroom environment, metamemory & learning & achievement, 1st & 3rd graders, India, 13540
identification & rank of importance of learning strategy components for high school programs, experts in learning strategies & study skills, 38134
illustrations in scientific text, systematic thinking & understanding & learning, college students, 34646
impediments to implementation of spacing effect research in classroom, 3118
integration of psychological understandings about learning processes, teaching practices, professors of law in consultation with faculty psychiatrist, 17177
knowledge levels, misunderstandings in learning science & mathematics & programing, students, 34654
learning style, college students in liberal arts college vs technical institute, 34657
lecture vs problem based approach to learning medical sciences, recall of facts, college students, 31082
level of cognitive task demands, accountability for life science academic activities, 7th graders, 3197
metacognitive dialogs about learning vs traditional teaching methods, awareness of own learning, 5–7 yr old preschool students, Sweden, 20481
model for tracing computerized instructional methods to specific learning processes, improvements in learning, 17137
note taking & review, academic achievement, students, 3191
performance based intelligent tutoring systems, learning needs, students, 24002
personality & intelligence, school learning & academic achievement, implications for teacher education, 31121
personality style, learning performance in self paced computer assisted instruction, college students, 17151
play behavior & thinking strategies, learning & writing skills, children, 32391
preferred classroom environment & learning strategies, 12–17 yr old students, Australia, 20549
principles & procedures of effective cognitive strategy instruction, students with learning disabilities, 24198
product vs mediating process research on mathematics teaching, 6678

program based on learner characteristics & cognitive psychology, development of learning & problem solving strategies, bright underachieving students at special school, 17141
provison of criterion knowledge in form of immediate post lecture test, performance on delayed test of learning from videotaped lecture, field dependent vs independent college students, 20516
psychocultural factors, formal & informal education, children from different cultures, 27659
psychological basis for cooperative learning & applications of inservice project & simple record form, nursery school students & teachers, 3155
psychological test observations & teacher ratings on Stanford Binet Observation Schedule, kindergartners, 13707
quality of learning experience indicators, prediction of persistence & attribution, college juniors & seniors, 31134
reading ability & speed & working memory, spelling achievement & learning, college students, 24052
reasons for participation & self reported learning outcomes, Elderhostel students over 60 yrs old, 6747
reconstructive elaborations model, US history content learning, learning disabled students, 41331
retention of material from original instructional texts vs those revised by experts, college students, implications for school learning, 34626
self efficacy, school learning, educational implications for learning disabled students, 19450
self management vs task specific instruction, transfer of learning, mildly mentally retarded 13–20 yr old students, teaching implications, 31207
sibling caretaking & peer assistance, cultural effects on classroom learning, Native Hawaiian K–3rd graders, 24071
social management of classroom learning groups, elementary school students, UK vs US, 3100
study of strategies for learning spelling, 3rd–4th vs 7th–8th graders vs college students, 38153
systemic social & cognitive model of school learning in special education for learning difficulties, 31202
task factors & teacher behavior, involvement in science lessons & use of learning strategies, 4th–6th graders, 3179
teacher gender & student assessment of teacher sex role orientation, student attitudes toward learning, male vs female college students, 34703
teaching approach involving integration of internal concepts with external factors, learning, learning disabled junior high school students, conference presentation, 41340
theoretical perspective of inventory, assessment of school learning & study habits, college students, 20712
traditional vs experimental field instruction arrangements, learning outcomes, graduate students in MSW program, 2 yr study, test of G. W. Brown's field instruction research project, 30894
training in topic comment study technique, quality of note taking & subjective learning study of expository text, college students, 3120
trial & error method of teaching vs systematic formation of actions & concepts & mental capacity, learning & academic achievement, children, 38082
understanding of science concepts, Asian language vs English speaking high school students, England, 10117
use of figurative information in classroom curriculum, conceptualization of economic aspects of agriculture, 4th graders, Italy, 31024
use of humor, student attention & enjoyment & performance & classroom environment, teachers, 38072
use of metaphors during academic lectures, learning of course material, college students, 3121
3 level hierarchical linear model of how background & individual experiences affect learning, elementary school students, 38141

School Leavers
expected salary, decision to leave school, middle vs working class male vs female 16 yr olds, UK, 6766
internalization of social categories, 16 yr old school leavers, Wales, 41295
local employment opportunity structure, coping response & self description & work experience, 15 yr olds leaving school, Wales, 3 yr study, 29136
loss of vs never having full time job since leaving school, psychological stress, 15–17 yr old school leavers, 1–3 yr study, Australia, 25656
self esteem & locus of control & depressive affect & psychological well being, 15–17 yr old school leavers who are satisfactorily vs dissatisfactorily employed vs unemployed, Australia, 4 yr followup, 15230
well being & anxiety & concern about employment, male vs female White vs Asian vs Afro Caribbean middle vs working class school leavers, England, 41304

School Organization [See Educational Administration]

School Phobia
alprazolam & psychotherapy, panic & nausea & school phobia & grief after learning of father's terminal cancer, 17 yr old White male with panic disorder, case report, 2227
imipramine, panic attacks & school avoidance, 9 yr old male with Tourette's syndrome, case report, 2543
paradoxical hypnotic intervention, 12 yr old male with school phobia, case report, 9598
self regulation intervention, school phobia, female 12 yr old, case report, 12799
separation anxiety & school phobia in childhood, panic disorder, adult outpatients, 8693
statistical vs clinical approach in construction of risk profiles for primary prevention of school refusal, school age children, Venezuela, conference presentation, 19087

School Principals
age & school location, attitudes toward alcohol use, secondary school principals, Nigeria, 13442
communications as meaure of leadership in schools, secondary & elementary school principals, 17103
development & reliability & validity of Principal's Power Tactics Survey, assessment of administrative power strategies, elementary school principals & teachers, 31287
expulsions & suspensions of handicapped students, principals, 13663
influence over elementary school & principals' work behavior, parents of students, Canada, 17117
instructional leadership teams or principals' advisory council or school improvement teams or lead teacher committees, power relationships, teachers & principals, conference presentation, 38053
interview & interpersonal skills training, listening & talk time during interviews, 35–46 yr old school principals & teachers, 31015
kindergarten philosophies & practices, kindergarten teachers & office administrators & principals, 13486
leadership & work priorities, school principals or vice principals & superintendents of directors, Canada, 27496
multidimensional scaling, perceptions of disabilities, special education teachers vs administrators vs principals vs regular teachers, 23936
perception of need for staff development in elementary school reading program, primary vs intermediate teachers vs principals, 13447
perceptions of long term effects of Peer Assisted Leadership Program on administrative actions, principals & vice principals, 41189
prediction of behavior alteration techniques used by best vs average vs worst teachers, high school principals, 23924
situational leadership training, leadership effectiveness & style range, elementary school principals, 13464
stress & burnout, teachers vs department heads vs principals, 34558
training needs, principals & assistant principals & central office supervisors & administrators, 27500
trust & organizational health of school, secondary school teachers & principals, 27523
work stress & role clarity & job satisfaction & challenge, prediction of burnout, elementary & secondary school teachers & principals, 30988

School Psychologists
administration & interpretation & utility of K-ABC & McCarthy Scales of Children's Abilities & Stanford-Binet Form IV & WISC-R, school psychologists, 41360
age & sex & academic degree prevalence & nature of mentoring experience, school psychologists, 10032
assessment procedures used by multidisciplinary teams in evaluation of learning disabilities, school psychologists, 34800
attitudes toward & approaches to sexually abused children, male vs female school psychologists & child guidance staff, 41192
burnout & drifting away into clinical or other areas of psychology, school psychologists, Israel, 30999
characteristics & reasoning & conditions of incident, reporting of child abuse, school psychologists, 41210
cognitive psychology research & consultation problem solving, novice school psychology students vs expert school psychologists, training implications, 38304
cognitive psychology research & consultation problem solving, school psychologist, commentary, implications for training & school services, 38265
cognitive psychology research in consultation problem solving & counselor education, school psychologists, commentary, 38289
cognitive psychology research in consultation problem solving, school psychologists, commentary reply, 38303
compliance with Section 4 of learning disabilities exclusionary clause, educational diagnosis, school psychologists, 13713
conflicts regarding licensure & conflict between APA & National Association of School Psychologists, school psychologists, 17107
considerations for practice in pediatric settings, school psychologists, 2660
consultation problem solving, novice school psychology students vs expert school psychologists, training implications, commentary, 38276
content of revised credentialing standards of National Association of School Psychologists, implications for independent practice, 17114
cooperation model for promotion of family & community involvement in education of minority children, school counselors & psychologists, 17301
counseling & other interventions with visually impaired children & their families, school psychologists, 24225
credentials for professional licensing, school psychologists in private practice, 17125
crisis intervention role of school psychologists, facilitation of adjustment to & acceptance of child's handicap, parents of handicapped children, 13728
delivery of services & assessment techniques, school psychologists serving hearing impaired students, 31263
demographic characteristics & interests & goals, 1st & 2nd yr school psychology doctoral students, training implications, 41191
history & development & status of National Association of School Psychologists, 34565
history & future of cooperative & communicative professional interactions, National Association of School Psychologists & APA Division 16, 1969–89, 34555
holarchic theory of personality & behavior adjustment paradigm as training tool, school based psychologists, 23954
interest in licensure as professional credential, school psychologists, 17120
interview approaches & modification for developmental level, psychodiagnosis & educational placement, children & school psychologists, 34817
interviewing practices, eyewitness testimony accuracy & memory & role of school psychologist, children, 34582
intrinsic & extrinsic job factors, job satisfaction, school psychologists & school counselors, Israel, 27514
licensing & professional standards, school psychologists in independent private practice, 17119
National Association of School Psychologists, enactment of & trends in accreditation & credentialing standards & professional practice, school psychologists, 34557
National Association of School Psychologists, history of & trends in professional credentialing & standards, school psychologists, 1946–88, 34556
National Association of School Psychologists, trends in training & accreditation & other professional areas, school psychologists, 34561
National Association of School Psychologists' role in development of cooperative professional networks, support of school psychology, 34570
need for developmental parameters for interventions, child client autonomy & freedom of choice & rights, school psychologists & other helping professionals, 24212
needed professional training for & characteristics of practice in school vs community mental health center, school psychologists, 2673
nonbiased assessment of minority students, school psychologists, implications for training programs, 6821
nontraditional neurologic & neuropsychological services, school psychologists practicing in department of neurology, 2596
occupational stress, school psychologists, US vs England vs Australia, 23928
options & steps in development of licensure examination & scoring methods, school psychologists, 17315
organizational goal of child advocacy & quality of life improvement for children, National Association of School Psychologists, 34571
participation in clinically supervised activities & doctoral degree status, school psychologists, 27526
perception of & criteria for assessment of specific learning disability students, school psychologists, 13685
perception of job satisfaction & stability & quality of professional life, male vs female school psychologists, 34563
personal construct theory & Rep Grid technique, assessment of perceptions of role of school psychologists, college students vs school psychologists, 23948
private practice establishment & services & licensure & concerns, school psychologists, 3087
professional roles & functions, human resource development in business & industry, school psychologists, implications for professional graduate education & marketing, 3391
psychological & educational & research consultation, development of family medicine, school psychologists, 2645
public policy & effectiveness of professional self regulation, school psychologists, 38063
ratios of school psychologists to students indicating professional growth & future demand, 1914–86, implications for professional training, 3076
role & services in vocational rehabilitation for handicapped adolescents, school psychologists, 2882
role in examination of complex language disorders, school psychologists, implications for interdisciplinary cooperation, 31328
role in special & regular education partnership in instruction of handicapped children, school psychologists, 3298
roles & services to college professors & administrators & students, school psychologists, 3091
scenarios predicting organizational change & growth, National Association of School Psychologists, 34564
scientist/practitioner framework & relation to professional judgment in controversial or ambiguous circumstances, school psychologists, 13443
services & contributions to understanding & treatment in residential & day treatment centers, school psychologists consulting with disturbed children, 2820
specificity of school psychologist's recommendations for students with academic or behavior problems, attitudes toward implementation, elementary school teachers, 13463
teacher's referral reason, confirmation bias in special education eligibility decisions, school psychologists, 27800
training for & involvement with & attitudes toward reading assessment & intervention with reading disabled students, school psychologists, 17105

training in consultation interview skills, school psychology graduate students, replication & extension, 38055
1 day inservice workshop on behavioral consultation, problem identification skills, school psychologists & other related services personnel, 9977
School Psychology
antitests movement, schools, Israel, implications for school psychology, 24273
assessment of learning environment, school psychology, conference presentation, 24252
behavioral consultation prereferral intervention service, school psychology service usage & special education testing & eligibility, K–12th graders, 6 yr study, 24152
casebook for clarification of guidelines for provision of services in clinical & counseling & industrial/organization & school psychology, erratum, 34447
conceptual basis & domains of competence for effective practice, school psychology, 17318
contributions of L. Witmer to research & treatment, mentally or morally retarded children, 9245
current school psychological services, special education reform, 3292
current status & future training/educational & evaluation possibilities, school psychologists, 17118
development & current status of school psychology program at state university, 9967
development & principles of university school psychology program, 41203
doctoral entry level requirements in school psychology, conference presentation, 27522
doctoral vs master's level issue in social psychology education, commentary, 27495
expectations regarding psychological service delivery, personnel from comprehensive vs junior vs primary vs infant schools, England, 24269
historical development of special education & school psychology, France, 3253
history & developmental phases & plans for services in response to recent legislation, school psychology, Finland, 31286
history & practice of school psychology, Yugoslavia, 24267
history of children's services delivery & influence of National Association of School Psychologists, 34804
history of school psychological services, children & adolescents, Norway, 41387
history of school psychology, Norway, 24213
hypnotherapy, behavior problems, 10 & 14 yr old students, 41357
individual vs systemic conceptualizations of behavior & norm referenced vs process assessment & think aloud protocol analysis & need for research, educational assessment, commentary reply, 10293
integration of traditional & Western healing practices, establishment os mental health care programs & school psychology, Blacks, South Africa, 24216
issues in doctoral entry level training for private vs public sector school psychology practice, conference presentation, 27491
issues in entry level training for school psychology education, conference presentation, 27492
issues in entry level training for school psychology education, conference presentation, 27511
legal & ethical codes & standards for school based computer assisted assessment, 31281
mediated learning theory of cognitive development through interaction with adults, children, implications for traditional school psychology, 24217
movement toward doctoral entry level training in school psychology, conference presentation, 27487
National Conference on Internship Training in Psychology, internships in school psychology, 17109
need for & likelihood of shift in conceptual models for psychoeducational assessment, commentary, 10243
need for provision of school psychological services, healthy preschoolers, 27807
obstacles to change in current regular & special education systems & school psychology, commentary, 3279
operational definition & criteria & procedures for assessment of severe emotional disturbance, school psychologists, implications for special education placement, 31252
overview & considerations in interpretation of vocational interest inventories, school psychologists, 13748
person & environment centered approaches to prevention of behavioral & emotional problems, school psychologists & other school based personnel, 13698

school based programs & policies, suicide prevention, adolescents, 13694
school psychology research, Australia, 41185
school psychology research, China, 41182
school psychology research, Israel, 41184
service delivery problems, rural school psychologists, 24244
social & political & economic factors & major issues in school psychology research, South Africa, 31255
sufficiency of master's level education & continuing education, school psychologists, conference presentation, 27519
systems theory & S. Minuchin's structural model of family, school psychologist's assessment & intervention in classroom & family, male 4th grader & his teacher & family, 24228
treatment integrity in design & implementation of consultation & prereferral interventions, students, 27782
utility of process oriented think aloud protocol analysis vs traditional norm referenced procedures, educational diagnosis, school psychologists, commentary, 10250
utility of process oriented think aloud protocol analysis, educational assessment, school psychologists, 10292
vocational school psychology, special education students, US, implications for other countries, 24156
School Readiness
barriers to vs benefits of early admission to elementary school, gifted preschoolers, 34771
educational readiness, nondisabled survivors of neonatal encephalopathy, 1–2 yr followup, 12482
establishment of spatial awareness & other problems in starting school, frustration & emotional reactions, visually impaired children, England, conference presentation, 31210
predictive validity of abbreviated Printing Performance School Readiness Test, identification of at risk or failure prone children, prekindergartners, longitudinal study, 34835
predictive validity of school readiness battery, 5.5–6.5 yr old entering 1st graders, Israel, 1 yr followup, 38249
readiness & success in school & classroom communication interactions & textbook language, hearing impaired school age children, 34788
reliability & item analysis of Peabody Mathematics Readiness Test, K–2nd graders, 34811
role of parents in development of independence & language & play & other social behavior, visually impaired children, Scotland, implications for starting school, conference presentation, 31232

school entrance age, reading & arithmetic achievement & social emotional functioning, 4th graders, Israel, 4 yr followup, 24035
skill expectations for school readiness, preschool vs kindergarten teachers, 41193
utility of administration of readiness subtests of Inventory of Basic Skills in kindergarten, prediction of 2nd grade achievement, 4.7–6.3 yr olds, 13708
School Superintendents
attitudes toward education of students classified as severely & profoundly handicapped in regular schools, school superintendents, 13673
leadership & work priorities, school principals or vice principals & superintendents of directors, Canada, 27496
problem solving orientation & creative leadership, school superintendents, 38056
School Suspension
expulsions & suspensions of handicapped students, principals, 13663
on campus suspensions, 6th–8th graders, 27637
personalized behavior modification using in-school suspension, behavior change, middle school students, 6820
School Truancy
components of self esteem & family relations before vs after therapy, adolescents with family conflict vs school oriented vs goal searching school refusal, 37226
drug use & behavior problems, truant vs nontruant high school students, 5514
interdisciplinary treatment approach, family relations & school attendance, 8 yr old truant male & schizophrenic mother & other family members, England, case report, 16318
student attitudes & inhibiting class cutting, high school students, 41289
Schools [See Also Boarding Schools, Colleges, Community Colleges, Elementary Schools, Graduate Schools, High Schools, Institutional Schools, Junior High Schools, Kindergartens, Military Schools, Nursery Schools]
attitudes toward school, gifted 4th–9th graders, 34745
consultation & organizational development in schools, 20428
crisis intervention program in school community disaster, 7th graders & teachers, 6845
demographic variables & health issues & concerns of public school districts with vs without health promotion programs, superintendents, 10046
importance of location of residential school, maladjusted 12–15 yr olds, Scotland, 24118
interviews on role of schools in pursuit of peace preparedness, professionals in field of peace education, several countries, implications for constructive coping in children, 31030
mental health consultation, school systems, 24206
model for disaster intervention in schools, implications for psychologists, 6824
preplanned team oriented crisis intervention following sudden death, teachers & students & school counselors & psychologists & administrators, 27811
responses to death in school setting & maintenance of effective learning climate, school counselors, 38296
socialist society, sex roles in family & school & workplace, adults, USSR, 15384
splitting & triangulation theories, sociopsychological processes of conflict movement, organizations including public school system, 34963
suggestions for teacher & school involvement in health education for AIDS prevention, 27550
teachers' base pay & student teacher ratio & per student expenditures, predictors of satisfaction with local school systems, parents in rural & urban communities, 24109
training in child sexual abuse prevention for education services, 40540
university & school district consortium for gifted education, knowledge & attitudes, educational personnel, 34779
Sciatic Nerve [See Spinal Nerves]
Science Education
algebra competency & critical thinking skills, prediction of freshman & sophomore physics course performance, male vs female college students, 17193
analogy & simile & metaphor in science texts, learning & attitudes, 9th–10th graders, 38084
analysis of effect size & vote counting procedures in meta analytic studies, gender & science achievement, 31109
attitude & subjective norm, prediction of intention to enroll in elective high school physical science course, female 8th graders, test of reasoned action model, 17223
attitudes toward & knowledge of science, gifted 3rd vs 7th vs 11th graders, 24077
basis for response evaluation in computerized instruction in organic chemistry nomenclature, students, 27589
cognitive preferences & background & science achievement, 12th graders, Israel, 6742
cognitive reasoning & integrated science processes, analysis of learning hierarchy, 7th–12th grade science students, commentary, 41268
cognitive reasoning level & restructuring & disembedding ability & working memory capacity & prior knowledge, balancing equations by inspection, high school chemistry students, 27632
cognitive views of creativity, teaching methods for creative learning in science & mathematics & computing problems, 38102
commitment to rational process & humanity in social studies & science & mathematics disciplines, values education in secondary schools, 38109
communication technology class enrollment with parents vs peers, computer attitudes & achievement, 6th–7th graders & their parents, 3188
comprehension of concept of animal & knowledge of invertebrate & vertebrate distinction, 5th vs 8th vs 10th graders vs college students, implications for teaching animal classification, 24033
computer program, identification of misconceptions in genetics problem solving, college education majors, 27536
computer simulation of perceptions of static equilibrium, conceptual change, 8th–10th graders, Israel, 23979
computer software tools, comprehension of natural phenomenon in physical sciences, high school students, 31041
concept learning vs developmental vs differential vs problem solving focus, science education, 1973–87, literature review, 34591
construction & validity of Attitude toward Science in School Assessment, high school students, 24092
curriculum guidelines & teacher practices & student achievement in secondary school physics, Canada, 10052
descriptive vs explanatory vs conceptual change studies of conceptions & preconceptions in science, students, literature review, 3187
directed inquiry approach, learning science process skills & scientific problem solving, 9th–10th grade biology students, 34596
discordance between science interest & aptitude, science academic achievement, male secondary school students, India, 38155
educational & organizational & social factors, female participation in science education & careers, secondary school students, Thailand vs Australia, 17219
examination types & anxiety state & academic achievement in science education, college students intending to be science teachers, Israel, 31105
factor analysis of science attitude survey, gifted 6th–10th graders, 20716
formal reasoning ability & mental capacity & verbal intelligence & cognitive style, biological misconceptions on genetics & natural selection assignment, 7th graders, 27611
hands on vs teacher demonstration methods, achievement & reasoning & knowledge level in physical science, 9th graders, 31051
hierarchical learning theory, remediation of misconceptions of science, high school students, 27560

high school psychology & natural science courses, performance in college introductory psychology course, college students, 24042
individually competitive vs cooperatively reward structured learning environments, academic achievement, high school biology students, 31138
induced incorrect generalizations, learning laws of reflection of light, high school students, India, 27619
intelligence & field independence & prior knowledge, prediction of reading comprehension vs genetics achievement test performance, college students in genetics class, 3198
interaction videodisc vs conventional laboratory, attitudes toward biology instruction, college students, 31060
Introductory Science Teacher Education program, acquisition of science related attitudes & competence in lesson preparation, preservice science teachers, Nigeria, 3072
knowledge levels, misunderstandings in learning science & mathematics & programing, students, 34654
learner vs programed control of science computer assisted instruction, learning time & test score, 8th graders, 3134
lecture vs problem based approach to learning medical sciences, recall of facts, college students, 31082
locus of control & sequenced instructional strategy, understanding of science, preservice elementary science instructors, 23951
logic & science topic instruction, knowledge of BP problems, 9th–11th graders, 31061
long distance electronic networks, science education, students, 41236
microcomputer dynamic modeling, learning A level physics & academic ability, high school students, 27595
microcomputer dynamic modeling, level A physics instruction, high school students, 27594
mnemonic instruction in science concepts, retention & learning, 7–11 yr old behaviorally disordered students, 17269
model program to increase involvement in science, gifted 1st–9th grade females, 31219
networked computer environment for communication & data collection & analysis, earth science curriculum for small group activities, 6th graders, 41242
neuroticism & extraversion & level of aspiration, science vs arts college students, 13594
perceived credibility & personality traits of communicators recommending taking elective physical science courses in high school, female 8th graders, 17222
perceived importance of intellectual abilities for studying physics, college professors & researchers & teachers, 27483
predictive validity of group decision making theory, classroom decision making during scientific inquiry simulation, 9th & 10th graders, Canada, 34672
preinstruction conceptions of electrical circuits, teachers' development of physics instructional strategy, 6th vs 8th graders, France, 3133
problem finding behavior, selection of factors from structure of intellect model, gifted high school students, 6796
program for exploration of arts & sciences in depth from cognitive & social & affective perspectives, students in residential high school for excellence, Israel, 34798
questions requiring vs not requiring decisions vs informational statements, recall of chemistry test reading, high school chemistry students, 3149
science education, attitudes toward curiosity & cooperation & perseverance, 5–16 yr old learning disabled students, England, 3261
science education, junior school students with learning difficulties, England, 3278
science lessons with vs without presentation of instructional objectives, attitudes toward science, 7th graders, Nigeria, 10085
scientific & natural resource knowledge, understanding acidic deposition problem, 4th vs 8th vs 11th graders, implications for science curriculum, 41214
self perceived masculinity vs femininity, science attitudes & achievement, male vs female 11 yr olds, England, 3 yr followup, 13578
strategies for instruction of controlling variables in experiment designs, students, meta analysis, 38120
teacher intervention program, attitudes toward science as career, teachers & male vs female 9th graders, 31065
teaching method using self management & goal clarification & individualized expectations, science locus of control, prospective elementary school science teachers, 6659
teaching using phases of learning cycle method, physics attitudes & achievement, 11th–12th grade physics students, test of theory by R. Karplus & H. D. Thier, 3156
test scores & orientation toward science, male vs female 11 vs 16 vs 19 yr old students, Norway, 13605
tools of thought in development of integrated literature & arts & sciences curriculum, creative & gifted students, 34776
training in chemistry or biology text structure, reading comprehension & recall, college students, 17138
transfer of computer based microworld ecology learning to other educational settings, 5th–6th graders, 41238
understanding of science concepts, Asian language vs English speaking high school students, England, 10117
use of Likert type vs multiple choice vs written paragraph vs structured interview format, assessment of sources of beliefs about science & technology & society, 12th graders, Canada, 24075
verbal presentation of atypical vs typical attributes of scientist, stereotypical drawing of scientist, male vs female 5th graders, Ireland, implications for science education, 27652
videocassette recording of interaction with microcomputer & science software, studying concepts & problem solving strategies, college chemistry students, 3195
views on enduring effects of science education, professional biological scientists, 3153
Sciences [See Also Adolescent Psychology, Anthropology, Applied Psychology, Biochemistry, Biology, Botany, Chemistry, Child Psychology, Clinical Psychology, Comparative Psychology, Consumer Psychology, Counseling Psychology, Developmental Psychology, Educational Psychology, Engineering Psychology, Epidemiology, Experimental Psychology, Forensic Psychology, Geography, Gerontology, Industrial Psychology, Mathematical Psychology, Mathematics, Medical Psychology, Medical Sciences, Military Psychology, Neuroanatomy, Neurobiology, Neurochemistry, Neuroendocrinology, Neurophysiology, Neuropsychiatry, Neuropsychology, Neurosciences, Physics, Physiological Psychology, Psychobiology, Psychology, School Psychology, Social Psychology, Social Sciences, Sociology, Zoology]
cognitive processes, interpretation of scientific & mathematical concepts, teaching applications, 322
cognitive reasoning levels, validation of hierarchical relationships among Piagetian cognitive modes & integrated science process skills, 7th–12th grade science students, 8070
concept of time in explanation of indeterminism, physics & other sciences vs humanities, 23
critical issues in advancement of sexual science, 32743
development of scientific problem classification & relation to creativity in science, 17502
differentiation of sciences on basis of subjectivity, 17507
educational & organizational & social factors, female participation in science education & careers, secondary school students, Thailand vs Australia, 17219
handedness & intelligence & cerebral dominance in science learning, male vs female 11th–12th graders & science college students, 8017
inclusion of subjective mental states vital to religion in mentalist paradigm, 22
limitations of scientific research, communication disorders, commentary, 33445
limitations of scientific research, communication disorders, commentary, 33444
perceived scientific nature of psychoanalysis, psychiatrists & psychoanalysts & philosophers of science & others, 16383
Piagetian variables, development of scientific reasoning abilities, 7th vs 10th–12th graders, 29097
population distribution of scientific creativity, high school science students, India, 41269

racial identity & self efficacy & vocational interests & college environment vs SAT & college & high school GPA, completion of BS degree, Black computer science & engineering students, 10138
rules about importance of types of information, reading times & recall for science text, experts vs novices, 14426
self efficacy & inventoried vocational interests, college science or engineering students, 34687
sex & area of science achievement, attitudes toward scientific research, gifted high school students, 10235
spontaneous use of analogies in scientific problem solving, adults, 28288
test scores & orientation toward science, male vs female 11 vs 16 vs 19 yr old students, Norway, 13605
training about philosophical characteristics of science, objective orientation toward psychology, 18–40 yr old college students with different majors, 34690
Scientific Communication [See Also Psychological Terminology]
ability as factor in causal models of psychology academic publishing productivity, psychologists, 41149
age, low vs high impact articles & scientific achievement, psychologists, 34508
alternative model for manuscript submission to psychology journals, 3023
analysis & history of "Journal of Organizational Behavior Management", 1977–86, 31388
analysis of articles in "Music Therapy Perspectives" & "Music Therapy" & "The Arts in Psychotherapy", 9309
APA amicus briefs on decision making capacity & abortion, adolescents, implications for scientific authority & legal system, 32704
attitudes & needs & access & use of professional literature & consultation resources, child protection workers, 30888
authors & publications & research sources cited in "Health Psychology" vs "Journal of Behavioral Medicine", 23835
availability of information on & standards for software applications in psychological tests, practicing psychologists & software vendors, 35081
biography of A. Wigan & hemispheric asymmetry theory in "The Duality of Mind", 611
characteristics of & articles published in "Journal of Mental Health Counseling", 1979–88, bibliography, 30696
characteristics of frequently & rarely cited articles about special education, 1966–86, 24199
characteristics of prominent & frequently cited journal articles, mental retardation field, 1976–85, 20407
citation analysis of 5 volumes of "Journal of Consumer Research", 41551
communication gap between mass media & interpersonal communication research, implications for collaborative influence of cognitive focus, 25329
communication of decision & risk analysis information, reactor safety decisions, senior managers of Nuclear Regulatory Commission, 17356
COMPsych system for collection & dissemination of information about psychology software, conference presentation, 37959
computer program to convert PsycLIT CD-ROM abstracts to APA format bibliographies, 38573
computers in counselor education, current vs 1984 literature, 23861
content analysis of articles in "Journal of Pediatric Psychology", 1976–85, 19675
content analysis of influential works & identification of influential scholars in field of multicultural counseling, 1982–87, literature review, 27172
content analysis of "International Journal for the Advancement of Counseling", 2728
content analysis of "Journal of Counseling & Development", 1969–88, 20155
content analysis of sample characteristics & methodology of racial or ethnic minority focused research in "Journal of Counseling Psychology", 1976–1986, 6367
content of articles published in "Journal of Motor Behavior", 1969–71 vs 1985–86, 10709
context & development of National Research Council's 10 yr report on behavioral & social sciences, 38565
contributions to rehabilitation counseling literature, 1970–85, 6469
covered topics & author affiliations in Australian Journal of Sex, Marriage & Family, 1980–88, 39761
data misrepresentation & misinterpretation in cerebral dominance crossed aphasia studies, aphasic bilingual patients, 26644
demographics & characteristics of poster submissions, Division 8 APA members, 3013
difficulty obtaining conference presentation reprints, 30921
doctoral dissertation research in rehabilitation counseling, 1984–85, bibliography, 41034
doctoral dissertations on gerontology, France, 1971–85, bibliography, 39704
E. W. Straus' role in development of philosophical anthropology & anthropological medicine, 28031
errors in direct quotations in sample of scholarly social science journal articles, 34477
external dependence on & uncertainty about funding, publication productivity, academic & nonacademic scientists, Israel, conference presentation, 34583
false dichotomy of interpersonal vs mass media communication research, intellectual costs, 25337
feasibility study of applying computer conferencing to research on homosexuality & variant sexuality, 22268
framework for converting data from test development research to examiner's manual, 38669
frequency of citations made to psychiatric journals, 38000
group processes & personal relationships in scientific collaborative work, pairs of social psychology & management & computer science researchers, 10536
H. J. Eysenck's & Skinner's responses to disclosures regarding J. Wolpe's & A. A. Lazarus's misreporting of scientific data, imagery & behavior therapy, commentary reply, 35034
historical roots & current qualities of treatment manuals in psychotherapy, implications for research & theory & training & practice, 12675
history & cultural boundaries of & other research issues in social sciences, 35023
history & evolution of "American Journal of Psychology", 3501
history & function of psychotropic drug advertisements in technical psychiatry journals, 1955–80, 30489
history of conceptual development & composition & publication of D. Hartley's "Observations in Man, His Frame, His Duty, and His Expectations", 3525
history of journal "Psychological Research/Psychologische Forschung", 17523
humanistic psychology & effective functioning, curriculum development & research & establishment of newsletter, 31528
hypnosis & clinical hypnotherapy articles published in scientific literature, 1966–85, 14490
images of females in medical journal advertisements, 30900
impact of T. S. Kuhn's "Structure of Scientific Revolutions" on psychological journal literature, 1969–83, literature review, 28018
integration of biology & cognition & epistemology in "The Tree of Knowledge" by H. R. Maturana & F. J. Varela, 35037
interactive computer, scientific information exchange, 25340
interjudgmental reliability & agreement in evaluation of manuscripts submitted to "Journal of Educational Psychology", peer reviewers, 30918
issues & processes of person centered approach in cross cultural communication workshop, 30367
joint design of participation & goal setting experiment, resolution of conflicting results between Es, adult business students, 10539
journal articles on psychosocial development & biopsychological changes & service delivery & chronic physical & psychosocial morbidities & prevention & health promotion, adolescents, bibliography, 20042

journal articles regarding models of integration of psychology & theology & educational background of their authors, 1980–85, literature review, 4801
judgment calls, meta analysis in literature reviews of organizational psychology & behavior topics, 24698
language of journal articles on suicide & mental disorders, 1966–86, 32920
liberal ideological bias in reporting results for research into authoritarianism & conservatism, 32895
list of special issues & topic trends in "Personnel Guidance Journal" & "Journal of Counseling & Development", 1966–84 & 1984–87, 20153
major research themes including psychometrics & acculturation & language issus, Hispanic Journal of Behavioral Sciences, 1979–88, 30866
manuscript preparation, published psychological research, 10542
misleading interpretation of assessment of accuracy of educational intervention, reading disabled 1st graders, commentary, 17258
misreporting of scientific data & defense of J. Wolpe, imagery & behavior therapy, commentary reply, 35043
misreporting of scientific data & H. J. Eysenck's defense of J. Wolpe, imagery & behavior therapy, commentary reply, 35039
music therapy theory & practice themes in "Journal of Music Therapy", 1964–84, 2183
necessity of & utility to scientific progress of reporting sex differences in psychological literature, commentary, 14054
necessity of & utility to scientific progress of reporting sex differences in psychological literature, commentary, 14062
need for criteria for identifying refereed journals, implications for professional appointment & promotion & tenure, college & university teachers of psychology, 6628
need for inclusion of consent & debriefing procedures & incentives & demographics of research participants in method section of APA journal articles, 14059
need informational approach to study of psyche & behavior, psychological concepts & interdisciplinary communication, 28003
nursing home research in 3 psychiatric journals, 1966–85, literature review, 40981
organizational & social psychological factors, cross cultural collaboration in social sciences, India & US, 11592
perceptions of family therapy, psychiatric journal reviews, 1955–70, 20372
perceptions of research papers & position papers/research reviews & books in special education field, professionals working with learning disabilities & mental retardation & behavior disorders, 34768
political context & institutional agendas & National Research Council's report on behavioral & social sciences, commentary, 38559
predictions of research publishing productivity, 30–74 yr old psychiatrists, 1978–84, New Zealand & Australia, 27442
print oriented archival data sets as solution to page limitations in scientific psychological journals, 27462
professional communication between A. Binet & L. M. Terman, development of science of psychological testing, 38580
proportion of articles in community psychology journals dealing with ethnic minorities, implications for commitment of field to cultural diversity, 11722
psychological research productivity & quality of university departments assessed by number of articles published in APA journals, commentary, 27440
psychology & related topics covered in Simulation & Games journal, 1979–89, 38549
psychology journal citations in APA journals, 31508
quality of dialogic vs empirical data in construction of social reality in behavioral & social sciences, 14036
ranking helpfulness of mental health journals, 9944
representation of communication journals in Social Sciences Citation Index, 1977–85, 25338
representation of communication journals in Social Sciences Citation Index's Journal Citation Reports, 1983–85, 25341
research practice & content analyses of research reports, development of research relationship in community psychology, psychologists, 3062
research productivity of graduate psychology departments based on number of articles published in APA journals & reputational ratings, commentary, 27435
research productivity of graduate psychology programs based on number of articles published in APA journals & reputational ratings, commentary, 27400
research productivity of graduate psychology programs based on number of articles in APA journals & reputational ratings, commentary reply, 27426
research productivity of graduate psychology programs based on number of articles published in APA journals & reputational ratings, commentary, 27463
review & evaluation of research studies published in Theory & Research in Social Education, 1979–86, 20492
role of APA in increasing awareness of relevance of psychology to AIDS, 13375
scales used in "Journal of Adolescent Health Care" articles for measurement of psychosocial dimensions, 18679
serial transmission effect, dissemination of technique for assessment of statistical significance of congruence coefficients, 17661
sex of dissertation advisor, rate of publication after graduation, male vs female psychologists vs biologists, commentary, 30936
sex of dissertation advisor, rate of publication after graduation, male vs female psychologists vs biologists, commentary reply, 30945
sex of dissertation advisor, rate of publication after graduation, psychologists vs biologists, commentary, 30958
sex, research & publication experiences, 23–67 yr old members of American College Personnel Association, 23946
Skinner's view on aversive treatment for behavior problems, 9446
standards for educational & psychological testing in APA's "Guidelines for Computer-Based Tests & Interpretations" & validity of computer interpretations, 35189
statistical analysis & interpretation & reporting of results, published psychological research, 10541
stylistic rules, avoidance of ethno- & egocentrism in works to be published in psychology journals, authors, 13319
survey of reference sources on psychology of adult development & aging, 32348
topic & diploma type & institution & author's gender, doctoral dissertations on gerontology, France, 1971-85, 39703
trends in research topics & animals studied, behavioral endocrinologists publishing in journal 'Hormones & Behavior', 1970–86, 4194
underreporting of psychoactive drug regimens in research & special education journals, mentally retarded, 19919
Scientific Methods [See Experimental Methods]
Scientists [See Also Related Terms]
advances in childrearing practices & child abandonment in historical perspective, development of famous writers & scientists, 1600–1987, application of L. DeMause's evolution of childhood, 1209
alienation & sense of life purpose, 25–65 yr old male foresters working in marginally vs heavily polluted area, 13935
expertise in interpretation of scientific diagrams, mental representation & search strategies of diagrams, meteorologist vs nonmeteorologists, Australia, 38840
external dependence on & uncertainty about funding, publication productivity, academic & nonacademic scientists, Israel, conference presentation, 34583
group processes & personal relationships in scientific collaborative work, pairs of social psychology & management & computer science researchers, 10536
inclusion in NASA space research programs, behavioral scientists, 41525
network analysis with triangulation strategy, social relations, biomedical scientists, 35
psychokinesis & psychical research of W. Crawford, 21001

university vs nonacademic scientific research, work climate, researchers, Israel, 13854
validity of World Hypothesis Scale vs Organicism-Mechanism Paradigm Inventory, prediction of theoretical orientation & personality traits, scientists, 7121
verbal presentation of atypical vs typical attributes of scientist, ste eotypical drawing of scientist, male vs female 5th graders, Ireland, implications for science education, 27652
views on enduring effects of science education, professional biological scientists, 3153
Sclera [See Eye (Anatomy)]
Sclerosis (Nervous System) [See Also Multiple Sclerosis]
clinical manifestations, patients with tuberous sclerosis, 5659
cranial motor nerve manifestations of amyotrophic lateral sclerosis & neuropathologic sources of speech motor impairments, 1990
organic affective syndromes, patients with symmetrical basal ganglia sclerosis, 29991
psychological adjustment & cognitive & neuropsychological impairments, patients with amyotrophic lateral sclerosis, 9152
support group, families of amyotrophic lateral sclerosis patients, implications for treatment, 9392
supranuclear disturbances in eye & lid motility & intellectual & motor deficits, Chamorro 53–90 yr olds with amyotrophic lateral sclerosis & parkinsonism dementia complex, Guam & Rota, 22983
thanatology training in treatment of amyotrophic lateral sclerosis, medical students, 23863
Scopolamine
acute scopolamine vs lorazepam, 62–78 yr old inpatients with major depression, 12890
age & scopolamine dosages, social & individual behavior, rats, 14941
arecoline vs dextroamphetamine vs CS or UCS exposure, scopolamine induced amnesia following active avoidance training, male mice, 18414
atropine or scopolamine, duration of tonic immobility, chickens, 14860
baclofen &/vs scopolamine, 8 arm radial maze performance, male rats, 18440
benzodiazepine receptor inverse agonist vs antagonist vs agonist beta carbolines, scopolamine induced impairment of spontaneous alternation , male mice, 4477
beta endorphin &/vs oxotremorine with vs without scopolamine, retention test performance of conditioned emotional response, mice, 21719
bombesin with vs without scopolamine, grooming behavior, hamsters, 11260
cholinergic antagonist scopolamine &/or oxotremorine microinjection into lateral ventricle or preoptic area, sexual behavior, male rats, 25242
classical conditioning of scopolamine & distinctive environment with vs without pimozide pretreatment, horizontal & vertical motor activity, male rats, 21783
dextroamphetamine vs scopolamine vs morphine & role of control activity level, differences in spontaneous motor activity responses, CF-1 vs C57BL/6 vs CD-1 vs DBA/2 male mice, 35914
D1 vs D2 dopamine antagonists, scopolamine induced deficits on radial arm maze performance, female rats, 18372
glucose-physostigmine injections, scopolamine induced tremors & locomotor activity, 6 wk old mice, 21820
hippocampal lesions vs scopolamine injections, active & passive maze performance, male rats, 25135
hypothalamus infusion of scopolamine, sexual receptivity, female rats, 14874
idebenone enhancement of cerebral metabolism, tryptophan deficient food motivated learning & scopolamine impairment of memory, male rats, animal model of presenile dementia & Alzheimer's disease, 39426
low dose scopolamine, discrimination & memory in auditory delayed conditional discrimination task, male rats, 25251
nicotine vs scopolamine, radial maze acquisition, rats, 7895
nootropic drugs, scopolamine induced amnesia, male mice, 11314
physostigmine, scopolamine induced cognitive deficits & plasma ACTH levels, 19–41 yr olds, implications for treatment of Alzheimer's disease, 25288
piracetam, amnesia & behaviors induced by scopolamine vs diazepam vs ECS, male mice, 4407
postselection delays, acquisition of radial maze performance & response to scopolamine, male rats, 4452
posttraining epinephrine vs glucose vs arecoline, attenuation of scopolamine induced amnesia in avoidance inhibition task, male mice, 21821
pretraining scopolamine, passive avoidance & place conditioning & retention in water maze, norepinephrine depleted male mice, 25205
propranolol vs methylscopolamine during exposure to phobic slides, habituation of GSR & heart rate, adults with phobia, 846
scopolamine &/vs haloperidol, amnesia in radial maze performance, trained female rats, implications for acetylcholine & dopamine interaction, 4427
scopolamine &/vs physostigmine, working & reference memory, pigeons, 903
scopolamine, acquisition & retention & recall of passive avoidance learning task, male rats, 4349
scopolamine, acquisition & retention of maze learning following avoidance conditioning, young male rats, implications for muscarinic receptors, 18448
scopolamine, amnesia of passive avoidance, mice, animal model of dementia, 21807
scopolamine, anterograde & remote memory, 31–59 yr old males, implications for drug models of memory failure in dementia, 32298
scopolamine, cholinergic muscarinic blockade in complex maze learning, 3 vs 23 mo old male rats, 35899
scopolamine dosage, discrimination, male rats, 11250
scopolamine dosage, EEG & heart rate & BP & symptoms & attention & memory performance, college students, 4476
scopolamine dosage, verbal & nonverbal memory & attention, 18–48 yr olds, model of Alzheimer's disease, 14821
scopolamine, footshock & clonidine induced wall climbing & its ontogenetic decline, infant to adult rats, 11265
scopolamine hydrobromide vs scopolamine methybromide, previously trained discrimination of continuous vs intermittent visual vs auditory stimuli, male vs female rats, 39412
scopolamine, information detection & processing & reasoning & CFF & alertness & memory, male college students, implications for geriatric memory loss, 928
scopolamine, ontogeny of activity, 13–28 day old inbred vs random bred mouse strains, 28811
scopolamine or clonidine, learning & performance of tracking task, 18–50 yr olds, 39299
scopolamine, performance in delayed response radial maze, rats, 14817
scopolamine pretreatment, neurological & behavioral deficits following concussive brain injury, male rats, implications for human head injury, 11118
scopolamine, recognition of juvenile conspecific & possible induced olfactory discrimination deficit, male rats, 21816
scopolamine, REM latency & sleep EEG & cortisol secretion, 19–45 yr old males, implications for depression, 28953
scopolamine, repeated acquisition of radial arm maze performance, rats, 4451
scopolamine, time between avoidance learning & disruption of formation of durable memories, male mice, 21802
scopolamine vs atropine pretreatment, physiological & psychological responses to physostigmine, male Ss & psychiatric patients, implications for chemical warfare, 863
scopolamine vs atropine, vocalization & activity latencies in open field behavior, red vs white leghorn chickens, 18400
scopolamine vs atropine with vs without physostigmine, multiple schedule food & shock maintained responding, male squirrel monkeys, 35916
scopolamine vs benzhexol vs secoverine vs methylscopolamine, pilocarpine vs physostigmine induced purposeless chewing, rats, 18451

scopolamine vs dextroamphetamine vs apomorphine, spontaneous alternation & position bias, mice, 39358
scopolamine vs methylscopolamine vs mecamylamine pretreatment, mortality & incidence of transient behavioral suppression & apnea & heart rate & BP following fluid percussion brain injury, male rats, 7882
scopolamine vs methysergide, attention & memory & long latency auditory EPs, 22–39 yr olds, 28914
scopolamine vs oxotremorine vs propranolol vs phorbol myristate acetate, learning & retention in passive & active avoidance, male mice, implications for protein kinases & 2nd messengers, 877
scopolamine, working memory for spatial tasks, 18–29 yr old males, 18424
scopolamine, working memory performance during concurrent secondary tasks, male 18–29 yr olds, 25297
separate vs combined muscarinic & nicotinic acetylcholine receptor blockade by scopolamine &/vs mecamylamine, spatial memory performance in radial arm maze, female rats, 28895
transdermal scopolamine, motion sickness & psychological performance & physiological functioning, literature review, 20003
transdermal scopolamine, psychological performance & visual functioning at sea, 18–40 yr old male naval volunteers, 9558
unilateral lesions of supracallosal pathways & fimbria fornix & scopolamine, locomotion & hole poking & grooming, female rats, 28705
2-amino-5-phosphonovalerate vs PCP vs scopolamine, passive avoidance & radial maze learning, male rats, 11203
Scopolamine Hydrobromide [See Scopolamine]
Score Equating
comparison of 5 methods of equating minimum competency tests required for high school graduation, 9th–11th graders, 1984 vs 1986, 20685
derivation of R. S. Levine's formulae for equating unequally reliable tests using random groups without parallelism assumption, educational applications, 31293
reassessment of summation approach to scoring health practices, adults, 29424
T score system, age & education & sex differences in WAIS vs WAIS-R, adults, implications for clinical use, 38677
test equating vs test construction from pretested item pool using item response theory, maintenance of educational examination standards, conference presentation, 27779
Scores (Test) [See Test Scores]
Scoring (Testing) [See Also Cutting Scores]
application of multiple matrix sampling to standard setting, estimation of borderline examinee performance & cutting scores on medical exam, physician experts, 7162
cloze analysis scoring criteria & rater's educational level, predictability of speech, patients with schizophrenia vs affective disorder, 29593
comparison of 3 scoring methods for Brazelton Neonatal Assessment Scale, detection of group differences, neonates, 17674
correction for guessing formula scoring & test difficulty, test performance, examinees, 10241
correction for guessing instructions & formula vs number right scoring, multiple choice test taking strategies, college students, 10554
equi-percentile scaling vs linear scaling prior to grading vs grading without scaling, grades on history & physics examinations of General Certificate of Secondary Education, test candidates, 27781
errors in WAIS-R & WISC-R scoring, examiners, 17551
establishment of scoring systems for norm referenced standardized tests, 38595
frequency & type of errors made on WISC-R Full Scale IQ score protocols, graduate students in clinical psychology, 21050
improved scoring system for General Health Questionnaire, screening for functional mental disorders, community residents, Great Britain, 24601
inappropriate omissions under conventional formula scoring instructions for multiple choice tests, simulated examinees, 34808
inclusion vs exclusion vs correction for guessing scoring procedures, reliability & validity indices & grade categories for multiple choice test items, graduate students, 10275
interjudge & scoring reliability of Core Conflictual Relationship Theme method, assessment of relationship patterns in psychotherapy, patients, 14108
interrater reliability of Marley's Differential Diagnosis Scoring System for Bender Gestalt Test, diagnosis of brain dysfunction, raters of 12–84 yr old psychiatric clinic patients, 38603
interrater reliability of need-threat scoring system for Children's Apperception Test, assessment of emotional status, 6–9 yr olds, 21074
limitations of prior scoring system & utility of Rorschach Comprehensive System & computerized interpretation in reanalysis, assessment of personality disorder types, Nazi war criminals, 22775
methods of scoring General Health Questionnaire, adult community residents, Canada, 10552
microcomputer system, scoring of College Level Examination Program, college students, 31285
MMPI K correction, false negatives or positives in profile shape, psychiatric inpatients, 35108
new composite scoring procedure for Competitive Orientation Inventory & sex differences in sport confidence & competitive orientation, high school vs college vs elite class athletes, 21141
options & steps in development of licensure examination & scoring methods, school psychologists, 17315
reassessment of summation approach to scoring health practices, adults, 29424
revised scoring methods for Token Test & Reporter's Test, sensitivity to errors, normal vs language disordered K–4th graders, 35135
SAS item analysis program, academic test scoring support, 10282
scoring & administration & clinical utility of studies involving Family Concept Assessment Method, measurement of family relations, implications for family therapy, 29206
scoring method on Representational Stencil Design Test, differences in problem solving processes, 7th–8th graders, 20686
scoring methods incorporating partial knowledge vs chance success levels, reliability & interitem correlations of multiple true false items, college & medical students, 10242
scoring nonresponse on Mini-Mental State Examination, assessment of ability to perform daily living activities, 60 yr olds & older, 24592
scoring systems for Object Relations Technique, adult & adolescent psychiatric patients, 15570
sensitivity response bias of & appropriateness of original scoring scheme for Marlowe-Crowne Social Desirability Scale, college students, 21059
sex & examiner's education, presence & type of clerical errors made on scoring WISC–R protocols, school psychologists or interns, 10283
sociometric test scoring with different weighting systems, generalization of person preferences in work vs play vs sitting situations, 5th graders, India, 18683
student sex & ability & SES, effects of error marking rates on percentile rank shifts on Progressive Achievement Tests, commentary, 3339
test & interrater reliability of articulatory inventory using phoneme identification vs traditional judging formats, dysarthric 18–72 yr olds, 152
test retest reliability of computer based modified confidence weighted admissible probability measurement vs conventional forced choice test scoring, elementary & junior high school students, 38244
validity of weight loss item scoring in Hamilton Rating Scale for Depression, psychiatric inpatients, commentary with reply included, 31660

Scotland
activities of Alcohol Research Group, Scotland, 8909
addictive behaviors research group, modification of addictive behavior & development & evaluation of intervention methods & alcohol education programs, Scotland, 2918
age & marital status, suicide rates, 1973–83, Scotland, 5424
alcohol & caffeine & tobacco & marihuana & other drug usage, 1st vs final yr nursing students, Scotland, 6596
alcohol advertising, reinforcement of under-age drinking, 10–17 yr olds, Scotland, 18636
attitudes toward smoking & drinking & smoking patterns, males, Scotland, 4930
buprenorphine & temazepam use, drug abusing clients, Scotland, 36885
history & current activities of geriatric psychiatry research & treatment, Scotland, 16794
importance of location of residential school, maladjusted 12–15 yr olds, Scotland, 24118
ingroup vs outgroup favoritism toward Dundee vs Glasgow Scottish vs received pronunciation English accents, evaluations of speakers, 10–15 yr olds, Scotland, 15136
living alone vs with adult relatives or friends who showed low vs high expressed emotion, relapse rates, schizophrenic adults, 12 mo study, Scotland, 8660
maternal alcohol consumption during pregnancy & birth abnormalities, mothers & their offspring, Scotland, 5757
measurement of attitudes toward Christianity, 11–16 yr old Catholic school students, Scotland vs England, 31158
parasuicide rates & methods, males vs females, 1976–84, Scotland vs England, 12171
perceptions of male vs female drinkers vs abstainers, adults, Scotland, 4916
practice in primary health care settings & collaboration with general practitioners, psychiatrists, Scotland, 27445
prevalence of psychiatric illness, 65 yr olds & older, Scotland, 32924
prevalence vs inception rates of affective & other psychiatric disorders, 18–65 yr old females in psychiatric care vs from general population, Scotland, 8718
progress & use of services & outcome of treatment in different hospitals & groups, chronically ill day patients, Scotland, 3 yr followup, 16888
rehabilitation potential, long stay psychiatric inpatients under 65 yrs old, Scotland, 40984
symptoms & outcome & relapse, 1st episode schizophrenic patients, 1 yr followup, Scotland, 8735
Scotopic Stimulation
size of stabilized background in photopic & scotopic vision & role of retinal cell spatial filtering, spatial pattern sensitivity & saturating effect & rod & cone interactions, adults, 35282
Scratching
development of stereotypic hindlimb scratching & pawshake responses, neuromuscular patterns assessed by EMG, spinalized vs intact 0–60 day old kittens, 792
Screening [See Also Drug Usage Screening, Job Applicant Screening]
acceptance of HIV antibody testing, adults seeking outpatient treatment for cocaine abuse, 20321
age & social class & health behavior & knowledge of breast cancer, female 15–76 yr olds attending breast screening unit vs medical patients, UK, 12997
compliance vs noncompliance with breast cancer screening program, female 40 yr olds & older HMO members, 16752
concurrent validity of Minnesota Infant Development Inventory with Bayley Scales of Infant Development, screening for developmental delay, high risk 8 mo olds, 14107
cost effectiveness of screening for hepatitis for only marker anti-HBc, institutionalized mentally retarded clients, 6374
current practices of accredited vs nonaccredited institutions regarding psychological & social/emotional fitness, teacher education students, 17111
development & validation of ego strength scale for Child Abuse Potential Inventory, screening of child abusers, nurturing vs general population vs at risk parents vs parents involved in other family violence, 14140
development of screening procedure for referral by physicians to speech pathologist for treatment of stuttering, 4–7 yr olds, 30556
Developmental Indicators for the Assessment of Learning, screening heterogenous populations in international schools, kindergartners, 24243
diary of self monitored driving habits & actual observed driving behavior, screening for deficits that may affect driving performance, 65–90 yr olds, 41392
dysmenorrhea & PMS, 14–18 yr old White female high school students, implications for self help methods & problem screening, 40876
effectiveness of screening for somatization disorder, adults with chronic fatigue, 40456
elicitation of alcohol drinking history via computer vs nurse vs psychiatrist during hospital screening interview, 16–60 yr old newly admitted patients, 37770
ethical considerations & risks in HIV antibody screening, Ss in pharmaceutical research, 5728
frequency & clinician detection of patient requests during initial screening, walk in patients & staff at psychiatric clinic, 37694
functional assessments of geriatric inpatients, diagnostic & therapeutic & patient education recommendations & clinical assessments, primary care physicians, 27229
improved scoring system for General Health Questionnaire, screening for functional mental disorders, community residents, Great Britain, 24601
inservice workshop, early identification of children at risk for auditory processing problems, preschool teachers, 23950
interactive approach to screening & identification of special education needs & evaluation of interventions, children, 24163
memory testing & cued recall, screening for dementia, elderly patients, 9066
motivational interviewing based Drinker's Check-up, health screening & treatment selection & client self assessment & help seeking, adult problem drinkers, 16979
motor & sensory abilities & academic readiness screening, normal vs at risk kindergartners, 16001
neurological & motor & language & behavioral screening status between 30 wks & 3 yrs of age, prediction of educational achievement & behavioral adjustment, 6.5–7.5 yr olds, Scotland, 13697
parental detection & signs of handicap in child, parents of hearing impaired 2–6 yr olds, 2023
prevalence of dementia measured by Cambridge Mental Disorders of the Elderly Examination, 75 yr olds & older, England, 33142
prevalence of depression & panic disorder, 26–78 yr old emergency room patients with atypical chest pain, 34199
public health reasons for increased HIV screening, 30062
scoring nonresponse on Mini-Mental State Examination, assessment of ability to perform daily living activities, 60 yr olds & older, 24592
screening accuracy & predictive validity of Children's Self-Report Rating Scale, 3551
screening for & rate of thyroid disease, patients during psychiatric admission, 13165
screening for alcoholism, sexual dysfunction patients, implications for psychiatric & medical staff training, conference presentation, 29927
screening for DSM-III personality disorders, females with eating disorders, 40531
utility of psychiatric screening procedures in medical settings, 9620
validity of Blessed Dementia Scale, screening for dementia, 70 yr olds & older with dementia, 31591
validity of Continuous Performance Test, diagnosis of or screening for attention deficit disorder and/or impulsivity, 5.6–14.5 yr olds, 14179
validity of 7 alcoholism scales of MMPI as screening tests, medical vs psychiatric vs alcohol or drug patients, 1865
victimization screening, 4–80 yr old medical center outpatients from poor neighborhood, 2584

visual acuity card assessment procedure, low vs high risk infants & children 3 weeks old & older, 8520
WISC-R & Illnois Test of Psycholinguistic Abilities Revised & Detroit Tests of Learning Aptitudes & GFW Selective Attention Test, screening for attention deficit disorder, 7–10 yr olds, 7184
Screening Tests [See Also Psychological Screening Inventory]
accuracy of depression measures & anxiety screening tests, hospitalized alcoholic patients, 35126
administration of Abnormal Involuntary Movement Scale, screening for tardive dyskinesia, patients on neuroleptics, 19996
articulation screening measure focusing on phonological content of error, identification of articulation disorders, 3.5–4.9 yr olds, implications for speech therapy placement, 36962
attitude toward screening for beta thalassaemia in children, Asian Muslim parents of school age children intending to arrange marriages, UK, 37017
BASIC computer program for computation of sensitivity & specificity & predictive values of screening tests, 28094
child & family sociodemographic variables, Metro Manila Development Screening Test performance, 1 mo–6.5 yr old chronically ill children, Philippines, conference presentation, 40059
classificational validity of Miller Assessment for Preschoolers, prediction of intelligence & achievement outcomes, preschoolers, 4 yr followup, 13726
classificatory accuracy & factor structure of Self Administered Alcoholism Screening Test, alcoholic vs nonalcoholic adults, US vs Mexico, 35115
concurrent validity of Matrix Analogies Test-Short Form vs Draw A Person: A Quantitative Scoring System, assessment of academic achievement & ability, learning disabled 4th & 5th graders, 27804
construct validity of PPVT-R vs WAIS-R, intellectual screening, 18–48 yr olds, 35088
construction & reliability of Suicide Checklist, assessment of suicide potential by nursing staff, jail inmates, Canada, 14090
construction of Brief Screen for Depression questionnaire, depressed vs nondepressed psychiatric patients, 35133
content bias of MacAndrew's Alcoholism Scale of MMPI, patients with psychiatric vs general medical vs seizure disorders, 28060
convergent & divergent validity of Psychological Screening Inventory, 14–18 yr old psychiatric inpatients, 28061
counseling for HIV testing, 32–49 yr olds who want to be tested, 13087
design & reliability & validity & factorial structure of Depression Screening Instrument, general practice patients, 35094
development & utility of Short Geriatric Depression Scale, screening for depressive symptoms typical of elderly, 60–84 yr olds with clinical depression, Israel, 31579
development & validation & potential of Referral Decision Scale, screening for severe mental disorders in jails, 16–68 yr old jail detainees & prison inmates, 24656
development & validation & reliability of High Sensitivity Cognitive Screen, bedside identification of cognitive dysfunction, 15–69 yr old psychiatric & neurological patients, 17576
development of brief self report measure, screening for major depression & dysthymia, adult primary care & mental health outpatients, 14101
development of Einstein Assessment of School-Related Skills screening test, identification of learning disorders, nonhandicapped & learning disabled K–5th graders, 31264
development of interview version & comparison with standard version of Lifestyle Criminality Screening Form, prisoners, 35202
development of screening instruments, assessment of need for special education provision, teachers in regular schools, conference presentation, 41347
development of screening questionnaire, measurement of attrition in weight control programs, adults, 38650
developmental screening program, 0–6 yr olds, 4 yr study, 22449
diagnostic accuracy of Mini-Mental State Examination & Geriatric Depression Scale vs standardized psychiatric interview, screening for depression & dementia, 65 yr olds & older in nursing home, 27213
diagnostic validity of Drug Abuse Screening Test, alcohol & drug abuse patients, 35121
educational level, validity of Mini-Mental State Examination as measure of cognitive ability, elderly, 17599
effectiveness of different screening methods for alcohol related problems, adult females attending antenatal clinic, 33395
ego resources & motivation factors on P. Sifneos's evaluation form, selection for short term anxiety provoking psychotherapy, 19–56 yr olds with anxiety or dysthymic or personality disorders, 31560
evaluation of Language Assessment & Remediation & Screening Procedure & phrase grammatical structure frequency norms, 5 yr olds, implications for remedial teaching, 24231
factor analysis & internal consistency of Bulimia Test, female college students & other adult females with bulimia or other eating problems, 35207
Gifted Student Screening Scale & IQ scores, 1st–10th graders, 34839
Human Figure Drawing Test, screening for emotional disorders, 1st graders, Czechoslovakia, 3 yr followup, 3315
kindergarten experience, performance on Bankson Language Screening Test, male vs female preschoolers, 5 mo followup, 17314
knowledge of use & misuse of Child Abuse Potential Inventory, social service administrators & providers & family violence researchers, 33324
medical & legal overviews of AIDS testing for employment purposes, implications for management of AIDS cases in workplace, 27869
methodological issues in early screening & identification, learning disabled preschoolers, literature review, 13743
Michigan Alcoholism Screening Test & 3 standard clinical laboratory tests, identification of concurrent alcoholism, 27–63 yr old male schizophrenic veterans, 28140
Michigan Alcoholism Screening Test, diagnosis of alcoholism vs social drinking, 20–48 yr olds, 19365
need to incorporate active learning perspective in development of screening tools for learning disabilities, preschool age children, 13710
perceptions of Microcomputer Evaluation & Screening Assessment, vocational evaluation, rehabilitation clients, 41012
predictive ability of Geriatric Mental State Examination & AGECAT computerized diagnostic system, epidemiological screening for depression or organic illness, 65 yr olds & older, England, 5119
predictive validity of computerized Basic Attributes Test, assessment of psychomotor & cognitive & perceptual abilities for pilot training performance, Air Force officer candidates, 17569
predictive validity of Metropolition Readiness & Achievement Test vs curriculum based assessment, screening for high risk students, K–1st graders, 10276
predictive validity of Preschool Screening System & Denver Articulation Screening Exam, early detection of learning problems, prekindergartners, 34819
prevalence of & ability of doctors & nurses & screening instrument to detect psychiatric morbidity, patients in medical oncology unit, 40417
PROQSY computerized psychiatric assessment techniques, screening for psychiatric morbidity in general practice, 15–69 yr old patients, 32992
receiver operating characteristic analysis, efficacy of Language of Addiction-Drug Version vs Reasons for Drug Use screening tests in detection of drug abuse, alcoholic inpatients, 14124

receiver operating characteristic analysis, evaluation of psychiatric screening tests, 20–64 yr old HMO members, 38582
reference profiles of grammatical development in Language Assessment Remediation & Screening Procedure & factors affecting reliability, children, commmentary, implications for language impairment, 21085
reliability & predictive validity of questionnaire to measure knowledge of screening tests available during pregnancy, pregnant vs postbirth vs never pregnant females, 28111
reliability & validity of Children of Alcoholics Screening Test, identification of children of alcoholics for clinical & research purposes, 11th graders, Canada, 28081
reliability of Adolescent Drinking Inventory: Drinking & You, clinical screening of severity of adolescent problem drinking, 12–17 yr olds referred for evaluation, 24598
reliability of E. Boder's guidelines, classification of spelling errors of monolingual vs bilingual reading disabled 1st–4th graders, naive raters, 3599
reliability of lingual vibrotactile threshold screening procedure, adults, 7303
role in HIV antibody pretest & postest counseling & provision of AIDS information, social workers, 2742
screening device, identification of profile characteristics of pedophiles, candidates for Big Brothers program, 26269
screening test, evaluation of perceptual functions & deficits of brain damaged patients, occupational therapists, conference presentation, 19578
sensitivity & specificity of Center for Epidemiologic Studies Depression Scale, screening for poststroke depression, elderly patients, 2 yr followup, 14152
sensitivity of Bender Gestalt Test, screening for neurological impairment, 55–85 yr olds with dementia or pseudodementia, 38642
societal response to HIV antibody testing & medical & psychological care & AIDS education, 40541
Spatial Memory & Rotation Task using imagery & attention skills, discrimination of sonar experience level, Navy personnel, implications for personnel screening, 10444
strengths & weaknesses of cognitive impairment screening tests, elderly, 35077
Symptom Check List-90 profiles, female vs male Black vs White methadone patients, 28125
translation of Aphasia Screening Test & modification method for use with illiterate patients, dysphasia diagnosis, Panjabi-English bilingual speakers, UK, 21117
types of employment screening tests & results, teachers, 10030
use of SELFCARE (D) questionnaire to screen for depression in general practice, 65 yr olds & older, UK, 33010
utility of administration of readiness subtests of Inventory of Basic Skills in kindergarten, prediction of 2nd grade achievement, 4.7–6.3 yr olds, 13708
utility of Child Abuse Potential Inventory Inconsistency scale as screening measure, adult physical child abusers, 35164
utility of Michigan Alcoholism Screening Test, detection of alcoholism & problem drinking, alcoholic vs psychiatric vs medical patients, 125
validation & standardization of Boston Naming Test, assessment of word finding skills, K–6th graders, 38268
validity & interobserver reliability & internal consistency of Kansas Infant Development Screen, 18–69 mo olds, 17592
validity of & age effects on Miller Assessment for Preschoolers, prediction of later IQ & reading & math & language achievement, normal vs at risk 7–9 yr olds, 4 yr followup, 7153
validity of clinical vs laboratory vs self report screening measures, early detection of alcohol abuse, alcoholic vs nonalcoholic 18–55 yr olds, 35091
validity of Crown-Crisp Experiential Index, measurement of neurotic pathology, 40–49 yr old community vs psychiatric inpatient females, 17563
validity of Developmental Indicators for the Assessment of Learning-Revised, special need identification & early reading achievement prediction, 4–5 yr olds, 20614
validity of French version of General Health Questionnaire & psychic distress measure, 20 yr olds, Switzerland, 38592
validity of General Behavior Inventory, identification of chronic unipolar & bipolar affective disorders, outpatients, 6 mo followup, 24611
validity of General Health Questionnaire-30 screening test, identification of emotional disorders, medical outpatients, Nigeria, 28120
validity of Geriatric Depression Scale & Brief Carroll Depression Rating Scale, screening for major depression, male VA hospital patients 20 yrs old & older, 106
validity of Health Survey Questionnaire vs health survey interview, general practice patients, 27048
validity of Hospital Anxiety Depression scale, screening measure for psychiatric disorder, patients attending genito-urinary clinic, 7065
validity of Italian version of Michigan Alcoholism Screening Test, 14–65 yr olds, Italy, 7104
validity of Kendrick Battery for Detection of Dementia for Elderly & measures of organicity & depression, prediction of survival, institutionalized 59–96 yr olds, 18 mo & 6 yr followup, 35136
validity of Mini-Mental State vs cognitive capacity screening examination vs tachistoscopic test, detection of organic mental disorders, medical surgical patients, 141
validity of Older Americans Resources & Services Multidimensional Functional Assessment Questionnaire, screening for psychiatric disorders, 65–94 yr olds, Brazil, conference presentation, 54
validity of Pediatric Symptom Checklist, psychosocial screening, at risk 6–12 yr olds at military outpatient pediatric clinic, 35200
validity of psychiatric & psychological questionnaires, assessment of psychiatric & psychological symptoms & disorders, patients with chronic pain, 28143
validity of self assessment screening test, prediction of success in military training course, 18–19 yr old males, 3578
validity of Self Reporting Questionnaire, assessment of psychiatric disorders, psychiatric or somatic patients, Ethiopia, 10609
validity of Trail Making & Tactual Performance subtests of Halstead-Reitan Neuropsychological Test Battery, screening for learning disabilities, 9–14 yr olds, 31581
Weinberg Screening Affective scales, diagnosis of childhood depression, 14–20 yr olds, 22673
Scripts [See Schema]
Sculpturing
cognitive style & drawing & clay modeling & storytelling, 1st graders, lack of support for covariance structure model of symbolic functioning, 11441
Seasonal Variations
age & sex & season, response to recorded natural & synthetic vocalizations, wintering humpback whales, implications for mating behavior, 21446
age & sex & seasonal variation in suicide rates, 1978–82, 19304
amount of work & quality of interpersonal relations at school & home, prediction of stress during school year, teachers, 4 mo study, Finland, 30996
annual variations in prolactin levels, drug free schizophrenic patients, longitudinal study, 19064
behavior & season & individual identity, heart rate, domestic ewes, 446
birthdate & participation & success in minor hockey, young hockey players, Canada, 10480
bright fluorescent light, heart rate & oral temperature changes, 20 & 27 yr olds females with seasonal affective disorder, 19701
clinical & epidemiologic & research issues in phototherapy, seasonal affective disorder, 33680
clinical efficacy & epidemiology of phototherapy, patients with seasonal affective disorder, 19722
cocaine abuse triggered by depression, 29 & 32 yr old males with seasonal affective disorder, case reports, 29634
confinement at wintering site, autumn migratory state, dark eyed juncos, 510

contraception stopping & lag time to pregnancy, preferences for birth season vs actual birth month distribution, college students & female 15–44 yr olds, test of misinformed reproducer hypothesis, 32668
diets rich in carbohydrates or proteins, plasma amino acids & psychological effects, patients with seasonal affective disorder, 40168
effectiveness & theoretical mechanism of phototherapy & client characteristics, patients with seasonal affective disorder, literature review, 40577
environmental & dietary & hormonal factors, timing of seasonal breeding, free living female parakeets, India, 25141
environmental & seasonal variations, display patterns, male sage grouse, 28454
epidemiology & history of seasonal affective disorder, 26062
geographic variation in seasonality of suicides, Italy, 19307
light & vitamin D & etiology & soltriol phototherapy, physiological & behavioral processes, patients with seasonal affective disorder, literature review, 33193
light therapy, abnormally phased circadian rhythms, patients with seasonal affective disorder, 19705
light therapy efficacy, patients with seasonal affective disorder, 37259
lighting system for precise simulation of natural light-dark cycles, symptoms & plasma melatonin, patients with winter depression, 37673
migratory release time, distance traveled, salmon, 35498
month of birth & diagnosis, schizophrenic 15–62 yr olds, Canada, 19180
nestboxes, vernal testosterone & LH & testicular size & reproductive behavior, male starlings, 683
neurobiology & phototherapy, seasonal affective disorder, literature review, 19720
photoperiod extension with bright vs dim light vs light augmentation with same photoperiod, depressed patients with seasonal affective disorder, 5870
phototherapy, eyeblink rate, female 21–33 yr olds with seasonal affective disorder, 16286
phototherapy, platelet 3H-imipramine binding, patients with winter depression, 37257
phototherapy, seasonal affective disorder, literature review, 19714
phototherapy, 84 yr old female patient with seasonal affective disorder, case report, 16324
reliability & sensitivity of Seasonal Pattern Assessment Questionnaire, adults with seasonal affective vs bipolar affective disorder vs normal adults, 7186
season & mother's age at birth, schizophrenic patients, literature review, 26053
season & weather & predation, diurnal heart rate patterns, wild rabbits, 14716
season, diurnal weight gain, patients with schizophrenia or organic personality syndrome, 29665
season of birth & family history, White schizophrenic patients & their parents & siblings, 8546
season of birth, ventricle brain ratios & sulcal prominence as assessed by computed tomography, schizophrenic adults, conference presentation, 15660
seasonal & habitat specific sentinal behavior during foraging, American crows, 7601
seasonal change, CSF monoamine metabolites, patients with schizophrenia vs schizoaffective vs minor vs major depressive vs hypomanic disorder, 19082
seasonal changes in day length & temperature, male testicular activity & LH & estradiol & testosterone & mating & breeding behavior, free living parakeets, India, 25130
seasonal changes, sun compass orientation system, pigeons, 580
seasonal differences, social behavior, wild caught adult vs juvenile meadow voles, 21424
seasonal distribution of suicide, males vs females, US, replication, 12148
seasonal fluctuations of CSF 5-HIAA & HVA & other monoamine metabolites & neuropeptides, normal adults, 7695
seasonal mating, interactions with mother & independent behaviors during 1st yr of life, infant Japanese macaques, 18062
seasonal patterns of completed suicides & deaths related to traffic accidents, France, 9 yr study, 12192
seasonal variations, imipramine binding in blood platelets, depressed patients, 4 yr study, 5144
seasonal variations in climate & light & darkness, parasuicidal snow-wandering, 28–46 yr olds, Arctic northern Norway, 8828
seasonal variations in cortisol levels before vs after DST, depressed adults, Netherlands, 19250
seasonal variations in platelet serotonin uptake, 23–84 yr olds with endogenous depression, 29594
seasonal variations in reproductive cycle & testosterone level & ethanol & social status, aggressive behavior, male squirrel monkeys, 7943
seasonal variations in sleep cycle, captive Microcebus murinus, 7694
seasonal variations, response to lithium treatment, mood incongruent psychotic 17–59 yr olds, 30441
seasonality & affective disorders & seasonal affective disorder, literature review, 36712
self vs psychiatrist referral & prior vs no previous treatment, symptoms, patients with seasonal depression, UK, replication, 5346
sex & fantasy role & seasonal effects, placement & perception of personal ads as deviant behavior, 30–50 yr olds, 24458
sex & season, rectal temperature responses to exposure to ambient cold, 18–26 yr olds, Japan, 18165
sex & seasonal changes in food abundance, foraging behavior, squirrel monkeys, Costa Rica, 17972
sex, seasonal differences in suicide, adults, 1969–81, Italy, 36780
sleep deprivation vs light, seasonal & other affective disorders, 29 yr old male & 40 yr old female with bipolar disorder, 19730
temporal pattern of suicides, 15–24 yr olds vs 35 yr olds & older, 26235
theories of psychophysiology of phototherapy, client with seasonal & nonseasonal depressive disorders, literature review, 33716
theory of age incidence & season of birth in etiology of schizophrenia, 33110
theory of factors influencing temporal & seasonal & holiday fluctuations in suicide rates, 19286
type & amount & frequency of seasonal food intake, 24–61 yr old females with seasonal affective disorder, Switzerland, 19145
utility of animal models of chronobiology, seasonal affective disorder research, implications for drug & photic treatment, 19267
winter indoor housing with natural photoregime, spring migration to breeding sites, male buntings, 2 yr study, 28734
winter, social structure & territoriality & foraging groups, black capped chickadees, 4041
withdrawn state & periodicity in hibernation, mammals, animal models of seasonal affective disorder, 18164
Seat Belts [See Safety Belts]
Secobarbital
discrimination & generation of stimulus properties of isomers of pentobarbital & secobarbital, pigeons, 11317
methylphenidate & secobarbital vs diazepam & diphenhydramine, male abstinent alcoholic 40–64 yr olds, 19377
secobarbital, aggressive & nonaggressive responding, healthy males, conference presentation, 11196
Seconal [See Secobarbital]
Second Language Education [See Foreign Language Education]
Secondary Education
assessment of empirical utility functions for pass–fail determination on final examinations, secondary school teachers vs students, Netherlands, 31323

commitment to rational process & humanity in social studies & science & mathematics disciplines, values education in secondary schools, 38109
computer literacy school programs & design of computerized instruction systems, secondary schools, USSR, 10072
computerized instruction in vocabulary & logic & health knowledge, academic achievement, mildly handicapped secondary school students, implications for special education, 17295
content analysis of social motive themes of achievement & power & affiliation in English vs Urdu fiction textbook for grades 6–10, 3150
curriculum guidelines & teacher practices & student achievement in secondary school physics, Canada, 10052
Derbyshire Secondary Development Project, curriculum & educational development in secondary schools, England, 34604
design & monitoring of secondary examinations, improvement in educational standards & influence on curriculum, high school students, Britain, conference presentation, 27805
educational & organizational & social factors, female participation in science education & careers, secondary school students, Thailand vs Australia, 17219
group work in secondary school curriculum, 31076
handwritten vs word processed English language & literature essays, grading, secondary school teachers, 24250
microcomputer use for instruction, classroom environment & student involvement, secondary school special education teachers, 27725
multisite & multimethod study of student teaching in elementary & secondary schools, student & cooperating teachers & their supervisors, 30990
role in pastoral care in secondary education, educational psychologists, Australia, 24235
rules & rewards & sanctions, control of pupil conduct, secondary school senior teachers, UK, 13587
structure of secondary education & proposed changes in curriculum & dual secondary school examinations, high school students, Netherlands, conference presentation, 27792
study skills instruction in secondary curriculum, learning disabled students, 27734
time contracting of visits to secondary schools, educational psychologists, UK, 24251
time spent on learning tasks & teacher student interaction & lesson structure, learning, learning disabled secondary school students, teaching implications, literature review, 13682

Secondary Reinforcement
contextual stimulus as secondary reinforcement, performance in high order differential conditioning, female rats, 35454
continuous food reinforcement with continuous vs FR-4 secondary reinforcement, leverpressing response to secondary stimulus, male rats, 7555
token reinforcement remedial reading program by cross age tutors, reading achievement, Black male 4th & 5th & 8th graders, 34711

Secretarial Personnel
administrative vs sharing vs confidential performance appraisal rating, leniency, supervisors of female secretarial & clerical employees, 31358
autonomy & workload & number of hours worked & number of people worked for, stress outcomes, female secretaries & their supervisors, 10417
line editor vs screen editor text editing software, negative vs positive skill transfer, female 18–30 yr old secretarial students, 10847
role in state mental health facility, secretaries, implications for organizational design & conflict management, 3415
social relations, job stress & health & social support, 20–66 yr old female clerical & secretarial workers & their bosses, 24359

Secretarial Skills [See Clerical Secretarial Skills]
Secretion (Gland) [See Also Endocrine Gland Secretion, Lactation, Salivation]
atrial gland gene products secreted onto egg cordon, induction of copulatory behavior, Aplysia, 28526
ventromedial hypothalamic lesion, gastric acid secretion elicited by anticipated eating, rats, 14801
Sectioning (Lesion) [See Lesions]
Security (Emotional) [See Emotional Security]
Sedatives [See Also Alprazolam, Amobarbital, Atropine, Barbital, Chlorpromazine, Flurazepam, Haloperidol, Heroin, Methaqualone, Molindone, Nitrazepam, Pentobarbital, Phenobarbital, Reserpine, Scopolamine, Secobarbital, Thiopental, Triazolam]
discriminative stimulus properties of midazolam vs other benzodiazepines vs sedative vs anxiolytic drugs, pigeons, 28846
increased daytime sleepiness, sedative effect of ethanol, healthy male 21–35 yr olds, 32307
prevalence & clinical course of neuropsychological impairment, sedative/hypnotic & benzodiazepine dependent inpatients, 4–6 yr followup, Sweden, 12214
sedative or hypnotic abuse, neuropsychological impairment & field dependence & clinical course, 25–67 yr olds, 4–6 yr followup, 40271
single dose mianserin, psychomotor performance & subjective sedation & BP, 19–37 vs 67–76 yr olds, 18453
subanesthetic nitrous oxide concentration & assessment procedures & types of stimuli, memory & subjective experience, 18–33 yr olds, 21713
Seeing Eye Dogs [See Mobility Aids]
Segregation (Racial) [See Social Integration]
Seizures [See Convulsions]
Selection (Personnel) [See Personnel Selection]
Selection Tests [See Also Psychological Screening Inventory]
construct equivalence method, replacement of validated cognitive ability tests for personnel selection with new experimental tests, applicants for position with petrochemical company, 20753

Selective Attention
ability to produce & benefit from selective attention strategy in recall task, 7–9 yr olds, 25443
alcohol intoxication, selective attention & RT to marked vs unmarked lights, college students, 7856
attending to location & color & shape, selective visual processing of targets, college students, 7356
categorical response & acoustic startle & selective attention, humans vs insects, literature review, 28393
cerebral lateralization as reflected in free recall & directed attention dichotic listening performance, learning disabled college students, 15979
color added to relevant letters for initial vs ending trials, spelling & selective attention, hyperactive 3rd–6th grade males, 33672
contribution of visual & auditory EP research to selective attention theories, humans, 25064
demands on visual selective attention, hemispatial neglect in geometric figure cancellation task, adults with right hemisphere lesions, 30057
dichotic listening task with vs without music, selective attention & latency & amplitude of EPs, 20–27 yr old females, 25030
directed attention to words or category membership or initial letter of words in orienting task, encoding of occurrence frequency, college students, 7452
distractor stimuli, inhibition in selective attention in verbal naming vs manual keypress performance, college students, 389
dual initiation vs initiation suppression of finger & foot pedal responses, RT as index of nonselective restricted preparation intensity, college students, 21183
exemplar similarity model for relating identification & categorization of separable dimension stimuli, college students, 31859
exercise with self vs external focus, physiological & psychological responses, male vs female college students, 7748
external focus vs dissociative imagery cognitive strategies, estimation of time & perceived effort & actual perfor-

mance time on running & circling endurance tasks, college student athletes, 27996
eye fixation & visual attention in double vision, visual capture & felt position of finger, adults, implications for intersensory integration & sensory motor coordination, 216
eye fixation position, recall in binaural selective listening, college students, replication, 28225
feature extraction vs integration of selective attention demand in visual search, young vs older adults, 25507
focus on persuasive effectiveness vs voice mechanics, speech fluency during presentation to audience of high vs low persuasibility, college students, implications for action identification theory, 18903
handedness & lateral attention & experimental instructions in dichotic listening procedure, CV syllable discrimination, male vs female college students, 39100
impulsivity & time of day, color preference & stimulus complexity & selective attention to visual stimulation, female adults, 8479
interaction & constraints between selective attention & memory storage, information processing, humans, 336
internal vs external locus of control & anticipation of shock, selective attention task performance, college students, 7398
irrelevant letters surrounding target letter, speed of right vs left hand keypress responses in focused attention tasks, college students, 214
lateral attentional priming, behavioral variability, college students, implication for model of induced lateral orientation of attention, 39085
left vs right hemisphere selective activation of lateral attention, perceived control & cognitive processing strategies, right handed college students, 11018
letter & display size & nontarget homogeneity, feature & conjunction visual search RT, adults, test of feature integration theory, 35277
luminous marker perceiving & distractor target interactions, spatial selectivity & directed visual attention, Os, 10755
model of probability matching & shifts of spatial attention in visual search, commentary, 28264
negative priming effect & cognitive inhibition of distractor, schizophrenic adult males, England, 33004
neural network design based on principles of associative learning & competition & opponent processing, behavior modeling architectures, conference presentation, 35615
nonoptimal neurological conditions in EPs at birth, selective attention, 11–13 yr olds, longitudinal study, 39460
number & compactness of precued or cued positions on visual display, RT & attention focus, college students, 28235
pattern composition, attention to global vs local levels in same different judgments, adults, 3740
physical distinction between targets & distractors, interference & priming in selective attention, college students, 31905
picture learning & recognition & forgetting & selective attention, identification of disorder subtype related to locus ceruleus neuropathology, patients with Alzheimer's disease, 33523
postauricular reflexes & prepulse inhibition of reflexes & EPs, auditory selective attention, 16–31 yr olds, 629
power of Hidden Figures Test, assessment of selective attention for visuoperceptual cues, 51–78 yr olds with Alzheimer type dementia, 21072
processing of words & pictures ignored in selection attention task, 18–32 yr olds, 362
quantity &/vs salience &/vs location cues for relevant vs irrelevant stimuli, allocation of attention, 4–5 yr olds, 25549
response vs condition competition, visual selective attention, college students, 14312
RTs for right vs left hand to visual stimuli presented in right vs left hemisphere, college students, implications for hemispheric asymmetries in selective attention vs behavioral intention, 7690
run length of visual patterns & rapid attention switching, N1-P2 amplitude of EPs, 20–23 yr olds, 35594
selection of verbal messages, mood management, males vs females, 379
selective attention & CSF levels of HVA & free MHPG & 5-HIAA & other amine metabolites, patients with Alzheimer's disease, 22926
selective attention & event related potentials, male 8–12 yr olds with reading disability &/or attention deficit disorder, 1506
selective attention & identity vs dimensional valuation & magnitude of stimulus differences, similarity classification, 2–8 yr olds vs adults, test of model of perceptual classification, 15117
selective attention & visual field, semantic encoding of parafoveally presented words, adults, 21269
selective attention, click evoked oto-acoustic emissions, adults, 7708
selective attention during dichotic listening, habituation to unattended stimuli as measured by conductance, female college students, 14673
selective attention, visual EPs, depressed vs healthy 23–60 yr olds, 26041
selective listening for 1 vs 2 vowel targets or tone in laterally presented auditory vowel sequence, attention related EPs, 21–37 yr olds, 35320
selective processing of color stimuli under different memory load conditions, EPs, 18–27 yr olds, Netherlands, 28635
spatial separation in location & time of arrival of target vs nontarget events, visual attention, adults, 234
stimulus intensity & channels & focused attention vs inattention instructions, auditory EPs & introversion extraversion & state anxiety, schizophrenic patients, France, 8545
students acting as earphones in dichotic listening task, classroom instruction in selective attention, college students, 10060
surprising visual scenes, selective recall, college students, implications for theory of dreams, 24919
tachistoscopic random dot stereogram with uniform depth vs elevated disk with perimeter beyond fixation, visual selective attention, 5 vs 8 yr olds vs adults, 36045
theory of selective attention, identification of visual shape in cluttered display, 14287
visual onset vs offset transients, allocation of visual attention, college students, 38786

Selective Breeding

chromosome effects & interactions over 600 generations, lines of Drosophila melanogaster selected divergently for geotaxis, 596
delay following single odor stimulus learning trial, memory, 6 lines of honey bees selected for good vs poor learning, 14511
genetic pathways mediating aggressiveness, male vs female mice, 18070
long term selection for geotaxis, low line stable equilibrium for positive geotaxis & evolution of new coadaptation among genes, drosophila, 597
selective breeding, genetic vs state influence on density of platelet 3H-imipramine binding sites, rats, 35567
strain differences, emotional reactivity & association ability in licking & lever pressing conditioned suppression, 3 strains of rats bred for emotionality, 21343

Self Acceptance [See Self Perception]

Self Actualization

contradictions in A. Maslow's theories of self actualization & transformation of society through change in economic order, 17526
factorial validity of A. Jones & R. Crandall's Short Index of Self-Actualization, college students, 21139
failure of A. Maslow's theory of self actualization as mythical interpretation of personal development, 5029
human system model of self actualization, 22433
humanistic psychology perspective on self actualization vs Buddhist & Hindu perspective on self realization, implications for counseling, 37746
integration of humanistic & interactionist theory, self development as process needing both symbolic & somatic feedback, 4746

low goal formulation & underestimated potential for self realization & full participation in society, autonomy, physically disabled elderly, 12358
participation in workplace wellness programs & self actualization, employees, 3426
personal growth group, self actualization, female gymnasts, 6057
personal growth principles of J. Bruner, facilitation of psychosocial adjustment & self actualization, gifted & talented students, implications for school counseling, 27679
psychotherapy as subculture of shared ideology & beliefs in self enrichment & actualization, 23169
purpose in life & self actualization & selfism, sexual enjoyment, married couples, 32650
reliability of Personal Orientation Inventory, assessment of self actualization, able bodied vs blind vs cerebral palsied 17–36 yr old atheletes, 24648
representation of Rogerian motivational constructs of actualization & self actualization in psychology textbooks, 34594
role of education in self actualization, 3068
self actualization in study of human development, elderly, 18521
self actualization profiles, 17–44 yr old male able-bodied vs elite athletes with cerebral palsy, 5785
validity of self actualization scale & effect of assertiveness training, college students, 7088
views of self actualization & psychotherapeutic techniques expressed by C. R. Rogers vs M. Buber in 1957 dialog, 26775
Self Assessment [See Self Evaluation]
Self Care Skills
abduction prevention training using videotape program with vs without behavior rehearsal vs standard safety program, acquisition of self protective behaviors, K–1st graders, 13500
acceptance & eviction criteria for aged tenants, residential managers of apartment buildings & hotels, 18709
adaptive behavior, 10–29 yr olds with autism vs Down's syndrome, 8516
adaptive skills & behavior disorders, institutionalized mentally retarded 20–46 yr olds with vs without epilepsy, 29800
age, adaptive behavior, preschoolers through adults with vs without mild to severe mental retardation, 12278
assessment of cognitive communicative impairment, 35 yr old male with severe closed head injury, implications for cognitive rehabilitation, 23052
assessment of level of functioning, prognosis & diagnosis, geriatric patients, conference presentation, 29449
assessment of mental status & daily living skills, cognitively impaired elderly patients in own homes, 5238
behavior modification, self feeding, deaf & blind & multihandicapped 6 & 10 yr old males, 26907
behavior skills training vs feelings based program in personal safety, preschoolers, 41261
behavioral approach for teaching hand laundering skills, moderately mentally handicapped 45 yr old female, 9475
behavioral techniques in functional skills training, severely brain damaged 20–37 yr olds, 20237
behavioral training program, intermittent self catheterization skills, mildly retarded 6 yr old males, 26746
behavioral training techniques for functional skills, handicapped children & adolescents, 26887
biofeedback & behavior therapy, self catheterization, anxious 7 yr old female with noncompliant bladder, 37428
chaining discrete activities with linking phrases, development of personal hygiene, 29 yr old male with herpes simplex encephalitis, case report, 30783
changes in self care & home management & work & leisure occupational role performance, 18–55 yr olds with severe burn injuries in occupational therapy, 1 yr followup, 27260
child welfare programs & provision of independent living skills, adolescents, Canada, 23584
choice making, self care activity, 15–26 yr old trainable mentally retarded males, 13218
clubhouse model vs traditional day treatment, teaching of daily living skills, mental health clients, 23605
cognitive & language & sensorimotor & self care abilities, institutionalized elderly with late stage dementia, implications for developmental congruence of skill decline, 19587
cognitive disability theoretical model with behavioral hierarchy, assessment of self care competence & psychosocial intervention, patients with dementia of Alzheimer's & other types, 13206
cognitive functioning, community living skills, geriatric patients with suspected dementia, 33641
cognitive skills performance & activities of daily living, adult stroke patients who were in vs not in remediation program, 41015
computer aided program, performance of unsupervised activities, multihandicapped adolescents, commentary, 6062
computer aided program, performance of unsupervised activities, multihandicapped adolescents, commentary reply, 6089
computer aided program, performance of unsupervised activities, multihandicapped adolescents, educational applications, commentary, 6097
concurrent validity & test reliability & clinical usefulness of Vineland Adaptive Behavior Scales vs AAMD Adaptive Behavior Scale, autistic 8–18 yr olds, 31651
construct & discriminant validity & concept factor analysis for Exercise of Self Care Agency scale, adolescents & adults, 10643
construct validity of Community Competence Scale structured interview vs Scale of Competency in Independent Living Skills rating scale, geriatric patients with suspected dementia, 38663
construction & validity & reliability of functional assessment instrument, systematic individualized care planning, 30–96 yr old stroke patients, Sweden, 1 yr study, 38637
coping resources & social networks & problem solving, parental adjustment & child's socialization & daily living skills, 21–53 yr old parents & their handicapped 8 mo to 12 yr olds, 2 yr followup, 22455
coping skills & support systems & service delivery systems, community adaptation & dependency vs independence, mentally retarded in residential care, 36916
daily living skills & interpersonal behavior, moderately mentally retarded 23–53 yr old male group home residents, 13059
daily living skills vs communication & socialization, institutionalized vs noninstitutionalized 3–51 yr old males with fragile X syndrome, 37014
daily living vs social & community skills, institutionalized vs community based mentally retarded adults, 2–4 yr followup, 9683
demographic characteristics & independent living & rehabilitation & intervention & family involvement & leadership issues in public policy making, blind elerly, 23492
development & reliability & validity of domestic assessment form, assessment of functioning, mentally ill elderly living alone vs with relatives vs discharged from day hospital wards, England, 31677
development & reliability & validity of Community Functioning Scale, mentally ill clients entering community living & rehabilitation programs, 28110
development & reliability & validity of Satisfaction with Performance Scaled Questionnaire, assessment of satisfaction with independent living skills, disabled patients, 38685
development of new movement patterns & accomplishment of daily living tasks, female occupational therapist with Meniere disease & vertigo treated with dietary salt restriction, 37021
development of taxonomy of community living skills, curriculum design, mentally retarded persons, 20586
disability in instrumental activities of daily living, mortality rate, 65 yr olds & older in urban community, Japan, 1 yr followup, 40440

emotional factors & performance of daily activities, adult patients with severe chronic obstructive pulmonary disease, rehabilitation implications, 12334
federal legislative activities for establishment of independent living service delivery, adolescents in foster care, 23549
forward vs concurrent chaining strategies, teaching use of washing machine & laundry soap dispenser, moderately or severely mentally retarded 16–19 yr olds, 20245
general case in vivo vs classroom based general case simulation with in vivo training, purchase of food & drink items in fast food restaurants, moderately & mildly mentally retarded 11–14 yr olds, 13650
graduated guidance & reinforcement procedure, self dressing skills, multihandicapped & moderately to severely mentally retarded 5 & 9 yr old males, 20262
guided compliance procedure, performance of previously acquired vocational & domestic tasks, mildly retarded & emotionally disturbed 27 & 63 yr old males, 37420
health & functional capacity, composition of social support networks, 72 yr olds & older, 25669
importance of & methods for teaching food preparation, mentally retarded, literature review, 13224
increasing assistance vs graduated guidance instructional prompt fading procedures, teaching leisure skills, 40–58 yr olds with severe handicaps, 27264
increasing assistance vs time delayed manual guidance response prompt techniques & observational learning, drink & snack making self help skill learning, developmentally delayed preschoolers, 33981
independent living skills groups run by occupational therapy students, adolescents & adults with developmental disabilities & psychosocially dysfunctional or geriatric adults & single mothers, 27288
insight & reminiscence in group psychotherapy, survivorship skills for discharge, 56–82 yr old hospitalized rehabilitation patients, 30719
instruction on extension component within self care routine, generalization to other components or same components of another routine, severely retarded 10–12 yr olds, 16483
instructional programing behavior modification procedure, discrimination of emergency fire situations & use of telephone, female 20–21 yr olds with Down's syndrome & speech difficulties, 2407
interaction between neuropsychology & occupational therapy, functional living skills rehabilitation, patients with traumatic brain injuries, 6490
knowledge of disease & adherence to self care behaviors & treatment & metabolic control, rural diabetic 27–84 yr olds, 23118
least to most restrictive settings for provision of independent living services delivery, adolescents, 23575
literature, daily living literacy skill development, learning disabled students, 17260
memory & cognitive functioning & living skills & confusion, 74 yr old female with hepatic dementia, case report, 30023
methods for generation of data for federal evaluation/funding report of independent living programs, 23604
model kitchen design for independent living, visually impaired elderly, 13213
multidimensional functional capacity, 55–89 yr old Hispanic immigrants, 32554
multisensory occupational therapy, self feeding, 77–98 yr olds, 34349
need for independent living services & special programs, preparation for self sufficiency, adolescents, 23565
needs & survival skills, 50–80 yr old homeless males, 4758
occupational therapist's role in independent living skills training, community based mentally retarded 16 yr olds & older, 20235
overcorrection behavior analysis procedure, room key & identification card loss, 16–74 yr old vocational rehabilitation center clients, 2 yr study, 41027
partial sequential withdrawal design, assessment of meal preparation skills maintained following trainer withdrawal, moderately to severely mentally retarded 24 & 28 & 41 yr olds, 27283
perceptions of competence in life skill areas, adolescents, 39660
perceptual dysfunction, self care, communicative long term stroke survivors, 33475
pre vs postsurgery structured teaching, postsurgery ambulatory performance & home self care, 18–64 yr old hysterectomy or mastectomy patients, 13012
prevalence of behavior problems, cognitive ability & activities of daily living, 58–82 yr olds with Alzheimer's disease, 30105
prevalence of disability in instrumental activities of daily living, 65–99 yr olds, Japan, 5113
professional opinion on transition skills for employment & independent living, rehabilitation counselors & work study coordinators working with deaf adolescents & young adults, 30779
program for teaching grooming skills, chronic mental patients in state hospital, 2861
program for teaching problem solving strategy in self care skills & safety, 21–30 yr olds with closed head injuries, 37847
psychoeducational group intervention, socialization & life skills, mentally ill 29–50 yr olds, 37840
psychological state & physical disability & medication usage, prevalence of falls, 70–100 yr olds, 40520
purpose & development & outcomes of cooperative care unit, acute care patients, 6465
reality orientation & behavioral treatment programs, cognitive function & self feeding, 43–88 yr old nursing home residents, 27231
reliability & validity & operationalization & sensitivity, assessments of daily living activities, physically handicapped, 37842
reliability & validity of Adolescent & Adult Psychoeducational Profile, measurement of independent functioning skills, 13.5–38.6 yr olds with autism vs mental retardation, 31639
reliability & validity of summed indices & hierarchical scales, assessment of activities of daily living, occupational therapy patients, 31590
reliability of Functional Assessment Inventory, discrimination of service setting, elderly in mental health facility vs nursing home vs visiting nurse service vs senior center, 28124
role in development of independent living skills & preparation for emancipation, foster parents of adolescents in care, 23592
scoring nonresponse on Mini-Mental State Examination, assessment of ability to perform daily living activities, 60 yr olds & older, 24592
self assessment form for performance capability of daily activities, discussion of problem areas with occupational therapist, disabled clients, 37848
self efficacy & subjective health, psychosocial & daily living competence, 85 yr olds & older, 11536
self medication with over the counter drugs in self care process, 6129
self reliance & social competence & life satisfaction, older mentally retarded adults in restricted living environments vs community living without services, 1929
self reported vision loss, everyday life functioning, 65 yr olds & older living in community, 36977
sensory stimulation, performance of activities of daily living, 65 yr old female with diabetes mellitus, case report, 16934
services provided by independent living centers, clients with mental retardation or mental illness or traumatic brain injury or age related cognitive disabilities, 6482
simulation & community based instruction, vending machine use, moderately mentally retarded 9.7–12.8 yr olds, 6472
social work intervention, service provision & functional independence, 50–81 yr old depressed stroke patients, 37764
stress & stress reduction techniques, mobility training process, visually impaired students & clients, literature review, 9854
structured meal preparation training program, percentage of self initiated steps & disruptive behavior, mentally retard-

ed 26–50 yr olds in community home, Australia, 3 mo followup, 37456
suggestions for use of assessment tools in determination of functional status & quality of life & health status, elderly, implications for clinical practice, 40049
time limited intensive fire evacuation skills group training, institutionalized mentally retarded 25–64 yr olds, 3 & 6 mo followup, 34324
training adaptive community skills, mentally retarded, 27285
trends & needs in independent living services, adolescents in foster care, 23557
utility & reliability of criteria mapping method of chart audit, assessment & monitoring of occupational therapy service for self care problems, occupational therapists & independent abstractor, 30796
validity & reliability & factor structure of Social Training Achievement Record, assessment of social & self care skills, hospitalized mentally handicapped 13–80 yr olds, Scotland, 10654
vitamin E & deterioration in self care skills, risk of Alzheimer's disease, 30 yr olds & older with Down's syndrome, 19423
whole task training & graduated guidance, acquisition & expansion of independent dressing skills, multiply handicapped moderately mentally retarded 4 & 4.9 yr old males, 19918
widespread idleness & need for activities & basic skills training & facilities, patients in public mental hospitals, 6454

Self Concept [See Also Self Esteem]
academic & global self concept, academic achievement, 3rd–6th graders, 17183
academic & social self concepts, gifted 12th graders, 10205
academic achievement, self concept, Black urban high school students, 10151
academic identity & race, formation of educational & occupational aspirations, male vs female White vs Black high school students, 8077
academic self concept & locus of control & achievement expectations, learning disabled junior high school students not attending remedial program, New Zealand, 2 yr study, 3256
academic self concept & self esteem, gifted 7th–9th graders vs their siblings, 31198
academic self concept, mathematics achievement, students, 8 yr study, 3196
actual vs ideal self image & image of smokers vs cigarette advertisement models, prediction of cigarette smoking intentions, 7th graders, 32479
adjustment & identity formation, 13–19 yr old Laotian refugees, 15209
administration of WAIS-R, self rating of verbal & nonverbal & general intelligence, adults, 1471
adoption, sexual & identity conflicts, 22 yr old male with anorexia nervosa, case report, 40403
age & sex & field dependence, perceived self consistency, 12–23 yr olds, 18662
age & sex & SES, development of person concept during childhood & adolescence, 6–15 yr olds, India, 8088
age & sex, school related self concept, 2nd–8th graders, Ghana, 10140
age, awareness of disability, 36–83 mo olds with spina bifida or cerebral palsy or limb amputations, 12379
age consciousness, 50–60 yr olds, 21893
age, effect of grade retention on self concept & motivation & academic achievement & teacher & parent & student attitudes, 1st–8th graders, 17199
age identification & personality & spontaneous self concept & self esteem, 32–84 yr olds, 22090
age, life satisfaction & self concept & locus of control, 14–80 yr olds & older, 1108
age of ownership of 1st pet, self concept, male vs female college students, 22425
aging & self concept, older females, therapy implications, 32566
analytic group psychotherapy, unconscious ego ideal issues, clients, 19839
anxiety & adjustment & self concept, 18–45 yr olds with alcoholism vs anxiety neurosis, India, 29476
anxiety & inadequate identity formation, career indecision, implications for career counseling, 24304
application of self confirmation therapeutic model to schools of psychotherapy, 30205
archival study of self identity, Japanese Americans interned during WWII, 1183
art therapy, self & body image, 13 & 16 yr old delinquent males, 33717
assessment of boundary inadequacy, chemically dependent individuals & families, 16343
attitudes regarding relationship between self concept & academic achievement, English speaking parents & teachers, Ghana & Gambia, implications for elementary school counselors in US, 38159
attribution retraining, self concept & attributions for deteriorated arithmetic performance after failure, 4th–6th graders classified as learned helpless or motivated to protect self worth, 10116
body image & inferiority, 18–35 yr olds with vitiligo, India, 37008
breast vs pubic hair growth vs height, body image & peer relations & adjustment & perception of adult roles, 9–11 yr old females, 4556
career anchors & team perceptions, diagnosis of team building needs, managers, 6890
child abuse, self identity, F. Kafka, 5449
classroom demonstration of self serving bias in self descriptions, discussion of attributional processes, social psychology college students, 34631
clinical & research utility of contextual approach to self appraisals, abusive parents, 26275
cognitive concentration on striven-for identity, consistency among identity relevant components & perceived effort & ability & competence, college students, 5018
cognitive distortions & treatment issues, impostor phenomenon, females, 2250
cognitive maturation & socialization & current situational factors, self concept development, Black children & adolescents, implications for social policy, 25641
cognitive therapy, attaining & maintaining positive identity, lesbian clients, 30286
"coming out" process & psychotherapy, gay patients, 2272
competitive vs cooperative fitness training programs, physical fitness & self concept, 11–14 yr old females, Australia, 24006
complexity & content of self knowledge & process of individuation in identity formation, 6 vs 8–9 yr olds, Poland, 39606
complexity vs conflict vs flexibility vs compartmentation of personal environment, experience of self, 35–50 yr olds, 15505
concept of person & place of individual in society, relations in multinational impersonal institutionalized interactions, Netherlands, 39749
conception of ability, academic self perception, 1st graders, 1 yr followup, 8038
concepts of rural vs urban places & self images, college students from urban vs rural environments, 6963
concepts of self in philosophy of M. Heidegger vs psychoanalytic self psychology of H. Kohut, 3513
conditions of social individuation vs deindividuation, asymmetry in rating distance between self & others, college students, Poland, 39927
conflict between acquisition of skills & development of person of psychologist in graduate education, 37967
construct validity & factor analysis of acculturation index & self concept component, 17–93 yr old Mexican Americans, 35155
construct validity of Piers Harris Children's Self Concept Scale, Black & White & Hispanic 3rd–6th graders, 7070
construct validity of Self Description Questionnaire I & Perceived Competence Scale & control scale, measurement of self concept & perceived control, 7th–9th graders, Australia, 28109

construction & construct validity of Idealism Scale, measurement of individual differences in regulatory functions of ideal self, 10664
construction & reliability & validity & factor analysis of Occupational Identity Scale, occupational dimension of J. E. Marcia's ego identity development model, high school & college students, 120
convergent & discriminant validity of social self concept measure, college students, 154
cultural & collective dimensions of food, identity formation, 15166
data based vs creative dance training, self concept & dance & gross motor skills, moderately mentally retarded 11–16 yr olds, 13664
dating behaviors & level of feminist identity, female college students, behavioral validation of Feminist Identity Scale, 38656
deafness, relationship with mother & environment & development of self, infants & young children, psychoanalytic implications, 33658
death anxiety & ego identity status, male college students, 39981
death of child, self concept & social status & marriage & relationships, Shona mothers, Zimbabwe, 8248
definition of self centeredness & psychoanalytic perspective of narcissism, adult male perpetrators of child sexual abuse, implications for treatment & prevention, 29708
development & reliability & construct validity of self concept scale for industrial & business applications, 20–64 yr old employees, 28076
development & validity of Academic Self Concept Scale, high school students, Pakistan, 3300
development during young adulthood, females classified as identity diffuse during college, 10–12 yr followup, 1092
development of D. W. Winnicott's concept of self, 14040

development of regulation of distress & negative emotions, infants & children, 29146
effect of sex & intelligence & social status on behavior control, delinquent behavior, 14–18 yr olds, 1976 vs 1985, formulation of integrative control theory, 12143

gradual delay increase, self control in selection of larger delayed vs smaller immediate reinforcers, impulsive 3.5–5.7 yr olds, 21908
imagery & unvividness paradox & paradigm of control, implications for advertising & social psychology & psychotherapy, 28014
internal & external self control strategies & alcohol related problems & drinking patterns, college students, 1338
milkshake preload, ice cream consumption, female college students with high vs low cognitive restraint & weight suppression, 15527
milkshake vs no preload, disinhibitive cognitions & self talk during ice cream intake, female restrained vs unrestrained eaters, 5049
performance feedback & true vs false EMG biofeedback, self esteem & efficacy & locus of control & self controlled study habits, college students, 711
personality dynamics & psychotherapeutic processes, self contained clients, 33843
preload, regulation of food intake, restrained vs emotional vs external female eaters, 32866
processes of self control, overcoming compulsions & addictions & resisting temptations, implications for treatment, 37434
psychological control mechanisms & low turning point, course of mental disorder, 20–55 yr old psychiatric patients, 19199
psychotherapeutic process & psychodynamics, self contained therapists in personal therapy, 33793
psychotherapeutic process & techniques, self contained clients, 33821
psychotherapy including problem solving & autogenic training & anxiety & anger control strategies, 37–40 yr old females with emotional changes related to menstrual cycle, 40662
reality therapy strategies, self concept & personal control, college students, 31303
record performance demands, individual differences in exertion control & performance, adult male semiprofessional basketball players, 3486
reinforcement amount & delay, self control & choice behavior, severely mentally retarded 14–17 yr olds, 5551
response to aversive stimulation & development of emotional regulation, infants & children, 29118
selection of verbal messages, mood management, males vs females, 379
self control & vulnerability to stress, Type A vs Type B college students, 1449
self help group therapy & self control, abused & abusing parents, 2.5 yr study, conference presentation, 30324
self psychology as superego psychology, self regulatory & self evaluative functions of mind and object relations, 23195
social influences & cognitive control & self efficacy, eating behavior, community residents, 6 yr study, implications for interventions & health promotion, 37667
social learning & matching law & optimal foraging theories, integration of self control research, animals & humans, 20 commentaries & reply included, 25937
stress level & state vs action personality orientation dysphoria, college students, support for J. Kuhl's metacognitive theory of depression, 36680
subjective control, happiness in daily experience, 9th graders through 88 yr olds, 39642
tilt & process of loss of control & coping mechanisms, frequent poker players, 36737
Type A vs Type B, sensitivity to variations in control & willingness to acknowledge control over outcomes, male college students, 5070
unintentional cognitive processes, moods & attitudes & emotions, 376
use of shadows to teach concept of total behavior in control theory, 3rd graders, 38101

Self Defeating Behavior
altruism as self handicapping strategy, blue collar workers, Poland, 39921
causes & cures of self defeating behavior, executives, 34902
individual psychotherapy, 34 yr old female with self defeating personality disorder, case report, 2266

Self Defense
abduction prevention training using videotape program with vs without behavior rehearsal vs standard safety program, acquisition of self protective behaviors, K–1st graders, 13500
effectiveness judgments of rape prevention & self defense strategies, adult males & females & sexual assault experts, 33700
household & neighborhood characteristics, defensive weapon ownership, adults, 1171
self protective behavior, persons who have experienced criminal victimization or car accidents or natural hazards or myocardial infarctions, 15604
sex & mode of retaliation, attributed aggression, male vs female college students, applications of norms of self defense to females, 36422
victim & incident & contextual characteristics, decision to resist attack &/vs report crime, 12–55 yr old & older crime victims, 39691

Self Destructive Behavior [See Also Attempted Suicide, Head Banging, Self Inflicted Wounds, Self Mutilation, Suicide]
age & borderline vs other diagnosis & type & past history of & motivations for & length of hospitalization after deliberate self harm, incarcerated adult male offenders, 17001
age & sex & race, patterns of overt suicide & attempted suicide & intentional life threatening behavior, patients in long term care facilities, 20200
aggressive & self destructive behavior including attempted suicide, psychotic vs nonpsychotic hospitalized adolescents, 29524
amytal interview, 23 yr old female with feigned deaf mutism & self damaging behavior, 22589
characteristics & causes & treatment of self injurious behaviors in students, educators, literature review, 19270
choice of behavioral intervention strategy based on hypothesized cause of behavior, stereotypic or self injurious behavior, severely retarded 6–7 yr olds, 13660
compulsively self induced apneic syncopes & epileptic absence seizures, female with borderline intelligence followed from 7.7 to 13 yrs old, 15976
conditioned fear interpretation of self punitive behavior, rats, 21365
contingent glove wearing program, skin picking behavior, 18 yr old male inpatient with sensory impairment, 1–3 mo followup, 26906
correlates of seriousness of self destructive behavior or suicidal intent or attempt, development of risk prediction profile, female 18–42 yr old borderline inpatients, 15781
deinstitutionalization & self injurious behavior, mentally retarded, 27132
demographic & geographical characteristics, self poisoning, 15 yr olds & older, 1974–80, West Germany, 1756
demographic & psychosocial variables & psychiatric diagnosis, deliberate self harm, 14–82 yr olds, England, 18 mo followup, 33287
development of brief clinical scale, prediction of repetition of deliberate self harm, female vs male hospitalized patients, England, 7158
development of transference in therapy, 3.5 yr old male with homicidal wishes & self destructive fantasies, case report, 30314
differential reinforcement of incompatible behavior, self injurious behavior, severely handicapped male 9 yr old with Down's syndrome, 16494
distress & self directed harm, 37 yr old female with Munchausen syndrome, case report, 5224
DSM-III diagnosis of depression, 17–80 yr olds admitted to psychiatric inpatient crisis service following deliberate self harm, 26232
functionally based classroom behavior modification, self injurious behavior, moderately & severely mentally retarded 9–15 yr olds, 27680
gentle teaching vs differential reinforcement of incompatible behavior & interruption vs graduated guidance, profoundly

mentally retarded 30 & 32 yr old males with self injurious head hitting, 37451
hypernomia & self destructive behavior in prisons, inmates, 13272
imprinting process at birth, self destructive behavior, adults, US & Sweden, 19297
incidence & treatment of deliberate self harm & attempted suicide, elderly patients, Wales, 12170
indirect self destructive behavior & suicide, elderly, 33322
male predominance & childhood & self injurious behavior, firesetters in prison or hospital, Ireland, 1827
naloxone vs naltrexone, self injurious behavior, male severely mentally retarded 18 yr old, 2447
naloxone vs naltrexone, self injury, autistic & mentally retarded 12 yr old female, 22 mo followup, 33993
naltrexone, self injurious behavior, profoundly retarded institutionalized 21 yr old female & 29 yr old male, case reports, 27015
need for effective policy development & procedures statements & awareness creation & staff training in handling school crisis situations involving student self destructive behaviors, 27508
nonaversive intervention procedures & community resources, multiple outcomes in remediation of severe self injury, mildly mentally retarded 45 yr old male, case report, 3 yr study, 12774
overcorrection, management of self injurious behavior, 3–57 yr olds, literature review, 9439
perception of reference others expectations regarding smoking & drug & alcohol usage & overeating, self destructive behavior, college students, 26346
potential self harm upon request compliance, obedience to request of authority figure, college students, 11787
psychoanalytic theory, destructiveness in primitive personalities, 8705
repeated acts of self poisoning &/or death, female vs male patients 13 yrs old & older, Norway, 5 yr followup, 8841
risk benefit information & parenthood, perceived acceptability & effectiveness of behavioral vs shock treatments for child self injurious behavior, married females, 5891
self attitudes & awareness & value for life & religiosity & dogmatism & beliefs about suicide & self destruction, suicide prone vs self destructive college students, 5426
self injurious behavior severity & type of intervention & setting, perceived treatment acceptability for mentally retarded children vs adults, 19–56 yr old facility staff, 26921
self medication of painful affective states, drug addiction & dependence, commentary, 33376
self sabotage, high achieving females, therapeutic implications, 29414
social & ethical issues in operant treatment of self injurious behavior, autistic or mentally handicapped patients, 33964
suicide & self destructive acts, 10–24 yr old American Indians from various tribes, 1823
theoretical model & cognitive behavioral intervention strategy, self punitive habit syndrome, 25–30 yr olds, 16368
threatening life events & hostility, self poisoning 17–35 yr olds with vs without depressive syndrome, 32941
treatment compliance & psychiatric management, self poisoning, 10–84 yr old psychiatric patients, 2236
treatment of aggression & self injury & property destruction, developmentally disabled clients, 1980–85, meta analysis, 26908
utilization of mechanical restraints, violent or self injurious child or adolescent psychiatric patients, 23676
Self Directed Learning [See Individualized Instruction]
Self Disclosure
amount of information revealed about self, strategies for information withholding & gathering in conversation with high vs low seeking partners, college students, 39897
construction of Emotional Self Disclosure Scale, assessment of willingness to discuss specific emotions with different disclosure recipients, female vs male college students, 3636
conversational topics, coping with stress among same sex friends, female college students, 4951
counselor self disclosure & actual knowledge of client-counselor similarity, clients' perceptions of counselors, counselors & female college students, 20154
counselor self disclosure, counseling process & outcome, college students with deficient job interview skills & counselors, 27771
criteria for intentional self disclosure in psychotherapy, experienced therapists, 5981
degree of comfort & attitudes toward & preference for discussing physical disability, physically handicapped adults, 30074
disclosure of marihuana use to health care professionals, 14–73 yr old members of National Organization for Reform of Marihuana Laws, 9642
exploration of recurrent images & PSI, avoidance of unconscious material, alcoholic self contained psychotherapy patient, case report, 33829
familial & individual developmental factors, prediction of sexual self disclosure to parents vs friends, 14–18 yr olds, 15201
family systems therapy, disclosure of lesbianism within family of origin, lesbian mothers & daughters, 9403
high vs low self disclosure by Black vs White therapist, reciprocity during counseling interview, Black females, 9374
high vs low social pressure to reveal personal life concerns, disclosure & blood pressure, 17–42 yr old hypertensive male college students, 22910
humor & self disclosure & narrative teaching behaviors, award winning vs nonaward winning high school vs college teachers, 20439
intent & amount & depth & honesty of self disclosure, interpersonal solidarity, grandparents & their 12 yr old & older grandchildren, 36275
interaction with hearing impaired vs hearing person, self disclosure & communication apprehension & anxiety, profoundly hearing impaired 13–15 yr olds, 19534
intergenerational vs young vs aged peer dyads, painful self disclosures, female 30–40 vs 70–87 yr olds, 15239
perceived credibility of therapist's statement of confidentiality, self disclosure during interview about habits & attitudes, male vs female college students, 9320
perceived self disclosure of self vs other, dating satisfaction, male vs female college students, 15439
perception & expectations of self disclosure reciprocity in dyadic interaction with stranger, neurotic vs normal college students, 25860
preferences for self vs socially caused behavior, choice of spontaneous vs scripted interactions & subjective interpersonal influence during self disclosure task, college students, 15473
psychosocial factors & social work facilitation, disclosure of sexually transmitted disease to partners, clients, 27168
public vs private self consciousness, intimate vs nonintimate self disclosure to same sex confederate, college students, 25857
purpose & use of humor & self disclosure & narratives during course lecture, college teachers with teaching awards vs taking instructional methodology course, 20436
race & gender match to psychiatrist, levels of self reported self disclosure, Asian vs British psychiatric outpatients, England, 33757
racial similarity & interviewer disclosure, self disclosures & impression of interview in peer counseling analogue, Black vs White college students, 6357
rating of positive vs negative self involving & self disclosing counselor responses in initial interview, college students, 23631
resistance vs acquiescence to pressure to disclose with intimacy to stranger vs close friend, depressed vs nondepressed adults, 29669
self disclosure & anxiety & health worry, male veteran outpatients with somatic complaints, 9002
self disclosure & transference issues, psychotherapists, 30273
self disclosure patterns, tribal vs nontribal adolescents, India, 8127

self disclosure, study of social support & power & intimacy in social psychology, 32776
self disclosure utilization, 30 yr old & older clinical social workers, literature review, 34251
self relevance of positive vs negative mood stimuli, social interaction & self disclosure with female, male college students, 15425
sex & age, self disclosure, 8th vs 12th graders, 25589
sex & sex role aspects & social anxiety, willingness to self disclose to friends, college students, 32795
sex, levels of self disclosure & intensity of friendship, college students, India vs US, 11726
sex of target, self disclosure about instrumental vs expressive vs masculine vs feminine aspects of self to therapists & friends, college students, 16417
sex role & sex, ratings of intimacy & commonness of self disclosure, college students, 22371
sex, self disclosure toward vocations, 12–18 yr olds, India, 4741
sexual attitudes & sexual self disclosure, virgin vs nonvirgin female college students, 11687
social anxiety & skills knowledge & attribution style & self disclosure & perspective taking ability, loneliness, female college students, 15497
statistical tests of reciprocity of self disclosure, college students, 39901
status of male vs female & professor vs student, appropriateness of self disclosure, college students, 38170
task focused self disclosure, group cohesiveness & commitment to task & group productivity, college students, implications for organizational development, 29336
therapist formality in attire & language & self disclosure, perceptions of therapists' credibility & effectiveness, college students, 5927
therapist's self disclosure & physical barrier, perception of therapist, college students, 40638
type of relationship to conversation partner, likelihood of discussing various topics, male vs female college students, 4942
types & frequency of self disclosure to clients, counselors, 30204
validity of Importance Rating Scale of Patient Self Disclosure Instrument, male medical vs mental health outpatients, 28068
victim's age & duration & seriousness of abuse & self disclosure of father daughter incest, female 18 yr olds & younger, 19283

Self Efficacy

academic & social self efficacy, mainstreamed learning disabled or mildly mentally disabled or behavior disordered vs gifted vs nonhandicapped 3rd–5th graders, 10194
academic self efficacy, scholastic aptitude & performance & persistence, college students, 41266
accuracy & self efficacy & incentive & skill level, performance on visual discrimination task that simulated sport officiating behavior, male baseball umpires & nonumpires, 3494
accuracy of fear inventories & self efficacy scales, prediction of agoraphobic behavior, adults, 14130
age & sex, report of dental anxiety & self efficacy relating to dental visits, 9–12 yr olds, 3 yr follwoup, 40850
anxiety/exposure approach vs social cognitive & self efficacy perspective, phobias, commentary reply, 19260
attribution & affect & expectancy after smoking cessation treatment, abstinence, 25–70 yr olds, 1.5–2 yr followup, 6553
cognitive behavioral coping skills training, generalized self efficacy & locus of control, test anxious college students, 20710
cognitive mediation theory of self efficacy & performance & individual goals, college students, 1 wk study, 10786
cognitive modeling vs direct instruction & self efficacy vs task oriented feedback, self efficacy beliefs & persistence levels, college teacher education students, 6655
combat stress reaction & PTSD, self efficacy to function in battle, soldiers, Israel, 15789
conceptions of ability, self regulation & complex management decision making in simulated organization, business students, 20812
concepts of self efficacy & academic success & failure & cultural therapy, implications for linguistic minorities, 31139
construction & validity of Academic and Social Self Efficacy Scale, prediction of academic achievement & sociometric status, 3rd–5th graders, 10271
coping strategies & mastery & self efficacy & social support & depression, adolescents with cystic fibrosis or diabetes, 40374
cultural differences in perceived self efficacy to avoid cigarette smoking & addiction, Hispanic vs White smokers, 36379
depressed mood & infant attachment & perceived self efficacy to terminate infant cry, mothers of 5 mo olds, 22177
development & reliability & validity of Adolescent Social Self Efficacy Scale & relation to self concept & social adjustment & mental health, emotionally disturbed vs functioning 12–19 yr olds, 38597
development & validation of Coping Confidence Scale, measurement of individual perceptions of self efficacy & coping with marital separation, separated or divorced adults, 28107
development of self efficacy scales, health related diet & exercise behaviors, college students & staff, 21131
DISCOVER career guidance computer program, career indecisiveness & decision making efficacy, college students, 6814
elite coaching strategies, enhancement of self efficacy in athletes, intercollegiate wrestling & national team coaches, 41574
factor structure of Teacher Efficacy Scale & factor correlates of teaching behaviors, student teachers, 27517
fearlessness & courage & overconfidence, parachute regiment recruits, 10445
general & physical & global self efficacy, depressive symptoms as result of normal life changes, community residing 60–92 yr olds, 11540
general vs situational social anxiety, self efficacy expectations for & value of performance & outcomes of specific interpersonal behaviors, college students, implications for self presentation theory, 15436
global vs task specific measures, self efficacy, college students, 21053
goal setting & monetary incentives, self efficacy & performance, telephone soliciters, 20764
goal setting training program, basketball free throw performance & perceptions of success & self efficacy, college students, 20987
health & self efficacy beliefs & prior hospitalization & participation in health education program, self management behavior, 7–17 yr olds with chronic asthma, 1 yr followup, 5602
health values & locus of control & self efficacy, smoking relapse, ex-smokers who had quit through formal vs self treatment, 6567
implementation of innovative educational program, perceived self efficacy & program value & professional development, female K–4th grade teachers, 13466
locus of control & feelings of efficacy & stress, elementary vs junior high vs senior high school teachers at low vs high stress schools, 17116
locus of control & self efficacy & motivation & coping style & lifestyle & background variables, prediction of ability to control heart rate, college students, 7742
mastery of high risk sport skill, generalization of self efficacy & reduction of psychophysiological anxiety response to lab stressors, 18–25 yr old males, 13974
mathematics preparation & self efficacy, mediation of gender differences on Investigative & Realistic General Occupational Themes of Strong Campbell Interest Inventory, college freshmen, 27790
meta analytic methodology using ANOVA for comparison of interaction effects in 2 or more experiments, depression &

outcome frequency & judgment of control research, college students, 35392
model of self efficacy & difficulties in providing exceptional students with regular education, regular educators, implications for teacher preparation, 17122
occupational sex role models & stereotypes & perceptions of own masculinity or femininity & math confidence, career self efficacy expectations, male vs female college students, Japan, 41400
participation in gifted education Revolving Door Identification Model, creative productivity & self efficacy, 7th–8th graders, 27736
perceived complexity of situations, self incompetence & self efficacy expectations, college students, 22360
perceived controllability & stringency of performance standards, self regulation of decision making in simulated organization, graduate business students, 27913
perceived quality of life & self efficacy 5 yrs after heart attack, 40–60 yr old male patients & their wives, 16259
perceived self efficacy & cognitive stressors & naloxone, coping ability & role of endogenous opiates, college students, 699
perceptions of health status & self efficacy & demographic characteristics, prediction of health promotive lifestyle, 20–60 yr old blue collar workers, 32913
personal vs competitive self efficacy & expectations & differential outcome feedback, subsequent self efficacy & physical endurance performance, male college students, 25962
positive reinforcement attributed by E to skill vs luck, mood & self efficacy & decision making, college students, implications for marketing research, 20941
previous experience & self efficacy & heart rate, approach/avoidance behavior in modified back dive performance, females vs males, 13981
prospective vs concurrent predictions of recall capacity, actual recall ability, 5.5–7.2 yr olds, 39509
realistic vs favorable task preview techniques, self efficacy & simulated job performance, college students, 41469
reliability & validity of Spanish version of Behavioral Attributes Psychosocial Competence & relation to cultural values, college students, Puerto Rico, 14151
resistance skills training in alcohol use prevention program, refusal skills vs refusal self efficacy assessed using role playing, 4th–7th graders, 6704
reticence & negative expectations about public speaking performance, college students, 18970
self efficacy & assertiveness, willingness to engage in traditional vs nontraditional occupations, female college students, 6871
self efficacy & attitudes & information & planfulness & job commitment & social support, preretirement anxiety & depression, adults nearing retirement, 36194
self efficacy & health attitudes, breast self examination, 60–95 yr old females, educational intervention implications, 12947
self efficacy & inventoried vocational interests, college science or engineering students, 34687
self efficacy & other teacher & student characteristics, perceptions of problem behavior & subjective probability of referring students to special education, elementary school teachers, Netherlands, 13652
self efficacy & outcome expectancies, maintenance of new vs relapse to problem behavior after self management training, 28–59 yr olds, 9443
self efficacy & outcome expectancy beliefs & reading & writing achievement, college students, 31137
self efficacy & pain response expectancies, movement limitations & functioning, adults with low back pain, 29899
self efficacy & perceived control, coping with aversive events, literature review, 1459
self efficacy & personal counseling, performance in training context, candidates for master's degree in counseling, 34482
self efficacy & smoking habits during pregnancy & attitudes, intentions to not smoke after childbirth, pregnant nullipara, implications for health promotion programs, 13245
self efficacy & social support, mediation of disaster stress, adult natural disaster victims, 1 & 3 yr followups, 33726
self efficacy & subjective health, psychosocial & daily living competence, 85 yr olds & older, 11536
self efficacy & Type A behavior, job performance, sales representative of large manufacturing corporation, 24327
self efficacy beliefs regarding mathematics skill, actual mathematics performance, male vs female college students, 38146
self efficacy cognitions, attributions for performance in competitive motor task, 9–12 yr olds, 25619
self efficacy model, prevention of pregnancy, adolescents, 23113
self efficacy questionnaires, prediction of abstinence at end of treatment, cigarette smokers participating in smoking cessation program, Spain, 3 vs 6 vs 12 mo followup, 9867
self efficacy, school learning, educational implications for learning disabled students, 19450
self efficacy, welfare dependency & work effort & upward mobility & self concept, low income Black vs White females, 32603
self management training, self efficacy & job attendance, unionized state government employees, 6 mo followup & replication, 34874
self modeling, mathematical skill learning & achievement & self efficacy, elementary school students, 34661
self nurturance, disordered eating, bulimic vs dieting restrainer vs nonrestrainer females, treatment implications, 26558
self perceptions of coping self efficacy, therapeutic generalization, agoraphobic 27–69 yr olds, 30399
sense of self efficacy as creative producer, initiation of independent investigations, gifted 4th–8th graders, 36173
sex & issue salience & perceived efficacy & risk, antinuclear activism, college students, 39720
sex & sex role self concept, career decision making self efficacy, business students, 38333
sex, intentions to take computer courses & self efficacy expectations in & past experience with computer use, secondary school students, Australia, 3249
social influences & cognitive control & self efficacy, eating behavior, community residents, 6 yr study, implications for interventions & health promotion, 37667
student & teacher subjective efficacy & reasoning skills, achievement, 3rd vs 6th graders, 13522
study abroad program, self esteem & self efficacy, college students, 38094
subjective norms & self efficacy, smoking behavioral intentions, 3rd graders, Netherlands, 22012
success vs failure expectancy with vs without self focused attention, achievement task performance, low vs high test anxious college students, 25950
training level & verbal response type, self efficacy & outcome expectations in using counseling skills, 1st–4th yr graduate counseling students, 5983
validity of Generalized Expectancy for Success Scale, assessment of self acceptance, 18–26 yr olds, 31637
validity of Situational Confidence Questionnaire, measurement of self efficacy, alcoholic adults in treatment vs abstinent for 12 mo or more, replication & extension, relapse implications, 35163
value sequence anchoring & primacy effect, factual & self efficacy judgments & cognitive tasks, college students, 35358
visualization of factors that could enhance vs impair performance, self efficacy judgment & task persistence, college students, 35393

Self Esteem

academic self concept & self esteem, gifted 7th–9th graders vs their siblings, 31198
achievement goal orientations, precompetitive self confidence & anxiety & figure skating performance, 13–18 yr olds, 22069

actual vs preferred expressive behavior & restraint & security & self confidence, parents of high school students vs workers in heavy industries vs service organizations, US vs Japan, 18751
adolescent self esteem & appraisal of parental nurturance & authority, college students vs their parents, 29111
aerobic training, locus of control & self esteem & mood states, 18–36 yr old females, 28689
age & sex & job experience & education, level of confidence in investment decision making, shareholders & investors & security analysts & college business students, 31406
age identification & personality & spontaneous self concept & self esteem, 32–84 yr olds, 22090
aggressiveness & self confidence, cardiovascular reactivity as measured by BP & pulse rate during competitive performance, 15 yr old males, 15178
alcohol & drug education program, decision making & self esteem, 3rd–4th graders, 1983–84 school year, 10090
alcoholic beverage administration & information on beverage content & success vs failure feedback, performance attributions & self esteem, male college students, test of self handicapping hypothesis, 8321
antecedents & correlates of social self esteem & occupational confidence & life satisfaction, gifted & talented females assessed in 10th & 11th grades & 3.5 yrs postgraduation, longitudinal study, 25599
antireligious humanistic values in empirical analyses of religiosity & self esteem & self acceptance & guilt & sin & grace scales, college students, 8232
anxiety & depression & self esteem & behavior problems, female sexually abused 6–12 yr olds, 29697
attributional & motivational style, self confidence in mathematics, 7th graders, 3194
behavior modeling & rehearsal vs standard training, knowledge & confidence & expectations of survival in contaminated warfare environment, male Navy recruits, 20927
behavioral observation vs self vs peer ratings & other theoretical & methodological influences, self confidence & popularity & athletic skill measurement, female 10th–12th graders in team sport, 38581
body size estimation accuracy & body & self esteem & depression & eating disturbance & teasing history regarding appearance, premenarcheal vs postmenarcheal 10–15 yr old females, 26485
causal model of positive health practices & self esteem & perceived social support, 15–21 yr olds, replication, 32552
certainty during test taking & performance on clerkships & board exams, medical students, 23912
climatic expression in Bio Psychotherapy, reversal of dysfunctional moods & enhanced self esteem, psychotherapy clients, 40654
close relationships, self esteem, college students, application of cross lagged correlation analysis, 11732
cognitive behavior modification program, self statements & self esteem, 9th graders, 19781
community intervention & training program, negotiation skills & influence & self esteem & risk taking & autonomy, neighborhood residents & school board members, 2679
comparison of survey of important life areas & dimensions of self esteem assessment instruments, 11–15 yr olds, New Zealand, 11534
components of self esteem & family relations before vs after therapy, adolescents with family conflict vs school oriented vs goal searching school refusal, 37226
confidence & number of responses in discrimination task with constant stimuli, college students, Italy, 24759
consciousness raising, self acceptance & esteem & cognitive dissonance & attributions & goal setting & social identity & comparison, mentally handicapped clients, 12771
construction & reliability & validity of Sexuality Scale, assessment of sexual esteem & depression & preoccupation, college students, 35192
construction of negative test items paralleling Bem Sex Role Inventory positive items related to androgyny & self derogation, male & female college students, implications for confound free scale, 24566
content of private vs open family discussion about adoption & child's self esteem & interest in biological roots, 13–19 yr old adoptees & their parents, 15295
convergent & discriminant validity of trait & behavioral measures of masculinity/femininity & self esteem, female vs male college students, 15558
coping styles & irrational beliefs & self esteem, eating disorders, normal female college students, 37104
counseling utility of Developing Understanding of Self & Others affective education programs, self esteem & social skills, 7–9 yr olds, 6 mo followup, 6829
criterion aggregation in self esteem & goal setting, task performance, college students, implications for personality research in organizations, 34918
curricular & student & teacher & achievement focused & counseling interventions, self esteem enhancement in classroom setting, students, 24234
debriefing conditions & confidence level, perseverance of bias in grading assignment, college students & teachers, Israel, 11767
degree of functional disability & dependency & demoralization & suicidal ideation, adults, 19032
depression & social support & self esteem & demographic variables, institutionalized 61–95 yr olds, 34318
development & evaluation of workshop program, decision making confidence & effectiveness & coping behavior, 19–65 yr olds, 26878
development & growth of Wilderness Therapy adventure program as component of social work private practice, self esteem enhancement, adolescents, 40939
development & reliability & validity of self esteem questionnaire, 19–68 yr old cancer patients, 9 mo followup, 10592
development & validation of ego strength scale for Child Abuse Potential Inventory, screening of child abusers, nurturing vs general population vs at risk parents vs parents involved in other family violence, 14140
development of spirituality & self esteem in alcohol rehabilitation, 20295
divorce adjustment & self esteem & emotional health of family of origin, divorced males vs females, 8237
dysthymia & psychosocial dependency & self esteem, male vs female 9.8–12.7 yr olds, Austria, conference presentation, 19092
eating attitudes & body image distortion & depression & self esteem, male high intensity runners vs females with bulimia nervosa, 19588
effectiveness of program on positive self esteem development, attitudes toward alcohol & drug use, 5th graders, 11504
enrichment program, creative productivity & learning behavior & self esteem, gifted learning disabled 4th–5th graders, 24119
environment & self esteem & beliefs about others & risk taking behaviors, health, adolescents, 39625
ethnic identity & self esteem & experiences, Mexican American 12–17 yr olds adopted by White vs Mexican American families, 22164
explanations & attributions for drug use, self esteem & abstinence from drug usage, adult heroin users, Scotland, 8871
extraversion & neuroticism & psychoticism & values & self esteem & salary, job satisfaction, physician faculty members of medical college assessed by academic rank, India, 9983
extraversion & trait anxiety & self esteem & locus of control, social participation, college students, Canada, 8338
facial affect recognition & self esteem, schizophrenic 18–40 yr olds, 11957
family & peer social support & self esteem, psychological adjustment, 6.5–16.7 yr olds with diabetes mellitus & their families, 33659
family & social networks & self esteem, 13.9–18.7 yr olds with end stage renal disease treated with renal transplantation, 40464

family type vs environment, self esteem & adjustment, mothers & adolescents from bereaved or divorced or intact families, 1112
feedback following motor performance, self confidence, high vs low confidence college females, sports implications, 13990
gender & sex role & self esteem, body image, college students, 29292
gender & sex role orientations, self esteem, 4th–6th graders, 32466
general category vs rational emotive therapy system, assessment of good moments in rational emotive therapy, clinicians, 23212
global self esteem & perceived interpersonal competence, organizational stress & job strain & satisfaction & performance & commitment & psychosomatic problems, adult male low level managers, 13835
goals & intake procedures & processes of short term self esteem strategic group psychotherapy & training & supervision issues, outpatients, 23275

principles of professional collaboration, advisors of self help support groups for families of mentally ill persons, 13070
process characteristics of self help vs therapy groups, 9415
psychosocial changes, female widowed 60–73 yr old peer self help group leaders, 40916
rates & efficacy of participation in Overeaters Anonymous, bulimic 20–40 yr olds, 2696
reading psychological self help books, personality, adults, 30156
reasons for joining & perceptions of effectiveness of mutual help organization, former mental patients, Australia, 19876
role of self help groups in mental health delivery system & involvement of psychologists, 30341
self & teacher & parent perceived independent living skill needs, severely disabled high school students, implications for social & vocational skills & parent training, 25979
self help & social group work in soup kitchen, street people, 34216
self help & structured group therapy, violence & threats of violence, male spouse or partner abusers, 6 mo followup, 33694
self help concept as wish to prevent disorder & disease course, intervention & primary & secondary & tertiary prevention of anorexia nervosa, 2176
self help group therapy & self control, abused & abusing parents, 2.5 yr study, conference presentation, 30324
self help groups, parents & relatives of children in foster care, UK, 30674
self help model for psychosocial rehabilitation, hospital discharge process, consumers of mental health services, 41048

social networks & social learning & cognitive approaches, psychosocial processes of self help groups, practice implications, 9697
social support & organizational characteristics, well being & group appraisal, members of self help groups, 6324
strategies for fostering establishment & maintenance of inner city self help groups, community residents, 13032
symptoms & characteristics & past & present sources of help, agoraphobic patients in self help groups, 15681
treatment & self help group exposure, codependence characteristics, 22–52 yr old children & grandchildren of alcoholics, 30833
unaided smoking cessation, adult smokers, 1 mo to 2 yr followup, 9886
Women's Self Help Center, incarcerated female victims of domestic battering convicted of murdering abuser in self defense, 13275
worksite self help smoking cessation program, abstinence, registered nurses, 23845
yoga & meditation & imagery & health education in residential Commonweal Cancer Help Program, cancer patients, 2622
Self Hypnosis [See Autohypnosis]
Self Image [See Self Concept]
Self Inflicted Wounds
behavioral assessment of reinforcer preferences, development & outcome of treatment for self injurious behavior, severely multiply handicapped & moderately mentally retarded 4 & 8 yr old males, 30395
body image boundary & self inflicted cuts, tattooed vs nontattooed males incarcerated for violent crimes, 1792
client characteristics & design of behavior modification vs normalization interventions, self injurious behavior, mentally retarded clients, commentary, 33963
cutting of forearm, drop & rebound in blood glucose levels, depressed 13 yr old female, case report, 29488
differential reinforcement of alternative behavior & brief physical restraint, self injurious behavior, institutionalized profoundly mentally retarded 13 yr old male, 23343
frontal lobe seizures, self injury, mentally retarded 16–50 yr olds, 36919
functional communication training, reduction of severe aggressive & self injurious behaviors, male 27 & 36 yr olds with autism & profound mental retardation, 37416
normalization as empirically grounded theoretical system & behavior modification, self injurious behavior, mentally retarded clients, commentary, 33988
psychoanalytic treatment, understanding of psychodynamics, 19 yr old female with self cutting behavior, case report, 16426
reverse liaison rounds, medical & psychiatric treatment, 28 yr old White male self inflicted burn patient, case report, 2760
self cutting after rape, hospitalized female 18–32 yr olds, 33283
sensory extinction vs response contingent physical immobilization or distasteful solution, self injurious arm biting, male multiply handicapped 6 yr old, 19895
trazodone, self abusive behavior, depressed 38 yr old female, case report, 12895
type of reinforcement procedures, serious self injury, institutionalized retarded or autistic 13–35 yr olds, 34279
upper lumbar crush spinal transection, postcordotomy spontaneous dysesthesias & self inflicted hindlimb attacks, male macaques, 28772
visual screening & forced arm training procedures, self injury, 14 yr old intellectually disabled male, 37457
Self Instruction [See Individualized Instruction]
Self Instructional Training
applied relaxation vs social skills training vs in vivo exposure vs self instructional training, 20–60 yr old phobia patients, 19902
self instruction training, comprehension monitoring, 4th–5th grade above vs below average readers, 20477
self instructional & self management training, 11 yr olds with reading comprehension problems, 20486
self instructional strategy training, revising behavior & length & quality of written essays, 10–11 yr old learning disabled students, 10193
self instructional training, dental fear, 8–12 yr olds, 16511
self instructional training package, on task behavior, mildly or moderately mentally retarded 21–30 yr olds employed in sheltered workshop, 37851
self questioning summarization strategy, increased learning & retention of social studies materials, learning disabled & underachieving 7th-8th graders, 20657
self regulation & goal setting & activation control & imagery & attention control, motor performance & sports, 38536
self vs external instruction, performance on complex sequencing task, mild to moderately mentally retarded 18–46 yr olds in vocational training, 27298
Self Management [See Also Self Instructional Training]
behavior therapy, 26 yr old deaf female with severe tinnitus, Sweden, case report, 40728
behavioral methods, personal peace activism, 30368
construction & reliability & validity of Frequency of Self Reinforcement Questionnaire, college students, 17589
control related efforts & beliefs, self regulation of personal development, 30–60 yr olds, 15152
coping & change processes & self reported outcomes of New Year's resolutions regarding addictive & other behaviors, 16–75 yr olds, 6 mo study, 37449
development & field test of self management education program, 62–87 yr old heart disease patients, 12777
developmental psychodynamic model, adaptive & maladaptive responses to self care requirements, pregnant diabetic patients, 2149
devotion of cognitive resources to behavioral self regulation, ability to characterize vs correct initial impression of target person's behavior, college students, 8387
E & S verbalizations in correspondence training, play behavior with toys, 4 yr olds, 19879
emotion management, medical school students, 34526
evaluative studies of asthma self management programs, literature review, 16727
group discussions & communication strategies, self persuasion & self care regimen compliance, diabetic inpatients, 2376
health & self efficacy beliefs & prior hospitalization & participation in health education program, self management behavior, 7–17 yr olds with chronic asthma, 1 yr followup, 5602
health information & personalized norms & criteria in self care related to weight, middle vs working class 19–56 yr old females, 27043
hierarchical model of self organization & failures of self regulation, opiate addicted adults, 40317
hypnosis & behavioral self management, weight control, obese females with high vs low hypnotizability, 3 mo followup, implications for experimental methodology, 37196
Living with Asthma program of Children's Asthma Research Institute & Hospital & other self management programs & strategies, adults with asthma, 40961
Living with Asthma self management program, asthmatic 5–17 yr olds, 37837
Minnesota Arthritis Training Program, self management through education & exercise, patients with rheumatoid arthritis, 13209
model for teaching self management to employees with severe disabilities in supported employment settings, job coaches, 37855
observation of videotapes of self vs peer engaged in appropriate classroom behavior, disruptive classroom behavior, 9–11 yr olds with behavior disorders, 17272
proactive side effect management information, self care, chemotherapy patients, 12846
psychological & physiological variables, prediction of success in biofeedback & cognitive self management for control of diastolic BP, borderline hypertensive 31–54 yr olds, 6096
reliability & validity of Dieter's Inventory of Eating Temptations, assessment of behavioral competence regarding weight control, overweight adults, 3628

self efficacy & outcome expectancies, maintenance of new vs relapse to problem behavior after self management training, 28–59 yr olds, 9443
self government, aggressive behavior, institutionalized delinquent 14–16 yr olds, 6573
self imposed delay of gratification, self regulation, 6.4–12.8 yr old males with social adjustment problems, 39665
self instructional & self management training, 11 yr olds with reading comprehension problems, 20486
self managed behavior therapy, 20 yr old bulimic female, case report, 12807
self management, disruptive & off task behaviors, behaviorally disordered or learning disabled 13–15 yr old students, 6794
self management procedures, ability to sustain attention to preacademic or academic tasks, 8–14 yr olds with developmental disabilities & severe behavior problems, 13640
self management program, emotional arousal & aggressive responses to aversive situations, behavior disordered adolescents, 2265
self management training, self efficacy & job attendance, unionized state government employees, 6 mo followup & replication, 34874
self management vs letter & telephone treatments, sobriety, alcoholic male veterans who completed treatment program, 1 & 3 & 6 mo followup, 13241
self management vs task specific instruction, transfer of learning, mildly mentally retarded 13–20 yr old students, teaching implications, 31207
self regulation intervention, school phobia, female 12 yr old, case report, 12799
self regulation method of self control, hand surface temperature & permeation of warmth, trained vs beginner adults, implications for psychotherapy & biofeedback, 35670
self regulation of study time prior to test of factual information in reading passage, 3rd–4th graders, 20510
self regulation training, reading comprehension, underachieving 4th graders, 38135
staff supervision &/vs self management strategies, work productivity, 20–48 yr old educable or trainable mentally retarded workers in sheltered workshop, 30803
surveillance by E, reactivity to self monitoring of work productivity, mildly & moderately mentally retarded 26 & 53 yr olds, implications for self management programs, 33955
teaching use of self statements, job task performance, severely mentally retarded 16 yr old male with cerebral palsy, 13222
tetrahydrocannabinol-free marihuana & aversion therapy & self management counseling, 24–40 yr old chronic marihuana smokers, 6 & 12 mo followups, 13260
training in controlled breathing, physical exercise & hyperventilation induced asthma attacks, 20 yr old male, case report, 26900

Self Monitoring

accuracy of confidence rating, performance in self monitoring visual perceptual tasks, college students, 15525
cigarette fading & self recording & contracting in smoking cessation program, adult smokers, 2945
collection of rate data on symptoms & other clinically relevant events, patients, 20066
control orientation & self monitoring & preference for image vs quality approach to advertising, 5090
daily self monitoring biofeedback of headache & medication intake, female 21–49 yr old migraine headache patients with vs without visual prodromes, 6078
development of coping & monitoring strategies, stress & burnout & hardiness, teachers, 20444
diary of self monitored driving habits & actual observed driving behavior, screening for deficits that may affect driving performance, 65–90 yr olds, 41392
feedback vs external cues procedure, blood glucose estimation, insulin dependent diabetic patients, 2430
frequency of followup interviews with vs without written self monitoring, alcohol use, alcoholic adults discharged from inpatient treatment, 1 yr study, 6544
generalization of within clinic correct articulation through self monitoring to nontreatment environment, 2nd–4th graders, 16683
issues in multifaceted personality constructs & implications for measurement of self monitoring & attributional style & hardiness, 25901
mindfulness meditation vs cognitive self observation, psychological well being, college students, 383
normative data for Self Monitoring Scale, standardized assessment in music therapy settings, chemically dependent 13–17 yr olds, 10604
prescribing purposeful enactment & self monitoring of symptoms, 36 yr old female in therapy for generalized anxiety disorder, 2278
reactivity & reliability & accuracy of self monitoring, literature review, implications for social work, 30381
reading skills & comprehension monitoring processes in reading & mathematics contexts & problem solving, 13549
repeated exposure to classroom self control contingencies, accuracy of self recording of on task behavior, emotionally disturbed 12–18 yr olds, 38215
self consciousness & self monitoring technique, erectile dysfunction, human males, 12575
self instruction training, comprehension monitoring, 4th–5th grade above vs below average readers, 20477
self monitoring & feedback techniques, acquisition of emotional adjectives, hearing impaired 16.8–22.3 yr olds, 2432
self monitoring & supervisor feedback, on task behavior, 20–40 yr old staff of residential care facility for mentally retarded, 20206
self monitoring, chronic psychogenic vomiting, 25 yr old male psychiatric inpatient, case report, 6072
self monitoring, drinking & DUI behaviors, adults, 1907
self monitoring, mock & actual employment interview performance, speech & language impaired 17.9–19.6 yr olds, 20260
self monitoring nonwait responses & distinctive feature prompts, time delay discrimination training, impulsive 4.6–5.8 yr olds, 16521
self monitoring of attention, teacher interaction & independence & time on task, 12.3–14.1 yr old learning disabled male students in middle school, 20632
self monitoring of blood glucose, management of diabetes mellitus, literature review, 37683
self monitoring of memory encoding vs retrieval ability, adults with left vs right temporal lobe epilepsy, 12472
self monitoring, on task attention during independent seatwork in class, 4th–6th graders at risk for school maladjustment & academic failure, 20551
self monitoring training, reliability & reactivity of self recording, 4–5 yr olds, 40726
self monitoring vs cognitive restructuring, laboratory binge eating, adult female restrained eaters, 2217
self monitoring with vs without assigned goal setting & feedback, productivity, 24–62 yr old clinicians in rural mental health center, 17022
self monitoring with vs without extra staff attention, gym attendance, 17–56 yr old females, 31507
self observation as empowerment strategy, families with 7 vs 10 yr old males vs 25 yr old female, 34262
self recording & minimal teacher intervention, maintenance of appropriate eating behaviors, moderately retarded 6 yr old male, 20631
self regulated learning strategy use reported by self vs teacher ratings & English & mathematics test scores, high school students, validation of learning strategy model, 3211
self regulation method based on meditation, EEG & contingent negative variations, adults, 28682
sentences with precise vs imprecise elaborations, self estimated vs actual sentence recall before vs after studying or testing, college students, 342
social skills training & self monitoring & continued functioning in supported competitive employment setting, moderately retarded 22 yr old male with Down's syndrome, 12818

source attractiveness & expertise & strength of argument, agreement with persuasive message, high vs low monitoring male college students, 4952
surveillance by E, reactivity to self monitoring of work productivity, mildly & moderately mentally retarded 26 & 53 yr olds, implications for self management programs, 33955
Self Monitoring (Personality)
ability to self monitor task performance & need for parental assistance, 9.5–10.5 yr olds & their parents, 10–12 mo study, 8142
age, self monitoring by social comparison, 20–67 yr olds, 32521
anxiety, self monitoring behavior, high vs low self monitors, 1441
attitude-behavior relationship, high vs low self monitoring college students, 22426
attitudes toward & perceived relevance of values to abortion & nuclear weapons, high vs low self monitoring college students, 18962
balance of action vs self monitoring, attributional model of pathology, 1747
classroom demonstration of self monitoring orientation, commitment in dating relationships, 6710
ethics of human dignity & client therapist relationship & self monitoring, rehabilitation counseling, 2892
extraversion & neuroticism & Type A behavior, self monitoring, adults, 25915
German version vs shorter version of Self Monitoring Scale, college students, 31644
image vs quality/information oriented advertising for classic vs trendy apparel, advertisement favorability, high vs low self monitoring female college students, 41534
instruction in self directed thinking, gifted students, 34726
leading questions, self monitoring & memory about observed other, college students, 1457
locus of control & self monitoring & presentation & receptivity to expressive behavior & sex role orientation, discrimination of Machiavellian orientation, college students, 39970
mirror vs camera manipulations, private vs public self consciousness, college students, 8422
monitoring inner world of therapist's subjective self & countertransference, therapists & 68 & 76 yr old patients, 30276
positive reinforcement vs negative feedback, perceived reinforcement & confidence & problem solving ability, high vs low self monitoring 10th graders, Hong Kong, 18633
product form & function, evaluation of quality of consumer products, high vs low self monitoring college students, 31488
self consciousness & self monitoring & upper respiratory symptom reporting, 16–33 yr old Naval recruits, 33662
self monitoring & adjustment & personal & social sources of identity, college students, 22416
self monitoring & imaginary audience & personal fable constructs, ego development, 5th–11th graders & college students, 15183
self monitoring & leadership emergence in groups, business students, 18878
self monitoring & occupational preferences, college students, implications for career counseling, 27833
self monitoring, evaluation of image vs quality & information oriented advertisements for apparel, female college students, 13964
self monitoring, facial cosmetic use, female college students, 8419
self monitoring level, attitudes & intentions about cable TV subscription, heads of household, 3474
self monitoring personality, leadership emergence in natural groups, college students, 25842
self monitoring, reactions to manipulations of public vs private self awareness, college students, 15556
self monitoring, social skills & sex role typing, college students, US vs New Zealand, 1419
self report measures of self monitoring & self deception & impression management, Type A behavior, 24–61 yr old junior high & high school teachers & administrators, 36486
subordinates' self monitoring & perception of task & relationship oriented leadership behavior, job performance, female staff nurses, 30864
targets' physical attractiveness & personality traits & interests, perceived compatibility of partners in romantic relationship, high vs low self monitoring college students, 22327
utility of Luria's regulatory concept in verbal-nonverbal correspondence training, children, 9460
1 vs 2 vs 3 factor models of self monitoring, commentary, 32885
1st & 2nd order factor analyses of Emotional Empathy Scale vs Self Consciousness Scales vs Self Monitoring Scale, college students, 35116
Self Mutilation
autocastration & autopenectomy, 26 yr old male with dual diagnosis of schizophrenia & transsexualism, case report, 32962
characteristics of intentional self burning, psychiatric patients, 33148
characteristics, 14–71 yr old female habitual self mutilators, 33267
clomipramine or fluoxetine, self mutilation, 29 yr old male & 20 yr old female with obsessive compulsive disorder, case reports, 2520
clonidine induced self biting & automutilation, mice, model for clinical self injurious behavior, 7823
definition & epidemiology & clinical features & management of & explanations for self mutilation, literature review, 8789
explanations of self mutilation, patients & clinicians, 29704
health & healing & social stability & religion, culturally sanctioned vs deviant self mutilation, 40218
interdisciplinary consultation, self mutilation, hospitalized female 24 yr old with borderline disorder, 30198
masturbation during adolescent development, self mutilating 16 yr old female, case report, 15830
mental disease patterns, cutaneous self mutilating 17–64 yr olds, Denmark, 15846
neonatal vs adult dopaminergic neuron lesions using 6-OHDA, functional interaction between purines & dopamine, adult rats, implications for Lesch-Nyhan syndrome, 4284
self harm behavior survey results, adult chronic self mutilators, implications for community mental health professionals & services, 8788
self mutilation contagion, disturbed 15–21 yr old inpatient dyads, treatment implications, 29733
skin & ear self mutilation, paranoid schizophrenic 35 yr old male, case report, 29644
taxonomy of causes & meaning of self mutilation, implications for therapeutic approach, 1587
Self Observation [See Self Monitoring]
Self Perception
ability to respond to shadowed information & recognize & manipulate own shadow, 13–42 mo olds, 32381
academic self perception & motivation, gifted 4th & 7th graders, Canada, 34751
acknowledgement & goal setting in counseling intervention, stress reduction & transition & coping & resumption of work role, clients with midcareer disabilities, 23729
acoustic correlates of self perceived typical vs imitated stutterings, 19–63 yr olds, 1950
action theoretical model of personality & situation constructs & self referential cognitions & person-situation interactions, 32872
actual & perceived parental appraisals, self appraisals, 4th–8th graders, longitudinal study, 32491
actual vs self estimates of Kirton Adaptation Innovation Inventory scores, college students, 25940
age & age role self concepts & sex roles, public self consciousness & socially conspicuous consumption behaviors, 20–75 yr olds, 17471

age & sex & number of other children & child care experience, perceived informational & emotional & judgment-developmental needs, adoptive vs biologic parents, 1211
age, communication attitudes & self perception, 20–70 yr olds & older, 11565
age, disclosure of facts vs internal events & recognition of conflicts with others vs internal divisions, 8th–12th graders, 1139
alcohol & expectancy & state trait self focus, complex RT, social drinking males, 4933
alcohol usage & addiction, stress & self awareness & evaluation & cognition, applications of social cognition approach, 40269
alcoholic vs placebo drinks, perceived mood & intoxication & plasma prolactin, 21–24 yr old sons of alcoholic fathers, 36868
alienation, attractiveness ratings of facial photographs & self, female vs male 18–24 yr olds, India, 22437
allocation of functions between machines vs operators & number of machines, performance & subjective response in flexible manufacturing system, engineering students, implications for stress reduction, 10349
assessment of psychological strengths & weaknesses, elite field hockey players & their coaches, 24483
assessment of subjective & objective memory impairment, 39–79 yr old stroke victims & their relatives & friends, 30004
attitudes & beliefs & behaviors regarding family & friends & school & emotional & physical health & divorce, divorced or separated parents & their 12 yr old & younger children, 29239
attitudes toward chronic unemployment, self image & self perceived insecurity & depression & withdrawal, unemployed adult males from 4 occupational categories, 10333
attribution & social & self perception, emotional control, 1416
behavioral consistency & uniqueness of personality & self description, female college students, implications for dramaturgical quality & value, 8409
behavioral training, perception of self & others, 26–57 yr old 1st–8th grade teachers, 27516
body size estimation & satisfacton & feeling fat before vs after meals, 18–24 yr old females, 25965
brief vs extended exposure to uncontrollable failure, hostile vs depressive self schemata responding & content recall, Type A vs Type B college students, 39975
caste affiliation & SES, self attitudes, college students, India, 36231
CATCH social skills training program, skill development & generalization & self perception, mildly mentally retarded 13.1–15.8 yr olds, Australia, 34743
categorization of self vs cartoon strip character on bipolar constructs, high school students, Canada, test of golden section hypothesis, 8122
causal orientation & perceived competence, expectation & persistence & performance of balancing task & attribution of causal dimension, college students, 35405
classroom environment with emphasized vs deemphasized normative evaluation, self rating of current vs predicted academic achievement, kindergartners vs 4th graders, 3246
client centered therapy & technical & artistic aspects of self knowledge, 30303
clinical & research utility of contextual approach to self appraisals, abusive parents, 26275
cognitions & feelings & moods, differences between self & other trait ascription & attribution, adult volunteers & college students, 11792
cognitive & affective aspects of institutional learning & perception of demands & ability to meet them, students, 31112
computer mediated communication, private & public self awareness & interpersonal communication, college students, 22336
conception of ability, academic self perception, 1st graders, 1 yr followup, 8038
conceptions of control & autonomy & achievement motivation & coping behavior, 9–13.1 yr olds, Netherlands, 29160
conditions of social individuation vs deindividuation, asymmetry in rating distance between self & others, college students, Poland, 39927
conjunction of national holidays with birth date, self perception, government personnel vs clergy, 25871
consequences & functional value of overprediction of fear, 1468
construct validity & reliability of Sexual Identity Scale, measurement of self perception as masculine vs feminine, adults, 140
construction & validity of perceived physical fitness scale, assessment of perceived physical fitness on psychological functioning, 21–68 yr olds, 29379
constructivist theory of self & self perception, 15510
continuity & change in intrafamilial agreement in parent's beliefs about child & child's self beliefs & awareness of parental beliefs, 12–13 vs 17–18 yr olds & their parents, 2 yr followup, 21993
cultural contexts, private vs public vs collective self & social behavior, 36454
cultural meaning systems, cognitive vs experiential perceptions of self, college students, Japan vs US, 15504
definition of & claim to knowledge & concepts of learning, Black vs White working class female 25–50 yr olds in basic education programs, implications for feminism, 31170
deliberative vs implemental mind sets, perceived degree of personal control over target light onset, college students, 25917
demographic characteristics & sexual behavior & self perceptions, sadomasochistic adults, 36785
depersonalization & self perception & body image, conference presentation, 15740
depressed mood & infant attachment & perceived self efficacy to terminate infant cry, mothers of 5 mo olds, 22177
descriptions of liked vs unliked child & adult & self, assessment of internal object relations, 105–136 mo olds with conduct disorder, Netherlands, 33319
development & validity & reliability of & norms for adjustable light beam apparatus, assessment of body size estimation accuracy, 17–35 yr old females, 10546
development of psychological boundaries, females, 29142
development of rating scales, measurement of self participation in REM sleep & discrimination of phasic vs tonic phases, male college students, 24664
development of self reflection & ego identity measuring individuation, female 17–22 yr olds, 39670
development of 4 Dimensional Self-Consciousness Scale & concept of public self awareness, 22–48 yr old students & school principals, 14186
developmental symptoms & self perception of handicap, 56–92 yr olds with hearing loss, 5645
dimensions of self & perception of similarity to others, 18–30 yr olds with physical disabilities, Poland, 40446
distorted body perception & image, bulimic females, 29938
dose of insulin & propranolol, pulse & BP & blood glucose & epinephrine & norepinephrine & subjective symptoms, healthy adults, implications for use of beta blockers by diabetic patients, 32169
dualistic interactionism of brain & self in self consciousness, conference presentation, 21014
dysfunctional attitudes of self worth & self consciousness, mild depression, college students, 1456
embarrassment vs shame as perceived failings in own persona vs failure to meet shared objective standards, implications for identity & expectations, 25895
evaluation of peer nomination technique, determination of social behavior & peer & self perceptions, sociometrically neglected vs rejected school age children, implications for at risk children, 29167
exercise program, organizational attitudes & perceptions of job performance & stress & health & self esteem under shipboard conditions, male Navy & Marine Corps personnel, 3464

exercise with self vs external focus, physiological & psychological responses, male vs female college students, 7748
experience of strangeness & supposition of sameness of self & other, interpersonal relations, 4957
extensions of self to external people or objects & hierarchy of identities, structure of self concept, 11826
facial expression in mirror vs camera image, ratings of self vs other likeness, college students, 1389
factor structure & reliability & internal consistency of Swedish translation of Self Consciousness Scale, high school & college students, 31645
factor structure of Problem Solving Inventory, assessment of perceptions of personal problem solving, 9th graders, 24671
factor structure of public vs private self consciousness scales, blood donors, US vs Poland, 21125
feedback on attributions of others, subsequent self perceptions, college students, 8374
gender & sex role & self esteem, body image, college students, 29292
guilt & belief in sin & grace, self awareness & empathy & depression, college students, 22443
hand held microcomputer, collection of physiological & subjective & behavioral data in valid gambling settings, adult players, 14731
hardiness & demographic characteristics & perceived health, females with rheumatoid arthritis, 5750
health related attitudes & promoting behavior & self perception & efficacy, adult health fair attenders vs nonattending grocery shoppers, 16768
identity status & personal construct systems, college students, 22388
illusion of unique invulnerability to pregnancy, use of effective contraception, female college students, 15377
illusions of perceptions of self & personal control & unrealistic optimism about future, mental well being, commentary, implications for counseling, 32836
imagining being mentally ill, unrealistic optimism & perceived vulnerability to & attitudes toward mental illness, medical students, 33119
implicit theories regarding constancy of own attributes, recall of life events in construction of personal histories, 25952
individual target & population base rate of accuracy, acceptance of personality assessment statements, college students, 15463
initial belief discrepancy, acceptance of favorable vs unfavorable self relevant statements, college students with high vs low self confidence, 25957
inservice professional development programs, self perception, teachers, Australia, 41204
intensity of affect & self report & observable behavior in simulated anxiety provoking social situation, public vs private self consciousness, 20–51 yr olds with social phobia, 11980
internal attributions, depression & self esteem, college students, implications for counseling & research on learned helplessness, 36698
interrater agreement between self & roommate perceptions of interpersonal competence in peer relationships, male vs female college students, 15498
interrater reliability & validity of subjective experience of deficits in schizophrenia rating scale, measurement of cognitive disorganization & impoverishment, adult inpatients, 7138
interrater reliability among span & variance measures, ratings of interpersonal behavior of group peers & self, college students, 8344
introspective access & accuracy of metacognitive causal reports, literature review, 3837
judgment of self vs peers' abilities, 2nd vs 4th graders, 8138
level of ego development, perceptions of their illness, bulimic females, 19636
limitation of Skinner's radical behaviorism theory of consciousness, explanation of self conscious experience of pain, 7298
local employment opportunity structure, coping response & self description & work experience, 15 yr olds leaving school, Wales, 3 yr study, 29136
locus of control & openness of belief system & self perceptions, attitudes toward environmental issues, female college students, 3458
locus of control & PMS & self perception, females, conference presentation, 8453
marathon group counseling, self perceptions, illicit drug users, 2935
masculinity & self esteem & self acceptance, 19–65 yr old male professionals vs college students vs clients, 18967
maternal attitudes of sharing & autonomy & restriction & demand, children's self perceptions, 25–41 yr old mothers from Kibbutz vs urban environments & their 5.8–6.2 yr olds, Israel, 25626
media campaigns & police spot checks, perceived drinking driving behavior change, adults, Canada, 20296
metamemory perceptions & performance on memory tests, depressive 20–45 vs 57–80 yr old females, 19181
mirror range technique, self recognition & expression of fear & embarrassment, 9–24 mo olds, 22036
mirror vs camera manipulations, private vs public self consciousness, college students, 8422
model of health evaluation & medical care system utilization, male vs female low & middle income elderly, 16740
mothers' vs fathers' occupational status, self perceptions & academic achievement, male vs female 10th graders, Australia, 24040
mutual eye contact, self & other accepting conduct in small groups, college students, 22333
occurrence & self perception of adaptive social & academic vs problem behavior, learning disabled vs nondisabled 3rd–6th graders, implications for mainstream teachers, 10173
origins of self other discrepancies in quality of life judgments, elderly, 11559
overestimation of personal driving skills, drivers, Sweden vs US vs Poland, 38317
past vs future self image, estimation of self change by difference vs similarity comparison to present self image, college students, 15539
peer group membership, perception of self & own vs other peer groups & difficulty in coping with developmental tasks, 16–18 yr olds, Italy, 39655
perceived attractiveness of self vs defendant, guilt & responsibility & personality attributions in simulated courtroom trials, college students, 15328
perceived behavioral consistency underlying trait attributions of self vs other, college students, 1384
perceived cognitive & physical & social & self worth competence, gifted 5th–7th graders in full vs part time segregated programs, 27676
perceived complexity of situations, self incompetence & self efficacy expectations, college students, 22360
perceived evaluation of self by another person, social anxiety, college students, 15466
perceived parental rejection vs acceptance, personality factors, 9–12 yr old females, India, 39667
perceived problems before vs after Islamic Revolution, 11–14 yr olds, Iran, 25590
perceived residence halls' student-environment fit & sense of competence, college students, 13577
perceived self concept discontinuity, defensive information processing in conditions of threat to self, 19–25 yr olds, 15516
perceived social environment, motivation for political knowledge, adults, 36447
perception of driving abilities & cognitive skills & actual driving performance, male 65 yr old & older drivers, 39710
perception of driving abilities & motor skills & actual driving performance, male 65–95 yr old drivers, 39699
perception of driving abilities & visual perception skills & actual driving performance, male 65–95 yr old drivers, 39706

perception of health & abilities & life satisfaction, 80–96 yr olds, 32567
perception of manager's leadership style, managers vs employees, 10364
perception of own artistic talent & family background & school & other environmental factors, 13–17 yr old summer arts institute students, 24133
perception of own vs others' communication behavior, Black vs White college students, 11747
perception of self vs peer vs other communication effectiveness, college students, 36491
perception of sensation seeking in self vs familiar vs unfamiliar person, heterosexual college student couples, 8401
perceptions of competence in life skill areas, adolescents, 39660
perceptions of job advancement issues, Black managers vs peers & subordinates & bosses, South Africa, 17379
perceptions of male vs female successful vs unsuccessful hypothetical triathletes vs actual self perceptions, nonathletic college students & male vs female successful vs unsuccessful triathletes, 13979
perceptions of primary activities of parents & own interests & abilities & family dynamics, attitudes toward career & family, 4.5–5.5 yr olds, 4724
perceptions of self & neighboring countries, college students, Nepal, 11595
perceptions of self & victim assessed through role taking & emotions, convicted male rapists, 15884
personal & conjugal & family myths, implications for marital & family therapy, 33884
personal & family & cultural myths & therapeutic model, 31 yr old female with symptoms of anxiety, implications for family therapy, 33898
personal experiences & perceptions of & emotional reactions to disease, homosexual & iv drug using males with AIDS, 26676
personal incentives & self perception & goals, prediction of present & future exercise behavior, 50–81 yr olds, 8174
personality correlates & self consciousness & anxiety, cognitive failure & stress vulnerability, 18–33 yr olds, 10857
physicians' strike, professional autonomy & self image & job satisfaction, primary care & hospital head nurses, Israel, 34525
physiological correlates of perception of awakening, morning recall, insomniac 39–53 yr olds, 22969
Piagetian based learning set procedure, academic gains & self perceived cognitive & peer competence & perspective taking abilities, kindergartners, 1 yr followup, 39559
placement in mainstream vs special education classes as labeling, self perceptions & perceived attitudes of others toward self, 14–21 yr olds in vocational high school, 17288
positively vs negatively valued outcomes & self esteem, effects of self directed attention on attribution, college students, 15496
prediction of individual from group & group from individual evaluations, college students, 15413
preparation of social work graduate students for stress of self awareness in clinical practice, field instruction directors, 30920
presence of mother, occurrence of behavioral indicators of subjective competence, infants observed between 14 & 22 mo old, 8100
previously experienced failure, perceived freedom as self protective device, 18–37 yr old college students, Israel, 29408
private & public consciousness, self report vs behavioral measures of Type A pattern, college students, 36477
private self consciousness & canned laughter, funniness ratings & overt laughter, college students, 25949
private self consciousness, internal vs external attributional style, college students, 32912
private self consciousness, test retest reliability of self reports, college students, 32887
private shyness & social loneliness, self perception of supervisory behavior, managers, conference presentation, 27893
private vs public self consciousness, recognition memory of interpersonal traits & self schema articulation, college students, 15471
process & personal experience of recovery of valued sense of self & purpose in rehabilitation, physically disabled male & psychiatrically disabled female, 9839
processing of flattering vs unflattering personality feedback, depressed vs nondepressed female college students, 5320
protective self presentation, Australian vs Malaysian college students, Australia, 32823
psychological differentiation & unrealistic self expectations & field dependence, male alcoholic 26–65 yr old inpatients vs outpatients, 33392
psychological stressors, cardiovascular reactivity following alcohol consumption, Type A vs Type B males with high vs low self awareness, 14911
psychosocial variables & perceived health, 60–89 yr old osteoarthritis patients, 33499
public vs private self consciousness, intimate vs nonintimate self disclosure to same sex confederate, college students, 25857
R. D. Laing's concept of ontological insecurity, extraversion & neuroticism scores on Eysenck Personality Inventory, college students, 11829
recall of self congruent vs incongruent personality trait & behaviors of introverts vs extraverts, female college students, 11816
recognition of external influences on judgment, college students, replication, 22349
recognition thresholds for tachistoscopically presented self descriptive vs nondescriptive trait words, college students, 22423
recurrent relapses, perceived vulnerability & knowledge about precipitating factors & coping, schizophrenic 22–47 yr olds, 1721
reliability & validity & factor structure of Self Consciousness Scale, 11 vs 13 vs 17 yr olds vs college students, 31555
response format, trait ascription, college students, 1417
retention of self recognition after 1 yr without access to mirrors, young male chimpanzees, 14515
role constraint & self expression, variance in leisure, adults, implications for symbolic interactionist model, 6995
role of particularistic vs universalistic evaluation, social comparison process, college students, 15469
role taking ability & self image disparity, 7th graders, 32523
self & family expressiveness & relations to anger & designated others' consensus, adults, 25899
self & other perceptions of social & academic competence & status, popular vs rejected vs neglected vs controversial 9–11 yr olds, Canada, 32472
self & teacher perceived academic ability & behavior & social skills & anxiety, learning disabled students in resource rooms or special day class programs, 13653
self acceptance, acceptance of adopted children & adoption outcome, parents, 18775
self acceptance, cognitions about & affective response to 2 sided messages in advertising, college students, 17467
self analysis of work & action plan for new applications of psychological skills, educational psychologists, 30985
self awareness & evaluation apprehension, anxiety in counselor training process, college students in role of counselor trainees, 27417
self awareness & leisure experience, 18–55 yr olds & older, 38544
self categorization in overlapping categories, intergroup differentiation, females 65 yrs old & older in senior citizen homes &/or in gymnastics course, 22378
self concept & esteem, vocational self estimates, Cree & Salteaux Indian high school students, Canada, implications for vocational guidance, 27787
self concept & self perception & motor performance, hearing impaired 10–14 yr olds, 19532
self consciousness & need for cognition, self vs other descriptiveness vs possession decisions about trait adjectives & concrete nouns, college students, 15470

self consciousness & self monitoring & upper respiratory symptom reporting, 16–33 yr old Naval recruits, 33662
self consciousness & self monitoring technique, erectile dysfunction, human males, 12575
self discrepancies in cognitive structures, depressed vs social phobic patients, 19236
self esteem, direct vs indirect self enhancement in group involvement, college students, 1385
self esteem, self referential use of sex specific common nouns, male vs female psychiatric patients, 8726
self evaluated maximal physical ability & global health, patients assessed before vs after myocardial infarction, 9155
self focus, recognition memory, college students, 14482
self focused attention, experience of bodily concomitants of alcohol intoxication, adult males, 18474
self focused attention, heart beat perception, 19–33 yr old females, 7746
self focused attention, negative memory bias, depressed college students, 39977
self image & memory for positive self descriptive words & IQ, secondary school students, 22038
self insight in holistic judgment, college students, 35359
self intimating aspects of stream of consciousness, 14492
self knowledge & self esteem & private & public self consciousness & social anxiety, college students, 8434
self modeling, mathematical skill learning & achievement & self efficacy, elementary school students, 34661
self monitoring, reactions to manipulations of public vs private self awareness, college students, 15556
self perceived sexual information & counseling needs, spinal cord injured clients in acute care vs rehabilitation vs post-rehabilitation, 27286
self perception & attitudes toward school, academically at risk 7th graders, 31140
self perception & devaluation, depression, male vs female college students, 32905
self perception & family environment, risk of psychopathology, 14–16 yr olds, 22461
self perception & modes of operation, clinical supervisors of occupational therapy students, 23876
self perception, hospitalized heroin addicted 17–28 yr olds, 40307
self perception of ability & achievement goals & attribution & learned helplessness & attribution training, elementary school children, 38045
self perception of authority or charisma, use of power strategies to influence congregation, Southern Baptist & Roman Catholic clergymen, 8218
self perception of inattention, boredom, college students, 39952
self perception of talent & creativity, Mexican American 3rd–8th graders, 32512
self perceptions, adult females who had mastectomies with vs without breast reconstruction, 9647
self perceptions of academic standing & classroom interactions with teachers, high vs low achieving 3rd graders, 20520
self perceptions of power in terms of organizational policy influence & resources & access to important people, mentored vs nonmentored high vs low level employees, 6907
self rated tolerance for mental effort, performance on high demand cognitive task in quiet vs noise & task related perceptual measures, college students, Sweden, 24808
self rating of speech naturalness, 22–30 yr old male stutterers, 33440
self referent vs semantic memorization instructions for dysthymic vs hypomanic adjectives, recall, 21–61 yr old females with current depression vs in remission, 36665
self relevant information about others, recall & information weighting & goal processing during person perception, self schematic vs aschematic college students, 11769
self reported trait relevance & consistency & observability, moderation of correlations between self & peer ratings, college students, 39994
self verification & expectancy confirmation processes, social & self perception after interaction, college students, 15467
self vs other reported communicative style & ability, communication satisfaction, college students, 18486
self vs parental rating of self perception & self esteem & social competence & behavior problems, 6–16 yr olds in single mother vs father families, 36174
self vs stranger ratings of personality traits, previously unacquainted college students in small same sex groups, 32911
self vs teacher rating of academic competence, male vs female 4th–6th graders, 8022
self vs vocational educators' perceptions of communication performance, 18–24 yr olds with severe learning disabilities, 10203
sense of relative superiority hypothesis, analysis of perceptions of major life role performance, adults, Australia, 18956
SES, self perception & self esteem, 10–18 yr olds, India, 18668
sex & abnormal eating behaviors, perceptions of self vs ideal body shape, college students, 19661
sex & differential mathematics achievement, perceived competence & self descriptive characteristics & expectations on mathematics test, 7th–9th graders, 20536
sex & drinking experience, dose related alcohol expectancies for self vs other, college students, 8320
sex & extraversion & neuroticism & body & facial self image, ability to correct distorted mirror image of own face, 15–55 yr olds, 22424
sex category salience, self categorization & stereotyping in group behavior, male vs female college students, 1361
sex differences & self esteem & dieting & exercise, body & weight dissatisfaction, adults, 22434
sex, perceived physical & general competence, 11 yr olds, 11480
sex role attributes & perceived competence, depression, male vs female 10 yr olds & younger vs 11–16 yr olds, 15815
sex role self perception, sexual satisfaction & dyadic adjustment, adult married or cohabitating males vs females, 39880
sex role self schema, psychological adjustment, heterosexual vs homosexual male vs female couples, 1311
sex, self perception of occupational efficacy, police officers, 31436
sex, self perceptions of behavior & opinions, college students, 11805
shyness & competitiveness & optimism ratings of self vs TV soap opera characters, 17–40 yr olds, 15460
social caste & SES, perception of self & others, college students, India, conference presentation, 29193
social class & perceived adjustment of child, perceptions of father's role competence, husbands vs wives before vs after birth of 1st child, 8245
social context, self awareness as individual vs group member, college students, 18887
social intelligence test & questionnaire measuring friendship & self & peer perception, junior high school students, Italy, 4671
social skills & public self consciousness, credibility during pro vs counter attitudinal presentations, college students, 11786
sociodemographic factors & perceived body shape & eating attitudes, male vs female 12–19 yr olds, Spain, implications for cultural influences, 36182
stress of traumatic events, schematic assumptions of self & world, college students, 39965
structural power position & outcome equity & status congruence in role play of typist & student seeking services, perceptions of self vs partner, college students, 11775
structure and retrieval of self relevant information in memory, college students, implications for role in social interaction, 21294
subjective & objective factors, estimation of life expectancy, college students, 22429
subjective age & fears about aging, life satisfaction, 14–83 yr olds, 25398

subjective comprehension abilities, effect of graphic organizer designed to induce text review on reading comprehension, 10th graders, 20499
subjective cross time stability of personality, elderly, 11544
subjective importance of nonnormative events & experiences, female vs male 19–90 yr olds, 1097
subjective life expectancy & family life expectancy & chronological age, female college students, 8465
subjective mental health evaluation, 35–55 yr old employees of mass media organizations, India, 24391
subjective social skills, physically handicapped 18–25 yr olds, 2140
subjective vs objective identification of SES & class, blue collar employees, Israel, 4789
suprathreshold visual stimulus conditions of simultaneously perceived self motion, thresholds & response times for object motion perception, adult drivers, vehicle guidance applications, 254
target valence & self vs other focus in person schema, recall, female college students, 39928
task success vs failure & certainty vs uncertainty of ability, emotional responses, Type A vs Type B college students, test of self appraisal model, 25956
tendency to view postsurgical adjustment in favorable light seen as denial vs actual coping, mastectomy patients less than 60 yrs old, Finland, 1 yr followup, 26432
theory of internal & external self consciousness, 1482
"thick comparison" & G. P. Murdock's approach, cross cultural human self awareness & study, 39747
threat to positive self esteem vs descriptive self consistency, type of defense mechanism utilized, college students, Poland, 15517
trait & person specific moderators, discrepancy between private vs public self ratings on trait dimensions, college students, 32870
trait self consciousness with vs without mirror enhancement, perceived self consistency, college students, conference presentation, 18960
transition to motherhood, information seeking & self definition, adult females, 1210
validity & factor structure of revision of Self Consciousness Scale, empirical separation of private vs public self consciousness vs social anxiety personality factors, college students, 14133
validity of Generalized Expectancy for Success Scale, assessment of self acceptance, 18–26 yr olds, 31637
validity of self schema construct & assessment of assertion schema effects, assertion schematic vs aschematic college students, 25898
validity of shortened Afrikaans version of E. M. Berger's scales of self acceptance & acceptance of others, college students, 14096
vocabulary test taking, confidence in answers & expectations & predictions of future test performance, male vs female 1st–8th graders, implications for teaching self monitoring of test performance, 34695
word self descriptiveness judgments vs autobiographical word retrieval, self reference memory encoding & retrieval, college students, 31886
work & social & sexual interactions & life roles, self perception of masculine vs feminine vs androgynous roles, males, 4904
1 way mirror vs audio vs video recording observation methods, interactional behavior & self consciousness & anxiety, 20–38 yr old married couples, 11610
1st & 2nd order factor analyses of Emotional Empathy Scale vs Self Consciousness Scales vs Self Monitoring Scale, college students, 35116
2 types of self understanding, psychoanalytic vs daseinsanalytic psychotherapists, 17020
3 phase workshop, self awareness & wellness contracts & burnout prevention, college resident assistants, 41375

Self Psychology
brief psychotherapy from self psychology perspective, elderly outpatients, 23207
brief psychotherapy from self psychology perspective, elderly outpatients, commentary, 23210
causal modeling, empirical validation of H. Kohut's vs O. Kernberg's models of narcissism, 8603
classical psychoanalytic therapy & self psychology, transference, provocative masochistic female patient, conference presentation, 40657
concepts of self in philosophy of M. Heidegger vs psychoanalytic self psychology of H. Kohut, 3513
drive & ego & object relations & self experience psychologies & psychoanalytic perspectives on motivation & personality organization, 28027
H. Kohut's monistic & empathic interpretive psychoanalytic method, clients, 16411
H. Kohut's self psychology & empathic mode in context of history of psychoanalytic psychology, 24519
H. Kohut's self psychology grandiosity & idealization concepts, career choice certainty & satisfaction, college freshmen, 13599
H. Kohut's self psychology model vs drive conflict model vs object relations theory & contributions of D. Stern, infant development, implications for therapy, 33823
interpretation & empathy in therapeutic change process in self psychology, 26820
panel discussion of self psychology clinical model, male unable to sustain meaningful relationships, 9311
principles of self psychology & differentiation between classical vs ego psychology, implications for treatment, 1465
projective identification & therapist's selfobject function, psychotherapeutic change, female 22 yr old client, case report, 30200
psychodynamic model based on self psychology for understanding intrapsychic effects of learning disabilities, 26403
self as agent vs as series of self concept processes, model of job motivation, employees, 41481
self as information processing system, literature review, 21261
self object activation, vegetative symptoms, 68–73 yr olds with reactive or endogenous depression, 30219
self psychological approach to eating disorders, anorexic 15 yr old female, 23247
self psychological use of humor & sarcasm in psychotherapy, depressed 24 yr old & socially isolated 29 yr old females, 19819
self psychology & burnout, psychotherapists & consultants & teachers, 34545
self psychology approach in long term group therapy, schizophrenic inpatients, 23661
self psychology as superego psychology, self regulatory & self evaluative functions of mind and object relations, 23195
self psychology, development & treatment of emotional disturbances, sexually molested male 7–10 yr olds, 26831
self psychology, flexible merger, lesbian couples, 30347
self psychology model, narcissistic psychopathology, cocaine addicted patients, treatment implications, 19399
self psychology perspective, experience of time within psychoanalytic process, 16382
self psychology perspective in psychotherapy, bulimic 30 yr old female, 19739
self psychology perspective, oedipal conflict & motivation to work, 18978
self psychology perspective of narcissistic vulnerabilities & injuries, couples with marital difficulties, implications for therapy, 26873
self psychology treatment approach, self containment, 9 yr old female & 13 yr old male, 33764
self psychology vs psychoanalytic perspective of developmental theory based on S. Fraiberg's "The Magic Years", 35995
self theory perspective in client centered therapy, feelings of mastery, clients, 26832
self vs ego psychological vs interpersonal psychoanalytic theory, relationship, therapist & client, 19794
theory of adolescent development consistent with tenets of self psychology, 21902

Self Realization [See Self Actualization]

Self Reinforcement
binding potencies at monoaminergic uptake & neurotransmitter receptor sites, reinforcing properties of amphetamine & related phenylethylamines vs cocaine, implications for abuse, 35885
binding site action of self administered cocaine, reinforcement & addiction, animals & humans, conference presentation, 7910
Ca-acetyl homotaurine dosage, discrimination from saline & reinforcement properties measuring abuse potential, monkeys vs pigeons, 39309
caffeine & tolerance & withdrawal, reinforcement threshold for intracranial self stimulation, male rats, 14908
caffeine dose levels, reinforcement & subjective effects, 21–35 yr olds, 39398
cocaine self administration with vs without concurrently available glucose & saccharin drinking solution reinforcer, acquisition & maintenance of cocaine reinforced behavior, male rats, 28822
electrical stimulation of hypothalamus "rewarding" areas, habituation to cold, male mice, 35741
ethanol preference in choice paradigm vs oral ethanol self administration operant conditioning paradigm, ALKO alcohol accepting vs nonaccepting rats, 39378
ethanol withdrawal, amount of ethanol self administered, male monkeys, 25326
facilitation & constraint factors, ethanol self administration, rats, 21819
FR schedule of ethanol self administration, maintenance of response rate, inbred mouse strains, 25212
FR size, ethanol reinforced behavior rates, ALKO alcohol accepting rats, 39379
genetics, ethanol self administration, long vs short sleep mice, 21473
haloperidol & apomorphine, ethanol self reinforcement, male rats, 4456
heroin conditioned auditory stimuli, cerebral functional activity, male rats trained to self administer vs receive yoked infusions of heroin, 18461
microinjection of methyl naltrexone into nucleus accumbens or periaqueductal gray, heroin self administration, male rats, 18311
operant paradigm, oral ethanol self administration, rats, 21809
oral pentobarbital concentration, schedule maintained drug self administration measuring reinforcement effect, food deprived vs satiated male rhesus monkeys, 35838
phenylpropanolamine vs dextroamphetamine, self administration & subjective effects, 21–35 yr olds, 18302
pimozide & previous dosage level, iv self administration of cocaine or heroin, rats, 39303
reinforcing properties of amantadine, cocaine self injection behavior, male baboons, 18428
reinforcing properties of amfonelic acid assessed in self administration paradigm, male rats, implications for abuse potential in humans, 32268
repeated exposure to classroom self control contingencies, accuracy of self recording of on task behavior, emotionally disturbed 12–18 yr olds, 38215
self administration of cocaine, animals, conference presentation, 4355
self reinforcement, depression & psychopathology, hospitalized alcoholic adults, Canada, 33366
substitution of oral N-allylnormetazocine & its stereoisomers during PCP self administration & withdrawal, male monkeys, 18299
tone shock pairing in conditioned emotional response paradigm, suppression of ethanol intake following sucrose fading initiation, rats, implications for anxiolytic action of ethanol, 32296
unlimited access, pattern of iv self administration of midazolam, male rats, 918
water & ethanol & food intake in continuous access conditions, male rats, 25301
6-OHDA lesions of nucleus accumbens, apomorphine self administration on progressive ratio schedule of reinforcement, male rats, 35719
6-OHDA lesions of nucleus accumbens, iv morphine self administration & food & water intake, male rats, 18262

Self Report
accuracy of self report as assessment technique, 10538
age & sex & educational background & health & functional limitations & vision & hearing impairments, self reported memory problems, 55 yr olds & older, 8170
age, self report of recent life events, depressed adult patients less vs more than 45 yrs old, 15751
agreement between self reports & parents' reports of children's depressive symptoms, 8–12 yr olds & their parents, 22561
agreement between self reports of DSM-III symptoms & teacher & parent reports & academic achievement & IQ, 11 yr olds, New Zealand, 26013
alcohol screening measures & self reported intake & biochemical markers, nonalcoholic adults, 22297
characteristics of examiner, validity of research literature on self reported drug use, elementary & high school & college students, 1972–82, 4926
choice of pain descriptors & analysis of perceptual characteristics of pain, 21–40 yr olds with occupational cervicobracheal & other disorders, Japan implications for pain measurement, 30078
clinical & semistructured interviews & self report measures, assessment of personality disorders, 33059
clinical validity of computerized self report vs clinician diagnosis of PTSD, adult soldiers, Israel, 31670
clinically oriented rating scale description method of the Discretized Analog, measurement of subjectively experienced dysfunctional states, 31551
combat status, overreporting vs acceptable reporting of symptoms on MMPI, Vietnam Veterans, 1613
components analysis vs multidimensional scaling of self report items from attitude measures, college students, 24676
conceptual & methodological problems with use of retrospective self report in act frequency approach to personality research, 18940
concurrent validity of self report version of Scale for Suicide Ideation, patients with mixed psychiatric or affective disorders, 52
concurrent validity of Superiority & Goal Instability Scales & measures of personality & clinical syndromes & self report vs therapist ratings & self psychology, psychiatric & drug abusing patients, 22483
confirmatory factor analysis of method variance in multitrait multimethod studies of self reported affect & perceptions at work, 31744
congruence of self reports & observation of dominant & apprehensive communication style, teacher trainees, 35935
construct validity & efficacy of generalized bogus pipeline with vs without assured anonymity, enhanced self reports, college students, 7036
content & criterion validity of self &/or parent reports of child & adolescent depression, implications for clinicians & researchers, 21077
convergent & discriminant validity of Oucher self report, measurement of pain intensity, hospitalized 3–12 yr olds, 7071
convergent & discriminant validity of self report attitudes toward death scales, college students, 14112
convergent & discriminant validity of 4 self report measures of family cohesion & control, college students, 7175
daily symptoms & preventive health practices recorded in diary, 62–94 yr olds, 8191
denial & self report of symptoms, 16–43 yr olds with eating disorders, diagnostic implications, 16187
development & reliability & validity of Rating Scale of Dysphoria, self vs parental or significant other rating of depression, 35151
development & validity of self report behavioral inventory, assessment of color vision, male college students, 3571

development of self assessment scale of quality of life & health & well being, elderly patients with severe heart failure, 3650
development of 15 subscale self report questionnaire, assessment of thought disorder, psychiatric patients, implications for use with schizophrenic patients, 31635
diagnostic utility of Symptom Checklist-90 vs Millon Multiaxial Inventory vs MMPI, patients with depression vs other psychiatric disorders, 21054
diary vs weekly recall of alcohol consumption, 20–64 yr olds, Netherlands, 4924
differential reinforcement in individual or social context, self reported vs actual number of toys used in play, 3–5 yr olds, 39615
discriminant & concurrent validity of Child Depression Inventory vs Child Behavior Checklist self reports vs parental ratings, 8–11 yr olds with major depression & their parents, 3625
disparities between self report & interview data on mental health status, elderly Korean vs Japanese vs European Americans, 5064
EEG & self reported neurotic symptoms, 23–29 yr old medical students vs 51–64 yr old cardiologic patients, implications for validity of self ratings, 9138
face scale, pediatric pain assessment, children, 40445
factor structure & reliability of self report depression questionnaire, assessment of depressive symptoms, mentally retarded adults, 7171
factor structure of brief self report symptom checklist, acute psychiatric inpatients, 21112
factor structure of self reported depression, clinic referred 8–11 vs 12–16 yr olds, 12082
factorial validity of R. P. Snaith's self assessment irritability scale, college students, 17611
individual difference vs self report measures of personality correlates & emotional states, habitual alcohol use, college students, 4927
internal consistency of & method & error effects on self report interview responses about subjective well being & mental health, adults under vs over 60 yrs old, 3624
internal consistency of self administered cross modal pain intensity & unpleasantness scale & intelligence, patients with chronic pain, replication, 35166
item content & reliability & validity & methodological issues of self report inventories, assessment of stressful life events, adolescents, 31686
knowledge of AIDS & self reported sexual behavior, 15–28 yr old secondary school students, Zimbabwe, 33670
limitations of self report & need for additional measures, alcoholism treatment outcomes, 20287
maternal vs self report of suicidal ideation & attempt & psychiatric correlates, 9–18 yr olds & their mothers, 12202
methods of data collection, self reported drug use & abuse, adolescents, 40298
multidimensional scaling of intensity & affect scales of B. Tursky's pain profile, 17–50 yr olds with vs without headache, 35165
offense characteristics & response style, self reported hostility, male sexual offenders, 26243
patient characteristics, prediction & completeness of symptom reporting, 18–85 yr old colorectal cancer patients, 22929
perceiver & target effects, ratings of self vs relative on personality tests, parents & their 17–22 yr old offspring, 32818
personality correlates, self reported pain, back pain patients, conference presentation, 19561
pipeline assessment, accuracy of self reported use of cigarettes & smokeless tobacco, rural 7th–8th grade males, 11465
premenstrual negative feelings & activation & stress pain & follicular distress & anxiety in factor structure of symptom self reports of PMS, treatment seeking females, 12467
private & public consciousness, self report vs behavioral measures of Type A pattern, college students, 36477
private self consciousness, test retest reliability of self reports, college students, 32887
problems in use of standardized personality & self report instruments for assessment of health psychology & AIDS related behavior, iv drug abusers, 41
psychometric properties & concurrent & predictive validity of self report medication adherence measure, patients with essential hypertension, 24626
reliability & validity & correlations between self report & clinician rated versions of Inventory for Depressive Symptomatology, psychiatric patients, Italy, 17650
reliability & validity of body image distortion questionnaire, college students, 10616
reliability & validity of Schalling-Sifneos Personality Scale vs MMPI Alexithymia Scale vs Toronto Alexithymia Scale, measurement of somatic symptoms, college students, 10557
reliability of postpartum questionnaire reports of pain during vaginal births, primiparous vs multiparous females who attended childbirth preparation program, 27047
reliability of self report pain measures, differentiation of levels of pain intensity, 3–6 yr olds, 17560
reliability of self reports of past drinking & life events, alcohol abusing adults, 7182
reliability of self reports of smoking & alcohol consumption, pregnant adult females in smoking cessation intervention, 37892
reliability of timeline vs quantity-frequency method, assessment of reports of recent drinking, adults, 8328
response acquiescence & mood of day, measurement of self reported quality of life, middle aged & older adults, 5060
retrospective vs traditional pretest/posttest self report techniques, evaluation of life skills substance abuse prevention program, Black 7th graders, 3332
screening accuracy & predictive validity of Children's Self-Report Rating Scale, 3551
self depiction on MMPI test items, alcoholic females vs nonsubstance abusing psychiatric outpatients, 1517
self rating of symptoms, identification of borderline personality disorder, patients, conference presentation, 1557
self report & referential vs theoretical meaning, personality assessment, 1454
self report Alcohol Use Inventory, alcoholic inpatients, Sweden, 7051
self report assessment of emotional disorder, head injured 16–60 yr olds, 5689
self report instruments including Children's Self Report Questionnaire, assessment of self concept & anxiety & depression & personality, children, 1062
self report measures of self monitoring & self deception & impression management, Type A behavior, 24–61 yr old junior high & high school teachers & administrators, 36486
self report measures, tests of attitude-behavior relationships, taxpayers, 29368
self report of breathing cessation & loud snoring during sleep, identification of sleep apnea, 17–78 yr old sleep disorder patients, 26540
self report of childhood disciplinary experiences & family environment, college students vs abused & nonabused adolescents, 12096
self report of smoking, female student nurses & teachers, longitudinal study, 22288
self report outcome measure, relation between psychotherapeutic process & outcome, clients, 9326
self report regarding receipt & effectiveness of counseling & urges to molest children, 17–70 yr old convicted child molesters on parole from prison, 37951
self reported alcohol consumption & intoxication & blood alcohol level, adults, 22304
self reported anger proneness & irrational beliefs, male vs female college students, implications for cognitive behavioral anger modification, 29405
self reported childrearing attitudes & practices & actual child management, affective attitudes toward child & child's cooperation/resistance during interaction, 16–44 mo olds & their mothers, 22194

self reported personality & emotional factors, prediction of dynamic therapy outcomes, psychiatric outpatients, 12641
self reported reasons for trouble making behaviors, 9th graders in group care residential schools, Israel, 1751
self reported symptoms of DSM-III personality disorders, use of medical services, 18 yr olds & older, 37660
self reported trait relevance & consistency & observability, moderation of correlations between self & peer ratings, college students, 39994
self reports vs clinicians' ratings & social desirability, families in therapy, 6017
self vs informant reported premorbid personality as measured by 2 rating scales, head injured 16–64 yr olds, 12373
self vs parent vs teacher reports of child behavior problems, parent's self reports of psychological symptoms, 11–15 yr olds & their parents & teachers, 26281
self vs spouse report of Type A behavior, couples, 17542
social desirability response set, self report of social skill & anxiety, female college students, 29395
somatic & psychological symptoms, classification of depression on Center for Epidemiologic Studies Depression Scale vs Zungs Self Rating Depression Scale, 60–89 yr olds with osteoarthritis, 33033
somatosensory amplification of symptoms assessed by self report questionnaire, adults with upper respiratory tract infections, 19481
test retest reliability of recall/self report, assessment of lifetime prevalence & age of onset, psychiatric patients & their relatives, 10636
Toronto Alexithymia Scale & Eysenck Personality Questionnaire & self reported somatic complaints, college students, implications for research, 31550
trait description consistency in self & peer reports, social desirability, adults, West Germany, 32843
Type A behavior pattern & related personality traits, self reported coronary heart disease, elderly, Sweden, 37096
under reporting bias in psychosocial factors & unintentional injuries data, 7–11 yr olds, 4 yr study, New Zealand, 5704
use & accuracy of self report, assessment of thought disorder, psychiatric patients, commentary, 31606
utility of Millon Behavioral Health Inventory vs self report measures, assessment of etiology, erectile dysfunction, 33–74 yr old males, 28104
validation of self reported cannabis use by urine analysis, young multiple drug users who had completed treatment, 1 yr followup, 6535
validity & reliability of multidimensional self report assessment using SENOTS software package, cognitively able elderly, 24653
validity & reliability of self vs hospital reports of pregnancy complications, mothers, 23536
validity & reliability of Sexual Experience Scale of Derogatis Sexual Functioning Inventory, measurement of sexual behavior, 22–65 yr old females, 17557
validity & reliability of traditional vs random response questionnaire vs carbon monoxide test, assessment of self reported cigarette smoking, high school students, 28112
validity of Affect Intensity Measure, assessment of magnitude of emotional reaction to emotional stimuli, college students, 35124
validity of free response self description personality assessment, prediction of success vs failure in educational exchange program, high school students from Belgium or Netherlands or Luxembourg, US, 34841
validity of retrospective self reports of alcohol intake & abuse during pregnancy, females, 5 yr followup, 15920
validity of self report, assessment of laboratory yawning, college students, 24539
validity of self report in alcoholism treatment program, alcoholic male patients, 9877
validity of self report scales, measurement of communicative competence, 35159
validity of self report symptom scales vs examiner rated psychiatric case classification system, epidemiology of psychopathology, adults, Greece, 15726
validity of self report vs objective data on course grades & height & weight, 7th–8th graders, 4557
validity of self reported alcohol use, literature review, 18862
validity of self reported vs county recorded mental health service utilization, adults, 6305
validity of Self Reporting Questionnaire, assessment of psychiatric disorders, psychiatric or somatic patients, Ethiopia, 10609
validity of Smoking Motivation questionnaire & 2 versions of Reasons for Smoking Test, assessment of smoking motives & patterns, smokers attending smoking cessation clinics, 3631
validity of sociometric scale, assessment of peers & self & agreement with staff assessment, behaviorally disordered 6–13 yr olds in residential center, 31617
validity of telephone interview vs mail questionnaire on prescription drug use, 66–84 yr olds, 19973
verbal encouragement, self rated lipreading performance, 28–32 yr olds, 38796
Weinberg Screening Affective scales, diagnosis of childhood depression, 14–20 yr olds, 22673
Self Respect [See Self Esteem]
Self Stimulation [See Also Brain Self Stimulation]
amphetamine vs morphine into nucleus accumbens, extinguished self administration of heroin, rats, 14942
animal model of self administration of fenfluramine isomers vs amphetamine, male rats, implications for drug therapy of obesity, 39273
area postrema lesions, ethanol administration & pharmacokinetics & conditioned taste aversion, rats, 21671
binding site action of self administered cocaine, reinforcement & addiction, animals & humans, conference presentation, 7910
chronic high dose alcohol self administration, prolactin levels, amenorrheic alcohol dependent monkeys, 21785
desglycinamide-9 (Arg)-8 vasopressin vs vasopressin antiserum, learning of iv cocaine self administration, male rats, 11207
drug history & ethanol conditioning, postconditioning self administered oral ethanol intake, male vs female free feeding monkeys, 25230
facilitation & constraint factors, ethanol self administration, rats, 21819
fluoxetine, intragastric ethanol self administration & water intake, alcohol preferring rats, implications for 5-HT systems, 18403
heroin vs cocaine self administration, plasma & pituitary & brain beta endorphin as neurochemical correlate of drug dependency, male rats, 32291
isolation vs group housing following weaning, iv self administration of amphetamine & locomotor activity, male rats, 25306
operant paradigm, oral ethanol self administration, rats, 21809
opiate receptor agonists & partial agonists, drug discrimination & dependence & self administration & analgesia, rhesus monkeys, 932
po self administration of dextroamphetamine, brain norepinephrine & development of aversive behavior, male rats, 25252
pretreatment with fixed dosage haloperidol, iv cocaine self administration behavior, male rats, 35886
reinforcing properties of amantadine, cocaine self injection behavior, male baboons, 18428
sensory extinction & overcorrection, suppression & generalization of self stimulation, autistic 7.2 & 12.8 yr olds, 19896
sucrose availability & oral amphetamine self administration, male rats, conference presentation, 25128
visual & auditory overstimulation & understimulation, stimulus input regulating activity, male rats, 10925
6-OHDA lesions of dopamine terminals of amygdala, amphetamine self administration & hyperactivity, male rats, 28760

Self Talk
cognitions & self talk & behavioral acts & outcomes, computer anxiety, college students, 3808
cognitive behavior modification program, self statements & self esteem, 9th graders, 19781
development & validity & reliability & factor analysis of Anxious Self Statements Questionnaire, assessment of anxious self talk, high vs normal anxious college students, 24610
internal dialog assessed by Counsellor Self Talk Inventory prior to initial client interviews & relationship to counselor effectiveness, counselor trainees, 10011
milkshake vs no preload, disinhibitive cognitions & self talk during ice cream intake, female restrained vs unrestrained eaters, 5049
negative vs positive self schemata, facilitative vs debilitative self talk before & during & after coping/achievement task, clinical & nonclinical adults, implications for cognitive behavior therapies, 9317
origins & effects of destructive dialog & positive imaging & other strategies to control negative inner dialog, college teachers, 17124
performance based vs off task thinking self statements, speech anxiety, college students, 3790
psychophysiological experimentation by E. I. Boiko on inner speech, 724
psychotherapeutic change due to changing self talk, 30197
self statement modification treatment, children with behavioral disorders, meta analysis, 37423
verbal vs imaginal mediators, hypothesis testing & problem solving, college students, 324
win frequency, irrational verbalizations while playing roulette, college students, Canada, 15434
Selfishness
fear & greed, cooperation in Prisoner's Dilemma game, college students, 36396
Semantic Differential
application of semantic differential, neurotic 17–46 yr olds in psychoanalytic psychotherapy, 37283
computerized fuzzy graphic rating scale using semantic differential, individual differences in imprecise ratings of occupation prestige & sex type, 18–45 yr olds, 10549
reliability of semantic differential & role of age & knowledge level, measurement of perception of clinical concepts, male 33–55 vs 56–70 yr olds with myocardial infarction, 24654
sexism scale vs semantic differential, assessment of sex related values & attitudes, male vs female 18–25 yr olds, 32738
spatial arrangement of positive adjectives on semantic differential scale, response bias in school attitudes survey, college students, 17582
use of semantic differential in G. A. Kelly's work in attitude measurement, 3592
validity & reliability of goal attainment scaling & semantic differential, counseling implications, 10580
Semantic Memory
briefly presented semantically related vs nonrelated masked priming stimuli, identification & recognition of primes, college students, implications for subliminal perception, 28228
category & modality specific semantic knowledge deficit, 63 yr old male with cerebral abnormality in left temporal lobe, 16167
category & modality specificity in semantic memory, 36 yr old male with prosopagnosia, 33517
cerebral asymmetry in semantic processes, psychopathy, right handed male criminals, 8801
concreteness & semantic relatedness of word pairs, composite imagery ratings & cued recall, college students, 14467
constant primes with multiple related primes & presentation of target as prime, RT for identification of backward written words, college students, Spain, 10824
contextually relevant aspects of meaning not explicitly stated in paragraph & immediate vs delayed verification testing, inference encoding during reading, college students, 7465
covert vs overt memory access for face recognition & recall of associated semantic information, adult male with severe closed head injury & resulting prosopagnosia, 12539
defective recognition of familiar people as semantic memory impairment following herpes simplex encephalitis, adult male, 40414
deficit in memory for semantic information, 57 yr old male patient with anterograde amnesia following bilateral medial temporal lobe excision, case report, 12393
depressed vs nondepressed mood, congruent episodic & semantic memory, college students, commentary, 17902
dichotic word memory tests measuring hemispheric memory functions, epileptic patients with complex partial seizures & left vs right temporal lobectomy, Sweden, 3 yr study, 36992
distance between prime & target words in surface from &/or in semantic content of sentence, memory for sentence surface form, college students, 35380
English words processing interference & redundancy loss, RTs in lexical decision & semantic categorization tasks, college students, 17899
episodic & semantic memory of events prior to vs after trauma, patients with moderate head injuries, 1 yr follow-up, 9008
familiarity & frequency of words, generation effect in verbal memory, college students, 14464
general to specific access to word meaning, brain damaged 50 yr old male, 40485
generation effect on verbal memory, 2nd graders, test of selective displaced rehearsal hypothesis, 15123
hemispheric asymmetries of long term semantic memory for incongruous scenes, college students, 10852
imagery vs verbal strategies, metaphor production & comprehension & memory, college students, 24818
imaginal or semantic elaboration strategies & free recall vs forced choice vs yes/no recognition tests, hypermnesia in recall vs recognition, college students, 14468
importance of semantic information in narrative, temporal load of computer assisted recall, college students vs 10–11 yr olds, 4636
improvement after priming of semantic professional vs episodic personal memory, 36 yr old male with frontal parietal & parieto occipital lobe injuries & amnesia, case report, 16249
induced elated vs neutral vs depressed mood, semantic memory in lexical decision task, college students, 10854
internal consistency & equivalence & discriminant validity of computer vs paper based measurement of semantic knowledge, naval aircraft crew members, 24591
left vs right temporal lobectomy & age at onset, semantic & figural memory & IQ, 27.3–31.4 yr olds with epilepsy, 30611
lexical acquisition, patients with alcoholic Korsakoff psychosis, 26336
lorazepam vs oxazepam & level of initial information processing, semantic information processing speed & retention of recognition task, 19–46 yr olds, 836
meaningful vs meaningless constructs, retrieval from semantic memory & speech production, 27–69 yr olds with stable bipolar disorder vs depression vs mania, 29511
memory deficits, 42 yr old amnesic male with bilateral frontal damage & dysexecutive syndrome, case report, 12328
metaphoricity & imagery value & similarity of tenor & vehicle concepts & quality of metaphors in single sentence vs extended natural contexts, metaphor recall, college students, 7463
mnemonic vs semantic processing vs repetitive learning strategy, multiple choice vs free recall vocabulary test performance, 30–60 yr old college students, 360
naturalistic contexts, verbatim recognition & recall & accuracy of quotations, newspaper reporters & writers, implications for memory for prose, 38905
negative vs positive & length of wh-questions of prose, search processes & response RT, adults, test of J. R. Anderson's ACT theory, 28310

neuropsychological impairment in naming & semantic memory & neuroanatomical changes, 23 & 47 yr olds with herpes simplex encephalitis, 23024
nonword stimuli, generation effect, college students, 7456
oral language & picture categorization & reading & lexical decision & retrieval performance, developmentally dyslexic 10–11 yr olds, 19440
patterns of priming & semantic memory loss, 68–88 yr old females with probable Alzheimer's disease, 36990
perceptions of word relationships on word ranking tasks, college students vs 10–17 yr olds, 29092
pictorial presentation of high vs low typicality instances of concepts to left vs right hemisphere, long term storage & retrieval of category members, college students, 4168
practice, consistent vs varied mapping semantic category search performance, 19–22 vs 37–50 vs 64–88 yr olds, 15069
priming by cue statements following presentation of 3-letter Hindi words & high vs low intensity white noise, cognitive processing & retention & recall, male 13–17 yr olds, 36033
Prolog Semantic Network using conceptual reticulum of knowledge & spreading activation for retrieval, declarative artificial intelligence model of semantic memory, 28321
psychological tools & reality monitoring & cognitive flexibility, word memory & discrimination, monolingual vs Russian-English bilingual adults, 14982
repetition & lag & codability, procedural & semantic & episodic memory, 19–32 vs 63–80 yr olds, test of ternary memory theory, 18595
retention of semantic knowledge about concrete objects & their distinctive features & functions, Alzheimer's disease patients, 12469
RT for judgment of predicative adjective pairs as directly vs indirectly antonymous, college students, implications for meaning organization in semantic memory, 28322
semantic & episodic & autobiographical memory & dense amnesia following meningitis, 59 yr old male, case report, implications for memory structure, 16264
semantic &/or episodically related word pair learning, item recognition & distance estimation, college students, 38913
semantic amnesia with preservation of autobiographic memory, 44 yr old female with episode of encephalitis, case report, implications for semantic vs episodic memory, 26472
semantic integration, free & cued recall in sentence memory, college students, 14471
semantically related primes & target word definitions, word naming RT measuring semantic inhibition, young adults vs elderly, implications for decision making, 38871
severity of dementia & verbal fluency & semantic memory & naming, aged patients with multi-infarct dementia vs Alzheimer's disease, 22920
sleepiness at different times of day, retrieval from semantic memory, college students, 3870
spelling ability, content of orthographic images, 2nd & 3rd graders, Netherlands, replication, 27605
strength of semantic relatedness of paired words, recall, college students, 341
target words with rhyming vs semantic associative context words & retrieval cue type, retention, college students, 7435
verbal ability & text genre, age differences in sensitivity to semantic structure of prose, 18–84 yr olds, 32430
word characteristics recalled in tip of tongue phenomenon in English vs Polish, college students, Poland, 333
word frequency, generation effects in recognition memory, college & graduate students, 14438
word prototypicality & list organization, semantic memory information encoding using proactive inhibition, institutionalized mentally retarded patients, 1948

Semantics [See Also Antonyms, Homonyms, Synonyms]
aging & role of demand on working memory, comprehension of sentence syntax & semantics, 25–79 yr olds, 25440
associated vs unrelated word in lexical decision task, semantic associations, unipolar affective vs schizophrenic patients with vs without thought disorders, 33120
changes in lexical items in idioms, perception of figurative meaning, college students, 25352
cognitive semantic model of motivation & personality traits, prediction of high dispositions toward anger or anxiety & visual recognition thresholds, 19–23 yr olds, England, 36472
cognitive semantic typology for analysis of client language, assessment of clinical processes, clients in therapy, 26812
computer dialog with person vs computer system, use of anaphors & lexical choice, college students, Scotland, 24423
configurational & phonological interference, processing of logographic vs syllabic vs alphabetic scripts in English & Japanese, bilingual college students, Japan, 14421
confrontation object naming & rate of "automatic speech", verbal fluency, adults with Parkinson's disease, 37039
contextual composition of category triad words, recognition of semantically related words in category, college students, 14460
degree of encoding & semantic associative information, inference during reading, college students, 24832
descriptional knowledge & expression denoting individual objects, 32313
development of comprehension of semantic relations, 2nd–8th graders, 29067
experimental semantics methodology, lexical definitions of "prejudice" & "alcoholic", 35959
explanatory context & semantic fit between text & address, retention, college students, West Germany, 14472
focused memory search of relevant vs irrelevant semantic cases, answering questions about complex facts, college students, Canada, 3868
free study vs semantic vs mnemonic conditions, acquisition of word components, college students, 7459
grammatical semantic abilities, patients with dementia of Alzheimer type, 37155
impact of field of rhetoric in mass communication & communication research, 35947
impairments within & specialization of semantic processing system, commentary, 3826
information structure & position, production & perception of acoustical & perceptual patterns in English compound vs noncompound noun phrases, adult speakers & listeners, 28273
intuitive psychometric vs semantic mediation, personality prediction & judgment, commentary reply, 32816
intuitive psychometrics vs semantic mediation, personality prediction & judgment, commentary, 32807
intuitive psychometrics vs semantic mediation, personality prediction & judgment, college students, implications for personality research, 32824
item familiarity & listener expectations & syntactic context & semantic plausibility of phonetic ambiguities, perception of fluent speech, college students, 17811
keyword vs semantic context instruction of new vocabulary meanings, text comprehension & memory, college students, 34605
knowledge structure & semantic transference of analogies & metaphors, 305
language acquisition model, assessment of semantic & syntactic development in mean length of utterance in morphemes, hearing impaired children, instructional implications, 30081
language as action perspective in cooperative workgroup computer system design, 13932
language familiarity, comprehension of sentences with vs without semantically unimportant function words, college students, Netherlands, 14980
learning & delayed recall & semantic clustering abilities, brain damaged adult patients, 26669
linguistics, attribute inferences & semantic similarity judgments, college students, England, 36451
locus of semantic context effect in spoken word processing, native speakers of Dutch, Netherlands, 38863

metaphor interpretation, 6–12 yr olds vs college students, implications for cognitive developmental theory of semantic mapping, 39537
modularity vs unity of cognitive architecture for attentional processes & mechanisms of semantic & perceptual priming, 17931
mood & affect & psychopathological terminology, implications for diagnosis of mental disorders, conference presentation, 33159
motor vs imaginal encoding of attributive vs prepositional action phrases, free vs cued recall, college students, West Germany, 21292
neuropsychological evidence for multiple semantic systems, commentary reply, 3809
neuropsychological evidence for single amodal semantic system vs modality specific perceptual recognition systems, 3825
number of conceptual codes by prime & semantic overlap of accessed codes, Stroop interference, college students, 21287
object type & orientation, interpretation of word "big", 3 vs 5 yr olds, 21937
performance of verbal discrimination vs detection vs semantic classification tasks, auditory EPs, male 14–17 yr olds, 4124
phonological vs semantic auditory priming words, forced choice sentence completion task measuring prime subawareness & subrecognition, adults, replication, 10787
pictures of objects from same semantic category, errors in auditory comprehension & naming & semantic paraphasias, aphasic 36–72 yr olds, 23027
primes & mask & targets, subliminal semantic priming effects, college students, 21195
priming condition & word repetition & stimulus clarity, additive & interactive relationships, college students, 21257
priming with semantically related vs unrelated words vs nonwords with distorted phonetic features, lexical decision & access, college students, 10804
procedural semantics theory, 39435
processing & representation of sentences with object vs event anaphoric references, college students, Ireland, 14404
processing of semantic categories, brain damaged 38 yr old male, 5777
prototypical vs nonprototypical vs artificial sentences &/or picture, acquisition of morphological rule in semantic language, college students, Japan, 32324
psychological semantic structure, 19–30 yr old members of Hare Krishna or Maharaj Ji Premies or Jesus People or Catholic Seminarian community, South Africa, 8231
question form & case studies, search of semantic cases, college students, 38932
repeated experience with semantic decision tasks, RT, school age children & adolescents, Czechoslovakia, 15100
repeated lexical decision RT methodology, selective access model for semantic processing, aphasic patients, commentary reply, 30025
role of vision in category specific semantic disorder, female 56 yr old partially recovered from herpes simplex encephalitis, 26640
RT & general cognitive ability factor on Semantic Verification Test, college students vs Navy recruits, 7405
salience ratings of nominal properties for words in varied contexts, semantic flexibility, college students, 4538
selective semantic amnesia, 18 yr old female with left parietal lesion after closed head injury, case report, 19519
semantic & psychological & forensic aspects of assassination threats against president, 22256
semantic encoding of pictures & words, brain damaged 65 yr old female, 5594
semantic mapping strategy, memory for content area & reading comprehension, students with & without learning disabilities, 27730
semantic mediated priming, lexical decision, college students, implications for spreading activation theories of retrieval, 21309
semantic nets including M-labeled digraph, representation of causal & judgmental knowledge in static & dynamic processes using holistic paradigm, 35336
semantic priming, initial encoding of briefly presented pictures, college students, 38922
semantic priming, item recognition from short word lists, adults, 38880
semantic priming, naming semantically related target word, college students, 14361
semantic relations, taxonomy of part–whole term usage, 946
semantic repetition, free recalling of words in French or English, bilingual adults, dual coding theory implications, 7471
semantics & cognitions of force dynamics, 7429
semantics & format of information, mathematical problem solving, 1st vs 3rd vs 5th graders, 4596
semantics of code of ethics for advertising fees & services, rehabilitation counselors, 3027
semantics of errors in collective & individuating judgments, working class school age children, 11388
semantics of winning & losing language in newspaper sports headlines, 32328
sentence context & high vs low constraint sentences & semantic relatedness of unexpected words, lexical decisions in congruous sentence completion of upcoming words, college students, 7421
sentences with display change during fixation on target word, eye movements, college students, test of focused attention vs parafoveal semantic preprocessing reading models, 3760
sentences with disruption in semantic &/vs syntactic structure, memory encoding & recall, elderly with Alzheimer's disease, 30040
sentential priming of contextual semantic information, reading comprehension, good vs poor reading 2nd vs 4th graders vs adults, 36019
spatial & semantic priming, spatial judgment, college students, 24806
stages of semantic processing in picture identification, brain damaged male, 5675
subjective meaning components of terms expressing varieties & degrees of probability & uncertainty, college students, conference presentation, 32329
syntactic ambiguity & antecedent location & depth of embedding, anaphoric pronoun resolution, college students, 10801
task processing level & strategic factors & prime-target modality, cross form vs within form facilitation of picture &/vs word name vs category verification, adults, 14356
visual presentation of nonwords & semantically different words, brain EPs, 19–23 yr olds, 4110
visual vs tactile object naming & error types measuring lexical semantic ability, hospitalized 67–91 yr olds with Alzheimer's disease, 30091
word frequency & repetition vs semantic vs unrelated priming, lexical decision RT & errors, probable Alzheimer's disease patients, 5747
word order vs grammatical markers in opaque partial vs mixed description, indicator of semantic relations, college students, Japan, 32325

Seminarians
moral development, evangelical college & seminary students, 27638
religious training in monastic seminary, psychological adjustment & ego strength & dependency, Zen seminarians, 5 yr study, 1189

Semiotics [See Also Pragmatics]
culture semiotics & text as complex code storage & message receiving & generating system, 11335
semiotic analysis of psychoanalysis & transference interpretation, clients experiencing subjective de-alienation, 5954
semiotic frame, analysis of images & free associations, college students, 24841
semiotic textual analysis of letters to shareholders, existence & strength of organizational boundaries & propensity for joint ventures, chief executive officers of chemical companies, 38369

semiotics of ritual healing in Muslim shrine, adult females, India, 18757
theory of interpretation & study of signs, understanding consumer behavior, 6984
Senegal
seasonal maternal employment, independent behavior & learning activities, 3–5 yr olds, Senegal, 8076
Senile Dementia
abnormal DST & response to antidepressants, 65 yr olds & older with dementia &/vs depression, 16634
affective disorder, 54–83 yr olds with Alzheimer's disease with vs without senile dementia, 19623
Capgras syndrome heralding development of senile dementia, 71 yr old female, case report, 12443
clomiphene & TRH, cognitive performance, elderly patients with senile dementia, England, 12892
co-dergocrine mesylate therapy, latency of P-300 component of auditory EPs, 74–93 yr olds with senile dementia, 33998
concurrent validity of Mini Mental State Examination, cognitive impairment, 63–90 yr olds with dementia of Alzheimer's type or multi infarct dementia, 38654
death of spouse, delusions of recent parental death, 87 yr old male & 82 yr old female with senile dementia, 22949
development of current diagnostic concepts & treatment, patients with Alzheimer's type senile or multi-infarct dementias in late life, 29855
differential diagnosis of neuropsychological syndromes, patients with Alzheimer's vs Pick's disease vs vascular dementia, 2097
EEG data, dementia patients with depressive features & patients with depressive pseudodementia vs probable Alzheimer's disease without depressive features vs major depression, 3.2–53.5 mo followup, 36514
fluvoxamine, biochemical correlates & clinical differences, 71–88 yr olds with senile dementia, 26994
ideopathic parkinsonism, 55–85 yr olds with mild senile dementia of Alzheimer type, 66 mo study, 40468
nicergoline, 55 yr olds & older with mild to moderate dementia, Italy, conference presentation, 37476
nootropic drug therapy, patients with chronic senile cerebral insufficiency, 30508
plasma amino acids, 25–48 yr olds with Down's syndrome vs brain damage vs severely demented elderly inpatients, 29481
training vs environmental support cues, reality orientation program, senile demented 70–89 yr olds, 2416
treatment mechanisms of beta carbolines with antagonist or partial inverse agonist properties at GABA benzodiazepine receptors, patients with senile dementia, 2528
validity of St. Thomas' Questionnaire for Senile Dementia, differential diagnosis of depression with vs without underlying organic dementia involvement, 63–92 yr olds, 31656
WAIS & Wechsler Memory Scale performance & brain atrophy & ventricular enlargement, 39–93 yr olds with presenile vs senile dementia, 2082
withdrawal of thioridazine treatment, aged patients with senile dementia of Alzheimer's type, 34025
Sensation [See Perception]
Sensation Seeking
addiction model of eating disorders, rapid habituation & sensation seeking & overconsumption, restrained eaters, 33550
childhood novelty seeking & harm avoidance & reward dependence, risk of alcohol abuse in adulthood, 27 yr olds, Sweden, 16 yr study, 15909
construction & reliability of active/decisive & individual responsibility scale, assessment of decision making & sensation seeking, adults, 3579
dissociativelike experiences & sensation seeking, 18–57 yr old social vs problem gamblers, 22721
fluoxetine vs ritanserin & extraversion vs introversion & level of sensation seeking, motor response time, male 20–32 yr olds, 28940
gender & sensation seeking, gambling behavior, college students, 15560
levels of auditory sexual & violent stimuli, electrodermal activity & memory task performance, college students who are high vs low sensation seekers, 32901
perception of sensation seeking in self vs familiar vs unfamiliar person, heterosexual college student couples, 8401
physiological correlates of sensation seeking, erratum, 35665
scores on sensation seeking scale, estimates of numerosity, college students, 3807
sensation seeking & auditory EPs, 19–63 yr olds, 25104
sensation seeking & impulsivity, male pathological gamblers vs alcoholics vs heroin addicts, implications for DSM classification of pathological gambling as disorder of impulse control, 19268
sensation seeking & injury risk, adult injured vs noninjured downhill skiers, 13972
sensation seeking & marital adjustment, 20–56 yr old husbands vs wives, 39766
sensation seeking & marital adjustment levels, initiation of therapeutic contract & feelings about sexual relationship, dysfunctional couples, replication, 8246
sensation seeking & stimulus intensity, auditory & visual EPs & heart rate, male college students, 8480
sensation seeking, appreciation of structure & content components of incongruity resolution vs nonsense vs sex humor, 18–55 yr olds, West Germany & Austria, 18976
sensation seeking, feelings about forced choice questionnaires, 18–44 yr olds, 32857
sensation seeking, field independence, adults, 22386
sensation seeking level, 24–56 yr old journalists vs nonjournalists, India, 38462
sensation seeking, plasma MAO & dopamine beta hydroxylase, 18–39 yr old ski instructors/patrols vs college students, 21607
sensation seeking, preference for simple vs complex & representational vs abstract paintings, 18–72 yr olds, 32859
sensation seeking, preference ratings for food items, college students, Japan, 5083
sensation seeking, responses to interpersonal conflict, male vs female college students, 22341
sensation seeking scores, legal & illegal drug use, 16–19 yr olds, Norway, 36874
similarity in sensation seeking, sexual satisfaction & contentment, 17–45 yr old heterosexual couples in long term relationships, 32733
sociocultural & demographic factors, drug & alcohol & tobacco use & involvement in sensation seeking sports & activities, medical students, implications for preventive education, 13330
task difficulty & caffeine vs sensation seeking, activation & habituation of electrodermal orienting reflex, college students, 25100
validity of love styles measure, correlation with sensation seeking & romantic relationship experiences, college students, 10642
vividness of mental imagery & sensation seeking, male postgraduate college students, India, 18961
Sensation Seeking Scale
factor structure of Sensation Seeking Scale Form V vs Eysenck Personality Questionnaire vs Impulsiveness Questionnaire, males vs females, 7086
MMPI MacAndrew Alcoholism & Sensation Seeking Scale, prediction of drug use, 14–18 yr olds, 33361
reliability of Eysenck Personality Questionnaire vs Sensation Seeking Scale vs Strelau Temperament Inventory, 16–55 yr olds, 24584
Sense Organ Disorders [See Amblyopia, Anosmia, Cataracts, Color Blindness, Ear Disorders, Eye Disorders, Hemianopia, Menieres Disease, Motion Sickness, Myopia, Nystagmus, Refraction Errors, Strabismus, Tinnitus]
Sense Organs [See Also Cochlea, Cones (Eye), Cornea, Ear (Anatomy), External Ear, Eye (Anatomy), Iris (Eye), Middle Ear, Olfactory Mucosa, Pupil (Eye), Retina, Rods (Eye), Vestibular Apparatus]
sensory stimulation therapy by occupational therapists, severely head injured 22 yr old male in coma, 9845
Sensitivity (Drugs) [See Drug Sensitivity]

Sensitivity (Personality)
maternal control style & sensitivity & childrearing attitudes, attachment security, mothers & their infants observed at 12 & 20 mo old, 1213
reliability & factor analysis of Anxiety Sensitivity Index, measurement of unitary personality trait vs domain specific appraisals, college students, 28138
situational insensitivity hypothesis & theory of alcohol related expectancies, prediction of problem drinking, adolescents & adults, 40308
temporal lobe experiences, emotional stability & impulsiveness & tension & sensitivity, 18–45 yr olds, 5066
theoretical distinction between anxiety sensitivity & trait anxiety, commentary reply, 29407
Sensitivity Training
factors encouraging facilitative interactions, leaders & members of sensitivity training group, 2398
invalidation of personal constructs during experiential learning, hostility & constriction in defensive responses, college & graduate students in sensitivity training groups, 12767
invalidation of personal constructs, emotional states, college students in sensitivity training, 9427
marital preparation program with postwedding check, couples, 6052
personal construct theory model of experiential learning process, assessment of confirmation effects on construing processes in sensitivity training groups, college students, 19870
Sensitization Repression [See Repression Sensitization]
Sensorimotor Measures
birth weight & health status & type of anesthetic given to mother during delivery & behavioral state & other factors, glabellar reflex as measure of sensory competence, full vs preterm neonates, 39538
clinical assessment & standardized measures of sensorimotor & language development & current communication status, nonverbal severely mentally retarded clients, 8953
concurrent validity & clinical utility of Schroeder-Block-Campbell Adult Psychiatric Sensory Integration Evaluation, psychiatric patients, implications for occupational therapy, 7112
discriminant validity of left & right hand sensorimotor measures, learning disabled 9–14 yr olds, Canada, 14118
predictive validity & reliability of sensorimotor vs recognition memory tests, neurodevelopmental assessment, normal & high risk infants, theoretical & clinical implications, 28067
scores on Peabody Developmental Motor Scales vs Miller Assessment for Preschoolers, assessment of sensorimotor functioning, 34–68 mo olds at risk for developmental disabilities, 31659
temporal stability & test reliability of Purdue Pegboard & use of right vs left hand, assessment of finger dexterity, adults, implications for neuropsychological assessment, 7170
Sensorineural Hearing Loss [See Hearing Disorders]
Sensory Adaptation [See Also Dark Adaptation, Light Adaptation, Orienting Reflex, Orienting Responses]
acetic &/vs hydrochloric acid, sourness adaptation & cross adaptation, college students, 3698
adaptation at sensor & reflectance channel stages of color vision, support for 2 stage model in computation of color constancy, 24738
adaptation for color & luminance gratings, orientation & spatial frequency selectivity in color contrast thresholds, adults, 14254
adaptation from 2 vs 3 dimensional stimuli & neural integration of structural information, stereopsis & relative motion, adults, 35623
adaptation of short wavelength sensitive cones, red & green color perception, adults, 28627
adaptation to high contrast sine wave grating, waveform spatial frequency discrimination thresholds, Os, 17764
broadband noise with vs without pauses vs industrial noise, adaptation of acoustic reflex, 20–32 yr old college staff & students, 21247
cephalocaudal stroking &/vs placement on multisensory hammock, cognitive & temperament development, healthy infants, 4 & 8 mo followups, 4561
concurrent adaptation of spatial frequency or orientation, contrast threshold, adults, 28238
contrast of moving grating & visual adaptation, motion aftereffect duration measuring types of direction specific mechanisms, college students, 10731
dual process & central posture regulatory center underlying postural control adaptation in weightlessness, 11032
estimation of letter string length, differential P300 amplitude, 21–26 yr olds, support for adaptation level theory of P. Ullsperger et al, 25077
exposure to intense sound, overshoot effect & adaptation in threshold shifts, male college students, 38804
inhibitory interaction of orientation selective retinal adaptation of grating patterns, Zollner illusion, college students, 249
level of tone, frequency selectivity & amount of induced loudness adaptation, college students, 14321
low vs high current repeated electrocutaneous stimulation, sensory adaptation & magnitude estimates, 18–22 yr olds, implications for 2 neural mechanisms, 38735
monocular adaptation, perceived spatial frequency of vertical grating patterns & subsequent stereoscopic tilt, adults, 257
pan-retinal photocoagulation, adaptation ability in center of vision, diabetic adult males with retinopathy, 2643
positive monocular vs binocular adaptation sequences followed by reverse negative sequences, visual movement aftereffects, college students, 245
prismatic visual inversion, drawing & walking & other motor tasks, male college student, 24760
satiety, rated pleasantness of food appearance & smell & texture & taste, 18–35 yr old females, 35704
selective adaptation vs transfer of decrement paradigm, neural fatigue & perceptual learning in visual illusion perception, 4122
selective adaptation with syllable initial consonants & perception of same consonant in syllable final position, adults, implications for cancellation hypothesis, 38812
short wave cone adapting levels, red-green detection sensitivity, adults, 14705
skin adaptation temperature of hand, object temperature perception using dichiric matching, college students, 7304
spatial frequency & content & adaptation to & recovery from prolonged viewing of counterphase sinusoidal gratings, EP estimates of time course, adults, 28607
spatial prisms, adaptation, patients with idiopathic Parkinson's disease, 26649
tone frequency, monaural adaptation measured by heterophonic RT procedure, college students, 269
visual stimulation against short vs long wavelength backgrounds, spatial sensitization of B core detected targets, adults, 7652
visual stimulus forcing postsaccadic error, short term saccadic adaptation, 16–44 yr olds, 31802
Sensory Deprivation
age at start & duration of monocular deprivation by suture vs contact lens, visual fields, monkeys, implications for binocular competition model, 39198
binocular deprivation, pattern discrimination learning, cats, 28441
development of W & Y cells in C layer of lateral geniculate nucleus, monocularly deprived cats, 25145
extended recovery time, visual field function as assessed by localization of & orientation to stimuli, dark reared cats, 11119
glucose vs galactose vs sorbose vs fructose vs mannose, feeding behavior, intact vs eyestalk ablated fiddler crabs, 32137
microiontophoretic bicuculline, ocular dominance in visual cortical neurons, cats reared with normal vs abnormal monocular visual experience, 28719
removal of visual vs olfactory vs tactile cues, teat location & sucking, lambs, 4047
right then left monocular deprivation & 2-amino-5-phosphonovaleric acid blockade of left visual cortex receptors, neu-

ral pathway & ocular dominance of striate cortical neurons, kittens, 39175
treatment of sensory deprivation & restricted environmental stimulation research in introductory psychology textbooks, 1956–86, 31088
unilateral olfactory deprivation induced by surgical occlusion of right naris, olfactory bulb cell development, rat pups, 18209
unilateral visual deprivation during early period postemergence, cytochrome oxidase activity in retina vs optic lobe vs central brain areas & development of visual patten discrimination, flies, 7768
visual split brain & monocular deprivation, responsiveness of cortical cells to visual stimuli, kittens, 18276
Sensory Feedback [See Also Auditory Feedback, Delayed Auditory Feedback, Visual Feedback]
psychogenic vs organic sensory loss, 26–77 yr old psychiatric patients with hemifield numbness, 16215
visual guidance & somaesthetic sensory imput, control of postural & kinetic tremor, patients with cerebellar system disorders, 16223
Sensory Handicaps (Attit Toward)
attitudes & feelings & knowledge, parents of Black hearing impaired 3–19 yr olds, 9088
information, attitudes toward & interpersonal acceptance of deaf persons, college students, 2039
knowledge of hearing disorders & attitudes toward mainstreaming & hearing impaired children, classroom teachers, 10212
moderate vs high contact with mainstreamed hearing impaired students in same class vs same school, attitudes toward disability, 8th graders, 20655
social learning perspective on prejudice & advocacy, deaf community, 40381
Sensory Motor Processes [See Perceptual Motor Processes]
Sensory Neurons [See Also Auditory Neurons, Baroreceptors, Chemoreceptors, Cones (Eye), Mechanoreceptors, Nociceptors, Photoreceptors, Proprioceptors, Rods (Eye)]
combinations of different sensory cues, multisensory superior colliculus neuron responses, cats, 11051
cortical neuron responses in orolingual somatosensory & taste areas during ingestive behavior, rats, 18144
electrical pulses to neurons in frontal visual field inducing saccadic eye movements, electrical activity at stimulation site measuring motor responses, macaques, 4270
functional characteristics & evoked activity of taste neurons in nucleus tractus solitarii, chronic decerebrated rats, 4288
intracortical inhibitory mechanisms in visual cortex cells with different orientation selectivity, cats, 21512
ion transport across lingual epithelium & electrophysiological measures from taste nerves, male rats, 4151
ischemic nerve block applied to feet, stabilization of standing posture during voluntary & vibration induced body sway, healthy 21–31 yr old males, 685
neuronal responses of cingulate cortex during vestibular & optokinetic nystagmus, rabbits, 4193
pathological changes in morphology & distribution & immunoreactivity of olfactory neurons, 70–92 yr olds with Alzheimer's disease, 33653
possible role of extrastriate cortical cell mechanisms in visual orientation & perception, 14709
shape selective neurons in temporal cortex, pictorial short term memory, monkeys, 650
skin temperature increases superimposed on noxious levels of thermal stimulation, activity of primary somatosensory cortical nociceptive neurons, male monkeys, 11115
spatial & temporal components of linear analog receptive field model, expected responses of visual neurons, 35591
spatial contrast sensitivity & orientation selectivity of visual neurons in foveal striate cortex, monkeys, application of 2 dimensional receptive field model, 4135
stimuli presented within same perceptual task at different levels of difficulty, visual neuron responses, monkeys, 11050
temporal structure of conjugated discharges of visual & sensorimotor neurons, conditioned reflex activity, rabbits, 35627
voltage vs current clamp recordings of taste cell receptor responses to sucrose vs sodium chloride, mice, 7688
Sensory Pathways [See Afferent Pathways]
Sentence Comprehension
acoustic dimensions of key function words, functor comprehension, older adults with Broca's aphasia, modified replication, 37046
aging & role of demand on working memory, comprehension of sentence syntax & semantics, 25–79 yr olds, 25440
antecedent distance of sentences subsequently read & intervening text structure, interpretation of elliptical verb phrases, college students, UK, 300
categorical dissimilarity & affective similarity between constituent words, sentence comprehension & metaphor aptness, college students, Japan, 4534
comprehension of active vs passive sentences, language impaired 5.0–7.4 yr olds, 22872
comprehension of ambiguous sentences, college students vs elderly, 14973
computer program utilizing sentence verification technique, test construction, 38680
computerized visual communication system, processing of visual syntax, 57 yr old male with global aphasia vs patients with Broca's aphasia, 37591
definition recall & requirement for simultaneous inferences, sentence comprehension using definitional theory, commentary, 11333
delayed application of linguistic information, syntactic processing of sentences, commentary, 4531
EPs, tracking of decision making in sentence comprehension, college students, 35595
error types in picture pointing auditory & reading & sentence structure comprehension tests, 17–82 yr olds with anomic vs conduction aphasia, 19596
event schema & verb type & animacy of participant in sentence, causal attributions, college students, 14975
general vs specific nature of target nouns in sentence context, judgment of appropriateness of drawings as illustrations of nouns, college students, 14365
impaired syntactic interpretation on test of sentence comprehension involving object manipulation, aphasic 74 yr old male, 5669
language development & sentence comprehension, good vs poor readers, 995
language familiarity, comprehension of sentences with vs without semantically unimportant function words, college students, Netherlands, 14980
localization of brain damage using tomography, syntactic production & sentence comprehension, 60–68 yr olds with left hemisphere stroke & Broca's aphasia, 2144
model using interaction of knowledge & concepts & inferences, text & sentence comprehension, implications for memory, 21267
phonological vs graphic vs semantic encoding strategies, word recognition & sentence level processing, native vs nonnative speakers of Chinese Mandarin, 10789
pragmatic mode vs syntactic mode use in sentence comprehension task, aphasic Spanish speaking bilingual & monolingual patients, 26632
prior linquistic predictive vs nonpredictive context, reversible passive sentence comprehension, fluent vs nonfluent aphasic 39–77 yr olds, 29970
processing & representation of sentences with object vs event anaphoric references, college students, Ireland, 14404
processing of coreferential gaps in syntactic structure, adjective recognition time, college students, 35385
repetition of sentences isolated vs embedded in context, grammaticality judgment, college students, Japan, 7964
sentence comprehension strategies, autistic 4–9 yr olds vs language impaired 3–18 yr olds, 15590
sentence structure & context, incremental & interactive sentence processing, college students, 25344

sentential context & frequency of stimulus in crossmodal priming paradigm, interpretation of ambiguous words with multiple meanings, college students, 315
syntactic complexity, reading rate & sentence comprehension, college students, 35374
syntactic constraints, coreference assignment during sentence comprehension, 35356
textual vs extratextual cues, identification of antecedents for ambiguous pronouns, 28–64 yr olds with moderate aphasia, 36989
therapy for deficits in sentence comprehension & production, male 46 & 59 yr old stroke patients, 27033
use of obviousness rule & linguistic & contextual clues, comprehension of sentences as questions vs directives, mentally retarded vs nonretarded children with MA of 5 & 7 & 9 yrs old, 26365
verb complexity & structural information contained in sentence, verb processing, college students, 38855
verb control information use in initial analysis of sentences, generalized phrase structure vs government & binding style grammar systems, commentary, 11331
word information distribution, eye fixations during sentence comprehension, adults, 17799

Sentence Structure

acquisition of complex sentences with verbs taking complement 2nd verbs, 2 yr olds, 1 yr study, 25424
adult caregiver sentences, classification of transitive & intransitive action verbs, 2 yr olds, Japan, 39564
agent vs patient mismatch, cleft sentence production, French speaking 4–10 yr olds, Belgium, 39535
antecedent distance of sentences subsequently read & intervening text structure, interpretation of elliptical verb phrases, college students, UK, 300
cognitive processing of 1st vs 2nd mentioned sentence participants, RT in word recognition task, college students, 21263
content vs format of sentence, judgment of importance of information in physics text, novice vs expert college students, 10784
differentiation vs enrichment strategy, rating of relative grammaticality of isolated repeated sentences, college students, Japan, 35957
dimensions of restrictive relative clause processing, college students, Hungary, 14390
distance between prime & target words in surface from &/or in semantic content of sentence, memory for sentence surface form, college students, 35380
educational level & memory capacity, length & clause structure & fluency of oral & written answers & statements, 18–92 yr olds, 29064
error types in picture pointing auditory & reading & sentence structure comprehension tests, 17–82 yr olds with anomic vs conduction aphasia, 19596
event schema & verb type & animacy of participant in sentence, causal attributions, college students, 14975
judgments of truth vs falsity in universally quantified conditional sentences, 7–14.5 vs 16.6–24 yr olds, 39555
lexical structure, parsing sentences with long distance dependencies, 35961
narrow vs wide sentences illustrating figurative meaning of proverbs, category learning, college students, 38897
pattern of sentence production & language disruption, 55 yr old left handed female stroke victim, case report, 36982
position of word "could" in enrichment sentence, auxiliary acquisition, 2 yr olds, 6 mo study, 25522
processing & representation of sentences with object vs event anaphoric references, college students, Ireland, 14404
processing of coreferential gaps in syntactic structure, adjective recognition time, college students, 35385
processing of new arguments at clause boundaries during reading, college students, 31843
repeated presentation of ungrammatical sentences, grammaticality judgments, college students, 31857
rhythmic structure & durations of syllabic intervals of sentences, syllable duration in speech production & perception, 29006
semantic focus of sentence, lexical access & processing of ambiguous words in language comprehensions, adults, 14970
semantic integration, free & cued recall in sentence memory, college students, 14471
sentence actor & patient animacy & verb prototypicality, actor/patient identification & sentence generalization, 2 & 4 yr olds, 29052
sentence combining research, reading comprehension, elementary through college students, literature review, 6709
sentence context & high vs low constraint sentences & semantic relatedness of unexpected words, lexical decisions in congruous sentence completion of upcoming words, college students, 7421
sentence context & perceptual analysis, word identification, college students, Canada, 17857
sentence context & semantic relationships, lexical access of ambiguous words, college students, Italy, 10817
sentence length & age & IQ, cluster reduction & liquid simplification in phonological production, 6.4–12.6 yr olds with Down's syndrome, 33403
sentence structure & context, incremental & interactive sentence processing, college students, 25344
sentences with disruption in semantic &/vs syntactic structure, memory encoding & recall, elderly with Alzheimer's disease, 30040
sentences with precise vs imprecise elaborations, self estimated vs actual sentence recall before vs after studying or testing, college students, 342
speech with altered temporal pattern & sentence structure, auditory processing measured by question answering comprehension task, 1st–3rd graders, 982
spontaneous conditions vs visual vs auditory stimulus storytelling complexity & sentence length, 3rd graders, 1021
state vs interpretive active verbs & sentence context, causal attributions to sentence subject vs object, college students, Germany, 7959
syntactic ambiguity & antecedent location & depth of embedding, anaphoric pronoun resolution, college students, 10801
syntactic compensatory strategies, sentence production, patient with selective apraxia of phonation, case report, 36953
syntactic priming, production of utterances in same syntactic form, college students, 39433
type of conjunction, recall for composite sentences, adults, West Germany vs France, 10778
type of neutral sentence context, facilitation vs inhibition effects in word recognition, college students, 328
verb complexity & structural information contained in sentence, verb processing, college students, 38855

Sentences

comprehension of active vs passive sentences, language impaired 5.0–7.4 yr olds, 22872
consensus & distinctiveness information & interpersonal experience verb, sentence causal ratings, college students, 11339
contextual cues in sentences, speech perception in listening situations, college students vs 60–75 yr olds, 31817
description of pictures in written English vs sign language, locative prescription sentence errors, hearing impaired 12–20 yr olds vs normal hearing 6–9 yr olds, 29981
dissociation of & errors in inflectional vs derivational morphology during sentence production & word repetition, 60 yr old male with aphasia after cerebral hematoma, 19575
focus on inconsistent name vs other aspect of sentence, illusion in verification of sentence accuracy, college students, 14971
grammar with cross sentential cues to phrase structure, syntax & language learning, college students, 39437
Hindi vs Urdu language & prefixed vs nonprefixed words, sentential use of words in 2 languages, bilingual Hindu & Muslim 16–17 yr old females, 11367

interactive computer system, communication to machine of natural language sentence content & structure supporting artificial intelligence, 24418
lexical & sentence context, word recognition, college students, 17908
meaningful vs neutral sentence context, naming of abstract vs concrete words & their use as meaningful sentence completions, college students, 21277
person vs entity attributional pattern & number of missing cells in Kelley sentence cube, sentence recognition measuring social information memory organization, college students, 31891
pictured visual cues, elicited sentence imitation, language disordered vs normal 6–7.4 yr olds, 29835
positive vs negative sentence cues, recall of specific hedonically toned memories, depressed females, 8672
rhythmic structure & durations of syllabic intervals of sentences, syllable duration in speech production & perception, 29006
sentence presentation mode, speech perception in noise, adults, 24797
silent rehearsal vs imaging of sentences, left vs right handed finger tapping, college students, 35613
simple declaratives & questions with gaps, grammaticality judgment measuring filler driven parsing with active filler strategy, native Dutch speaking adults, 39434
sources of acoustic information, identification of coarticulated vowels spoken in sentence context, college students & adult males, 38815
word emphasis & voice mood tone during sentence reading, acoustical analysis of speech prosody, 39 yr old female with aneurysm damaged corpus callosum, 19548
word recognition practice, reading speed for words presented in congruous vs neutral sentence contexts, 2nd–3rd vs 6th graders, 18605
2 succession judgments of grammaticality of sentence without repetition of sentence, judgment criterion, college students, 4535
Sentencing [See Adjudication]
Separation (Marital) [See Marital Separation]
Separation Anxiety
behavior therapy for & diagnosis & etiology & history of separation anxiety disorder, children, literature review, 12816
child birth order, maternal separation anxiety, 21–37 yr old mothers, 36289
childhood anxiety disorders & adult panic disorder & agoraphobia, females vs males, literature review, 5167
childhood separation anxiety, adult-onset panic disorders, adults with agoraphobia or panic disorder, 40191
construction & reliability & validity of Maternal Separation Anxiety scale, 15–39 yr old mothers of infants, 38627
history of childhood or adolescent separation anxiety, male vs female agoraphobic or simple or social phobic 21–45 yr olds, 8763
incidence of & age of S at parental death, patients with panic disorder vs agoraphobia vs simple phobia, test of separation anxiety hypothesis, 22653
incidence of panic disorder & panic attacks, psychiatrically hospitalized 7–12 yr olds with separation anxiety or depression or other disorder, 15609
maternal separation, plasma cortisol & vocalization, guinea pig pups, 18069
mediation process, separation anxiety, divorced parents, child custody implications, 29270
quality of thought disturbance & object relations, male 5–13 yr olds with separation anxiety disorder, 33057
separation & attachment difficulties, 17–43 yr olds with bulimia or anorexia nervosa or atypical eating disorders, 29848
separation anxiety & hostility & loneliness & developmental issues, alcoholism, adolescents, 8897
separation anxiety & school phobia in childhood, panic disorder, adult outpatients, 8693
Separation Individuation
adaptive vs reactive distancing & organizing fantasies, adolescents from alcoholic families, implications for intervention, 8867
archetypal images of hero & heroine in individuation process, analysands, 40612
body as transitional object & separation individuation issues, 14–26 yr old females with bulimia, 2164
clinical significance of M. S. Mahler's theory of symbiosis & separation individuation & preoedipal object relations, 35 & 40 yr old males in psychoanalysis, 16380
cohesion in brief inpatient group psychotherapy, therapeutic work of separation, hospitalized psychiatric patients, 37776
complexity & content of self knowledge & process of individuation in identity formation, 6 vs 8–9 yr olds, Poland, 39606
developmental origins of oneness fantasies & role of pathology in everyday life, commentary, 36633
developmental process of internalization before & after age 5 yrs, attachment & separation & loss, implications for psychotherapy, 30318
differentiation & individuation, development of identity & intimacy, adolescents, 15140
identification & differentiation in development & treatment, 14 yr old female who stole clothes & jewelry from neighbor's house, 23209
implications of research in early infant cognition & perception & social behavior & communication for M. S. Mahler's separation individuation theory, 25382
individual & intergenerational dynamics & resulting instrumental vs focal child syndromes, narcissistic parents & their children, 12078
internalization & achievement of libidinal object constancy & acting out of separation conflicts, borderline 27 yr old female analysand, case report, 30244
letting go of idealizations of parents, psychoanalytic process, analysands, 19795
M. Mahler's stages of separation individuation in psychotherapy, psychic structuring & attendant communication skills, 8 yr old male with severe speech & language deficits, case report, 12713
marital conflict & family coalition type, separation & adjustment patterns, male vs female college students, 27649
mother daughter interactions & separation conflicts in R. Brown's "Autobiography of My Mother", 21870
multigenerational family dynamics & family requirements & educational mobility, 1st generation college students, 38172
parallel processes of separation & individuation & developmental aspects of psychodynamic supervision, supervisors & their students, 30907
problems including "coming out" & fusion in early relationships & parental homophobic reaction & perception of lovers & psychotherapeutic strategies for individuation, college age lesbians, 29280
psychological separation & college adjustment, college students from intact families, 6757
reconciliation with parents as treatment goal, hospitalized Black female & Japanese male 14 yr olds who had attempted suicide, 6031
separation & individuation stage dysfunction, development of anorexia nervosa & failure to thrive, infants, implications for treatment, 33489
separation individuation & attachment, family with 3 daughters, 32664
separation individuation & sense of self & adjustment to college life, development of bulimia, female college students, 36971
separation individuation principles of M. R. Mahler, conjoint marital therapy, middle aged couple, 26834
separation individuation process, maturation & higher levels of thinking & problems in disengagement from family, adolescents with physical vs cognitive handicaps, 1532
separation individuation, sibling pairs of 26–35 yr old offspring of Holocaust survivors, 22213
sex & psychological separation, adjustment to college, college students, 38171

shamanism as metaphor for individuation in Jungian analysis, 18947
social cognitive perspective, individuation process, 4th & 7th & 10th graders & adults, 8135
therapist's use of self in separation individuation process, 30 yr old female analysand with history of loss & separation, 19778
transformation in perception of & relationship with parents & development of individuation & self identity, 9–23 yr olds & their parents, 25639
treatment stages in resolution of separation individuation problems, long term adolescent psychiatric inpatients in predischarge group, 6388
twinship paradigm, differentiation & separation & integration of self, 18702
types & amount of mother infant separations & stability of care & characteristics of caregivers & child care setting, middle class mothers & their 1st born infants, 4862
unresolved rapproachement conflicts & psychoanalytic transference, anorexic 16 yr old female, case report, 33785
Septal Nuclei
age related alterations of septo-hippocampal neurons, passive avoidance & spontaneous alternation performances, 24–26 mo old male rats, 35610
bicuculline vs muscimol injections into septum vs dorsal & median raphe nuclei, muricide, male rats, 11285
bilateral pyriform lobe with bilateral hippocampal lesions vs dorsal & ventral hippocampal lesions, septal vs amygdala kindling, male rats, 11161
classical appetitive differential conditioning, medial septal unit activity, male rats, 39125
continuous presence of pups, development of maternal behavior, inexperienced male vs female rats with lesion between preoptic area & septum, 25171
dorsal hippocampal formation vs medial septal lesions, processing of episodic item information on spatial location, male rats, 11148
electrical self stimulation of lateral hypothalamus vs lateral vs medial septal nucleus, leverpressing & acquisition & reversal of spatial discrimination in Y maze, male mice, 21676
electrical stimulation of medial vs lateral septal nuclei as CS, acquisition of classically conditioned eyeblink response, rabbits, 21679
fibria fornix transection, neurofilament phosphorylation & choline acetyltransferase in medial septal nucleus, male rats, implications for development of Alzheimer's disease, 32134
kainic acid lesions in lateral septal area, duration of lordosis, female golden hamsters, 807
kainic acid selective damage of neurons in medial septum of forebrain, body weight & food & water intake & urine output, male rats, 21694
lateral &/vs medial septal lesions, exploratory activity & reactivity in open field behavior, male rats, 802
lateral vs medial vs complete septal lesions, positive conditioned food suppression, rats, 35758
lesions of nucleus basalis magnocellularis vs medial septum & diagonal band of Broca, place navigation, male rats, implications for role of cholinergic neurons in spatial learning, 796
low frequency stimulation of septal medial vs lateral nucleus, suppression of operant response, male rats, 787
posttraining microinjection of naloxone vs beta endorphines into medial septal area, acquisition of radial maze task in new spatial environments, rats, 7828
preoperative enriched vs isolated rearing environment, open field behavior & maze performance & spontaneous alternation, rats with septal lesions, 7808
selective damage to fornix fimbria or subcortical structures with major connection to hippocampal formation, place learning & memory in maze task, rats, 39235
spatial memory performance, 56–82 yr olds with Alzheimer's disease vs rats with medial septum vs dorsal hippocampal formation vs nucleus basalis lesions, 29985
stimuli inhibiting aversion & electrical stimulation & lesions of septal region, aversive states & fear, cats & rats, 4160
TRH analog, hippocampal cholinergic activity & memory deficit, male medial septal lesioned rats, animal model of Alzheimer's disease, 35705
vasopressin vs vasopressor antagonist into lateral septum, memory of exposure to sexually immature conspecific measured by investigatory behavior, male rats, 14837
Septum [See Septal Nuclei]
Sequential Learning
component skills task sequencing model & computer tutor, basic algebra instruction, 27580
provision of original information sequence after incorrect detail memory on earlier test, retrieval or original witness memory & validity of confidence ratings, college students, 14454
sex, clerical speed of serial comparison vs encoding/recognition processes, college students, 14391
small food reward vs conditioned reinforcement by light with large food reward following correct response & sequence length & duration of interresponse interval, response sequence learning, pigeons, 3937
Serial Anticipation (Learning)
alteration of sequence of qualitatively different reinforcers, sequence of CRs, rats, 14516
brief daily pairing of saccharin followed by sucrose solution & intersolution interval & chlordiazepoxide & amphetamine, anticipatory contrast & saccharin intake suppression, rats, 4356
continuous vs partial reinforcement during Pavlovian serial conditioning with tone & light & food, response rate, rats, 14557
fixed order of runway reinforcement & item vs position cues, current & remote anticipation in serial learning & running speed, rats, 3908
training to visually fixate sequence of 4 event locations, anticipatory behavior & cued recall, 4–6 mo olds, 1–4 wk followup, 25525
Serial Learning [See Also Serial Anticipation (Learning)]
active vs passive acoustic presentation mode, long term retention of word lists, college students, Great Britain, 3851
acute vs chronic administration of delta-9-tetrahydrocannabinol, repeated acquisition of serial position responses, male pigeons, 7892
age & sex & sense modalities & practice, short & long term memory on visual or auditory serial learning tasks, 12–16 & 20 yr olds, India, 8008
age & word length & acoustic similarity, speech rate & serial recall, 4–10 yr olds, implications for working memory development, 18577
changing state & primary linguistic visual vs auditory stimuli, enhanced recency effect, college students, 38902
cue target compatibility of visually or auditorily presented word or object list item, cued vs free recall, 1st & 3rd & 5th graders, 15059
different instructions, memory for temporal order, college students, 38865
grade & digit list type, awareness of mnemonic utility & use of digit list organization in serial recall, 2nd–5th graders with good vs poor reading ability, 20508
interitem spacing & vocalization & stimulus suffixes, magnitude of recency effect on memory for serial position, adults, 14441
intranasal cocaine dosage with vs without serial learning task, heart rate & BP, male 21–38 yr olds with history of cocaine use, 28854
item & associative & serial order recognition memory, adolescents with left vs right temporal lobectomy for seizure disorder, 5614
learning set & type of material & number of list presentations & hypnotic susceptibility, hypnotic amnesia & seriation, college students, 7474
linguistic structure of syllables, short term serial memory errors for spoken syllables, college students, 7483

lipreading in silence vs with synchronous auditory pulse train &/vs auditory pure tone, serial recall, college students, 7442
list length & frequency of rehearsal, serial recall strategies, K–3rd graders, 21968
mixed auditory & visual vs single modality item lists, immediate serial recall, college students, 24871
model incorporating perceptual modality & inner voice, interpretation of recency effects in serial learning, 14463
nitrous oxide, serial & paired associate learning tasks, 19–30 yr olds, 7894
observations of serial enumeration & categorical flexibility & adjustment to shift conditions in series of reward events, male rats, 21359
sabeluzole, serial learning & retrieval of nonsense syllables, adults, 21726
sex, clerical speed of serial comparison vs encoding/recognition processes, college students, 14391
short serial recall of verbal items, 7–12 yr old males with attention deficit disorder with hyperactivity vs reading disabilities, 11866
testing limits methodology in instruction & practice in acquisition of mnemonic skill, serial word recall & cognitive plasticity, 19–29 vs 65–83 yr olds, 21959
theory of distributed associative memory, effects in memory for serial order, 14457
Serial Position Effect [See Also Primacy Effect, Recency Effect]
auditory vs visual presentation & serial position & interpair interval of words, free recall vs order judgments, college students, 14440
bowed serial position effect, comparative size judgments in infinite set experiments, college students, 31895
different instructions, memory for temporal order, college students, 38865
order & serial position in multiple sets, item recognition response time, college students, 7473
position & order information, short term recognition memory, college students, 38899
positional uncertainty & suffix effects in serial recall tasks, college students, 28326
primacy & recency effects in serial position curves, spatial memory for lists of items in radial maze, rats, 10895
priority & simultaneous vs consecutive presentation of sublists of items, recall order, females, 3850
rearrangement of serial or spatial positions of category members, inverse release from proactive interference, college students, replication, 28331
recall of serial positions of pictorial stimuli & WISC-R IQ, 6.5–16.1 yr old males with Duchenne muscular dystrophy, 12327
serial position & mnemonic organization, free recall, schizophrenic adults, 26079
serial position of figure "A" in Bender Gestalt test, recall of figure "A", 14–17 yr old juvenile delinquents vs nondelinquents, Israel, 15840
stimulus novelty & serial position & significance, skin conductance component of orienting response, college students, Israel, 28671
structural memory network model for human perception of serial objects, 38940
Seriousness
continuous perceptual motor task, cardiovascular reactivity measured by heart rate & pulse transit time, serious minded vs playful Type A vs Type B college students, 7743
substantiation & seriousness & severity of reports of child physical abuse, professionals vs nonprofessionals vs anonymous persons, 1983, 1854
Serotonin
abnormality in serotonergic function, therapy resistant depressed patients with delusions & rapid cycling affective disorders, 8641
activation of 5-HT like & GABA receptors in dorsal raphe nucleus, social interaction & punished responding, rats, 18349
active avoidance training & drugs activating noradrenergic & dopaminergic & serotonergic systems, forgetting, mice, 7907
acute & repeated administration of l-triiodothyronine & ECS, receptor function of 5-HT subtypes & hypothermia & locomotor response, mice, implications for antidepressant therapy, 25235
acute vs chronic SCH 23390 with vs without cyproheptadine, quipazine induced head twitches, male rats, 39250
acute vs chronic tricyclic antidepressants, antinociception induced by 5-HT vs norepinephrine vs morphine, male rats, 869
age related changes, serotonin binding in frontal pole, postmortem 59 yr olds & older with Alzheimer's disease, 30093
amphetamine injected into lateral hypothalamus, dopamine & norepinephrine & serotonin release & reuptake, rats, conference presentation, 25281
antidepressant drugs, binding sites & serotonin & noradrenaline transporters, humans, clinical implications, conference presentation, 7876
antidepressants, 5-HT uptake, endogenously depressed adult patients, 6147
antiserotonergic drugs cyproheptadine vs methysergide vs 5-HT, sexual activity, male rats, 18392
ascorbic acid vs diethyldithiocarbamate & methamphetamine induced neuronal damage, milk intake & depletions of striatal dopamine & serotonin, male rats, 35800
atropine with vs without parachlorophenylalanine, water maze performance measuring spatial memory & interaction of serotonergic & cholinergic neurotransmission, male rats, 25290
barbital withdrawal, serotonergic & dopaminergic function, barbital dependent mice, 7855
behavior differences & brain serotonin levels, 2 way shuttlebox avoidance conditioning, Fawnhooded vs Long Evans vs Wistar male vs female rats, 11048
benzodiazepines, platelet serotonin uptake, 18–59 yr olds with panic disorder, 23433
blood platelet 5-HT uptake & impulsivity & anger, 18–47 yr old males with episodic aggression, 29690
blood serotonin levels, schizophrenic adult females who were suicidal vs not suicidal, 33017
chronic antidepressant drugs with vs without forced swim, neural adaptation of beta adrenergic & 5-HT/2 receptors, male rats, 18231
CNS levels of 5-HT & 5-HIAA & tryptophan & dopamine & 3,4-dihydrophenylacetic acid & HVA & 3-methoxytyramine, male vs female rats, 4174
cognitive ability & adaptive behavior & blood serotonin levels, prepubescent females with Williams syndrome, assessment of link between hyperserotonemia & autism or other developmental disabilities, 32919
combined cholinergic & serotonergic denervation of forebrain, spatial learning, female rats, 28775
cortical serotonin receptors, severity of depression, patients with right vs left hemisphere strokes, 2065
CSF HVA to 5-HIAA ratio in serotonergic & dopaminergic neuronal systems, subjective memory disturbance, depressed patients, 5136
CSF 5-HIAA & suicidal behavior & depressive relapses suggesting serotonergic disorder, patients with endogenous depression, 26196
cyano derivatives of dosulepin, antidepressant action & serotonin vs noradrenaline uptake, mice & rats, conference presentation, 924
developments in understanding & treatment & neurochemical correlates including serotonin, affective disorders, 26048
dietary carbohydrate vs protein content, brain serotonin activity & food intake, rats, conference presentation, 18249
dietary tryptophan vs tyrosine vs choline vs other nutrients, brain serotonin & neurotransmission, rats, implications for drug therapy & appetitive symptoms, 773

dihydroergosine, mouse killing measuring aggressiveness & raphe nuclei & hypothalamus 5-HT & olfactory bulb GABA, male rats, 35849
discrimination of norfenfluramine & generalization to fenfluramine & serotonergic & dopaminergic agents & mediation by 5-HT receptor subtypes, male rats, 28810
drug alteraction of serotonin neurotransmission, excitability & photoresponses of Type B photoreceptors during associative conditioning, mollusks, 35820
drugs acting on 5-HT-1 vs 5-HT-2 receptors, habituation of tactile startle responses, rats, 32203
ECT, presynaptic & postsynaptic serotonergic receptors, rabbits, 4278
escape attempts before vs after 5HT1B agonists vs other drugs, socially isolated vs group reared male mice, animal model of social behavioral deficits, 4360
evidence for 5-HT subtypes, 11053
external stressors & CSF serotonin dopamine balance, dexamethasone nonsuppression, acutely ill patients with major depressive disorder, 8534
fenfluramine following dietary tryptophan & pyridoxine, serotonin mediated behavior, male weanling rats, 4248
fenfluramine, psychosocial & adaptive & motor behaviors & learning rate & blood serotonin & side effects, autistic 7–20 yr olds, 26958
fenfluramine, serotonin & dopamine metabolism, 3–10 yr olds with autistic behavior, France, 40750
fenfluramine, serotonin levels & cognitive & communicative abilities, autistic children, 9 mo study, 9500
fluoxetine R- & S-enantiomers with vs without serotonin antagonists, food intake & serotonin uptake, hyperphagic male rats, 28995
functional vs nosological interpretations of serotonin disturbances, patients with psychiatric disorders, 26195
group vs individual housing, circadian rhythms of hypothalamic serotonin & tryptophan & 5-HIAA & prolactin & corticosterone circulating hormones, male rats, 35652
high vs low doses of serotonin with vs without serotonergic antagonists cyproheptadine vs cinanserin, tonic immobility, domestic chicks, 21752
icv TRH & central serotonergic system, intracranial self stimulation, male rats implanted with electrodes in ventral tegmental area, 28877
iminodipropionitrile induced spasmodic dyskinesia, 5-HT & 5-HIAA levels in caudate putamen & nucleus accumbens, male rats, 14824
imipramine, platelet MAO activity using 5-HT as substrate, 32–64 yr olds with endogenous depression, 2523
imipramine, serotonin uptake mechanism in blood platelets, depressed 32–64 yr olds, 37550
increased vs decreased serotonin level, classically conditioned inhibition of tarsal reflex to sucrose solution, drosophila, 925
intrahypothalamic 5,7-dihydroxytryptamine induced serotonin depletion, social & offensive behavior, male rats, 11173
ip serotonin & food satiation, predatory aggression, minks, 7899
iproniazid with vs without tryptamine vs 5-HT, active avoidance task learning, male rats, 35810
isolation induced fighting, utilization of norepinephrine & dopamine & serotonin in brain regions, mice, 25086
iv L-tryptophan, 5-HT function & serum prolactin level & mood responses, 3,4-methylenedioxymethamphetamine using 22–47 yr olds, 19386
iv levotryptophan before & during trazodone treatment, 5-HT function assessed by neuroendocrine & cardiovascular responses & subjective mood, 28–67 yr olds with major depression, 12899
ketanserin, ECT induced plasma prolactin release, 31–68 yr old psychiatric patients, 40602
lesions of dorsalis raphe nuclei, inhibition of alcohol preference, rats, implications for serotonergic control of ethanol consumption, 14927
lesions of serotonin neurons in median raphe, circadian rhythms, rats, 21702
lesions vs postsynaptic blockade of 5-HT nerves vs receptors, analgesia induced by electrical stimulation of spinal 5-HT neurons near ventrolateral surface of medulla oblongata, rats, 7791
lithium, 5-HT-2 receptor sensitivity assessed by slow wave sleep & other sleep parameters, male 25–37 yr olds, 39298
locomotor behavior & activity & central serotonergic function, male mice infected with Venezuelan equine encephalomyelitis virus, 11116
m-chlorophenylpiperazine, serotonin receptor hypersensitivity assessed through behavioral response, patients with panic disorder vs major depression, 16579
maternal prenatal stress & postnatal factors, behavioral response to serotonin agonist & serotonin binding & open field behavior, rats, 14692
maternal stress during different gestational periods, 5-HT-2 cortical binding sites & 5-HT syndrome, adult rat offspring, 32109
methlenedioxymethamphetamine, morphine induced analgesia & brain 5-HT, male rats, 14910
neurochemistry & immunochemistry of serotonin in CNS, nudibranch mollusks, implications for associative conditioning, 35577
noradrenergic & serotonergic receptor system function, patients with panic disorder vs major depression, 19127
noradrenergic vs serotonergic depletions in brain & spinal cord, brief shock induced analgesia, rats, 28774
norepinephrine vs 5-HT, firing rate of hippocampal pyramidal neurons, 3–30 mo old male rats, 7825
number of brain 5-HT/2 receptor binding sites, depressed suicide victims, 5381
number of serotonin recognition sites in frontal & temporal & parietal lobes, postmortem brains of 50–87 yr olds with Alzheimer's disease, 26612
opiate & serotonergic mechanisms of periaqueductal gray analgesic stimulation, rats, 39207
palatable food, extracellular serotonin in lateral hypothalamus, male rats, 25142
para-chloroamphetamine, passive avoidance conditioning & frontal cortex 5-HT & 5-HIAA, male vs female rats, 28869
pargyline, circadian rhythm of hypothalamic 5-HT & norepinephrine & dopamine, 10–35 day old rats, 7870
paroxetine, platelet & whole blood 5-HT uptake, adults with resistant depression, 12881
phenothiazines vs haloperidol vs anticonvulsants, whole blood serotonin & tryptophan & platelet count, autistic adolescents & adults, 34072
pirlindol, MAO inhibition & 5-HT reuptake & pharmacological profile, patients with depression, 9578
plasma dopamine beta hydroxylase & platelet MAO activity & whole blood 5-HT, male juvenile offenders vs clinic clients with anxiety or depressive disorder, 19316
plasma free serotonin, autistic children & adolescents vs their 1st degree relatives, 15648
plasma hormone levels & platelet 5-HT uptake & adrenoreceptor density before vs after nomifensine, females with postpartum depression, 2453
plasma monoacetyldapsone/dapsone ratio & CSF levels of HIAA & imipramine binding to platelets, 19–63 yr olds with unipolar or bipolar affective disorder or schizophrenia or personality disorder, 15801
platelet serotonin receptor responsiveness, 17–53 yr old female inpatients with unipolar or bipolar depression, 29507
platelet serotonin uptake & vitamin B6 treatment, adult females with PMS, 8653
platelet serotonin uptake & 3H-imipramine binding, 21–46 yr olds with panic disorder, 36668
platelet serotonin uptake, patients with panic disorder vs major depression, 33154
platelet uptake & content of 5-HT & MAO activity & plasma tryptophan levels, adults females with PMS, 8985
platelet 5-HT concentration & uptake & time course of illness, schizophrenic patients, 5288
predictable vs unpredictable shock, concentrations of 5-HT & 5-HIAA & tryptophan & noradrenaline in brain, rats, 14775

prenatal 5-methoxytryptamine vs parachlorophenylalanine, serotonin uptake & behavior, neonatal rats, 18436
psychopharmacological & biological role of 5HT, schizophrenic patients, literature review, 15634
punishment, turnover rates of norepinephrine & dopamine & 5-HT in discrete brain regions, male rats, 11122
raphe cells grafted into hippocampus, spatial learning ability, serotonin depleted rats, 28728
regional brain serotonin & 5-HIAA, rabbits dark reared from birth to 3 mo old, implications for vestibulo-ocular reflex development, 25117
repeated fenfluramine, central 5-HT depletion & tolerance to neurochemical & anorectic effects of acute fenfluramine, male rats, 18361
responsivity of serotonergic neurons & platelet receptor function, autistic male 19–29 yr olds, 26128
role of serotonin & modulation by neuroleptic drug clozapine, tardive dyskinesia, literature review, 40174
role of serotonin in panic disorder, 26149
role of 5-HT in aggressive & suicidal behavior & depression & anxiety & personality disorders, 19033
role of 5HT-2 receptors in nonpsychotic illness & anxiety states, 29523
seasonal variations in platelet serotonin uptake, 23–84 yr olds with endogenous depression, 29594
serotonergic & cholinergic neurotransmitter disturbances in subcortical & cortical grey matter, postmortem brains of 73–92 yr olds with severe vascular dementia, 40526
serotonergic & dopaminergic mediation of discriminative stimulus properties of 3,4-methylenedioxymethamphetamine, rats, 32279
serotonergic drugs, anxiety, animal models of anxiety disorders & drug development & therapy, conference presentation, 35781
serotonergic nervous system, learning & memory, literature review, 21483
serotonergic neuron activity, yawning induced by dopamine agonists, rats, 39356
serotonin & 5-HIAA as biological markers in prediction of suicide, 26225
serotonin, anxiety & alcoholism, conference presentation, 36551
serotonin in anterior limbic cortex, resistance to experimental neurosis, dogs, 32164
serotonin, mediating diverse physiologic processes, implications for anxiolytics in treatment of multiple psychopathologies, conference presentation, 37496
serotonin reuptake blocker CGS 10686B, nutrient selection & food intake, rats, 4394
serotonin reuptake inhibitors, transport of 3-H-serotonin into synaptosomal fractions, rat brains, implications for depression, conference presentation, 18371
serotonin system abnormalities, attempted suicide & aggressive behavior, 15880
serotonin, Type B photoreceptor light responses & ionic conductance, nudibranch mollusks, implications for associative learning, 35805
serotonin uptake & platelet 3H-imipramine binding, bulimic 19–29 yr olds, 22990
serotonin vs octopamine, aggressive behavior, lobsters, 18367
sertraline, platelet serotonergic systems, depressed adults, 30417
short term 3,4-methylenedioxymethamphetamine, brain serotonin terminal destruction & CSF & regional brain 5-HIAA & serotonin & behavior, male monkeys, 39324
single vs multiple dose of maprotiline & oxaprotiline, functional response of 5-HT system, male rats, 39276
sodium chloride vs polyethylene glycol vs isoproterenol vs 5-HT vs angiotensins II vs III, water intake, water deprived hamsters, 18421
suppression test dose of dexamethasone, liver tryptophan pyrrolase activity & cerebral 5-HT synthesis &/or turnover, male rats, 25272
time of day, kinetic values of active serotonin transport by platelets, unipolar vs bipolar vs schizophrenic adults, 40117
tritiated imipramine binding & uptake of radiolabeled serotonin & in vitro inhibition of uptake by imipramine, depressed patients less than 51 yrs vs more than 60 yrs old, 33646
urinary & whole blood 5-HT, mentally retarded autistic vs normal adolescents & adults, 40065
weight reducing diet, brain 5-HT measured by plasma prolactin response to L-tryptophan, normal weight male vs female 23–42 yr olds, implications for anorexia nervosa, 4238
whole blood 5-HT, measured intelligence, 18–63 yr olds of normal intelligence vs autistic or severely mentally retarded children, 15565
yohimbine, antagonism of LSD by alpha-2-adrenergic receptor blockade during operant conditioning, male rats, 28844
4-bromo-2,5-dimethyoxyphenylamine, hallucinogenic properties & serotonin receptor affinity & stimulus generalization, male rats, implications for potential abuse, 14851
5-HT & depression, conference presentation, 19078
5-HT & other physiological determinants, pathological gambling, 1771
5-HT, carbohydrate craving & PMS & seasonal affective disorder & obesity, conference presentation, 19037
5-HT metabolism & histamine & calcium & uric acid levels, autistic 5–16 yr olds, 33105
5-HT receptor binding measured by 3H-LSD in blood platelets, depressed adults, 29492
5-HT, suicide & aggressive behavior & other psychopathology, conference presentation, 19009
5-HT system involvement in panic disorder, 22569
5-HT uptake inhibitors zimeldine or propranolol in dorsal midbrain central grey, threshold of aversive electrical stimulation, rats, implications for endogenous 5-HT mediation, 21711
5-HT uptake rate in blood platelets, adults with major depressive episodes, 5197
5-HT with vs without methysergide, protein vs fat vs carbohydrate intake, male rats, 25249
5-HT-2 binding sites in frontal cortex, 20–87 yr olds who committed violent vs nonviolent suicide, 33237

Serotonin Agonists

acute & chronic zimeldine vs alaproclate vs chlorimipramine, nociception & sensitivity to 5-HT receptor agonist 5-methoxy-N,N-dimethyltryptamine, male mice, 4347
behavioral & neuroendocrine & physiological effects of m-chlorophenylpiperazine, patients with Alzheimer's disease, implications for serotonergic studies of aging, 33579
buspirone, alcohol abuse, 18–55 yr old outpatients, conference presentation, 37882
buspirone vs gepirone vs 8-hydroxy-2-(di-n-propylamino)tetralin, responding under multiple FI & FR schedule of food presentation, male pigeons, 14810
citalopram vs alaproclate, post DST cortisol & CSF 5-HIAA & MHPG, elderly with dementia, 26931
d-fenfluramine vs quipazine vs fluoxetine vs 8-hydroxy-2(di-n-propylamino)tetralin, sucrose sham intake, gastric fistulated rats, conference presentation, 25138
desipramine & fluoxetine, depressed male 33 yr old, case report, 30448
dorsal or median raphe nuclei lesions vs cinanserin vs cyproheptadine vs ipsapirone vs 8-OH-DPAT, buspirone blockade of fear potentiated acoustic startle reflex, male rats, 28707
efficacy & dosage of fluoxetine vs placebo, depressed patients, literature review, conference presentation, 19952
fenfluramine, plasma prolactin & cortisol, male substance abusers with differing levels of aggressiveness & impulsivity, 40279
fluoxetine & other antidepressants, cardiovascular effects, depressed patients, conference presentation, 19953
fluoxetine dosage, side effects, depressed patients, conference presentation, 19921
fluoxetine pharmacology & pharmacokinetics, humans, literature review, conference presentation, 18291
fluoxetine, prevention of episode recurrence, patients with major unipolar depression, conference presentation, 19991

fluoxetine, side effects, depressed patients, conference presentation, 19936
fluoxetine vs amitriptyline, depressed outpatients, conference presentation, 19971
fluoxetine vs dothiepin & alcohol, car handling performance, adults, conference presentation, 18351
fluoxetine vs imipramine vs amitriptyline vs doxepin, depressed patients, conference presentation, 19972
fluoxetine vs tricyclic antidepressants, side effects & efficacy, geriatric outpatients with depression, conference presentation, 19945
gepirone vs ipsapirone, haloperidol vs alpha-methyl-p-tyrosine induced serum prolactin secretion, male rats, 35871
imipramine vs buspirone, patients with panic disorder or agoraphobia with panic attacks, conference presentation, 37546
ketanserin, quipazine vs 5-HTP induced leverpressing on FR schedule, squirrel monkeys, 4512
m-chlorophenyl-piperazine, blood drug & cortisol levels indicating serotonin receptor hypersensitivity, patients with panic disorder vs major depression, 22568
m-chlorophenylpiperazine, serotonin receptor hypersensitivity assessed through behavioral response, patients with panic disorder vs major depression, 16579
neuroleptics, apomorphine induced activity & stereotyped behavior & quipazine induced head twitches, implications for involvement of striatal dopaminergic supersensitivity, 32179
peripheral vs systemic 8-hydroxy-2-(di-n-propylamino) tetralin into raphe nuclei, drinking time & exploratory behavior as measure of anxiolytic properties in animal model of anxiety, rats, 28820
pindolol, suppression of exploratory locomotor activity induced by 8-OH-DPAT, male rats, 39331
piperazine-type 5-HT agonists with vs without 5-HT antagonists, spontaneous ambulatory behavior, male rats, 35847
preclinical studies of fluoxetine as 5-HT uptake inhibitor, side effects & neurochemistry, rats, implications for depression treatment, conference presentation, 18432
prenatal 5-methoxytryptamine vs parachlorophenylalanine, serotonin uptake & behavior, neonatal rats, 18436
putative 5-HT agonists 8-OH-DPAT vs gepirone, hypertonic saline consumption, rats, 14830
pyrimidinyl-piperazines vs other 5-HT-1A receptor agonists vs L-5-HTP, anxiety measured by exploration in Montgomery's conflict test, male rats, 35898
quiprazine vs pirenperone, inhibitory action on lordosis mediated by activity at 5-HT type II receptors by alpha-melanocyte stimulating hormone, rats, 7908
selective serotonin 1A receptor partial agonist anxiolytics, generalized anxiety disorder, conference presentation, 37498
serotonergic drugs, isolation induced aggressive behavior, male mice, conference presentation, 32261
serotonergic drugs, performance in competition for sucrose pellets, triads of male rats, 18336
serotonin agonist m-chlorophenylpiperazine, behavioral & neuroendocrine & physiologic & cognitive responses, patients with Alzheimer's disease, 37089
serotonin agonist MK-212, serum cortisol & prolactin secretion, males, 4417
serotonin agonists 8-hydroxy-2-(di-n-propylamine)tetralin vs buspirone vs m-chlorophenylpiperazine, feeding & locomotor activity, Wistar vs Sprague Dawley vs Fawn Hooded rats, 32148
serotonin receptor agonists buspirone & gepirone, adults with major depression, conference presentation, 37557
serotonin reuptake inhibitors, efficacy & side effects, depressed patients, conference presentation, 19930
serotonin reuptake inhibitors, transport of 3-H-serotonin into synaptosomal fractions, rat brains, implications for depression, conference presentation, 18371
sertraline dosage with vs without pretreatment by metergoline vs methysergide vs ketanserin vs xylamidine, food & water & milk intake, food deprived male rats, 21773
sertraline vs amitriptyline vs placebo, psychomotor performance & side effects, 50–67 yr olds, conference presentation, 18385
sertraline vs zimelidine, pharmaco-EEG & brain maps, 19–31 yr olds, conference presentation, 18426
1-(m-trifluoromethylphenyl) piperazine, oxotremorine induced hypothermia & behavioral despair & isolation induced social behavioral deficit, male mice, implications for treatment of depression, 25219
1-(3-trifluoromethylphenyl) piperazine, discriminative responding & generalization to 5-HT1B specific agonist vs 5-HT2 agonist vs other drugs, male rats, 25304
5-HT agonist, deprivation induced feeding, rats, 4478
5-HT agonist, physical exercise effects on food consumption, rats, 39261
5-HT agonist 8-hydroxy-2-(di-n-propylamino) tetralin, intake of liquid & wet mash, male rats, 28841
5-HT agonist 8-hydroxy-2-(di-n-propylamino)tetralin, consumption of range of liquid diets, male rats, 28925
5-HT agonists & antagonists vs benzodiazepine anxiolytics vs tricyclic antidepressants, restraint stress induced anorexia, rats, 4344
5-HT agonists & inescapable shock, reversal of helpless behavior, rats, 4237
5-HT agonists, discrimination assessed through conditioned taste aversion, male rats, 25258
5-HT agonists m-CPP vs 8-OHDPAT vs fenfluramine, sensitivity to food intake suppression, male rats of different strains, 4507
5-HT agonists, role of 5-HT receptors in drug induced hypophagia, male rats, 18359
5-HT agonists 5-hydroxy-3(di-n-propylamino)chroman vs 8-hydroxy-2(di-n-propylamino)tetralin vs buspirone, sexual behavior, male rats, 21710
5-HT agonists 8-OH-DPAT vs gepirone, diet choice & feeding behavior & consumption of liquid diet, male rats, 11208
5-HT clinical pharmacology & side effects & efficacy, depression, conference presentation, 19941
5-HT receptor agonist RU-24969, brain synthesis of 5-HT & dopamine & assessment of potential anxiolytic & antidepressant properties, rats, 4329
5-HT receptor agonist 8-OH-DPAT, basal nociception & defeat analgesia, male mice, conference presentation, 32276
5-HT receptor agonists vs antagonists, modulation of acoustic startle reflex, male rats, 35870
5-HT reuptake inhibitor sertraline, pharmacology & potential clinical use for depression, rats & mice, conference presentation, 18348
5-HT reuptake inhibitors, obsessive compulsive disorder, conference presentation, 20026
5-HT reuptake inhibitors, panic disorder, conference presentation, 20011
5-HT uptake inhibitors, depression, conference presentation, 19992
5-HT-1A agonists, stress induced deficit in open field locomotor activity, male rats, 39258
8-hydroxy-DPAT, rotational behavior, 6-OHDA lesioned rats, 28856
8-hydroxy-2-(di-n-propylamino)-tetralin, ultrasonic vocalizations & immobility reactions, rat pups, 18346
8-hydroxy-2-(di-n-propylamino)tetralin, locomotor activity, rats, 39320
8-hydroxy-2(di-n-propylamino) tetralin vs buspirone vs gepirone vs ipsaprione, food intake or plasma ACTH levels, male rats, 35819
8-OH-DPAT, copulatory performance, male rats with bilateral transection of dorsal penile nerve, 18210
Serotonin Antagonists [See Also Lysergic Acid Diethylamide, Mianserin, Molindone, Parachlorophenylalanine, Tetrabenazine]
acute & chronic zimeldine vs alaproclate vs chlorimipramine, nociception & sensitivity to 5-HT receptor agonist 5-methoxy-N,N-dimethyltryptamine, male mice, 4347
amitriptyline or fluoxetine & alcohol, psychomotor & physiological & subjective measures, healthy adults, 28794

angiotensin converting enzyme inhibitor enalapril, fluoxetine induced decrease in alcohol intake, male rats, 18342
antidepressant drugs with vs without methysergide, DRL responding, male rats, implications for 5-HT receptors, 4421
antiserotonergic drugs cyproheptadine vs methysergide vs 5-HT, sexual activity, male rats, 18392
citalopram vs maprotiline, depressed 18–75 yr olds, 2449
clinical indications for treatment with 5-HT reuptake inhibitors, 26980
clomipramine vs fluvoxamine, patients with anxiety disorders, 26947
cyproheptadine, extinction of conflict behavior, male rats, implications for 5-HT antagonistic property, 39338
cyproheptadine, symptoms, schizophrenic patients, 30513
d-fenfluramine vs quipazine vs fluoxetine vs 8-hydroxy-2(di-n-propylamino)tetralin, sucrose sham intake, gastric fistulated rats, conference presentation, 25138
desipramine vs clomipramine, inhibition of 5-HT or noradrenaline reuptake & acquisition of conditioned avoidance response, rats, 21709
desipramine vs zimelidine vs GBR-13069 monoaminergic reuptake blockade, activity rhythms, 15 day old rats, 32151
dorsal or median raphe nuclei lesions vs cinanserin vs cyproheptadine vs ipsapirone vs 8-OH-DPAT, buspirone blockade of fear potentiated acoustic startle reflex, male rats, 28707
ECT with vs without methysergide, serum prolactin, adult females with major depression, 16309
fluoxetine, cortical & prolactin & growth hormone & LH & FSH & testosterone levels & sleep EEG, healthy males, 28984
fluoxetine, depressed head injured adults, 40754
fluoxetine, imipramine associated weight gain, 42 yr old female with panic disorder & agoraphobia & 55 yr old female with major depression & panic disorder, case reports, 30410
fluoxetine, nocturnal sleep & daytime alertness, adult males, 11279
fluoxetine R- & S-enantiomers with vs without serotonin antagonists, food intake & serotonin uptake, hyperphagic male rats, 28995
fluoxetine vs imipramine vs placebo, 19–70 yr old outpatients with major depression, 40761
fluoxetine vs mianserin vs placebo, depression, 18–65 yr olds, 23428
fluoxetine vs other 5-HT uptake inhibitors with ethanol, anxiety & locomotor activity & exploration, male mice, 25208
fluoxetine vs ritanserin & extraversion vs introversion & level of sensation seeking, motor response time, male 20–32 yr olds, 28940
fluoxetine with vs without alcohol vs maprotiline, performance assessed by oculodynamic & pursuit tracking test & Visual Analogue Scale, healthy males, 28967
fluoxetine, 21–49 yr old treatment resistant outpatients with obsessive compulsive disorder, 12–20 mo study, 30438
fluvoxamine, neurochemical & cognitive effects, 51–75 yr olds with alcoholic organic brain disease, 40782
fluvoxamine, patients with alcoholic organic brain syndrome, 30518
high vs low doses of serotonin with vs without serotonergic antagonists cyproheptadine vs cinanserin, tonic immobility, domestic chicks, 21752
ICS 205-930 & MDL 72222 5-HT antagonist dosages, amphetamine vs morphine vs nicotine conditioned place preference, rats, 32170
ICS 205-930 vs GR38032F vs diazepam, anxiety in passive avoidance test, male rats, 39368
imipramine-like drugs & 5-HT uptake blockers, delay of reward behavior, male rats, 18292
intrahypothalamic 5,7-dihydroxytryptamine induced serotonin depletion, social & offensive behavior, male rats, 11173
ip metergoline vs ritanserin, anorectic activity of fenfluramine, male rats, 39387
ketanserin &/or mianserin, passive avoidance retention, 5 vs 12 vs 22 mo old rats, 14913
ketanserin, quipazine vs 5-HTP induced leverpressing on FR schedule, squirrel monkeys, 4512
metergoline after clomipramine treatment, 25–60 yr olds with obsessive compulsive disorder, 19927
metergoline, dextrofenfluramine induced reduction of food intake, male 18–37 yr olds, 28859
methylsergide, methylenedioxymethamphetamine vs amphetamine induced hyperactivity, male rats, 4366
methysergide, development of hallucinations & anxiety & depersonalization, 29 yr old male with vascular headaches, case report, 2566
methysergide vs metergoline vs ritanserin, food intake, satiated male rats, 18329
paroxetine, patients with resistant depression, 12924
paroxetine, platelet & whole blood 5-HT uptake, adults with resistant depression, 12881
piperazine-type 5-HT agonists with vs without 5-HT antagonists, spontaneous ambulatory behavior, male rats, 35847
portacaval anastomosis, cyproheptadine induced impairment of avoidance learning & memory & 5-HIAA concentrations & turnover rate, rats, 18223
pretreatment with ketanserin or prazosin or mitanserin or methysergide or parachloro-phenylalanine, kappa opioid agonist induced sedation, mice, 32230
quipazine vs methysergide & age, mouthing behavior, milk deprived vs nondeprived rat pups, 18326
quiprazine vs pirenperone, inhibitory action on lordosis mediated by activity at 5-HT type II receptors by alpha-melanocyte stimulating hormone, rats, 7908
risperidone, LSD agonist & antagonist effects, male rats, implications for treatment of schizophrenia, 32248
risperidone, 21–62 yr old chronic psychotic patients, Belgium, 30505
ritanserin, conditioned place preference induced by dextroamphetamine vs morphine vs diazepam, male rats, 18405
ritanserin, patients with generalized anxiety disorder, 20002
ritanserin, sleep disturbances assessed by EEG, dysthymic 24–53 yr olds, 23437
ritanserin vs fluvoxamine, 5-HT receptor activity, 18–65 yr olds with panic disorder, conference presentation, 37577
scopolamine vs methysergide, attention & memory & long latency auditory EPs, 22–39 yr olds, 28914
selective 5-HT reuptake inhibitors, clinical efficacy & biochemical effects, patients with anxiety disorders, 27024
serotonin antagonists ICI 169,369 & ICI 170,809, 24 hr EEG sleep wake activity, rats, 35904
serotonin receptor antagonists, behavioral effects of periaqueductal gray aversive brain stimulation, male rats, implications for anxiety & depression, 35708
serotonin reuptake blocker CGS 10686B, nutrient selection & food intake, rats, 4394
serotonin reuptake inhibitors, patients with major depression, meta analysis, 26936
serotonin reuptake inhibitors, treatment of obsessive compulsive disorder, literature review, 12871
sertraline dosage with vs without pretreatment by metergoline vs methysergide vs ketanserin vs xylamidine, food & water & milk intake, food deprived male rats, 21773
sertraline, ethanol & food & water intake, male rats, 25226
sertraline, platelet serotonergic systems, depressed adults, 30417
sertraline, voluntary ethanol & saccharin intake, male rats, 25225
suckling experience, methysergide induced nipple attachment, juvenile rats, 28897
viqualine dihydrochloride, patients with treatment resistant major depression, 40760
zimeldine vs cyproheptadine, food & water consumption, pigeons, 39312
zimeldine vs fluoxetine, hypersensitivity, 31 & 50 yr old depressed females, case reports, 30483
4-bromo-2,5-dimethoxyamphetamine with vs without 5-HT antagonist pretreatment, operant behavior, squirrel monkeys, 4429

5-HT agonists & antagonists vs benzodiazepine anxiolytics vs tricyclic antidepressants, restraint stress induced anorexia, rats, 4344
5-HT antagonists, food intake, male rats, 28842
5-HT antagonists methysergide or ritanserin or pindolol, cycloheximide induced amnesia, mice, 39364
5-HT inhibitor paroxetine, EEG, 22–62 yr old psychiatric inpatients, 6191
5-HT receptor agonists vs antagonists, modulation of acoustic startle reflex, male rats, 35870
5-HT receptor antagonist, ethanol preference, male rats, 35902
5-HT receptor antagonist ritanserin, midbrain dopamine neuronal activity, male rats pretreated with parachlorophenylalanine, 39408
5-HT receptor antagonists, d-fenfluramine induced anorexia, male rats, 32258
5-HT reuptake & NA uptake inhibitors, anxiolytic & exploratory effects of ethanol, mice, 28843
5-HT reuptake blockers fluoxetine & clomipramine, 20–56 yr olds with body dysmorphic disorder, 34043
5-HT reuptake blockers fluvoxamine & fluoxetine & citalopram, psychomotor & cognitive & memory functions & subjective effects, adults, commentary, therapeutic implications, 25254
5-HT reuptake inhibitors fluvoxamine & fluoxetine, neuropsychological & autonomic functioning & psychomotor performance & emotional state & side effects, adults, implications for therapeutic efficacy, 25277
5-HT reuptake inhibitors fluvoxamine vs zimeldine vs fluoxetine, patients with depression &/or suicidal behavior, 27022
5-HT2 receptor antagonists, sleep wake cycle, male rats, 35801
5,7-dihydroxytryptamine induced lesions of nucleus accumbens, d-amphetamine vs morphine vs diazepam induced place preference, male rats, 11169
5,7-dihydroxytryptamine vs 6-OHDA lesions of substantia nigra vs caudate putamen, substance P induced enhancement of passive avoidance retention, mice, 11124
Serotonin Metabolites [See Also Hydroxyindoleacetic Acid (5-)]
presence vs absence of dysphoric mania, prior course of affective illness & CSF norepinephrine & serotonin metabolites, bipolar manic inpatients, 29618
urinary catecholamines & their metabolites & serotonin metabolites, mentally retarded 10–17 yr olds, 12303
Serotonin Precursors [See Also Tryptophan]
age of drinking onset & incidence of psychopathology, susceptibility to serotonin precursor availability, male alcoholic 25–60 yr olds, 26321
monoamine precursors, locomotor activity & forced swimming test performance, male mice, 11303
Serpasil [See Reserpine]
Serum (Blood) [See Blood Serum]
Servicemen [See Military Personnel]
Severely Mentally Retarded
abbreviated progressive relaxation vs behavioral relaxation, pulse rate & rated anxiety, moderately or severely mentally retarded 25–69 yr olds with chronic anxiety, Scotland, 33971
advances in augmentative & alternative communication research & intervention, children & adults with severe intellectual disabilities, literature review, 13221
analysis of improvised tone sequences, autistic 8 yr olds & older vs normal 5th graders vs severely mentally retarded adults, 15600
assessment & observational strategies & utility of independence trait as measure of development, preschoolers with moderate to severe mental retardation, 27713
attitudes toward education of students classified as severely & profoundly handicapped in regular schools, school superintendents, 13673
aversive conditioning with aromatic ammonia & visual screening & drug invervention, aggressive & destructive & loud screeching behaviors, 6.8 yr old severely retarded male, 26892
backward vs reverse chaining with leap aheads, learning rate for assembly tasks, severely retarded 17–32 yr olds, 23732
behavioral intervention, nonconsenting bisexual aggression & intercourse or fondling, 22 yr old male with severe mental retardation & behavior disorders, case report, 33972
behavioral strategies & development, profoundly & severely mentally retarded 18–34 yr olds, 26410
biobehavioral state measures, education & treatment, 1.8–19 yr old students with severe or profound or multiply handicapping conditions, 20606
choice of behavioral intervention strategy based on hypothesized cause of behavior, stereotypic or self injurious behavior, severely retarded 6–7 yr olds, 13660
circadian sleep wake cycle rhythm disorder & chronotherapy, congenitally blind 4–12 yr olds with severe or moderate mental retardation, 23015
clinical assessment & standardized measures of sensorimotor & language development & current communication status, nonverbal severely mentally retarded clients, 8953
communication issues, researchers interviewing severely retarded, 19403
components of nurse facilitated room manager role, time on task, 21–39 yr olds with severe to profound mental retardation, 34369
computer aided program, supervision of occupational engagement, 7 & 17 yr old institutionalized severely mentally retarded males, 34308
computerized assessment for determination of leisure preferences, severely retarded 7 yr old male, replication, 8933
contingent music with vs without bell pad, enuresis, severely mentally retarded 21 yr old female, 12577
cool white vs full spectrum fluorescent vs color adjusted diffuse light, classroom behavior, severely physically & mentally handicapped 3–21 yr old students, 3262
cooperation between medical & psychological screening services, treatment of medical conditions triggering maladaptive behavior, nonambulatory 10–61 yr olds with severe or profound mental retardation, 33706
cue controlled relaxation technique, Gilles de la Tourette syndrome, severely mentally handicapped 13 yr old female, case report, 37465
curriculum & projected future teaching methods, severely handicapped students, 17285
decision rules for facilitating skill generalization, profoundly & severely mentally retarded 6.8–20.6 yr old students, 17266
deinstitutionalization, community care & education, moderately or severely mentally retarded children & adults, 1970–85, 2697
depression & other psychiatric disorders & common treatments, severely mentally retarded 25–48 yr olds, 29813
depression & social skills & intellectual function, mildly to severely mentally retarded 17–57 yr olds, 12286
early social reciprocity interventions, severely mentally retarded infants, 16908
educationally significant behaviors & learning & instruction variables, severely or profoundly mentally retarded 6–21 yr olds with behavior disorders in residential schools, 1 yr study, 38207
employment specialist intervention time in supported competitive employment programs, moderately or severely vs borderline or mildly retarded consumers, 27278
evaluation of use of inflatable fort, severely or profoundly mentally handicapped adults, 8929
everyday environmental conditions, distributions of epileptiform EEG activity & clinical seizures , severely or mildly mentally retarded epileptic 31–36 yr olds, 32969
experience of work by nondisabled employees, supported employment, severely disabled workers, 20252
extension of meaning of visual graphic symbols, nonspeaking 18.9 & 19.4 yr old females with severe mental retardation, case report, 40255
extra staff member with vs without extra tasks, activities & initiatives toward residents & residents' behavior, residen-

tial staff & severely & profoundly mentally retarded 3.8–34 yr olds, 13148
forward vs concurrent chaining strategies, teaching use of washing machine & laundry soap dispenser, moderately or severely mentally retarded 16–19 yr olds, 20245
frequency of participation in leisure activities, severely retarded adults residing in group vs foster homes, 9670
functionally based classroom behavior modification, self injurious behavior, moderately & severely mentally retarded 9–15 yr olds, 27680
generalized case training procedure, telephone usage, learning & generalization, 17–21 yr old severely mentally retarded special education students, 27697
Goal Attainment Scaling, evaluation of effectiveness of individual habilitation plans, severely or profoundly mentally retarded clients of state residential institutions, 13092
graduated guidance & reinforcement procedure, self dressing skills, multihandicapped & moderately to severely mentally retarded 5 & 9 yr old males, 20262
grand mal seizures & myoclonic jerking & ataxia, post mortem 18 yr old mentally retarded female with fragile site on chromosomes 2q13, case report, 22865
group relaxation training procedures, 25–69 yr olds with moderate or severe mental retardation, 33917
history of special education & mainstreaming services & resource redirection, mildly to severely intellectually disabled students, Australia, 20648
home environment & behavior, identification of family lifestyle clusters, families with severely mentally retarded children with mean age of 66 mo, 12300
hospital based parent training program, living circumstances & childrearing practices, parents & family members of 9 yr old severely mentally retarded female, Japan, 13167
individually appropriate instructional environment & access to services for parents & siblings & social relationships, severely mentally retarded students in home schools, 38194
instruction on extension component within self care routine, generalization to other components or same components of another routine, severely retarded 10–12 yr olds, 16483
integration into museum art education program, social interaction & behaviors of handicapped & attitudes of nonhandicapped toward handicapped peers, moderate & severely retarded 7–10 yr olds, 10227
interindividual differences & task characteristics & physical environment, outcome of planned organizational activities, hospitalized severely or profoundly mentally retarded adults, 16855
interpolated VR vs continuous reinforcement prior to extinction, inappropriate behavior, severely mentally retarded male 8–10 yr olds, 6101
involvement in community based activities & health & social services, severely mentally retarded adult residents of community foster group homes, 16779
issues in sex education, severely mentally retarded children, 31201
knowledge & skills training in communication development, facilitators working with 27 yr old female with severe mental retardation in day & group home programs, case report, 37858
lexigram graphic symbol learning, attention & intentional communication & sociability in dyadic interaction, severely mentally retarded 6.2–22.7 yr olds, 27249
lexigram graphic symbol learning, nonlinguistic gains attributable to specific intervention, severely mentally retarded 6.2–22.7 yr olds, commentary, 27272
MA & development of digit span, severely mentally retarded 9–38 yr olds with Down's syndrome or mixed etiology, 5543
manic depression, female severely mentally retarded 34 yr old with polycystic ovary disease, case report, 40326
microcomputer leisure preference assessment, nonspeaking 10–12 yr olds with Down's syndrome or severe mental retardation, 1926
modification of social system, aggressive behavior, 29 yr old institutionalized male with severe/profound mental retardation, 6428
naloxone vs naltrexone, self injurious behavior, male severely mentally retarded 18 yr old, 2447
neuroleptic induced Parkinsonian side effects, severe to borderline mentally handicapped inpatients, 23429
Ohio State University's Project Transition, physical education assessment system, facilitation of transition from institution to community living, severely mentally retarded adults, 13203
parental stress & social network size & density, families with severely & profoundly retarded institutionalized adolescent or young adult offspring, 15994
partial sequential withdrawal design, assessment of meal preparation skills maintained following trainer withdrawal, moderately to severely mentally retarded 24 & 28 & 41 yr olds, 27283
participation in ceramic glaze workshop, lead poisoning, severely mentally retarded 38 yr old female & other retarded patients, case report, 33428
passive vs active objectives in individualized education programs, severely or profoundly handicapped 3–20 yr old students with multiple disabilities, 20588
perceptions of public school education programing for disabled students in domestic & community & vocational & leisure domains, parents of severely & profoundly disabled students, 38201
perceptions of transition from school to adult life, parents of 15–23 vs 34–40 yr olds with severe disabilities, 19414
play initiation training, social interactions with nonhandicapped peers, autistic or severely mentally retarded 4.8–6 yr olds, 37431
power of tests for treatment-control group differences with small sample sizes, severe & profound retardation, 19673
probability level of freely available alternative response & response deprivation, instrumental performance, severely or trainable or educable mentally retarded 18–66 yr olds, 23321
prompt fading on reinforced vs unreinforced stimulus vs trial & error learning, acquisition of complex vs simple visual discrimination task, severely mentally retarded 7.9–16.2 yr olds, 40735
prompting & positive reinforcement, on task behavior & social interaction, male deaf & blind severely mentally retarded 21 yr olds, 37463
psychotropic drug patterns, profoundly or severely mentally retarded 13–45 yr olds in state run intermediate care facility, 10 yr study, 34086
receptive & expressive matrix training with known vs unknown word combinations, recombinative generalization, severely mentally retarded 7.4 vs 9.3 vs 18.9 yr olds, 27035
referential speech, sign language training, severely mentally retarded 5.4–9.8 yr olds & 12.1 yr old male with phenylketonuria, 20033
reinforcement amount & delay, self control & choice behavior, severely mentally retarded 14–17 yr olds, 5551
requesting & reinforcer selection training with preferred rewards, match between verbal request & item selected, severely mentally retarded blind 17 yr old female, 37455
rewarding series of easy requests, compliance with subsequent difficult task, 7–10 yr old moderately or severely retarded elementary school students, 3293
role playing procedure & generalization effects in training program for cafeteria use, moderately to severely mentally retarded adults, 30775
scope & rationale for use & intervention practices & effectiveness of sign language with school aged severely/profoundly mentally retarded students, speech/language therapists, 12940
sensorimotor development, severely mentally handicapped 3–18 yr olds, 19430
sexual difficulties & literature parallels, multiply handicapped male & severely retarded female adolescents, 26006
social relationships with nonhandicapped peers, severely mentally retarded 8–12 yr olds with vs without physical handicaps, 19409

spontaneous communication instruction through interrupted behavior chains, severely mentally retarded or autistic or multiply handicapped students, 16492
staff interaction & client activity, severely or profoundly mentally retarded adults in small community houses, 2 yr followup, 13054
task type, gestural vs physical guidance prompts, moderately or severely mentally retarded adult employees of sheltered workshop, 13200
teaching program using behavioral script, interactive signing in social play & generalization to other situations, severely mentally retarded 8–25 yr olds, 20642
teaching use of self statements, job task performance, severely mentally retarded 16 yr old male with cerebral palsy, 13222
training in verbal label responding, generalization to maladaptive speech correction, severely or moderately mentally retarded 13–40 yr olds, 20034
undesirable competing responses, generalization of adaptive skills, 26 yr old female with severe mental retardation, 26901
use of & need for family & external resources & child related stressors, plans for out of home placement before age 21 yrs, families with 4–19 yr old severely or profoundly mentally retarded children, 22839
whole blood 5-HT, measured intelligence, 18–63 yr olds of normal intelligence vs autistic or severely mentally retarded children, 15565

Severity (Disorders)

age & duration & severity of disability, cognitive ability & reasoning & memory, patients with multiple sclerosis, 2017
age & sex & severity & hospitalization, immunity, 18–76 yr olds with major depressive disorder, 19216
age of onset & severity, bulimic patients with vs without family history of drug abuse, 12463
baseline & DST serum cortisol levels & symptom severity, adults with major depression, 22583
brain density, severity of depression, patients with major depression, 15775
care recipients' impairments & social support, physical & emotional health, caregiving relatives of impaired elderly, conference presentation, 34140
changes in severity of depression, hospitalized psychiatric inpatients, 1945–46 vs 1935–38, 9825
characteristics of family subtypes of pure vs sporadic depression vs depressive spectrum, clinical course & additional diagnoses & social maladjustment, depressed adult females, 11 yr followup, 5331
characteristics of scales & questionnaires, assessment of severity of depressive states & diagnosis of subtypes of depression, 5151
cognitive development & sex role socialization theories, prediction of age & gender differences in severity of & vulnerability to health problems, 1st & 4th & 6th graders, 8530
computerized tomographic brain scans, severe vs less severe chronic schizophrenic male adults, 5336
CSF prealbumin & degree of dementia, 55–87 yr olds with Alzheimer's disease vs multiinfarct dementia, 26618
degree of obesity, binge eating, obese 23–65 yr olds, 2138
density & degree & intensity & reciprocity of networks, health care utilization & severity of health when entering adult congregate living facilities, frail elderly, 23636
depression severity & maximum post DST plasma cortisol levels, depressed inpatients, 19174
development of & relationship between problem severity scales & response bias measures & DSM-III substance abuse diagnoses, 12–18 yr olds receiving chemical dependency treatment, 3587
disability & welfare benefits, severely impaired 18–35 yr old psychiatric inpatients, 19128
disease severity, educational functioning, male 8–19 yr olds with hemophilia, implications for remedial needs, 30135
disease severity, motor & intellectual impairment & depression, 37–77 yr olds with Parkinson's disease, 12415
DST & diagnosis & severity of disorder, adults with depression vs other psychiatric disorders, therapeutic implications, 36580
early experiences & developmental variables, prognosis & severity & suicide, adults with borderline personality disorder, 15 yr followup, 8688
expressive vocal behavior, severity of coronary artery disease, 31–79 yr old patients referred for coronary angiography, 2123
illness severity & cerebral ventricle size, schizophrenic adults in state vs university hospital, 33149
illness severity & computerized tomography results, schizophrenic adults, erratum, 33150
illness severity & hospitalization & emergency treatment & pain, adjustment & IQ & self esteem & school performance & peer relations, 8–16 yr olds with sickle cell anemia, 29974
impaired writing ability & severity of dementia, patients with Alzheimer's disease, 16107
iofetamine uptake assessed with single photon emission computed tomography as measure of dementia severity, 59–90 yr olds with probable Alzheimer's disease, 5680
judgments of illness severity assessed by ranking vs magnitude estimation procedures, medical & psychiatric personnel & patients & healthy volunteers, implications for quantification of ill health, 9103
major depression & antisocial personality & familial alcoholism & treatment history & onset, severity of alcohol dependence & social & occupational problems, alcoholic 20–59 yr olds, 22796
model for vocational rehabilitation, adults with severe psychiatric disability, 13229
nerve conduction velocities vs current perception thresholds as correlates of clinical severity, patients with diabetic sensory neuropathy, 37126
neuropsychological assessment & rehabilitation, adults with severe psychiatric disability, 13187
occupational stress & class, severity of problems, 22–60 yr old alcoholic females, 29756
onset & duration & severity of depression & serum folate & vitamin B12, depressed outpatients, 36636
own stress & children's symptom severity ratings vs clinical ratings, 23–52 yr old parents of autistic 2.3–12.6 yr olds, Canada, 33097
paygrade levels for active duty & previous psychotic condition, hospitalized 17–52 yr old enlisted Navy personnel with functional vs organic psychotic diagnoses, 34305
perceptions of male vs female client's psychological maladjustment related to sex role stereotypes, male vs female psychologists, treatment implications, 26198
personality traits & mood state & general psychological distress, severity of disorder, hypertensive patients, Portugal, 40376
premorbid adjustment & onset patterns & severity of impairment, 7–13 yr old inpatients with schizophrenia vs schizotypal personality vs dysthymic disorder vs major depression, 15614
prevalence & severity & variability of cancer related pain & mood disturbance, 15–89 yr old cancer patients, Ireland, implications for interdisciplinary treatment, 19589
prevalence & severity of alcoholism in inner city, household vs homeless 18–70 yr olds, 15935
prevalence & severity of dizziness, community residents 60 yrs old & older, 30088
progress in educational & postschool professional services, severely disabled students, 13667
psychiatric evaluations of presence & severity of anxio-depressive symptomatology, myotonic dystrophy patients, Canada, 9021
psychiatric rehabilitation, adults with severe psychiatric disability, 13220
psychiatric rehabilitation in partial care programs, adults with severe psychiatric disability, 13110
Psychiatric Severity of Illness Index vs DRG criteria, determination of psychiatric case mix groups with respect to

homogeneity of hospital stay & resource use, psychiatric patients, 27210
psychiatric symptoms & social disability & severity of psychiatric illness, psychiatric inpatients vs day patients, 34289
rate & correlates of severity of psychopathology, 10–17 yr old children of bipolar parents, 36596
recognition memory span for verbal vs spatial vs organizational information, elderly with mild vs moderate dementia of the Alzheimer type, 40493
reliability & internal validity of Hamilton Rating Scale for Depression & Montgomery-Asburg Depression Scale & Bech-Rafaelsen Melancholia Scale, medicated depressed patients, 7142
reliability & validity of Quantitative Inventory of Alcohol Disorders, assessment of alcoholism severity, alcoholic inpatients & their spouses, 14163
sensitivity of WAIS vs modified Halstead Reitan Neuropsychological Test Battery, diagnostic & classification accuracy for brain dysfunction severity, mildly vs moderately impaired epilepsy patients, 108
severity of depression symptoms, cancer patients, 26608
severity of depressive illness & BP, depressive psychotic vs depressive neurotic adults, replication, 36656
severity of disease & disability, social relationships & psychological well being, rheumatoid arthritis patients, 9052
severity of disease, short & long term memory storage, patients with Parkinson's vs Huntington's disease, 9190
severity of disorder, automobile accident rates, patients with sleep apnea, 37024
severity of illness, mother infant interactions, mothers & their premature infants who had bronchopulmonary dysplasia vs respiratory distress syndrome vs no serious complications, 4 & 8 mo followup, 40427
severity of psychiatric diagnosis & length of service, prediction of medical discharge disposition, Navy personnel, replication & extension, 33089
sex & race & age & education & occupation & income & personal childrearing experience, perception of severity of child neglect, rural adults, 36797
sex differences in incidence & severity & type of aphasia, 22–80 yr olds with left hemisphere stroke, Norway, 30099
symptom severity during menstrual cycle, females with panic attacks with vs without agoraphobia, 19066
type & severity of psychological symptoms, college counseling center clients, 20687
Type A behavior vs other risk factors & severity of coronary atherosclerosis, coronary angiography patients, 12431
validity of Sulliman Scale of Social Interest, correlation with problem severity & history & expectancy for success, psychotherapy outpatients, 17579
ventricular-brain ratio & life course of illness, patients with recurrent affective disorder, 8713
vocabulary selection in development of communication aid, nonreading severely physically disabled 36 yr old female with cerebral palsy, case report, 41054

Sex Change
adequacy of surgical gender reassignment, postoperative psychological readjustment, 22–39 yr old male to female transsexuals, followup study, 37662
concordance for prenatal history & diagnosis & female sex assignment & masculinizing puberty, choice for vs against sex reassignment, 46XY hermaphroditic siblings, 9151
gender identity & social factors & surgical sex reassignment & adjustment, 16–42 yr olds with male pseudo-hermaphrodism who had been raised as females, Saudi Arabia, 9044
personal & career counseling issues, 28 yr old female with back problems who underwent sexual reassignment from female to male, commentary, 13182
personal & career counseling issues, 28 yr old female with back problems who underwent sexual reassignment from female to male, commentary, 13199
personal & career counseling issues, 28 yr old female with back problems who underwent sexual reassignment from female to male, 13230
prediction of regrets following sex reassignment surgery, transsexual homosexual males vs females vs heterosexual males, 30567
presurgical spironolactone with estrogen & medroxyprogesterone, clinical & hormonal response, male to female transsexual patients, 34090
sex reassignment surgery, treatment satisfaction & adjustment to new gender role, transsexual 19–69 yr olds, Netherlands, 27064
stages of treatment process, psychiatric symptoms, male to female transsexuals, 6 mo to 2 yr postsurgery followup, 9641

Sex Chromosome Disorders [See Also Klinefelters Syndrome, Turners Syndrome]
cognitive development & IQ decline in early adolescence, 3–35 yr old males with fragile X syndrome, 37015
concordance for prenatal history & diagnosis & female sex assignment & masculinizing puberty, choice for vs against sex reassignment, 46XY hermaphroditic siblings, 9151
congenital genital hypoplasia & central &/or peripheral CNS & learning impairments, female neonates, case reports, long term followup, 5736
daily living skills vs communication & socialization, institutionalized vs noninstitutionalized 3–51 yr old males with fragile X syndrome, 37014
epidemiology & clinical features of fragile X syndrome, 9.8–15.8 yr olds with moderate mental retardation, England, 1944
fragile X syndrome & chromosome & genetic transmission of autism, 8939
genetic predisposition to psychopathology, 3–27 yr old males with fragile X syndrome, 8931
incidence of fragile X chromosome, autistic male 2–30 yr olds, 36674
infantile autism & mild to moderate mental retardation & fragile X syndrome, 7.8 yr old female identical twins, case report, 16089
physical & behavioral characteristics of & cognitive & language deficits associated with fragile X syndrome, males vs females, 19524
search for DNA markers, autistic 13 & 17 yr old males with fragile X syndrome, case reports, 15802
X chromosome defects, autistic 4–17 yr old males, 15655

Sex Chromosomes
proposed pseudoautosomal locus of genetic predisposition to psychiatric disorders, 26768
sex chromosome & hormonal anomalies & psychopathology & social functioning, female 18–40 yr olds with Turner syndrome, 29914
sex chromosomes & psychosis, commentary & commentary reply, 40175

Sex Differences (Animal) [See Animal Sex Differences]
Sex Differences (Human) [See Human Sex Differences]
Sex Differentiation Disorders [See Genital Disorders]

Sex Discrimination
attribution of social vs organizational blame for low numbers of females in public school administration, school administrators & female administrative aspirants & education students, 38048
bias in evaluation of sex stereotyped vs neutral jobs, college students, 3356
clinical relevance & sex bias of masochistic personality disorder, psychiatric patients, 26074
cues that bias would be rewarded vs punished, sex or race discrimination in personnel decision making, business students, 6891
dependency & sex equality & discrimination, retirement education, elderly females, Great Britain, 36205
discrimination in academia, females, 23917
indicators of economic & political & legal factors, creation of gender equality index for each state, US, 15399
individuating information about applicant consistent vs inconsistent with occupational & sex stereotypes, sex discrimination in hiring decisions, business professionals, 3360

job level & amount of information, evaluation of male vs female applicants, 20–55 yr olds, 24291
logical & factual sex bias, diagnosis of primary orgasmic disorders by DSM-III & W. H. Masters & V. E. Johnson, females, commentary, 33521
macrosociological analysis of gender inequality & circulation of pornography & cultural spillover of violence & social disorganization & incidence of rape, conference presentation, 1755
managerial integration & opportunities & politics of optimism regarding gender equality, female employees, 13800
null educational environment, career development & counseling, females, 27752
perception of equality in work force & identification with other females, attitudes toward affirmative action, housewives vs female office workers vs professionals, Canada, 6933
problems with using regression analysis to prove sex & wage discrimination in organizations, 41447
resources for organizational power, career advancement transitions, males vs females, 17412
role in promotion of sex equity & nontraditional careers for females, employment counselors, 20739
sex discrimination in evaluations of job applicants, recruiters, 10343
sex equity issues, bibliography, applications for employment counselors, 38338
sex typing, attitudes toward cultural gender rules for behavior & sex discrimination, male vs female college students, 15382
systems perspective of organizational framework for research on workplace problems, professional females, 10381

Sex Drive
cognitive & affective & hormonal & physiological components of human sexual desire, 11089
inhibited sexual desire & eating disorders, females, 26563
low sexual frequency due to lack of interest vs active phobic aversion, couples, treatment implications, 12422
partner relation therapy program, couples with low sexual desire, 23294
previous experience & exposure to sexually receptive vs nonreceptive females, level searching behavior, male rats, 35530
testosterone & estradiol & progesterone & prolactin levels, sexual desire, female 27–39 yr olds with hypoactive sexual desire disorder, 40496
theoretical models of incentive/drive & sexual motivation, humans & animals, 36362
theories of motivation for rape by power & control & violence & domination vs sex, 36787
trazodone induced libido increase, depressed 36–56 yr old males, 12920

Sex Education
biological determinist view of gender issues in sex education, 3173
church based sexuality education program, prevention of unplanned teenage pregnancy, adolescents & parents, implications for parental involvement, 20124
college experience participation in sex education class, autoerotic attitudes & practices, male vs female college students, 2 yr followup, 20460
community based sex education program, incidence of sexual activity & contraceptive use & sexual decision making, 13–18 yr olds, 37698
condoms with instructions on use in sensuous foreplay, attitudes toward condoms, heterosexual couples, 36368
current status of sex education in occupational therapy curricula, university graduate & undergraduate program department chairs, 41147
education on safe sex & prevention of HIV transmission, females, 27065
educational materials for promotion of child sexual health by parents, health professionals, 23304
educational program on sexually transmitted diseases, attitudes & knowledge & sexual behavior, 7th–12th graders, 20496
fertility awareness & natural family planning multisite program, sexual activity & decision making, female 15–17 yr olds & their parents, Guatemala & US, 9635
issues in sex education, severely mentally retarded children, 31201
methods for teaching about homosexuality, literature review, 3172
model for understanding adolescent sexuality & sex as coping mechanism & prevention of pseudo hypersexuality, therapists & parents & educators, 15169
need for sex education & school based health clinics & information concerning sexual desire & victimization, adolescent females, 6813
parallels between controversial sex education programs & school desegregation, 3158
Protestant church based sexual education, sexual knowledge & values, 14–18 yr olds, 6264
sex & AIDS education & need for new social norms, implications for at risk adolescents, 40839
sex education & therapy model, sexual exploration & growth, lesbian therapists & their lesbian clients, 26782
sex education course in adolescent treatment program, 15–18 yr old emotionally disturbed day patients, 27239
sex education issues, special education students, 34727
sexual awareness groups in psychiatric day treatment program, clients, 2827
sexual behavior & knowledge about AIDS & preventive intervention & education programs, adolescents, 40549
sexuality attitudes, arousal in response to & retention of contraceptive instruction, female college students, 4908
sexuality awareness program, at risk 12–18 yr old males, 37741
sexuality education training, attitudes & knowledge toward intellectually handicapped adults, 21–60 yr old staff in institutional & community residences, Canada, 1 yr followup, 34532
social class, involvement in sex education of preschool age children at home, parents, 18781
use of networking in family sex education program, promotion of communication about sexual issues, rural adolescents & their parents, 40867
use of pornography vs other sources for sex education, college students, 11701
utility of control theory & sex education, sexuality & pregnancy, adolescents, 2732
voluntary sex education program, 8th–10th graders & their parents, Australia, 6695

Sex Hormones [See Also Androgens, Estradiol, Estrogens, Estrone, Progesterone, Testosterone]
age & feeding condition & female behavior & social display, hormone levels during mate selection, male mallard ducks, 28504
atenolol vs metoprolol vs pindolol vs propranolol, physiological & subjective sexual arousal & serum sex hormones, adult males, 11292
castration & hormonal treatment, activation of social behavior, male red winged blackbirds, 21749
castration, territoriality & sexual behavior, free living male mountain spiny lizards, 32136
early sex hormone exposure, adult sexual orientation, animals, 21626
environmental & dietary & hormonal factors, timing of seasonal breeding, free living female parakeets, India, 25141
estradiol & progesterone, food intake & taste preferences & body weight & glucoregulation, intact vs ovariectomized rhesus monkeys, 39227
estrogens & progesterone & testosterone, induction of copulatory behavior, castrated sexually experienced Arctic foxes, 25189
levels of testosterone & FSH in midgestation amniotic fluid, sexual differentiation of brain, fetuses of female 35–40 yr olds, implications for study of postnatal development, 25285
linear analytic vs neurobiological model, examination of gender role & homosexuality & spatial ability, females, literature review, 14733

neonatal androgens & estradiol & progesterone, feminine sexual behavior & sexual orientation, castrated male rats, 21782
presurgical spironolactone with estrogen & medroxyprogesterone, clinical & hormonal response, male to female transsexual patients, 34090
progesterone or testosterone or estrogen, pigmentation change & aggressive behavior, female freckled earless lizards, 32176
reproductive hormonal influences, affective illness, females, 33152
seasonal changes in day length & temperature, male testicular activity & LH & estradiol & testosterone & mating & breeding behavior, free living parakeets, India, 25130
sensitization of locomotion & stereotypy & brain monoamines produced by repeated dextroamphetamine or restraint stress, ovariectomized or castrated rats, 11107
sex & early gonadal steroids & postpubertal gonadectomy, acquisition & extinction of single alternation response in discrete trials lever pressing, rats, 18205
sex chromosome & hormonal anomalies & psychopathology & social functioning, female 18–40 yr olds with Turner syndrome, 29914
sex hormone levels in blood & saliva, spatial & verbal abilities & field dependence, 20–30 yr old males, West Germany, 676
sex hormones & constitutional & social environmental influences, gender related development & behavior, application of biosocial perspective, 29120
sex steroid hormones in umbilical cord blood, cognitive ability, neonates, 6 yr followup, 15085
sex steroids, acquisition & production of song, castrated male swamp & song sparrows, 25174
social environment, gonadal recrudescence & sex hormone levels & sexual behavior, Whiptail lizards, 21586
testicular hormones, individual differences in aggression & possible mediation mechanism in olfactory system, male mice, theory of hormone action, 14721
testosterone & estradiol & progesterone & prolactin levels, sexual desire, female 27–39 yr olds with hypoactive sexual desire disorder, 40496
Sex Linked Developmental Differences
beliefs about gender related adult roles & perceived gender differences in child's behavior, parents of 24–33 mo olds, England, 22277
brain neuroendocrine events & sexual differentiation of CNS structures, social play, juvenile animals & children, 4130
deviance from sex linked normative emotional styles & psychological distress, medical students, 20396
sentences & sustained vowels in 7–8 yr olds' speech, ability to identify gender, normally sighted college students vs visually handicapped 14–19 yr olds, Netherlands, 2016
Sex Linked Hereditary Disorders [See Also Hemophilia]
gaze avoidance in social greeting behavior, mildly to severely mentally retarded male 12 yr olds & older with fragile X vs Down's syndrome vs nonspecific mental retardation, 22869
Sex Offenses [See Also Rape, Sexual Abuse]
application of psychological knowledge, police services for sex crimes, Hong Kong, 8282
assessment & counseling, adolescent sex offenders, Netherlands, 23790
assessment in outpatient treatment, male 13 yr old sex offenders, case report, 41095
characteristics & behavior & relation to exhibitionism, obscene phone callers, implications for treatment, 29722
clinical & actuarial variables, prediction of criminal behavior, adult male sexual offenders, 8800
clinical & legal aspects of monitoring sexual behavior & assault, hospitalized psychiatric patients, 27209
clinical assessment & treatment planning, male adolescent sexual offenders, 12184
cluster analysis of subtypes of rapists & child molesters, adjudicated male sexual offenders, 36799
cognitive behavioral program of relapse prevention, adults convicted of child molestation or rape, 34432
community interventions & strategies, sexual assault victims & their families, Southeast Asia, 2689
content analysis of erotic imagery, male & female offenders vs male sex offenders, 19320
demographic & background & diagnostic & personality characteristics, adult rapists vs child sex offenders vs nonsex offenders in military prison, treatment implications, 2979
descriptions of consenting sex vs rape vs nonsexual assault & arousability, sexual arousal & penile erections, 20–61 yr old inpatient male sexual offenders, 30859
descriptions of sex & violence with children, penile tumescence, heterosexual vs homosexual vs bisexual male child molesters vs low SES normal males vs nonsex offenders, 22744
development of computerized psychosexual assessment laboratory, diagnosis & treatment planning & outcome, convicted sex offenders, 50
diagnosis & treatment of sex offending behavior, drug & alcohol rehabilitation, males, 16956
emotional consequences of sexual victimization & discrimination, special populations of females, 33286
environmental & developmental experiences & origin & maintenance of sexual aggression, implications for treatment, 29736
erotic impact, partners from preferred vs nonpreferred age range & gender, heterosexual vs homosexual males vs sex offenders against physically mature females, 33271
ethical role in treatment of adolescent sex offenders, juvenile probation officers, 27360
feminist sociocultural model of sexual assault & addiction, male sex offenders, treatment implications, 15852
forcible sexual assault, development of PTSD with auditory hallucinations, 31 yr old male noncombat veteran, case report, 8740
history of delinquency & previous victimization, male juvenile sexual offenders, treatment implications, 26304
imaginal desensitization &/vs medroxyprogesterone, 16–50 yr old male sex offenders, 5885
incestuous sexual abuse & victimization of children, juvenile sex offenders, 1829
issues in community treatment, adult sex offenders, 34440
modified aversive behavioral rehearsal model, 19–63 yr old sex offenders, 30393
multifocused & time limited outpatient treatment program, male 18–48 yr old sex offenders convicted of nonviolent crimes not involving family members, 34439
occupational therapy, social skills training & behavior management & resocialization, 21 yr old male sex offender, 2884
offense characteristics & response style, self reported hostility, male sexual offenders, 26243
olfactory aversion technique, bisexual 17 yr old male with history of sexual aggression against male & female children, case report, 23323
personality differences, male sex offenders vs violent prisoners, 1782
psychiatric treatment approaches, insanity acquittees vs sexual vs alcohol abusing offenders, 2962
psychosocial & family & personal correlates, juvenile chronic violent vs sex offenders, 15841
questioning & testimony, victims of sexual vs physical assault, Canada, 15359
recidivism, sex offenders, literature review, correctional & preventive implications, 15923
rehabilitation programs & recidivism, sexual offenders, Norway, 20338
repeal of state law permitting hospitalization after conviction, rate of acquittal under insanity defense, sex offenders, 1281
reported instances of sexual intimacy between minor patients & previous therapists, psychologists, 27384
scientific evidence & theories & treatment, mentally retarded sex offenders, 33420

sensitivity & specificity of phallometric test for pedophilia & hebephilia, 18–55 yr old males accused of sexual offenses against male &/vs female minors vs female adults, 26236
serum testosterone & LH, adult nonviolent sex offenders, 15885
sex role identity & sexual & criminal history, male exhibitionists, Canada, 1812
sexual assault history, mental health & medical services use, adults, 27058
sexual violence & rape, victimized females, 1976, Sweden, 5462
traumatic responses, 5–17 yr olds who witnessed sexual assault of their mother, 19317
treatment approaches, male sex offenders, literature review, 34429
treatment during adolescence, sex offense relapse, 14–72 yr old male offenders, 37443
treatment issues & processes, adolescent sexual offenders, 13274
use of & age at exposure to pornography & age at & use of pornography during 1st masturbation experience, male sex offenders & paraphiliac & sexual dysfunction patients, 29439
use of hypnosis or nonhypnotic coercive tactics, alleged coercion for homosexual relations, male military officer & enlisted personnel, 1846
Sex Role Attitudes [See Also Sexism]
adherence to traditional gender role, counseling help seeking attitudes & behavior, male college students, 36340
age & academic performance & moral reasoning & traditional sex role attitudes, attitudes toward homosexuals, heterosexual college students, 15387
age & education & nuclear vs extended family structure, attitudes toward female's roles, adult males, Libya, 22260
age, sex role orientation, married male Air Force personnel, 10438
ambivalence toward women in etymological development of Chinese characters, implications for feminism, 21844
attitudes about stereotypically feminine vs masculine occupations encountered in real life vs on TV, 5th–6th graders, 1146
attitudes toward female roles, male vs female college students 18–24 vs 25 yrs old & older, 27642
attitudes toward females & self reported similarity to female managers following successful vs unsuccessful outcomes, male college students, 8386
attitudes toward sex typed & gender neutral occupations, 5th vs 8th vs 11th grade males vs females, 22019
attitudes toward women's familial roles, adult males vs females, 1977–85, US, 8305
beliefs about gender related adult roles & perceived gender differences in child's behavior, parents of 24–33 mo olds, England, 22277
bias in evaluation of sex stereotyped vs neutral jobs, college students, 3356
Cardiff Women's Training Roadshow in nontraditional careers, occupational stereotypes & choice, 12–18 yr old females, implications for career guidance, Wales, 38301
cognitive components in sex role development, attribution of sex role stereotypes, 27–63 mo olds, 29149
construct type & sex role socialization, sex differences in vocational structure, college students, 31343
construct validity of sex role ideology, college students, 8294
coping & sex stereotypes in death & bereavement in children's literature, 1970–83, 950
cross sex vs androgynous vs undifferentiated sex role orientation, sex role conflict, male vs female workers, 29284
cultural norms & female sex role attitudes & stereotypes, preoccupation with thinness & pursuit of beauty, females, 29311
decisions about gender appropriateness of sport, sex-typed vs androgynous vs undifferentiated female vs male college students, 4913
deep interruptions in conversation by males vs females, normative expectations & ratings of appropriateness, male vs female college students, 32785
demographic variables & sex role identity & attitudes & locus of control & achievement orientation & career choice reasons, female 17–25 yr old secretarial vs management students, Canada, 41405
depression & female stereotypes, 19–54 yr olds, analysis of gender role hypothesis, 29579
development of gender role stereotypes, Black vs White 4–6 yr old males vs females, test of cognitive developmental vs social learning vs interactive sex role models, 15139
development of Likert type scale, assessment of attitudes toward egalitarian traditional sex roles, college students, 21099
emotional dependency & independence & sex stereotyped assumptions, implications for females, 22284
emotional stereotyping & sex specific references in child-rearing manuals, parents, 1915–80, 32676
employment & marital status & age of children, perceptions of mothers, college students, 39864
estimation of parental attitudes & expectations for female achievement, bingeing & purging, female college students, 37150
female linked job title to evoke sex role stereotypes, job evaluation, trained college students, 20863
feminist perspectives on gender consciousness, modification of male breadwinner norm, male steelworkers & their spouses, Canada, 39872
feminist theory & sociocultural sex role attitudes, family systems theory & therapy, 9406
formation of sex role constructs about nontraditional vocations, Anglo & Hispanic K–5th graders, 11509
gender bias, long term vocational goals & immediate employment recommendations in simulated case studies, vocational rehabilitation graduate & college students, 20249
gender ideology & patterns of domestic labor, attitudes toward militancy & unionism, registered nurses, 37981
gender role attitudes, Black vs White females, 25802
gender role workshop, understanding of gender role socialization & stereotypes & conflicts, counselors & teachers & nurses, 1–2 yr followup, 19874
gender stereotypes & attributes, encoding & response to gender related behaviors, college students, 25819
gender stereotypes & sex & type of intergroup interactions, rating of own vs same vs opposite sex S on communication task performance, college students, 36389
gender stereotyping & attitudes toward alcohol drinking behavior, college students, 36377
group sex composition, perceptions of female instructors, college students, 24093
heterosexual vs homosexual orientation, perception of ideal male or female or self, college students, 36345
historical perspective on social & physical expectations & exercise prescriptions for different life phases, females, 25820
intellectual ability & attitudes toward military service & woman's role, prediction of performance in basic training, female 17–25 yr old soldiers, Israel, 10446
interparental conflict regarding family relations & methods of marriage & emancipation of females, Kuwaiti vs non-Kuwaiti parents, Kuwait, 8244
introductory gender studies course, sexist attitudes, male vs female college students, 17221
judgment of prototypical traits vs estimation of percentage of group members processing trait, assessment of sex & occupation stereotypes, college students, 25803
knowledge of child's gender, perception of male vs female infant during pregnancy vs after birth, pregnant females & their spouses, 11630
labeling as bodybuilder, perception of sex related characteristics & success in life & personality traits & physical attractiveness of females, college students, 17490
leader vs follower roles of husband vs wife, assignment of gender stereotype traits, college students, 15383
liberalism in judgment of gender role in occupation or task performance, male vs female 1st–12th graders, 29105
locus of control & sex role orientation, college students, 8414

marital role expectations & premarital relationship satisfaction, engaged couples, 1979–80 vs 1987, Australia, 18774
masculine vs unbiased generics in sentence completion, imagery & sex role perception, male vs female college students, 36341
mass media, sex role attitudes, incarcerated vs nonincarcerated adult males, implications for media as rehabilitation tool, 41097
maternal employment, family members' perceptions of actual vs ideal maternal roles, fathers & mothers & adolescent family members, 25722
moral approval of aggression & sex role identity, military officer trainees vs military service objectors vs females, 22410
nontraditional TV programing, gender role perception, kindergartners vs 2nd graders, 1986–87, 36171
occupational choice & gender role beliefs & background characteristics, work involvement plans, female college students in traditional vs nontraditional fields, 41401
occupational values, male vs female college students, sex role implications, 41395
Ottawa Board of Education program, sex role stereotyping, male vs female elementary school students, Canada, 7 yr study, 3157
Outward Bound program, bipolar & androgyny perspectives of masculinity & femininity, 16–37 yr olds, Australia, 35018
parental feminist attitudes, sex role attitudes & behaviors & self esteem, 4–6 yr olds, 15149
perception that high female achievement threatens Chicano males, psychological distress, female Mexican American college students, 15264
perceptions & attitudes & experiences of sexual harassment as reflection of ideology & consciousness, reporting of sexual harassment experiences, male vs female college students, 40247
perceptions of homogeneity & competence of ingroup vs outgroup in majority–minority contexts, male vs female university staff, England, 36395
perceptions of male vs female client's psychological maladjustment related to sex role stereotypes, male vs female psychologists, treatment implications, 26198
perceptions of male vs female mediators trained vs untrained in use of control oriented mediation strategies, male vs female college students, 36304
perceptions of spiritual health of adult, females vs males, priests & pastors, 11589
performance of & attitudes toward policewomen, civilians & male police officers & supervisors, 24358
personality & attitudinal factors, division of household labor & marital happiness, couples, Australia, 15275

facial decoding skill & level of antisociality, sexually stimulating effect of viewing photographs of distressed females in bondage, male college students, 11686
gender dysphoria & sexual responses to cross dressing, heterosexual males, implications for revision of diagnostic criteria, 4901
information on arousal level & sex of normative reference group prior to sexually explicit story, self reported sexual arousal, male vs female college students, 25815
menstrual cycle & related body temperature change & sexual desire, 19–44 yr old females, 18200
nocturnal penile tumescence & erotic videotapes, 30–70 yr old males with erectile difficulties, 16265
nocturnal penile tumescence, depressed outpatients, 5344
paired vs unpaired CS-UCS, sexual performance, noncopulating male rats, 14521
penile circumference response to audiotaped mutually consenting sexual vs rape episodes, French speaking rapists vs nonrapists, Canada, 5389
performance related vs neutral distraction, sexual arousal, 23–54 yr old sexually functional vs dysfunctional males, 40345
photos of nude 3–24 yr old males vs females & descriptions of intrusive & coercive sexual interactions between male child & adult, erectile responses, male molesters of male children vs nonoffenders, 5440
pupillometric assessment of arousal to various sexual stimuli, college students, implications for sexual preference research, 39136
relaxation training & Kegel exercises & practice in urinary control, 32 yr old female with urinary urgency associated with sexual arousal, case report, 12776
reliability & validity & factor analysis of Sexual Arousability Index, sexually active 22–65 yr old females with vs without gynecologic disease, 4 & 8 & 12 mo followup, 24564
sc administration of NK-3 tachykinin receptor agonist senketide, yawning & sexual arousal & chewing mouth movements, male rats, 14943
self reported central sexual arousal without objective vaginal arousal, 19 yr old female, 36351
sexual maturity vs age criterion, reliability of penile plethysmograph evaluations of response to deviant & nondeviant sexual stimuli, males, implications for treatment of sex offenders, 12125
sexuality attitudes, arousal in response to & retention of contraceptive instruction, female college students, 4908
summation model of classical conditioning, assessment of sexual arousal in partial fetishism, 26 yr old male outpatient, case report, 33295

testosterone, young vs old male rhesus monkeys with low sexual activity levels, 14921
well being & sexual interest during menstrual cycle, females who were current vs previous users vs nonusers of oral contraceptives, 28699
Sexual Attitudes
age, attitudes toward adultery, female vs male 22–83 yr olds, 18844
application of own fetishism to clinical practice, psychotherapist, 30295
approach or avoidance tendency to social information on birth control vs values vs education, sexual attitudes, college students, 39868
attitudes & experiences of menarche & menstruation & sexuality, female 19–50 yr old psychiatric patients in expressive group therapy vs graduate students & professionals, 12728
attitudes toward & knowledge about sexuality, medical nurses & nursing students, 13429
attitudes toward & perception of sexuality of elderly, Middle Ages, Europe, 29285
attitudes toward & use of sexually explicit materials, adult females, 11688
attitudes toward adultery & social conventions governing sexual behavior, Hong Kong, 8298
attitudes toward extramarital relations & homosexuality & adolescent heterosexuality & AIDS, French speaking adults, Canada, 33509
attitudes toward extrapremarital intercourse, college students in unmarried bonded pair, 11690
attitudes toward sex & sexual behavior, appreciation of sex humor, college students, 22282
behaviors to initiate & maintain supportive communication & level of specificity of information & personal attitudes, discussions with children about sex, 22–57 yr old mothers, 36287
belief in Zilbergeld's myths, sexual dysfunction, 22–65 yr old males, 29854
beliefs & knowledge regarding sexuality & contraception, inner city female vs male Black vs Hispanic adolescents, 8156
chronological & theoretical birth order, sexual attitudes & behavior, college students, 36334
cognitive developmental model of sexual behavior understanding, development of & associations between sexual attitudes & behavior, male vs female college students, Canada, 15168
college experience participation in sex education class, autoerotic attitudes & practices, male vs female college students, 2 yr followup, 20460
community based sex education program, incidence of sexual activity & contraceptive use & sexual decision making, 13–18 yr olds, 37698
condoms with instructions on use in sensuous foreplay, attitudes toward condoms, heterosexual couples, 36368
conservatism & religiosity & security & attitudes toward premarital sex, virgin vs nonvirgin 19–23 yr old females, India, 18848
construct validity of Sexual Attitude Scale, measurement of sexual ideology related to sexual experience & religiosity & political orientation, college students, 35197
construction & reliability & validity of Sexuality Scale, assessment of sexual esteem & depression & preoccupation, college students, 35192
contraceptive responsibility vs irresponsibility, sexual attitudes & values & knowledge, Black inner city 9th graders, 18686
demographic & family background factors & religious beliefs, sexual attitudes & behavior, 15–18 yr olds, 11503
development & criterion & content validity of subscales for Sexual Attitudes Scale, college students, 35137
development & reliability & validity of sexual irrationality questionnaire, assessment of beliefs contributory to sexual problems & intimacy difficulties, college students, sex therapy implications, 17598
development & validity & reliability of sexual activity & homosexual vs heterosexual preference questionnaire, males vs females, 10625
development & validity & reliability of Attitudes Toward Sexuality Scale, measurement & comparison of age differences in sexual attitudes, 12–20 yr olds & their parents, 10585
diversity of & responses to childhood sexual experiences, college students, 12134
early vs late onset physical disability, self concept & sexual knowledge & attitudes & experiences & parent support, college females, 9029
educational program on sexually transmitted diseases, attitudes & knowledge & sexual behavior, 7th–12th graders, 20496
family sexual communication level, sexual attitudes & behavior, college students living with parents vs away from home, 11682
family strengths, sexual attitudes & knowledge, female college students, 18851
impact of practitioner values on treatment, 16 yr old sexually active female & social worker, 40940
individual difference & situational & general coping variables, reactions to unwanted sexual episodes, female college students, 33327
inhibitions & homosexuality & lovemaps & emotional buffering & sexual fantasies & response & hypophilia & paraphilia & other issues in sexuality, adults, 29309
instrumentality & expressiveness, sexual behavior & attitudes, male vs female college students, 15388
knowledge of & attributes toward sexuality & birth control responsibility, Black inner city 9th graders, 25634
mass media exposure, sexual attitudes & behavior, male vs female college students, 1321
parental educational background, educational aspirations & plans & sexual attitudes & behavior, 15–18 yr olds, 18674
positive vs negative feelings about sex, sexual knowledge & willingness to treat patients with sexual concerns & participation in an elective sex education course, 2nd yr medical students, 9949
prevalence of pregnancy & contraceptive use & sexual attitudes & behaviors, male vs female 13–19 yr olds, Guatemala, implications for prevention, 39598
prolonged exposure to films varying in sexual explicitness & violence toward females, rape attitudes & sexual objectification of females, male college students, 8815
questionnaire measure of sexual interest & classification of sexual dysfunction, heterosexual patients & their partners, 30044
relativistic vs nonrelativistic vs idealistic moral outlook, attitudes about proscribed forms of sexual behavior, college students, 29423
restraining or constraining belief systems, couples dealing with sexual issues in therapy, 23288
SES & acculturation & religiosity, reproductive attitudes & behavior, Mexican American females, 1298
sex & age & personal relevance of target, premarital sexual standards, college students, 36364
sex & sexual attitudes & experience & guilt, sexual fantasy patterns, college students, 18840
sex & sexual orientation & attitudes toward sexual behavior, sexual activity, 18–76 yr olds, 36350
sex education & therapy model, sexual exploration & growth, lesbian therapists & their lesbian clients, 26782
sex guilt & sexual experience & religiosity, content & explicitness of written sexual fantasies, male vs female college students, 29289
sex knowledge & attitudes, Chinese medical students, Hong Kong, 13306
sexual attitudes & behavior & contraceptive use, 18–36 yr old White females, 1940s vs 1980s, 11707
sexual attitudes & behaviors, college freshmen, 1972 vs 1983 vs 1987, 39856
sexual attitudes & behaviors, college students, 1940s–80s, conference presentation, 31145

sexual attitudes as expressed in art & literature in different cultures & throughout history, 11681
sexual attitudes, sexual vs nonsexual anatomical features & length & width measurements in nude human figures drawing, college students, 5071
sexual attitudes, spinal cord injured adults, 16193
sexual behavior & philosophies & relationships with partner & parent & drug & alcohol usage & attitudes toward marriage & abortion, college students, 1974 vs 1979 vs 1986, 34692
sexual behaviors & attitudes & provision of social welfare services, 13 & 15 & 17 yr olds, Finland, 30675
sexual conservatism or liberalism & proceptivity & rejection strategies, college females, Canada vs US, 36356
sexual double standard & miscommunication & interactions of social behaviors, males vs females, implications for prevention of rape, 25813
sexual dysfunctions & value dilemmas, sexual health of family, infertile couples & their families, 1971
sexual experience & attitudes & use of contraception, unmarried college students, Israel, 11689
sexual history & attitudes & functioning, obsessive compulsive 19–52 yr olds, 40101
sexual interest in children & responses to questions theoretically relevant to pedophilia, male college students, 36735
sexual needs & freedom vs societal response & perspectives, geriatric patients in long term care institutions, implications for policy changes, 34281
sexual values & attitudes, White vs Black vs Hispanic vs other ethnic group adolescents, 8107
sexuality attitudes, arousal in response to & retention of contraceptive instruction, female college students, 4908
support of nonabusing parents & others, adjustment to childhood sexual abuse & attitudes toward males, adult females, 1852
therapist attitude & treatment issues, clients with unusual sexual behavior, 30146
well being & sexual interest during menstrual cycle, females who were current vs previous users vs nonusers of oral contraceptives, 28699
1st date vs long term dating vs marriage, violation of consent to kissing, male vs female college students, 29299
Sexual Behavior [See Psychosexual Behavior]
Sexual Delinquency [See Promiscuity]
Sexual Development
age of sexual maturation, spatial ability, adults, 39527
amount of postweaning interaction with females, semen production & sexual performance, yearling rams, 3986
antibody to nerve growth factor injection to cerebral lateral ventricle & estrogen-progesterone, testosterone induced defeminization & lordosis & hypothalamus morphology, ovariectomized rats, 25153
breast vs pubic hair growth vs height, body image & peer relations & adjustment & perceptions of adult roles, 9–11 yr old females, 4556
dose of tamoxifen, reproductive maturation & traits & behavior, male chicks, 39385
early vs late prenatal exposure to testosterone, social behavioral & genital masculinization, androgenized female rhesus macaques, 25229
levels of testosterone & FSH in midgestation amniotic fluid, sexual differentiation of brain, fetuses of female 35–40 yr olds, implications for study of postnatal development, 25385
living with family vs paired with male vs in isolation, fertility & sociosexual behavior & scent marking & hormone levels & ovulation, female tamarins, 7621
neonatal androgens & estradiol & progesterone, feminine sexual behavior & sexual orientation, castrated male rats, 21782
neonatal isolation, milk production & social dominance & reproductive maturation & socialization to humans & hypothalamo-hypophyseal-adrenal axis function, dairy cattle, 28466
parental physical abuse, sexual orientation, heterosexual vs gay male college students, 40230
periodic table model of gender transpositions & biobehavioral masculinization & defeminization, 36357
prenatal &/vs neonatal exposure to oil vs testosterone propionate, lordotic behavior & estrous patterns, female rats, 11239
preweaning stimulation with urinary chemosignals, age of sexual maturation, female mice, 393
progressive & genital muscle relaxation therapy & systematic desensitization, late pubescence & aversion to sex & nudity, married 17 yr old female, India, case report, 37426
proportion of urine from male vs estrous vs pregnant vs lactating female, acceleration vs delay of first vaginal estrus in young females, mice, 842
proximity to males in utero, rate of sexual development, female Mongolian gerbils & their daughters, 392
sexual differentiation in sexually dimorphic nucleus of preoptic area, postmortem brains of males & females from fetal week 22 through 93 yrs old, implications for etiology of male homosexuality, 21556
sexual maturity vs age criterion, reliability of penile plethysmograph evaluations of response to deviant & nondeviant sexual stimuli, males, implications for treatment of sex offenders, 12125
testosterone replacement therapy, sexual maturation & aggressive sexual behavior, 31 yr old male with 48 XXYY karyotype variant of Klinefelter's syndrome, case report, 23455
Sexual Deviations [See Also Exhibitionism, Fetishism, Incest, Pedophilia, Sexual Masochism, Sexual Sadism, Transsexualism, Transvestism, Voyeurism]
audiotaped narrations of consenting sex vs sexual & physical assault with vs without alcohol, penile circumference response, high vs low IQ adult male rapists, 22772
behavioral intervention, nonconsenting bisexual aggression & intercourse or fondling, 22 yr old male with severe mental retardation & behavior disorders, case report, 33972
cyproterone or medroxyprogesterone acetate & other psychopharmacological therapies, male sexually deviant behavior, 2511
definition & etiology & treatment of sexual compulsivity, chemically dependent individuals & their families, 16947
epidemiology & characteristics of accidental death by sexual asphyxia, male 13–20 yr olds, 12187
etiology & DSM-III classification of paraphilias including masochism & relation to opponent process theory & antiandrogen therapy, 36782
female telephone perversion, urogenital infections caused by urinary retention as sadomasochistic perversion, 20 yr old heterosexual female analysand, 33845
incidence of asphyxiophilia, Scandinavia, implications for mortality rate estimation, 40233
institutional environment & motives for coprophilia, mentally retarded 26 yr old male, case report, 33408
integrated cognitive behavioral & focused psychodynamic treatments using sexual fantasies, paraphiliac 42 yr old male, 5976
intrusive fantasy life, serial sexual murderers, 36793
lack of concomitant exhibitionism or other sexually deviant behaviors, 23–29 yr old males charged with making obscene telephone calls, 8778
lithium carbonate & psychotherapy, male 26 yr old with autoerotic asphyxia, case report, 33687
psychoanalytic perspective, homosexuality as sexual perversion & possible etiologies, males, 1849
scopophilia, 49 yr old female in psychoanalysis, 40640
sexual maturity vs age criterion, reliability of penile plethysmograph evaluations of response to deviant & nondeviant sexual stimuli, males, implications for treatment of sex offenders, 12125
sexual perversion aspects of bulimia & anorexia, 5604
therapist attitude & treatment issues, clients with unusual sexual behavior, 30146

etiology & treatment, elderly with sexual dysfunction, 33701
etiology & treatment of sexual dysfunctions, homosexual males, 12606
etiology of dyspareunia & pelvic pain without pathology, implications for treatment, 30566
evaluation of treatment package, females with history of sexual victimization in childhood & sexual dysfunctions in adulthood, 5863
exhibitionistic perversion, 32 yr old male with spinal cord injury & complete paraplegia & erectile dysfunction & anorgasmia, case report, 33498
expectations for primary care physician to diagnose & treat sexual problems, female patients, 16737
factor structure & test retest reliability & construct & concurrent validity of Brief Sexual Function Questionnaire for Men, depressed vs impotent males, 14162
female surrogate assisted sex therapy, sexual function disturbances, males, 1970–80, 12561
feminist critique of phallocratic model of sex therapy & research methodology, males with erectile dysfunction, 26650
feminist views on DSM-III as classification norm for sexual problems, females, 26658
heterocyclic antidepressants & MAO inhibitors & benzodiazepines & neuroleptics, inhibited orgasms, females, implications for possible mechanisms of action, 6192
hypnotic techniques, sexual dysfunction & sexual enrichment, 2578
inhibited sexual desire & eating disorders, females, 26563
interaction with & attitudes toward computerized sex therapy, college students, 33679
intrapersonal & interpersonal pressures, sexual difficulties, adults with multiple sclerosis, 29861
issues & problems in analytical approach, heavily defended obsessional thought patterns, male 28 yr old with travel phobia & 26 yr old with sexual problems, 40624
logical & factual sex bias, diagnosis of primary orgasmic disorders by DSM-III & W. H. Masters & V. E. Johnson, females, commentary, 33521
low sexual frequency due to lack of interest vs active phobic aversion, couples, treatment implications, 12422
male vs female sexual function disturbances, marital distress, couples, 9185
Masters & Johnson's vs DSM-III-R, diagnostic criterion for & incidence of primary orgasmic dysfunction, females, 12528
mathematical taxonomy of subtypes of anorgasmia, adult females, 29909
motivation for premature termination of treatment, couples with sexual dysfunction in female partner, 2241
multidisciplinary approach to assessment & etiology of erectile dysfunction, males with diabetes mellitus, 33596
nocturnal penile tumescence & erotic videotapes, 30–70 yr old males with erectile difficulties, 16265
nocturnal penile tumescence method, diagnosis of erectile disorders, literature review, 12493
partner relation therapy program, couples with low sexual desire, 23294
patient profile of sexual dysfunction training clinic, couples, 1972–87, 12607
performance related vs neutral distraction, sexual arousal, 23–54 yr old sexually functional vs dysfunctional males, 40345
pituitary & gonadal hormones, nocturnal penile tumescence during sleep, physically healthy males with hypoactive sexual desire, 12494
prevalence & severity of sleep apnea, middle aged males with treated vs untreated hypertension with vs without erectile dysfunction, 40421
prevalence of sexual dysfunction, 20 yr olds & older with hypertension, 2107
problems of sexual dysfunction, adults with multiple sclerosis, 29862
psychometric evaluation, 50–70 yr old males with organic &/vs psychogenic sexual complaints, conference presentation, 12382
questionnaire measure of sexual interest & classification of sexual dysfunction, heterosexual patients & their partners, 30044
radiotherapy &/vs surgery, sexual functioning, 26–65 yr old female cervix carcinoma patients, Hong Kong, 23522
reliability & validity of Sexual Interaction Inventory, assessment of sexual satisfaction, couples in which 29–68 yr old males had secondary erectile dysfunction, 17606
screening for alcoholism, sexual dysfunction patients, implications for psychiatric & medical staff training, conference presentation, 29927
self consciousness & self monitoring technique, erectile dysfunction, human males, 12575
sex bias, diagnosis of primary orgasmic dysfunction by DSM-III vs W. H. Masters & V. E. Johnson, commentary, 16178
sex bias, diagnosis of primary orgasmic dysfunction by DSM-III vs W. H. Masters & V. E. Johnson, commentary reply, 16255
sex counseling & patient sexual problems, family practice physicians & residents, 16724

sex therapy issues, early experience of intrafamily sexual abuse, couple in therapy for sexual dysfunction, 26750
sex therapy, sexual problems, 22–69 yr old females with interstitial cystitis, 26721
sexual abuse & negative outcomes of sexual experiences & homosexuality, nurses recovering from chemical dependency vs nondependent nurses, 23902
sexual avoidance & intrapsychic barriers to emotional closeness & panic disorder, couples & spouses, 9093
sexual dysfunction, cocaine & alcohol abusing males, neurochemical implications, conference presentation, 15910
sexual dysfunction type & marital status & referral source & therapy outcome, Asian vs non-Asian couples, 1981–85, 12545
sexual fantasy & counseling & communication & sensate focus home assignments in therapy, secondary orgasmic dysfunction, 29 yr old female & husband, case report, 30329
sexual function disturbances as side effect of antidepressants & MAO inhibitors & neuroleptics & benzodiazepines, 27010
sexual function disturbances, diabetic females, literature review, 12471
sexual identity & function & problems, 18–78 yr old patients attending family practice center, 16754
sexual notation strategy, recording of sexual activity in clinical applications, couples with sexual dysfunctions, 37647
sexual pressure from female partner, sexual performance dysfunction, masculine vs nonmasculine sex typed vs androgynous vs nonandrogynous college & graduate students, 36363
sexual relativity frame of reference, diagnosis & treatment of sexual problems, hetereosexual couples, 26700
specific components in etiology & assessment & treatment of sexual dysfunctions, males, 9104
specificity in diagnosis & treatment of orgasm phase dysfunction, 28–64 yr old males with multiple sclerosis referred for erectile dysfunction, 37144
systemic strategies in integrated sex therapy, married couple with sexual problems, 40708
testosterone & estradiol & progesterone & prolactin levels, sexual desire, female 27–39 yr olds with hypoactive sexual desire disorder, 40496
trazodone induced anorgasmia, 60 yr old female, case report, 30460
type of problem & treatment & outcomes, patients referred to clinic for sexual problems, 3 yr study, 2237
use of & age at exposure to pornography & age at & use of pornography during 1st masturbation experience, male sex offenders & paraphiliac & sexual dysfunction patients, 29439

Sexual Harassment
attractive vs average looking target of remarks by student vs professor, perception of sexual harassment, female vs male college students, 15393
experience of & reactions to sexual harassment & rape, 19–50 yr old females, 33292
experiences of sexual harassment, college students at small university, 40246
experiences with & responses to sexual harassment by faculty, graduate students, 22731
hierarchical legal model, determinants of culpability in alleged sexual harassment cases,college students, 1843
lack of concomitant exhibitionism or other sexually deviant behaviors, 23–29 yr old males charged with making obscene telephone calls, 8778
perception of severity & type of sexual harassment, male vs female college students vs working females, 26309
perceptions & attitudes & experiences of sexual harassment as reflection of ideology & consciousness, reporting of sexual harassment experiences, male vs female college students, 40247
responses to hypothetical experience of sexual harrassment, male vs female undergraduate management students, 24112
role of investigative psychotherapy in sexual harassment counseling, self blame & depression & self esteem, implications for psychosocial nursing theory, 5986
scope & nature of sexual harassment & victim & perpetrator characteristics, male vs female nurses, 37983
sexual harassment experiences, fear of crime & victimization, 16–55 yr old females, 1805
social & sexual interaction with female students, 27–70 yr old male faculty, 23935

Sexual Intercourse (Human) [See Also Dyspareunia, Extramarital Intercourse, Incest, Premarital Intercourse, Rape]
attitudes toward pregame sex & its effect on athletic performance, coaches, 13985
coital alignment technique, female & mutual orgasmic response, males & females, 12569
collaborative behavioral & psychodynamic marital & sexual treatment approach, unconsummated marriage, couples, 12555
community based sex education program, incidence of sexual activity & contraceptive use & sexual decision making, 13–18 yr olds, 37698
condoms with instructions on use in sensuous foreplay, attitudes toward condoms, heterosexual couples, 36368
demographic characteristics & sexual experience, adolescents who reported lying on sexual intercourse survey 2 yrs earlier, 15197
disinhibition & impulsivity, prediction of sexual intercourse & contraceptive use, male vs female 12–18 yr olds, test of risk taking model, 15227
drug abuse & AIDS related high risk sexual behavior, 34 & 37 yr old males, 1861
life events & demographic characteristics & family background, timing of transition to 1st sexual intercourse, Black female 15–19 yr olds, 15185
rates of sexual intercourse & pregnancy & live birth & abortion, Mexican American vs White 13–19 yr old females, 36108
role of oxytocin in coital physiology, males & females, 11083
satisfying heterosexual relationship, genetic females reared as males with adrenocortical hyperplasia & male with anorchia, 12523
social & biological motivation & social control & attractiveness, initiation of coitus, 11–17 yr olds, 1138
support for criminalizing forced marital intercourse, adults, 12188
words used in private conversation with spouse or lover for genitalia & act of copulation, male vs female college students in human sexuality course, 32734
1st sexual intercourse, later sexual functioning concerns & trends, male vs female college students, 15181

Sexual Masochism
demographic characteristics & sexual behavior & self perceptions, sadomasochistic adults, 36785
etiology & DSM-III classification of paraphilias including masochism & relation to opponent process theory & antiandrogen therapy, 36782
patterns of masochism including pain & humiliation reflecting cultural stereotypes of femininity & masculinity, male vs female writers of anonymous letters to sex oriented magazines, 36332

Sexual Receptivity (Animal) [See Animal Sexual Receptivity]
Sexual Reproduction [See Also Fertility]
age & sex of deceased children, intensity of grief, British Columbian parents vs Kung Bushwomen of high vs moderate vs low reproductive value, 39950
Darwinian anthropology & evolutional psychology & theory of natural selection & psychological vs behavioral level of adaptation & reproductive success, 25708
demographic characteristics & reproductive performance & bridewealth payments, married Kipsigia females, Kenya, 1940–73, 36286
early social experience, sexual & maternal competence, captive gorillas, 24962

evolutionary theory of r/K reproductive strategies & sexual characterisitics, personality & sexual behavior, Asians vs Whites vs Blacks, commentary reply, 32747
evolutionary theory of r/K reproductive strategies & sexual characteristics, personality & sexual behavior, Asians vs Whites vs Blacks, commentary, 32739
evolutionary theory of r/K reproductive strategies & sexual characteristics, personality & sexual behavior, Blacks vs Whites vs Asians, commentary, 32740
evolutionary theory of r/K reproductive strategies & sexual characteristics, personality & sexual behavior, Blacks vs Asians vs Whites, commentary reply, 32748
gestation vs lactation vs postlactation stage, diurnal body temperature & drinking & activity levels, female rats, 4184
perception of resource quantity, reproductive decision making & fertility & marriage systems, Africa, implications for evolutionary ecology, 25726
prenatal heat & restraint stress, aggression & reproduction & spontaneous parental behavior & nest building & lactation performance, female mice, 747
r-selected vs K-selected approach to reproduction rate & offspring care, victimful criminal behavior, 12119
reproductive suppression & kin selection & parental manipulation, anorexia nervosa as adaptive reproductive strategy, females, literature review, 40522
sex & reproductive status & enclosure, time budget of behavior, Przewalski horses, 21410
sociobiological factors & continuum of reproductive strategies in dizygotic & monozygotic multiple birthing, humans, 7633

Sexual Sadism

demographic characteristics & sexual behavior & self perceptions, sadomasochistic adults, 36785

Sexuality

age, sexual adaptation to loss of spouse, 40–89 yr old widows, 8304
anandron, sexuality & aggression & mood, presurgical male-to-female transsexual 19–33 yr olds, Netherlands, 40811
approaches based on human sexuality & symbolic & narrative content, analysis of Norse mythology, 35970
attitudes about sexuality of students, teachers of mildly mentally retarded secondary students, 13446
attitudes toward & knowledge about sexuality, medical nurses & nursing students, 13429
bogus counselor's record including physical attractiveness & GPA & drinking patterns of female student, inferences about sexuality & personality, college students, 36438
breast feeding duration, postpartum sexuality & mood, females, Scotland, 11605
classification of sex & sexual behavior, expansion & application of research exchange theory, 8302
community wellness program on sexuality & aging, sexuality as component of occupational behavior, 16914
conceptual model using scripting perspective & subjective expected utility theory, development & expression of sexuality & heterosexual masculinity, adolescent males, literature review, 15190
contemporary view of adolescent sexuality, sexually active 17.8 yr old male, 22040
critical issues in advancement of sexual science, 32743
definition of sexuality, 36339
dependent character solution as defense against dangers of devaluation & sexualization, anorexia & bulimia, females, 29941
differences in knowledge or class or sexuality, personal & interpersonal struggles, faculty & students in feminist classrooms, 31157
eclectic treatment model, shame & intimacy & sexuality, 16336
educational materials for promotion of child sexual health by parents, health professionals, 23304
evaluation of human sexuality & family planning training program, knowledge & skills, human service professionals, 9982
feminist sexual ectasy model of sexuality for sex research & therapy, females, 26730
friendship & love & sexuality in relationship, gay males, 22264
hospital environment, conception & inhibition of sexuality, 19–97 yr old males in long term care, 34292
hypnotic techniques, sexual dysfunction & sexual enrichment, 2578
inhibitions & homosexuality & lovemaps & emotional buffering & sexual fantasies & response & hypophilia & paraphilia & other issues in sexuality, adults, 29309
inservice sexuality education for treatment of child sexual abuse, child welfare workers, 41123
issues regarding adolescent sexuality & childbearing, literature review, social work implications, 39611
Jungian archetypal experience & W. R. Bion's beta & alpha elements theory, bisexual & homosexual males, 1306
liaisons with married males, exploration of sexuality & gender norms, unmarried female adults, 22279
menstrual histories & gynecological surgeries & menopausal symptoms & sexuality, 40–66 yr old females, Sweden, 22271
myths & misconceptions concerning sexual interests & abilities, elderly, 4781
parental concerns about student sexuality & sexually transmitted diseases & homosexuality, college students & parents, implications for university policy, 17212
physical contact & sexuality in psychotherapy, 33770
physical vs sexual abuse, aggression & sexuality, children, 22706
portrayal of racial & sexual otherness in 1934 vs 1959 versions of "Imitation of Life", Black females, 29011
positive vs negative feelings about sex, sexual knowledge & willingness to treat patients with sexual concerns & participation in an elective sex education course, 2nd yr medical students, 9949
psychological & biological aspects of sexuality & spirituality, 8220
psychosexual aspects of anorexia nervosa & bulimia nervosa, literature review, 29894
psychosocial & biological aspects of sexuality, perimenopausal & postmenopausal females, literature review, 18845
return to primal scene imagery & negation of sexuality in film "Aliens", 25366
sexual aspects of sexual abuse, children & adolescents, clinical implications, 19288
sexual behavior & sexuality, married females with incest history, 22767
sexual difference & enunciation in A. Resnais's film "Last Year at Marienbad", 29016
sexual difficulties & literature parallels, multiply handicapped male & severely retarded female adolescents, 26006
sexual interest & behavior, male vs female healthy 80–102 yr olds, 8167
sexual issues & therapeutic interaction, disabled female clients, 26692
sexual relativity frame of reference, diagnosis & treatment of sexual problems, hetereosexual couples, 26700
sexual symbolism in language of Freud & W. Shakespeare, 15005
sexuality in rehabilitation process, patients with spinal cord injuries, 9856
sexuality issues in treatment, chemically dependent females, 16988
target sex & alcoholic content of beverage & drink payment arrangement, perceived sexuality & interpersonal characteristics, male vs female college students, 18855
use of power & avoidance in intimate social relationships & endorsement of stereotypes about male sexuality, male vs female college students, 22347
utility of control theory & sex education, sexuality & pregnancy, adolescents, 2732
voice & body & representation & gender & power in films "Diva" & "Thriller", 29019
1st vs 2nd pregnancy, marital sexuality & happiness, husbands vs wives assessed before vs during vs after pregnancies, 18767

Sexually Transmitted Diseases [See Venereal Diseases]
Shamanism
anthropological research bias & shamanism, 36249
creative arts therapies & shamanism as therapeutic system, 26739
cross cultural & multidisciplinary perspective on shamanism & altered states of consciousness, 36235
cross cultural definitions & typologies of trance vs shamanism in anthropology, 36232
cross cultural typologies of trance practitioners engaged in healing, 36260
drama & creative arts therapies & shamanic tradition of healing, commentary, 26706
epistemological accessibility of shamanic state of trance, 36259
healing strategies, personal misfortunes, shaman, Korea, 18750
implicit paradigms in psychiatric use of psychedelic drugs vs shamanistic use of psychedeliclike plants, 37482
Jung's work as exposition of Western shaminism, 36253
modern shamanism & transpersonal orientation of drama therapy, 16397
music therapy & holistic & shamanic tradition of healing, 26727
Pentocostal church faith healing as shamanic environment, relief of psychosocial stress & prevention of psychosomatic illness, 11583
psi ability, token object reading & psychokinetic influence on plant germination & protection of seeds from saline effects, shamans, India, 10508
psychoactive drug usage & shamanistic-mystical & psychospiritual strategies, 63 yr old male shamanistic healer, Peru, 37492
shamanic complex & archetype in Jung's life & work, 38562
shamanism & creative arts therapies, commentary, 26723
shamanism & healing traditions in expressive arts therapies, patients, 26718
shamanism & initiation of healing relationships, implications for psychotherapy, 19823
shamanism & music & other creative arts therapies, commentary reply, 26728
shamanism as metaphor for individuation in Jungian analysis, 18947
shaminism vs possession trance states of consciousness, psychobiology, literature review, 36261
social continuity of spirit possessions & trances in families & personal & social identity, Malagasy speaking families, Mayotte, 22139
Shame [See Guilt]
Shape Perception [See Form and Shape Perception]
Shared Paranoid Disorder [See Folie A Deux]
Sharing (Social Behavior)
cognitions of fractions & partitioning in sharing of discrete & continuous quantities & anticipatory strategies, 3.3–5.2 yr olds, Australia, 7985
concern about exposure to AIDS, continued needle sharing, iv drug users, public policy & intervention implications, 1780
development of ability to share sets of blocks equally & to infer equivalence of cardinal value of 2 shared sets, 3.9–6.1 yr olds, England, 29057
generosity, 4.5–4.9 yr old males, 8145
HIV infection, change in needle sharing & sexual behavior, iv heroin addicted adults, 1 yr followup, 8912
knowledge about risk of AIDS, attitudes toward & changes in needle sharing behavior, iv drug users, 1876
knowledge of AIDS associated risks, syringe & needle sharing, iv drug users, Great Britain, 1903
needle sharing behaviors, Mexican American iv drug users, implications for AIDS prevention, 1888
self concept & prosocial behaviors including sharing & helping & cooperation during free play, male vs female 4–5 yr olds in day care, 39609
syringe-exchange schemes, knowledge & self assessment of risk for HIV transmission, drug abusers, England & Scotland, 19628
turn allocation in lessons with 3rd graders, teachers, US vs Puerto Rico, 41239
Sheltered Workshops
competitive vs sheltered workshop employment, changes in quality of life, mentally retarded 19–32 yr olds, 13202
employment specialist strategies, independent job performance, handicapped employees in supported employment, 20259
group incidental training in work setting, use of social amenities, mentally retarded 22–66 yr olds, 6498
model for teaching self management to employees with severe disabilities in supported employment settings, job coaches, 37855
neuropsychological functioning, adult psychiatric patients in hospital sheltered workshop vs industrial therapy vs vocational rehabilitation programs, 6470
professional apprenticeship, vocational rehabilitation, psychiatric patients, Belgium, conference presentation, 20230
self instructional training package, on task behavior, mildly or moderately mentally retarded 21–30 yr olds employed in sheltered workshop, 37851
sheltered workshop within operating-for-profit business, recovering mental patients, 2870
staff supervision &/vs self management strategies, work productivity, 20–48 yr old educable or trainable mentally retarded workers in sheltered workshop, 30803
systematic physical fitness programs, cardiovascular endurance & flexibility & body composition & muscular endurance & strength, mentally retarded 20–39 yr olds in sheltered workshops, 9851
task type, gestural vs physical guidance prompts, moderately or severely mentally retarded adult employees of sheltered workshop, 13200
thioridazine & withdrawal dyskinesias, workshop performance, institutionalized mentally retarded 14–26 yr olds, retraction, 30413
Shifts (Workday) [See Workday Shifts]
Shock
acute footshock, plasma epinephrine & norepinephrine & blood glucose, alloxan or streptozotocin diabetic rats, 35737
age, infused sucrose solution & footshock conditioned aversion, 5–15 day old rats, 11133
annoyance during anagram task vs outperformance by confederate during association task, use of shocks as displaced aggression, female college students, test of impression management hypothesis, 36414
avoidance of electrodermal stimulation, temporal parameters of defensive instrumental act, rabbits, 31914
bilateral lesions of central nucleus of amygdala, sensitization of auditory startle to footshock, rats, 39221
chlordiazepoxide & controllable vs uncontrollable shock, nociception & contextual fear, rats, 7784
chlordiazepoxide, lithium chloride vs shock based taste aversion, rats, 14838
chlordiazepoxide vs buspirone, behavior in shock-probe/burying test for anxiolytics, male rats, 18460
chronic inescapable vs escapable shock with signaled shock free periods, subsequent shock escape response learning, male rats, 7802
conditioned opioid analgesia, shock induced associative UCS preexposure deficit, rats, 21382
conditioned signal for shock, respiration amplitude & rate & heart rate, cats & kittens, implications for fear research, 7799
constant stimuli & footshock, jump thresholds during sexual receptivity vs nonreceptivity, female rats, 7790
CS information value, electrodermal conditioning, college students, 21304
d-amphetamine vs neophobia vs mild shock, chlordiazepoxide induced water drinking, water deprived male rats, 28971
daily cocaine vs footshock stress, acute footshock or sham shock induced mesocorticolimbic concentration of dopamine & its metabolites, male rats, 35710

deoxycorticosterone, aggressive defensive behavior in response to shock, rats, 32283
electroshock following avoidance training, memory & dendritic spine density in intermediate medial hyperstriatum ventrale, 1 day old chicks, 18256
epinephrine & footshock, adrenergic receptor mediation of blood glucose, male rats, conference presentation, 7824
escapable vs inescapable low intensity shock, long term potentiation in hippocampus, rats, 35740
escapable vs inescapable shock, learned helplessness in shuttlebox escape task, cockroaches, 18204
escapable vs inescapable shock, subsequent aggressive & defensive behavior, cockroaches, 25155
ethanol & shock vs corticotropin releasing factor, ACTH & beta endorphin secretion, male rats, 7775
factors & conditions for acceptability of response contingent electric shock, mental retardation professionals, 37461
fimbria-fornix lesions, shock motivated T maze acquisition, 3 mo old rats, 18259
footshock, amplitude of startle reflex, rats, 39201
footshock levels, learning & retention deficits, male rats with striatal lidocaine induced amnesia after passive avoidance conditioning, 39188
footshock, startle reflex elicited acoustically vs electrically from ventral cochlear vs lateral lemniscus nucleus vs nucleus reticularis pontis caudalis vs spinal cord, rats, 39199
footshock with ECS, orienting & spontaneous activities, male rats, 7794
inescapable shock, finickiness about drinking quinine adulterated water, male rats, 21366
inescapable shock, motor behavior mediated by brain neurotransmitter systems, rats, implications for endogenous depression, 14777
inescapable shock, mu opiate receptor binding & long term hypoalgesia, male rats, implications for role of endogenous opiates in learned helplessness, 25162
inescapable shock, running activity in familiar vs unfamiliar environment & reversal by desipramine, rats, 7756
inescapable shock stress, shuttle escape & forced swim & spontaneous alternation performance, 6 strains of mice, 28583
inescapable vs escapable shock with vs without feedback, fear conditioned to shock context, rats, 14524
ip cholecystokinin octapeptide with footshock, passive avoidance behavior & latencies, male rats, 731
low intensity low frequency sciatic or radial nerve stimuation, electric shock pain, rats, 4274
magnetic field anomaly signaling shock, avoidance learning, stationary vs flying honeybees, 21393
maternal behavioral control of electric shock during pregnancy, pituitary adrenal release of stress related hormones & analgesic responsiveness, rats, 4280
noradrenergic vs serotonergic depletions in brain & spinal cord, brief shock induced analgesia, rats, 28774
novel flavor, potentiation of conditioned place aversion based on toxicosis vs shock, male rats, 21395
pairing of exteroceptive cues & inescapable shock, shuttle box escape learning, rats, implications for learned helplessness theory, 3929
PCP like drugs, blockage of shock induced tonic extension seizures & N-methyl-D-aspartic acid induced lethality, male mice, 11262
peripheral vs icv quaternary naltrexone, classically conditioned freezing & response to shock, female rats, 4351
predictable vs unpredictable shock, concentrations of 5-HT & 5-HIAA & tryptophan & noradrenaline in brain, rats, 14775
random electric shock, frequency & size of meals in operant chamber, rats, simulation of predation risk impact on foraging behavior, 24977
reliable vs random CS-shock pairings, classical conditioning to novel CS & shocks in new context demonstrating proactive interference to learned irrelevance, male dogs, 28412
response contingent shock & repeated nonreinforced preexposure to CS, CRs & attention to CS, male rats, 776
scopolamine, footshock & clonidine induced wall climbing & its ontogenetic decline, infant to adult rats, 11265
selectively bred high vs low swim induced analgesia, ability to escape electric footshock, mice, 14779
shock duration & number with vs without pentobarbital anesthesia, naltrexone sensitivity of hypoalgesia in shock chamber vs novel environment, male rats, 21651
shock escape training & trials of regular vs punished extinction, alley segment preshock vs shock cue & resulting fear & self punitive behavior, male rats, 28434
shock intensity & duration & frequency as measure of direct vs indirect physical aggression, Black African vs Indian college students, India, 21323
shock intensity & haloperidol vs chlorpromazine vs morphine, 1 way conditioned avoidance procedure, rats, 25150
shock source, stretched approach behavior in defensive responses, rats, 32129
signal-shock interval & shock intensity, leverpress avoidance & escape, spontaneously hypertensive vs Wistar-Kyoto rats, 404
signalled vs unsignalled tailshock, gastric contractility & lesions, rats, 21678
stressor predictibility & behavioral control of shock during shuttling task, lymphocyte & antibody response to concanavalin A, male rats, 14766
tail shock, inhibition & dishabituation, juvenile Aplysia, 28749
5-HT agonists & inescapable shock, reversal of helpless behavior, rats, 4237

Shock Therapy [See Also Electroconvulsive Shock Therapy]
risk benefit information & parenthood, perceived acceptability & effectiveness of behavioral vs shock treatments for child self injurious behavior, married females, 5891

Shock Units
ECT using MECTA SR-1 equipment & instructions, interrater reliability of seizure duration judgments, patients & clinical raters, 30173
rotating wheel apparatus, nondiscriminated wheel running avoidance, mice, 435

Shoplifting
behavioral treatment & response prevention strategies, reduction of shoplifting, 6080
kleptomania or other disorder, 1st shoplifting offense, 58–77 yr olds, 12159
motives for shoplifting, college students, 12200
posting of stolen products & graphs of losses, attitudes & theft behavior, grocery store employees, Sweden, 20785
psychosocial & economic & other motivational factors, shoplifting behavior, adults, 29731

Shopping [See Consumer Behavior]

Shopping Centers
behavioral intervention, safety belt usage in shopping carts, adult-child pairs, 27823
customer interaction style & appearance, willingness to comply with merchandise return request, retail sales employees, 20950
demographic & lifestyle selection error in mall intercept data, 18–24 yr old male mall intercept vs telephone survey respondents, 24471
individual differences & situation & store attribution, women's apparel store choice & loyalty, adult females, 17482
Machiavellianism & experience level, job satisfaction & success, department store executives, 13804
management of change & training in retail industry, China, 41445
nutrition education in supermarkets & elements of successful in-store programs, 37644
price & quality image & store atmosphere, prediction of retail store success, consumers, 24465
retail store attribute importance, managers vs elderly consumers, 24469
robbery information program & prevention kit, convenience store robberies, store managers, 1981–84, Canada, 18830
store knowledge & available time for shopping, purchase intention & outcome & instore deliberation, consumer panelists, 41558

store prestige hierarchy & predicted confidence in purchase & value of salesperson's advice, female shoppers, 20938
store sales indicating time pressure, displayed emotions, convenience store clerks, 10474
turnover & organizational profits & sales, lower level employees in retail outlets, 34937
Short Term Memory [See Also Iconic Memory]
acoustic stimuli characteristics, short term memory in matching to sample tasks, male budgerigars, 7533
age & disruption of cholinergic transmission, continuous working memory task, rats, literature review, 21545
age & sex & distribution of practice & stimulus modality, short vs long term memory for auditory vs visual material, 12–20 yr olds, 18597
age & sex & sense modalities & practice, short & long term memory on visual or auditory serial learning tasks, 12–16 & 20 yr olds, India, 8008
age & working memory & task complexity, reasoning & spatial ability, 20–79 yr old males, 25516
age, processing & short term memory of color & contour & patterns of computer digitized pictures, 1st–5th graders, 25492
aging & role of demand on working memory, comprehension of sentence syntax & semantics, 25–79 yr olds, 25440
alternative context closure hypothesis of P3 EPs & working memory, commentaries & reply included, 21564
anxiety & working memory, inferential reasoning, college students, 296
articulatory suppression, short term recognition, college students, 21311
basal forebrain lesions, tactile discrimination & working memory, male rats, 35762
blocked vs randomized practice, access to information in working memory, college students, 24864
blocked vs randomized practice, access to working memory consistent with ACT theory of skill acquisition, commentary, 24857
blocked vs randomized practice, access to working memory, commentary reply, 24865
category structure & generalizability of short term memory skills for dinner orders, male waiter, 7447
cell assembly theory, hippocampal amnesia for recent vs older memories, 30029
colchicine in dentate gyrus with vs without gangliosides GM1 or AGF2, working vs reference memory impairment, male rats, 32189
convergent & divergent validity of Halstead Reitan vs Luria Nebraska neuropsychological tests vs short & long term memory measures, college students, 128
daily lead dosage from birth to 200 days old, learning of 1–15 sec delayed alternation task testing spatial learning & short term memory, cynomolgus monkeys, 900
delay & delay behavior & intertrial interval & trimethyltin, choice accuracy & retention & working memory in spatial delayed response task, male rats, 829
delay interval & posttraining physostigmine vs arecoline, short term memory of delayed matching vs nonmatching tasks, adult vs aged rats, 18320
delayed cues, line length & shape discrimination, adults, 252
distance to target & elapsed time, walking accuracy without visual feedback measuring spatial short term memory decay, 19–33 yr olds, replication, 28224
drug dose & training testing interval, enhancement of short vs long term retention, male mice, 4358
embryonal amygdala transplantation, impairment of spatial working memory by kainate induced amygdaloid damage, male rats, 35751
embryonal olfactory bulb vs substantia nigra grafts, spatial & working memory & olfaction guided food retrieval, bulbectomized adult rats, 21684
fimbria lesions, acquisition of working & reference memory in complex spatial discrimination task, rats, 39237
frontal cortex & nucleus basalis magnocellularis lesions, temporal discrimination & short & long term memory, rats, 28777
idebenone enhancement of cerebral metabolism, tryptophan deficient food motivated learning & scopolamine impairment of memory, male rats, animal model of presenile dementia & Alzheimer's disease, 39426
immediate color memory assessed by verbal vs visual stimuli & responses, reading disabled children with perceptual motor vs general vs memory verbal disorder subtypes, 29826
in vivo modulation of septo-hippocampal cholinergic activity, acquisition of spatial discrimination & working memory on radial maze, C57BL/6 mice, 39218
injection of carbachol into basal forebrain, acetylcholine turnover rate in cerebral cortex & working memory in radial maze, rats, 4468
interpolated temporal activity, temporal short term memory, college students, 28323
IQ & brain energy metabolism & short term memory capacity, 8th & 9th harmonic of EEG waves, 35638
IQ & verbal short term memory & naming speed for digits & colors, reading performance, 8–11 yr old poor readers with vs without severe reading disability, 12276
irrelevant information, time required to retrieve relevant information from short term memory, college students, 3867
item discriminability & short term memory mechanism, recency effect with vowels vs consonant lists, college students, 38867
item representation & limited capacity in visuospatial sketchpad, 14434
learning & short term memory test, ability to locate platform at end of water filled maze arm, 21 vs 28 vs 38 day old rats, 407
length of interstimulus interval, short term memory for rate of alternation of 2 visual stimuli, pigeons, 421
linguistic structure of syllables, short term serial memory errors for spoken syllables, college students, 7483
logico-arithmetical ability & short term memory span, formation of shopkeeper's profits concept, 2nd–4th graders, 11372
low level unilateral electrical stimulation of dentate gyrus, performance of spatial vs working memory water maze tasks, rats, 7797
MA & development of digit span, severely mentally retarded 9–38 yr olds with Down's syndrome or mixed etiology, 5543
nicotine, attention & information processing & short term memory, elderly with Alzheimer's disease, 40799
nucleus basalis bilateral lesions using colchicine, food reinforced working memory & radial arm maze learning & neocortex neurochemistry, male rats, implications for Alzheimer's disease, 814
odor stimulus with vs without footshock, short term retention rate, 8 vs 12 vs 18 day old preweanling rats, 35467
orthographic complexity & frequency & radical intercharacter frequency, short term memory for Chinese radicals & characters in free recall task, Taiwanese college students, US, 7454
paired comparison visual discriminations, novelty preferences & short term spatial memory & attention span, infants at 4 & 7 & 16 mo old, implications for intelligence development, 39504
parsing & categorization & capacity in information representation, auditory short term memory, 7448
performance on T maze spatial working vs reference memory problems, 15 vs 21 vs 27 day old rats, 21373
personality, short & long term memory on paired associate task, 12 & 16–20 yr olds, India, 8063
phonological information in short term memory, reading comprehension, college students, 14461
planning & strategic & spatial working memory abilities, medicated adult Parkinson's disease patients, 12466
position & order information, short term recognition memory, college students, 38899
posttraining ethylcholine aziridinium, working memory of radial arm maze vs simple discrimination task, male rats, implications for septohippocampal cholinergic function, 18306

priming, memory for new vs prexisting associations, amnesic patients, 33643
proactive interference & covert counting, short term retention of temporal information, college students, 3854
probe & missing digit references tasks concurrently presented with distracting tasks, interference, college students, implications for multiple resource theory of short term memory, 17894
protriptyline, vigilance & memory & response latency on short term memory task performance, narcoleptic patients, 9521
quantum mechanics of EEG & neurochemical correlates of short term memory, 672
reading ability & speed & working memory, spelling achievement & learning, college students, 24052
reading ability, spoken sentence & noun phrase comprehension & working memory, 2nd vs 4th graders vs college students, implications for reading disabilities, 19431
rearrangement of serial or spatial positions of category members, inverse release from proactive interference, college students, replication, 28331
reduction of auditory & visual distraction, auditory short term memory, adolescents with Down's syndrome, 19432
release from proactive interference, short term memory development, school age children & adolescents, 994
reliability & validity of listening tasks, distinction among & assessment of short term memory with vs without rehearsal vs long term memory, high school & college students & army officers, 17880
right vs left vs no hand suppression & presentation of hand movements, reproduction & memory span, right handed college students, 38720
scopolamine &/vs physostigmine, working & reference memory, pigeons, 903
scopolamine, anterograde & remote memory, 31–59 yr old males, implications for drug models of memory failure in dementia, 32298
scopolamine, working memory for spatial tasks, 18–29 yr old males, 18424
scopolamine, working memory performance during concurrent secondary tasks, male 18–29 yr olds, 25297
selection & analysis of appropriate dependent error measure & use of trial profiles, short term motor memory research, 21197
sensitivity analysis in connectionist modeling of short & long term memory retrieval, conference presentation, 7479
sensory & short term memory deficits, depressed college students, 19076
severity of disease, short & long term memory storage, patients with Parkinson's vs Huntington's disease, 9190
shape selective neurons in temporal cortex, pictorial short term memory, monkeys, 650
short & long term memory & visual/spatial disturbances, 26–76 yr olds with transient global amnesia, 26483
short term haptic memory for 3 dimensional objects, college students, 3856
short term memory & phonological processing ability, 24 yr old female with focal brain damage, 40362
short term memory & rhyme judgments, 10–18 yr olds with cerebral palsy with vs without congenital anarthria vs dysarthria, 40361
short term memory allocation strategies in reading comprehension, college students, 10829
short term memory scanning speed, 7.5–13.2 yr olds with severe language disorders, 33447
short term memory span & retention interval, elderly patients with Alzheimer's type dementia vs depression, 8494
short term phonological storage, discourse comprehension, brain damaged 55 yr old male with reduced immediate memory span, 22883
short term storage, long term learning, 26 yr old female with short term memory deficit after left hemisphere stroke, 22882
similarity & order of report of drawings of familiar objects & visual retroactive interference, immediate memory, 5 vs 10 yr olds, 4608
spatial configuration of prose materials & lateral preference pattern, reading comprehension & short term memory, college students, 7644
spatial working memory in open field task, pigeons, 7553
stories with irrelevancies that do vs do not affect goal accomplishment, immediate vs delayed story recall vs recognition, preschoolers vs 1st graders, 4609
Stroop interference in judgments about remembered stimuli, college students, commentary, 38915
tactually guided movement, hemispheric asymmetry in tactile short term memory, right handed college students, 35634
task complexity, processing & holding functions of working memory, 19–24 vs 40–80 yr olds, 15094
task complexity, working memory, college students vs elderly, 15072
task difficulty, phonological similarity effects in working memory in reading & memory tasks, good vs poor reading 8 yr olds, 18575
transient forebrain ischemia, hippocampal functioning & working memory in maze task, male rats, 11135
unattended vocal vs instrumental music vs noise vs speech vs quiet, serial recall of visually presented digits, college students & trained male 25–40 yr olds, 38927
validity of 4th revision of Stanford-Binet Intelligence Scale, evaluation of verbal & quantitative & abstract/visual reasoning & short term memory, 2–6 vs 7–11 vs 12–23 yr olds, 7127
visual working & phonological memory, immediate memory for series of drawings, 5 vs 10–11 yr olds, 32408
word knowledge & working memory capacity, prediction of reading comprehension & speed & text inferencing skills, college students, 14429
working memory & secondary memory deficits, patients with Alzheimer's disease, 16024
working memory ability, reading vs arithmetic disabled vs attention deficit disordered vs normally achieving 7–13 yr olds, 40332
working memory capacity, planning & executing drawing, 6–11 yr olds, 1030
working memory, elementary vs junior high school skilled vs learning disabled readers, 34786
working memory, procedural skill learning, 17–27 yr old Air Force recruits, 366
Short Term Potentiation [See Postactivation Potentials]
Short Term Psychotherapy [See Brief Psychotherapy]
Shoulder (Anatomy)
relaxation gymnastics, psychological stress & prevention of shoulder & neck pain, adult female, 2424
Shyness [See Timidity]
Sibling Relations
adjustment & functioning, 8–17 yr old same sex siblings & parents in single parent divorced vs 2 parent families, 4858
attachment to siblings, well being, 61–91 yr olds, 32561
brother sister incest taboo in E. Bronte's "Wuthering Heights", 21864
child's sex, involvement in sibling communication, mothers vs fathers of 18–26 mo old & 4–8 wk old siblings, 1199
conflict & reconciliation, sibling deidentification, 2 & 3 child families, clinical & pediatric implications, 4857
differential patterns of parental punishment of female vs male older vs younger children, sibling aggression, 4th–7th graders & their parents, 4837
family dynamics & functioning, sibling interaction, 4.5–10 yr old sibling dyads from divorced vs intact families, 15189
family processes & personal & social competence, 8–9 yr olds & 15–16 yr olds, 25718
family system & dyadic subsystem, clinical & educational assessment & intervention, siblings, 5848
hoarding after weaning, 21 day old hamsters in single cages vs with siblings, 10993
in home interactions, mentally retarded 4–8 yr olds & their 6–12 yr old same sex handicapped or nonhandicapped siblings & parents, 5554
interpersonal relationship, development & mental health, twins, parenting implications, 8141

maternal behavior & child temperament & family structure, sibling relations, families with both 3–6 & 5–10 yr olds, 32538
older siblings, sexual behavior, adolescents, 1116
peer & sibling neglect in analytic group psychotherapy, 33934
qualitative aspects of sibling relationship, 12–69 yr old sisters of moderately to profoundly developmentally disabled 8–69 yr olds, 26369
reactions to birth of sibling & developing interactions with siblings, children, implications for role of parental behavior, 4738
relationships & adjustment, preschool & school age children & their handicapped siblings, literature review, 22456
relationships with & adjustment to disabled sibling, school age children & young adolescents, 5723
repetitive & selfobject aspects of transference, resolution of delusional merger with dead brother, chronically suicidal female analysand, 37357
role relationships in home contexts, nonhandicapped 6–12 yr olds & 4–8 yr old same sex younger mentally retarded siblings, 22866
SES & structured vs unstructured play & ordinal position, prosocial interaction, 4.5–10 yr old sibling pairs from married vs divorced families, 36152
sibling number & sex, play & peer directed behaviors, male vs female 32–66 mo olds with vs without siblings, 25657
sibling relations & maternal treatment & adjustment, 8–14 yr olds with mentally retarded younger sibling, 29812
sibling relationships & family adaptation, siblings of children with developmental disabilities & chronic illness, literature review, 11886
sibling relationships in old age, 65 yr olds & older, 25665
sibling rivalry, academic underachievement & development of reactive pychiatric symptoms,college students, Africa, longitudinal studies, 22560
social work & legal approaches to separation in foster care, siblings in families of child welfare clients, 2736
systems theory family intervention, sibling rivalry, 23295
temperament & relationship with parents & family system characteristics, conflict, 7–9 & 4–6 yr old same sex siblings, 4827
thematic apperceptions of sibling affiliation & conflict & separation at childrearing vs empty nest periods of adulthood, 30–69 yr olds, 25721
Siblings [See Also Brothers, Heterozygotic Twins, Monozygotic Twins, Multiple Births, Sisters, Triplets, Twins]
academic self concept & self esteem, gifted 7th–9th graders vs their siblings, 31198
adaptation to stress of living with & bereavement for sibling with cancer, children, 5792
aspects of illness & death in everyday lives, healthy children & their 5–12 yr old terminally ill siblings, conference presentation, 26447
associations with alcoholism & sibling linkages on phenotypes for various polymorphic marker loci, families with depression spectrum disorders, 15599
attitudes toward sibling & family life & adjustment, 9–13 yr olds with severely handicapped siblings, 33430
bibliotherapeutic processes, siblings of handicapped children, 37353
birth order & birth weight & sex & zygosity, parental view of personality & relationship with parents & nontwin siblings, 3–19 yr old twins, England, 32674
birth order & number of siblings, alcoholic beverage consumption, 13–18 yr olds, 36150
brain ventricular enlargement, 20 yr old male & his sister with multiple exostosis & schizophrenia, 36507
child temperament, perceptions of child's adjustment, mothers vs fathers of 2 same sex 4.5–9 yr old siblings, 11461
concordance for prenatal history & diagnosis & female sex assignment & masculinizing puberty, choice for vs against sex reassignment, 46XY hermaphroditic siblings, 9151
death of child from cancer, family environment & surviving sibling behavior, families with 6–16 yr olds, US & Canada, 16060
determinants of reactions to death of sibling, 6–12 yr olds, Philippines, conference presentation, 25556
disruption in upbringing & family dynamics, 8 & 14 yr old male siblings of severely handicapped children, therapeutic implications, 9195
dominance hierarchy reversals, free ranging rhesus monkey younger vs older sisters, 10941
dyadic play styles of 22–44 yr old mothers vs fathers vs 2.3–7.8 yr old siblings, cognitive development, infants assessed from 12–18 mo old, 18622
early childhood trauma & stressful conception & birth & connotations of child's appearance & marital conflict, favoritism toward sibling, parents, 4822
experience with younger siblings, maternal responsiveness, pubertal rats, 14627
family characteristics & individual differences, living wth autistic sibling & emotional adjustment, children, 15699
family relations, family with bulimic 15–25 yr old children, case report, 26561
general intelligence & RT on semantic verification test, academically gifted children & adolescents & their siblings, 25478
genetic vs environmental influences, development of psychopathology, siblings, 5316
goals & strategies of sibling therapy & relation to group & family therapy, 23277
group decision & problem solving, social interaction, autistic 58–137 mo olds & their siblings, 33891
home safety skills training from mother, generalization to 5 yr old brother, 8 yr old male, 16509
household & childcare responsibilities & peer relations & out of home activities, 4–12 yr old siblings of mentally retarded children, 26408
incidence of psychiatric illness among parents & siblings & number of older siblings, patients with monopolar vs bipolar depressions, 8642
intrusions into conversations between mothers & older siblings, 24–36 mo olds, England, 21941
latent trait of deviance proneness, early physical sexual behavior & nonsexual deviance, 16–32 yr old same vs opposite sex sibling pairs, 15879
parental attitudes & sex & family position & problems & childrearing practices, adjustment, siblings of handicapped children, implications for school counselors, 26007
pediatric clinical nursing, adjustment & physical & emotional development, siblings of children with chronic illnesses, 16763
personality factors & family environment & sibling relations, gifted children & their parents, literature review, 29129
psychometric assessment, parents & 4 yr old & older siblings of autistic probands, 26073
REM latency & lifetime prevalence of mental disorders, parents & siblings of early onset unipolar depressed probands, 5207
resistence to psychotherapy after death of child, parents & siblings, 33886
response to neuroleptics, 19–61 yr old siblings with schizophrenia or schizoaffective disorder, 34014
self vs mothers' rating of behavioral adjustment to divorce, adolescent & preadolescent 1st & 2nd born siblings, 36146
self vs parental reports of perceived changes in feelings & behavior, 5–17 yr old siblings of hospitalized children, 29900
sibling caretaking & peer assistance, cultural effects on classroom learning, Native Hawaiian K–3rd graders, 24071
sibling variables & family environment & ability level, educational & occupational aspirations, 16 yr olds from Anglo-Australian vs Greek vs Southern Italian families, Australia, 8128
sibling vs other kin vs nonkin egg recognition & preferences in egg cannibalism, land snail hatchlings, 449
sleep & respiratory characteristics, at risk infant siblings of sudden infant death syndrome victims, 33655
stress & cognitive & behavioral coping strategies, 7–11 yr old siblings of child cancer patients, 16256

theoretical perspectives on sibling response & adjustment to chronic childhood disorders, implications for health care professionals, 16043
Sick Leave [See Employee Leave Benefits]
Side Effects (Drug) [See Also Drug Addiction, Drug Dependency, Drug Sensitivity]
abuse of antimuscarinic agents, literature review, 12223
accident & injury related health care utilization, benzodiazepine users vs nonusers, 2515
ACTH vs prednisone, hypomanic & manic reactions, 20–60 yr old patients with multiple sclerosis, 19989
acute dystonia as extrapyramidal side effect, schizophrenic vs manic males under 45 yrs old taking neuroleptics, 16607
addiction to levodopa, development of extrapyramidal syndrome & paranoid psychosis, 25 yr old female with underlying personality disorder, case report, 22831
adverse cutaneous reactions to desipramine, 5–17 yr old psychiatric outpatients, 12828
adverse drug reactions to triazolam vs temazepam, hospitalized 16–94 yr olds, 40765
adverse reactions to lofepramine & other antidepressants, UK & Sweden, 6148
adverse reactions to neuroleptic therapy, length of psychiatric hospitalization, schizophrenic patients with depressed vs schizophrenic parent, 23387
alcohol & alpidem or lorazepam, physiological & psychomotor & subjective effects, healthy adults, 28793
alprazolam & alcohol, development of severe behavioral dyscontrol, 40 yr old female, case report, 9584
alprazolam & imipramine, outcome & adverse effects, 21–56 yr old patients with major depression, conference presentation, 23459
alprazolam, dangerously aggressive behavior, 34 yr old male with head trauma, case report, 23386
amantadine, development of mania, female 33 yr old with galactorrhea & amenorrhea & history of bipolar disorder, case report, 37552
amitriptyline & lithium, development of psoriatic arthritis, 31 yr old female treated for affective disorders, case report, 2536
amitriptyline, hypomania, 36 yr old bisexual male with AIDS, case report, 23399
amitriptyline vs nortriptyline vs desipramine vs zimelidine, weight gain, depressed inpatients, 30435
amnesic & dependency risks associated with prescribing benzodiazepines, elderly, 34042
anticholinergic side effects of benztropine vs amantadine, free recall & time perception, 18–53 yr olds, 32200
antidepressant drug induced jitteriness syndrome, patients with panic disorder, 6180
antidepressant drugs, peripheral anticholinergic side effects measured by inhibition of salivation, adults & depressed patients, 23367
antidepressant efficacy & side effects of deprenyl, 24–68 yr olds with affective disorder, 19984
antidepressant induced cardiovascular toxicity, patients, conference presentation, 30529
antidepressant side effects & intense transference, 35 yr old female with affective & personality disorder, case report, 30171
antidepressant side effects, medically ill depressed 20–88 yr olds, 1 yr followup, implications for psychiatric consultation, 27008
antidepressants, weight gain, depressed patients, literature review, 9571
antihistamines, central effects & peripheral activity, healthy 18–39 yr old females, 39241
antipsychotic & antimuscarinic potency of antipsychotics & tolerance to benztropine withdrawal, 15–65 yr old psychiatric inpatients, implications for prediction of side effects of antipsychotics, 26984
antipsychotic drugs vs lithium &/vs carbamazepine, abnormal diurnal weight gain, institutionalized chronically psychotic patients, 37575
arginine vasopressin analog, urinary active kallikrein & urine concentrating ability, lithium treated 29–75 yr olds, implications for nephrogenic diabetes insipidus, 2562
asymmetry of visual EPs & lateralized occurrence of neuroleptic induced parkinsonism or tardive dyskinesia, psychiatric patients, 2551
baclofen, withdrawal symptoms & mania, 38 yr old male & 70 yr old female with tardive dyskinesia, case report, 20024
behavioral toxicity of benzodiazepines vs long acting neuroleptics vs lithium carbonate vs antidepressants, psychiatric patients, 6134
benefits & risks of antidepressant drugs, depressed patients, literature review, 9559
benzodiazepine withdrawal following long term therapy, protracted tinnitus, 34–57 yr old patients, 19931
benzodiazepine withdrawal, obsessive compulsive disorder, 32 yr old female, case report, 16555
benzodiazepines & pharmacological dependence in psychiatric practice, 2552
benzodiazepines, control of aggressive impulses, literature review, 12844
benztropine & triphenhexidyl, memory loss & cognitive impairment, 59–95 yr olds, 34074
benztropine with vs without propranolol, neuroleptic induced akathisia, schizophrenic 22–53 yr olds, 23416
beta adrenergic antagonists, neuroleptic induced akathisia, psychotic patients, meta analysis, 23424
biperiden hydrochloride, memory & language deficits & disorientation & paranoia & hallucinations, 74 yr old male with Parkinson's disease, 2494
bismuth intoxication, development of neuropsychiatric symptoms, male 41 yr old with previously healed duodenal ulcer, case report, 30531
bromocriptine, haloperidol induced hypoglycemia, 78–79 yr old diabetic males, Sweden, 12851
bromocriptine induced postpartum manic episode, cyclothymic 29 yr old female, case report, 2497
bromocriptine, neuroleptic induced galactorrhea & plasma prolactin levels, 38 yr old female with schizoaffective disorder, case report, 2477
buspirone, akathisia type syndrome, 54 yr old male with anxiety, case report, 16613
buspirone, development of jitteriness, 28–40 yr olds with panic or generalized anxiety disorder, case reports, 6159
buspirone, development of mania, 38 yr old male with depression & anxiety, case report, 34087
buspirone induced acute myoclonus & dystonias & akathisia, 62 yr old female hospitalized with severe medical problems, case report, 12905
buspirone, neuroleptic induced akathisia, 28 & 31 & 60 yr olds with schizophrenia or bipolar mania with psychosis, case reports, 34018
buspirone, oral dyskinesia, 85 yr old female with advanced dementia, case report, 20017
butyrophenone added to treatment with phenothiazines, agranulocytosis, psychotic female 60 yr old & male 50 yr old, case reports, 40816
caffeine consumption & side effects, college students, 22295
calcium channel blocker nifedipine, development of depression, 57–76 yr olds, case reports, 9526
carbamazepine, adverse behavioral & neurological reactions, aggressive 10–16 yr old male inpatients, 2519
carbamazepine induced mania with hypersexuality, 9 yr old Black male with major depression & conduct disorder, case report, 26990
carbamazepine, visual contrast sensitivity & CFF, epileptic 18–50 yr olds, 16643
carbamazepine withdrawal, pseudohallucinations, previously nonpsychotic male patient with seizure disorder, case report, 16608
causes & symptoms & treatment of lithium intoxication, 52 & 64 yr old males, case report, 23409
chemotherapy related nausea & vomiting & behavioral distress, 3–19 yr olds with cancer, 37494

childhood methylphenidate treatment for hyperactivity, final height attainment, male 16–23 yr olds, 11 yr followup, 19969
chlorpromazine & lithium carbonate induced nephrotic syndrome, 14 yr old Black female with seasonal episodic psychosis, 20022
chlorpromazine or thioridazine or trifluoperazine induced hypotension, 27 & 30 & 33 yr olds with postpartum psychosis, case reports, 26932
chronic haloperidol vs SCH 23390, role of D1 vs D2 receptors in extrapyramidal syndrome, male monkeys, 39266
chronic lithium, hypothyroidism & thyroiditis & antithyroid & antimicrosomal & antithyroglobulin antibody development, 26–72 yr old psychiatric patients, 12877
chronic lithium, sensitivity to nicotine, male rats, 32182
chronic salicylate intoxication as cause of morbidity, 90 yr old male & 88 yr old female, diagnostic implications for patients with delirium &/or dementia, 40747
clinical features & levodopa treatment, 21–79 yr olds with neuroleptic induced Parkinson's syndrome, 12866
clomipramine dosage & exposure therapy, plasma level & side effects & outcome, patients with obsessive compulsive ritualization, 9274
clomipramine, hyponatremia, 64 yr old female with anxiety & depression, case report, 30497
clomipramine, pseudocyanotic pigmentation, 60 yr old female with unipolar depression, case report, 30525
clonazepam vs lithium & potential side effects, manic patients, conference presentation, 23366
clozapine, drug induced psychotic symptoms, 61–77 yr olds with Parkinson's disease, 23436
clozapine induced agranulocytosis, 25–38 yr olds with schizophrenia or schizoaffective disorder, case reports, 16589
cognitive function, preschool age children of mothers in methadone treatment during pregnancy, conference presentation, 13251
combination of cocaine & nonprescription cold medicine, homicidal psychosis, male 27 yr old, case report, 36895
communication with medical staff, anxiety & pain & anticipatory & postchemotherapy nausea & vomiting, cancer patients, Sweden, 5843
coping style, emotional & behavioral responses to side effects of chemotherapy, repressor vs low vs high distress cancer patients, 26749
corticosteroid therapy, onset of panic attacks, 32 yr old female psychiatric patient, case report, 16615
cyproheptadine, mood & sleep & tardive dyskinesia & akathisia, males with movement disorders secondary to neuroleptics, 30406
daily vs every other day lithium dosage schedule, prophylaxis & reduction of side effects, patients with bipolar disorder, 23439
depression &/or drug related intoxication &/or chronic endocrine metabolic diseases, elderly patients with transitory senile dementia, 2143
desipramine, development of anhedonic ejaculation, 36 & 45 yr old males being treated for dysthymia, 9570
desipramine induced allergic skin rash, 23–42 yr olds with primary depressive disorder, case reports, 2486
desipramine induced testicular swelling & pain, 59 yr old male with bipolar affective disorder & 45 yr old male with major depression, case reports, 2548
desipramine, intensification of depressive symptoms, depressed 36–54 yr olds, 19938
desipramine, plasma tricyclic levels, 24 yr old female with suicidal ideation & disturbed sleep & social withdrawal, case report, 26956
development & reliability & validity of scale for rating drug induced akathisia, 32–65 yr old chronic inpatients receiving antipsychotic medication, 38588
dextrofenfluramine, neuroleptic induced obesity, schizophrenic 20–65 yr olds, 16570
diazepam vs diazepam mixed micelles solution, pharmacokinetics & pharmacodynamics, healthy 22–42 yr olds, 28963
diazepam vs suriclone, neurologic effects, normal adult males, 14936
diethylpropion hydrochloride induced psychosis, obese 33 & 40 yr old females, case reports, 6122
disulfiram induced hepatoxicity, alcoholic 52 yr old male, literature review, implications for frequent liver function evaluation, 23786
disulfiram side effects & interactions with alcohol, alcoholic males in treatment program, India, 37912
dosage of repeated oral remoxipride, pharmacological effects & pharmacokinetics, males, 11216
dose of fluoxetine, anorgasmia, 35 yr old female with depression & obsessive compulsive disorder & depressed 47 yr old male, case reports, 34053
doxepin, development of hemolytic anemia & thrombocytopenia & acute renal failure, 46 yr old male with neurotic depression, case report, 37579
drug induced psychosis & depression, elderly patients, literature review, 9593
drug interactions & side effects & risk of overdosage with lofepramine vs older antidepressants, depressed elderly, conference presentation, 30496
effect of long term clozapine treatment, schizophrenic or schizoaffective patients, Sweden, 12878
effectiveness & side effects of carbamazepine vs lithium, manic depressive 17–70 yr olds & 22–83 yr old psychiatric patients, 23377
efficacy & risks of benzodiazepine therapy & potential of buspirone, anxiety disorders, 6201
efficacy & side effects & overdose & clinical use of lofepramine vs amitriptyline vs imipramine vs other tricyclic antidepressants, depressed patients, conference presentation, 30494
etiology & evidence for existence of tardive psychosis, schizophrenic patients treated with neuroleptic drugs, 30492
excessive topical homatropine eye drops after cataract operation, delirium, 78 yr old Black male, 12850
experimental design & other factors, effects of antihistamines & hypnotics & other drugs on work performance, 11280
experimental design, assessment of effects of psychotropic drugs on car handling ability, patients & volunteers, England, 11236
extrapyramidal side effects of neuroleptic therapy, differential diagnosis & treatment, patients with AIDS, 40805
fenfluramine side effects, schizophrenic 24–52 yr olds with limited response to neuroleptics, 34068
fixed dose thioridazine & mesoridazine & sulforidazine, plasma concentration & side effects, 18–55 yr olds with acute episode or exacerbation of psychosis, 37488
fluoxetine & other antidepressants, cardiovascular effects, depressed patients, conference presentation, 19953
fluoxetine, depressed 15 yr old female susceptible to malignant hyperthermia, case report, 30416
fluoxetine dosage, side effects, depressed patients, conference presentation, 19921
fluoxetine, imipramine associated weight gain, 42 yr old female with panic disorder & agoraphobia & 55 yr old female with major depression & panic disorder, case reports, 30410
fluoxetine, inducement of elevation of desipramine level & exacerbation of nonpsychotic depression, 75 yr old female, case report, 23357
fluoxetine or trazodone or imipramine, thinking styles, depressed adult inpatients, conference presentation, 9583
fluoxetine, secretion of antidiuretic hormone, depressed 75 yr old male veteran, case report, 26966
fluoxetine, side effects, depressed patients, conference presentation, 19936
fluoxetine vs tricyclic antidepressants, side effects & efficacy, geriatric outpatients with depression, conference presentation, 19945
fluoxetine, yawning & clitoral engorgement & multiple orgasm side effects, 30 yr old female with major depression, case report, 30481
fluvoxamine, metabolic rate & weight loss, 53 yr old depressed female, case report, 23381

haloperidol & carbamazepine, drowsiness & slurred speech, 37 yr old female with cerebral palsy & bipolar disorder, case report, 2452
haloperidol & fluoxetine, extrapyramidal symptoms, 39 yr old female with bipolar disorder, case report, 27016
haloperidol before or after access to milk, milk intake & tolerance to anorexigenic effect, rats, 39423
haloperidol, chlorpromazine induced bluish-grey skin discoloration, chronic psychiatric patients, 27018
haloperidol, development of cardiac arrhythmia, female 56 yr old attempting suicide, case report, 37473
haloperidol, priapism, schizophrenic 47 yr old male, 6172
heterocyclic antidepressants & MAO inhibitors & benzodiazepines & neuroleptics, inhibited orgasms, females, implications for possible mechanisms of action, 6192
historical overview of lithium usage & side effects, medically ill patients, 26928
history & treatment & other aspects of neuroleptic induced akathisia, literature review, implications for treatment with beta blockers, 30402
hydrophilic atenolol, 45 yr old male with lithium induced tremors & functional impairment, case report, 34011
hypertensive reactions to over-the-counter decongestants, female 23–35 yr olds treated with MAO inhibitor phenelzine, 30452
hypnotherapy, chemotherapy side effects, 9–64 yr old cancer patients, 12938
hypnotic & side effects of sublingual lormetazepam, patients with sleep disorders, 9575
idiopathic opioid psychologic dependence, 17 yr old male with leukemia & pneumonia & chest wall pain, case report, implications for drug therapy, 34122
imipramine, development of tinnitus, female depressed 38 yr old, case report, 37524
imipramine therapy, switch from depressive to manic symptoms, 15 yr old bulimic female, case report, 34103
incidence & prevention & treatment of neuroleptic induced tardive dyskinesia, Belgium, literature review, 30430
indications for & side effects of haloperidol or pimozide or fluphenazine or clonidine or clonazepam, tics, children with Tourette syndrome, 12848
indomethacin induced visual hallucinations, 22 yr old male with brachial neuritis following influenza like illness, case report, 2451
ingestion of tricyclic antidepressants during pregnancy, birth weight & head circumference & Apgar scores, neonates born to mothers in methadone maintenance, conference presentation, 13247
integrated treatment of secondary depression, 26 yr old schizophrenic female on neuroleptic medication, case report, 2475
interaction between phenelzine & beta blockers, bradycardia, 75 yr old male & 63 yr old female with major depression, case reports, 27002
involuntary movements associated with mianserin therapy, depressed mentally retarded 30 yr old female, Japan, case report, 26995
iv & intrathecal chemotherapy, cognitive & fine & visual motor skills, 33–66 mo olds with leukemia, 1 yr followup, 40758
ketoconazole, auditory & visual hallucinations, 51 yr old male being treated for urethritis, case report, 37499
knowledge of prescription drugs & iatrogenic psychiatric symptoms & diagnosis, psychologists in medical practice settings, implications for professional development & interaction, 26985
l-tryptophan, 9 & 12 yr old male with attention deficit/hyperactivity disorder & stimulant induced or aggravated tics, case report, 30419
levodopa induced hypersexuality, mood & physical disability & cognitions, 64 yr old male with Parkinson's disease, implications for frontal cortical disinhibition, 26962
lithium & elimination of coffee from diet, worsening of induced tremor, 38 & 63 yr old females with bipolar affective disorder, case reports, 2484
lithium & haloperidol vs loxapine, encephalopathy, 44 yr old White male with chronic paranoid schizophrenia, case report, 40766
lithium & neuroleptic therapy, neurologic complications, 26–43 yr old manic patients, 23411
lithium & neuroleptic treatment, extrapyramidal symptoms, 18–59 yr old psychiatric inpatients, conference presentation, 16531
lithium alternating with placebo, side effects, manic depressive patients, 30461
lithium carbonate, development of proteinuria, 56 yr old diabetic male with manic depression, 37545
lithium carbonate induced downbeat nystagmus, manic depressive 39 & 54 yr old females, case reports, 9591
lithium, development of alopecia areata, 59 yr old female, 2534
lithium dosage schedules & blood levels & toxicity & effects on fetus & relapse incidence, patients with bipolar disorder, conference presentation, 23389
lithium during pregnancy, subsequent stillbirth, 23 yr old female with manic excitement, case report, 26974
lithium induced akathisia, 59 yr old male with manic behavior, case report, 23438
lithium induced diarrhea, development of Wernicke's encephalopathy resulting from thiamine deficiency, male 64 yr old with bipolar depression, case report, 34019
lithium induced hypothyroidism presenting as carpal tunnel syndrome, 47 yr old female with manic depressive illness, case report, 16552
lithium induced mania, 57 yr old female under successful antidepressant treatment, case report, 27027
lithium, psychotic symptoms, 38 yr old male with manic depression, case report, 30463
lithium, serum concentrations of vanodium & cobalt & aluminium & other trace elements, psychiatric patients, UK, 23365
lithium serum levels, neurotoxicity & changes in cerebellum, literature review, 23405
lithium, side effects & degree of distress & compliance, 20–89 yr olds with bipolar depression, 37506
lithium, thyroid hormones, affective disordered patients, 2489
lithium toxicity derived from drinking own urine, 52 yr old male with bipolar disorder, case report, 2521
lithium with vs without neuroleptics or antidepressants or benzodiazepines, renal function, 21–87 yr old psychiatric patients, 1963–84, Sweden, 30400
Loeffler's syndrome following imipramine, 36 yr old female with major melancholic depression, case report, 2443
lofepramine, development of hyponatremia, manic depressive 74 yr old female, case report, 34125
lofepramine vs other antidepressants, information processing & motor responses & psychodynamic effects & toxicity, patients, conference presentation, 30456
long term benzodiazepine use, cognitive function, psychiatric patients, England, 12862
long term benzodiazepine use, cognitive impairment & development of drug dependency, 34034
long term lithium, kidney function, 27007
long term lithium therapy vs poisoning, renal function & structure, patients, 23398
long term lithium, thyroid function & side effects, 26–65 yr olds with major depression, 30453
long term lithium treatment, renal function, 31–80 yr olds with major affective disorder, 40755
long term neuroleptic treatment, involuntary orofacial movements, mentally handicapped or epileptic 16–90 yr old inpatients, 12932
long term phenothiazine, ocular pigmentation, psychiatric patients, Malaysia, 6175
lorazepam & diazepam, subjective & psychomotor & cognitive effects, 20–35 yr old males with history of recreational benzodiazepine use & abuse, 26330
lorazepam, lithium induced akathisia, 64 yr old male with bipolar disorder, case report, 30536

low dose amitriptyline, visual hallucinations, 62 yr old female cancer patient, case report, 12907
low speed off-road driving tasks, evaluation of effects of tranquilizers or antihypertensive or antidepressant or hypnotic or antihistamine or antiemetic drugs, adults, England, 11183
loxapine & lorazepam, stupor & respiratory rate & hypotension, 23 yr old male & 41 yr old female psychiatric patients, case reports, 33994
management of hypotensive & hypertensive side effects of MAO inhibitors, 26 yr old female with bipolar illness, 2459
mania induced by steroid withdrawal, 68 yr old male with acute lymphoblastic leukemia, 16651
MAO inhibitors, hypertensive reactions, 19 yr old depressed bulimic female & 39 yr old female with major affective disorder, case reports, 6139
MAO inhibitors, pulse & BP 1–4 hrs after administration, psychiatric outpatients, 34051
maprotiline, development of hepatotoxicity, 63 yr old female with unipolar affective disorder, Canada, case report, 9589
maprotiline, epileptogenic side effects, depressed 30 yr old female & 45 yr old male, 16619
media manipulation of message convincingness & probability of suffering adverse effects, personal level judgments regarding consequences of smokeless tobacco use, high vs low SES 10th graders, 37930
medication & substance induced dissociative disorders & problems of psychiatric classification, 34035
mental model of risk assessment, interpretation of patient package inserts with information about possible side effects, pharmaceutical drug users, 9532
mephentermine dependence associated with chronic psychosis, 37 yr old male, case report, 5499
method of action & metabolism & health & psychopathology side effects, cannabis, literature review, 22292
methodologies for measuring effects of drugs on motor vehicle driving, 11244
methylphenidate, cyclosporine associated organic mood disorder following lung transplant, 42 yr old female, case report, 30424
methylphenidate, development of florid psychotic disturbance, 6 yr old male with attention deficit disorder with hyperactivity, case report, 12829
methylphenidate, heart rate & BP, Black 12–14 yr old males with attention deficit hyperactivity disorder, implications for treatment monitoring with Black clients, 37484
methylphenidate, height & weight changes, hyperactive 6–12 yr olds, 2 yr study, 19968
methysergide, development of hallucinations & anxiety & depersonalization, 29 yr old male with vascular headaches, case report, 2566
metoclopramide induced akathisia side effects, 46 yr old male with gastrointestinal reflux, case report, 2479
minor tranquilizers or antidepressant drugs, psychomotor performance, adults, implications for accidents, 2537
motivation & program philosophy & side effects, preference for disulfiram & treatment compliance, alcoholic males in inpatient rehabilitation program, 20283
mushrooms containing psilocybin, usage patterns & combination with other drugs & adverse effects, 14–18 yr olds in drug abuse treatment program, implications for pediatricians, 5520
neuroleptic & antidepressant & beta blocker & benzodiazepine medication, memory, 9561
neuroleptic drugs, priapism, commentary, 34026
neuroleptic drugs with vs without concomitant anticholinergic agents, patients with induced acute dystonia, 2444
neuroleptic failure due to akathisia & subsequent response to lithium, schizophrenic patients, 2530
neuroleptic induced marching in place, psychiatric patients, 34028
neuroleptic induced Parkinsonian side effects, severe to borderline mentally handicapped inpatients, 23429
neuroleptic or anxiolytic or antidepressant drug therapy, psychopathological side effects, 6176
neuroleptic side effects, emotional defecation, rats, animal model of neuroleptic induced dysphoria & anxiety, commentary, 25302
neuroleptic therapy, perception of visual ambiguous figures, patients with Parkinson's disease vs schizophrenia vs other mental disorders, 9495
nightly flurazepam or temazepam, sleep stages & latency & performance on vigilance & RT tasks, normal sleeping 21–35 yr olds, 28956
oxazepam, urinary metabolite levels, hospitalized Alzheimer's disease patients, conference presentation, 9511
oxycodone detoxification, development of organic delusional syndrome, 59 yr old female with chronic back pain, case report, 23384
patient physician communication, drug use & adverse side effects & knowledge of pharmacodynamics & pharmacokinetics, elderly patients, literature review, 37505
pemoline, development of abnormal involuntary movements, hyperactive 6–12 yr old males, 34096
penfluridol & thioridazine induced prolactinoma, 24 yr old schizophrenic female, Jordan, case report, 6132
pharmacokinetics & side effects of carbamazepine, seizure or affective disorders or nonresponsive psychoses or dyscontrol, conference presentation, 9554
phenelzine & haloperidol induced catatonia, depressed 81 yr old female, case report, 16573
phenelzine or tranylcypromine, severe daytime somnolence, 29–53 yr old depressed patients, 16642
phenelzine, tolerance & subsequent refractory depression, depressive 34 & 36 & 53 yr old patients, case reports, implications for long term treatment, 19940
piroxicam, phototoxic reaction, male 65 yr old with rheumatoid arthritis, case report, 40762
plasma tricyclic antidepressant levels, cognitive & behavioral toxicity, psychiatric inpatients, 12884
preclinical studies of fluoxetine as 5-HT uptake inhibitor, side effects & neurochemistry, rats, implications for depression treatment, conference presentation, 18432
prenatal diethylstilbestrol, development of physical & psychological disorders, 2529
prenatal exposure to neuroleptic drugs, height & weight, children of parents with history of psychiatric treatment followed from birth to 7 yrs old, 34085
prescription drug associated depression, 53–82 yr olds, 2.5 yr followup, 26982
prevalence & etiology & treatment of anticipatory nausea & vomiting, cancer patients undergoing chemotherapy, literature review, 9549
prevalence & treatment of drug induced akathisia, medical & surgical patients, Canada, literature review, 9494
prevalence of akathisia, mentally handicapped 25–77 yr olds receiving neuroleptics, 40767
prevalence of lithium carbonate induced thyroid disorders, patients with affective disorders, Canada, 2570
prevalence of obesity, schizophrenic patients receiving depot neuroleptic drugs, 16636
proactive side effect management information, self care, chemotherapy patients, 12846
problems & social aspects of coping with chemotherapy side effects, 38–79 yr old outpatients with cancer & their relatives & nurses, 26991
prolonged partial complex status epilepticus, 20 yr old female with chronic cocaine abuse, case report, 1890
propranolol & maprotiline, delirium & hallucinations, 43 yr old male with anxiety & negative affect, case report, 12910
propranolol, neuroleptic induced akathisia, schizophrenic 21–57 yr olds, 30459
propranolol, new onset or worsening of panic disorder, 33 yr old female & 22 yr old male with mitral valve prolapse, case report, 16588
propranolol vs beta-2 receptor blocker ICI 118,551, neuroleptic induced akathisia, 35–44 yr old males with schizophrenia or PTSD, 30403
protriptyline, development of peripheral neuropathy, male 14 yr old with hypothalamic disorder & depression, case report, 12919

psychiatric side effects of steroid therapy, 1951 to present, literature review, 30468
psychological reactions to knowledge of prenatal diethylstilbestrol exposure, 17.9–32.6 yr old females, 12837
psychopharmacology & side effects of remoxipride vs thioridazine therapy, schizophrenic 19–67 yr olds, 16599
quinine administered in tonic water, haloperidol induced muscle stiffness & dystonia, 24 yr old male, case report, 34062
rapidly eliminated brotizolam or midazolam, REM sleep after induced transient insomnia, healthy male 18–22 yr olds, 28942
reliability & concurrent validity of Morrow Assessment of Nausea and Emesis with continuous self monitoring, chemotherapy outpatients, 16546
reliability of Dyskinesia Identification System: Condensed User Scale, monitoring for tardive dyskinesia, developmentally disabled 5–59 yr olds being treated with neuroleptic drugs, 31672
reserpine withdrawal, psychosis, 66 yr old Chinese female, case report, implications for dopamine receptor sensitivity, 34097
reversible acute dystonia following high dose fluperlapine, schizophrenic 21 yr old male, case report, 12912
risk of dependence on benzodiazepines & efficacy of alternative drugs, 12926
risks & benefits of antidepressant therapy, 15 yr old bulimic female, commentary, 34121
risks & benefits of long term benzodiazepines, adults, 16646
risks & benefits of psychotropic drugs, pregnant manic patients, 34106
risks & benefits of psychotropics & antipsychotics & antidepressants & lithium & benzodiazepines & impact on breast feeding, pregnant patients with psychosis or bipolar or unipolar or anxiety disorders, 26942
role of antipsychotic drugs & exercise & stress or other etiology, sudden death & cardiovascular effects, psychiatric patients, 1957–80, literature review, 12840
sedative & hypnotic effects of buspirone, sleep, 21–52 yr olds with generalized anxiety disorder, 34015
sedative properties of pipequaline vs diazepam, healthy 26–38 yr olds, Belgium, 25324
self hypnosis & cue controlled relaxation & guided imagery, chemotherapy associated nausea & emesis, 11 yr old cancer patient, 40724
serial pattern stimulation, visual EPs, 76 yr old female with visual impairment caused by ethambutol treatment, case report, 6179
serotonin reuptake inhibitors, efficacy & side effects, depressed patients, conference presentation, 19930
sertraline vs amitriptyline vs placebo, psychomotor performance & side effects, 50–67 yr olds, conference presentation, 18385
serum anticholinergic levels, extrapyramidal symptoms, schizophrenic 28–82 yr olds treated for drug induced parkinsonism with subsequent extrapyramidal symptoms, 23355
sexual function disturbances as side effect of antidepressants & MAO inhibitors & neuroleptics & benzodiazepines, 27010
short term diazepam at bedtime, sleep & side effects & withdrawal phenomena, insomniac 26–61 yr olds, 19963
short term lorazepam, complete loss of libido, 35 & 45 yr old males, case report, 9535
side effects & addictive liability of phenylpropanolamine, 30480
side effects & pharmacokinetic properties, choice of pharmacologic treatment of aggressive & disruptive behavior, patients with traumatic brain injury, 26954
side effects & treatment discontinuation of tricyclic antidepressants, adults with panic disorder or agoraphobia with panic attacks, 4 yr followup, 40790
side effects of concurrent lithium & ECT, literature review, 5857
side effects of lorazepam, 67–91 yr old psychiatric inpatients, 9482
sodium chloride, antidepressant induced orthostatic hypotension, female 18 & 20 & 44 yr old depressed patients, 19970
standards for informed consent & liability regarding side effects of benzodiazepine therapy, clinicians, implications for buspirone as alternative, 2507
stimulus orientation & spatial frequency, visual contrast sensitivity, 17–51 yr old psychiatric patients with drug induced parkinsonism, implications for dopaminergic deficiency, 32928
stress & thioridazine, sleep walking & night terrors & assault on wife, 44 yr old male, case report, 27009
subjective effects of 3,4-methylenedioxymethamphetamine, college students who were recreational users, 33384
suicidal ideation, patients with corticosteroid induced psychosis, 40753
sulpiride, development of acute hypertension, 76 yr old depressed female, case report, 40784
susceptibility to motion sickness, prediction of anticipatory nausea, cancer patients receiving chemotherapy, 2500
theophylline, development of psychotic reactions, 5 yr old with sleeplessness & disorientation of several day's duration, case report, 30477
therapeutic dose of diazepam over 6 wk period, psychomotor performance & psychophysiology, normal females assessed before vs after 1st daily dose, 14898
therapeutic substitution for barbiturates, seizure control, epileptic 15–64 yr olds refractory to barbiturates, Brazil, 6145
thyroid function & life course of illness, male vs female adults with bipolar affective disorder treated with lithium carbonate, 19960
Tourette-like symptoms following neuroleptic withdrawal, autistic 5.5 yr old male, case report, 26998
toxicity & pharmacological effects & sensitivity & drug interactions & overreaction & exacerbation of secondary disease with lofepramine vs older antidepressants, conference presentation, 30407
transdermal scopolamine, motion sickness & psychological performance & physiological functioning, literature review, 20003
transdermal scopolamine, psychological performance & visual functioning at sea, 18–40 yr old male naval volunteers, 9558
tranylcypromine, development of spontaneous hypertensive reactions, 21–40 yr olds with major depression with vs without bulimia nervosa, case report, 30464
tranylcypromine, dystonic reaction, depressed 65 yr old female, case report, 34081
trazodone induced anorgasmia, 60 yr old female, case report, 30460
trazodone induced libido increase, depressed 36–56 yr old males, 12920
trazodone, MAO inhibitor associated insomnia, 19–69 yr old psychiatric patients, 30490
trazodone side effects, 60–76 yr olds with major depression & various organic complaints, 30517
triazolam vs temazepam, immediate & delayed recall, insomniac adults, 6189
tricyclic antidepressant & diuretic drugs, development of hyponatremia, female 76 yr old with chronic depression & hypertension, case report, 34071
tricyclic antidepressant & lithium treatment, development of myoclonus, 43 yr old female with unipolar psychotic depression & 70 yr old female with bipolar disorder, case reports, 23372
tricyclic antidepressant S-3344, REM sleep, psychiatric inpatients, 23454
tricyclic antidepressants, anticholinergic side effects, patients, conference presentation, 9567
tricyclic antidepressants, development of acute jitteriness, patients with panic disorder, commentary, 30421
triphasic oral contraceptive, platelet imipramine binding & induced depression, 21–37 yr old females, 6205
type of antihypertensive drug, behavioral performance & side effects, humans & animals, literature review, 16644

utility & risk of toxicity with vitamins & amino acids & other nutritional supplements, persons in substance abuse treatment, implications for prescription by nonphysicians, 23751
utility & side effects of & prevention of relapse with neuroleptics, schizophrenic patients in psychosocial rehabilitation program, 6137
2-chloroprocaine, acute panic reaction, female 25 yr old following childbirth, case report, 37466
5-HT clinical pharmacology & side effects & efficacy, depression, conference presentation, 19941
5-HT reuptake blockers fluvoxamine & fluoxetine & citalopram, psychomotor & cognitive & memory functions & subjective effects, adults, commentary, therapeutic implications, 25254
5-HT reuptake inhibitors fluvoxamine & fluoxetine, neuropsychological & autonomic functioning & psychomotor performance & emotional state & side effects, adults, implications for therapeutic efficacy, 25277
5-HT uptake inhibitors, depression, conference presentation, 19992
Side Effects (Treatment) [See Also Side Effects (Drug)]
anxiety & depression & somatization & hostility, uremic female chronic hemodialysis patients with vs without hyperprolactemia, Italy, 34147
anxiety & nausea & vomiting & taste & odor sensation before & during & after chemotherapy, cancer patients, 6196
aspiration pneumonitis after ECT, 34 yr old female & 58 yr old male with gastroparesis & major depression, 23165
awareness of changes in physical appearance following cataract surgery, adjustment disorder with depressed mood, female 74 yr old, case report, 37671
chemotherapy &/or radiation therapy, neuropsychological functioning, childhood cancer patients, 2174
clinical profile & therapist relationship, development of relaxation induced panic, psychiatric patients, commentary, 2440
CNS prophylaxis, behavior problems, children under 16 yrs old with acute lymphoblastic leukemia, 33744
complications & risk factors of clinical & experimental hypnosis & prevention issues, clients with no prior history of similar problems, 1887 to present, literature review, 16672
complications of individual psychotherapy, inpatients in general psychiatric hospital, 2824
cranial irradiation treatment, learning disorders & retardation, 7–12 yr olds with leukemia, implications for educational diagnosis, 27052
demographic & clinical & treatment characteristics, prevalence of tardive dyskinesia & its subsyndromes, mentally ill inpatients receiving neuroleptic therapy &/or ECT, Nigeria, 37223
development of relaxation induced panic, patients with panic disorder, commentary, 2413
diagnosis & treatment of delirium & depression, physicians treating cancer patients with apparent psychosocial side effects from treatment or disease, 26500
discharge status, iatrogenesis, "temporary" residents discharged from nursing home, conference presentation, 2834
dosage of cranial radiotherapy in & age at time of CNS prophylaxis, intellectual ability & neuropsychological functioning, surviving children with acute lymphoblastic leukemia, 27077
ECT, organic euphoric state vs mania side effects & their diagnosis, 22–57 yr olds with endogenous depression, case reports, 2178
ECT, ventricular tachycardia & idioventricular dysrhythmia, male 71 yr old with major depression & no history of cardiac problems, case report, 37208
emphasis on staying sober & "tolerated unhealthiness" as necessary side effect in Alcoholics Anonymous, implications for psychotherapists, 37905
etiology & manifestations of amedicus syndrome, hospitalized patients in group health care, 2855
etiology & treatment of nausea & vomiting & dysphoria & other psychological side effects of chemotherapy, cancer patients, 12835
extrahepatic portacaval shunting, episodic confusion & tremor, 69 yr old male with cirrhosis associated with alcohol abuse, case report, 34182
hearing loss caused by irradiation of head & neck regions, humans & animals, literature review, 37672
hemifacial flushing during unilateral ECT, 16 yr old right handed female with catatonia, case report, 2194
hemifacial flushing during unilateral ECT, 16 yr old right handed female with catatonia, commentary on case report, 26694
iatrogenic aspects of professional psychology, 6635
lumbar puncture for research, objective & subjective side effects, 6.5–19.8 yr olds with disruptive behavior disorders, 16729
manic reaction to termination of radioactive iodine treatment of thyrotoxic nodule, 69 yr old male initially admitted for depression with suicidal ideation, case report, 12921
model of mass marathon organization training program using iatrogenic dynamic & required compliance, psychodynamics & emotional reactions to indoctrination, 20–51 yr olds, 23260
musical hallucinations following removal of right frontal meningioma, 43 yr old male, case report, 23508
peer review case management for insurance coverage authorization, psychotherapeutic alliance & transference in psychotherapy & iatrogenic factors, 36 yr old female, 23252
performed vs refused vasectomy & popularity & attitudinal change toward delayed physical & psychological sequelae, physicians & family planning clinic staff, 27092
placebo effects, reduction of postoperative swelling, 15–44 yr olds undergoing removal of impacted 3rd molars, 12973
postcardiotomy delirium & other psychiatric symptoms after open heart surgery, 1963–87, meta analysis, 30612
predisposing factors & consequences, incidence of acute confusional state, 65–96 yr old patients after femoral neck fracture surgery, 12969
progressive relaxation therapy, induced anxiety & relation to locus of control & fear of becoming anxious & losing control, 17–50 yr olds, replication, 23314
psychosocial sequelae of treatment, 18–60 yr old survivors of testicular cancer, 37222
psychotic reactions from adrenal gland grafts or l-dopa, patients with Parkinson's disease, 26704
radiation therapy, neuropsychological functioning, 30–65 yr olds with nasopharyngeal carcinoma, 37642
risk & epidemiology of psychopathology or personality disorders, surgically treated 16–50 yr olds with refractory presentation, 23510
side effects of concurrent lithium & ECT, literature review, 5857
side effects of passive vs progressive relaxation training, seriously disturbed 24–74 yr old inpatients, 33978
surgery & intensive radiation therapy, cognitive functioning, 8 yr old females with pineocytoma, 7 wk & 9 & 14 mo followup, 30564
surgery vs radiotherapy, pretherapy vs posttherapy neuropsychological test performance, 56–196 mo old brain tumor patients, 2587
thermal biofeedback vs progressive muscle relaxation training, psychological changes as treatment side effect, medicated essential hypertensive patients, 2404
unexpected & unwanted & unpleasant aftereffects of hypnotherapy, 34129
whole brain radiotherapy, development of dementia & ataxia & urinary incontinence, 43–71 yr olds with metastatic brain disease, 40834
Sight Vocabulary
teacher questioning involving unison vs individual ordered responding, sight word acquisition in homogeneous instructional groups, educably mentally retarded vs learning disabled 6.9–11.0 yr olds, 20485

Sign Language
behavioral approach to acquisition of Makaton sign language symbols, severely learning disabled 22 yr old male, 9438
Blissymbols vs signed English manual sign languge learning & recall using paired associates, 2.9–5.8 yr olds with phonologic programing deficit syndrome, 1952
contrast & additive noise in dynamic images, ability to identify visually presented American Sign Language, deaf persons, 2092
cues-pause-point training with generalization assessments, use of signed labels in question answering, moderately & mildly mentally retarded male 18 & 20 yr olds, 12784
description of pictures in written English vs sign language, locative prescription sentence errors, hearing impaired 12–20 yr olds vs normal hearing 6–9 yr olds, 29981
graphic representation of signs, word identification skill development, prelingually deaf 6–8 yr old beginning readers, 41346
language training using signs &/vs speech, language comprehension & production & spontaneous use, high vs low verbal imitating moderately to severely autistic 3–9 yr olds, 2881
learned relation between manual signs & pictures & printed words, receptive reading, 5.3 & 5.8 yr old profoundly hearing impaired preschoolers, replication, 31217
linguistic flexibility measured by frequency of nonliteral constructions in written & signed or spoken stories, deaf 8–15 yr olds, 5629
maternal strategies to relate signs to context, language development, deaf 7 & 15 mo olds & their deaf mother, longitudinal study, 40418
morphological priming, lexical organization of American Sign Language vs English, deaf college students, 40416
natural environment language training, acquisition & use of nouns in sign language, autistic 5.3 yr old male, 16688
real time graphic display & simultaneous interpreting & paid note taking, perceived helpfulness, hearing impaired college students, 27737
referential speech, sign language training, severely mentally retarded 5.4–9.8 yr olds & 12.1 yr old male with phenylketonuria, 20033
scope & rationale for use & intervention practices & effectiveness of sign language with school aged severely/profoundly mentally retarded students, speech/language therapists, 12940
sign language in classroom, right brain & creativity stimulation & education, students, 41228
sign language instruction, social interaction, hearing impaired & nonhearing impaired 4th–5th graders, 17313
sign language, reading & identification & retention of vocabulary, trainable mentally retarded 15–19 yr olds, 38232
signal &/or spoken symbols, language development, 2.5–4.8 yr olds with Down's or Klinefelter's syndrome or autism, 27038
signed & spoken language acquisition & development, 2.7 yr old female with Down's syndrome, case report, 29807
signed vs complete language instructional communication inputs, literacy achievement, hearing impaired 5–12 yr olds, 27705
social rejection & acceptance of American Sign Language, deaf vs hearing community, 20037
spatial bandpass filtering of dynamic images of American Sign Language signs & signal masking by noise in other bands, intelligibility, deaf adults fluent in sign language, 4537
spoken vs signed vs other method of communication in dreams as metaphor for human interaction, deaf adults, conference presentation, 12417
teaching program using behavioral script, interactive signing in social play & generalization to other situations, severely mentally retarded 8–25 yr olds, 20642

Signal Detection (Perception)
absolute signal phase & O's prior phase knowledge, detection of sinusoidal grating patterns in noise background, college students & staff, 236
air dilution olfactometer, measurement of olfactory signal detection, college students, 28207
application of hazard function related to probability distribution, models of redundant signals effect in bimodal detection task, 7217
auditory filter shape & sliding temporal integrator, detection of temporal gaps in sinusoids, normal 21 yr olds vs unilaterally vs bilaterally hearing impaired 56–72 yr olds, 33600
binaural masking level difference &/or comodulation masking release difference cues & modulation frequency, auditory masking, 18–26 yr olds, 10760
bromazepam doses, visual attention task & digit symbol substitution test performance & smooth pursuit eye movements, young adult males, 39330
carrier & modulation frequency, detection threshold for sinusoidal frequency modulation, 21–33 yr olds, 31812
comodulated vs noncomodulated noise components, single or multicomponent signals in single or multicomponent noise background, adults, 10761
complex tonal vs infratonal periodic sounds, temporal induction & masking limits & illusory continuity, adults, 17829
computer program, calculation of parametric & nonparametric signal detection parameters for sensory sensitivity & response bias, 10696
degraded vs intact 1st &/vs 2nd visual stimuli, response latency for same/different judgment, college students, West Germany, 35281
depth of modulation in master band & temporal position of signal, comodulation masking release, 22–38 yr olds, 31815
detectability analysis of visual memory performance data, hippocampectomized monkeys, 11163
detection & discrimination of frequency modulation of complex signals, 25–38 yr olds, 38807
display size & consistent vs varied response mapping, attentional demand in visual search & tone detection, 19–32 yr olds, 38739
envelope amplitude cue of narrow band noise vs pure tone signals, comodulated masking release & signal detection, 21–37 yr olds, 21241
error in coactivation vs separate activation, perception of redundant targets, college students, 14271
estimation of distribution of background noise & object detected, 38781
fixed favored position indicator analysis, determination of favored position in redundant target detection tasks, 7251
fixed vs dynamic sources of interaural phase differences, detectability of binaurally presented tone, females, 14326
forward masking & threshold & detectability of auditory nerve response, chinchillas, 14699
frequency of broadband & filtered noise signals, modulation & temporal gap detection, female college students, 14324
horizontal resolution & pixel & display width & alternative locations, vertical line detection in visual noise, Ss, 7335
interaural masker phase, binaural detection on monaural signal, adults, 10762
interaurally in vs out of phase signals presented at various delays after masker onset, overshoot phenomenon, adults, 14338
irregular presentation of sine vs square wave gratings, stimulus detection vs discrimination, Os, implications for visual system sampling scheme, 3751
masker vs modulator bandwidth vs signal duration, auditory thresholds for comodulation masking release, adults, 24793
models of false alarm rate calculation in signal detectability studies using method of constant stimuli, 38722
modulated vs unmodulated noise & frequency selectivity, detection thresholds & comodulation masking release, normal hearing vs cochlear loss hearing impaired 22–65 yr olds, 19525
monaural vs binaural combinations of signal & on frequency & flanking bands, thresholds for comodulation masking release & relationship to binaural masking level difference, adults, 24794
near absolute threshold formaldehyde odor, detection & perceived intensity, 18–30 yr olds, 31754

nontarget vs target form's global shape & parafoveal presentation & spatial attention & eye fixation, gap detection accuracy, college students, 28230
number of grey levels in digital displays, visual detection of simple line signal in visual noise, adults, 10743
number of stimulus set & reinforcer frequency ratios, discrimination of different color wavelengths, pigeons, 38972
numerical detection for different Markov chains of stimuli, college students, application of signal detection theory's expected value observer rule, 3681
performance of verbal discrimination vs detection vs semantic classification tasks, auditory EPs, male 14–17 yr olds, 4124
predictability of preceding phrase & signal to babble ratio, word recognition performance, 19–24 yr olds, 14360
psychophysical methods in experimental design, multimodal signal detection studies, 21204
rate of change of signal frequency &/or level, duration discrimination & detection threshold, adults, application of new estimation method, 17816
repeated visual images, noise limited visual detection & discrimination & inconsistency, Os, application of internal noise component model, 3721
repetition of visual target requiring unitary vs divided attention, redundancy gain in RT, college students, 31783
sensory isolation vs alertness vs relaxation, signal detection task for altering vigilance, college students, 24729
sequential analysis of visual discrimination based on ideal observer concept in signal detection theory, 24741
signal detection analysis of information processing during lithium therapy, manic depressive patients, 9530
signal detection methodology, envelope clairvoyance in relaxed vs normal state, adults, India, conference presentation, 21008
signal detection theory & method of constant stimuli, detectability of pyridine, 21–34 yr olds, 31764
signal detection theory, analysis of spatial gap acceptance in driving decisions under conditions of frustration, 26–43 yr olds, 13762
signal detection theory in marketing & advertising, 13968
signal detection theory, measurement of accuracy of diagnostic systems, 10545
signal to noise ratio in simulated EP waveforms, accuracy of P300 latency estimates using frequency & spatial filtering & signal detection techniques, 35218
simultaneous pure tone masking in frequency region of normal hearing vs hearing loss, temporal effects in signal detection, 61–67 yr olds with high frequency hearing loss, 22881
simultaneous ratings on separate stimulus components, estimation of parameters of multidimensional signal detection theory, 14231
spatial frequency of vertical sinusoidal signal grating & low vs high pass visual noise & temporal envelope & stimulus drift direction, spatial frequency tuning & detection, adults, 14280
spontaneous vs read speech materials, RT to detect word initial target phonemes, 22–45 yr olds, 28278
statistical analysis & interpretation of concurrent detection rating task, assessment interaction among sensory signals, 38716
stereoscopic viewing & 0 vs equal noise patch vs signal disparity, detection of apertured grating, adults, implications for model of visual analog to binaural unmasking, 31801
Type A vs Type B, sensitivity to variations in control & willingness to acknowledge control over outcomes, male college students, 5070
use of signal detection theory, quantification of Mueller Lyer illusion, college students, 24756
vasopressin vs d-amphetamine vs desglycinamide vasopressin, visual attention performance & signal detection measures, male rats, 11293
white noise during cardiac cycle, brain electrical alpha & baroreceptor activity during signal detection, college students & teachers, 725
2-stage model using signal detection theory, invalid response pattern detection for California Psychological Inventory, college students, 31627
Signal Intensity [See Stimulus Intensity]
Significance (Statistical) [See Statistical Significance]
Silent Reading
frequency analysis of EMG activity during silent phoneme reading, right handed school age children, 29026
oral vs silent reading & testing format, recall for text idea units of varying thematic importance, 12–41 yr olds with learning disabilities, 3267
oral vs silent reading vs listening, comprehension, 7–8 yr olds, 21945
reading time per word & per syllable in oral vs silent reading, stuttering 23–45 yr olds, 26418
Similarity (Stimulus) [See Stimulus Similarity]
Simile [See Figurative Language]
Simple Schizophrenia [See Schizophrenia]
Simulation [See Also Computer Simulation, Flight Simulation, Heuristic Modeling, Markov Chains, Mathematical Modeling, Simulation Games, Stochastic Modeling]
altitude during simulated climb of Mount Everest, cognitive functioning, adults, 21646
attitudes toward use of simulated clients in psychotherapy training, counselors, India, 20389
biasing pretrial publicity & length of trial, strength of experimental manipulations, college students as mock jurors, implications for actual juror behavior, 25787
cognitive simulation mathematical model of antisubmarine warfare commander, data fusion in estimation of enemy submarine tracks & interaction, experienced Navy personnel, 27981
concurrent VI choice as simulation of naturally occurring food procurement in patchy environment, rats, 31919
constant stimuli vs adaptive trial placement, variability & bias in simulated threshold estimation, 17715
extended play Prisoner's Dilemma game using various opponent strategies, time & cost of cooperation training, simulated character who learns only by CRs, 35381
general case simulation on job task sequences, actual community job site performance, moderately mentally retarded 19 & 21 yr olds & 20 & 24 yr olds with Down's syndrome, 27299
Monte Carlo techniques, analysis of regression approaches to external unfolding, conference presentation, 38712
parallel distributed processing model using neural network vs traditional symbolic models using rule based processes, simulation of human cognition & information processing, 24842
pseudoautomatization in user machine system, dual task interference without secondary task effects on cognitive processes, simulation, 17427
reliability & validity of simulation method, assessment of management style, adult managers, 3640
robustness of t test of correlation coefficient & need for simulation studies, 14228
simulated chemical defense warfare training & demographic characteristics, biopsychological responses & termination, Army Reserve personnel, 41518
simulation model of DRG based prospective payment system for Medicare coverage of psychiatric care in general hospitals, 16860
structural memory network model for human perception of serial objects, 38940
use of theater majors as clients in interview simulation for undergraduate psychology course, college students, 24001
Simulation Games
antecedents & level of team cohesion, economic performance, college students playing business game, 8371
direct vs analogous identification in simulation game, attitude change, college students, 1418
face validity & predictability of top management simulation game, business college students, Israel, 3143
marketing simulation game participation, knowledge acquisition & final exam performance, business students, 34666

methodology of decision making in economic management game, deterministic chaos, college students, application of economic long wave vs production distribution system models, 24352
microcomputer based game C.I.T.I.E.S., empirical research on strategic distributed decision making, 17874
psychology & related topics covered in Simulation & Games journal, 1979–89, 38549
simulation game construction with goals & interdependence of actions, simulated community conflict & esteem in high school & collective decision making for social theory development, players, 39900
simulation game with role playing & behavior modeling, attitudes & behavior & learning transfer regarding traffic safety, 5 yr olds, Canada, 19712
simulation gaming in business course, strategic management goal setting skills, college students, 17179
Simulators [See Simulation]
Sin
belief in sin & grace & anxiety & neuroticism & locus of control & self efficacy & depression, college students, 22442
fear of commission of "unforgivable sin", male adults with various psychiatric disorders, 15765
guilt & belief in sin & grace, self awareness & empathy & depression, college students, 22443
narcissism & preoedipal development vs Oedipus conflict as basis of original sin, commentary reply, 36233
original sin as manifestation of preoedipal drive toward omnipotence arising from primary narcissism vs Jesus as anti-Oedipus, commentary, 36234
primary narcissism vs developmental stages & oedipal motivation as basis of original sin, commentary reply, 36257
religious orientation & sin related beliefs vs irrational beliefs as identified by A. Ellis, Protestant college students, 25711
Sincerity
age, disclosure of facts vs internal events & recognition of conflicts with others vs internal divisions, 8th–12th graders, 1139
genuineness & empathy & unconditional positive regard & psychotherapist personal power, growth in client centered therapy, 26801
Single Cell Organisms [See Microorganisms]
Single Parents
adjustment & functioning, 8–17 yr old same sex siblings & parents in single parent divorced vs 2 parent families, 4858
changes in social embeddedness & enacted support, adjustment to divorce, 23–43 yr old divorced mothers, 1 yr followup, 29225
cognitive reframing techniques, facilitation of hopefulness & well being, children & parents from divorced or single parent families, 37309
community service preventive intervention program, coping & support following separation or divorce, custodial parents & their 6–17 yr old children, 9724
divorce & single parenthood, adjustment, Black vs White children & adults, literature review, 15165
E support & informed advice during followup study, mother child interactions, 3 yr olds & their adolescent &/or unmarried mothers, 3 yr followup, 22198
emotional & personality & physiological & ethical & legal & economic factors, choice of single motherhood by artificial insemination, 25747
epidemiology & correlates of psychiatric & psychosomatic disorders including enuresis, male vs female 14 yr olds in single parent families, Finland, 15587
extended family relationships, Mexican American vs Anglo single mothers, social program implications, 15312
family stressors & types & resources & parental coping patterns & child health indices, 1 & 2 parent families of 3–22 yr olds with cerebral palsy, 37105
friendship network during 1st yr of single parenthood, Mexican American vs Anglo mothers, 15313
life skills training program, single mothers, 6060
mother's marital status, report of child's health, Mexican American vs White vs Black 6 mo to 11 yr olds & their parents, 4553
parental discipline, coercive & antisocial behavior, male 6–8 yr olds from recently separated single mother families, application of structural model, 15142
parental separation, creativity & divergent thinking, 3rd–5th graders from single parent families, 21892
personal & family adjustment & job satisfaction & child care arrangements & interest & participation in support groups, single mothers in US Air Force, 31480
personality traits & communication & behavior styles, mother son relationship, single mothers, 39792
predictive variables, development of social competence in children, single mothers & their 8–11 yr olds, 29135
psychological disturbances, 4–14 yr old children of single Indian Black parents, South Africa, 1677
self vs parental rating of self perception & self esteem & social competence & behavior problems, 6–16 yr olds in single mother vs father families, 36174
social context, single mothers, Canada, implications for social policy, 4848
social support needs & reception & sources, adjustment, 6–17 yr olds & their single divorced mothers, 29224
sources of stigma & stress, single mothers, implications for intervention, 29245
stress & coping & self esteem & social support & economic hardship, low income single mothers, 1208
stress coping group model, 24–47 yr old single parents, Israel, 37412
violent adult modeling, characteristics of violence experienced from their children, single mothers, 5438
work & family orientations, employed vs unemployed female heads of household, Puerto Rico, conference presentation, 31397
Single Persons
age & other demographic characteristics, media usage habits & attitudes toward advertising & technology, divorced vs never married vs widowed adult females, 20934
cognitive & behavioral characteristics of desperate/dependent vs solo pioneer polarities, single females, implications for cogitive behavior therapy, 8461
eclectic psychotherapy with psychodynamic & behavioral components, psychological & social & childrearing & economic problems, divorced mothers, 12633
estimates of stability & social desirability of male vs female 1–5 yr olds' personality characteristics, unmarried females vs mothers, Japan, 36181
food consumption preferences, cohabitating vs single male vs female adults, Australia, 39794
health & well being & social interaction & household & family structure, never married 58–63 yr olds, 10 yr study, implications for long term care planning & policy, 32587
lack of societal roles, life satisfaction & social support, 65–94 yr old childless widows vs single females, implications for social work, 32582
liaisons with married males, exploration of sexuality & gender norms, unmarried female adults, 22279
self esteem & social support & loneliness, life satisfaction, never married 27–46 yr olds, 5024
sexual & contraceptive issues & unplanned pregnancies, 18–44 yr old divorced single females, 25810
sexual behavior, unmarried male vs female college students, 1975 vs 1980, Colombia, 39858
sexual experience & attitudes & use of contraception, unmarried college students, Israel, 11689
Sisters
qualitative aspects of sibling relationship, 12–69 yr old sisters of moderately to profoundly developmentally disabled 8–69 yr olds, 26369
Sixteen Personality Factors Question
cross validation of four point 16PF codes, 16–66 yr old incarcerated male offenders in reception & diagnostic center, 21129
factor theories of personality & validity of 16PF, literature review, 38610

factoral structure of intercorrelation matrix of Hebrew versions of 16PF & Clinical Analysis Questionnaire & MMPI, adult males, Israel, 14142
generalization of corrections for factor scores in 16PF test manual, male 17–71 yr old felons who distort scores to maximum degree, 35201
incidence of 4 point codes & overall profiles on 16PF, 17–71 yr old male felons, 15894
instructions for taking 16PF & Eysenck Personality Questionnaire, social desirability indexed by Lie scale, adult male applicants for public vehicle driving license, Israel, 31564
levels of sizothymia-affectothymia on 16PF, religious vs intellectual vs bureaucratic vs democratic leaders, India, 5031
predictive power of 16PF vs Children's Personality Questionnaire, 11 yr old twin pairs & parents, 18 mo study, 7149
variance overlap & canonical dimensions between 16PF assessed normal personality vs Psychiatric Status Schedule assessed psychopathology, mentally retarded 14–16 yr olds, 7052
3 factor solution for 16PF & extraversion & psychoticism & neuroticism assessed by Eysenck Personality Questionnaire, college students, 17685
Size [See Also Apparent Size, Body Size, Brain Size, Family Size, Group Size, Litter Size, Size Constancy, Size Discrimination]
brightness contrast & stimulus size, apparent convergence for Cafe Wall & Hollow Squares illusions, adults, 267
color, categorical judgments of pictured object size & animation, college students, 14362
display size & background texture, parallel vs serial processing in feature discrimination task, college students, 17761
domain dependency & specificity, presence & absence of length specific orientation contrast, commentary, 28269
dot size, estimation of numerosity, college students, 24743
food pellet size, eating or hoarding behavior, infant to adult rats, 25018
Gabor patch size with constant spatial frequency, contrast perception thresholds using magnitude estimation & contrast matching, experienced Ss, 14256
letter size & contrast level, letter recognition threshold, adults, implications for role of early stages of visual processing, 221
object size & tolerance for grasping error & movement speed, finger-thumb aperture & wrist velocity in prehensile movement, male 19–25 yr olds, 21205
pattern size & spatial frequency content, maximum spatial asynchrony & stroboscopic perception, adults with emmotropia, 28231
pattern size, movement perception, college & graduate students, 17797
penis size increase between flaccid vs erect states, males with smaller vs larger penises, 11070
physical size of digits vs number words vs number hand sign pairs, Stroop effect & visual field asymmetries in numerical size judgments, American Sign Language & English bilingual 20–39 yr olds, 24766
psychological & sociological perspectives, model of declining organizational size, 31441
retinal size & distance of figures, mental rotation RT, college students, 7350
shape vs size vs texture of stimuli, word extension in lexical learning, 2 vs 3 yr olds vs college students, 29066
simulated organizational structure & size & management level within hierarchy, perceived need satisfaction, male college students, India, 20868
sinusoidal size change with vs without blur vs disparity change, accommodation & convergence responses, 19–38 yr olds, 14295
size of moving target & uniform vs contour background pattern moving in same vs opposite direction, perceived direction during visual tracking, college students, 7341
termination of severe housing size restriction, behavior, laying hens, 397
unexpected dissimilar vs similar size circles, RT for same vs different responses, college students, extention of research by D. L. King, 24752
unlimited duration vs tachistoscopic presentation & stimulus size & perceptual style, individual differences in rod & frame test, college students, 17778
Size (Apparent) [See Apparent Size]
Size (Group) [See Group Size]
Size Constancy
size discrimination & constancy, binocular & monocular goldfish, 10888
Size Discrimination [See Also Apparent Size]
absolute vs comparative judgment, RT on size perception task, postgraduate students, India, 7294
age, internal representations of sizes of buttons vs plates vs shoes, 2–4 yr olds vs adults, 25520
bowed serial position effect, comparative size judgments in infinite set experiments, college students, 31895
comprehension of projective size on TV, 3–4 yr olds, 32367
delayed cues, line length & shape discrimination, adults, 252
development of size scaling in human vs dog figure drawings, 3.6–6.5 yr olds, 4649
fixed set method, visual perception of size in relation to lightness, college students, 35298
intershaft wing removal, judgment of Mueller-Lyer illusion line length using comparison vs independent judgment procedure, college students, 38780
judgment of size of objects with same vs different dimensions, college students, 10749
normal vs perceptual standards, size judgments, 2–4 yr olds vs college students, 4591
random trial to trial variations in target disparity, angular & objective velocity vs size discrimination & constancy, adults, 35295
recalled vs imaged size distance estimates & visual context descriptions for familiar objects, college students, 24873
relative vs absolute size of objects, size weight illusion, college students, 14245
salience of angle & velocity information & distal mass ratio of object, heuristic model of judgment of mass of 2 objects involved in collision, adults, 31786
size & distance of stimuli, perception of vista paradox, adults, 24771
size discrimination & constancy, binocular & monocular goldfish, 10888
size judgments for 1 vs 2 dimensional objects, college students, India, 7346
target differentiation by size &/vs brightness, visual search RT, preschoolers vs adults, test of mathematical models of visual perception & pattern recognition, 36094
unexpected size or shape of visual stimuli, RT, college students, 31781
use of nonegocentric functional standard, assessment of object size according to function, 3–5 yr olds, 39528
Skeletomuscular Disorders [See Musculoskeletal Disorders]
Skewed Distribution
course grouping & skewness in distributions or base rates, correlations with dichotomous behavior measures, 10681
method for correction of means & variations & correlations, sample distributions skewed by ceiling limits, 14189
Skill Learning [See Also Fine Motor Skill Learning, Gross Motor Skill Learning]
acquisition of domain specific knowledge, performance of complex computer data entry job, 32 yr old female with organic amnesia, implications for vocational rehabilitation, 2874
acquisition of self reliance skills, rural agricultural development, India, 31473
behavioral approach for teaching hand laundering skills, moderately mentally handicapped 45 yr old female, 9475
blocked vs randomized practice, access to working memory consistent with ACT theory of skill acquisition, commentary, 24857
Carleton skill training program, hypnotizability, commentary reply, 35422

cognitive & academic skills training, academic achievement & cognitive performance & self esteem, male 7.4–12.3 yr olds with attention deficit disorder & hyperactivity receiving stimulant medication, 5837
cognitive ability & information processing, individual differences in skill acquisition, adults, 331
cognitive models of skill acquisition in group supervision environments, counselor trainees, 20377
cognitive reasoning levels, validation of hierarchical relationships among Piagetian cognitive modes & integrated science process skills, 7th–12th grade science students, 8070
computer assisted vs keyboard vs robot instruction, programing & word processing skills, K–2nd graders, 10040
computer simulation model, assessment of LOGO computer programing language debugging skills, 7–9 yr olds in LOGO course, 989
computerized file management program & social science activities, information processing & problem solving skills, 7th–12th graders, 10107
conflict between acquisition of skills & development of person of psychologist in graduate education, 37967
content analysis of current trends & future directions in psychological skills training approaches, 1980–88, 24498
decreasing prompt hierarchy vs time delay procedure, teaching banking skills, moderately mentally retarded 15–19 yr olds, 30383
development & evaluation of workshop program, decision making confidence & effectiveness & coping behavior, 19–65 yr olds, 26878
elaborative vs behavioral rehearsal, acquisition of fire emergency skills & reduction of fear of fire, 3rd graders, 23329
executive strategy training, metacognitive knowledge & ability to generate problem solving strategies & classroom grades & self reliance & work quality, learning disabled 10th–12th graders, 20592
expectancy & task value ratings, achievement behavior in physical education skills classes, college students, 31118
facilitation training, word finding skills, 9.1–10.4 yr olds with language impairments, 34134
fieldwork education & clinical reasoning, occupational therapy students, 37969
flight simulator platform motion, performance & skill acquisition, air transport pilots with vs without prior experience, 24383
forward vs concurrent chaining strategies, teaching use of washing machine & laundry soap dispenser, moderately or severely mentally retarded 16–19 yr olds, 20245
goal specificity & task complexity, basketball skill development, college students, 31495
higher level consistency tasks, decision making & skill development, college students, 17887
increasing assistance vs time delayed manual guidance response prompt techniques & observational learning, drink & snack making self help skill learning, developmentally delayed preschoolers, 33981
individualized curricular sequencing, acquisition & generalization of skills, 2.9 & 3.2 yr old males attending school for developmentally delayed & multiply handicapped students, 10171
initial skill level & age & other variables, cardiopulmonary resuscitation skill decay, male vs female shop floor & office workers, 10830
instance theory as alternative to modal theory, cognitive & behavioral aspects of skill acquisition & automaticity, 10838
instrumental vs movement activities vs music listening, ability to follow directions, trainable mentally retarded 16–40 yr olds, 9302
kinesthetic feedback &/vs prediction of knowledge of results, acquisition of shooting task, 18–27 yr old college physical education students, 6672
learning of complex cognitive skill, 64 yr old male with Korsakoff's amnesia, 22781
Learning Record, assessment of counseling skills development for certification, staff in postcompulsory education & training, 38013
learning technological skills to operate electronic memory aid, 14–70 yr olds with amnesia vs brain injuries, 37187
mental multiplication problems, response latencies & use of counting vs retrieval strategies, 3rd vs 4th graders, 31116
menu availability & method of command entry, computer performance, college students, 38471
microcomputer assisted instruction in reading & mathematics, acquisition of basic skills, low achieving 4th–6th graders, 3255
microcomputer skills training program, physically disabled 22–67 yr olds in rehabilitation, 34356
Minimal Manual vs commercially developed self instruction manual, efficient learning progress on computers, office workers, conference presentation, 10341
new techniques & skills in occupational therapy, ability to master skills & adjust to community living, mentally handicapped persons, 2865
occupational therapist's role in independent living skills training, community based mentally retarded 16 yr olds & older, 20235
parallel vs separate processing of consistent vs varied mapping tasks, RT & P300 response latency, college students, model of skill acquisition & automaticity, 24880
practice & single task training & transfer from single to dual task performance, implications for connectionist/control architecture in skill acquisition, 17906
pseudoshaping vs specific vs schema practice procedures, basketball skill acquisition, 1st graders, New Guinea, 8011
reading of instruction manual for text editing program with vs without opportunity for questions, text editing performance & rated difficulty of manual, novice 19–54 yr olds, 10773
role playing procedure & generalization effects in training program for cafeteria use, moderately to severely mentally retarded adults, 30775
self memory training, memory performance & satisfaction with memory, older adults, 3 yr followup, 15248
self modeling, mathematical skill learning & achievement & self efficacy, elementary school students, 34661
simulation & compliance & skill training, hypnotizability, commentary, 35414
skill training with vs without faking, hypnotizability, 18–32 yr olds, 35421
small group discussion based training of self directed critical thinking, problem solving, 4th–5th graders, 17149
stimulus modification vs response prompting vs naturalistic vs error manipulation teaching strategies, skill learning, moderately to severely handicapped students, literature review, 17246
strategy training vs unstructured practice, performance on WAIS-R block design test, alcoholic males, 15967
structural transformations & optimal conditions, skill acquisition & generalization, 15067
summary knowledge of results, skill acquisition & retention, college students, 24886
supported jobs model of vocational rehabilitation, provision of competitive work experience, moderately retarded 19 yr old female, 9861
systematic skill training, practicum instruction & clinical research in social work education, 13423
teaching of optimal planning strategy, planning ability, educable mentally retarded students, 17271
teaching principle based rules in skill instruction, trainee flexibility & accuracy in skill performance in various situations, professional trainers, 24332
text structure recognition & utilization training, recall of expository prose, learning disabled high school students, 20641
thinking skills training program, transfer of cognitive skills, mentally handicapped 21.7–43.3 yr old clients in sheltered workshop, 16903
user selected vs nominated vs original technical terms, word processing instruction comprehension & performance, computer naive college students, 10423

variability vs consistently mapped contex, perceptual learning skills for words in visual search task & transfer between target & distractor, 17888
viewing of videotaped consultation interactions with vs without overt verbalization of problem solving process, problem definition skills, female education students, 17104
within task intercorrelations & prediction of individual differences in skill acquisition & ability/performance covariance, commentary, 24669
working memory, procedural skill learning, 17–27 yr old Air Force recruits, 366
Skilled Industrial Workers
development & validity & reliability of rated ranking performance appraisal technique, skilled & semiskilled mine & processing plant employees, 17617
exposure to organic solvents, memory & manual dexterity & perceptual accuracy & vigilance & perceptual motor speed & subjective symptoms, male automobile painters, India, 38452
Skills [See Ability]
Skin (Anatomy)
attitudes toward & use of "maquillage" practice, male vs female 15–24 yr olds vs adults, Africa, 4799
behavioral smoking cessation with transdermal nicotine substitution, adult smokers, 37883
electrical skin stimulation, activity of dorsolateral commissural interneurons in spinal cord, frog embryos, 4279
mental disease patterns, cutaneous self mutilating 17–64 yr olds, Denmark, 15846
odor of substances from shed epidermis of same vs different species, attraction of neonates & functional significance, plains garter vs congener vs viperid snakes, 487
sex dimorphism in human skin color & its social perception across cultures, 21472
skin & ear self mutilation, paranoid schizophrenic 35 yr old male, case report, 29644
skin surface sampling, identification of nicotine, smokers, 32757
sport term capsaicin, perceptual response on hairy skin, 21–33 yr olds, 28209
stimulus surface & duration & skin temperature, pain vs detection thresholds for short carbon dioxide laser pulses to hairy vs glabrous skin, 21–51 yr olds, 18232
Skin Conduction [See Skin Resistance]
Skin Disorders [See Also Allergic Skin Disorders, Alopecia, Dermatitis, Eczema, Herpes Simplex, Lupus, Neurodermatitis, Pruritus]
ability of representation & symbolization assessed by Object Relations Technique, patients with psoriasis vs schizophrenia, 15581
adverse cutaneous reactions to desipramine, 5–17 yr old psychiatric outpatients, 12828
amitriptyline & lithium, development of psoriatic arthritis, 31 yr old female treated for affective disorders, case report, 2536
body image & inferiority, 18–35 yr olds with vitiligo, India, 37008
frequency of concomitant pain & dermatological & allergic disorders, Vietnam veterans with PTSD, 8755
hypnotic suggestion, wart regression, 10–74 yr olds, 12937
imagery & meditation, psoriasis symptoms, female 25 yr old, case report, 37427
meditation &/vs individualized imagery technique, 20–50 yr olds with psoriasis, 19888
psychocutaneous characteristics, psoriasis patients who react vs do not react to stress, 37038
role of mind & brain & effector systems in development of psychosomatic skin disorders, 5722
stress, precipitation & perpetuation & mediation of skin disorders, 26548
stressful life events, adult psoriasis patients, 16110
Skin Electrical Properties [See Basal Skin Resistance, Skin Potential, Skin Resistance]
Skin Potential
high vs low alexithymia, electrodermal activity, patients with anxiety or phobias or obsessional disorders, 8698
Skin Resistance [See Also Basal Skin Resistance]
abstract art with single vs double axis symmetry transformations, skin conductance & aesthetic evaluations, college students, 11096
anticipation of electric shock & intelligence test, pulse rate & finger pulse volume & skin resistance, male 17–30 yr old aerobic exercisers, 716
anticipatory stress, skin conductance & heart rate changes, college students, 21621
anxiety producing noise followed by innocuous visual stimulus, & skin nonductance level feedback, electrodermal responses, college students, 14739
attention & psychophysiological correlates of electrodermal lability, male vs female college students, 25075
attention to vs ignoring changing tone pitch described as skin conductance feedback vs neutral stimulus & pleasant vs unpleasant slides, affective slide ratings, college students, 3880
brief auditory tones vs ritual evoking object, habituation of skin conductance & arousal & anxiety, patients with obsessive compulsive ritualization, 5264
cigarette smoking, bilateral skin conductance of orienting reflex, 18–30 yr olds, 14889
degraded stimuli in visual continuous performance task, rapid vigilance & skin conductance, college students, 7738
differential Pavlovian conditioning with 2 colored stimuli with vs without shock & complementary elements, skin conductance responses, 21–29 yr olds, 21302
drug related cues, heart rate & skin resistance & desire for & difficulty resisting drugs, adult cigarette or heroin current vs former users vs nonusers, 12241
electrodermal lability, effects of stimulus presentation rate & methylphenidate on prediction of paired associate learning, hyperactive male 8.2–12 yr olds, 5383
electrodermal lability, performance on dichotic listening task & skin conductance response levels & habituation & EEG responses to auditory stimuli, college students, 18122
expressed emotion of relative, skin conductance responses, schizophrenic 16–64 yr olds, 8734
facial vs neutral stimuli, eyeblink rate & skin conductance responses, 8–31 yr olds with social phobias, 33129
heart rate & skin conductance & neck EMG & other physiological responses, 18–45 yr old females with severe premenstrual symptoms, 40517
honest vs deceptive immediate vs delayed answers to autobiographical questions, skin conductance, 19–40 yr olds, 25102
imipramine with vs without exposure therapy, heart rate & skin conductance, 21–55 yr olds with agoraphobia with panic attacks, implications for heart rate as measure of emotional arousal, 9298
induced cognitive stressor, skin temperature change & recovery time, gifted vs nongifted 7th–9th graders, Canada, 25412
loud tones during oral presentation of story, habituation of skin conductance response, 12–61 yr old monozygotic vs dizygotic male vs female twins reared together vs apart, 4125
marathon vs twice weekly encounter groups, skin conductance & personality variable change, college students, 23308
measures of heart rate & basal & spontaneous skin conductance, college students with extreme scores on Extraversion & Neuroticism scales of Eysenck Personality Inventory, 18179
mental arithmetic task performance, BP & heart rate & skin conductance, Black vs White 34–55 yr old normotensive males, 28688
modulation of level of attention during RT task & skin conductance, acute schizophrenic patients vs neurotic outpatients, 22544
neuroleptic drugs with low vs high anticholinergic properties, electrodermal response to soft tones vs loud noise, schizophrenic adults, 9517
noise, multiplication task efficiency & skin resistance, postgraduate students, India, 21605

nonconscious face recognition as assessed by electrodermal skin conductance, 20–71 yr olds with face agnosia, 19639
orienting & defensive & consonant vowel stimuli, skin conductance responsivity, psychopathic criminals, 22745
paired auditory & visual & vibratory stimuli with miscues, skin conductance amplitude & RT, college students, 35680
personality traits & psychometric variables & heart rate & skin conductance levels, 20–39 yr old Blacks vs Whites, 28673
skin conductance & heart rate, females with PMS, 5691
stimulus novelty & serial position & significance, skin conductance component of orienting response, college students, Israel, 28671
task relevant vs neutral stimuli, habituation of visual single trial event related potentials & skin conductance orienting response, college students, 3738
threatening vs neutral homophones, interpretative bias & skin conductance response, recovered vs currently anxious patients, 19169
tone discrimination task & buttonpressing response with left vs right hand as behavioral consequence, bilateral skin conductance orienting reaction, adults, 11023
transcutaneous electrical nerve stimulation applied to contralateral lower leg, phantom limb sensations & stump skin conductance, 23 yr old male amputee, 33558
trials to electrodermal habituation scores based on 2 vs 3 no response trials, male college students, implications for comparisons with other studies, 25116
visual vs auditory stimuli, skin conductance responses, 60 yr old male with amygdaloid complex damage due to herpes simplex encephalitis, 37170

Skin Temperature
adjunctive strategies to enhance peripheral warming biofeedback training, biofeedback therapists, 16522
biofeedback training, frontal EMG & digital skin temperature & possible general relaxation effect, college students, 23339
biofeedback training to vasodilate in cooling environment, vasospastic attacks, 21–63 yr old Raynaud's patients, 19914
repeated ingestion of alcoholic vs nonalcoholic beverages in different environments, conditioned heart rate & skin temperature, adult social drinkers, 7918
smoking, heart rate & skin temperature & pulse transit time, Type A vs Type B male college students, 28830
temperature biofeedback control & hypnotic ability, 8–15 yr olds, 8061
temperature biofeedback, nonneural beta adrenergic vasodilating mechanism, Raynaud's disease patients, 16485

Sleep [See Also NREM Sleep, REM Sleep]
age & halothane narcosis vs neuroleptanalgesia vs halothane/fentanyl anesthesia, postoperative EEG sleep patterns, medical patients undergoing minor surgery, 2202
age & sex, effect of cholinergic agonist RS 86 on REM & NREM sleep & mood, healthy 18–65 yr olds, 11290
age of onset, sleeping EEG patterns, depressed elderly, 11927
age, wrist movements over 9 days & sleep duration, male 21–83 yr olds, 965
anxiety, mothers of infants on home apnea monitors, 1–3 & 3–6 mo followups, 37665
apomorphine vs bromocriptine vs pergolide vs haloperidol, sleep & wakefulness, male rats, 14904
arousal & sleep polygraphic findings, 28 yr old male with Gilles de la Tourette syndrome, Italy, case report, 30087
auditory signal for jaw muscle relaxation, muscle tension response to signal during sleep, college students, 7739
bedtime routines, nocturnal sleep patterns, institutionalized vs noninstitutionalized elderly females, 9782
behavioral intervention, control of abnormal breathing during sleep, 27–71 yr olds with sleep apnea, 33953
behavioral sleep difficulties, normal children, 5634
beta carboline ZK 93 426, sedation & lormetazepam induced vigilosomnogram & cognitive changes, 20–40 yr old males, 14842
body movements during sleep, healthy vs neurologically damaged infants, 1 wk & 1 & 3 mo followups, 9046
body size & weight & metabolic rate, quiet & active sleep, 69 species of mammals, 18153
brain stem auditory EPs & body temperature during nocturnal sleep stages, adults, 11008
brain stem auditory EPs, estimation of auditory threshold during sleep vs wakefulness, 22–34 yr olds, 614
brief naps, mood & EEG sleep, sleep deprived hospitalized depressed veterans, 37219
butoctamide hydrogen succinate & intensive learning sessions, nocturnal sleep, young males with Down's syndrome, 26953
carbachol dose levels into pontine reticular formation, desynchronized sleep, cats pretreated with centrally administered atropine, 35772
cholecystokinin octapeptide, sleep parameters, fasted male rats, 39278
chronic caffeine, sleep parameters, cats, 39395
chronic heat exposure, temporal distribution of sleep stages, 20–29 yr old males, 21650
circadian placement of nap, alertness & visual RT & temperature cycles, sleep deprived 18–30 yr olds, 21636
circaseptanary sleep biorhythms, patients with neurosis vs sleep disturbances vs drug withdrawal, conference presentation, 19034
clomipramine, sleep EEG & nocturnal penile tumescence, healthy 23 yr old male, 18450
cognitive & sensorimotor test performance, sleep & neurochemistry, aged rats, 35619
cognitive activity during sleep, responsiveness to auditory stimuli, female 18–25 yr olds, 21606
construction of Children's Sleep Behavior Scale, parental ratings of sleep behaviors, 1st–6th graders, 31594
decrease in ambient temperature, sleep disruptions, young vs aged cats, 14751
development of sleep cycle & sleep state characteristics, premature & full term newborns, 11349
diagnostic subtype & age & gender & DST response, sleep EEG, depressed adults, 8625
DST, sleep EEG & cortisol response, 11–20 yr olds with major & minor depression, 5141
duration of prior wakefulness vs biological mechanisms, EEG power density during naps, female college students, 11017
ECT, polysomnography & post-DST cortisol, 44–77 yr olds with major depression, 12586
EEG sleep & cholinergic REM induction test, anorexic or bulimic patients, implications for link between eating disorders & depression, 22980
EEG sleep patterns before & after recovery from abstinence syndrome, maternally heroin addicted neonates, 4–5 wk followup, Italy, 8908
EEG sleep profile, delusional vs nondelusional depressed elderly, 29578
EEG sleep profile, patients with recurrent depression, longitudinal study, 1637
EEG sleep recordings, manic & depressive bipolar vs unipolar depressed 26–67 yr olds, 15722
EEG sleep spindle activity changes, 15-62 yr old males with primary endogenous depressive unipolar vs bipolar disorder, 22526
EEG sleep, 20–55 yr olds with generalized anxiety vs major depressive disorder, implications for differential diagnosis, 22614
ethanol, sleep time, mice, 823
etiology & evaluation & treatment & relationship to sleep, primary enuresis, children, literature review, 16225
examination & clozapine treatment of sleep related painful erections & associated insomnia & depression, 33 yr old male, case report, 40804
factor analysis of St. Mary's Hospital Sleep Questionnaire, hospitalized adult rheumatic patients, 24615
familial influence in sleep architecture, 1st degree adult relatives of unipolar depressed probands, 33054
flunitrazepam & reversal by benzodiazepine antagonists Ro 15-1788 & Ro 15-3505, sleep & encoding & recall, healthy 20–32 yr old males, 32201

fluoxetine, cortical & prolactin & growth hormone & LH & FSH & testosterone levels & sleep EEG, healthy males, 28984
flurazepam, arousal threshold & quality & perception of sleep, adults with subjective insomnia, 12885
health status & lifestyle & psychosocial factors & sleeping conditions, perceived promotion or disturbance of sleep, adults, Finland, 5817
high atmosphere pressure, EEG & cerebral activity evoked by auditory or visual stimuli & sleep, adults, 10 yr study, conference presentation, 18242
hyperventilation theory & probability model of panic disorder during sleep, implications for treatment, 22585
hypnagogic vs hypnopompic imagery transformations, sleep, implications for research methods, 21328
interdisciplinary model of main states of consciousness & sleep, 7510
intermittent lighting, general activity & behavior patterns & sleep, domestic hens, 17979
interval histogram vs power spectrum measurement of EEG & EOG & EMG, identification of nocturnal sleep stages, adult males, 18109
maternal separation, attachment & behavior & physiology & sleep patterns, infant bonnet monkeys living in social groups, 21454
melatonin dosage, sleep EEG & onset & duration & next day mood & alertness, 21–40 yr olds, 32216
mission starting & nap time & duration, performance during simulated sustained reconnaissance operation, Marine personnel, 10447
nap during prolonged work & wakefulness, performance & mood, 18–30 yr olds, 13840
naps at 5 hr intervals, time course of process S sleep measured by slow wave sleep & EEG power density, adults, 18083
naps fragmented by different rates of EEG arousal, daytime sleepiness, 18–35 yr olds, 25134
nicotinic acid, sleeping time induced by ethanol or pentobarbital, female rats, 824
nighttime administration of trazodone vs mianserin, sleep & morning psychomotor performance & clinical improvement, depressed 18–65 yr olds, Great Britain, 9548
nocturnal penile tumescence recording, sleep continuity & EEG, depressed males, 22651
nocturnal sleep, middle latency auditory EPs, 19–43 yr olds, 39083
nonbenzodiazepine hypnotic zolpidem & dosage, sleep patterns & hypnotic activity, 21–35 yr old males, 28916
nonconsecutive sleeper berth use & other risk factors, tractor trailer crashes associated with driver fatality & property damage, truck drivers, 17328
normal sleep vs sleep deprivation, interhemispheric correlation of EEG activity in wakefulness, 22–32 yr olds, 35666
objective behavioral model of sleep, amimals & humans, 24920
parent infant sleep contact during 1st yr, breathing stability & prevention of sudden infant death syndrome, application of anthropological perspectives, 2068
patterns of REM & nonREM sleep, affective disorders, 5312
periodic sleep movements during sleep as similar to Babinski response, 21–67 yr olds with sleep disorders, 30090
personality correlates & reverse first night effect in sleep laboratory, insomniac adults, 37047
physical proximity of parent & child, use of attachment object & thumbsucking, healthy infants, 32689
pituitary & gonadal hormones, nocturnal penile tumescence during sleep, physically healthy males with hypoactive sexual desire, 12494
plasma & CSF levels of immunoreactive delta sleep inducing peptide, patients with major depression or schizophrenia, 8552
polysomnographic telemetry sleep recording in home vs laboratory environment, 21–42 yr olds, 28664
presleep stressful intellectual activity, sleep time & latency & dream content, college students, 28715
prior wakefulness vs sleep & testing immediately vs 20 min after awakening, generation of specified category instances measuring memory consolidation vs retrieval, female college students, 38936
recruitment for investigation of sleep/EEG measures as biological markers for early stage Alzheimer's disease, healthy 55 yr olds & older, 9236
relationship among yawning & sleeping & stretching, college students, implications for contagious yawning, 693
REM & other sleep parameters, 19–65 yr olds with 1st episode vs recurrent major depression, 33051
repeated sleep deprivation in dark or light period, sleep, male rats, 35713
self reported sleep duration & quality, college students, 1978 vs 1988, 38953
sleep & memory, old vs amnestic young rats, literature review, 21598
sleep & respiratory characteristics, at risk infant siblings of sudden infant death syndrome victims, 33655
sleep behavior & subjective sleep need, females & males 1st studied when 10–14 yrs old, 10 yr study, 21912
sleep characteristics assessed using EEG, female 16–38 yr olds with bulimia vs anorexia nervosa, conference presentation, 2053
sleep EEG & brain computed tomography scan variables & negative symptoms & premorbid functioning, drug free male schizophrenic 24–50 yr olds, 33203
sleep EEG & dream content, anorexic vs bulimic vs depressed patients, conference presentation, 16064
sleep EEG & DST, outpatients with anergic bipolar depression, conference presentation, 26192
sleep EEG & secretion of cortisol & growth hormone during depressive episode & clinical remission, 25–58 yr old males with endogenous depression, 36696
sleep EEG, bulimic vs depressed 19–44 yr olds, 29480
sleep EEG, depressed vs schizophrenic 17–33 yr old inpatients, 22573
sleep EEG recordings, adult inpatients with generalized anxiety disorder with vs without depression vs primary major depression, 19186
sleep on psychoanalytic couch as primary symptom of transference neurosis, 27 yr old female, 9342
sleep patterns, 23–45 yr olds, Antarctica, 21576
sleep period reduction & education & modified stimulus control techniques, 59–72 yr olds with chronic insomnia, 6082
sleep physiology & functions of sleep, role in insomnias, implications for treatment, 5627
sleep related hypopneas & apneas, patients with multiinfarct dementia vs Alzheimer's disease, 22918
sleep related respiratory disturbance, demented elderly females, 16160
sleep research & EEG sleep alterations during depression & antidepressant therapy, 22624
sleep stage & symptom severity, 21–55 yr olds with destructive bruxism vs sleep disturbance with bruxism, 23075
sleep state, EEG coherence functions, newborns, 7664
sleep wake cycle & sleep parameters, 69–96 yr olds with Alzheimer's disease or multi-infarct dementia, differential diagnosis implications, 22874
sleeping & waking states, infants observed between 2 & 5 wks old, 969
social environment, nocturnal sleep, peer reared pigtail monkey infants, 24986
south-north vs west-east vs east-west flight, wrist motor activity & subjective ratings of sleep, 24–54 yr old air crew members, 35645
target & nontarget stimulus tones during sleep, auditory EPs, college students, 21566
trazodone, EEG sleep patterns, depressed patients, 9551
triazolam at start of long airflight, cognitive performance & mood & sleep, 18–51 yr old male soldiers, 34083
triazolam into medial preoptic area, sleep, rats, 35859
triazolam, psychomotor performance & sleep, 18–34 yr old males, implications for commercial air travel insomnia, 32260

TSH & cortisol plasma levels during sleep & sleep deprivation, female rapid cycling bipolar adult patients, 5322
urinary epinephrine & waking time during daytime & nighttime bed rest, adult males, implications for detection & sleep disturbance, 11098
urinary excretion of catecholamines during sleep & sleep disturbances, healthy 25–26 yr old males confined to continuous bed rest, implications for Morita therapy, 28660
urinary MHPG & responsiveness to nortriptyline or clomipramine & EEG sleep parameters, 26–65 yr old depressed inpatients, 2527
violence during sleep from confusion on sudden awakening vs sleepwalking vs dream content, male 17–34 yr olds charged with murder, implications for adjudication, 5413
worry & anxiety & preferred length of sleep, college students, 11831
22.8 hr day, sleep & circadian rhythms of temperature & urinary excretion, adults, 4253
5-HT vs parachlorophenylalanine vs vasoactive intestinal polypeptide vs arginine vasotocin, circadian patterns of activity level & sleep appetitive behavior, cleaner wrasses, 878

Sleep Deprivation

acquisition of conditioned taste aversion & attenuation of neophobia to food, REM sleep deprived male rats, 4266
behavioral approaches to treatment, insomnia, 6104
benzodiazepine antagonist Ro 15-1788, vigilance, sleep deprived 22–27 yr old males, 21794
brief naps, mood & EEG sleep, sleep deprived hospitalized depressed veterans, 37219
bromocriptine vs nomifensine vs amphetamine vs levodopa vs imipramine vs ECS, apomorphine induced stereotypy & aggression, REM sleep deprived male rats, 28981
circadian placement of nap, alertness & visual RT & temperature cycles, sleep deprived 18–30 yr olds, 21636
clomipramine & alternate sleep with total sleep deprivation & rectal temperature, clinical response, endogenously depressed 22–69 yr olds, 12572
continuous dance exercise & sleep deprivation, RT task, 17–18 yr olds, 4265
cortical auditory EPs before vs after total sleep deprivation, depressed inpatients, 16296
early vs late night partial sleep deprivation, depressed 21–72 yr olds, 5897
experimental sleep disruption, sleep & cognitive performance & vigilance & mood, 18–28 vs 55–70 yr olds, 35693
exposure to tone pulses throughout night, EEG vs subjective reports of sleep disturbances, male college students, 21655
hypoxia & sleep deprivation for 72 hrs, RT & vigilance & short term memory performance, 21–44 yr old military personnel, 35731
length of sleep deprivation, oral temperature & heart rate & subjective activation, adults, 14755
lithium, potentiation of d-amphetamine induced hyperlocomotion & dopamine receptor supersensitivity, REM sleep deprived vs stress controlled rats, 32147
methodology & mechanism & indications of sleep deprivation therapy, depressed patients, 9271
naps fragmented by different rates of EEG arousal, daytime sleepiness, 18–35 yr olds, 25134
normal sleep vs sleep deprivation, interhemispheric correlation of EEG activity in wakefulness, 22–32 yr olds, 35666
paradoxical sleep deprivation & lidocaine vs bupivacaine, seizures, male mice, 28741
paradoxical sleep deprivation, acquisition & long term retention of shuttlebox avoidance, male rats, 11120
paradoxical sleep deprivation, neuronal excitability measured by EPs in CA1 region & fascia dentata, male rats, 25126
partial sleep deprivation therapy, depressed 23–79 yr olds, 19692
periodic awakening vs required movement vs EEG change, sleep restoration, 18–28 yr old males, implications for sleep apnea patients, 22892
physostigmine infusion, 17–30 yr olds deprived of REM sleep, 39386
quantitative analysis of timing of observable behavior, prediction of response to sleep deprivation, depressed patients, 19668
REM sleep deprivation & dexamethasone, apomorphine induced stereotypical gnawing, rats, 28720
REM sleep deprivation, cholinomimetic drug induced tremors & nicotine induced convulsions, male rats, 4262
REM sleep deprivation, drinking behavior, male rats, 736
REM sleep deprivation, effect of testosterone on masculine sexual behavior including mounts & intromission & ejaculation, castrated male rats, 25320
REM sleep deprivation, fear conditioned freezing behavior, rats, 737
repeated maximal & submaximal exercise & sleep deprivation, perceived exertion & fatigue & mood, Marine Corps volunteers, 35720
repeated sleep deprivation in dark or light period, sleep, male rats, 35713
restricted nocturnal sleep with vs without nap, recovery & homeostatic changes in NREM sleep, female adults, 25147
restriction of time in bed, chronic insomnia, patients, 23347
shock avoidance task & paradoxical sleep deprivation beginning 24 hrs posttraining, retention, rats, 10921
short wave sleep deprivation in 1st part of sleep period, EEG power density during 2nd part & spontaneous sleep termination, 21–26 yr old males, 35700
sleep deprivation & circadian factors, recovery sleep composition, 17 yr old female college students, England, 28739
sleep deprivation & continuous wakefulness, EPs & performance on tracking task, 18–25 yr old college students, 35703
sleep deprivation & knowledge of results, perceptual encoding in choice reaction task, adults, 763
sleep deprivation &/or methylphenidate, mood & behavior ratings, adults with obsessive compulsive disorder, conference presentation, 9303
sleep deprivation, cognitive ability & skills performances, pediatrics residents, 34528
sleep deprivation, divergent thinking & creativity, 19–23 yr olds, 21334
sleep deprivation, imipramine binding in blood platelets, depressed adults, 19687
sleep deprivation, nocturnal TSH & prolactin levels & antidepressant response, patients with major depression, 19698
sleep deprivation, oral temperature & field dependence, adults, 14771
sleep deprivation, plasma melatonin & cortisol, healthy 16–26 yr olds, 21663
sleep deprivation treatment, depressed 11 yr old male, case report, 2197
sleep deprivation, vigilance task performance & sleepiness, 61–77 yr olds, 28706
sleep deprivation vs light, seasonal & other affective disorders, 29 yr old male & 40 yr old female with bipolar disorder, 19730
sleep deprivation vs recovery, response speed & immediate recall & sleepiness & body temperature, 18–28 vs 55–71 yr olds with vs without insomnia, 16032
timing & frequency of sleep disruption, response latency & addition problem performance, 18–28 yr olds, 21637
total sleep deprivation, obsessive compulsive patients, 9273
TSH & cortisol plasma levels during sleep & sleep deprivation, female rapid cycling bipolar adult patients, 5322
urinary epinephrine during REM sleep deprivation, college students, 18228
zopiclone vs triazolam vs flunitrazepam vs ethanol & partial sleep deprivation, sleep onset latency & next day performance & mood & alertness, 21–31 yr olds, 929
36 hr sleep deprivation, recovery REM sleep & sleep continuity & architecture & mood, 59–79 yr old males vs females, 29186
40 hr total sleep deprivation, diagnosis of pseudodementia, 36694
48 vs 72 hr sleep deprivation, visual task related perceptual distortions & hallucinations & circadian rhythms, 18–29 yr olds, 39168

72 hr sleep deprivation & time of day, perceived sleepiness & affect & motivation & cognitive difficulties & waking dreams, 22–32 yr olds, Israel, 39186
72-hr sleep deprivation, circadian rhythms & memory & search & pattern tracing task, adults, 35690
72 hrs sleep deprivation & working memory load, circadian rhythmicity of visual search performance, male college students, 21627
Sleep Disorders [See Also Insomnia, Narcolepsy, Sleepwalking]
adaptation to shift work system, sleep disturbances, refinery & aluminum factory shift workers, 38427
attacks of episodic nocturnal wanderings with violent behavior, 19–29 yr olds without epilepsy, 22993
behavior modification intervention based on extinction & reinforcement & cue sequencing, 4 mo to 4.5 yr olds with disordered sleep patterns, 9474
behavioral sleep difficulties, normal children, 5634
benzodiazepines, sleep & anxiety disorders, Norway, 12906
birth complications & disrupted sleep patterns in infancy, subsequent sleep difficulties in adulthood, college students, 29895
brief parent assisted treatment, child nighttime fears, 4–5 yr olds & their parents, 37444
characteristics of & treatment for sleep disorders, literature review, 26474
circadian sleep wake cycle rhythm disorder & chronotherapy, congenitally blind 4–12 yr olds with severe or moderate mental retardation, 23015
circadian timing system disturbance & phototherapy, sleep & affective disorders, 5611
circaseptanary sleep biorhythms, patients with neurosis vs sleep disturbances vs drug withdrawal, conference presentation, 19034
depressed mood, sleep disturbances, 62–90 yr olds, 3 yr study, 5772
depressive symptoms & mood & treatment outcome, 17–79 yr olds with sleep disorders, implications for differential diagnosis, 23010
description of obstructive sleep apnea syndrome, 5656
development of hypersomnia & hyperphagia, 11 yr old female with mental deficiency & incontinentia pigmenti & multiple exostosis, case report, 33622
differential diagnosis & nonpharmacologic interventions including education & approach to sedative-hypnotic drug therapy, physicians treating aged sleep disorder patients, 16604
disruptive & aggressive & injurious sleep behavior, 60–72 yr olds with REM sleep disorder, 30079
emotional exchanges with mother & S characteristics, infants with severe & persistent sleep disorders in 1st 18 mo of life, conference presentation, 9069
excessive daytime somnolence & sleep related hypoxic events, cognitive functioning, 41–52 yr old habitually snoring males, 26657
factors contributing to excessive daytime sleepiness, elderly, diagnostic & therapeutic implications, 9153
frequency & intensity of daytime attacks & anxiety level & physiological responses, 18–65 yr olds with panic disorder with vs without nocturnal panic, 26051
frequency & nature of REM abnormalities in sleep EEGs & association with positive & negative & depressive symptoms, schizophrenic adults, 36704
health status & lifestyle & psychosocial factors & sleeping conditions, perceived promotion or disturbance of sleep, adults, Finland, 5817
historical development of study & treatment of sleep disorders, 1980s, 5778
homatropine eyedrops, sleep & mood disorders resistant to tricyclic medication, 28–51 yr olds with major depression, Poland, 30519
hypnotic & side effects of sublingual lormetazepam, patients with sleep disorders, 9575
incidence & duration of sleep apnea, morning vs evening cognitive ability, 64–82 yr olds with probable Alzheimer's disease, 29968
kanashibari isolated sleep paralysis phenomenon, college students, Japan, 22928
lithium, hypersomnia with depersonalization prodrome, 15 yr old male, case report, 2441
microarousals preceded by EEG slow wave synchronization, confusional awakenings, 15–35 yr olds with somnambulism &/or sleep terrors, 29958
Munchausen Syndrome by proxy, female 2 wk & 6 mo olds, case reports, implications for sleep disorder assessment, 36595
neuroendocrine function & sleep physiology & abnormalities, patients with panic disorder, literature review, 5319
neuropsychological impairment, patients with sleep apnea vs other disorders of excessive somnolence, 22937
nocturnal head banging, depressed & borderline 18 yr old female, case report, 23050
nomifensine, obstructive sleep apnea, obese male patients, 23390
obesity, sleep apnea syndrome, literature review, treatment implications, 16113
obstructive sleep apnea & neuropsychiatric disorders, 37063
overview of regular sleep cycles & sleep & arousal disorders, adults, 16183
patterns of REM & nonREM sleep, affective disorders, 5312
perception of sleep wake states, patients with obstructive sleep apnea vs narcolepsy, 8998
periodic awakening vs required movement vs EEG change, sleep restoration, 18–28 yr old males, implications for sleep apnea patients, 22892
periodic sleep movements during sleep as similar to Babinski response, 21–67 yr olds with sleep disorders, 30090
personality traits & psychopathology, 20–30 yr olds with poor sleep quality, 30049
phenelzine or tranylcypromine, severe daytime somnolence, 29–53 yr old depressed patients, 16642
physiologic & sleep disorders, monitoring periodic penile erections during sleep, implications for impotence, 5825
plasma cortisol response to DST & blood & CSF & urine levels of cortisol, patients with major depression & hypersomnia or increased appetite, 19068
polysomnographic data in evaluation of nocturnal panic or other unusual nocturnal events, depressed patient, commentary with reply included, 36642
polysomnographic techniques, diagnosis of sleep disorders, 40461
postnatal sleep disturbance, mothers & their 1 yr olds & older, 33636
presenting complaints & diagnostic techniques, Air Force crew members with suspected sleep disorders, 22959
prevalence & contributing factors, excessive daytime somnolence, male 17–22 yr olds, France, 22891
prevalence & evaluation & psychiatric disturbances associated with sleep disorders, conference presentation, 40455
prevalence & severity of sleep apnea, middle aged males with treated vs untreated hypertension with vs without erectile dysfunction, 40421
prevalence of sleep paralysis & panic attacks & disorder in hypertension, Black patients, 5584
PTSD & dream anxiety disorder & revision of DSM-III-R differential diagnosis, 40490
reduced prior wakefulness & resulting deficiency in Process S sleep, REM latency & slow wave sleep, 18–25 yr olds, implications for endogenous depression sleep abnormality, 10864
REM sleep disturbance & underlying neural systems & heightened startle response & flashbacks, PTSD, implications for research, 33165
REM sleep patterns & sleep disturbances, male Iranian or Palestinian or Iraqi or Afghan 23–37 yr old torture victims, Denmark, 26211
ritanserin, sleep disturbances assessed by EEG, dysthymic 24–53 yr olds, 23437
scheduled awakenings by compliant parents, spontaneous awakening & crying episodes at night, 6 mo to 2.5 yr olds, 2419

self report of breathing cessation & loud snoring during sleep, identification of sleep apnea, 17–78 yr old sleep disorder patients, 26540
self reported disturbances & dream quantity & emotionality & tiredness & mental activity, females with clinical vs nonclinical PMS, 16166
severity of disorder, automobile accident rates, patients with sleep apnea, 37024
sleep complaints, prediction of myocardial infarction, 39–65 yr old males, 4.2 yr followup, 5576
sleep disorders & medical illness & sleep hygiene & pharmacological management, medically ill patients, 2225
sleep disturbances, psychotic & personality & drug abuse & Alzheimer's disorders, 5101
sleep patterns, dream disturbed Vietnam combat veterans vs veterans with PTSD, conference presentation, 5114
sleep periods, 26 yr old male with non–24 hr sleep wake cycle, 4 yr study, case report, 30134
sleep stage & body position, apnea duration & frequency, obese adults with severe sleep apnea, 22931
sleep stage & symptom severity, 21–55 yr olds with destructive bruxism vs sleep disturbance with bruxism, 23075
social adjustment & marital satisfaction, wives of patients with sleep apnea obstructive type, 22899
stress & thioridazine, sleep walking & night terrors & assault on wife, 44 yr old male, case report, 27009
symptoms & diagnosis & treatment of sleepwalking & sleep terrors & REM behavior disorder & rhythmic movement disorder, 5810
waking autonomic nervous system activity, quantity & quality of prior sleep & daytime alertness, adults with obstructive sleep apnea or nocturnal myoclonus or insufficient sleep, 40481
waking medical & sleep & psychological status, healthy elderly with sleep disordered breathing, 1 yr followup, 40359
Sleep Inducing Drugs [See Hypnotic Drugs]
Sleep Onset
age, daytime sleepiness, 18–29 vs 30–80 yr olds, 21585
cognitive development & sleep onset insomnia, 18–59 yr olds, 26638
cognitive modification vs psychophysiological treatment, presleep cognitive intrusions, 23–49 yr olds with persistent psychophysiological insomnia, 16519
correlations of slow eye movement activity & EEG sleep stages vs behavioral measures, prediction of sleep onset, sleep deprived 20–46 yr olds, 4134
development of standardized mental activation test, stimulation of EEG activity & differentiation of waking vs drowsiness & assessment of behavioral responses, 4071
EEG alpha dynamics, utility of passive behavioral measure of sleep onset, 19–39 yr olds, 656
increased daytime sleepiness, sedative effect of ethanol, healthy male 21–35 yr olds, 32307
interruption of sleep cycle to perform tasks, sleep onset REM periods, male short vs long sleepers, 382
monotonous auditory stimulation, sleep onset latencies, 18–32 yr old male college students with weak vs immediate vs strong CNS excitability, West Germany, 18149
nightly flurazepam or temazepam, sleep stages & latency & performance on vigilance & RT tasks, normal sleeping 21–35 yr olds, 28956
prazepam, drowsiness & sedation, outpatients with anxiety disorder, conference presentation, 19943
presleep stressful intellectual activity, sleep time & latency & dream content, college students, 28715
quazepam vs triazolam vs flunitrazepam with vs without ethanol, daytime sleep & memory & mood & performance, healthy volunteers, 7940
rapidly eliminated brotizolam or midazolam, REM sleep after induced transient insomnia, healthy male 18–22 yr olds, 28942
REM latency during depressive episode, relapse prediction, adults with successfully treated depression, longitudinal study, 33052
scopolamine, REM latency & sleep EEG & cortisol secretion, 19–45 yr old males, implications for depression, 28953
sleep deprivation, vigilance task performance & sleepiness, 61–77 yr olds, 28706
sleep onset latency & distress & self soothing bedtime behaviors, hospitalized 3–8 yr olds with non-rooming-in parents, 27245
sleep wake & nap policies, average sleep onset latency & wake time after sleep onset & total sleep time, 30 yr old & older veterans on psychiatric wards, 40968
sleep wake complaints & periodic movements during sleep, adults with insomnia or daytime sleepiness, 30077
sleepiness & circadian rhythms, motor vehicle accidents, literature review, 13760
temporal dimension of associative processes involved in production of sleep onset vs REM dreams, college students, 21578
triazolam & age, daytime sleep & nocturnal sleepiness during simulated night shift work, 20–55 yr olds, 21827
waking autonomic nervous system activity, quantity & quality of prior sleep & daytime alertness, adults with obstructive sleep apnea or nocturnal myoclonus or insufficient sleep, 40481
Sleep Wake Cycle
age & nighttime nap, sleep patterns, 18–61 yr old male security guards working 24 hour shift, 25087
alertness levels, 37–76 yr olds with normotensive hydrocephalus with vs without cortical atrophy, 22994
assessment of role of sleepiness & circadian dysrhythmia & fatigue in transportation accidents, police policy implications, conference presentation, 24280
automatic computer analysis, examination of stages of sleep wakefulness, male cats, 28648
body & eye movements & EEG activity during sleep wake cycles, infants 1st studied at 1 week old, 6 mo study, 21889
brain stem intercollicular transection, sleep wake mechanisms, literature review, 7809
change in sleep times simulating night work, circadian rhythmicity, 18–21 yr olds, 11077
changes in temporal organization of sleep stages during training course in trampolining, 21–25 yr old college students, West Germany, 27986
chronic morphine, sleep & wakefulness & EEG responses, cats, 39275
circadian rhythms & composition of meals & sleep activity patterns, 50–92 yr olds, 39144
circadian sleep wake cycle rhythm disorder & chronotherapy, congenitally blind 4–12 yr olds with severe or moderate mental retardation, 23015
circadian temperature rhythm, sleep wake cycles, internally desynchronized adults, 28737
cognitive factors, night sleep & nap lengths & period of circadian temperature rhythm & sleep wake cycle, 23 yr old male in isolation protocol, 21588
continuous feeding through catheter, 24 hr sleep state distribution, 6 wk to 14 mo olds with severe medical or gastrointestinal disorders, 29928
continuous free flowing traffic noise, sleep cycle assessed by EEG, 20–56 yr olds, 21601
daytime alertness, adults with chronic insomnia vs asymptomatic sleepers, 23056
demographics & sleep habits & preferences, 8 & 12 hr night vs day shift factory workers, 38460
development of sleep cycle & sleep state characteristics, premature & full term newborns, 11349
development of sleep wake patterns, fetal lambs, 28666
development of sleep wake state organization, premature infants at risk for poor outcome assessed at 7 ages during 1st yr, 29846
developmental course of nighttime sleep wake cycle, full term vs preterm infants assessed at 7 ages during 1st yr, 1 yr study, 29022
dream reflection, waking awareness of feelings, 17–38 yr olds, 38955
DST & sleep EEG data, endogenous depressed inpatients who responded vs did not respond to placebo treatment, 5365

EEG sleep & sleep panic, 23–57 yr olds with panic disorder, 22600
EEG sleep patterns & depression, impotent patients, 5783
electrographic & behavioral observations of waking & sleep states, doves, 4170
ethanol vs caffeine, daytime sleepiness vs alertness following 5 vs 8 vs 11 hrs previous night's sleep, 21–34 yr olds, 21774
experimental sleep disruption, sleep & cognitive performance & vigilance & mood, 18–28 vs 55–70 yr olds, 35693
exposure to tone pulses throughout night, EEG vs subjective reports of sleep disturbances, male college students, 21655
fever due to fungal infection, body temperature & sleep states, rats, 28713
flight training deployment across 9 time zones, personality & sleep quality & patterns & circadian temperature rhythm adjustment, male Royal Norwegian Air Force volunteers, 39135
fluoxetine, nocturnal sleep & daytime alertness, adult males, 11279
home sleep monitoring using Oxford Medilog system & automatic sleep stage analysis, first night effect, 21–34 yr olds, 21596
home use of behavior response monitor of sleep & wakefulness, good & poor sleepers, 32064
hypothalamic & preoptic neuron discharge during sleep waking changes, cats, conference presentation, 14688
induced elevation of body temperature during sleep interruption, structure in 3rd & 4th sleep cycles, 19–36 yr olds, 28702
internal structure of sleep cycles, healthy adults, 28657
interruption of sleep cycle to perform tasks, sleep onset REM periods, male short vs long sleepers, 382
iv catheter for nocturnal blood samplings, sleep EEG, 31–62 yr olds with major depression, 36623
level of wakefulness & sleep, seizure incidence, epileptic patients, etiologic implications, conference presentation, 2038
mechanisms of sleep wake cycle & dreaming, 32072
morning vs evening type sleep structure & body temperature, 20–26 yr olds, 28646
napping & sleep wake behavior & work shifts, male steel workers, 18 mo followup, 28638
naps at 5 hr intervals, time course of process S sleep measured by slow wave sleep & EEG power density, adults, 18083
nocturnal cholecystokinin octapeptide, sleep wake cycle & motor activity & brain temperature & EEG & food intake, male rats, 866
nocturnal infusion of delta sleep inducing & muramyl & uridine peptides, sleep wake dynamics & slow wave & REM sleep, male rats, 872
on-call duty, sleep & wakefulness, 25–42 yr old male merchant marine ship engineers, 24448
overview of regular sleep cycles & sleep & arousal disorders, adults, 16183
paroxetine vs zimeldine dosage, EEG & sleep wake cycle & brain 5-HT & dopamine & noradrenaline, female rats, 4396
perception of sleep wake states, patients with obstructive sleep apnea vs narcolepsy, 8998
periodicity of delta activity or elapsed sleep time, NREM sleep reappearance, college students, 28647
physiological correlates of perception of awakening, morning recall, insomniac 39–53 yr olds, 22969
pilocarpine with vs without atropine sulfate vs methylatropine, sleep wake patterns & breathing movements, fetal lambs, 21755
pragmatic approach to masking & endogenous & exogenous components in circadian rhythm in body temperature & abrupt change in timing of sleep, adults, implications for shift work & jet lag, 28645
prevalence & contributing factors, excessive daytime somnolence, male 17–22 yr olds, France, 22891
prostaglandin microinjection of preoptic area, sleep wake cycle & body temperature, male rats, 4424
pyro-Glu-His-Gly-OH, sleep cycle, male 20–25 yr olds, 28817
regression model with sinusoidal circadian variation & time since & during sleep, separation of circadian rhythms & masking effects associated with sleep wake cycle, 28187
relationship of reciprocal interaction model for sleep cycle oscillation to attentional model of hippocampal function, animals, 14677
restricted nocturnal sleep with vs without nap, recovery & homeostatic changes in NREM sleep, female adults, 25147
running wheel availability, circadian patterns of sleep & wakefulness, mice, 18170
seasonal variations in sleep cycle, captive Microcebus murinus, 7694
sedative & hypnotic effects of buspirone, sleep, 21–52 yr olds with generalized anxiety disorder, 34015
sensitivity of maintenance of wakefulness test vs repeated test of sustained wakefulness vs multiple sleep latency test & nap & time of night, assessment of physiological sleep & alertness, adults, 35194
serotonin antagonists ICI 169,369 & ICI 170,809, 24 hr EEG sleep wake activity, rats, 35904
shift work, subjective & behavioral & physiological sleepiness, literature review, implications for occupational hazards, 24355
short wave sleep deprivation in 1st part of sleep period, EEG power density during 2nd part & spontaneous sleep termination, 21–26 yr old males, 35700
sleep & activity & masking & light conditions, dim light melatonin onset & rhythm & circadian phase position assessment, 28654
sleep & body temperature & masking, adaptation to night & shift work, implications for experimental routines reducing masking effects, 28659
sleep compression treatment, 59 yr old male retiree with severe insomnia, 16300
sleep organization & monitoring techniques, 4.5–7.5 mo olds at risk for sudden infant death syndrome & siblings, 23041
sleep periods, 26 yr old male with non–24 hr sleep wake cycle, 4 yr study, case report, 30134
sleep physiology & functions of sleep, role in insomnias, implications for treatment, 5627
sleep wake & nap policies, average sleep onset latency & wake time after sleep onset & total sleep time, 30 yr old & older veterans on psychiatric wards, 40968
sleep wake complaints & periodic movements during sleep, adults with insomnia or daytime sleepiness, 30077
sleep wake cycle & sleep parameters, 69–96 yr olds with Alzheimer's disease or multi-infarct dementia, differential diagnosis implications, 22874
sleep wake function & personality patterns & cognitive performance, 28–61 yr olds with vs without chronic insomnia, 23043
sleep wake habits & EEG sleep variables, college students classified as morning vs evening types, Japan, 21584
sleep wake patterns, performance, solo & double handed ocean sailing racers, 35663
sleep wake physiology, explanation & treatment of depression, 19727
sleep wakefulness patterns & establishment of diurnal cyclicity, neonates, 5 mo study, 39475
sleep wakefulness patterns monitored by EEG vs behavioral responding, 25–45 yr olds, 21593
sleepiness at different times of day, retrieval from semantic memory, college students, 3870
smoking behavior, sleep wake cycles, 14 yr olds, 1984–85, UK, 15188
standard vs enriched environment, slow wave & desynchronized sleep & sleep time, old vs young male rats, 28742
state stability & cyclicity of sleep, 2–5 wk olds, 36003
statistical properties of standard sleep variables, 16–71 yr olds, 28656
time constraints for activities, sleep & sleepiness & perceived day length, 44–81 yr olds, 21590
timing of passive body heating, delta sleep onset, 20–32 yr olds, 21631

triazolam & age, daytime sleep & nocturnal sleepiness during simulated night shift work, 20–55 yr olds, 21827
triazolam dosages, daytime sleep & nocturnal performance in work shift, 20–45 yr olds, 32165
types of constant routine or control days & mathematical modeling techniques to minimize masking & sleep wake cycle, circadian rhythms of body temperature & urinary excretion, 28658
underlying circadian rhythms, subjective sleepiness ratings, 19–25 yr old males, 21589
unusual sleep wake cycle & delayed sleep phase, 20 yr old male college student, case report, 21603
validity of computer scoring procedure for continuous monitoring of sleep & wakefulness, 1–5 day olds, 21914
waking autonomic nervous system activity, quantity & quality of prior sleep & daytime alertness, adults with obstructive sleep apnea or nocturnal myoclonus or insufficient sleep, 40481
3–4 day 12 hr rotating shift schedule vs 5–7 day 8 hr schedules, sleep patterns & fatigue & alertness, plant control room operators, 38443
36 hr sleep deprivation, recovery REM sleep & sleep continuity & architecture & mood, 59–79 yr old males vs females, 29186
5-HT2 receptor antagonists, sleep wake cycle, male rats, 35801

Sleepwalking
attacks of episodic nocturnal wanderings with violent behavior, 19–29 yr olds without epilepsy, 22993
diagnosis & characteristics of episodic nocturnal wanderings, commentary with reply included, 37118
emotional stress, sleepwalking, 33 yr old female with history of sleepwalking during pregnancy & in childhood, case report, 22889
microarousals preceded by EEG slow wave synchronization, confusional awakenings, 15–35 yr olds with somnambulism &/or sleep terrors, 29958
symptoms & diagnosis & treatment of sleepwalking & sleep terrors & REM behavior disorder & rhythmic movement disorder, 5810

Slow Learners
discrimination & generalization ability & difference limen & SES, borderline mentally retarded 13–15 yr olds, 8947
research & evaluation of Instrumental Enrichment Program, learning development, slow learning & low achieving adolescents, 13617
written &/vs spoken dental health message in formal unfamiliar vs informal familiar language, comprehension of & affect toward message, 12–14 yr old slow learners, Great Britain, 12986

Slow Wave Sleep [See NREM Sleep]
Smell Perception [See Olfactory Perception]

Smiles
attentiveness & familiarity of social object, smile production in nonsocial situation with mother vs stranger vs toys, 17 vs 19 mo olds, 39639
displacement of reference points on mouth during spontaneous vs posed smiles, left vs right handed adults, 21572
maternal imitative behavior during spontaneous vs imitative face to face interaction, smiling & vocalization, 3.5 mo olds, 1005
sex & sex role differences, smiling & verbal & nonverbal communication consistency, college students, 39867
side view smiling faces with varying left eye vs mouth curvatures, perceived intensity of smiling, college students, 3733

Smoking (Tobacco) [See Tobacco Smoking]

Smoking Cessation
across treatment changes in cumulative puff duration, prediction of treatment outcome in nicotine fading, adult smokers, 30818
ad lib smoking vs 24 hrs abstinence, DST cortisol levels, adult tobacco dependent smokers, 1877
attitudes toward & attribution of smoking relapse, clients who completed smoking cessation program 1.5–2 yrs earlier, 16990
attitudes toward worksite nonsmoking policies & norms about smoking & cessation, employed smokers & recent exsmokers in private sector, conference presentation, 27963
attribution & affect & expectancy after smoking cessation treatment, abstinence, 25–70 yr olds, 1.5–2 yr followup, 6553
behavioral smoking cessation with transdermal nicotine substitution, adult smokers, 37883
brief smoking cessation intervention by general practitioners with vs without support from smokers' clinic, general practitioners & their 16 yr old & older patients, 16986
buspirone, urge to smoke & withdrawal symptoms, smokers, 27311
characteristics & expectations & other factors, joiners vs nonjoiners in worksite smoking cessation program, 38458
cigarette fading & self recording & contracting in smoking cessation program, adult smokers, 2945
clinic program based on nicotine polacrilex with vs without behavioral self management & relapse prevention techniques, male smokers over 50 yrs old, 23749
clonidine vs diazepam vs placebo, smoking cessation & withdrawal symptoms, 18–80 yr old cigarette smokers, China, followup study, 23781
cognitive behavioral smoking modification programs with controlled smoking vs cessation goals, cigarette smokers, 23757
comic book antismoking message with vs without discussion or parental notification & number of times book read & knowledge level, smoking attitudes & beliefs & behaviors, 7th & 10th graders, 27763
community wide smoking cessation program, 14–74 yr olds, 27353
contingent payment & frequent workplace monitoring, smoking abstinence, hospital employees, 6 mo followup, implications for relapse prevention, 38440
coping skills training, relapse prevention, smokers in smoking cessation program, 30850
cost effectiveness of worksite vs community contest recruitment strategies, participation in self help smoking cessation programs, adults, 34404
cue exposure response prevention, smoking cessation & relapse prevention, 36 yr old female, 41088
demographic factors & smoking habit & pattern variables & stress & social support, participation & success in worksite smoking modification program, 18–57 yr olds, 6 mo followup, 6913
design & implementation & evaluation of tobacco interventions at HMOs, 34416
doxepin as adjunct in smoking cessation, adults with previous smoking cessation failure, 27307
education vs no smoking vs health risk appraisal feedback, smoking behavior & perceptions & knowledge, incoming Navy recruits, 9872
efficacy of behavioral smoking cessation program, male vs female adolescents, 2957
evaluation of controlled smoking group cessation program, adults, 1 yr followup, 2920
exclusion therapy with hypnosis & behavioral strategies, smoking cessation, adults, 1 & 3 mo followups, 9882
exercise training, smoking cessation after acute myocardial infarction, adult males, 23777
fixed vs ad lib nicotine gum schedule with group behavioral treatment vs education, abstinence, smokers, 20290
group counseling & 2 vs 4 mg of nicotine chewing gum, smoking cessation, adult smokers, 22 mo followup, 2954
health values & locus of control & self efficacy, smoking relapse, ex-smokers who had quit through formal vs self treatment, 6567
hypnosis, smoking cessation & dietary management, adult patients, 1847, 16664
incorporation of TV broadcast & self help manual & weekly meetings & phone calls in smoking cessation intervention, low income & minority smokers, 4 mo followup, 27319
interest in smoking cessation during vs after other drug rehabilitation, alcohol or drug abusing patients, 41070

intervention trials & behavioral epidemiology, development of effective public health smoking cessation methods, 34406
methodological issues in smoking cessation evaluation studies, 37879
minority dissenter, willingness to abstain from smoking, college students, implications for behavioral conversion, 32788
MMPI profiles, acupuncture vs behavior therapy vs placebo smoking cessation treatment outcomes, cigarette smokers, 20279
model for dissemination of information promoting prevention & cessation of tobacco use, 34387
motivation & quantity of nicotine chewing gum used, success in general practitioner administered smoking cessation program, male vs female adult smokers, 41068
multicomponent health education & skill intervention vs monetary incentive, smoking, employees, 6 wk vs 6–12 mo followup, conference presentation, 13902
nicotine chewing gum & group counseling, smoking cessation, adults, 2953
nicotine gum & self help manuals, smoking cessation, 18–76 yr olds, 1 yr followup, 23760
nicotine gum with vs without behavioral self help booklet, smoking cessation & relapse, adults, 6 mo followup, 6532
nicotine replacement & blockade therapy & nonspecific & deterrent drug therapies, tobacco dependence, conference presentation, 9881
nicotine replacement through gum use, postcessation weight gain, 18–70 yr old smokers attending smoking cessation clinic, 27314
organizational characteristics & efficacy of educational videotapes vs nicotine gum, planning & implementation of workplace smoking cessation programs, 10393
partial vs total cigarette cessation, withdrawal symptoms, tobacco smokers, 30830
personality & sociodemographic factors, success of suggestion therapy by faith healer, nicotine withdrawal, heavy smokers, Switzerland, 12 yr followup, 2913
physical activity program vs educational support group, smoking relapse, adult females who had completed smoking cessation program, 6552
physician intervention in university health service, cigarette smoking, college student smokers, 20684
physician training program, patient smoking cessation rates, community family physicians, 34493
predictors of participation & attrition & outcome in workplace smoking cessation program, 24–58 yr old smokers, 6 mo followup, 31419
preference for 2 vs 4 mg nicotine chewing gum, smokers clinic clients, 20293
program adherence & coping strategies as predictors of success, adult smokers in behavioral smoking cessation program, 30832
psychiatric hospital program to curtail tobacco smoking, staff & patients, conference presentation, 6409
psychological factors & cues-to-action & Health Belief Model, smokers in smoking cessation program, Australia, 34393
psychology & brief interventions for cigarette smoking & alcohol abuse, 37898
psychosocial & attitudinal & demographic & situational & stress factors, success with smoking cessation, adult outpatients, 6 mo study, 27321
psychosocial interventions, smoking, pregnant adolescents, 34382
public service clinic approach to smoking cessation, 34397
referral to smoking cessation classes & physician counseling & educational materials, smoking behavior, primary care patients, 2951
reliability of Processes of Change Questionnaire, assessment of smoking cessation, adults, 3620
reliability of self reports of smoking & alcohol consumption, pregnant adult females in smoking cessation intervention, 37892
self efficacy & motivation & reasons for & history of smoking, long term posttreatment smoking cessation, adult smokers, 2930
self efficacy questionnaires, prediction of abstinence at end of treatment, cigarette smokers participating in smoking cessation program, Spain, 3 vs 6 vs 12 mo followup, 9867
single session group self hypnosis, smoking cessation, adults, 3 & 6 mo followups, 9889
single session hypnosis, smoking cessation, 21–58 yr old smokers, 4–48 wk followup, 6566
situational factors & coping strategies, outcome of relapse crisis, former smokers, 30813
smoke-free cigarettes, nicotine levels & short term withdrawal & side effects & acceptability, cigarette smokers, 30829
smoking & alcohol & drug abuse treatment, clients, 13234
smoking & other health beliefs, outcome of smoking cessation program, smokers, 16995
smoking ban, ward atmosphere, hospital psychiatric patients & staff, 23697
smoking cessation, food intake & activity level, adult smokers, 26 wk followup, implications for weight gain, 25824
smoking cessation program using nicotine fading approach & behavioral skills training, smokers, 9890
smoking habits & attitudes, participation in quit smoking contest & subsequent cessation, employees of cancer hospital & research center, 6513
smoking habits & attitudes toward quitting, adult Black outpatients, 36376
smoking histories & psychosocial attributes & quitting methods, self quitters vs recidivist smokers, 30325
sociodemographic characteristics of smoking status, quitting motivation & smoking cessation initiatives, Blacks, 34405
stressful events & coping responses, smoking relapse, ex-smokers, 13267
target quitting dates & unaided smoking cessation, adult smokers, 1 yr study, 37896
traditional vs relapse prevention smoking cessation treatment, adult smokers, 1 yr followup, 30821
transdermal nicotine patch, cigarette consumption, moderate smokers, 27317
unaided smoking cessation, adult smokers, 1 mo to 2 yr followup, 9886
validity of expectancy value model, explanations of decisions to quit smoking, 16–66 yr old smokers, UK, 6 mo followup, 10655
worksite self help smoking cessation program, abstinence, registered nurses, 23845
worksite smoking cessation & discouragement workshop, employees of coal transfer company, 6 mo followup, 24370

Snake Phobia [See Ophidiophobia]

Sobriety

brief behavioral treatment with abstinence vs controlled drinking goals, alcohol consumption & projected blood alcohol peaks, adult problem drinkers, 3 mo & 3.5 yr followups, 16959
cerebral edema & biological correlates, chronic alcoholic adult inpatients assessed during abstinence, 8819
drinking vs abstinent interval, family functioning, alcoholic males & their female partners, 40290
functions & common role of perceived resistance & restraint, patients with bulimia vs obsessive compulsive disorder vs problem drinking & abstinence violation effect, 40033
iv clonidine, alpha-2-adrenoceptor function assessed by growth hormone & cortisol & BP & pulse rate & psychological symptom rating, abstinent alcoholic inpatients vs social drinkers, 19352
leisure & lifestyle changes necessary for sobriety, recovering alcoholic patients, treatment implications, 20309
MAO inhibitors, depressive symptoms, abstinent alcoholic 25–60 yr olds, 41087
neuropsychological performance, nondrinking vs social drinking vs alcoholic 23–42 yr old males sober for less vs more than 30 days, 22787
past vs present drinking behavior, abstinence or subcriterion drinking or alcoholism, 14–88 yr olds, 40283

prevalence of alexithymia & depressive symptoms, 20–76 yr old male abstinent alcoholism treatment candidates, 33374
psychological defense & phase development & attitudinal factors & prognostic characteristics, intention to abstain, alcoholic patients, West Germany, 26341
self management vs letter & telephone treatments, sobriety, alcoholic male veterans who completed treatment program, 1 & 3 & 6 mo followup, 13241
serum tryptophan conversion to kynurenine, newly abstinent adult male alcoholic inpatients, 3 mo followup, 1873
short term abstention from alcohol, corticotropin releasing hormone induced ACTH & cortisol responses, alcohol dependent 20–53 yr olds, West Germany, 12235
social stability, abstinence rates following drug & alcohol rehabilitation, adult patients, 6 mo followup, 27352
urinary free cortisol excretion, male alcoholic patients whose depression lifted vs remained after 4 wks of treatment, 20294
vocational & social reintegration, maintenance of abstinence, alcohol rehabilitation clients, 18 mo followup, conference presentation, 20319

Sociability
degree of inhibition toward unfamiliar situations, relation between cardiac variables & social behavior, children observed at 14 vs 20 vs 32 vs 48 mo old, 39640
lexigram graphic symbol learning, attention & intentional communication & sociability in dyadic interaction, severely mentally retarded 6.2–22.7 yr olds, 27249
physiological processes & temperament in infancy, basis & prediction of inhibited vs uninhibited social behavior, school age children, conference presentation, 25601
profile photographs of faces at 6 ages, perceived attractiveness & intelligence & sociability, male vs female college students, 29371
rear vs front classroom seating position, social vs academic orientation & knowledge of classmate's names, college students, 41302
social participation, interior design of home entertainment areas, MBA students, 15538
styles of home, ratings of desirability & friendliness & leadership of residents, architects vs nonarchitects, conference presentation, 20914
tolerance & sociability & attitudes toward interracial marriage, male vs female White vs Black vs Asian vs Hispanic college students, 8269

Social Acceptance
attitude toward unknown mentally retarded student, social acceptance or rejection or neglect of mentally retarded peer in classroom, 4th–6th graders, 10232
causes & methods of rejected requests & offers of social support, college students, 25844
content of dyadic conversations with accepted vs rejected peers, accepted vs rejected 3rd graders, 8162
development of peer nomination scale, assessment of victimization through physical & verbal abuse by peers, 3rd–6th graders, 7165
entry behavior & social interaction in competitive vs cooperative contexts, popular vs unpopular 4th grade males & their classmates, 3225
ethnicity & educational standing, interethnic relations & acceptance in classroom, integrated Western & Middle Eastern 7th–9th graders, Israel, 24096
evaluation of peer nomination technique, determination of social behavior & peer & self perceptions, sociometrically neglected vs rejected school age children, implications for at risk children, 29167
expectancy inductions, acceptance by unfamiliar peers, rejected vs popular Black male 3rd graders, 29165
family income change & perceptions of parental acceptance, involvement in deviant peer context & perceived peer rejection & transgression proneness, 11.1–17.1 yr olds, West Germany, 32494
family reactions to suicidal death & social responses toward bereaved family, 21–61 yr old funeral directors, 33244
feminist perspective on suicide attempts, rejected females, treatment & prevention implications, 22707
group social status & nature & number of friendships & peer acceptance & sociometric differences, 37–66 mo olds, 22056
hostile attributions & responses to peer's ambiguous intent in provoking incident with negative outcome for S, peer rejected vs nonrejected high vs low aggressive 3rd & 5th grade males, 4742
hyperactive & aggressive behavior, social acceptance & adjustment, male 1st–6th graders, 36791
individually appropriate instructional environment & access to services for parents & siblings & social relationships, severely mentally retarded students in home schools, 38194
information, attitudes toward & interpersonal acceptance of deaf persons, college students, 2039
intellectual abilities & achievement & teacher ratings of classroom & social behavior & peer acceptance or rejection, 3rd–5th graders with learning disabilities, 34747
interaction with male confederate described as normal vs mentally retarded vs emotionally disturbed, male 5th & 8th graders, mainstreaming implications, 41318
loneliness & depression, popular vs rejected vs neglected vs controversial vs average 8th grade females, 22068
nature of accepting relationships, mentally retarded & nonretarded people, 36945
nominator attrition, sociometric classification accuracy, 3rd & 5th graders, 25573
nonhandicapped peer related popularity & rejection, White vs Black male vs female learning disabled 3rd–5th graders, 31211
perceived parental rejection vs acceptance, personality factors, 9–12 yr old females, India, 39667
personal construct theory model of experiential learning process, assessment of confirmation effects on construing processes in sensitivity training groups, college students, 19870
ratings of social status & social approval & acceptance & behavior, emotionally disturbed adolescents in residential treatment program, 6391
reliability of concurrent & longitudinal correlates of preschool rating scale & nomination sociometric measures, assessment of social acceptance & cognitive & social ability, 4–5 yr olds, 1 yr study, 21119
self & other perceptions of social & academic competence & status, popular vs rejected vs neglected vs controversial 9–11 yr olds, Canada, 32472
sex & age & precipitating illness of suicide victim, attitudes toward suicide, female vs male college students, 33258
social & cognitive development, construction & perception of self & peer social reputations, popular vs average vs neglected vs rejected male vs female 1st–5th graders, 32522
social acceptance & adjustment in high school, gifted 15–17 yr olds, 20541
social competency, low achieving or learning disabled 3rd–5th graders, 33419
social networks & aggressive behavior & peer acceptance, 4th–7th graders, 8079
social skills instruction using contextualist perspective of ongoing peer interaction, low esteem & isolation or rejection in peer relations, learning disabled children, 13627
social status, discourse skills in free play with peers, acquainted 43–66 mo olds, 39631
social strategy training model, peer acceptance, learning disabled 4th grade female, 27743
sociometric awareness of social status & social acceptance by peers, 2nd–3rd graders vs their mothers, 8119
sociometric status & teacher rated behavior & self rated social competence, learning disabled vs low vs higher achieving elementary school students, 24128
Special Olympics participation, perceived physical competence & social acceptance, mentally retarded 9–13 yr olds, 27688
yrs mainstreamed, social status & acceptance by peers, mentally retarded 6–13 yr olds, 34710

Social Adaptation [See Social Adjustment]

Social Adjustment
academic competence & social adjustment, 6.2–11.3 yr olds with learning disabilities vs behavior disorders with vs without hyperactivity, Israel, 20621
adaptive behavior, mentally retarded adults living in community residences vs with parents or in foster care, 16805
adjustment process following divorce, mothers, implications for rational emotive & cognitive therapies, 8261
adjustment to spouse's spinal cord injury, medical & psychosocial consequences, wives, 19546
adolescent social & cognitive functioning, parents' vs child's perception of interparental conflict, 10.8–15.6 yr olds, 15228
after school care in home with mother vs alone or with siblings vs with sitters vs at day care centers, social & academic & emotional functioning, 3rd graders, 4739
age of onset, psychopathology & socio-occupational readjustment, 15–45 yr old patients with paranoid schizophrenia, Romania, 3 yr followup, 15759
attitudes toward illness & social & emotional adjustment & personality traits, male 34–64 yr old preoperative coronary bypass patients, 23533
behavioral style indicators & basic function capabilities, Elderhostelers, 4784
bereavement & adjustment to other losses as psychosocial transition, 18972
cluster analysis of patterns of performance in adaptive behavior, classification, institutionalized mentally retarded, commentary, 36910
cluster analysis of patterns of performance in adaptive behavior, classification, institutionalized mentally retarded, commentary, 36915
cluster analysis of patterns of performance in adaptive behavior, classification, institutionalized mentally retarded, commentary, 36926

Type A or Type B behavior similarity & gender role self concept, dating partner preferences, college students, 39877
victim characteristics in dating violence, female college students, 26234
violence in dating relationship, high school females, 12103
1st date vs long term dating vs marriage, violation of consent to kissing, male vs female college students, 29299

Social Demonstrations

nonviolence as action in community & international affairs, 15258

Social Density

breeding density, levels of pair & extra pair copulation & mate defense, monogamous guillemots, 28485
competitive status, distribution across sites, goldfish, 14629
density & water temperature & predator encounter rate, swimming & aggregating behavior, backswimmer, 3976
dispersion of social groups, competition for juveniles, adult coral reef fish, 14622
environment–behavior model of perceived crowding & social density in recreational settings, 31478
evaluation of spatial allocation, elementary/middle schools, conference presentation, 20427
food intake & patch selection, consumer density & average resource abundances, animals, 28538
group size & individual vs group housing, activity level & aggression & food intake & weight gain, weanling pigs, 4043
male population density & operational sex ratio, mating behavior, pond dragonflies, 28516
motivation & animal welfare concepts in ethological need model, environment & stereotyped & abnormal & repetitive behavior patterns, intensively housed animals, literature review, 24928
nest predation & use of nest groups as food finding information centers & spatial variation in nest hole quality, nest distribution, Pigeon Guillemot, 39015
population density & feelings of crowding & prevalence of mental disorders, adult males, India, 40118
population density & habitat size & oviposition substrate, territorial breeding system, pupfish, 4011
population density levels, perceived crowding & rate of sick calls & use of space, 20–50 yr old male prisoners, 6577
presence of others & loud noise, arousal & performance on memory vigilance tasks, college students, 332
social density & individual size, aggression & activity & feeding, damselfly larvae, 31995
spacial density & familiarity with stimulus person, personal physical space needs, female college students, India, 18885

type of community & population density & social & political status & nationality, incidence & prevalence of schizophrenia, China, 1664
within residence vs neighborhood or community density, risk of psychopathology, inpatients in urban psychiatric facilities, 12006
Social Deprivation [See Also Social Isolation]
social deprivation & presence of observing audience, categorical organization & retention of words, male college students, India, 21285
subjective relative social & political & economic deprivation, ethnic attitudes, Blacks vs Afrikaans speaking Whites, Africa, 15260
Social Desirability
age & sex, lie scales scores, elderly, Australia, 8192
equivalence of social desirability vs specific personal characteristics, socially perceived marital success & compatibility of simulated couple, college students, 15485
factor structure of Edwards Social Desirability Scale vs Marlowe-Crowne Social Desirability Scale vs Personality Research Form, college students, 38628
hopelessness & coping beliefs & depression & social desirability & approval, suicidal behavior, high school students & male juvenile delinquents, 40212
hopelessness & social desirability, suicidal manifestations, psychiatric patients with suicide ideation & male prison inmates, 40023
masculinity vs femininity & self esteem & social desirability, college students, 1464
measures of psychological well being & social desirability, 21–40 vs 41–60 vs 61–82 yr olds, conference presentation, 5051
opinion on possibility of change & social desirability of kindergartners' vs adolescents' personality traits, mothers vs nonmothers, Japan, 15218
ratings of person descriptive terms on category breadth & social desirability, 20–42 yr olds, Great Britain, comparison with US data, 32812
reliability & social desirability bias in FIRO-B questionnaire, measurement of interpersonal needs, college students, 24645
religious orientation & social desirability & prejudice, college students, 25945
selection vs construction procedure, social desirability bias in assessment of use of message strategies in compliance gaining research, college students, 15421
self deception & impression management components of social desirability, assessment of satisfaction with mental health treatment, former outpatients, 35185
self image bias, evaluation & desirability of similarly skilled vs other potential partners for competitive game, college students, replication, 11776
self reports vs clinicians' ratings & social desirability, families in therapy, 6017
sensitivity response bias of & appropriateness of original scoring scheme for Marlowe-Crowne Social Desirability Scale, college students, 21059
social desirability, reports of client satisfaction vs self reports of psychological distress, 18–52 yr olds in therapy, implications for test validity, 37348
social desirability response set, self report of social skill & anxiety, female college students, 29395
social desirability response sets, self report of marital satisfaction, alcoholic males vs their wives, 29777
social desirability tendencies, nature & severity of psychopathology, 6–16 yr old psychiatric inpatients, 29454
social desirability value of items in projective vs self report inventories, postgraduate students, India, 21123
social psychological formulation of pain in hypnotic analgesia, commentary, 23467
social psychological formulation of pain reduction in hypnotic analgesia, commentary, 23476
trait description consistency in self & peer reports, social desirability, adults, West Germany, 32843
validity of Spanish version of Social Desirability Scales of Bem Sex Role Inventory, male vs female college students, Mexico, 7135
Social Discrimination [See Also Sex Discrimination]
academic specialization & religious affiliation, attitudes toward Blacks & willingness to engage in antidiscriminatory behavior, education students vs other college students, 31148
applicant age & job level & accountability, perception of female job applicants, 18–68 yr old college students, implications for age discrimination in workplace, 31350
attitudes toward gay equality rights, 1968–86, Canada, 22278
attitudes toward social & psychological & economic injustice & reactions to discriminatory acts, Black heads of households or their spouses, 15259
Civil Rights Act Title VII, use of screening devices in personnel selection & avoidance of discrimination, employers, 24311
claim rights vs moral rights & policies structured on normalization principles, mentally retarded & disabled, Great Britain, 26385

normative vs ipsative vs idiothetic information, feelings about academic performance, college students, 27609
nuclear attitudes, attribution of influence by pronuclear vs antinuclear groups in location decision for nuclear power plant, residents of chosen vs unchosen communities, 32592
observation of humorous vs sexually arousing vs aggressive event during red light, latency to honk at obstructing motorist during subsequent green light, male motorists, 15438
own opinions vs perceptions of others' opinions on national & state & local issues, adults, support of looking glass hypothesis, 32781
parent vs peer recipient & severity of violation, social repair & explanations or excuses, female 1st & 4th & 7th graders, 25637
peer & school & religious institutions power base, drug usage & attitudes, high school seniors, 1976–84, 25600
perception of coercion vs conciliation as national social influence strategy, Ss acting from perspective of 1 side of international conflict, 1370
perception of reference others expectations regarding smoking & drug & alcohol usage & overeating, self destructive behavior, college students, 26346
perceptions of alcohol drinking patterns & influences, high school students, implications for interventions & educational programs, 4662
perceptions of homophily & shared interests & threats & mass media exposure, desire for closer ties to US & Latin neighbors, high school students, Belize, 32506
person vs entity attributional pattern & number of missing cells in Kelley sentence cube, sentence recognition measuring social information memory organization, college students, 31891
personal beliefs & social influences, cartridge respirator use, 20–67 yr old male construction spray painters, 10325
personality moderators of interpersonal expectancy effects, literature review, 15423
persuasive social pressure with vs without intoxication, delivery of electric shock to passive opponent in competitive RT task, male college students, 17437
political vs anti-drinking-driving campaign vs violence in mass media, perceived influence on self vs others, adults, Australia, 18921
prediction of minority influence, risky vs cautious vs neutral choice dilemmas, psychology students in cautious minority/risky majority vs risky minority/cautious majority group, 32773
preferences for forms of supervisory inducements, employed graduate students & 1st line supervisors, 31382
Prisoner's Dilemma interaction with other with competitive vs conciliatory strategy of graduated & reciprocated initiatives in tension reduction, integrative bargaining, male college students, 15414
psychological vulnerability to appeal of cultic groups, children of American overseas missionaries, 1101
reading of persuasive text attributed to ingroup vs outgroup members, public vs private statements about attitudes, 14 yr olds, England, 8132
recognition of external influences on judgment, college students, replication, 22349
relapse influences & rates, 12–18 yr olds in drug rehabilitation & their parents, 3 & 6 mo followups, 41059
research on counseling as social influence process, literature review, 37307
resistance vs acquiescence to pressure to disclose with intimacy to stranger vs close friend, depressed vs nondepressed adults, 29669
resolution of conflicting psychoanalytic vs gender vs social solidarity interpretations of initiation rites, Afikpo males, Nigeria, 18755
responses to peer pressure to conform in prosocial vs antisocial activities, learning disabled junior high school students, replication, 40321
risk of educational downward mobility & social conflict at home & integration in social cliques, legal drug use, 7th & 9th graders, West Germany, 22016
risk of monetary loss & group pressure, conformity, male vs female college students, 15553
ritual processes, ambiguity & conflict following divorce, 18783
selective perception & opinion assertion & quiescence & computer simulation of behavioral contagion & public opinion dynamics, 18870
self perception of authority or charisma, use of power strategies to influence congregation, Southern Baptist & Roman Catholic clergymen, 8218
sex & cultural pressure, eating patterns & disorders, college students, 40420
sex & year of birth & education & religiosity, causal attributions for marital problems, married vs divorced or separated adults, 1957 vs 1976, 4847

similarity & physical attractiveness & economic status of drawer, ratings of drawings, male vs female college students, 25873
simulation game construction with goals & interdependence of actions, simulated community conflict & esteem in high school & collective decision making for social theory development, players, 39900
smoking prevention program using TV & classes with social influences approach, student & parent participation & smoking, 7th graders, 1 & 2 yr followup, 6686
social context, duration of syllabic vs vocalic vocalizations, 3 mo olds, implications for adult verbal turn taking, 39492
social drinking models, alcohol consumption, 19–21 yr olds with vs without family histories of problem drinking, 12219
social factors & drugs used & possible influence of weather, suicide attempts, adults, 15824
social factors, alcohol drinking behavior, Korean American adults, 32754
social influence, compliance & internalization in group cohesion & decision making or groupthink, 39907
social influence, erections & evaluations of erotica, male college students, 4903
social influences & cognitive control & self efficacy, eating behavior, community residents, 6 yr study, implications for interventions & health promotion, 37667
social influences & ideological issues in violence prevention & relation to public health prevention strategies, 12628
social influences & job skills, computer controlled lathe technology, industrial workers, implications for system designer role & values, 10427
social influences, communication & understanding & responsibility & respect for individual, groups, conference presentation, 29351
social influences, sex role development, adolescents, social work implications, 39630
social network & group reference influences, AIDS risk & prevention, 12389
social rules determining content of emotional roles, emotional disorders, 15617
social rules, spatial cognitive development, 5–6 yr olds, 8007
social stability, abstinence rates following drug & alcohol rehabilitation, adult patients, 6 mo followup, 27352
social stigma & fear & prognosis, amplification of symptoms & potentially harmful treatment & need for aggressive symptom control, AIDS patients, 26569
socialization personality vs biological vs cognitive factors in gender differentiation, peer groupings & play styles & social influence, male vs female children, 8124
socially conveyed information about appropriateness of competition, competition between merely categorized groups, college students, 15432
societal & developmental influences on self care, children & their families, 32660
sociodemographic factors in acceptance of child immunization, mothers of children under 5 yrs old, Indonesia, 16759
sociopolitical & economic forces, mental health service organization & delivery, elderly, 40895
specification & test of causal model of social determinants of environmental concern, community residents, 20917
subjective expected utility, externable variables & onset of alcohol drinking & cigarette smoking, 7th & 9th graders, 39596
suggestion & social demand & contingent success in placebo procedures, improvement in treatment, socially anxious males, 27180
symbolic & instrumental factors in reactions to persons with AIDS, 17–72 yr olds & parents with 1st–8th graders, 30055
technology & society & role of social psychology, aging, 21886
use of power & avoidance in intimate social relationships & endorsement of stereotypes about male sexuality, male vs female college students, 22347
warning to wear & accessibility of laboratory mask & social influence, mask wearing compliance, college students, 38331
Zeitgeist perception in ingroup vs outgroup minority influence, attitudes toward homosexuality, college students, 22262

Social Integration [See Also School Integration]
Catholicism as indicator of social integration, suicide rates, urban populations, 8787
changes in research vs compliance orientation & preferential treatment & color consciousness, racial integration in personnel testing & selection, 24318
combat & life events & social integration, soldiers with PTSD, Israel, 1–2 yr followup, 29650
demographic characteristics & social integration & turnover in work group, convenience store employees, 6 yr followup, 34956
differential educational standards & grades & student satisfaction & responses of suburban students & teachers, low income Black 6–18 yr old students moving into White middle income suburbs, 20560
experiences in mainstream vs residential school programs, academic & social integration, deaf 25–46 yr olds, 38205
frequency of viewing commercial TV fiction, perceptions of prevalence of racial integration & similarity between Whites & Blacks, Black adults, 22145
integration strategies & attitudes toward built environment & self & social perception, Haitian & Indian immigrant 16–70 yr old females, Canada, 39742
interracial contact during integrated training program, attitude toward integration & other racial group's personality & work ability, White vs Indian vs African nurses, South Africa, 20361
living in age segregated vs integrated communities, sexual interests & activities & liberal attitudes, elderly, 22110
misuse of standardized testing including SAT scores as qualifications for collegiate athletic participation, integration & merit evaluation process, 24209
research & theory in social support networks & social integration & processes, literature review, 15412
role in combating racism & in social integration of Blacks & other minority groups, educational psychologists, Great Britain, 24248
social integration & mainstreaming, autistic children, 6774
social risk factors, prediction of future alcoholism, adults, Sweden, 15 yr followup, 8881
social structure & integration & attitude change, literature review, 15465
status inconsistencies between time in service & rank, attitudes toward racial separatism & job satisfaction, White male enlisted military personnel, 13949

Social Interaction [See Also Arguments, Assistance (Social Behavior), Bargaining, Charitable Behavior, Collective Behavior, Conflict, Conversation, Cooperation, Encouragement, Eye Contact, Friendship, Group Discussion, Group Participation, Group Performance, Interpersonal Attraction, Interpersonal Communication, Interpersonal Compatibility, Interpersonal Influences, Interpersonal Interaction, Interviewing, Interviews, Job Applicant Interviews, Negotiation, Participation, Peace, Peer Relations, Physical Contact, Riots, Sharing (Social Behavior), Social Dating, Victimization, Violence, War]
age & task complexity, prediction of & relationship between simple physical & social domain task performance, 1.5–4.5 yr olds, 21896
age, interpersonal attraction & social interaction & attitudes toward elderly, adults, literature review, 32589
alcohol drinking & previous acquaintance, mood & verbal interaction in small groups, college students, Finland, 4409
alcohol related expectancies for social assertion, prediction of alcohol drinking patterns, high vs low assertive male vs female college students, 39890
assertiveness workshop in verbal & nonverbal interaction, implications for educational psychology, 3093
behavioral functional & social interaction perspective, maladaptive behavior, 1543
behavioral theory of social structure using needs to generate social interaction & change, commentary, 36224

causal attributions & expectancies & affect & past frequency of occurrence of important vs unimportant negative social situations, male vs female 5th graders, 39673
changes in personality & social behavior & physical capabilities, independent living, brain injured male 17–45 yr olds, conference presentation, 9129
classification task performance, pattern of cognitive deficits & social disturbances, autistic 5–8 yr olds, implications for assessment & intervention, 1706
cognitive ability & perception & social interaction, male schizophrenic vs alcoholic 21–44 yr olds, Yugoslavia, 25992
collaborative skill instruction, social interaction behaviors, mentally retarded vs nonhandicapped 9–14 yr olds, 27720
communicative adaptability & interaction involvement, primary & secondary teachers, implications for cognitive dream for competence, 36400
communicative competence & compliance gaining messages, dimensional perception of social situations, college students, 1359
communion, mitigation of agency & isolation & individualism, 17–19 yr old males, 25558
construction & reliability & validity of Achievement Motivation Scale, measurement of needs for academic & vocational & social & skill achievement, male vs female high school students, 38664
contact with family & friends & expressed lonelinesss, elderly Canadians who seasonally reside in Florida, 32580
contact with physically disabled peers, attitudinal changes, college students in weight training class, 2130
critique of recent research on social evaluation of assertive speech, literature review, 36404
cultural meanings, social interaction & support, female Puerto Rican 60–84 yr olds, 19 mo study, 36213
demographic characteristics, social isolation & interaction & loneliness, 60 yr olds & older, 1156
determinants of ownership & involvement with pets, .5–13.4 yr olds, 18673
development & reliability of Male Social-Sexual Effectiveness Scale, male college students, 38653
development of social coordinations in play behavior, 16–32 mo olds, longitudinal study, 22014
developmental sequence of social pretend play & relation to social play, 14–38 mo olds, 22029
dextroamphetamine, time allocation to socializing vs monetary reinforcement, 22–23 yr olds, 25236
disorder duration & biographical data & family & social context, patients with obsessive compulsive disorder in support group, Australia, 26089
distance placed between figures representing self & father & mother & friends using social schemata technique, high vs low aggressive 5th graders, Israel, 39662
early infant behavior & maternal interactive style, subsequent attachment quality & social behavior, infants assessed at 3 vs 12 mo old, 39643
emotional expression of relationship of individuals to society, 8400
entry behavior & social interaction in competitive vs cooperative contexts, popular vs unpopular 4th grade males & their classmates, 3225
expectations of interaction with actors, psychological descriptions of actors & affective vs instrumental goals in selection of partners for games, 5–6 vs 9–10 yr olds, 11471
expressed vs wanted inclusion & control & affection needs, schizophrenic adults, 36631
extent of community integration, adults with severe mental handicap living in staffed residential setting, 16915
extraversion & social relationships & neuroticism, subjective well being, college students, 39964
extraversion & trait anxiety & self esteem & locus of control, social participation, college students, Canada, 8338
fenfluramine, social interactions, autistic 5–10 yr olds, 16621
frequency & disruptiveness of vocal & motor tics & behavior & sleep problems & personal & social functioning, Tourette's syndrome patients over 3 yrs old, Canada, 29886
frequency of social interactions, personality traits, pairs of adult monozygotic twins, 15545
function of college bars as setting for heterosexual contact, college students, 36367
group decision & problem solving, social interaction, autistic 58–137 mo olds & their siblings, 33891
group processes & personal relationships in scientific collaborative work, pairs of social psychology & management & computer science researchers, 10536
health & well being & social interaction & household & family structure, never married 58–63 yr olds, 10 yr study, implications for long term care planning & policy, 32587
hearing impairment severity, physical & psychosocial functioning, patients 65 yrs old & older, 29859
history & conflict in theoretical models of person situation interaction, literature review, 36421
IBM-BASIC computer program for time lag sequential statistical analysis of dyadic social interaction, 7266
imagined interactions, social cognition & encounters, 17–62 yr olds, 4955
impact of electronic media, social interactions & learning orientations & leisure activities, children & adolescents, 11457
integration of behavioral & psychodynamic & social systems, diagnosis & change in marital or general psychotherapy, 12546
integration project utilizing group instruction & parent & staff meetings, social image & confidence & acceptance & leadership, low SES or culturally disadvantaged Oriental 1st graders, Israel, 6754
intentional vs forced close vs normal seating distance, nonverbal immediacy behavior, male college students, test of social cognition approach & arousal labeling & discrepancy arousal models, 29345
interaction with social & physical environment in mainstreamed nursery school, blind 2–3 yr olds, Sweden, 5 yr study, conference presentation, 31218
interactive research in social psychology, 32766
intergenerational group program, social support & interaction of ideas, 20–91 yr old females, 37701
interpersonal attribution in parasocial interaction with soap opera characters, college students, 36445
interpersonal correlates, self vs peer related within group conduct, college students, 25843
introduction of dog to nursing home, perceptions & social interactions, 57–94 yr old residents & staff members, Australia, 22 wk study, 37830
involvement in community based activities & health & social services, severely mentally retarded adult residents of community foster group homes, 16779
job satisfaction & social life & family relations & child care, 18–67 yr old night shift workers, 31446
loneliness & personality traits, social interaction & well being, 60–96 yr old widows, 25664
mainstreamed nursery program, opportunity for social interaction & home play with mother, nonambulatory 3.5 yr old female twin with cerebral palsy, 38218
maintenance of humane perspective, nondisabled persons in caring & accepting relationships with mentally retarded or disabled persons, 36513
maternal vs peer interaction in home environment, moral & conventional transgressions, 2–3 yr old males vs females, 36178
memories, social construction of emotions, female 40–60 yr olds in groups, 8346
moderate vs high contact with mainstreamed hearing impaired students in same class vs same school, attitudes toward disability, 8th graders, 20655
modification of social system, aggressive behavior, 29 yr old institutionalized male with severe/profound mental retardation, 6428
motivation to listen or call & available social opportunities & interest in communication with others, 11–80 yr old callers vs noncallers of talk radio shows, 36110
multicomponent treatment program, social interaction during recreational activity, 14–19 yr olds with moderate to severe

mental retardation or learning or behavior disorders, 27295
Mutual Self Help Program, sense of control & self esteem & social involvement, 52–90 yr olds living in senior residences, 20107
negative life stress & social problem solving & self appraisal, hopelessness, college students, implications for suicide research, 19272
neglect & emotional and/or physical abuse, socioemotional development, 5–11 yr olds in day camp setting, 36762
network analysis with triangulation strategy, social relations, biomedical scientists, 35
pain intensity ratings, desire for social & recreational activities & levels of depression, 20–73 yr old pain patients, 29912
partner effects in affect & cognition & behavior, meta analysis, 29340
peer intervention, social interactions, 7 & 8 yr old socially isolated females, 4 mo followup, 26897
perceptions of & interaction with speakers of high vs low English language proficiency, college students with high vs low English language proficiency, China, 4532
performance on tests of social interaction & tests of auditory &/vs visual perception of words & sentences, hearing impaired 58–81 yr olds, 37116
pet keeping & leisure activities, urban dwelling 12–14 yr olds, East Germany, 18693
physical & social functions & self reported quality of life, disabled 24–52 yr olds with severely impaired mobility, Sweden, 30056
popularity, social interaction patterns, 46–61 mo olds, 4723
positive social feedback processes, formation of expertise & knowledge, extension of modeling theory, 29337
primary relationships & social participation, urban adults, Korea, 1362
process in action approach, measurement of self concept construction through social interaction & comparison, preschool age children, teaching implications, 18642
project vs parallel group structure, social interaction & affective responses, 62–83 yr olds, 4776
psychobiological perspective on healing rituals & social bonding & role of endogenous opioids, 32068
quality of attachment to mother, social responsivity in free play with mother & peer, 2 yr olds, 3 yr followup, 25628
rituals of adversity & social liminality & status, paraplegics & quadriplegics, US, 5742
role of food & social dining & group discussion, psychotherapeutic processes, adolescents in residential therapeutic community, reprint, 34323
sadness & depression & social reciprocity, 40 & 65 yr old females with depressive symptoms, Ecuador, 33199
same vs mixed sex social interaction patterns, college students, US vs Hong Kong, conference presentation, 15449
self contained vs integrated class, self vs peer rated social competence & feelings about school, gifted 5th–10th graders, 31177
self relevance of positive vs negative mood stimuli, social interaction & self disclosure with female, male college students, 15425
self verification & expectancy confirmation processes, social & self perception after interaction, college students, 15467
sensory characteristics & spontaneous interactions, children & their pet dogs, conference presentation, 18651
service dogs, experiences with strangers, disabled adults in wheelchairs, 12407
sex, aggressive behavior, 11–12 yr olds, 25611
sign language instruction, social interaction, hearing impaired & nonhearing impaired 4th–5th graders, 17313
small group discussion, social & other behaviors, 73–83 yr old confused females on psychogeriatric ward, implications for nursing & occupational therapy staff, 6452
social & family relationships, 16 yr olds raised in institutions until at least 2 yrs of age then adopted or restored to biological parent, 22025
social & sexual interactions & good vs misfortunes & actor achievement in dream content, 18–45 yr old females, Kenya vs US, conference presentation, 10874
social anxiety & social competence & depression, socially active vs isolated 55–99 yr old nursing home residents, 34284
social interaction & activity patterns, preschool age Sekele vs Kwengo refugee children on military base, Africa, 18670
social interaction & alcohol use, 57–97 yr old residents of retirement communities, 18708
social interaction, depression, elderly, 22101
social interaction during social pretend vs nonpretend activities, 4–5 yr olds, 15157
social interaction with friends or neighbors vs family, loneliness & emotional well being, adults 55 yrs old & over, 1158
social interaction, 2–8 yr olds, US vs Indonesia, 15164
social interactive nature of social groups, development of algorithm, 28183
social networks & intergroup conflict, organizational units, 34954
social orientation to adults &/or peers, 13–24 mo olds in day care, 29127
social perception & problem solving & self monitoring & other cognitive skills, social interactions & competence, children, implications for social enhancement programs, 4726
social relationships & child's age, satisfaction with child self care arrangements, mothers, 32626
social situations & visual vs nonvisual tasks, lighting level preferences, college students, implications for arousal optimization model, 18871
social status, discourse skills in free play with peers, acquainted 43–66 mo olds, 39631
sociodramatic script training with role exchange & teacher prompting, social & communicative interaction in structured free vs theme directed play, normal & language delayed 3.7–6.7 yr olds, 20464
standardization & factorial validity & reliability of Adolescent Activities Checklist, 12–18 yr olds, 10573
statistical analysis of dyadic social interaction data measured over time, 3682
status & intimacy level, suitability of money as gift, college students, UK, 39916
stigma perception & social relationships & management strategies, patients with temporomandibular pain & dysfunction syndrome, 37094
structural vs general equivalence methods of social position analysis, 28164
subtyping according to social interaction, autistic adolescents, 26197
systolic & diastolic BP & heart rate during social interaction, high vs low cynically hostile male college students, 35683
temperamental fear vs context specific distress, social interactive & attachment behavior, infants observed at 12.5 vs 19.5 mo old, 4734
temporal aspects of computer mediated social interaction, 15429
transition from sensorimotor to representational functioning, object & social play development & cognitive ability, 2.3–7.8 yr olds with Down's syndrome, 36908
transparent vs credible pretext vs no pretext type, role of self esteem & social interaction in embarrassment, college students, 8458
unemployment, social relationships, literature review, implications for psychological illness, 31342
use of health & human services & social relations & help received from others, cognitively impaired vs nonimpaired elderly, 9621
validity of Affinity Seeking Instrument, assessment of ability to be interpersonally attractive & sociable, college students, 17567
values & technology in normalization for creation of valued social roles vs applied behavior analysis method of operant behaviorism, patients with learning difficulties, 40717

Social Isolation
acquisition of schedule induced polydipsia & locomotor activity & plasma corticosterone, rats reared in social groups vs isolation, 32070
acute alcohol, total speech, adults in social isolation, 11235
aggression inducing isolation rearing, formation of leap orders & role in social organization, male chickens, 25000
assessment of schizoid or schizotypal personality disorders or Asperger's syndrome, 16–65 yr old lifelong socially isolated & eccentric psychiatric patients, 26187
colony specific kin recognition of workers raised in isolation, ants, 32016
corticotropin releasing factor vs alpha-helical corticotropin releasing factor, ultrasonic vocalizations during isolation, rat pups, 35831
decompression treatment, secluded 20–38 yr old male psychiatric inpatients with aggression & self abuse & hoarding & hygiene decompensation, 23677
demographic characteristics & memory & perceptions of seclusion treatment, hospitalized schizophrenic patients, conference presentation, 40972
demographic characteristics, social isolation & interaction & loneliness, 60 yr olds & older, 1156
electronic communications, isolation & loneliness, elderly, 11555
escape attempts before vs after 5HT1B agonists vs other drugs, socially isolated vs group reared male mice, animal model of social behavioral deficits, 4360
escape behavior in pair measuring social behavior deficit, mice isolated 7–9 days vs reared in groups, animal model of hyperreactivity with behavioral inhibition, 39020
ethnic differences, seclusion or restraint in psychiatric hospitals, White or Black or Hispanic patients, 20169
evaluation of seclusion as method of behavior management in psychiatric hospital practice, psychiatric patients, 13097
exposure to strange male odors after isolation, social dominance, male mice, 35506
extent & meaning of solitude, elderly, literature review, 39700
group vs isolated rearing & food deprivation, pecking rate & social preferences, domestic chicks, 17984
isolation induced fighting, utilization of norepinephrine & dopamine & serotonin in brain regions, mice, 25086
isolation, penile erection & stretching & yawning induced by dopaminergic agonists propylnorapomorphine vs B-HT 920, male rats, 11218
isolation stress, adult wethers housed in individual cages with vs without mirrors, 10973
isolation time & motor activity & arousal induced changes in forebrain deoxyglucose uptake, male zebra finches, 7639
living arrangements & eating behaviors, 55–98 yr olds, 8171
need for followup study on effects of long term isolation & educational deprivation, infants, 26285
neonatal isolation, milk production & social dominance & reproductive maturation & socialization to humans & hypothalamo-hypophyseal-adrenal axis function, dairy cattle, 28466
neuroleptics, distress call behavior in isolation, male chicks, conference presentation, implications for animal model of depression, 32229
nonseclusion policy, violent incidents, hospitalized psychiatric patients, England, 27216
oxaprotiline vs CGP 12103A, behavioral response to peer separation, rhesus monkeys, failure to support norepinephrine hypothesis of depression, 32246
parental psychopathology &/or maltreatment, aggressive behavior & delinquency & social withdrawal, children of psychiatrically disturbed parents, 22668
peer intervention, social interactions, 7 & 8 yr old socially isolated females, 4 mo followup, 26897
perceived threat of AIDS, attitudes toward methods of social restriction imposed, 18–28 yr old male & female college students & 40–60 yr old married females & 23–44 yr old male homosexuals, 33545
perceptions of use of seclusion rooms, adult hospitalized nonsecluded psychiatric patients with vs without prior seclusion experience, 13166
permeable family boundaries, development of social withdrawal or psychosomatic illness, children, conference presentation, 19002
physiological & psychological & social isolation, developmental crises & therapeutic intervention, elderly & family members, 40701
powerlessness & work alienation & social isolation, alcohol use & abuse, males, 4 yr study & replication, 19390
predictors of alienation from university life, foreign college students, US, 13603
prosocial skill training & reinforcement during basketball game, generalization to off court skill, 8–13 yr old socially isolated behavior disordered males, 2394
psychotherapy, self contained patients, 33865
seclusion as treatment technique, psychiatric patients, 37195
self esteem & optimism & pessimism & causal attribution for success vs failure, aggressive vs withdrawn 9–13 yr olds, 33345
serotonergic drugs, isolation induced aggressive behavior, male mice, conference presentation, 32261
sex, open field behavior & antipredator responses, group reared vs socially isolated chicks, 14631
short term social isolation & naltrexone or beta endorphin or apomorphine, pinning & social grooming, male rats, implications for role of opioid & dopaminergic systems, 35873
shyness & loneliness & self esteem & social support, TV viewing for mood management vs social compensation, college students, 39957
social & antisocial & criminal behavior, 16–65 yr old lifelong socially isolated & conspicuously eccentric psychiatric patients, treatment implications, 26188
social & cultural & psychological influences during prolonged isolation in Antarctica, design & construction & operation of space stations & bases, 20895
social anxiety & social competence & depression, socially active vs isolated 55–99 yr old nursing home residents, 34284
social contact & grooming & morphine vs opiate receptor blockade, grooming motivation & CSF beta endorphin, socially isolated monkeys, 39339
social isolation & subsequent resocialization, open field locomotor activity & tailflick response to heat stimulus, handled & nonhandled individually vs group housed rats, 11112
social isolation, cerebral cortical adrenoceptor binding & exploratory behavior, rats, 18136
social isolation, in vivo brain benzodiazepine receptor binding, rat pups, conference presentation, 32214
social isolation, tactile startle reactivity & nociception & resting heart rate & BP, male rats, 14727
social skills instruction using contextualist perspective of ongoing peer interaction, low esteem & isolation or rejection in peer relations, learning disabled children, 13627
social vs isolated housing & graded stressors, plasma corticosterone & hypothalamic & pituitary beta endorphin & behavior, rats, conference presentation, 739
social vs isolated rearing, sensory preconditioning & associative processes, monkeys, 7526
social withdrawal & popularity & aggression, 2nd graders, 2 & 3 yr followups, 11521
stigmatization & cognitive & social & emotional isolation, homosexual male & female adolescents, 11498
stimulus novelty vs isolation vs light levels vs ethanol, social behavior, male mice, 18224
therapeutic management protocol, use of seclusion & restraint in psychiatric units, disruptive 16 yr old inpatient, 34303
therapeutic recreation activities in nursing home setting, isolated residents, 34293
white noise, heart rate, macaques raised with mothers & peers vs in isolation, 4186

Social Learning [See Also Imitation (Learning), Imprinting, Nonverbal Learning]
cognitive humanistic social learning model, social group work, 23618
cooperative interpersonal learning of reading in school, 27598
coworker performance & negative vs positive sanction, job satisfaction & motivation & perception of equity & cohesiveness & productivity & commitment, college students & sales clerks, 27955
development of community based intervention program based on social learning theory & applied behavior & ecobehavioral analysis, child abuse & neglect, 20128
epigenetic rules, learnability of culture & developmental theories & language acquisition, 25394
frequency & reasons for riding with drinking drivers, predriving riders less than 15 yrs old, implications for use of social learning theory in prevention, 1075
genetic & social learning & other theories, development of aggression & altruism, 8154
informed learning in everyday situations, family caregivers of frail elderly in community, 18780
maternal feeding behavior, food preferences of offspring, ground squirrels, 10974
medical vs cognitive social learning models of gambling & gambling addictions, 1767
methodological & interpretive issues in social learning family therapy, aggressive school age children, commentary, 12763
multistage social learning model of parental & peer influences, substance abuse, adolescents, 8918
perception of behavior & situation similarity, female college students, implications for social learning theory, 32808
reconceptualization by I. Kirsch of J. B. Rotter's & A. Bandura's expectancy construct in social learning theories, commentary, 8330
reward vs command situation & experience of extrinsic vs intrinsic motivation, use of discounting principle in social perception task, 5–7 vs 8–10 yr olds, test of social developmental model, 4695
sexual gratification vs aggression vs traditional male sex role motivations for rape, males, implications for social learning theory, 26315

recognition of negative facial emotions, male vs female college students, 39935
religious affiliation & nationality of artist, perceived quality of drawings by school children, male Moslem Guineans, France, 15455
revised interactive model of psychological motives & defensive person perception, 8375
risk perception, 24–25 yr olds, Hungary vs US, 22364
room illumination level, voice level in group conversation about & evaluations of hypothetic job applicants, female college students, 13944
school related attitudes & perception of school environment, adjusted vs anxious extraverted vs introverted 12 yr olds, Australia, 34689
self & family expressiveness & relations to anger & designated others' consensus, adults, 25899
self consciousness & need for cognition, self vs other descriptiveness vs possession decisions about trait adjectives & concrete nouns, college students, 15470
self esteem & perceived evaluations of family members vs friends vs teachers vs neighbors vs strangers, 13–16 yr old minority group immigrants, Netherlands, 18701
self relevant information about others, recall & information weighting & goal processing during person perception, self schematic vs aschematic college students, 11769
self schemas, evaluation & memory of & prediction & inference about another person, college students, 1386
self verification & expectancy confirmation processes, social & self perception after interaction, college students, 15467
self vs stranger ratings of personality traits, previously unacquainted college students in small same sex groups, 32911
sensitivity to interracial facial expressions of emotions, Canadian vs Latin American vs Ethiopian vs Israeli adults, Canada vs Israel, 22161
sequence of measurement & wording of estimation question, estimates of consensus, Navy personnel & college students, 32819
sex & drinking experience, dose related alcohol expectancies for self vs other, college students, 8320
sex & method of leader selection & performance feedback, perceptions of leaders in task performing dyads, college students, 22381
sex & nationality attribute differentiation & perceived variability of characteristics of ingroup & outgroup members, college students vs elderly, Ireland vs US, application of computer simulation, 39931
sex & physical attractiveness, juridic judgment, college students, 18812
sex & sex role orientation, cohesion perceptions, basketball players, 3500
sex & sex roles, emergent leader effectiveness ratings, college students in groups, 22365
sex dimorphism in human skin color & its social perception across cultures, 21472
sex of target & gender related stereotypic interests & labels & age of S, social judgments, male vs female 4–10 yr olds, 15191
sex, perceptions & self expectations about persuasion strategies, college students, 32806
sex role orientation, perceived degree of talkativeness & concern for other's feelings & quality of expressed ideas, male vs female college students, 8300
shyness & competitiveness & optimism ratings of self vs TV soap opera characters, 17–40 yr olds, 15460
similarity of attitudes toward women's movement or censorship, perceived physical attractiveness of target, male vs female college students, 1399
similarity of leader prototypes, consensus in leader behavior descriptions of supervisors, employed graduate business students, 5009
similarity to ingroup vs outgroup members, attitudes toward out groups, college students, England, 4969
social & cognitive development, construction & perception of self & peer social reputations, popular vs average vs neglected vs rejected male vs female 1st–5th graders, 32522
social & cognitive factors & amount of information about other's situational behavior & experience, attribution of emotions & inferences of cognitions, 6 vs 8 vs 11 yr olds, 21887
social caste & SES, perception of self & others, college students, India, conference presentation, 29193
social categorization vs personality traits, person evaluation, college students, 18928
social cognition & perception & self concept as cognitive mediators of social behavior, literature review, 25832
social cognition, speech comprehension monitoring, 1st graders, 32474
social cognition theory & methodology, perspectives on clothing & human behavior, literature review, 32810
social factors & past experience & reactions to peers' distress & beliefs about bystander intervention, 36–61 mo olds, 29113

social image of smokeless tobacco use & cigarette smoking, adolescent athletes vs cowboys vs other high school students, implications for prevention, 1070
social intelligence test & questionnaire measuring friendship & self & peer perception, junior high school students, Italy, 4671
social judgments about male vs female victims of heterosexual or homosexual rape, college students, 12190
social knowledge & structure of program, implicit representation of soap opera characters, regular viewers, 36441
social perception of & attention to emotional cues, 21–68 yr old nonpatients vs patients with schizophrenia vs major affective disorder, 33133
social perception theory & research, implications for educational research, 17095
social values & egocentric bias, perception of cooperative vs competitive behavior, college students, 4989
sociometric awareness of social status & social acceptance by peers, 2nd–3rd graders vs their mothers, 8119
sociopolitical change, perceived vitality of Chinese & Western groups & their respective languages, college students, Hong Kong, 22118
sociostructural factors, evaluation of language choice strategies, monolingual vs bilingual 10–28 yr olds, Canada, 25461
speaker eye contact, perceptions of personality, college students, implications for stuttering & therapy, 26414
spontaneous or educational pamphlet induced perceptions of controllability of rape, anxiety & perceived risk & precautionary intentions, female college students, 19291
stigmatization & feelings of shame, prisoners' wives, 9911
stories spoken by US immigrants in native English vs Swedish as 2nd language, ratings of language proficiency & on personality traits, native Swedish college students, Sweden, 1390
structural power position & outcome equity & status congruence in role play of typist & student seeking services, perceptions of self vs partner, college students, 11775
student self concept & locus of control & temperament, perceived teachability of learning disabled vs nondisabled students, 3rd–6th grade teachers, 20432
subjective ethnolinguistic vitality & ethnic identity, perception of speakers of Italian vs Sicilian vs Italian accented English, Italian 33–73 yr olds, Australia, 39904
subjective relative social & political & economic deprivation, ethnic attitudes, Blacks vs Afrikaans speaking Whites, Africa, 15260
success vs failure task feedback, estimated percentage of other Ss performing similarly measuring false consensus effect, college students, 25868
supervisor accessibility & perceived similarity & social attractiveness, college student employees, 20790
target gender & sex typedness, social perception, feminine vs masculine vs androgynous college students, 8307
target valence & self vs other focus in person schema, recall, female college students, 39928
target's ethnic majority vs minority status & sex & agreement vs disagreement with ethnic majority males, attitudes toward young offender recidivism, college students, 29332
targets' physical attractiveness & personality traits & interests, perceived compatibility of partners in romantic relationship, high vs low self monitoring college students, 22327
temporary affective states, perception of task characteristics & task satisfaction, college students, 35399
theoretical assumptions underlying expectation states & status characteristics, social cognition & status generalization models, 22370
therapeutic strategies following induced hostility, evaluation of & level of reward given to confederate, female college students, Italy, implications for therapeutic evaluation, 8382
therapist formality in attire & language & self disclosure, perceptions of therapists' credibility & effectiveness, college students, 5927
time orientation & locale & reasoning & choice making & thinking & interpretation of events, lower vs middle class adults, implications for marketing, 24464
trait dimensions & target behaviors & perceiver differences, agreement in making trait judgments, college student groups, 25883
TV exposure & selectivity, positive social perceptions, 17–88 yr olds, 39430
TV exposure, effect of parent adolescent cohesion & parental control on conceptions of social reality, 10–14 yr olds, 1118
uncertainty orientation, individual differences in categorization in person perception, college students, 1409
unfavorable recruitment or management decision with vs without justification of mitigating circumstances, fairness rating, graduate business students & employees, 10382
use of verbal-nonverbal consistency principle to judge truthfulness & lying, 5–9 yr olds, 21976
use of verbal vs nonverbal cues in judgment of competency vs trustworthiness vs attractiveness, counselors vs clients, 2741
utility & reliability & validity of Love/Hate Checklist, assessment of parents' actions toward one another, college students, 21121
validity of distraction vs situational familiarity hypothesis, assessment of verbal vs nonverbal cues in judgments of veracity, college students, 25889
validity of sociometric scale, assessment of peers & self & agreement with staff assessment, behaviorally disordered 6–13 yr olds in residential center, 31617
variation in behavior perception, memory for observed other's behavior, college students, 8393
verbal ability & selective attention & cognitive structures, accuracy of social perception in selection interview, male vs female college students, 41407
white vs verbal noise vs quiet during story reading, judgment of protagonist's personality & future behavior, high school students, 1076

Social Phobia

alprazolam, avoidant personality traits, patients with social phobia, 37553
alprazolam, 23–50 yr olds with social phobia, 2504
attentional focus & causal attributions in social phobia, treatment implications, literature review, 19133

peer status & social skills reinterpreted using bidirectional reciprocity model, learning disabled children & adolescents, literature review, 12315
perceived importance of social skills for relating to peers vs adults vs self, school adjustment, general & special education teachers & handicapped & nonhandicapped adolescent students, 38240
persistence & change of behavioral or emotional problems & social competencies, 4–16 yr olds, 2 yr followup, Netherlands, 8531
physical education training in class with nonhandicapped peers, acquisition of social & motor skills, autistic 4–12 yr olds, 13668
predictive variables, development of social competence in children, single mothers & their 8–11 yr olds, 29135
previous intercultural experience, perceptions of intercultural competence, college student sojourners, 24102
reliability & validity of Spanish version of Behavioral Attributes Psychosocial Competence & relation to cultural values, college students, Puerto Rico, 14151
reliability of concurrent & longitudinal correlates of preschool rating scale & nomination sociometric measures, assessment of social acceptance & cognitive & social ability, 4–5 yr olds, 1 yr study, 21119
role taking ability & social competence, 12.8–17.8 yr olds with autism vs mental retardation, 32971
self monitoring, social skills & sex role typing, college students, US vs New Zealand, 1419
self reliance & social competence & life satisfaction, older mentally retarded adults in restricted living environments vs community living without services, 1929
self vs parental rating of self perception & self esteem & social competence & behavior problems, 6–16 yr olds in single mother vs father families, 36174
settings & time of informal conversations, consistency of verbal & nonverbal component behaviors of social skills & competency ratings, 16–59 yr old participants vs confederate psychology students, 36423
smoking prevention program, acquisition of refusal skills, junior high school students, 38095
social anxiety & skills knowledge & attribution style & self disclosure & perspective taking ability, loneliness, female college students, 15497
social competence & information processing skills, males with severe closed head injury more than 18 mo previously, 37031
social competence & problem behavior, learning disabled female 12–16 yr olds, 40330
social competence & rough & tumble play, K–4th graders, 8147
social competency in homosocial vs heterosocial situations, male college students, 29335
social competency, low achieving or learning disabled 3rd–5th graders, 33419
social desirability response set, self report of social skill & anxiety, female college students, 29395
social dissimulation & perceived competence & Junior Eysenck Personality Questionnaire scores, school age males vs females, Northern Ireland, 11479
social interaction with peers, socially & emotionally handicapped vs normal vs low interacting Black 3.2–5.9 yr olds in Head Start, 40164
social needs & abilities & interests & academic ability & social career choice, female 18–25 yr old college students, implications for career guidance, 13768
social or communication skills, ability to deceive, college students, 1408
social perception & problem solving & self monitoring & other cognitive skills, social interactions & competence, children, implications for social enhancement programs, 4726
social problem solving skills & aggression beliefs, 15–18 yr olds incarcerated for antisocial aggressive offenses vs high vs low aggression high school students, 1839
social problem solving strategies, aggressive vs nonaggressive 9–11 yr olds, 15179
social skills & birth order, female vs male 17–24 yr old college students, 32897
social skills & depressive symptomatology & activity level, 8–14 yr olds, 1 mo followup, 4744
social skills & empathy, male vs female college students, 25951
social skills & public self consciousness, credibility during pro vs counter attitudinal presentations, college students, 11786
social skills, ability to make posed vs spontaneous facial expressions of emotions, college students, 39987
social skills development & assessment, blind kindergartners, intervention implications, 27721
social skills knowledge level, delinquent male 11.6–16.3 yr olds in state training school, 17007
sociometric status & teacher rated behavior & self rated social competence, learning disabled vs low vs higher achieving elementary school students, 24128
sociometric status, entry play behavior & group interaction, 1st vs 3rd vs 5th graders, 22052
structure of social competence, learning disabled 8.1–12.6 yr olds, 36927
subjective social skills, physically handicapped 18–25 yr olds, 2140
theoretical framework for hypotheses on social intelligence from neuropsychosocial perspective, 32057
uses of Sage Hill Behavior Rating System, assessment of competency, children in day care, 21039
validity & reliability & factor structure of Social Training Achievement Record, assessment of social & self care skills, hospitalized mentally handicapped 13–80 yr olds, Scotland, 10654
validity & reliability of Adaptive Functioning Index, mentally retarded adults in residential institution or community based group homes, Australia, 31688
validity & reliability of social skills questionnaire, self assessment of social behavior at school, 12–17 yr old secondary school students, Canada, 31291
validity of Affinity Seeking Instrument, assessment of ability to be interpersonally attractive & sociable, college students, 17567
validity of Open Middle Interview vs Children's Assertive Behavior Scale Self Report, assessment of social skills & peer ratings of likability & playground behavior, male 4th graders, 38679
validity of role play procedures, assessment of social skills & anxiety, college students, 1367
values placed on controversial social behaviors & self vs peer vs teacher rated social competence, 7th & 8th graders, 29104

visual attention from peers, social competence on Q sort task, 36–45 vs 48–57 mo olds, 1141
Social Skills Training
action groups vs social skills training, child guidance clinic outpatients, 23578
action oriented group counseling, skills development & problem solving, students with behavior problems, 6812
applied relaxation vs social skills training vs in vivo exposure vs self instructional training, 20–60 yr old phobia patients, 19902
assertiveness social skills training, cooperation & physical aggression in school & at play, 1st–3rd graders, 6059
assessment methods, measurement of social skills competence & training effects, handicapped students, 37440
assessment of social anxiety vs social skills vs irrational cognitions, efficacy of matched vs mismatched treatment, college students with heterosexual difficulties, 2399
behavioral program including relaxation & assertiveness & study skills training, personality change & academic achievement, female vs male 12–15 yr old students, India, 24237
behavioral training techniques for functional skills, handicapped children & adolescents, 26887
CATCH social skills training program, skill development & generalization & self perception, mildly mentally retarded 13.1–15.8 yr olds, Australia, 34743
classroom based social skills intervention, positive peer interaction, deaf 5.5–5.10 yr olds, 27663
classroom social skills training, maintenance & generalization of social skills, blind 9.1–12.5 yr olds with mental retardation &/or other handicaps, 6 mo followup, 27731
client & family characteristics & coping strategy & response to social skills training, shy adults, 6050
clinical issues in social skills training, adolescents, 1976–89, literature review, 37430
cross cultural adaptation & Skills for Adolescence program, decision making & prosocial behavior, 10–14 yr olds, 40714
curriculum decision making based on developmental & operant research, teaching of social & communication skills, handicapped or autistic children, 24141
didactic vs facilitative cognitive behavioral social skills training, college students, 16471
early social reciprocity interventions, severely mentally retarded infants, 16908
evaluation of effectiveness of multi-component group approach, social skills, 5th graders, 30366
factor analysis of unidimensionality vs multidimensionality of UCLA Loneliness Scale & social skills training, prediction & levels of loneliness, female 18–19 yr olds, 14086
family-focused social skills development model, social interaction & impulse control & problem solving skills, chronically ill children & their families, 30780
fundamental social skills training in community based group home, developmentally disabled 13–16 yr olds with severe behavior problems, 27123
generalization of learned social skills to nonresource room settings, learning disabled 1st–5th graders, 20571
group decision & problem solving, social interaction, autistic 58–137 mo olds & their siblings, 33891
group incidental training in work setting, use of social amenities, mentally retarded 22–66 yr olds, 6498
group social skills training, female 24–43 yr old municipal health system clients, Denmark, 9410
interpersonal negotiation strategies model, development of social problem solving skills in school, school age children, 27596
intervention program, development of autonomous functioning, 11–14 yr olds with moderate to severe physical disabilities, 30791

preparation of social work graduate students for stress of self awareness in clinical practice, field instruction directors, 30920
sex role combination of female student & male instructor in field instruction, student-instructor relationship & student performance, social work students & instructors, 30867
simulation group exercises, development of interpersonal & interactional skills, social work students, 20347
sociopsychological training curriculum for AIDS related social work practice, 27452
status & content & extent of death education, medical & nursing & social work programs, 23833
systematic skill training, practicum instruction & clinical research in social work education, 13423
teaching of connection between theory & practice, social work education, 23838
traditional vs experimental field instruction arrangements, learning outcomes, graduate students in MSW program, 2 yr study, test of G. W. Brown's field instruction research project, 30894
training in empirical group work practice, social work students, 23890
training in intergenerational theory & practice, human services personnel, 41168
Social Workers
adoptive family special needs training, mental health practitioners & child welfare professionals, 23553
alcoholism treatment credentialing in New York State, attitudes adversely affecting treatment outcome & alcoholism training needs, social workers, 37991
assessment of & intervention with AIDS or HIV patients, social workers, 20160
assigned importance vs actual practice of informal networking with client's support system, geriatric social workers, Israel, implications for training, 40945
attitudes toward child sexual abuse, social work & judicial system professionals, 5458
attitudes toward performance standards, staff social workers vs supervisors, 17041
attitudes toward resident participation in old age homes, social workers & facility directors, Israel, 34304
attributions of responsibility, treatment strategies in father–daughter sexual abuse cases, social workers, 13402
biophysical approach to treatment in long term care facility, elderly & social workers & nurses, Canada, 2794
codependency in therapeutic relationship with chemically dependent clients, alcohol or substance abusing or co-dependent social workers, 34466
cognitive development & undergraduate education, graduate education & professional practice & achievements, MSW graduate students with BA vs BSW degrees, 41127
confidentiality guidelines for therapeutic relationships, independent social workers, 34548
consequences & manner of truth telling to terminally ill patients, social workers, 34250
contact experience, attitude change toward parents of chronically mentally ill patients, social work graduate students, 9973
curriculum model for treatment of long term mental illness, social workers, 27446
demographic characteristics & work setting & case load & intent to leave profession, prediction of burnout, psychologists or social workers employed as psychotherapists, 23885
development of Mental Retardation Practice Inventory, assessment of skills for social work practice with mentally retarded, social workers, 31593
development of professional consultation & referral programs for impaired psychologists & social workers, state psychological associations vs National Association of Social Workers State Chapters, 27467
discrimination of abusive vs nonabusive parent child dyads in videotaped interactions, 24–62 yr old child protective

service workers, implications for clinical observation in diagnosis, 30637
empathy, burnout, female master's level social workers, 37970
ethics & legal guidelines regarding confidentiality & privileged communications, social workers in family therapy, 34544
evaluations of & recommendations for child abuse cases involving neonates to 16 yr olds, hospital team vs county child protection agency vs courts, 40580
expectations of clinical supervision, undergraduate social work students & faculty & field instructors, 37982
experience level, attitudes toward serving as qualified examiner in involuntary hospitalization cases, social workers, 30726
factors leading to premature therapy termination, social work therapists, 2324
feminism & professional status, service options for battered females, social workers & volunteers from domestic violence agencies, 9608
gerontological issues & consultations & adaptations, religious order congregations & social workers, 6363
group forum, exploration of thoughts & feelings, 5–20 yr old foster children & foster parents & caseworkers, 9414
impact of practitioner values on treatment, 16 yr old sexually active female & social worker, 40940
interactions with & referrals to mental health mutual aid groups, mental health social workers, 6360
issues in cross cultural social work supervision, Asian & Hispanic supervisees, 38021
job satisfaction based on optimal model of care, social workers who treat terminally ill patients, 20394
knowledge & experience levels & training & support availability for effective intervention in alcohol related problems, rural health & welfare workers, Australia, 17021
knowledge of use & misuse of Child Abuse Potential Inventory, social service administrators & providers & family violence researchers, 33324
learning & analysis of intervention model for battered females, female social workers, Canada, 27174
legal & ethical & funding issues in & utility of peer review for ensuring professional accountability, social workers, 17063
microcomputer ownership & use, psychologists vs social workers, US vs Canada, 34522
occupational stress, casework decision making, 24–60 yr old child protection workers, 38006
occupational stress, social workers, Northern Ireland, 41122
peer supervision model, social workers in EAPs, 31399
perception & use of support services, perceived job stress & burnout, social workers, 9965
perceptions of responsibility & role conflict in child abuse cases in juvenile court, caseworkers & attorneys, 8285
play & interaction in clinical supervision, social workers & supervisors, 38022
private practice geriatric care management, social workers, 6358
professional functioning, hearing impaired social workers, 34444
professional socialization, social work vs social science students, Israel, 1 yr followup, applications of marginal man theory, 27408
professional vs natural helping, 18–35 yr old vs 36 yr old & older social workers vs friends or relatives or neighbors in rural setting, 13086
psychiatric symptoms & community care, clients treated by psychiatric nurses vs mental health social workers, England, 13071
role as culture mediators in health care settings, social workers & ethnic clients, 2604
role in encouragement of erroneous sexual molestation charges by preschool children, child protection workers, 30695
role of home visits in private practice, clinical social workers, 2751
rules of testimony & evidence, social workers as expert witnesses, 39816
self disclosure utilization, 30 yr old & older clinical social workers, literature review, 34251
setting, time spent on various clinical activities, clinical social workers, 6616
shifts in human service intervention procedures, evaluation problems, social workers, 2744
social work values & attitudes toward working in private sector EAPs, male vs female Black vs White college vs graduate social work students, 41114
societal origins of & guidelines for overcoming bias against homosexual clients, social workers, 30961

interprofessional perceptions of relative roles & competence & status & respect, rehabilitation teachers & mobility instructors, implications for interdisciplinary blind rehabilitation, 27292
IQ & SES & family qualities, moderation of stress effects on school based competence, male vs female 8–13 yr olds, 17192
low level prenatal & postnatal lead exposure & blood content & SES, mental development, infants assessed at 6–24 mo old, 29045
middle vs high SES & sex, development of creative thinking, school age children, India, 11468
mother's behavior & knowledge in supervisory role, social skills, high vs low social status preschoolers & their mothers, 8247
motivational factors & school atmosphere, probability learning performance, affluent vs middle vs lower class 8.5–10 yr olds, 24051

movies, modern attitudes toward socioreligious problems & marriage & females & education, low vs average vs high SES college students, India, 35967
neighborhood & socioeconomic indicators of psychological & physical health, adults, New Zealand, 5025
neighborhood SES, design & implementation of academic & character training programs, administrators & teachers of public elementary schools, 1918–31, 3071
participation in early intervention program & mother interaction & communication style & SES, academic achievement, Black vs White male vs female 2–3 yr olds & their mothers, 10 yr followup, 17200
perceived occupational opportunity, delinquency, lower vs upper class White vs Black 7th–12th graders, 26302
perinatal complications, low vs middle SES preschoolers, 19517
personality traits & SES, prejudicial attitudes, 45–55 yr old males, West Germany, implications for frustration aggression hypothesis, 36470
physical attractiveness & SES in mate selection criteria, male vs female medical students, 39938
place of residence & SES & early breast vs bottle feeding duration, parents & their infants using home visiting or child health clinic programs, 30625
psychopathology & SES, mother only vs mother & father families with 6–17 yr old children, 40054
race & economically marginal lifestyle, prison adjustment, inmates, 27381
race & SES & marital status, prediction of involvement in kin network, families of school age children, 29229
race & sex & SES, mathematics achievement, students, 3201
race & sex & SES, self esteem, 5th vs 8th vs 11th graders, 22033
radio vs TV, stimulation of imagination & information transmission, Black vs White middle vs working class 1st–2nd vs 3rd–4th graders, 11397
resources & demographic variables, amount of & coping with economic distress, unemployed Southeast Asian refugees, Canada, 39727
school achievement & educational goals & SES & depression, 9–18 yr olds who attempted suicide, 5436
SES & age related experience, work values & paths of occupational mobility, 9th & 12th grade & college students & adults, Israel, 27840
SES & allocation & use of teaching resources & class difficulty, class composition & teaching methods & achievement, 1st grade reading students, 13473
SES & behavior problems, kindergartners at risk for learning difficulties, 26400
SES & birth order & sex & intelligence, 5.4–11 yr olds belonging to Scheduled Tribe vs Scheduled Caste vs non-Scheduled Caste groups, India, 8041
SES & cigarette smoking & hypercholesterolemia & Type A personality & risk factors for coronary heart disease, 25–69 yr olds, West Germany, 29966
SES & demographic characteristics, female role perception, adult females, Bangladesh, 1310
SES & demographic characteristics, use of solvents & other drugs, 9–18 yr olds, Brazil, 33365
SES & ear disease & hearing loss & vision problems, Black 6 mo to 11 yr olds, 29917
SES & education level & organizational roles, personal value systems, nonmanagers vs managers, Peru, implications for effective management, 3385
SES & exposure to newspaper vs TV, identification of social problems as important, adults, Venezuela, validation of nominal agenda diversity model, 35924
SES & family systemic functioning & social stress, antisocial & delinquent behavior, 16–18 yr olds, 1844
SES & grades & age & sex role attitudes & marriage/family commitment, career commitment & occupational & educational aspirations & vocational certainty, female 8th–12th graders, Canada, 22028
SES & health status, male 15–64 yr olds, Canada, 25920
SES & home vs classroom environment, information requests, Black vs White 4.5–5 yr olds, 25467
SES & intellectual ability, self ideal disparity, 17–19 yr olds, 36113
SES & kin interaction, urban Black adults, 11632
SES & mental illness, implications for resource distribution & alternative service strategies & economic & mental health policy, 8615
SES & occupational class, social class identification, high school students, Sweden, 15163
SES & occupational mobility & adjustment, Samoan vs Korean vs Filipino immigrants vs Caucasian & Japanese residents, Hawaii, 1186
SES & other characteristics, psychiatric disorder, hospitalized patients, 2 yr followup, 8600
SES & other factors, alcohol consumption & tobacco use, pregnant females 15 yrs old & older, England, implications for adverse fetal outcome, 12234
SES & quality of parental relationships & home environment, cognitive development, 1–3 yr old Whites vs Blacks vs Mexican Americans, 21930
SES & racial mix of schools and neighborhoods, academic achievement & graduation rates & pregnancy & crime & college attendance, Black vs White students, literature review, 34647
SES & rural vs urban environment, household alcohol consumption, adults, 1965–79, France, 18864
SES & sex & perceived scholastic identity & academic achievement, teacher student interaction, 1st graders & their teachers in educational priority area vs traditional classrooms, Netherlands, 17237
SES & social attitudes & obesity, male vs female adults vs children, developing vs developed countries, literature review, 23051
SES & stress induced by Atlanta youth murders, intellectual & identity formation & competence & behavior problems, Black 3–9 yr olds, 11360
SES & undesirable life events & economic problems, mental health & vulnerability to psychological distress, Black vs White 18 yr olds & older, 36707
SES, child temperament ratings, mothers of 36–44 mo olds, 25631
SES, development of temperamental characteristics, male college students, 1463
SES, health care choice, adults, 23498
SES, recruitment bias in research participation, 25–40 yr old White vs Black female professionals or managers or administrators, 27919
SES, self perception & self esteem, 10–18 yr olds, India, 18668
SES variables, racial identity & attitudes, Black college students, 1176
sex & age & SES, traditional vs nontraditional values, 14–19 yr olds, India, 36180
sex & economic status, intelligence, deaf vs hearing 9–11 yr olds, 19627
sex & ethnicity & social class, test anxiety, 7th–9th graders, Israel, 41311
sex & race & class, personal & occupational aspirations, junior high school students, 7 yr study, 17217
sex & SES & intelligence, cross situational consistency of task persistence, 3rd–4th graders, 15131
sex & SES, academic achievement following remedial education program, 10.2–16.7 yr olds in treatment facility school following academic failure in community schools, 17276
sex & SES, occupational choice, 12th graders, 31162
sex & SES, occupational preferences, 15–16 yr old students, Portugal, 13591
sex & SES, verbal & abstract & spatial numerical & mechanical skills, 7th vs 12th graders, Portugal, 36008
sex & yrs of school & SES, activism & self concept of ability & academic achievement, 10.5–16.5 Inuit vs non-Inuit students, Canada, 27601
sexual segregation due to self selection & SES, school students, France, implications for counseling, 41292
similarity & physical attractiveness & economic status of drawer, ratings of drawings, male vs female college students, 25873

social caste & SES, perception of self & others, college students, India, conference presentation, 29193
social psychological & demographic factors & SES, attendance & participation in multipurpose senior centers, elderly persons, 1153
social status & family environment, educational & occupational aspirations & attainments, students surveyed at 11 & 16 & 21 yrs old, Australia, 6736
socialization environment, language development, middle vs working class Black children, 25425
sociodemographic & clinical characteristics, 60 yr old & older psychiatric patients, Nigeria, 36611
socioeconomic & demographic factors, mental health referral patterns, patients at community mental health service, Canada, 16795
socioeconomic & regional & religious factors, alcohol consumption, adult females vs males, Scotland & England, 15403
socioeconomic background & race & demographic & employment characteristics, males in female vs male concentrated occupations, 38339
socioeconomic changes, traditional role of females, 35 yr old & younger daughters & their 55 yr old & older mothers, Saudi Arabia, 36330
socioeconomic factors, institutionalization in nursing home, elderly, 1938–75, Sweden, 20211
storytelling & communication skills, working vs middle class school age children, England, implications for school language instruction, 41218
subjective vs objective identification of SES & class, blue collar employees, Israel, 4789
trends affecting economic status, females, 1900–86, implications for employment counselors, 6864
urban vs rural vs tribal subculture & SES, locus of control & creativity, 10–13 yr old males, India, 1105
vocational barriers, male vs female Black 14–17 yr olds of lower SES, 8137
weight & SES & family structure, Eating Attitudes Test scores, White vs non-White male vs female college students, 22432
Socioenvironmental Therapy [See Milieu Therapy]
Sociolinguistics
accommodation theory, ideology/discourse interface, 25345
cross cultural differences in subjective judgments of sociolinguistic habits of compliment rejection vs compliment avoidance, White middle class adults, US vs South Africa, 35952
emotional aspects in language use, Iran, 4526
English only language policy & ethnic identity, organizational interactions & social mobility, Japanese employees of American computer firm, Japan, 17414
language & social categorization & ethnic identity, 14978
linguistic homogeneity, corporate managers, 17355
personal characteristics & responses, form & content of speaker messages, listeners, 4533
social & psychological significance of rules of address, male vs female secondary school teachers, Italy, 1351
sociolinguistic assessment model, communication problems, hearing impaired students, 34742
sociolinguistic factors, changing group vitality, Arab immigrants, Israel, 25716
sociolinguistic interpretation of doctor patient interviews, 16732
sociolinguistic model of intergenerational communication, young vs aged adults, 8169
sociostructural factors, evaluation of language choice strategies, monolingual vs bilingual 10–28 yr olds, Canada, 25461
speech performance errors, models in sociolinguistics & psycholinguistics, 14969
word choice in personal reference, college students, 18493
Sociology [See Also Sociobiology]
concept of total social fact applied to E. Durkheim's view of anomie as state of derangement, 1170
conceptual meaning & utility of sociological model, identification of correlates & behavioral impact of fear of AIDS, 9198
contribution of sociology to social movement & organizational & psychosocial aspects of hospice care, 23497
contribution to family therapy, sociology, 19852
evolution of field of medical sociology & relation to health behavior & mental health from life course perspective, 1428
individualist vs structuralist frameworks, sociology of deviance, 15851
philosophy & techniques of grounded encounter therapy, 16463
social structural & contextual bases of human experience as new direction for theory & research in sociological social psychology, 36387
sociological aspects including medical treatment & patient's experience, chronic pain & chronic illness, 40353
sociological perspective on chronic obstructive airways disease, literature review, 33669
sociological research & theory in teaching psychohistory, 17127
validity & inherent weaknesses of diagnosis as measurement form representing adversarial relationship of sociology & psychiatry, commentary, 36625
Sociometric Tests
concurrent validity of sociometric measures & rate of positive vs negative vs neutral peer interactions, 2.5–6.7 yr olds, 17630
convergent & discriminant validity of 4 self report measures of family cohesion & control, college students, 7175
criterion related validity of Survey of Heterosocial Interactions for Females, White female college students, 7123
development of peer nomination scale, assessment of victimization through physical & verbal abuse by peers, 3rd–6th graders, 7165
evaluation of peer nomination technique, determination of social behavior & peer & self perceptions, sociometrically neglected vs rejected school age children, implications for at risk children, 29167
item analysis & geometric location within circumplex model, development of Interpersonal Adjective Scales short form, college students, 14181
nominator attrition, sociometric classification accuracy, 3rd & 5th graders, 25573
orthogonally & obliquely transformed component analysis, analysis of sociometric test data, junior high school students, 10683
reliability & validity & specificity of & correlations between instruments, assessment of social support networks, literature review, 96
reliability of concurrent & longitudinal correlates of preschool rating scale & nomination sociometric measures, assessment of social acceptance & cognitive & social ability, 4–5 yr olds, 1 yr study, 21119
sociometric peer rating procedure, peer interactions with preferred & nonpreferred peers & mood & loneliness, 5th graders, 22000
sociometric principles & systems theory, strategic sociometry in family therapy, 6061
sociometric test, group structure & norms in therapeutic community, mentally ill Roman Catholic clergy & members of religious communities, 6437
sociometric test scoring with different weighting systems, generalization of person preferences in work vs play vs sitting situations, 5th graders, India, 18683
structural equivalence measures derived from sociometric choice data, 14197
validity of sociometric scale, assessment of peers & self & agreement with staff assessment, behaviorally disordered 6–13 yr olds in residential center, 31617
Sociopath [See Antisocial Personality]
Sociopathology [See Antisocial Behavior]

Sodium [See Also Sodium Ions]
adrenalectomy or mineralocorticoid hormone or inhibitors of angiotensin I converting enzyme or sodium depletion, sodium appetite, Fischer 344 rats, 28731
amiloride, suppression of gustatory nerve response to NaCl & LiCl, rhesus monkeys, 4377
amiloride vs hydrochlorothiazide, taste & salivation & salt intake, normotensive adults, 4425
caffeine with vs without clonazepam, sodium chloride intake as indicator of anxiolytic action, rats, 39402
concentration of sodium or potassium chloride, oral irritation & salt taste intensity, adults, 38734
diurnal variations in serum sodium plasma arginine vasopressin & urine osmolality, schizophrenic 31–49 yr olds with psychosis & intermittent hyponatremia & polydipsia, 33208
etiology & symptoms & diagnosis & treatment of hyponatremia presenting as exacerbation of schizophrenia, 49 yr old female psychiatric inpatient, case report, 6432
excess of thyroid hormone administration, sodium & water intake & preference, thyroidectomized vs nonthyroidectomized rats, 11106
inhibitors of angiotensin I converting enzyme, water intake & sodium appetite, rats, 28960
iv hypertonic NaCl solutions of varying concentrations, water intake when given immediate vs delayed water access & plasma osmolality & sodium concentration, hens, 4267
iv hypertonic saline, thirst & plasma arginine vasopressin, female 18–37 yr olds with anorexia nervosa vs bulimia, 40473
iv theophylline vs sodium bicarbonate infusion, lithium intoxication, adults, 19956
kassinin, salt appetite induced by natriorexigenic treatments, female rats, 883
lesions of medial region of amygdala, aldosterone vs adrenalectomy vs sodium depletion induced salt hunger, rats, 21665
mammillary area vs median eminence lesions & dipsogenic treatments, differentiated response to hypertonic NaCl, rats with polydipsia vs diabetes insipidus, 25177
maternal dietary sodium restriction, taste responses of chorda tympani nerve to sodium, rat offspring, 18350
morphine, water vs sodium chloride intake, male rats, 4320
opiate antagonist MR2266, water & saline intake, male mice, 18463
oubain vs ethnacrynic acid vs diphenylhydantoin, cerebral cellular sodium transport & dehydrational water drinking, rats, 35908
pimozide vs clozapine vs sulpiride, fluid intake & salt preference, male vs female rats, 4363
preference for salted food, spontaneously hypertensive vs normotensive strains of male rats, implications for animal model of human salt intake, 21575
prior dietary experience of high sodium foods, preference for salt in familiar food, 6 mo olds, 6 mo followup, 25469
putative 5-HT agonists 8-OH-DPAT vs gepirone, hypertonic saline consumption, rats, 14830
rate of panic induction by sodium bicarbonate vs sodium lactate, 21–49 yr olds with panic disorder or agoraphobia with panic attacks, 22549
role of renin-angiotensin-aldosterone system in sodium chloride appetite preferences, humans & animal strains, 28663
salt-added diet vs lithium with vs without phenytoin, basal serum sodium, schizophrenic patients with polydipsia, 2556
salt intake & plasma angiotensin & aldosterone during vs after long term recovery from sodium depletion, male vs female rats, 21662
salt vs psychosocial stimulation, essential hypertension, literature review, 5663
salty &/vs bitter tastes, RTs, adults, 3707
serum sodium levels test, prediction of post-DST cortisol levels, hospitalized patients with unipolar major depression, 19157
sodium chloride, antidepressant induced orthostatic hypotension, female 18 & 20 & 44 yr old depressed patients, 19970
sodium chloride vs polyethylene glycol vs isoproterenol vs 5-HT vs angiotensins II vs III, water intake, water deprived hamsters, 18421
solution osmolality & sodium content, drinking & lysine vasopressin responses, minipigs, 39405
spontaneous development of salt preferences & aversion, 10 vs 20 day old Fischer-344 vs 21 day old Wistar rats, 24921
stimuli of renin angiotensin aldosterone system, water intake & sodium appetite, mice, 28959
stimulus NaCl volume & intertrial rinse, taste detection threshold, 18–30 yr olds, 28222
sucrose & sodium chloride, intraoral intake & oral motor taste reactivity, decerebrate rats, 28765
sucrose &/vs salt, perception of sweetness & saltiness & total taste intensity, 18–26 yr olds, Netherlands, 31761
vasopressin analog vs oxytocin vs hypertonic saline, discrimination learning, neonatal rats, 18305
water & saline intake with vs without food deprivation, Fischer 344 vs Sprague Dawley rats, conference prsentation, 25024

Sodium Ions
erythrocyte sodium & potassium, psychiatric patients with schizophrenia vs mania vs obsessive compulsive vs major depressive vs personality disorder, Canada, 26066

Sodium Pentobarbital [See Pentobarbital]

Solvent Abuse [See Inhalant Abuse]

Solvents
age & smoking habits & exposure to organic solvents, olfactory function, painters, 24403
cerebral blood flow measured at time of diagnosis vs 24–84 mo following cessation of exposure, 33–63 yr old males with organic solvent induced chronic toxic encephalopathy, 37042
chronic inhalation dosage of styrene monomer, neurobehavioral changes including activity level & coordination & visual discrimination & nerve conduction, male rats, 28887
chronic occupational exposure to ethylene oxide, memory & emotional lability & cognitive function & thermal & vibrating sense in distal limbs, 29 yr old female, case report, 9016
chronic p-xylene inhalation, autoshaping & reversal learning & motor activity, male rats, 28816
ethyl acetate, larval olfactory responses, wild type strains of Drosophila melanogaster with variant X chromosomes, 35570
form of pyridine, visual EPs & retinal electrical activity & dopamine & DOPAC, monkeys, implications for Parkinson's disease, 11227
inhaled p-xylene concentration & exposure duration, saccharin intake measuring conditioned flavor aversion, water deprived male rats, 830
intoxication by accidental exposure to organic solvents, memory impairment, female employees of tennis ball factory, 10307
Lanthony D-15 color discrimination test, early identification of solvent neurotoxicity, printshop workers, 29875
long term occupational exposure to organic solvents in paint thinner, memory & subjective symptoms, automobile painters, 3444
long term occupational solvent exposure, diffuse organic brain damage, painters, followup study, 27953
low level exposure to organic solvents, dementia & other neuropsychiatric disorders, workers, 27829
occupational exposure to noise & carbon disulfide, hearing loss & balance, 18–60 yr old rayon factory workers, Brazil, 41393
occupational exposure to organic solvent mixtures, neurobehavioral functioning & cognitive ability & cacosmia, male blue collar workers, 17413
occupational lead vs carbon disulphide vs organic solvent intoxication, neurobehavioral syndromes, 20–60 yr olds, conference presentation, 22943

organic solvents, synaptosome membrane bound integral enzymes inhibition & CNS, male rats, 21764
repeated toluene exposure, tolerance measured by responses to multiple reinforcement schedule using discriminative stimuli, male rats, 35884
single oral vs inhalation exposure to varying doses of toluene vs paraxylene, flash EPs, rats, 11210
solvent exposure & presumed toxic encephalopathy, neuropsychological assessment originally indicating impairment, 25–62 yr old workers, data reanalysis, 24277
tolerance, response latency in shock avoidance conditioning, rats, 18465
toluene inhalation, auditory & visual & somatosensory EPs, rats, 39376
trichloroethylene exposure in utero, myelinated fibers in stratum lacunosum moleculare, rat pups, 39325
xylene vs toluene inhalation concentration, FR liquid reinforced operant behavior, male rats, 849
Somatization Disorder [See Psychosomatic Disorders]
Somatosensory Cortex
atropine & chlorpromazine & GABA & serotonin, electrical activity of previously conditioned sensorimotor cortex pyramidal vs nonpyramidal neurons, rabbits, 28829
conditioned inhibition, somatosensory cortical unit activity, conscious male cats, 25048
cortical neuron responses in orolingual somatosensory & taste areas during ingestive behavior, rats, 18144
ethanol withdrawal, sensory responses of single somatosensory cortical neurons, rats, 32173
orientation & structure of dendrites in barrels of somatosensory cortex, mice assessed from 10 to 30 days of age, 18098
reach training, dendritic branching of pyramidal cells in layers II & III in motor somatosensory forelimb cortex, rats, 28637
skin temperature increases superimposed on noxious levels of thermal stimulation, activity of primary somatosensory cortical nociceptive neurons, male monkeys, 11115
surface texture perceived using reinforced hand movements, firing rate of somatosensory cortex neurons, male monkey, 7686
temporal structure of conjugated discharges of visual sensorimotor neuronal pairs during calm alertness, rabbits, 32043
visual vs vibratory cued wrist flexion vs extension, premovement firing rates for primary somatosensory cortical neurons, male rhesus monkeys, 35624
Somatosensory Evoked Potentials
biofeedback induced self control of somatosensory EPs, subjective pain experience, 21–46 yr olds, 23337
conditioned H reflex change, somatosensory EPs, monkeys, 7692
electrical stimulation of hypothalamic areas & associated emotional & open field behavioral reactions, somatosensory EPs, rabbits, 25159
giant somatosensory EPs, neurologically impaired 5–14 yr olds without myoclonic epileptic seizures, 26588
hypnotic alteration of somatosensory perception, amplitude of cortical EPs, high vs low hypnotizable adults, conference presentation, 32053
low intensity electrical stimulation to left vs right index fingers, somatosensory EPs from scalp over posterior half of contralateral hemisphere, right handed adults, 39116
maturation, short latency somatosensory EPs infants at 1 wk & 2–3 mo & 6–7 mo of age, 4562
model of maturational changes in auditory & somatosensory & visual EP latencies, 18087
planning voluntary finger movement, event related desynchronization in EEG, 23–24 yr olds, 32044
predatory processes & attention, size of N100-P200 visual EPs & N150-P260 EPs elicited by painful intracutaneous electrical stimulation, 20–46 yr olds, 28616
short latency somatosensory EPs after median nerve & posterior tibial nerve stimulation, infants & children in coma or with progressive encephalitis, literature review, 26497
somatosensory & visual & auditory EPs, 21–49 yr olds at risk for Huntington's disease vs hospitalized neurotic patients, 19003
somatosensory EPs, psychotic vs nonpsychotic schizophrenic adults identified by Millon Clinical Multiaxial Inventory, 5234
toluene inhalation, auditory & visual & somatosensory EPs, rats, 39376
Somatotropin
anterior vs posterior intraoral vs cheek implantation of canulas with vs without ether vs ice anesthesia vs sc NaCl, serum corticosterone & growth hormone levels, 4 day old rats, 35723
apomorphine hydrochloride, growth hormone levels, schizophrenic adults during temporary discontinuation of neuroleptic treatment, 11923
apomorphine, plasma ACTH & beta endorphin & cortisol & growth hormone levels, healthy males, 35833
baclofen, plasma growth hormone response, chronic schizophrenic 45–69 yr old males, 22604
buspirone, serum prolactin & growth hormone levels, 21–52 yr olds with generalized anxiety disorder, 34118
clonidine, growth hormone response, 18–50 yr olds with neurotic vs endogenous major depressive episode, 19061
clonidine loading test for growth hormone release, CSF metabolite levels, 61–83 yr olds with dementia of Alzheimer type vs multi-infarct dementia, 33991
clonidine or growth hormone releasing hormone stimulation, growth hormone & somatomedin C plasma levels, 14–35 yr olds with anorexia nervosa, implications for alpha 2 adrenoceptor sensitivity, 26452
clonidine, plasma growth hormone levels, adult panic disorder patients, 5325
clonidine vs apomorphine, growth hormone response, major endogenous vs minor depressive patients, Belgium, 12822
clonidine vs growth hormone releasing hormone, growth hormone output, 27–67 yr olds with major depression, West Germany, 19154
corticotropin releasing factor & somatostatin, restraint stress induced anorexia & reversion, rats, implications for role of neuropeptides in anorexia nervosa, 14938
cortisol & prolactin & human growth hormone levels, dyslexic 4th graders, 8930
CSF monoamine metabolites & corticotropin releasing factor & somatostatin, 21–55 yr olds with major depression, 5356
CSF somatostatin, patients with Alzheimer's disease vs major depression, 18996
cysteamine vs pantethine dosage, open field locomotion & rearing & grooming & defecation & hypothalamus dopamine & DOPAC & somatostatin induced behaviors, male rats, 39413
desmethylimipramine, growth hormone secretion, depressed adolescents who had planned or attempted suicide, 22629
dexamethasone, levels of cortisol & growth hormone & insulin-like growth factor, depressed 29–64 yr olds, 36682
diazepam, icv somatostatin induced motor disturbances & mortality & cerebellar Purkinje cell loss, male rats, 14808
dl-fenfluramine, prolactin & growth hormone & cortisol, adults with depressive disorders, conference presentation, 40137
DST & TSH & growth hormone responses to TRH, females with bulimia nervosa, 26539
ectopic pituitary grafts & capsules filled with progesterone & estradiol, secretion of growth hormone & prolactin & maternal behavior, nulliparous ovariectomized female rats, 7752
edrophonium, growth hormone, 55–72 yr old Alzheimer's disease patients, 2466
effect of bromocriptine on plasma growth hormone & Jenkins Activity Survey scores, psychosomatic patients, Japan, treatment implications, conference presentation, 16224
fluphenazine, CSF somatostatin & HVA, schizophrenic patients, 30429
growth hormone releasing factor, growth hormone & thyrotropin & prolactin levels, patients with major depression with melancholia, 36705

growth hormone releasing factor, growth hormone response, depressed patients, conference presentation, 15715
growth hormone releasing factor, plasma growth hormone, patients with major depressive disorder, conference presentation, 15766
growth hormone-releasing hormone, plasma prolactin & growth hormone & somatomedin C levels & dexamethasone suppressibility of cortisol, depressed patients, 11998
growth hormone releasing hormone vs guanfacine, growth hormone response, depressed patients, 22533
growth hormone response to clonidine, differential diagnosis, 64–81 yr olds with major depressive disorder or senile dementia of Alzheimer type, 36522
growth hormone response to clonidine, drug free adults recovered from endogenous depression, 5284
growth hormone response to clonidine, untreated vs tricyclic drug free patients with major depression, 40802
growth hormone response to L-dopa & clonidine, male 8–18 yr olds with attention deficit hyperactivity disorder vs major depressive disorder, 8509
human growth hormone releasing factor challenge, plasma growth hormone levels, 21–61 yr olds with panic disorder, 19200
hypothalamic growth hormone releasing hormone-44 amide & TRH, growth hormone & TSH release & plasma insulin-like growth factor I, 37–59 yr olds with major depression, 26121
hypothalamic pituitary-adrenal cortical & growth hormone levels & CSF somatostatin, females with bulimia or anorexia nervosa, 12423
icv hypothalamic growth hormone releasing factor, food intake, male rats, conference presentation, 14945
insulin induced growth hormone response & magnitude of hypoglycemic response, unipolar or bipolar depressed patients, 5160
integrity promoting care program, psychomotor functioning & CSF somatostatin concentrations, 72–101 yr olds with dementia in nursing homes, 34338
isofloxythepine, prolactin response & nonstimulated growth hormone levels, adult schizophrenic patients, conference presentation, 2501
moderate weight loss, overnight growth hormone & cortisol secretion, healthy 20–38 yr old females, implications for endocrine abnormalities in depression, 35642
nocturnal growth hormone secretion, 16–19 yr olds with major depression, 22580
plasma levels of beta endorphin & cortisol & prolactin & growth hormone, 25–62 yr old endogenous vs nonendogenous depressive patients undergoing DST, Spain, diagnostic implications, 19103
plasma somatomedin-C & growth hormone, pubertal vs postpubertal 10–27 yr olds with anorexia nervosa, 22896
repeated apomorphine, sensitization or tolerance shown by yawning & growth hormone release & nausea & hyperthermia, healthy males, implications for indices of dopaminergic function in schizophrenia, 7922
sc vs icv prolactin vs growth hormone, food & water intake & body weight, ring doves, 32167
sleep EEG & secretion of cortisol & growth hormone during depressive episode & clinical remission, 25–58 yr old males with endogenous depression, 36696
somatostatin, anorexia induced by corticotropin releasing factor, food deprived male rats, 906
somatostatin octapeptide analog SMS 201-995, analgesia & tolerance & dependence & withdrawal symptom control by clonidine, male 28 yr old with acromegaly & severe headache, case report, 40791
somatostatinlike immunoreactivity & receptors in postmortem cerebral cortex, depressed adults, 11930
synthetic human corticotropin releasing hormone, plasma growth hormone release, adults with major depression, West Germany, implications for neuroendocrine systems responses, 8643
TRH, prolactin & TSH & growth hormone responses, schizophrenic patients, 29628
TRH, serum TSH & growth hormone & prolactin levels, bulimic adult females, 2052
utility of clonidine-growth hormone test as biological marker, patients with depression or panic disorder or obsessive compulsive disorder, literature review, 8587
verapamil, cortisol & prolactin & growth hormone levels & psychopathology, bipolar patients, 9505

Somatotypes
accuracy of body image & stereotypic preference & aversion to & judgment of body types, male vs female 13–25 yr olds, 8085
perception of behavioral characteristics of female body build somatotypes, college students, 39980
personality traits & pelvic & body shape, sex role conformity & sexual satisfaction, pregnant females, England, 36371
somatotype & piracetam, working capacity & performance on visuomotor tracking & memory & RT & arithmetic tasks, 18–20 yr olds, 18444
visual perception of spoken speech in silent films, students differing in physical somatotypes, 17773

Somesthetic Perception [See Also Cutaneous Sense, Kinesthetic Perception, Pain Perception, Pain Thresholds, Tactual Perception, Temperature Perception, Texture Perception, Vibrotactile Thresholds, Weight Perception]
ability to judge simultaneity of heartbeats & tactile &/vs visual or auditory exteroceptive vs interoceptive stimuli, males vs females, 18187
attentional style & underreporting of subjective arousal symptoms, Type A vs Type B males, conference presentation, 15544
cerebral dominance & repeated trials, performance on & validity of heart beat tracking measure using keypresses synchronized to heart beats, male vs female college students, 4177
cutting off whiskers or anesthetizing face or back skin, learning & memory impairments, rat pups, conference presentation, 4255
judgment of simultaneity of heartbeats & auditory stimuli presented at various intervals following R wave, college students, 18176
level of distraction, mood & perceived exertion & physical symptoms & timed riding tolerance during exercise, female college students, 39150
nerve conduction velocities vs current perception thresholds as correlates of clinical severity, patients with diabetic sensory neuropathy, 37126
perceived grouping of breathing maneuvers, sensory attributes of respiratory sensations, college students, 14239
pressure sensitivity of finger vs abdomen vs abdomen with promise of monetary reward, bulimic 21–33 yr old females, implications for body image distortion, 29935
response topography, differentiation of peak force of operant response, rats, 24947
self focused attention, heart beat perception, 19–33 yr old females, 7746
symptom perception & estimation of blood glucose, diabetic adults, 37011
symptoms & mood & self estimation of systolic BP, medicated vs nonmedicated normotensive vs hypertensive patients, 16196
vibratory cues, detection of moving insect prey, sandfish lizards, 28490
visual vs vibratory cues of presence of firefly prey, orientation & approach behavior, wolf spiders, 24989

Somesthetic Stimulation [See Also Tactual Stimulation]
cerebral displacement during flight, wind evoked activity of postsynaptic interneurons, male cockroaches, 625
horizontality & rod & frame & vestibular navigational performance, female college students, 17737
low frequency vibration stress, pain thresholds & emotional behavior, rats, 4242
noxious vs non-noxious intensity of argon laser stimulation, amplitude & latency of cortical single cell EPs as measure of pre-pain & pain perception, 20–31 yr olds, 608
rapid vs slow rocking, cardiac & behavioral responses, 1 vs 3 mo olds, 4621

rhythmic movement coordinated vs rote recitation procedure, retention of picture matches, working class Black 5–6 vs 8–9 yr olds from homes with high vs low stimulation, 11376
rocking, respiration & behavioral response, 6–8 wk olds with normal vs excessive crying, 12571
selective gastric vagotomy, motion induced conditioned taste aversion, hooded rats, 21691
self initiated vestibular stimulation & sensory integration therapy, vocalizations, 9 yr old autistic male, 12942
sensory integration, self induced linear & propulsive movement, disabled adults using wheelchairs, 30778
vestibular stimulation by rotation with vs without cues, water finding in spatial discrimination maze, fornix lesioned male rats, 11153
vestibular stimulation, place navigation & memory in water maze, rats, 35722
vestibular vs aerobic exercise, spatial & figure ground perception, male 7–12 yr olds with learning & reading & attention problems & abnormal vestibulo-ocular responses, special education implications, 40829
Somnambulism [See Sleepwalking]
Sonar
age & job experience level, perceptual & cognitive & sonar task performance, 21–50 yr old Navy sonarmen, 38501
sonar sensory aids, spatial perception, blind infants & children, 12974
Sons
alcoholic vs placebo drinks, perceived mood & intoxication & plasma prolactin, 21–24 yr old sons of alcoholic fathers, 36868
aspects & consequences of childhood sexual abuse by mother, male 22–35 yr old victims, 36769
behavioral genetic models, IQ correlation & variance, fathers & sons, commentary, 14657
cognitive ability, 8–17 yr old sons of alcoholic vs depressed fathers, 36898
ethanol dosage, plasma ACTH, 21–25 yr old sons of alcoholic fathers, implications for pituitary & adrenal gland responses, 15964
ethanol, latency of auditory EPs, adult sons of alcoholic fathers, 11302
father-son incest, literature review, 12205
genetic & environmental factors, IQ distributions, fathers & sons, commentary reply, 14659
incidence of PTSD-like symptoms & participation in support groups or counseling, mothers of male AIDS fatalities who served as caregivers, 26661
neurocognitive profile, high vs low vs possible risk sons & their alcoholic vs nonalcoholic fathers with vs without alcoholic relatives, 8925
participation in support organization, parents of sons vs daughters with psychiatric disorders, 6341
prediction of 12 yr old son's performance on easy vs average vs difficult exams, 30–50 yr old mothers vs fathers, India, 24257
preferences for parent vs parental play style, male 34–36 mo olds & their parents, 39666
sex role attributions, 5–7.9 yr old sons vs daughters whose mothers were professionals, 11492
unavoidable shock with vs without alcohol consumption, cardiovascular reactivity & alexithymia & sensitivity to alcohol, adult sons of alcoholic fathers with vs without multigenerational alcoholism, 26329
urban vs rural home setting, attitudes toward marriage, parents vs their 18–21 yr old sons & daughters, India, 1222
Sorority Membership
social pressure, binge eating, female college students in sororities, 5607
Sorting (Cognition) [See Classification (Cognitive Process)]
Sound [See Auditory Stimulation]
Sound Localization [See Auditory Localization]
Sound Pressure Level [See Loudness]
Sourness [See Taste Perception]
South Africa
attitudes toward criteria to determine child custody, mental health & legal professionals, South Africa, 1274
attitudes toward drinking & drunkenness, urban Black & Colored & Indian & White 18–64 yr olds, South Africa, 18863
bargaining & conflict resolution, South Africa, application of bargaining theories, 36221
challenges in cross cultural application of person centered group work, South Africa, dialog with C. Rogers, 9399
cognition & learning mathematics in 2nd language, Black secondary school students, South Africa, 38140
construction & validation of Township Life Events Scale, assessment of perception of township life, Black blue collar workers, South Africa, 14193
contribution of clinical psychology to medical psychology & psychonephrology, patients with end stage renal disease, South Africa, literature review, 23149
counterfactual markers in English vs Afrikaans vs Sepedi, counterfactual reasoning, 3rd vs 5th vs 7th graders vs college students, South Africa, replication, 36099
critique of draft of ethical code, clinical psychologists, South Africa, 13419
cross cultural differences in subjective judgments of sociolinguistic habits of compliment rejection vs compliment avoidance, White middle class adults, US vs South Africa, 35952
cross validation of Neale Analysis of Reading Ability & South African Scholastic Achievement Test, reading disabled elementary school students, South Africa, 24222
degree of bilingualism, responses to Afrikaans vs English versions of questionnaires measuring racism & acceptance of authority & egalitarianism, 17–52 yr olds, South Africa, 25362
Draw-a-Man test performance, urban Black 5–12 yr olds, 1938 vs 1988, South Africa, implications for academic achievement, 36168
dynamics of PTSD, Black former political prisoners, South Africa, 33186
evaluation of clinical & counseling & educational & industrial & research psychology training programs, South Africa, 3061
factors influencing well being & quality of life in retirement, Zulu migrant workers returning to rural lifestyle, South Africa, 29184
forms & health & other effects & epidemiology of political violence, Central America & South Africa, implications for public health workers, 33360
future projections of quality & distribution of health care service under socialist-capitalist economy, Blacks, South Africa, 6233
incidence of midlife depression related to children leaving home, female Indian 40–55 yr olds, South Africa, 26148
integration of traditional & Western healing practices, establishment os mental health care programs & school psychology, Blacks, South Africa, 24216
intelligence, social & religious & political attitudes, English speaking teacher trainees vs Afrikaans speaking college students, South Africa, 4806
intercultural communication needs, post-Apartheid structural changes, South Africa, 22142
interracial contact during integrated training program, attitude toward integration & other racial group's personality & work ability, White vs Indian vs African nurses, South Africa, 20361
intragroup power dynamics, role of language in group identity & dissent, Afrikaans speakers, South Africa, 15435
legal & psychological criteria for determination of child custody, South Africa, literature review, 1252
love attitudes, Black secondary school vs college students, South Africa, 8148
love attitudes, White adolescents, South Africa, 4717
methods of self destructive behavior, hospitalized Indian 14–25 yr olds, South Africa, 26282
modified treatment program, PTSD as result of apartheid policies, 12–22 yr old Black refugees, South Africa, 16818

normative conformity, racial prejudice, Whites, South Africa, 18747
occupational stress, educational psychologists working in education departments, South Africa, 27485
organizational communication problems, retail chain, South Africa, 20850
perceived quality of life in personal domain, Blacks vs Indians vs Coloreds vs Whites, 1983, South Africa, 15268
perceptions of guidance services received vs desired, Black vs White high school students, South Africa, 13727
perceptions of job advancement issues, Black managers vs peers & subordinates & bosses, South Africa, 17379
perceptions of student counseling center, college students, South Africa, 13750
personal adjustment, racial attitudes, adults, West Germany & South Africa, implications for Bagley hypothesis, 11842
political repression, stress & psychological health, children, South Africa, implications for mental health & social service workers, 33354
political violence, development & health, children, South Africa, 33274
prediction of future psychology related events, 1st vs 3rd yr psychology students, South Africa, 1976 vs 1985, 17228
professional & human rights organization predictions about exposure to & media representation of apartheid & township conditions, Black youths, South Africa, 36001
propositional & proportional reasoning tasks as tests of formal operational thought, college students, Canada vs South Africa, 32515
psychological sequelae following parental detention, 2–6 yr olds, South Africa, 29172
racial discrimination in playing strategy in Prisoner's Dilemma game, White vs Black college students, South Africa, 18762
responses to child advocacy situations, teacher-counselors vs high school principals, South Africa, 3074
role of authoritarian personality structure, prejudice & intergroup conflict, South Africa, 4791
salient moments of victimization, Black adults whose homes had been bombed during political unrest, South Africa, 15255
social & political & economic factors & major issues in school psychology research, South Africa, 31255
sociocultural issues in school counseling, South Africa, 38310
sociopsychological perspective of political detention, South Africa, implications for mental health personnel, 39812
subclinical undernutrition, psychological development, Black preschoolers, South Africa, 16099
subjective relative social & political & economic deprivation, ethnic attitudes, Blacks vs Afrikaans speaking Whites, Africa, 15260
test-retest reliability of Form A of Eysenck Personality Inventory, Indian high school students, South Africa, 10558
transcultural psychiatry & cross cultural psychotherapy & studies in stress & anxiety & mental health, Whites vs Blacks vs Indians, South Africa, 2229
work role salience, English- vs Afrikaans-speaking male vs female college students enrolled in career directed vs general degree courses, South Africa, implications for counseling, 41308

South America [See Also Argentina, Bolivia, Brazil, Chile, Colombia, Ecuador, Peru, Uruguay, Venezuela]
healing functions of drug rituals involving ayahuasca, traditional tribes, Amazonia, 37470
incidence of suicide, 70 member states of World Health Organization, 1972–84, 8767

South Korea
adjustment to factory discipline & social participation & societal involvement & contact with technology & working class mentality, auto workers, South Korea, application of convergence theory, 4790

South Pacific
predictive validity of Cornell Medical Index-Health Questionnaire, mortality, males, American Samoa, 6 yr follow-up, 24585

South Vietnam [See Vietnam]

Southeast Asia [See Also Indonesia, Laos, Malaysia, Philippines, Thailand, Vietnam]
alcohol drinking patterns & attitudes, Chinese & Malay & Indian college students, Singapore, 15407
breast feeding patterns & SES, Chinese vs Malay vs Indian mothers, Singapore, 29209
community interventions & strategies, sexual assault victims & their families, Southeast Asia, 2689
demographic characteristics & work values, organizational commitment, workers at subsidiary of US multinational corporation, Singapore, 27958
drug supply & demand reduction program using law enforcement & drug education, Singapore, 6547
feeding & ranging behavior & social organization & population density & female social group transfer, monkeys, Borneo, 16 mo study, 24964
international mental health education & consultation & collaboration, diffusion of psychiatric knowledge & practice, Southeast Asia, 20376
psychosocial characteristics & willingness to seek treatment, Chinese vs Malay vs Indian residents seeking treatment at government mental health facilities, Singapore, 2668

Spacecraft
design & modifications of EMPRESS expert system interface, usability in mission planning & scheduling on board space shuttle, 20894
history of space station program for investigation of long term microgravity, human physiology & countermeasures to physiological deconditioning, USSR, 38488
programed environment, implementation & management of schedules & assessment of status & health of microsociety, implications for spacecraft, 10424
social & cultural & psychological influences during prolonged isolation in Antarctica, design & construction & operation of space stations & bases, 20895

Spaceflight
group behavioral issues, space missions & simulations, 24283
incidence & severity of space motion sickness during 1st vs 2nd Space Shuttle mission & crew position, male vs female astronauts, 17449
inclusion in NASA space research programs, behavioral scientists, 41525
need for training in interpersonal emotional support & group interaction skills, entire crew vs physicians of space stations, 34875
selected interior workstation orientational cuing, vertical alignment through square vs round windows, adults, implications for space station design, 34976
stress & human functioning in space psychology research, 1981–86, Poland, 27831

Spain
advertising in magazines, weight loss encouragement, females, 1984–85, Spain, implications for risk of anorexia nervosa, 10475
alcohol drinking patterns, urban vs rural males vs females 18 yrs old & older, Spain, 36374
constancy of structure of perceived parental rearing style, 12–71 yr olds, Spain vs Greece vs original Dutch sample, 15141
consumption of amphetamines or tranquilizers or psychoactive drugs, college students, 1984, Spain, 5516
demographic factors & family background & religious & political values, attitudes toward homosexuality, adults, England vs Spain vs West Germany, 8299
descriptive epidemiology, registered mentally retarded, Spain, 1928
development of scientific psychology via bibliometric analysis, Spain, conference presentation, 14001
differentiation of psychiatric symptomatology, adult males vs females, Spain, 32927
epidemiology of alcohol abuse, 15–24 yr olds, Spain, 15955
ideas of qualities & activities of ideal man or woman, 11–16 yr olds, Spain, conference presentation, 39629
ingroup social identity & vitality of language, intergroup categorization, Castilian speaking college students who

speak Catalan vs Basque vs Galician vs Valencian, Spain, 15477
naltrexone, opiate dependent & abusing clients, Spain, 37502
prevalence of alcoholism, hospitalized medical patients, Spain, 6446
prevalence of attempted suicides recorded by general & psychiatric facilities, patients over 15 yrs old, 1982, Spain, 8816
provision of mental health services, Spanish speaking mentally handicapped persons with mental health problems, Spain vs US vs Chile vs Mexico, 16813
psychopathology & social dimensions & rehabilitation, toxic oil syndrome victims with symptoms of PTSD, Spain, 5714
psychosocial model, machismo, male working class Andalusians, Spain, 1180
reclassification of unnatural deaths by probability of suicide, 1982, Spain, 8766
scores on Trail Making Test, healthy 10–15 yr olds, Spain, 35152
sodomy convictions & sexuality & sexual deviance, 16th century, Spain, 29307
Spanish vs English sentences with relative clauses, use of Late Closure parsing strategy, college students, Spain vs UK, 21847
training & licensing & employment & advancement in discipline of psychology in Catalonia, Spain, 23877
Type A vs Type B behavior, prevalence of disorders & diseases, bank employees, Spain, 1538
Spanish Americans [See Hispanics]
Spasms
physical therapy with vs without stimulation, cerebral palsy, 12–19 mo olds with spastic diplegia, 9855
symptoms & outcomes of hysterical blepharospasm & myoclonus & parkinsonism, 22 & 57 yr old females & 64 yr old male, case report, 12080
Spatial Ability
acquisition of spatial information derived from maps, 4–7 yr olds, 15126
age & acetyl-l-carnitine, spatial learning acquisition, 4–21 mo old male rats, 35818
age & sex, radial maze acquisition, rats, 3933
age & working memory & task complexity, reasoning & spatial ability, 20–79 yr old males, 25516
age, spatial grouping during spontaneous block construction, 1–4 yr olds, 1047
age, strategy use on figural fluency test, 1st–8th graders, 15130
age, structural vs operational capacity in integrative spatial ability, young vs older adult males, 25517
alpha flupentixol, response latency & extinction of pretrained place or cue spatial navigation swimming tasks, decorticate vs hippocampectomized female rats, 35915
altitudinal neglect, 41 yr old female with Balint's syndrome caused by bilateral parieto-occipital infarctions, case report, 2102
atropine, spatial navigation in Morris water task, young vs old vs very old Long Evans vs Fischer-344 rats, 7881
bilateral cortical ablations in principal sulcus vs fornix transection, spatial vs visual discrimination learning, monkeys, 28766
body orientation & intraocular pressure & free vs pharmacologically immobilized accommodation, ocular refraction during pattern perception, 22–28 yr olds, 25107
choline uptake & decline in hippocampal formation, spatial learning deficits, 4 vs 22–24 mo old male rats, 14672
chronic diisopropylfluorophosphate, muscarinic binding in brain & spatial learning of Morris water task, DBA/2Ibg mice, 4500
chronic postnatal lead exposure, delayed spatial alternation performance measuring learning & memory during adulthood, rhesus monkeys, 28716
codability & features of display, mental spatial representation & rotation, 9 & 11 yr olds, 18546
cognitive remediation, visuospatial problem solving, alcoholic males in treatment program, 6525
cognitive training, spatial ability, male vs female 64–95 yr olds, 14 yr study, 8198
combined cholinergic & serotonergic denervation of forebrain, spatial learning, female rats, 28775
commissurotomy, visuospatial functioning, 21 yr old right handed male with interactive seizures, 6231
complexity of written directions vs graphic maps, driving time to unfamiliar destination, college students, 17431
computer games using spatial skills, spatial ability measured by mental rotation test, male vs female 5th–9th graders, 8037
computer simulated travel vs conventional map study methods for learning spatial network, demonstration of efficient routes, college students, Israel, 3858
computer simulations of source models vs human data, distribution of estimates for mental rotation threshold, 10782
copying of geometric forms & free form drawing ability, 5 yr olds with right vs left hemisphere congenital brain injury, 5802
cross sex gender identity & spatial abilities, male vs female college students, 25932
daily lead dosage from birth to 200 days old, learning of 1–15 sec delayed alternation task testing spatial learning & short term memory, cynomolgus monkeys, 900
deficit in lateral spatial position coding, adult male with stroke induced left hemisphere temporal-parietal damage & constructional apraxia, 12480
delay & delay behavior & intertrial interval & trimethyltin, choice accuracy & retention & working memory in spatial delayed response task, male rats, 829
development of size scaling in human vs dog figure drawings, 3.6–6.5 yr olds, 4649
development of visual spatial ability & musical talent, male vs female adolescents, 3 yr study, 1013
differential recovery of spatial deficits, 18 yr old male with right frontoparietal infarct, case report, 5749
diurnal variation in body temperature, visuospatial task peformance, male college students, India, 18157
ecological environment, color sense and spatial relations performance on Kohs Block Design Test, male vs female Auca Indians, Ecuador, implications for homology to neuropathological syndromes, 39111
family handedness & college major, mental rotation task performance, male vs female college students, 35339
fluphenazine, original vs reversal of discrimination in spatial learning task, monkeys, 35844
frontal lobes & spatial vs temporal components of memory, commentary, 32038
genetic influences, spatial ability, 8 yr old & older members of 4 generations of extended kin, 36090
graphic interface with partial map of hierarchy & analog file position indicator, individual differences in use of computerized hierarchical file system, 18–27 yr olds with low vs high spatial ability, 17438
grid labeling with letters & numbers vs colored circles, use of coordinate references in location of place on grid, 4–6 yr olds, 25422
hemidecortication during infancy vs adulthood, spatial navigation & cerebral anatomy in adulthood, rats, 11150
heritable variation in size of intrapyramidal & infrapyramidal mossy fiber terminal field of hippocampus, water maze learning, highly & partially inbred mice strains, 7683
horizontality representation, male vs female 4th vs 9th graders, India, 39514
ibotenic acid induced basal forebrain lesions, learning & reversal of T-maze 2 choice spatial discrimination, male rats, 4296
imagination of line length to left vs right of mark & subsequent line bisection error, college students, implications for cerebral dominance, 14710
information types theory, form perception in mental rotation & visual search tasks, college students, 17869
intellectual rigidity & spatial skill deficiencies, math anxiety, male vs female college students, 3189

interrater reliability of Rey figure copying test, assessment of visuo-spatial ability after brain damage, 44–81 yr old stroke & medical patients, 7079
ip vs sc vs iv atropine sulfate, spatial task retention, male rats, 21803
Japanese group intelligence test Kyoto New NX, measurement of verbal & numerical & visuospatial abilities & cross cultural differences, 13–14 yr olds, Northern Ireland, 114
landmarks, development of spatial orientation & knowledge, conference presentation, 11422
laterality of motor & verbal & spatial deficits as neuropsychological symptom pattern in early stages, patients with left vs right sided Parkinson's disease, 29870
learning & short term memory test, ability to locate platform at end of water filled maze arm, 21 vs 28 vs 38 day old rats, 407
left vs right nostril breathing, spatial & verbal task performance measuring hemispheric dominance, male vs female college students, 28588
lesions of nucleus basalis magnocellularis vs medial septum & diagonal band of Broca, place navigation, male rats, implications for role of cholinergic neurons in spatial learning, 796
linguistic vs spatial preferred strategies, solving 3 term series problems, college students, 330
Logo programing experience, problem solving & spatial relations, 5th–6th graders, 10129
long term performance in water maze conditional spatial alternation, male rats with large bilateral retrohippocampal lesions, 28767
memory & verbal & spatial lateralization & performance, male 17–32 yr olds with congenital idiopathic hypogonadotropic hypogonadism, 26458
mental rotation task, neuronal population vector in motor cortex, monkeys, 28602
movement of S by E through space along geometrically simple vs complex paths, retrieval of objects hidden prior to movement, 9 mo olds, 1023
multivariate analysis of activity & exploration & emotionality & spatial preference, hooded rats, 14501
musical & spatial & verbal abilities & dichotic & dichaptic performance, right vs left handed 9–14 yr old males vs females, West Germany, 4 yr study, 18571
nucleus accumbens lesions, maze learning & extinction, rats, 28751
organophosphates, spatial memory impairment & central muscarinic receptor loss, male rats, 28910
orientation of familiar vs unfamiliar common object pictures, mental rotation & naming & identification of top, college students, 3816
paradox between Piagetian & proximal landmark research in spatial representation, preschool age children, conference presentation, 11417
passive avoidance & spatial learning & locomotor activity, male vs female mice, 28430
performance of visuospatial hemisphere tasks, regional cerebral blood flow, adults, 4092
perinatal exposure to 2,3,7,8-tetrachlorodibenzo-p-dioxin, discrimination reversal learning & delayed spatial alternation, rhesus monkeys, 35892
phonological & spatial processing abilities, language or reading impaired 6.8–8.10 yr olds, 5567
physical education with vs without dance instruction, spatial awareness, 6–10 yr old visually impaired students, 10181
postnatal cyclic blood alcohol concentrations vs artificial rearing, spatial navigation ability, male vs female rats, 870
posttraining bilateral lesions of caudate nucleus, retention of egocentric vs allocentric spatial learning, male rats, 7807
predictive validity of dynamic testing, measurement of spatial aptitude, college students, 82
prelocomotor with vs without walker assisted experience vs hands & knees creeping, spatial search performance, 8.5 mo old, 4616
prenatal alcohol, spatial alternation task learning & performance, adult male vs female rats, 35922
puberty, spatioperceptual strategy on rod & frame test, 8–16 yr olds, 25505
race & age & sex & SES, development of spatial representation, 5–13 yr olds, South Africa, 15077
range expansion & reproductive success, sex differences in spatial ability, meadow vs prairie voles, 28477
recall of remembered positions of objects, blind vs blindfolded sighted adults, 5671
recognition & matching of familiar objects shown in rotated & angled photographs, 41–82 yr olds with stroke & left vs right hemisphere damage, 2047
reliability & validity of HyperCard block design task vs WAIS-R subtest, psychology college students, conference presentation, 35156
retrospective & prospective coding strategies, memory performance for spatial locations or lists of information, male rats vs college students, 14452
right vs left hand RTs for visual stimuli on left vs right side of screen, 15–17 yr old soccer vs volleyball players, 10484
rotated alphanumeric vs unfamiliar characters in left vs right visual field, RT & errors in comparison to standard stimulus, male college students, 622
sex & different patterns of activities, spatial performance, college students, 24716
sex & familial sinistrality, spatial processing laterality & visualization ability, right handed college students, 28614
sex & handedness, cognitive strategies & spatial ability, college students, 28289
sex & pubertal timing & adolescent activities & sex roles, spatial orientation & processing ability, college students, 38827
sex & vocational major, horizontality representation, vocational high school students, 10050
sex, cerebral lateralization of spatial orientation vs visualization, high vs low spatial ability college students, 21491
sex differences in performance of spatial tasks devoid of physical content, commentary, 1011
sex hormone levels in blood & saliva, spatial & verbal abilities & field dependence, 20–30 yr old males, West Germany, 676
sex, performance of tactuospatial finger maze task, college students, 24702
sex, performance on simulated animal foraging problem, 6 & 10 yr olds, 25472
sex roles & academic interests, performance in Piaget's water level task, male vs female college students, 25928
short & long term memory & visual/spatial disturbances, 26–76 yr olds with transient global amnesia, 26483
social rules, spatial cognitive development, 5–6 yr olds, 8007
spatial & temporal representations of nursery school routine & novel unidirectional route, preschool students, 25455
spatial abilities, originally left handed 17–35 yr olds forced to become right handed, 18078
spatial ability & cognitive set shifting, 21–53 yr olds with obsessive compulsive disorder, England, 36603
spatial ability & environmental cognition & mathematics & English achievement, male vs female college students, 39560
spatial ability development, comprehension & manipulation of right vs left turn commands in Logo computer language, children, 8013
spatial ability, male vs female college students, Zimbabwe vs Scotland, 3710
spatial attention, dysfunction of cortical mechanisms of attentional control & psychotic vulnerability, hypothetically psychosis prone college students, 33081
spatial learning ability in water maze task, inbred strains of mice, 601
spatial learning in Morris water task, first generation hybrids between DBA & C57BL mice, conference presentation, 21480
spatial task performance, adults with early vs late onset visual impairment, meta analysis, 12458
spatial vs verbal spans for digits & words, 43–78 yr olds with Alzheimer type dementia, 26599

Spearman's g mean IQ & space relations & perceptual speed & fluency, male vs female 6–15 yr olds, Hong Kong, 29073
stability of verbal & spatial processing abilities, males with severe reading &/or spelling disabilities initially assessed near end of 6th grade, 2–11.6 yr followup, 19456
stereotypically feminine vs masculine traits & participation in space related activities, prediction of spatial performance, college students, 15547
stimuli evoking homospatial process, literary & artistic creativity, writers & artists, 18975
stimulus presentations during delay interval of operant delayed spatial response alternation task, response accuracy, male vs female rats, 439
task context, paper & pencil water level task performance, college students, 38833
task format & spatial ability, cognitive strategy on sentence verification task, adults, 21254
time of day, spatial ability, 18–24 yr old males, 17843
timing of puberty & spatial ability & hemispheric specialization & personality & spatial activity, female college students, implications for problem solving strategies, 21900
transplantation of embryonic ventral forebrain grafts to neocortex, spatial memory deficits induced by bilateral lesions of nucleus basalis magnocellularis, male rats, 18274
unihaptic vs dichhaptic tasks, spatial performance & perceptual asymmetries, right handed 6 yr old normal vs poor learning readers, 40336
use of spatial categorization as mnemonic strategy, 2–5 yr olds, 1001
verbal & spatial ability, comprehension & production of route directions, college students, 14411
vestibular stimulation, place navigation & memory in water maze, rats, 35722
visual attention figure match test, contralateral search & fine spatial attention biases in unilateral neglect, right vs nonaphasic left brain damaged patients, 16070
visuospatial learning, intoxicated vs detoxified alcoholic adult males, 5518
water maze spatial learning & memory limitations, rats, 10904
water maze training parameters, magnitude of nucleus basalis magnocellularis lesion induced spatial learning deficits, rats, 28773
Spatial Discrimination [See Spatial Perception]
Spatial Distortion
giant hand phenomenon spatial disorientation during flight & resulting accidents, pilots, 20723
prolonged exposure to left-right reversed vision, onset & direction of induced subjective self motion, college students, 3693
spatial prisms, adaptation, patients with idiopathic Parkinson's disease, 26649
Spatial Frequency
adaptation for color & luminance gratings, orientation & spatial frequency selectivity in color contrast thresholds, adults, 14254
adaptation to high contrast sine wave grating, waveform spatial frequency discrimination thresholds, Os, 17764
age & retest interval & psychophysiological method, spatial contrast sensitivity, 20–59 yr olds, 25474
age, spatiotemporal contrast sensitivity, 13–67 yr olds, 25537
aging & target luminance, spatial contrast sensitivity, 19–35 vs 68–79 yr olds, 25524
bright bar with asymmetrical spatial contrast profile, visual coding of stimulus spatial location, 25–27 yr olds, 14309
chromatic aberration & defocus & spatial frequency, mathematical model of chromaticity of retinal image, implications for visual physiology & colorimetry, 28236
chromaticity & luminance & spatial frequency of background stimuli, perceived color of afterimages from figure ground configurations of colored lights, Os with normal color vision, 7352
concurrent adaptation of spatial frequency or orientation, contrast threshold, adults, 28238
contrast & spatial frequency & test duration, tilt aftereffect, 23–56 yr olds, 28239
contrast & spatial frequency of checkerboard stimuli, pattern onset/offset binocular electroretinogram contrast functions, adults, 28633
contrast transfer functions for spatial mechanisms, suprathreshold contrast perception, 3765
correspondence & spatial frequency of microstructure vs macrostructure in red vs green vs gray random dot & stripe patterns, compound binocular rivalry, experienced adults, 17758
development of spatial contrast sensitivity, 5–52 wk old monkeys vs human infants, 24930
development of visual contrast sensitivity to low vs high spatial frequencies, infant macaques, 1 yr study, 3892
feature certainty vs uncertainty cues, just noticeable differences in orientation & spatial frequency, adults, 38751
flicker & 2 pulse sensitivities for sinusoidal gratings under range of spatial frequencies & retinal illuminance, adults, 251
Gabor patch size with constant spatial frequency, contrast perception thresholds using magnitude estimation & contrast matching, experienced Ss, 14256
grating contrast & spatial frequency & laser energy, flashblindness, male monkeys, 18233
hemispheric differences in sensitivity, spatial frequencies in visual field, right handed adults, 18082
identification of positive vs negative highpass vs lowpass filtered multitone vs bilevel quantized images, adults, implications for high & low spatial frequency processes, 31788
interaction of luminance & chrominance masking gratings, contrast dependence, Os, 14308
luminance & spatial frequencyy & senile miosis, spatial contrast thresholds, 19–35 vs 67–79 yr olds, 21910
masking by high spatial frequency pictorial noise, low spatial frequency target detection thresholds, adults, 7360
mechanical & psychophysical model of spatiotemporal tactile sensitivity, 38749
monocular adaptation, perceived spatial frequency of vertical grating patterns & subsequent stereoscopic tilt, adults, 257
morphine with vs without naloxone, discrimination between blank field & sinewave gratings of varying contrast, pigeons, 28809
neural mechanisms, detection & discrimination of spatial patterns, cats, implications for understanding human spatial vision, 4075
number of grey levels in digital displays, visual detection of simple line signal in visual noise, adults, 10743
ocular fixation vs pursuit conditions, contrast sensitivity for oscillating sine wave gratings, adults, 14272
orientation & spatial frequency, changes in perceived contrast of suprathreshold grating, adults, 14306
pattern size & spatial frequency content, maximum spatial asynchrony & stroboscopic perception, adults with emmotropia, 28231
patterns similar vs dissimilar in spatial frequency & velocity, apparent motion perception, adults, 28227
phase independent spatial frequency of retinal image in visual pathway, adults, 660
presentation of square wave gratings vs checkerboard masks at various stimulus onset asynchronies, backward masking in simple vs choice RT task, 22 & 24 & 38 yr olds, 7333
proximal & distal elements of inducing stimulus, orientation & spatial frequency of visual grating, 38801
quantal fluctuation limitations, RT to sinusoidal gratings, adults, 256
random bandpass frequency modulation of sinewave gratings, spatial frequency discrimination, adults, implications for spatial averaging, 17768
reading text on CRT vs in print, threshold for detection of contrast sensitivity, 20–32 yr olds, 10740
sensitivity of cerebral hemispheres to spatial frequency channels, 21–36 yr old right handed males, 661
simple curved vs high vs low frequency bandpass filtered contours, curvature discrimination measured by increment thresholds, Os, 24772

sine wave gratings with stationary periodic random phase shifts, spatial frequency discrimination, adults, 35284
single vs multiple filters, detection of periodic vs aperiodic stimuli, adults, 21221
sinusoidal gratings spatial frequency, temporal summation functions measuring sensitivity shift from transient to sustained channels, 21–28 vs 60–77 yr olds, 21913
size & distance & location of stimulus configuration, spatial contrast discrimination thresholds, adults, 14290
spatial & temporal components of linear analog receptive field model, expected responses of visual neurons, 35591
spatial & temporal frequency of visual stimulation, steady state EPs measuring hemispheric lateralization, left vs right handed 24–39 yr olds, 32048
spatial contrast sensitivity, 16–59 yr olds with benign intracranial hypertension, 22894
spatial frequency & binocular disparity, apparent depth, adults, 14255
spatial frequency & complete vs minimal illusory contours, selective inhibition during paracontrast vs metacontrast masking, graduate students, 14274
spatial frequency & content & adaptation to & recovery from prolonged viewing of counterphase sinusoidal gratings, EP estimates of time course, adults, 28607
spatial frequency & contrast of sinusoidal grating & interstimulus interval, bistable stroboscopic motion perception & persistence, 27–40 yr olds, 21212
spatial frequency & orientation as independent parallel features in Triesman search tasks vs selective parallel channels in threshold & masking tasks, 7344
spatial frequency & orientations of 2-dimensional stimuli, masking effects & signal detection threshold, adults, 28233
spatial frequency & temporal transition of sine wave gratings, RT & visual persistence & temporal order judgments, Ss, 14294
spatial frequency, meridional anisotropies of orientation discrimination for thin lines & sine wave gratings, adults, 3732
spatial frequency of checkerboard pattern, habituation, 2 vs 3 mo olds, 15044
spatial frequency of checkerboard stimuli, hemispheric differences for visual EPs, adults, 21544
spatial frequency of gratings, visual discrimination, male patients with right vs left hemisphere damage vs neurological disorders, 33531
spatial frequency of vertical sinusoidal signal grating & low vs high pass visual noise & temporal envelope & stimulus drift direction, spatial frequency tuning & detection, adults, 14280
spatial frequency of vertical vs horizontal grating, contrast sensitivity, Parkinson's disease patients, 1970
spatially & temporally sampled grating targets, visual reconstruction, adults, 38789
spectral sensitivity for flicker & acuity, magnocellular vs parvocellular visual perception channels & their cone inputs, 14678
stimulus onset asynchrony, spatial frequency detection & identification, adults, 10728
tachistoscopic exposure duration & spatial frequency of tilted gratings, orientation acuity & tilt illusion, adults, 17754
temporal frequency, figure ground organization of spatial frequencies, college students, 35289
temporal frequency, speed discrimination for high spatial frequency plaid, adults, 31809
temporally modulated spatial frequency patterns, visible persistence duration, 18–45 yr olds with paranoid schizophrenia, 1698
texture discrimination & motion perception & pattern detection without Lapacian zero crossings, implications for model of early visual image representation, 14262
variability in contrast increment & frequency of grating pattern, sensory gain & increment thresholds for contrast, Os, 17747
variations in space constant of Gaussian blur, minimally distinct border judgments, 37–49 yr olds, 28248
viewing of achromatic gratings before vs after McCollough effect induction, strength of apparent color aftereffects contingent on spatial features of patterns, females, 17794
visual detection of suprathreshold bandlimited signals embedded in nonwhite Gaussian filtered noise, adults, 10741
visual masking paradigm, spatial frequency & orientation tuning thresholds, albino 22 yr olds, 19657
xenon flash & spatial frequency of square wave grating, visual EP & behavioral measures of flashblindness, adults, validation of animal model using laser, 659

Spatial Imagery
angular deviation between current & preceding stimuli, RT in mental rotation of images, college students, 7408
hemifield differences, mental rotation task RTs, normal 18–45 yr olds vs commissurotomized 35 yr old male, 37000
indeterminate spatial description, drawing & recognition tasks, college students, 199
interpretations of representations of 3 dimensional objects, 7th & 9th & 11th graders, 29050
mental rotation vs imagery performance using numbers vs letters vs drawings, 56 yr old male with right hemisphere stroke & brain damage, implications for object recognition, 12383
neurological dissociability of visual vs spatial components of mental imagery, brain damaged 36 yr old male, implications for cognitive theories, 9048
sex & visual spatial mental imagery, symbolic motor skill acquisition, college students, 208
stimulus characteristics, problem solving strategies in mental rotation tasks, 1st vs 5th graders, 39567

Spatial Memory
absence vs visually bland contextual cues, free recall of spatially located objects, young adults vs elderly, 1165
acetylcholinesterase inhibitor galanthamine, spatial memory deficits, mice with vs without nucleus basalis magnocellularis lesions, 25315
acquisition of spatial memory & homeward orientation response, pigeons with hippocampal lesion with vs without induced anosmia, 4282
age & IQ & memory instruction, individual differences in spatial memory for pictures, 2nd vs 6th graders vs college students vs mildly mentally retarded vs patients with Down's syndrome, 26379
age differences, visual memory landmarks &/vs locations on maps, 17–80 yr olds, 1051
aging, spatial learning deficits & underlying neurobiological mechanisms, rats, literature review, 21506
aging, spatial memory & hippocampal formation, rodents & humans, literature review, 21485
annual return to region of interest, geographic memory, 44–92 yr olds, 1148
articulatory suppression or movement to spatial targets or body movements, memory for visually presented body movement patterns or words or spatial positions, college students, England, 14476
atropine with vs without parachlorophenylalanine, water maze performance measuring spatial memory & interaction of serotonergic & cholinergic neurotransmission, male rats, 25290
attention to spatial distribution of retrieval cues in stimulus array, mobile pattern retention & forgetting measuring memory development, 2 vs 3 mo olds, 39568
automatic encoding processes, memory for spatial location information, adults, 14465
bilateral hippocampal aspiration, memory for food caches, black capped chickadees, 28782
choline acetyltransferase activity & acquisition & retention of maze task, male rats assessed 1 mo after ethylcholine aziridinium ion induced basal forebrain lesions, 11157
chronic oxotremorine, spatial learning & tolerance, mice, 39417
cognitive hierarchies in spatial memory, college students, 24882
degree of angularity of turns while walking on pathways in laboratory, estimation of angularity & spatial memory, college students, 28340

distance to target & elapsed time, walking accuracy without visual feedback measuring spatial short term memory decay, 19–33 yr olds, replication, 28224
dopamine vs fluphenazine vs haloperidol, neuronal activity in prefrontal cortex during spatial short term memory task, monkeys, 11297
dorsal hippocampal formation vs medial septal lesions, processing of episodic item information on spatial location, male rats, 11148
embryonal amygdala transplantation, impairment of spatial working memory by kainate induced amygdaloid damage, male rats, 35751
embryonal olfactory bulb vs substantia nigra grafts, spatial & working memory & olfaction guided food retrieval, bulbectomized adult rats, 21684
familiarity & number of elements & representation, recall of locations & names in maps & diagrams & encoding strategies, high school students, 28348
fetal hippocampal cell suspension injection to hippocampus, colchicine induced hypermotility & spatial learning, rats, 21674
global vs local spatial cues, location of baited food site, pigeons, 436
hippocampus, spatial learning & memory, rats, 4073
lesions of nucleus basalis magnocellularis, reference memory & learning of place navigation & cross maze tasks, male rats, 14790
location discrimination, retention intervals of spatial reference memory, pigeons, 38995
long term nicotine, activity level & exploration & maze spatial memory & body weight & water intake, young vs old female rats, 21829
low level unilateral electrical stimulation of dentate gyrus, performance of spatial vs working memory water maze tasks, rats, 7797
memory for object location during nonsearch task, 8 mo olds, implications for experimental design, 975
Morris Water Task, latent spatial learning, rats, retraction, 35458
multidimensional scaling & correlational techniques, assessment of delayed matching of key location performance, pigeons, implications for Euclidean spatial encoding, 28439
neonatal herpes simplex Type 1 infection, hyperactivity & avoidance & spatial learning, mice, 18208
nimodipine, retention of spatial location & black vs white interior with vs without mild footshock, female rats, 4384
object meaning, reconstruction of arrangement in 3 dimensional cube measuring spatial memory, college students vs aged females, 29049
observational learning & spatial memory, storage & recovery of seeds, black capped chickadees, 14559
oculomotor delayed response task, spatial memory functions of neurons in dorsolateral prefrontal cortex, rhesus monkeys, 28601
orientation specificity, spatial memory, college students, 38918
parathion dosage at 5 to 20 days old, acetylcholinesterase activity & cortex muscarinic receptor binding & spatial memory in mazes, rats, 913
performance of T-maze spatial delayed nonmatching to sample task assessing dispositional vs representational memory, rats with electrolytic hippocampal ablations, 7815
performance on T maze spatial working vs reference memory problems, 15 vs 21 vs 27 day old rats, 21373
pilocarpine & hippocampal lesions, visuospatial learning impairment, marmosets, 14770
planning & strategic & spatial working memory abilities, medicated adult Parkinson's disease patients, 12466
posttraining microinjection of naloxone vs beta endorphines into medial septal area, acquisition of radial maze task in new spatial environments, rats, 7828
prenatal & postnatal choline chloride supplementation, long term enhancement of spatial memory on radial maze task, male mice, 7893
primacy & recency effects in serial position curves, spatial memory for lists of items in radial maze, rats, 10895
prior training, age related deficits in spatial memory, rats & humans, literature review, implications for memory dysfunction analysis in dementia, 21487
radial arm maze training & subsequent nucleus basalis magnocellularis lesions with vs without cortical sympathetic ingrowth, spatial memory task relearning, male rats, 21692
radiofrequency lesions of median mammillary nucleus, T-maze spatial memory performance & acquisition &/vs retention context, male mice, 4304
raphe cells grafted into hippocampus, spatial learning ability, serotonin depleted rats, 28728
recall of location of objects in array, 57 yr old amnesic male, case report, 12508
recognition memory span for verbal vs spatial vs organizational information, elderly with mild vs moderate dementia of the Alzheimer type, 40493
retention interval, representation of map in memory, college students, 14450
retroactive vs proactive interference in spatial memory, college students, 14432
scopolamine, working memory for spatial tasks, 18–29 yr old males, 18424
separate vs combined muscarinic & nicotinic acetylcholine receptor blockade by scopolamine &/vs mecamylamine, spatial memory performance in radial arm maze, female rats, 28895
severe vs moderate ischemia inducing pyramidal or hippocampal neuronal loss, memory loss on T maze discrimination learning, rats, 772
spatial & semantic priming, spatial judgment, college students, 24806
spatial & temporal memory & rate of forgetting & attention demand, type I adult schizophrenic males, Jordan, 26173
spatial learning & memory, rats, 14538
spatial memory & cognitive mapping, 15–47 yr olds with right vs left temporal lobectomy, 33529
Spatial Memory & Rotation Task using imagery & attention skills, discrimination of sonar experience level, Navy personnel, implications for personnel screening, 10444
spatial memory for 4 arm radial maze, pigeons, 3916
spatial memory in radial arm maze task, nutcrackers, species differences implications, 7525
spatial memory performance, 56–82 yr olds with Alzheimer's disease vs rats with medial septum vs dorsal hippocampal formation vs nucleus basalis lesions, 29985
spatial working memory in open field task, pigeons, 7553
thiamine deficiency recovery & associated neuropathological & neurochemical conditions, visual & spatial discrimination learning & spatial delayed nonmatch to sample task performance, rats, 751
transplant of embryonic entorhinal tissues, spatial memory, rats with bilateral lesions of entorhinal connections, 795
unilateral temporal lobectomy, recall of spatial location, 15–41 yr old inpatients, implications for role of hippocampus, 30089
verbatim encoding vs construction of mental models, learning & recall of spatial descriptions, 3rd graders vs college students, 28334
vestibular stimulation, place navigation & memory in water maze, rats, 35722
visual spatial memory performance, college students vs 5–9 yr olds, 11366

Spatial Organization

advance location cuing, response latency in single letter recognition task, college students, 17910
age & spatial location of sound, accuracy & speed & path of head orientation during localization of auditory with vs without visual stimuli, 6–18 mo olds, 15095
age, ability to understand correspondence of scale models to larger space, 29–41 mo olds, 39515
age, estimate of artist's age & level of representation & spatial integration in drawings, 4–11 yr olds, 11385
analysis of location vs identification errors in bar probe task, validation of early vs late selection hypothesis, commentary reply, 10842

apparent vertical & horizontal motion, displacement of judged vanishing point, adults, 14283
attention to hand movements vs their effects displayed on video screen, adverse effects of stimulus response spatial discontiguity in discrimination learning, monkeys, 21389
auditory vs visual presentation & spatial displacement, repetition blindness for words, adults, 31884
calendar configuration & beginning day, search performance, college students & staff, New Zealand, ergonomic implications, 17802
changes in aligned oblique of Poggendorff figure, Moringa-Ikeda misalignment effect, college students, 14263
codability & features of display, mental spatial representation & rotation, 9 & 11 yr olds, 18546
confusion in use & understanding of concepts of horizontal & vertical, Ss, 7403
constant vs variable pattern condition of small dots & numerosity, pattern recognition vs subitizing, college students, 14317
context, identification & encoding of disoriented objects, college students, 24712
contextual lines within or outside attentive field & orientation coding, length assimilation & contrast, college students, 7326
cueing conditions & space positions & line length, line bisection task performance, 47–77 yr olds with vs without right brain damage & left unilateral spatial neglect, 30043
display organization, detection of horizontal line segments, 20–38 yr olds, 28253
dot luminance & density, brightness perception, experienced Os vs college students with some prior experience, 7336
duration of initially presented half stimulus & interval before presentation of 2nd half, perceived stimulus completeness measuring spatial integration, adults, 35291
feature displacement, perception of well known faces, college students, 31790
flight formation, Canada geese, implications for energetic advantage & orientation communication through visual contact hypotheses, 21403
flow patterns as 2 dimensional orientation structures, detection of orientation changes corresponding to corners or edges of creases, 14289
head & hand & stimulus position, RT & spatial stimulus response compatibility, female college students, 35265
hemispace location of stimuli, hemispheric interaction in visual vs tactile angle discrimination task, normally sighted vs blind 16–35 yr old males, 40515
indeterminate spatial description, drawing & recognition tasks, college students, 199
interstimulus interval & magnitude of 2 dimensional stimulus separation, perception of 3 dimensionality of apparent motion in depth, adult males, 17804
inverted faces, recognition & matching & hemispheric asymmetries, brain injured vs normal adults, 23063
inverted Necker cube vs drawing with lower of 2 frontal faces appearing in front vs back, retinal image & picture & space perception, college students, 263
landmarks, spatial perception & memory organization, conference presentation, 10846
lateral eye movements during verbal & spatial questions in dark, adults, 21547
lateral presentation of complex gratings at various distances from vertical meridian, choice RT for right vs left hemifield discrimination, right handed females, 7638
left right vs middle edge position & discovery vs application instructions, classification of randomly positioned dot in square, college students, 35370
limits of parallel processing, visual pattern discrimination of orientation & magnification, college & graduate students, England, 21222
luminance modulation of stimulus, detection of signals embedded in spatially uncorrelated visual noise, 242
mapping & language thinking & behavior, children, implications for preschool & elementary education, 18549
marking of target locations, method of implementing probe stimuli, distribution of visual attention, adults, 38778
mathematical model of reconstruction of 3 dimensional spatial layouts from perspective projections, judgment of relative direction of objects, Os, 3730
memory for landmarks vs navigational approach, theoretical research in place learning, conference presentation, 10826
motor system coordination development, affordances of landmarks & ecology of spatial perception, children, conference presentation, 11410
number & compactness of precued or cued positions on visual display, RT & attention focus, college students, 28235
object type & orientation, interpretation of word "big", 3 vs 5 yr olds, 21937
open vs closed stimulus sets & target presence vs absence across displays & distance between target attributes, conjunction errors, college students, 10726
orientation & spatial frequency, changes in perceived contrast of suprathreshold grating, adults, 14306
orientation, face recognition, high school & college students, England, 18625
orientation specificity, spatial memory, college students, 38918
paradox between Piagetian & proximal landmark research in spatial representation, preschool age children, conference presentation, 11417
parallel vs perpendicular orientation of response keys to visual stimuli, 2 finger choice reactions as measure of stimulus response compatibility, college students, 28204
perceptual reversals & nonreversals of Necker cube orientation vs physically varying cubical figures, visual EPs, college students, 7673
perspective cues, picture perception, adults, 35280
pictorial map of information as spatial primers for encoding narrative text, free & cued recall for feature & event information, college students, 20506
planar vs curved surface with contradictory monocular & stereo information, perception of depth & spatial orientation, graduate students, 3764
positional judgments of horizontal vs vertical dimensions, right vs left handed vs ambidextrous college students, 14242
practice & spatial & temporal conditions, perceptual learning of dynamic vibrotactile patterns with static visual patterns, adults, 17719
preference for locally simple completion vs mosaic interpretation vs visual pattern completion in tracing contours of overlapping figures, college students, 7312
preferential looking vs object manipulation task, sensitivity to categories of kitchen vs bathroom things based on spatiotemporal relatedness, 13.2–14.9 vs 19.3–20.1 mo olds, 1027
presence & orientation of neighboring objects, illusion of attraction caused misalignment, adults, 31791
real vs imagined completions of vertically vs horizontally symmetrical visual patterns, memory confusions, college students, 3727
rearrangement of serial or spatial positions of category members, inverse release from proactive interference, college students, replication, 28331
rotation of photographed pointer positions, distortions in apparent direction, adults, 230
saliency of laterally displayed facial features, face recognition, adults, 226
sex & route network exposure & frequency, RT & accuracy of angle & distance judgment, college students, 28327
spatial arrangement & unilateral vs bilateral presentation of letter pairs, discrimination RTs, college students, 7345
spatial constraint, voluntary control of attention across visual field, college students, 385
spatial distribution of inhibitory effect of peripheral noninformative cues, RT to nonfixated visual targets, 20–44 yr old males, 31778
spatial features, serial search & same different comparisons of imagined vs perceived objects, college students, 318
spatial frequency & orientations of 2-dimensional stimuli, masking effects & signal detection threshold, adults, 28233

spatial location, association of face & name, teachers & college students, 365
spatial organization of information in spreadsheet calculation, memory load, college students, Finland, 31894
spatial relations repetitive reasoning task, 7278
spatial separation in location & time of arrival of target vs nontarget events, visual attention, adults, 234
spatially transformed sentences, memorability of graphemic information, college students, 38898
stationary &/vs moving adjacent &/vs separated objects, reaching & looking responses, 12–18 & 21–26 wk old infants, 21983
stepwise lateral tilts of body & head & trunk, blind pointing, adults, 17732
stimuli at varying blur parameters & distances from retina, differential spatial displacement discrimination threshold & blob alignment, adult males, 7353
stimulus exposure duration, discrimination of spatial structure in eccentric vision, adults, 17789
stimulus luminance & spatial stimulus response compatibility in blocked trials, P300 latency & manual RT, college students, Japan, 11026
stimulus orientation & rotation, RT in haptic identification of letters using left vs right hand, college students, 39099
stimulus orientation, object naming vs left right decision performance, college students, 21225
stimulus parameter manipulations affecting inhibitory interactions, neural mechanisms of direct vs indirect tilt illusion, adults, 4164
symbolic concepts of spatial relations of landmarks, 9–13 mo olds, conference presentation, 11363
target elicited saccadic eye movements, parallel computation in neural networks & coding of spatial position, 14671
temporal & spatial & structural display parameters, apparent rotation in 3 dimensional space, adults, 3766
underregistration of pursuit eye movements & adjacency of pursued fixation point & background stimulus, illusory motion of background objects during smooth pursuit eye movements, 20–33 yr olds, 7319
upright vs inverted composites of top & bottom vs internal & external features of familiar vs unfamiliar faces, identification of constituent parts, college students, Great Britain, 14318
visual cluster continuum & measurement in pattern & numerosity discrimination, college students, 14275
visual cortical function & preference for novel stimulus & orientation discrimination, newborn infants, 39573
visual EPs & behavioral responses & development of orientation discrimination, 2–13 wk olds, 39485
visual field & extrapersonal space, localization of visual targets using slow movements of left vs right arm measuring hemispheric superiority, college students, 28215
visual search processes & use of information & organizational clues about systematic spatial arrangements, aphasic 21–65 yr olds, 1981
wings in intershaft space, Mueller Lyer illusion, college students, 28247

Spatial Orientation (Perception)

activation & resistance to interruption, reflexive & voluntary orienting of visual attention, 19–30 yr olds, 31795
adjustment of variable potentiometer controlled straight line, perceived orientation of dot patterns, adults, 35313
articulatory suppression or movement to spatial targets or body movements, memory for visually presented body movement patterns or words or spatial positions, college students, England, 14476
associative & relational landmark spatial perception & neurobiological maturation, rats, conference presentation, 11039
binocular vs monocular exposure, lateral dominance & discrimination of straited patterns of different spatial orientation, rabbits, 39088
body orientation & intraocular pressure & free vs pharmacologically immobilized accommodation, ocular refraction during pattern perception, 22–28 yr olds, 25107
body tilt & inattention vs divided attention, recognition of figures upright in environment vs retinal image, college students, test of visual correction stage hypothesis, 31800
body tilt position within sagittal plane, odor identification performance & nasal airflow resistance & heart rate & BP, adults, 4187
clutter echo interference, target detection & spatial perception in echolocation, bats, 14504
cognitive development, use of landmarks & integration of spatial information, children, conference presentation, 11421
cognitive representations of space & time & number, animals, literature review, 24943
computer simulated travel vs conventional map study methods for learning spatial network, demonstration of efficient routes, college students, Israel, 3858
concurrent adaptation of spatial frequency or orientation, contrast threshold, adults, 28238
configural orientation & location of flash, perceived apparent motion trajectory, college & graduate students & faculty, 7340
contextual lines within or outside attentive field & orientation coding, length assimilation & contrast, college students, 7326
converging lines vs dots, induced change in orientation, college students, conference presentation, 31798
degree of angularity of turns while walking on pathways in laboratory, estimation of angularity & spatial memory, college students, 28340
delay tuned combination sensitive neurons in auditory cortex, echolocation & orientation, mustached bats, 638
design of residential homes, ability to find way around, elderly with dementia, 40990
development of visual & tactile rod orientation, 4–13 yr olds, 18591
differential brightness & color of halves of rotating disc as body orientation cue, determination of upright position, college students, implications for space station, 17717
direction estimation of target position with finger movement vs imagined location, congenitally vs adventitiously blind vs blindfolded sighted adults, 5579
display organization, detection of horizontal line segments, 20–38 yr olds, 28253
domain dependency & specificity, presence & absence of length specific orientation contrast, commentary, 28269
environmental shape & demonstrated location of hidden food in box, digging in correct location in rotated substitute box with vs without outside cues, male rats, 21443
establishment of spatial awareness & other problems in starting school, frustration & emotional reactions, visually impaired children, England, conference presentation, 31210
experience, orientation at magnetic anomalies, homing pigeons, 514
eyes directed to stimulated area vs same vs other hemispace, expected lateral cutaneous stimulation RT measuring spatial attention, 18–35 yr olds, 31765
feature certainty vs uncertainty cues, just noticeable differences in orientation & spatial frequency, adults, 38751
field dependence vs independence & spatial orientation in cognitive style, young children, implications for education, 18612
flight formation, Canada geese, implications for energetic advantage & orientation communication through visual contact hypotheses, 21403
flow pattern simulation of outdoor setting, motion perception & postural control & perceptual aftereffects, college students, 38769
focused vs divided vs distributed attention to horizontal vs diagonal vs vertical target letter positions surrounding fixation, vocal RTs, college students, 28382
form of dot patterns, spatial orientation, adults, conference presentation, 3741
G stress during flight, unconsciousness & spatial disorientation & tolerance increase using mechanical or physiological or educational methods, fighter pilots, 13912

geomagnetic & solar cues, orientation at sunset, dunnocks, Germany & Italy, 3979
gravity & visual field pitch & oscillation, perceived eye level & object elevation & size, adults, 28251
inhibitory interaction of orientation selective retinal adaptation of grating patterns, Zollner illusion, college students, 249
interaction between local & global visual orientation signals, right handed male stroke patients with right vs left hemisphere lesions, 2059
ipsilateral RT inhibition, contralateral RT facilitation to nonfoveal visual target, 21–47 yr old males, 38934
lamellar & radial optic flaw of stimulation restricted to central visual field, postural stability, college students, 35239
landmarks, development of spatial orientation & knowledge, conference presentation, 11422
landmarks, spatial perception & memory organization, conference presentation, 10846
lesions to general learning system brain areas vs frontal cortex vs hippocampus, puzzle box learning, weanling male rats, 32140
levodopa, spatial disorientation, patients with Parkinson's disease, 23400
local orientation cues, estimation of tilt of 2-dimensional visual patterns, 21–45 yr olds, 17775
location of target in double step tracking paradigm, corrective RT of mixed mode control process, 19–37 yr olds, 38723
magnetic effect orientation in homing, pigeons, commentary reply, 18051
magnetic fields & ontogeny of navigation in homing, pigeons, commentary, 18058
memory for landmarks vs navigational approach, theoretical research in place learning, conference presentation, 10826
mental rotation & right hemisphere advantage, 35 yr old commissurotomized male, 36999
modified Optacon scanner with vibrotactile stimulation, 3 dimensional spatial concept development, 8–14 yr old blind special education students, 27715
Morris navigation task with visible platform & later substitution with invisible platform, place learning, lesioned vs control rats, 11170
movement of S by E through space along geometrically simple vs complex paths, retrieval of objects hidden prior to movement, 9 mo olds, 1023
neuropsychologic measures of right inferior parietal lobule dysfunction, prediction of spatial orientation, ambulatory 54–89 yr olds with Alzheimer's disease, 37052
number of dots & correlation on computer screen, spatial orientation, adults, conference presentation, 3776
olfactory signals, homeward orientation, young pigeons, 4050
orientation, face recognition, high school & college students, England, 18625
oriented luminance vs nonoriented chromatic & luminance vs pure chromatic clues, motion perception, adults, 35278
patterned targets different in color &/or luminance from background, discrimination of orientation & magnification, adults, 21223
perceptual & cognitive factors, failures in solution of Piagetian water level horizontality task, college students, 3713
peripheral circular contours, rod & frame effect, college students, 31776
perpendicular bias, Piagetian water level task, 5–6 vs 7–8 yr olds, 18619
preselection of & distance from targets, reproduction of movement extent & short term distance recall, congenitally blind vs blindfolded normally sighted adults, India, 19620
pretraining on Morris water task & novel environment, latent place learning, rats, 10912
printing & drawing shapes with vs without sight of hand & writing trace, motor patterns, adults, England, 38747
projected artificial horizon & angular motion, motion sickness & well being & performance, 20–26 yr olds in tilting room, implications for Navy personnel, 38791
proximal & distal elements of inducing stimulus, orientation & spatial frequency of visual grating, 38801
recall of remembered positions of objects, blind vs blindfolded sighted adults, 5671
reduced temporal demands of Morris water task, place learning impairment, 16 vs 19 vs 20 day old preweanling rats, implications for temporary memory buffer, 10919
route complexity, secondary task performance as measure of mental effort, blindfolded sighted adult, implications for blind pedestrians, 19494
route finding strategies & decision making & cognitive mapping, congenitally blind adults, 26602
scene based vs viewer centered orientations, judgment of shapes on tabletop as identical vs mirror images, college students, 21194
seasonal changes, sun compass orientation system, pigeons, 580
sex & handedness, laterality in visuospatial & verbal task performance, adults, 18118
sex, cerebral lateralization of spatial orientation vs visualization, high vs low spatial ability college students, 21491
single & combined feature targets, grouping processes in visual search, adults, 38776
size & location of stationary displays, illusory forward self motion induced by looming display, adults, 14300
sound vs light cues, migratory orientation, ancient murrelet chicks, 395
spatial & temporal food abundance, 8 arm maze goal preferences, titi & squirrel monkeys, 14507
spatial ability & environmental cognition & mathematics & English achievement, male vs female college students, 39560
spatial frequency, meridional anisotropies of orientation discrimination for thin lines & sine wave gratings, adults, 3732
spatial orientation of body, heart rate during water immersion sensory isolation, 18–27 yr olds, 25123
spatially oriented behaviors, normal vs cerebellar mutant lurcher mice, 14788
stimulus duration & surrounding contours, tilt illusion, college students, implications for processing in striate cortex vs parvocellular color-form pathway, 18143
stimulus orientation, object naming vs left right decision performance, college students, 21225
strategy for understanding spatial information processing in early vision, locust visual cells, 14690
sun & seasonal variation, migratory orientation, free flying vs caged meadow pipits, 494
sunset position vs skylight polarization, nocturnal migratory orientation, yellow rumped warblers housed singly in cages, 24993
surface orientation & position, mirror reversal in cutaneous perception & motor production of letters & numbers, blind 18–29 yr old males, 30085
symbolic concepts of spatial relations of landmarks, 9–13 mo olds, conference presentation, 11363
tachistoscopic exposure duration & spatial frequency of tilted gratings, orientation acuity & tilt illusion, adults, 17754
target vs field object orientation & upside up vs down target & inverting vs noninverting lenses, object identification RT, 17–40 yr olds, 28229
time & place food availability learning, garden warblers, 31913
time & space perception, depressed 13–17 yr olds, 19091
training vs environmental support cues, reality orientation program, senile demented 70–89 yr olds, 2416
travel patterns & categorical strategies of spatial orientation, titi vs squirrel monkeys, 21339
Traveller computational model of spatial network learning, 41507
use of nonegocentric functional standard, assessment of object size according to function, 3–5 yr olds, 39528
variation of length or orientation, discrimination, adults, 17759
vision & echolocation during flight & approach to landing site, vampire vs spear nosed bats, 18008
visual field differences in magnitude of tilt aftereffect, right handed adults, 626

visual masking paradigm, spatial frequency & orientation tuning thresholds, albino 22 yr olds, 19657
visual system neural mechanism for coherent retinal large field motion as induced by self motion & relative motion between objects & their background, flies, 11019
visual vestibular interaction & role of vestibular system in oculomotor control & spatial orientation, implications for occupational therapy, 35646
width & disparity direction & magnitude & orientation of dynamic random element stereograms, stereoscopic orientation discrimination, adults, implications for oblique effect, 28256
Spatial Perception [See Also Apparent Distance, Apparent Movement, Apparent Size, Autokinetic Illusion, Depth Perception, Distance Perception, Motion Perception, Size Discrimination, Spatial Distortion, Spatial Organization, Spatial Orientation (Perception), Stereoscopic Vision]
additive vs multiplicative model of cue integration in depth perception, commentary reply, 14261
age of sexual maturation, spatial ability, adults, 39527
age, use of contour lines in drawings of complexly shaped statues, 4–9 yr olds, Switzerland, 11424
alcohol, visuo-spatial learning, healthy male 32–50 yr olds, 35790
attention to visual &/vs auditory stimuli, RT on spatial compatibility task, adults, 10746
automatic visual & parallel spatial feature encoding in specialized modules, model of visual object perception, 10753
box position &/vs color, color & spatial discrimination, chicks, 24958
bright bar with asymmetrical spatial contrast profile, visual coding of stimulus spatial location, 25–27 yr olds, 14309
calibration method for mapping internal coordinates & viewing plane on high resolution CRT display, 13920
central vs extrafoveal vision, judgment of line segment serial position in briefly flashed array, adults, 28260
cerebral dominance based on Your Style of Learning & Thinking scores, perception of Necker cube reversals & location of embedded figures & maze performance, adults vs college students vs 7–12 yr olds, 11369
cognitive developmental approach to representations of environment, children, 39531
conditional spatial response task, activity of hippocampal formation neurons, male rhesus monkeys, 32041
configuration & luminance of identical modulated patches of sinusoidal grating, differential spatial displacement discrimination thresholds, experienced males, 260
constant volume operators & lateral inhibition, modeling Mach bands & other high pass filter effects in spatial vision, 39127
context, identification & encoding of disoriented objects, college students, 24712
context of prior presentation, object identification, erratum, 31793
cross cultural differences in perception of real & representational space, implications for psychological theory, commentaries & reply included, 31782
differential recovery of spatial deficits, 18 yr old male with right frontoparietal infarct, case report, 5749
display load & size & mapping in divided vs focused spatial attention visual search tasks, RT & brain EPs, adults, 7691
estimation of spatial phase of simultaneously presented stimuli, adults, 3750
evaluation & treatment, patients with unilateral neglect, literature review, implications for occupational therapy research, 40518
experience, use of visual & pheromonal orientation cues, giant tropical ants, 39025
farm tractor overturn, operation recognition & RT, farmers, implications for human factors engineering, 41491
fimbria lesions, acquisition of working & reference memory in complex spatial discrimination task, rats, 39237
fluphenazine, original vs reversal of discrimination in spatial learning task, monkeys, 35844
Gaussian derivative model, assessment of retinal receptive field mechanisms for spatial vision, animals & humans, 18145
growth & migration of fovea cones & cortical inhibition, developmental model of spatiotemporal visual mechanisms, infants, 8066
harmonic visual stimuli, spatial phase sensitivity & discrimination in central & peripheral vision, adults, 35296
head movement & spatial position of target, ability to localize in auditory head up display, 21–39 yr olds, implications for aircraft pilots, 38483
hippocampal involvement in acquisition of spatial water maze, 43 mouse strains, 4156
hippocampal neuronal activity, location specific discharge, rats, 39091
illusory conjunctions & neon colors, 17–22 yr old college students, development & test of functional theory, 31796
in vivo modulation of septo-hippocampal cholinergic activity, acquisition of spatial discrimination & working memory on radial maze, C57BL/6 mice, 39218
increased contrast, spatial discrimination, implications for increasing vs constant noise model, 35308
incremental photometrically matched color stimuli & spatial contour between test & background fields, response pooling between chromatic & luminance systems, adults, 28263
indeterminate spatial description, drawing & recognition tasks, college students, 199
internal & graphic representation of space & movement & village structure, male villager, Morocco, 29204
interpretation of impossible objects, development of spatial impressions, 14259
lateral asymmetry in object spatial discrimination, male vs female chicks, 4162
laterality for visual spatial processing, language trained chimpanzees, 28608
left-right &/vs above-below auditory cues, spatial compatibility of stimulus response pairings, college students, Italy, 282
left vs right spatial cues for foveally centered words & letter strings, visual spatial attention, 16–60 yr olds, 15115
line of sight, perception of spatial configuration in painting, adult males, 14265
luminance gradient & relative phase of spatial frequency components, effect of edge information on stereoacuity, adults, 35283
luminous marker perceiving & distractor target interactions, spatial selectivity & directed visual attention, Os, 10755
mental curve tracing of spatial relations using elementary visual stimuli, female college students, 10745
mental rotation, judgment of clockwise vs counterclockwise direction, 18–50 yr olds, 17837
mental rotation of familiar vs mirror image shapes at different orientations, college students, 28313
method for indexing visual features in visual field & role in spatial perception, 38744
model of probability matching & shifts of spatial attention in visual search, commentary, 28264
nonpredictive lateralized visual vs auditory cue before lateralized visual target, simple RT measuring spatial attention, 41–68 yr olds with left vs right parietal lobe damage, 37020
numerosity model for perceptual clustering of dots using relative proximity, illusion of filled area, college students, 24769
object-centered vs O-centered mental rotations of novel wire objects, college students, 28309
onset asynchrony & spatial phase of flashed gratings, role of motion detection in monocular vs dichoptic contrast thresholds & forward masking, 21219
orientation of light bars, neural responses & connectivity in infragranular striate cortex layers, monkeys, 25049
overt & covert attention, vibrotactile RTs & gaze direction & spatial compatibility & hemispatial asymmetry, strongly dextral college students, 4077
pedestrian maze learning & model construction & description & route reversal, 6–12.3 yr olds, 39484

perceived rigidity of moving 2 dimensional figures with limited range of contour orientations, Os, test of E. C. Hildreth's velocity perception algorithm, 14298
perception of spatial part whole relations, 3–5.5 yr olds, 39577
perceptual determination of cross court vs down-the-line destination arm strokes in simulated badminton display, 15–40 yr old expert vs novice players, 35013
perceptual rotation of space time axes, saltation phenomenon in cutaneous perception, 7285
pirenzepine injected into lateral ventricles, spatial learning of water maze task, male rats, 18355
place & object discrimination learning, chicks, 31938
position of line segments in eccentric vision, similarity vs mirror symmetry discrimination, experienced Os, 7343
preneural optical & photoreceptor immaturities, spatial & chromatic vision, neonates vs adults, 25417
psychophysical functions of binocular space perception, 17666
psychophysical luminance & chromatic spatial contrast sensitivity functions, luminance variations in contrast sensitivity functions, 28259
puberty, spatioperceptual strategy on rod & frame test, 8–16 yr olds, 25505
random bandpass frequency modulation of sinewave gratings, spatial frequency discrimination, adults, implications for spatial averaging, 17768
reduced ability to direct attention &/or action contralaterally vs failure to disengage attention from ipsilesional side of line segment, 69 yr old right handed male with left side neglect, 26455
response variation vs spatial strategies, extinction of operant vs instrumental learning, male rats with fornix transections, 7813
retinal eccentricity of letter stimuli presented to left vs right of fixation point & location & compatibility of noise letter & onset asynchrony, choice RT, college students, 250
retinal image motion toward vs away from fovea during ocular pursuit vs fixation, perception of light flash location, 22–25 yr olds, 14293
retinal position, perceptual segregation performance, college students, 17772
right vs left vs center visual field presentation, mental rotation of letters vs polygons, college students, 24737
salience of visual target vs standard as a function of area, localization accuracy for targets relative to standards, college students, 14258
saturation & lightness, spatial balance of color pairs, 17–31 yr olds, 21230
semantic &/or episodically related word pair learning, item recognition & distance estimation, college students, 38913
sensitivity of cerebral hemispheres to spatial frequency channels, 21–36 yr old right handed males, 661
sex & different patterns of activities, spatial performance, college students, 24716
shape or color of visual targets, parallel processing RT for target location, adults, 7308
shapes of line termini, subjective contours, 35287
sine wave gratings with stationary periodic random phase shifts, spatial frequency discrimination, adults, 35284
size of stabilized background in photopic & scotopic vision & role of retinal cell spatial filtering, spatial pattern sensitivity & saturating effect & rod & cone interactions, adults, 35282
sonar sensory aids, spatial perception, blind infants & children, 12974
spatial & semantic priming, spatial judgment, college students, 24806
spatial & temporal contrast sensitivity in central vs peripheral vision, albino 22 yr olds, implications for arrested visual development, 19658
spatial contrast sensitivity & orientation selectivity of visual neurons in foveal striate cortex, monkeys, application of 2 dimensional receptive field model, 4135
spatial dimension & category width, anticipation & habituation errors in spatial localization, college students, 7310
spatial frequency & orientation as independent parallel features in Triesman search tasks vs selective parallel channels in threshold & masking tasks, 7344
spatial knowledge of home environment, 6 & 10 yr olds, 21929
spatial perception disturbances measured by rod & line orientation & facial recognition tests, 7.7–15.6 yr olds with localized left vs right hemisphere damage, 26582
spatial sensitivity quadratic model, estimation of linear transformation in pattern vision thresholds, 7253
spatially limited multichannel model, space variant visual processing, adults, 21218
speech vs spatial block design tasks, EEG alpha asymmetry measuring cerebral dominance, dyslexic male 9–13 yr olds, implications for dyslexia models, 22844
spiral or rectangle shape & Fibonacci vs Mid vs Equi spatial divisions, visual preferences & spatial discrimination, 4th vs 6th vs 8th graders, 8043
static & dynamic visual sensitivity, 7–61 yr olds, implications for spatial vision models & performance screening & aging, 17791
stimuli at varying blur parameters & distances from retina, differential spatial displacement discrimination threshold & blob alignment, adult males, 7353
stimuli dance to eye fixation locus, spatial distribution of visual attention field measured by target detection & EPs, 18–30 yr olds, 21532
stimulus onset asynchrony, spatial frequency detection & identification, adults, 10728
stimulus size & eccentricity, vernier hyperacuity vs spatial resolution performance from fovea toward periphery, adults, evidence for nasotemporal asymmetry, 4096
stimulus size & retinal eccentricity, orientation discrimination threshold, naive vs experienced adults, 14301
subjective vs objective interstimulus interval, perceived spatial distance between tactual stimuli, college students, 38746
swept contrast gratings & visual EPs, measurement of spatial contrast sensitivity & thresholds, infants & adults, 35994
tactile perception of scratch direction measuring posterior column dysfunction, 14–83 yr olds with spinal cord vs functional neurological disorders, 33540
tactuospatial stimuli in left vs right hand, matching to visuospatial display in left vs right visual field, male college students, 7660
temporal vs spatial information, reinforcement of observing behavior in mixed variable time extinction schedule, pigeons & rats, 7527
temporospatial discontinuity induced by environmental scenes in scrambled order, route learning & distance estimation, college students, 24856
theoretical equations for alleys on apparent frontoparallel plane in 3-dimensional visual space, 17675
verbal vs spatial visual stimuli presented to left vs right visual field, stimuli reproduction by writing vs drawing using left vs right hand & cortical EPs, college students, 14707
vertical vs horizontal vs left vs right diagonal line orientation, tactile discrimination thresholds, sighted vs visually impaired vs blind 22–31 yr olds, 40448
vertical vs horizontal wires, obstacle localization & avoidance performance in flight, greater horseshoe bats with pinnae immobilized by nerve & muscle lesions, 21701
vestibular stimulation by rotation with vs without cues, water finding in spatial discrimination maze, fornix lesioned male rats, 11153
vestibular vs aerobic exercise, spatial & figure ground perception, male 7–12 yr olds with learning & reading & attention problems & abnormal vestibulo-ocular responses, special education implications, 40829
view of navigation area with vs without rotational movement or spatial trajectory visual cues, performance on computer simulated harbor navigation, adults, implications for motion perception, 17730

visible persistence & visual analog representation, performance in partial report task & visual information processing, adults, 10724
visual detection of suprathreshold bandlimited signals embedded in nonwhite Gaussian filtered noise, adults, 10741
visual field location of stimuli, line orientation & spatial interval discrimination thresholds, adults, implications for role of striate cortex neurons in visual acuity, 28620
visual RT performance measuring spatial displacement judgment & visuo-spatial motor processes, 61–82 yr old with Parkinson's disease, 37165
visual search & line orientation discrimination & verbal ability measuring hemi-inattention, brain damaged males vs females, Finland, 30120
visual spatial learning performance, EPs, intoxicated vs detoxified alcoholic patients, 29778
visual stimulation against short vs long wavelength backgrounds, spatial sensitization of B core detected targets, adults, 7652
visual system distortion, ability to detect spatial beat movements, adults, 38757
visuospatial & perceptual abilities, left vs right hemisphere damage stroke patients with vs without dysphasia, England, 33647
visuospatial neglect, overt & covert perception, 49 yr old female with right cerebral brain damage, 26575
visuospatial paired associate learning, 6–11 yr olds with vs without family history of alcoholism, 22823
visuospatial processing, chronic alcoholic adults, 36848
wheelchair obstacle course performance, right hemisphere stroke patient with vs without left spatial neglect, 30128
Wundt-Jastrow illusion perception measuring spatial unilateral neglect, 43–85 yr olds with left vs right brain damage, 5721
2nd spatial derivative of disparity-disparity curvature invariant with viewing distance, perception & discrimination of 3 dimensional curved surfaces, adults, 38790
3 dimensional depth & spatial relationship representation in picture drawings of blocks, 3–8 yr olds, 32411

Special Education

A. O. Ross's learning process model, effective noncategorical classroom instruction, students with mild learning or behavior or emotional disorders or mental retardation, 17262
academic interventions, learning disabled students, 1978–87, literature review, 41326
accelerated education options, bored & disinterested gifted students, 20640
accuracy of observational method, special education research & practice, 10222
active teaching using basals vs interactive videodisc curriculum design, ratio & proportion word problem learning, low performing & special education 9th–11th grade mathematics students, 38222
adaptive learning environment model, special education students, literature review, conference presentation, 27672
advantages & disadvantages of regular education initiative & special education, students with behavior disorders, 34731
Aids to Communication in Education centers, provision of assessment services & microtechnology applications & in-service training, physically handicapped students, England, 31186
analysis of Regular Education Initiative & role of special education in education reform, commentary reply, 27704
analysis of Regular Education Initiative & role of special education in education reform, commentary, 27744
application of expert systems to special education, students with learning disabilities, reprint, 10197
assessment & observational strategies & utility of independence trait as measure of development, preschoolers with moderate to severe mental retardation, 27713
assessment issues & placement litigation in mild mental retardation classification & programing, 17278
assessment practices in metropolitan schools, 6.4–20.8 yr old students with severe handicaps, 3336
assignment of categorical diagnostic label at age 3 yrs, educational/developmental outcomes, children with educational handicaps, 13646
attitude toward educational assessment procedures for special education & satisfaction with schooling, Punjabi speaking Asian parents of 5–16 yr olds, England, 31221
attitudes toward early admission & acceleration practices for gifted children, coordinators of gifted programs vs school psychologists vs elementary school principals vs teachers, 38233
attitudes toward eligibility & appropriate settings for & goals of special education services, special education directors, 13460
attitudes toward utility of special education resource room model for emotionally disturbed, parents & teachers & staff of handicapped center, Japan, 24180
behavioral consultation prereferral intervention service, school psychology service usage & special education testing & eligibility, K–12th graders, 6 yr study, 24152
biobehavioral state measures, education & treatment, 1.8–19 yr old students with severe or profound or multiply handicapping conditions, 20606
challenges to educators of learning disabled children, 13621
characteristics & trends in & recommendations for special education, blind & visually impaired students, Latin America, 24137
characteristics of frequently & rarely cited articles about special education, 1966–86, 24199
characteristics of reading process & history & methods of teaching reading, Braille vs print vs aural reading visually handicapped children, 3299
CLASS.LD2 expert system, learning disability classification & special education placement, 10288
cognitive & metacognitive & behavioral instructional techniques, mathematical problem solving, students with learning disabilities, 41335
cognitive reeducation tutorial program, adaptive & cognitive functioning, head injured 4.0–10.9 yr olds, 10208
collaborative consultation model for facilitating transition from school to employment, disabled students, 17282
communication & service coordination between public schools & juvenile correctional systems, public school special education & correctional administrators, 10206
comprehension of specialist terminology regarding educational diagnosis, parents of children with learning or behavior difficulties or physical or sensory handicaps referred for special education, 3260
computer simulated conversation in remedial instruction, deaf vs language impaired 10–13 yr olds & adolescents, 38237
computerized instruction in vocabulary & logic & health knowledge, academic achievement, mildly handicapped secondary school students, implications for special education, 17295
conflict resolution over program & placement & services, parents of educationally handicapped students & school personnel, 13647
construction & field testing of measurement taxonomy system, documentation of consultant activities, special education consultant working with mildly handicapped 3rd grader, 27740
consultation based intervention assistance as alternative to special education, students with learning or adjustment problems, conference presentation, 24138
consultation model used in New Mexico, Resource Specialist Program service delivery in California public schools, learning disabled students, commentary, 24183
consultation process, workers with handicapped children, 24178
content & mechanics revision strategy instructions, paragraph writing, 6th–8th graders with learning disabilities, 13661
contribution of psychologists & other factors, development of services & educational programs, mentally handicapped, 1920s to 1980s, Ireland, 16927

contribution of traditional community & Western missionaries & government to education, blind students, Nigeria, 24174
cooperative learning & peer tutoring & group & interactive vs traditional teaching methods, students with learning disabilities, 41338
cooperative learning & peer tutoring & reciprocal teaching group instruction methods in mainstreaming, social skills & classroom integration, mildly mentally handicapped students, 24135
cooperative teaching model, coordination & integration of general & special educators, academically & behaviorally integrated student groups, 27666
correspondence between macro & micro classroom observation measures of teacher effectiveness in mainstreamed classrooms, 6th–8th grade teachers, 31013
cost & quality of psychopedagogic institutional care, children & adolescents with different handicaps or difficulties, Switzerland, 30732
cost analysis in delivery of special education services, 13666
crisis in school system & failure of system to provide appropriate services, learning disabled emotionally disturbed 2nd graders, implications for child abuse by schools, 31196
criteria for determination of extended school year eligibility, special education students, 31189
cross national differences in educational philosophies & attitude changes & service delivery, blind & visually impaired students, 24117
current school psychological services, special education reform, 3292
current status of state early childhood intervention policies, directors of P. L. 98-199 state plan grants & supervisors of state education agencies, 10214
curricular infusion, integration in regular middle school science & social studies classes, 6–19 yr olds with severe disabilities, 27692
curriculum & habitation, profoundly & multiply handicapped students, commentary, 3268
curriculum & projected future teaching methods, severely handicapped students, 17285
curriculum based assessment for decision making in special education, 38198
curriculum based assessment of academic & social & school based screening programs, diagnosis of behavioral or learning or emotional disorders for special education services, elementary students, 38203
curriculum based measurement use in structuring educational program, reading performance, learning disabled vs emotionally disturbed special education students, 27687
curriculum models & instructional strategies, transition to everyday community settings, handicapped adolescents, 27741
debate over regular education initiative proposal merging special & regular education, 20585
decision rules for facilitating skill generalization, profoundly & severely mentally retarded 6.8–20.6 yr old students, 17266
defensibility & affordability & quality concerns of mandating educational programs for gifted students, 27682
definition & identification & characteristics & intervention, gifted/learning disabled students, 41349
definition & rationale & guidelines for establishment of special education consultation programs, 20612
demographic & health related & motivational & behavioral characteristics & educational programs, educable mentally retarded 5–12 yr olds, 27685
design & implementation of vocational preparation programs, employment following graduation, mentally retarded high school students, 20607
development & assessment of behavior rating scale for use in residential special school, emotionally & behaviorally disordered 10–14 yr old males, 24256
development & practice of dance/movement & creative arts in special education, Israel, 38189
development & trends in school consultation as professional practice, educational services for handicapped & special needs learners, 20365
development of objectives based curricula, children with special education needs, 27698
development of screening instruments, assessment of need for special education provision, teachers in regular schools, conference presentation, 41347
development of special education, educable mentally retarded students, Brazil, 3282
development of special education in school system, Finland, 17263
development of taxonomy of community living skills, curriculum design, mentally retarded persons, 20586
diagnostic assessment processes in early childhood special education programs, 34790
direct instruction vs consultation, Resource Specialist Program service delivery in California public schools, learning disabled students, commentary, 24153
dynamic assessment, instruction & placement, special education students, 24131
early intervention & mainstreaming & other special education approaches, blind & visually impaired students, Israel, 24160
early intervention program, learning disabled vs low achieving students, 3259
early vs later diagnosis & placement in special education classes, test retest stability of scores on WISC-R & Woodcock Reading Mastery Tests, learning disabled 2nd–8th graders, 10237

revolution in school psychology, special education reform movement, commentary reply, 3291
revolution in school psychology, success of special education reform, commentary, 3277
role in special & regular education partnership in instruction of handicapped children, school psychologists, 3298
role of W. Maxwell & E. Farrell in development of upgraded classes & selection process in special education in New York, 1900–20, 24154

role playing & cue correction procedure, learning to greet coworker at vocational training site, moderately or mildly retarded female high school students, 20644
rural environment, special education provision, gifted students, 27735
school based vocational assessment & individual education plans for handicapped students, school district respondents, 20587
school entry age, special education placement, learning disabled or mildly mentally retarded or emotionally disturbed students, 20620
school involvement & satisfaction & needs, urban vs rural parents of handicapped children in special education, 13643
science education, attitudes toward curiosity & cooperation & perseverance, 5–16 yr old learning disabled students, England, 3261
science education, junior school students with learning difficulties, England, 3278
segregated vs class vs individual integrated classes, mathematics achievement, severely to profoundly hearing impaired students, Israel vs US, 24205
selective listening & aspects of power in interactions with parents of children in special education, professionals, implications for parental role, 24136
self & family demographic characteristics & educational treatment parameters, prediction of speech production performance, hearing impaired 7–16 yr olds, Israel, 27745
self efficacy & other teacher & student characteristics, perceptions of problem behavior & subjective probability of referring students to special education, elementary school teachers, Netherlands, 13652
semilogarithmic vs equal interval graphs, prediction of progress on Individualized Education Plan, low achieving 3rd–6th graders, 10211
sex & grade level differences in referral for psychological & special education services, learning disabled elementary & middle & high school students, 10264
sex education issues, special education students, 34727
social support & placement in self contained class or resource room, self concept, 2nd–10th graders with learning disabilities, 3265
special education & other issues & problems, homeless handicapped children, 41343
special education emphasizing generalizable skills with specific feedback & contingent based instruction, analogical reasoning, 1–8 yr olds with learning or behavior disorders, 27716
special education, Great Britain vs US, 13641
special education group service delivery model, 3.1–4.8 yr old preschoolers with severe phonological disorders, 31216
special education program, reading comprehension & vocabulary & self esteem, rural academically advanced 5th–6th graders, 38185
special education programs & procedures & mainstream schooling, mentally retarded children & adolescents, 38204
special education research methodology, conference presentation, 20637
special education resource room strategies, time on task related to specific objective with high success rate, learning disabled students, 34704
special education training & service delivery trends & problems, visually impaired children, Australia, 24175
special vs regular class vs resource room vs special school, time on learning tasks, handicapped elementary school students, 27723
state criteria for access to early educational intervention services, visually impaired children from birth to 5 yrs old, 13681
state legal definitions of high risk for delayed development or handicaps, access to special education services, infants & toddlers, 13632
state patterns, placement in segregated vs regular education environments, mentally & physically handicapped 6–17 yr olds, 1985–86, commentary, 20572
state patterns, placement in segregated vs regular education environments, mentally & physically handicapped 6–17 yr olds, 1985–86, 20584
state patterns, placement in segregated vs regular education environments, mentally & physically handicapped 6–17 yr olds, 1985–86, commentary, 20651
state vs federal guidelines on student-teacher ratios in special education, mildly handicapped students, 27739
statistical power of analyses in evaluation of efficacy of special education placement, academic achievement & social adjustment, mildly handicapped children, literature review, 13670
summary of data from Ninth Annual Report to Congress on the Implementation of the Education of the Handicapped Act, implications for speech language therapy & audiology, 31195
summer session college level introductory psychology course, knowledge gain & educational & career plans, gifted 7th–10th graders, 6 & 18 mo followup, 27718
systematic time delay teaching method, academic memorization, mildly handicapped students, 24194
systemic social & cognitive model of school learning in special education for learning difficulties, 31202
teacher behavior, academic achievement in compensatory education, low achieving & low SES students, 3 commentaries & reply included, 17251
teacher questioning & student responses in special education classrooms, mentally retarded vs learning disabled vs emotionally disturbed students, implications for educational placement, 3252
teacher training consultation strategy using videotapes & teacher interview, implementation of special education individualized education plan, teachers & handicapped mainstreamed 3.3–5 yr olds, 38226
teachers' perceptions of parents' needs vs use of & requests for services, parents of children with learning disabilities or behavior disorders & special education teachers, implications for training, 17283
teacher's referral reason, confirmation bias in special education eligibility decisions, school psychologists, 27800
teaching methods & treatment, learning disabled students, literature review, 13645
teaching strategy using easy vs difficult examples, generalization of liquid pouring ability to untrained pitchers & receptacles, profoundly mentally retarded 9–19 yr olds, 38199
teaching strategy using modeling & reinforcement, learning & generalization & maintenance of question answering skills, autistic 5.6–9.2 yr olds, 38231
therapeutic preschool, behavioral & developmental gains, developmentally delayed & behaviorally disordered preschoolers, 20573
training in auditory discrimination & memory & sequencing, auditory retention of sentences, 7–13 yr old learning disabled students, implications for special education, 6799
training needs of special education paraprofessionals, special education teachers, 13448
unique needs, traumatic brain injured students in rural school system's special education program, 17275
use of behavioral approaches in mainstream & special education, 34725
use of drama productions in special education curriculum, behavior disordered students, 34769
use of term "acceleration" for educational intervention, bored gifted students, commentary & replies included, 20591
utility of ecobehavioral analysis, assessment of educational settings & academic response, autistic or developmentally disabled students, 34778
validation of educational services program quality indicators for children with severe disabilities, professional or delivery or consumer groups, 3287
views on why multi layered curriculum management model for special education was not widely adopted in schools, teachers, 10221

vocational & transition oriented services, 7th–12th grade special education students, 24144
vocational school psychology, special education students, US, implications for other countries, 24156
vocationally relevant activities in secondary special education programs, facilitation of transition to postsecondary training & work, learning disabled adolescents, reprint, 10219
whole language teaching surface communication for deep language of thought & meaning, learning disabled children, 20575
WISC-R factors, eligibility for special education services as mentally retarded vs learning disabled, White vs Black vs Mexican American students, 38248
worldwide prevalence & prevention of visual handicaps & special education needs, role of International Council on Education of the Visually Handicapped, 24126
3 level special education strategies continuum, reading education, mildly & moderately handicapped elementary school students, 34793

Special Education Students

action mnemonic procedure, acquisition of letter sound correspondences, trainable mentally retarded 10.2–19.8 yr old students in special school, 10198
anger & perceived control & school behavior, 9–19 yr olds with learning problems, 17284
attitudes toward integration into regular public school program, parents of severely intellectually or multiply handicapped 5–21 yr olds in special school, 10213
attitudes toward music therapy for exceptional students, teachers, 31209
categorical stability, learning disabled or educable mentally retarded or emotionally disturbed or speech impaired 10th–12th graders, longitudinal study, 41353
classroom behavior modification, reading achievement, 11–14 yr old normal & special education students, 20597
classroom positive reinforcement programs, aggressive & noncompliant behavior, visually impaired multiply handicapped male 11 & 18 yr old special education students, 6782
competency testing vs specific standards for Individualized Education Plan, graduation requirements, handicapped high school students, 24201
computer literary instruction, mildly handicapped vs resource room vs mainstreamed K–9th graders, 3258
concurrent validity of diagnostic inventories with Kentucky Essential Skills Test, competency evaluation, special education students, 17305
constant time delay vs system of least prompts, teaching sight word reading, moderately mentally retarded 8.9–13.4 yr old females, 13630
cool white vs full spectrum fluorescent vs color adjusted diffuse light, classroom behavior, severely physically & mentally handicapped 3–21 yr old students, 3262
criteria for determination of extended school year eligibility, special education students, 31189
debate over regular education initiative proposal merging special & regular education, 20585
decision rules for facilitating skill generalization, profoundly & severely mentally retarded 6.8–20.6 yr old students, 17266
developmental treatment approach within educational setting, emotional & social problems, special education students, 10204
environmental determinants & classroom intervention, aberrant classroom behaviors, special education students, 34756
health care access & utilization patterns, handicapped K–6th graders in special education, 27083
individualized education program, behavior disordered 1st–12th graders, 34784
instructional methods, acquisition of phonemic segmentation, moderately retarded 6.3–19.4 yr olds, 34739
interagency agreements in vocational education programs, transition from school to work, handicapped youth, 17245
legal & educational perspectives, integrated public school education, special education students, 20601
maternal education level & type of disability & family background characteristics, self reports of stress & coping behavior & involvement in special education process, families of handicapped students, 20629
methods of evaluation of success of educational integration, handicapped students, 17259
model for preparation for standardized examinations, learning disabled students, Great Britain, 10223
model of self efficacy & difficulties in providing exceptional students with regular education, regular educators, implications for teacher preparation, 17122
modeling & rehearsal, aggressive behavior & social science responses in special & regular class settings, 13 & 14 yr old special education students, 17265
multidisciplinary work in mainstream school, quality of care & supportive framework, special education students, 17244
nonacademic activities, learning disabled or mildly retarded vs regular education 10th–12th graders, 24172
objectives of staff development course on individual approaches to learning, university professors with responsibility for students with special educational needs, 30986
perception of classroom management & teachers' needs regarding mainstreaming special education students & outcome, teachers, England, 13637
prevalence of nonspeaking, 5–21 yr olds, implications for educational services, 38195
self & teacher perceived academic ability & behavior & social skills & anxiety, learning disabled students in resource rooms or special day class programs, 13653
sex education issues, special education students, 34727
study guides, textbook comprehension, learning disabled vs remedial vs regular education 7th–10th graders, 24158
support from parents & family, transition from school to work, special needs students, 34774
use of drama productions in special education curriculum, behavior disordered students, 34769
use of terms exceptional vs disabled & handicapped for students qualifying for special education services, education personnel, 13638
use of 2 instruments, measurement of impact of functional ability grouping on reading achievement, special education students in elementary & junior high & high school, 24246
uses of corporal punishment in public schools, mildly handicapped students, replication, 24184
validity of Developmental Indicators for the Assessment of Learning-Revised, special need identification & early reading achievement prediction, 4–5 yr olds, 20614
vocational & transition oriented services, 7th–12th grade special education students, 24144

Special Education Teachers

attitudes toward physical vs other disabilities, regular vs adapted physical education teachers, 10034
behavior management support group, special education teachers in school for learning disabled students, 3078
changing roles in advisory service for special education teachers, peripatetic teachers, 6665
cognitive learning strategies training, resource room teachers of learning disabled students, 41205
computer assisted vs manual curriculum based measurement of student progress, instructional planning strategies, 2nd–9th grade special education teachers, 20599
correspondence course, specialist training, teachers of visually handicapped students, England, 23926
curriculum based measurement with enhanced vs unenhanced feedback, spelling achievement of learning disabled or emotionally disturbed or educable mentally retarded students, special education teachers, 27778
diagnostic reports of fictitious students, teaching decisions, special education teachers, conference presentation, 31004
evaluation of linguistic complexity of text & selection of materials for use in classes, 3rd vs 6th grade teachers of regular vs hearing impaired classes, Israel, 6700
factor analysis of teacher manageability, assessment of beliefs about ability to manage classroom maladaptive behaviors, regular & special education teachers, 6838

frequency of student data collection & graph trends, evaluation of academic performance & placement, teachers of moderately to profoundly handicapped students, replication, 34762
identification of job related competencies, outstanding vs average teachers of gifted students, 38062
implementation & utilization of microcomputers in secondary special education program, mildly handicapped high school students & high school special education teachers & school administrators, 34764
importance of various criteria in identification & placement of learning disabled students, teachers, 20652
inservice education, instructional behavior in classroom, teachers of mentally handicapped students, 23941
microcomputer instructional goals & perceptions of effectiveness, special education & elementary school teachers, 10015
microcomputer use for instruction, classroom environment & student involvement, secondary school special education teachers, 27725
model for planning & implementing classroom behavior change programs, special education teachers, 20646
multidimensional scaling, perceptions of disabilities, special education teachers vs administrators vs principals vs regular teachers, 23936
observational data collection & evaluation of 1–53 yr old handicapped students, instructional decision making & rules, special education teachers, 38202
perception of career education needs & skills being taught to children & youth with handicaps, special education teachers vs administrators, 27513
perception of classification & certification requirements for teachers of mentally retarded, special education directors vs state directors of teacher certification, 38049
perception of ideal role vs actual classroom practice & problems, teachers of children with special emotional needs, 31003
perceptions of classroom behavior & adaptive functioning of seriously emotionally disturbed 13–16 yr olds, special education vs regular classroom teachers, 27726
primary organizational identification & perceived organizational climate, general vs special education high school teachers, 13451
ratings of acceptability & intrusiveness & efficacy of punishment procedures, public school special educators of severely &/or multiply handicapped elementary or secondary school students, 20613
rationale & method for conducting ecological assessment, teachers of learning disabled children, reprint, 10196
reasons for leaving teaching, former teachers of learning disabled students, 20435
research studies of special education personnel preparation, 1982–86, 13459
resistance management strategies, teachers of students with learning disabilities, 13629
Resource Specialist Program in California public schools & role of resource specialists, special education, learning disabled students, commentary, 24165
simulated elementary & high school cases of reading & spelling disabilities, diagnostic problem solving & remedial prescriptions, 30–50 yr old reading specialists, Netherlands, 24129
standards & expectations for classroom behavior, regular vs special education high school teachers, 20441
student teacher ratios & instructional arrangements, mildly handicapped mainstreamed elementary & secondary students & their teachers, 34797
target social skill problem & behavior modification method & outcome strength in vignettes, rating of treatment acceptability & effectiveness, regular & special education elementary school teachers, 24134
training for consultation with & provision of peer inservice to general educational personnel, special educators, 13441
training in time delay procedure, teaching language skills to moderately or severely mentally retarded or autistic 8.1–9.5 yr olds with behavior problems, special education teachers, 38230
training needs of special education paraprofessionals, special education teachers, 13448
trend estimation procedure & subject familiarity, visual analysis of student's graphic charts, special education resource teachers, 23953
variables of stress & teaching effectiveness, primary or secondary or special education teachers, 31019
visual analysis of student data vs characteristics vs classroom conditions, evaluation of educational intervention for mentally retarded students, special education teachers, 38209
Specialization (Academic) [See Academic Specialization]
Species Differences
acoustic patterns in intraspecific communication, monkeys, similarities to human communication, 14605
age & sex & incidence of wounding & aggression, rhesus vs pigtail vs stumptail macaques, 558
approach of trained border collie, intraspecific & interspecific association, cattle & bonded vs nonbonded sheep, 24960
attention to group mates vs nonsocial environment during simulated foraging task, role of social organization in vigilance for predators, tamarins vs squirrel monkeys, 10934
audible distance of primate long range calls, blue monkeys vs grey cheeked mangabeys vs 21–38 yr olds, 39001
behavior patterns & territoriality, Australian magpies vs other cracticidae & Corvus species, 456
body size & weight & metabolic rate, quiet & active sleep, 69 species of mammals, 18153
carnivory & species & live prey & artificial moving stimulus predicting food pellets, predation, laboratory reared vs prey inexperienced rodents, 28555
cognitive limitation & capacity for tone pattern perception, cebus monkeys vs rats, 14498
colony size & nest density & isolation of ecological conditions, defensive aggression during hatching season, 7 species of terns, 10932
communication behavior patterns & social behavior, bonobos vs chimpanzees, 21418
conspecific mating preferences, prairie vs meadow voles, 39050
cuckoos' egg laying behavior & host discrimination, cuckoos vs reed warblers, 465
defensive burying of electrified prods, black hooded rats vs 13 lined vs Richardson's ground squirrels, 31981
development of myelination, precocial spiny mice vs altricial rats, 18137
dextroamphetamine, formation of p-hydroxynorephedrine & aversion to dextroamphetamine, male rats vs guinea pigs, 39329
duration & frequency of interspecific associations, Diana monkeys, 39068
evolution of right handedness & left cerebral representation, humans vs other primates, 35584
evolutionary & ontogenetic & neurophysiological viewpoints, development of empathy, humans vs primates, 18065
exploration of & habituation to novel stimuli, rats vs hamsters vs gerbils, 10977
exposure to constant safe vs varied warning stimulus durations in ascending vs descending order, response rate on avoidance discrimination, rats, replication of study with monkeys, 28425
foraging effectiveness, terrestrial aquatic generalist vs aquatic specialist snakes, 35496
genetic variability, behavior during optimal vs stressful environments, drosophila vs rodents vs humans, literature review, conference presentation, 14655
geographic variation in color & length of wing & tarsus & bill & sexual dimorphism, tremblers & White-Breasted Thrashers, foraging implications, 38965
habitat & sexual dimorphism & dominance, sexual initiating behavior, cynomolgus vs rhesus monkeys, conference presentation, 18021

habituation paradigm with operant conditioning procedure, measurement of conspecific call recognition advantage, zebra finches vs budgerigars, 14547
interspecific territoriality & habitat use, sympatric breeding Black-capped & Mountain Chickadees, 39027
intruder female bluebird vs cowbird models, female-female breeding season aggression & threat of intraspecific egg dumping, eastern bluebirds, 17996
light cycles, daily activity, prosimian primates vs simian night monkeys in captivity, 39017
mating systems & strategies, 3 species of gryllid crickets, 10947
motivational systems, monogamy, prairie vs montane voles vs human vs other nonhuman species, conference presentation, 39012
multiple VI reinforcement rate schedules, behavioral contrast, pigeons vs rats, 35447
nest site selection & temporal patterns in habitat use, roseate vs common terns, 14563
nest site selection, roseate vs common terns, 7585
nesting phenology, nest site competition, Red headed vs Red bellied woodpeckers vs European starlings, 39031
perception of bitterness of denatonium saccharide vs quinine, prairie dogs & gerbils, comparison with data on humans & rats, 14499
perch hop activity & roost time restlessness, captive starlings vs robins, 35497
phenylethylamine, conditioned taste aversion, rats vs mice, 4401
photopositive vs digging behavior as escape tactics, workers from 2 bumble bee species with different nesting ecology, 28478
physical aspects of grooming, social functions as proximity maintenance & tension reduction, bonnet vs pigtail macaques, 31948
physical restraint & exposure to novelty, behavioral & adrenocortical responses, adolescent female rhesus vs bonnet vs crabeating macaques, 727
physiological basis of maternal responsiveness during pregnancy & parturition & postpartum behavior, humans & animals, 32670
predatory experience & age, characteristics & area of body damage to crickets during attack, mice species, 512
range expansion & reproductive success, sex differences in spatial ability, meadow vs prairie voles, 28477
recognition & responses to eggs with broken shells, red winged blackbirds vs sparrows vs Brewer's blackbirds vs barn swallows vs house finches vs black phoebes, 509
responses to passive human O, female rhesus vs bonnet vs crab eater macaque monkeys, 35492
role of renin-angiotensin-aldosterone system in sodium chloride appetite preferences, humans & animal strains, 28663
sensory & experiential factors, organization & maintenance of maternal responsiveness, human & animal mothers, 32635
sex pheromone discrimination in 1st order olfactory center neurons, male moth species, conference presentation, 39132
sexual isolation, successful interspecific mating encounters, 2 species of salamanders, 28561
shell exchange, different species of hermit crabs, 28486
social & mating systems, male guenons vs patas vs blue monkeys, 10982
space & aggressive behavior, territoriality, mountain dusky vs three lined salamanders, 503
species differences in object manipulations, captive macaques, 576
species differences in premating & mating behavior, neotropical grasshoppers, 555
static or slow or fast moving stimuli, frontal & lateral gaze & head movements, chickens vs pigeons, 14654
timing & mating & calling & movement, 3 species of field crickets, 479
travel patterns & categorical strategies of spatial orientation, titi vs squirrel monkeys, 21339
ultrasonic vocalizations during copulation, Djungarian hamsters vs prairie voles vs montane voles, 28531
vision & echolocation during flight & approach to landing site, vampire vs spear nosed bats, 18008
visual & vocal cues, song tutor choice & learning, Bengalese vs zebra finches, 10897
within vs between species comparisons of song, New World warblers, 18055
2-deoxy-D-glucose vs lithium chloride, conditioned taste aversion to saccharin solution, rats vs hamsters, 21731

Species Recognition
acoustic features, species song recognition, field sparrows, 21448
aggression toward related vs neighbor vs stranger conspecifics, nesting female cicada killer wasps, 28529
call frequency & frequency sensitivity of basilar papilla, mate recognition, cricket frogs, 10984
conspecific odor discrimination, male vs female domestic horses, 10966
discrimination of species specific vocalizations filtered to simulate vs amplified to compensate for cortical hearing loss, Japanese macaques with vs without bilateral superior temporal gyrus lesions, 28768
disruption of olfactory input by zinc sulfate irrigation, intraspecific recognition, spiny mice, 4289
embryonic preexposure & repetition rate vs spectal differences, learning of maternal calls, mallard ducklings 24 & 48 hrs after hatching, 14531
long term memory & exploration & recognition of another species, male paradise fish, 39008
manipulated environments followed by introduction into social groups, changes in nestmate recognition cues over 1st 5 days of life, worker honey bees, 17975
maturation & habituation & conditioned inhibition & classical conditioning & imprinting, development of species preference in pecking, herring gull chicks, 31910
motivational conditions, utilization of conspecific odors, female rats, 14556
neighbor recognition, kangaroo rats, 35540
odor of substances from shed epidermis of same vs different species, attraction of neonates & functional significance, plains garter vs congener vs viperid snakes, 487
plumage variability, status signaling & recognition by conspecifics, wintering turnstones, 4054
recognition & responses to eggs with broken shells, red winged blackbirds vs sparrows vs Brewer's blackbirds vs barn swallows vs house finches vs black phoebes, 509
recognition of mates' approach calls, female breeding pinyon jays, 525
responses to phrase orders of male songs, female cowbirds, 32008
responsiveness to own species vs synthetic song of similar frequency, captive male Mueller's gibbon, 4002
scopolamine, recognition of juvenile conspecific & possible induced olfactory discrimination deficit, male rats, 21816
social interaction with same species broodmates, visually imprinted preference for natural maternal model, 24 hr old domestic mallard ducklings, 7597
song frequency variation, individual & species recognition, territorial male field sparrows, 32001

Spectral Sensitivity [See Color Perception]
Speech [See Oral Communication]
Speech and Hearing Measures
articulation screening measure focusing on phonological content of error, identification of articulation disorders, 3.5–4.9 yr olds, implications for speech therapy placement, 36962
communication competence & assessment & pragmatics & semantics, hearing impaired children, special education implications, 33572
correlative & predictive relationships between Western Aphasia Battery subtests & aphasia quotient, 18–89 yr olds with aphasic impairment, 31576
delivery of services & assessment techniques, school psychologists serving hearing impaired students, 31263

development of Speech Intelligibility Rating test, assessment of intelligibility of spoken passages for hearing aid comparisons, normal hearing adults, 31575
factor analysis of spontaneous speech measures & naming test performance, adults with aphasia, 30119
phonemic category, frequency importance function for feature recognition during Diagnostic Rhyme Test, 24–26 yr olds, 14322
pragmatics & language assessment, hearing impaired children, 33506
pragmatics & syntax acquisition assessment & elicitation procedures, hearing impaired children, 33503
relationship of behavioral & environmental & affective communication variables of Communication Profile for Hearing Impaired, adults in aural rehabilitation program, 31584
signal to broadband noise ratio, interlist equivalence of Word Intelligibility by Picture Identification Test, 6.6–9.1 yr olds, 21933
sociolinguistic assessment model, communication problems, hearing impaired students, 34742
speech assessment, hearing impaired children & youth, 8974
spontaneous labeling of pictures on Word Intelligibility by Picture Identification & Northwestern University Children's Perception of speech, 5 yr olds, 8006
standardized & nonstandardized test protocols, assessment of language skills, school aged hearing impaired children, 33599
test & interrater reliability of articulatory inventory using phoneme identification vs traditional judging formats, dysarthric 18–72 yr olds, 152
validity & reliability of chirp train streaming test, assessment of auditory selectivity & listening & impairment etiology, hearing impaired 12–91 yr olds, 9216

Speech Anxiety
age, communication apprehension, male vs female 5–11 yr olds, Puerto Rico vs mainland US, 36005
audience composition & size, self reported anxiety & performance on verbal task, female college students, 18930
audiotaped examples of successful vs unsuccessful public speaking performance, reduction of anticipatory public speaking anxiety, college students, 23962
chlorimipramine vs maprotiline, anxiety induced by simulated public speaking test, 19–34 yr olds, 28862
communication apprehension & academic achievement, 2nd–8th graders, 20505
communication apprehension & anticipated interaction, recall of lecture material, college students, 20538
communication apprehension & interaction structure, perceptions & communication behavior, male vs female college students, 32770
communication apprehension & message sending behaviors & attitudes, communication professionals, 20877
communication apprehension & perceived loneliness & demographic characteristics, nursing home vs community residents 50 yrs old & older, 23648
communication apprehension, alcoholic outpatients, 29746
communication apprehension in public speaking textbooks, 31070
communication apprehension, loneliness, 50–80 yr olds & older, 18716
congruence of self reports & observation of dominant & apprehensive communication style, teacher trainees, 35935
cross situational consistency of communication apprehension, meta analysis, 35928
development & reliability of self report instrument, assessment of class participation apprehension, college students, 20696
effectiveness of treatment techniques for public speaking anxiety, 1944–87, meta analysis, 30364
false feedback about effectiveness of subliminal noise, misattribution of speech anxiety & errors, college students, 11785
imaginal exposure treatment &/vs acute exercise, persons with public speaking anxiety, Canada, 2434
implementation of Reticence Program using special skills training approach, communication & public speaking skills, college students with communication fear & avoidance, 38096
incidence of debilitating anxiety in public speaking classes, Black vs White male vs female college students at predominantly White university, 24110
interaction with hearing impaired vs hearing person, self disclosure & communication apprehension & anxiety, profoundly hearing impaired 13–15 yr olds, 19534
interpersonal & small group & public speaking experiences, communication apprehension, college students, 35926
kinesic & vocalic nonverbal behaviors & role of contextual familiarity & stress, interaction partners' evaluations, college students with communication reticence, 18874
mood congruent vs mood state dependent encoding & recall, speech anxious college students, 24700
motivation & familiarity & interpersonal vs group vs public speaking context, anxiety & avoidance behavior, college students with high vs low communication apprehension, 23964
narrative accounts of aesthetic performance experiences, low vs high communication apprehensive college students in literature performance studies, 20557
observation of communication apprehension, 16–20 yr old secretarial students, 18655
performance based vs off task thinking self statements, speech anxiety, college students, 3790
positive thinking & visualization, speech anxiety, college students in public speaking classes, 18482
preparation time & material organization & complexity, self reports of stage fright for public speaking, college students, 35925
reticence & negative expectations about public speaking performance, college students, 18970
self reported vs audience perception of speech anxiety, college student public speaking novices, 18913
situational & predispositional correlates of public speaking anxiety, college students in speech class, implications for classroom environment, 20537
speech introduction strategies decision making & adherence to strategy, college students with speech anxiety in public speaking class, 20502
systematic desensitization & cognitive modification & skills training, public speaking anxiety, college students, 19877
trait anxiety & communication apprehension, interpretation & attribution of self generated feedback for public speaking task, college students, 38139
trait emotions & communication apprehension, college students, 18939
validity of Willingness to Communicate scale, prediction of classroom participation, college students, 20667
visualization, communication apprehension, college students enrolled in public speaking, 31026
visualization vs systematic desensitization vs rational emotive therapy, communication anxiety, college students, 19662
willingness to communicate & communication apprehension & competence, college students, Australia, comparison with US data, 36391

Speech Characteristics [See Also Articulation (Speech), Pronunciation, Speech Pauses, Speech Pitch, Speech Rate, Speech Rhythm]
accommodation in conversation, same vs mixed sex dyads of college students, 25346
acoustic patterns in intraspecific communication, monkeys, similarities to human communication, 14605
acoustic properties & perception of isolated stop consonant release transients, adults, 24792
anxiety, speech characteristics, 5 vs 6 vs 7 yr olds, 11375
anxiety, speech, 5–7 yr olds, India, 11374
applicant ethnicity & accent & job status, selection decisions in simulated interview, White college students, New Zealand, 41413
apraxic speech characteristics, stuttering vs developmentally apraxic vs normal speaking 4–9 yr olds, 40001
articulation & disfluency & language & voice & hearing & other characteristics, stuttering with moderate vs severe

communication deviations vs nonstuttering 1st–12th graders, 8970
audiovisual vs auditory vs transcript reading perspective & related speech behaviors, social evaluations, conversational participants vs Os, 5011
auditory tone thresholds, measurement of psychoacoustical modulation transfer function & speech intelligibility, normal hearing & hearing impaired adults, Sweden, 275
autonomic physiological activities, affect related vs neutral speech content in speech production, young adults, 689
behavior analysis & intervention, bizarre speech maintained by escape/avoidance contingencies, 29 yr old female with dual diagnosis of mild mental retardation & schizophrenia, 33974
bilateral auditory clicks & sustained phonation at constant pitch & intensity, auditory laryngeal reflex measured by voice frequency signal averages, stuttering 18–40 yr old males, 16011
cephalametric & cineradiography analysis of oral & pharyngeal resonance relationships during vowels in isolation vs context, 18.6–26.2 yr old females with vs without hearing impairment, 33449
characteristics of speech directed at child, abusive vs neglectful vs adequate mothers & their infants, 22690
child vs adult articulated r–w phoneme continua pronounced correctly vs incorrectly, perceptual categorization & consistency, misarticulating 5.3–8 yr olds & adults, 16013
clinical utility of vocal indicators, patients with affective disorders, 29636
closeness of context, information content & syntax of sentences representing mother vs father infant interaction, parents of children under 3 yrs old vs adults without children, Italy, 8249
cloze analysis scoring criteria & rater's educational level, predictability of speech, patients with schizophrenia vs affective disorder, 29593
coarse grained aspects of speech & rate of articulation in precursor phrase, processing of closure duration as cue to phonological voicing in stop consonants, college students, 3781
cochlear acoustic patterns of vowels & voiceless fricatives, processing by lateral inhibitory networks, 3785
cognitive semantic typology for analysis of client language, assessment of clinical processes, clients in therapy, 26812
congruence of self reports & observation of dominant & apprehensive communication style, teacher trainees, 35935
conscious vs unconscious metalinguistic & metapragmatic awareness of communication, speech modification, preschool age children, 1009
deep interruptions in conversation by males vs females, normative expectations & ratings of appropriateness, male vs female college students, 32785
depression, duration & intonation contours of mother utterances, mothers & their 3–4 mo olds, 5154
determinants of speaker attribute selection & listener object identification, adults, 32323
direct magnitude estimation & equal appearing interval ratings of perceived isolated vowel roughness, graduate students listening to 23–33 yr old female speakers, 24798
discourse features, perception of speakers as mildly mentally retarded, 20–69 yr olds, 22852
discourse strategies & characteristics, involvement in conversation, college students, 32800
distributional constraints of onset & nucleus & code phonemes in syllable structure in English, college students, 18497
esophageal speech acceptability & airflow volume, olfaction, adults with laryngectomy, 27089
expressive vocal behavior, severity of coronary artery disease, 31–79 yr old patients referred for coronary angiography, 2123
factor analysis of spontaneous speech measures & naming test performance, adults with aphasia, 30119
fundamental frequency characteristics in 3 phonatory tasks, 6.1–10.9 yr olds, 29095
habitual speech fundamental frequency & acoustic characteristics of laughter, male college students, 10858
hedges vs hesitations in speech, perceptions of guilt & impression formation in simulated courtroom, male vs female college students, 1396
height & weight, vocal fundamental frequency during prompted spontaneous speech, Black male vs female 6 yr olds, 15135
infant's sex & birth order, quantity & length of utterances & imperatives & instruction during teaching situation, mothers vs fathers of 8 mo olds, 11608
intensifiers & hedges & hesitations, evaluation of powerful/powerless speech styles, college students, 32814
interruptions in monosyllabic vs polysyllabic words & restarts, CVC structure & analysis of spontaneous word fragments, 2 & 3 yr old males, 18632
judgment of voice characteristics, perception of social status & personality traits, college students, Australia vs US, 1406
judgments of tracheoesophageal talker intelligibility, naive listeners vs speech language pathologists, 29831
left basal ganglia infarct, foreign accent syndrome without aphasia, 41 yr old female, England, 5657
level of functioning & verbal/nonverbal status of child, patterns of child directed language, mothers vs fathers of autistic 3.3–12.6 yr olds, 19144
listener preferences for & acoustic characteristics of conventional vs tracheo esophageal speech, adult male speakers with laryngectomies, 33642
local system of symbols & forms & meanings in organizational speech, TV station employees, 14974
long term average spectrum by speech, measurement of voice quality & discrimination of social & personality markers, literature review, 943
loud speaking vs wearing oxygen mask vs emotional vocal cord tension, fundamental voice frequency, Air Force personnel, Japan, 28695
low level alcohol intoxication, speech production & perceptual recognition of intoxication, 25–35 yr old males & speech therapists, 18362
masking noise, speech production & perception of produced speech, college students, 17827
method & apparatus for automatic voice quality measurement using phonetography for registration of voice dynamic range as function of fundamental frequency, voice patients, 16014
miscomprehension of initial vs final consonant vs entire word, temporal changes in vowel & consonant production, 5 vs 26–36 yr olds, 15099
movement errors in sentence production in Spanish, implications for sentence planning in English, 35950
natural articulation vs speakers' mouth closed, identification of meaning of isolated vocal segregates, adults, implications for human computer interaction, 29005
neuromuscular speech patterns in processing of specific phonemes, right handed school age children, 29039
noise interruption duration & speech rate, apparent continuity of discourse, college students, 21239
operation & validation of voice accumulator, registration of fundamental frequency & phonation time, 27–46 yr old nurses & speech pathologists, 32326
paraphasic naming errors during spontaneous speech, aphasic children, 9225
pattern of sentence production & language disruption, 55 yr old left handed female stroke victim, case report, 36982
perceived speech characteristics, judgment of speaker as retarded vs normal, normal 20–69 yr olds, 29806
performance analysis of speech events, Black female teachers at urban community college, 34567
phonation & articulation & speech & pause time during speaking & reading tasks, college students, 11340
phonetic category formation, physically outputting English "t" with appropriate voice onset time values, 8–10 yr old or adult native English vs Spanish speakers, 11386
phonetics of first 50 words spoken & role of speech production ability, 13.5–22 mo olds with vs without cleft palate, 26484

plosive vowel syllables in sentence repetition, temporal pattern & amplitude & other speech characteristics, brain damaged dysarthric 18–68 yr olds with speeded vs slowed speech, 23082
poverty of speech assessed during inpatient vs posthospital period, schizophrenic vs depressed adults, 7 mo study, 26153
primary process content analysis of free speech, patients with paranoid schizophrenia vs paranoia vs nonpsychotic psychiatric patients, 19257
pronoun modeling, attentiveness & imitative behaviors explaining pronominal speech errors, autistic 6.8–9 yr olds, 33146
rate of change of voice fundamental frequency in fluent speech, adults with major depression, 12031
rate of fluent sentences with vs without surrounding instances of stuttering, relative timing of speech, stuttering 18–35 yr olds, 16015
rating of middle class vs ghetto Black vs middle class White accented speakers, attribution of personality characteristics, Black vs White 18–24 yr olds, 8439
receiver's decoding ability & speaker's voice tone, compliance with fast vs slow requests for help, college students, 4948
recognition & coordination of vocal & facial expressions of emotion vs nonemotional events & objects, mildly mentally retarded 12.5–25.8 yr olds & nonretarded 4.8–11.6 yr olds, 22849
repetitive stereotypical speech automatisms with preserved written performance, 61 yr old male with left cerebral infarction, 40363
reverberation & masking & filtering & intensity fluctuation, spoken nonsense syllable recognition, young adults, 14337
room illumination level, voice level in group conversation about & evaluations of hypothetic job applicants, female college students, 13944
segmental quality & natural vs synthesized intonation, quality judgments for texts vs utterances, college students, Netherlands, 31826
selective impairment of phonation of laryngeal apraxia presenting as Broca's aphasia & speech apraxia, 47 yr old male with left hemisphere cerebrovascular accident, case report, 22991
self & family demographic characteristics & educational treatment parameters, prediction of speech production performance, hearing impaired 7–16 yr olds, Israel, 27745
self rating of speech naturalness, 22–30 yr old male stutterers, 33440
self reference & coronary heart disease, Type A vs Type B 39–59 yr old males, 8.5 yr followup, 33532
sentences & sustained vowels in 7–8 yr olds' speech, ability to identify gender, normally sighted college students vs visually handicapped 14–19 yr olds, Netherlands, 2016
sequential speech act pairings in conversation, 4.5–6.2 yr olds, 8026
sex & assertiveness, visual dominance & talking time & speech loudness while arguing, college students, 4963
sex stereotypes & male vs female speech in conversation, evaluations of speaker superiority & attractiveness & dynamism, male vs female 18–72 yr olds, 32829
sexual representatives of speech patterns, male to female transsexuals, 11700
speaking vs singing vs humming of rote passage, regional cerebral blood flow, male college voice students vs nonsingers vs choir members, 35593
spectral noise levels & perceived vocal effort, severely to profoundly hearing impaired 6–11 yr olds, therapeutic implications, 30106
speech & language alterations, patients with multiinfarct dementia vs dementia of Alzheimer type, 9169
speech analysis, Dutch speaking 16.4–19.8 yr old females with Down's syndrome, 8955
speech analysis, evaluation of mood & affect & emotion disturbances, adults with schizophrenia vs right brain damage vs Parkinson's disease vs unipolar depression, conference presentation, 40063
speech characteristics, depressed patients, 8679
speech performance errors, models in sociolinguistics & psycholinguistics, 14969
speech rhythm & characteristics, word discrimination, adults, 14344
spontaneous vs read speech materials, RT to detect word initial target phonemes, 22–45 yr olds, 28278
syllable rhyme, P center location in syllable, adults, 18485
syntactic compensatory strategies, sentence production, patient with selective apraxia of phonation, case report, 36953
synthetic & natural speech preferences, male vs female 6–45 yr olds, 25397
tag questions & natural speech patterns during course of psychotherapy, male psychiatrist & adult female patients, 33877
talker variability, spoken word recognition during naming task, college students, 24787
temporal aspects of respiratory & articulatory & laryngeal coordination during fluent speech, stuttering preschool age children, 16009
text to speech system for development of high quality speech synthesis for Dutch & English & German, 35962
theoretical basis & role of discourse analysis & intonation, communicative competence & proficiency, 18484
time compression & age, speech feature & frequency discrimination, 63–84 yr olds, 36077
tone production & identification in spoken monosyllabic words, left vs right vs globally brain damaged aphasic 39–67 yr olds, Thailand, 22930
topic relatedness & talking in conversation transcripts, judgments of dominance, college students, 32792
training of listener & language & culture of speaker, perception of hoarseness, lay vs professional listeners, 17810
typology of speech programing categories including emotive & connotative & socially coded language, 13–18 yr olds, implications for development, 39512
use of suprasegmental features to distinguish singular vs plural forms in spontaneous speech, language impaired 3.1 yr old male, case report, 5560
utterance length in consonant syllable production task, voice onset time & vowel & syllable duration, hearing impaired 9–13 yr olds, implications for speech therapy, 30001
validity & interrater reliability of speech intelligibility rating scales using sentence list reading, hearing impaired college students, 3627
verbal & nonverbal components & request utterances or situational characteristics, adults, 32316
verbal style & social & emotional & informational support in responses, radio psychology talk show hosts rated by psychologists, 27434
visual preload & single vs different speakers, recall of spoken word lists, college students, 31889
vocal jitter & shimmer measures of fluent phonations, 12–46 yr old stutterers, 36958
voice acoustical parameters & interpersonal contact style & personal space, college students, 39913
voice onset time, listener perceptions of voicing of initial stop consonants, 3.5–4.7 yr olds with phonological disorders, 5564
voice onset time, speakers with spastic vs flaccid vs ataxic vs hypokinetic dysarthria, 26424
voice onset time values in production of apparent homonyms & ability to differentiate own production, normal speaking vs velar fronting exhibiting 3.4–4.7 yr olds, 19474
voice onset time vs stop closure vs preceding vowel duration cues, discrimination of t vs d, 6 yr olds vs adults, 18542
vowel vs consonant continua, context memory & sensory resolution & speech discrimination & identification, college students, 17821
word emphasis & voice mood tone during sentence reading, acoustical analysis of speech prosody, 39 yr old female with aneurysm damaged corpus callosum, 19548
Speech Development [See Also Retarded Speech Development]

acquisition of later-appearing English word initial sound, children acquiring Swedish vs Estonian vs Bulgarian, 18578
canonical babbling, speech development, mentally retarded 17–62 mo olds in cognitive & linguistic intervention program, 1939
content vs structural schemas & oral vs written verbal tasks, organization of speech, 2nd–11th graders, 15110
fundamental frequency characteristics in 3 phonatory tasks, 6.1–10.9 yr olds, 29095
harmonic doubling & fundamental frequency shift & biphonation in noncry vocal patterns, 11–25 yr olds, implications for neuropathology or vocal disorder diagnosis, 11426
interruptions in monosyllabic vs polysyllabic words & restarts, CVC structure & analysis of spontaneous word fragments, 2 & 3 yr old males, 18632
intracarotid amytal test measuring speech & motor function lateralization, epileptic 12–41 yr olds with medically intractable facial seizures, 5767
lateral eye movement & emergence of speech, 13–22 mo olds, longitudinal study, 36067
otitis media during 1st 3 yrs of life, phonological development, socioeconomically disadvantaged 2.5–8 yr olds, longitudinal study, 16212
perceptually based or phonetic sound substitutions & linguistic perception & production of English voiceless fricatives, monolingual 3.2–5.5 yr olds, 11444
phoneme presentation rate for real vs nonword, sound blending performance measuring developmental & individual differences, K–2nd graders with reading disabilities, 33427
phonetic variability during 1 word stage of language development & subsequent phonological development, 1.7–1.9 yr olds, 25454
phonological & morphological & syntactic errors, 3.3 & 5.9 yr olds vs adults, 39575
preliterate children & illiterate adults, 39505
self organization theory of speech development & acquisition, implications for teaching deaf children to talk, 11403
SES & age at kindergarten entry & nursery school experience, speech development, 4–6 yr old kindergartners, Hungary, 24111
signed & spoken language acquisition & development, 2.7 yr old female with Down's syndrome, case report, 29807
word level constraints in multiword utterances, 11 mo old, 1 yr followup, 25493
Speech Disorders [See Also Articulation Disorders, Dysphonia, Stuttering]
academic achievement & auditory & speech & behavior difficulties, children with unilateral sensorineural hearing loss, conference presentation, 29860
behavioral symptomatology, 5 yr olds with different speech/language impairment profiles, Canada, implications for relationship with psychiatric disorders, 26416
classification of speech & language disorders, 5 yr olds, Canada, implications for relationship with psychiatric disorders, 26417
cognitive skills prerequisites, augmentative & alternative communication use, severely disabled children, 27037
cognitive task performance, phonologically disordered 3–5 yr olds with delayed vs deviant vs deviant inconsistent errors, 26420
concurrent validity of K-ABC Nonverbal scale & Pictorial Test of Intelligence & Hiskey-Nebraska Test of Learning Aptitude, speech & language impaired 4–5 yr olds, 3597
consonant intelligibility, laryngectomized 46–72 yr old esophageal &/vs tracheoesophageal talkers, 16682
content & construct & criterion validity & intersupervisor reliability of University of Western Ontario Clinical Grading System, assessment of practicum performance, speech language pathology students, 3593
cranial motor nerve manifestations of amyotrophic lateral sclerosis & neuropathologic sources of speech motor impairments, 1990
effectiveness of management strategies & therapy of developmental apraxia of speech, literature review, 9604
ictal speech & postictal language dysfunction, patients with complex partial seizures, 9110
incidence of other speech & language & learning problems, 15–78 yr old stutterers & their families, 1949
knowledge of or attention to stuttering or speech difficulty, scores on Perception of Stuttering Inventory, nonstuttering college students, 26428
linguistic abilities, fine motor skills, language & speech impaired 5–9 yr olds, 26427
M. Mahler's stages of separation individuation in psychotherapy, psychic structuring & attendant communication skills, 8 yr old male with severe speech & language deficits, case report, 12713
perception of nonspeech characteristics of voice disordered 7.8–11.3 yr old speakers, college students, 29837
perceptual & auditory temporal pattern learning, male 8–10.2 yr olds with speech & language disorders, 36959
performance & recognition of limb & oral gestures, speech disordered 4.5–7.1 yr olds with vs without verbal sequenced motion rate disorder, 29830
prediagnostic aided communication intervention, 6 yr old functionally nonspeaking female with severe spastic athetoid cerebral palsy, case report, 37850
prevalence of hearing or speech or language disorders, 8.5–12.5 yr olds with learning disabilities, 19416
qualitative approach vs scientific method, speech pathology research, commentary, 12318
response contingent stimuli, stuttering & speech disfluency, literature review, 16510
scientific method vs qualitative approach, speech pathology research, 12321
self monitoring, mock & actual employment interview performance, speech & language impaired 17.9–19.6 yr olds, 20260
short term memory & rhyme judgments, 10–18 yr olds with cerebral palsy with vs without congenital anarthria vs dysarthria, 40361
special education group service delivery model, 3.1–4.8 yr old preschoolers with severe phonological disorders, 31216
speech & language & voice disorders including mutational falsetto, 14 & 26 yr old males with Tourette's syndrome, 29984
speech & language disturbances, patients with Alzheimer's vs Parkinson's disease, 9018
spelling of words & nonwords, 10–18 yr olds with cerebral palsy with dysarthria vs anarthria, England, 29866
standard vs user vocabulary lists, source of vocabulary items for augmentative & alternative communication users, nonspeaking 20–42 yr olds, 27042
voice therapy, children with voice disorders, 30557
voice therapy, children with voice disorders, commentary, 30554
Speech Handicapped
conditioned discrimination task, equivalence class formation in language development, normal preschoolers vs mentally retarded children with vs without speech, 40323
evaluations of nonspeech characteristics of dysarthric vs normal speaking 6–11 yr olds, listeners, 8964
general intelligence & problem behavior, male 6–8.5 yr olds with physical or hearing or speech handicaps, India, conference presentation, 36521
Lombard effect, speech articulation & intensity, esophageal talkers vs artificial larynx users, 8972
microcomputer technology in dedicated augmentative & alternative communication devices & software, computer usage, nonspeaking or disabled patients, 30798
mother child interaction & child language & location of congenital physical disability, mothers & their 23–29 mo olds with speech vs non speech related anomalies, 1953
speech & language difficulties, children with hearing loss & otitis media, Pacific Islands, 33652
Speech Measures [See Speech and Hearing Measures]
Speech Pauses
articulation rate & pauses, allocation of time in reading political speeches in native language aloud, German vs American college students, 39438

interpersonal influence during structured debriefing interview, phonation & hesitation, college students, Canada, 1377
level of speech intelligibility, speech pauses, deaf 17–23 yr olds, 1964
perception of occurrence & duration of pauses in native vs nonnative speech, male vs female 16–50 yr old native speakers of English vs German, 7386
sensitivity to segment marking cues in motherese vs adult directed speech, 7–9.6 mo olds, 25482
sound pauses & word familiarity & initial sound & phonics training, oral blending of dictated sounds, K–1st graders, 36101
speech with altered temporal pattern & sentence structure, auditory processing measured by question answering comprehension task, 1st–3rd graders, 982
standard vs nonstandard printed poetic formats, pause reports in poem reading, French vs American English speakers, erratum, 35948
standard vs nonstandard printed poetic formats, pause reports in reading of poem, French vs American English speakers, 7955

Speech Perception

acoustic properties & perception of isolated stop consonant release transients, adults, 24792
acoustic speech vs music patterns, perception of phonetic coherence, adults, 28271
adjustment of high vs low frequency hearing aid outputs with vs without compression of input range, speech awareness, 11–16 yr olds with prelingually sensorineural hearing loss, 5846
age & noise vs quiet vs reverberation, vowel identification, 22–80 yr olds with normal hearing vs mild vs moderate hearing loss, 16182
aging & auditory cognitive factors, speech understanding, 60–87 yr olds with dementia, commentary, 33552
amplitude of fricative noise of vowel utterances, perception of place of articulation in voiceless fricative consonants, college students, 17813
auditory alphabet confusions expressed as algorithm, 31827
auditory evoked responses in categorical speech perception, 15 wk old collies, 4068
auditory perception of phoneme sequence & discrimination of words vs nonwords, dyspraxic 6–11 yr olds, 22893
auditory perception of speech prosody & consonants with vs without lipreading, profoundly deaf female 21–59 yr old users of House/3M single channel cochlear implant, 27293
auditory prosodic information &/vs visual vs inverted visual information from speaker's face, estimation of speaking rated, college students, 274
auditory Stroop test using words "daddy" vs "mommy", RT for judgment of male vs female voice, 3–6.7 yr olds, 18579
auditory tone thresholds, measurement of psychoacoustical modulation transfer function & speech intelligibility, normal hearing & hearing impaired adults, Sweden, 275
auditory with vs without visual information, processing of place of articulation & voice onset time in speech perception, college students, 24783
brain damage & functional distinctions in voice recognition & discrimination impairment, 52–82 yr olds with phonagnosia, 12522
brief prior exposure to time altered speech, preferred listening rate & comprehension, Army enlisted personnel, 35315
categorization of speech stimuli, 6 mo olds, 36043
coarse grained aspects of speech & rate of articulation in precursor phrase, processing of closure duration as cue to phonological voicing in stop consonants, college students, 3781
comprehension & fulfillment of command sentences generated by text-to-speech synthesizer, language impaired 8.8–10.1 yr olds, implications for school speech pathology, 36957
comprehension of rate altered speech passages, 75–84 yr olds, 32585
comprehension of referential messages from hearing vs deaf children, 4–10 yr olds, 33480
computer controlled adaptive procedure, performance-intensity function using consonant vowel stimuli, normal vs sensorineural hearing impaired 17–47 yr olds, 33452
computer controlled laser videodisc programs, speechreading & assertive listening skills, hearing impaired children & adults, 37589
configurations of nonreverberant vowels in 3 dimensional vowel space, similarity judgments, college students, 10765
contextual cues in sentences, speech perception in listening situations, college students vs 60–75 yr olds, 31817
controlled connected discourse materials & prompting, verbal tracking performance with visual vs auditory stimuli, normally hearing college students, 3709
deficits in ability to understand speech in quiet vs background noise, 19–74 yr olds with moderate unilateral or bilateral cochlear hearing loss, 40407
design guidelines for man machine interface using speech recognition, 31460
development of Speech Intelligibility Rating test, assessment of intelligibility of spoken passages for hearing aid comparisons, normal hearing adults, 31575
development of visual & speech perception, children, 1942–88, literature review, 11365
dichotic complex pitch & speech discrimination, 7–12 yr olds, 4647
dichotic vs degraded monotic speech tasks, divided attention, patients with Alzheimer's disease, 26504
differences in 1st formant frequency information of structure of preceding vowels, voiced final consonant judgments, college students, 14350
direct magnitude estimation & equal appearing interval ratings of perceived isolated vowel roughness, graduate students listening to 23–33 yr old female speakers, 24798
discrimination of utterances from native vs foreign languages, 4 day vs 2–3 mo olds, France vs US, 15092
duration of syllable energy within amplitude envelope, P-center location in word onset perception, commentary reply, 277
duration of syllable energy within amplitude envelope, P-center location in word onset perception, commentary reply, 272
duration of syllable energy within amplitude envelope, P-center location in word onset perception, commentary, 276
dynamic range reduction by peak clipping vs single channel compression using hearing aid, phoneme perception, hearing impaired 13–18 yr olds, 12378
ear protectors & background noise, speech discrimination, 18–24 yr olds, Finland, conference presentation, 28276
early vs delayed aural rehabilitation, speech perception, deaf 29–68 yr olds with cochlear implants, 37856
Echo II Plus speech synthesizer or EvalPac VOCA vs natural male speaker, intelligibility of single words, female 19–29 yr old college students majoring in pathology & audiology, 38809
electrocutaneous vocoder & vibrotactile device vs hearing aid & lipreading, perception of connected discourse, profoundly deaf adult female, 34167
evaluation of speech from normal adults vs hearing impaired 9 yr old, human judges vs microcomputer, treatment implications, 33453
explicit instructions & continuous corrective feedback, deletion of initial consonant in spoken pseudoword, illiterate 39–66 yr olds, 11414
exposure to English as child vs adult & length of time in US, perceived accent in English sentences spoken by native speakers of Mandarin vs Taiwanese vs English, Taiwanese vs native English speakers, 11330
filtering & presentation level of specific spectral regions, stop consonant recognition, 18–25 yr olds vs male 32–45 yr olds with high frequency hearing loss, 26477
formant speech stimuli with varying onset time relative to noise, temporal order of onset identification boundaries & difference thresholds, adults, 14342
frequency time cues & envelope cues in stimulus length effect, perception of stops & glides vs nonspeech stimuli with analogous acoustic properties, adults, 38805

group testing technique, right sided advantage for speech perception, adults, 39124
hearing aid evaluation, qualitative characteristics of Japanese monosyllable confusion, hearing impaired 15–87 yr olds, Japan, 37059
identification of correctly produced vs misarticulated semivowels, 3.6–7.5 yr olds with developmental substitutes vs impaired articulation vs parents vs trained raters, 5561
increase in low frequency & decrease in high frequency hearing aid gain, auditory-visual speech discrimination, 6–14 yr olds with severe hearing impairment, 30577
integration & segregation functions, speech perception research, 28280
interaural time delay vs level differences, speech intelligibility in noise, 19–33 yr olds, 14320
internal representations generated by neural networks procedure, speech recognition & analysis, implications for innate vs learned human language processing mechanisms, 14323
IntroVoice I & II voice recognition boards with Apple-Psych system, conference presentation, 7023
item familiarity & listener expectations & syntactic context & semantic plausibility of phonetic ambiguities, perception of fluent speech, college students, 17811
labial & lingual anticipatory coarticulation in CV & CCV speech & intelligibility, male aphasic 47–77 yr olds, 22961
language comprehension vs representation of speech input as heard, aphasic adult male, case report, 12521
listener preferences for & acoustic characteristics of conventional vs tracheo esophageal speech, adult male speakers with laryngectomies, 33642
listening condition, thresholds for probe tones masked by natural speech, 17–37 yr olds, 24796
loudness of background noise & target words, binaural speech discrimination, 17–60 yr old aircrew members with sensorineural &/vs conductive hearing loss, 9116
low level alcohol intoxication, speech production & perceptual recognition of intoxication, 25–35 yr old males & speech therapists, 18362
masking by amplitude modulated vs unmodulated broadband noise, detectability of structurally similar words vs nonwords, college students, 21246
mathematical model of lexical & syntactic & semantic context, phoneme & word recognition, adults, 10756
monaurally vs dichotically presented CV syllables with valid vs invalid precued location information, role of attention & expectancy in auditory processing RT, college students, Canada, 17823
multichannel electrotactile speech processor, speech tracking rate, profoundly or severely hearing impaired 24–44 yr olds, 16706
noise, auditory nerve firing patterns in speech recognition, 4099
noise interruption duration & speech rate, apparent continuity of discourse, college students, 21239
oral reading vs silent mouthing, serial & free recall performance, deaf vs hearing college students, test of Precategorical Acoustic Store theory, 40393
orientation & maintenance of attention, hemispheric asymmetry for speech perception, right handed college students, 10759
orthogonal variations in temporal & spectral information, identification & category rating of French vowel sounds, native French vs American English college students who had vs had not studied French, 17818
perception of /m/-/n/ distinction in VC syllables, English speaking adults, 14346
perception of harshness of vowels, speech pathology students, 7385
perception of occurrence & duration of pauses in native vs nonnative speech, male vs female 16–50 yr old native speakers of English vs German, 7386
perception of stop consonants with short vs long duration format transitions, 5–10 yr olds vs adults, 25533
perception of voice onset time in speech, 4.9–6 yr olds with recurrent otitis media, 29889
perceptions of lexical diversity level & style changes in conversation, college students, 25347
perceptual features & auditory representations of monophthongal & diphthongal vowels, 3780
perceptual thresholds for spoken English digits, 10–70 yr old audiology patients with English vs French vs other 1st language, Canada, 2112
perceptually based or phonetic sound substitutions & linguistic perception & production of English voiceless fricatives, monolingual 3.2–5.5 yr olds, 11444
phonemic category, frequency importance function for feature recognition during Diagnostic Rhyme Test, 24–26 yr olds, 14322
phonetic module, perception of consonants & vowels, 28277
phonetic relevance vs physical similarity of contrast categories, cross language speech perception, 6–8 vs 11–13 mo olds vs 18–45 yr old native Hindi vs English speakers, 1055
physiological & cognitive changes in aging, speech understanding, 15043
physiology & psychoacoustics of speech representation in auditory periphery, 4103
pitch & amplitude perturbation & additive noise, perception of roughness & breathiness in synthetic speech, speech pathologists, implications for assessment of dysphonia, 14331
prefixes vs suffixes, auditory word recognition, adults, 24789
production & perception of final consonant cluster /-ts/, 6–7 yr olds who misarticulate phonemes vs normally articulating children vs adults, Netherlands, 4639
programable computer software system for experimentation in psychoacoustics & speech perception, conference presentation, 35326
prototype vs perceptual fading technique, identification of nonnative speech contrasts, 17–23 yr old francophone listeners, Canada, 28275
relevance of voice identification research to legal criteria for evaluating reliability of earwitness identification, 39808
repetitive dichotic presentation of artificial unintelligible speech with positive vs negative emotional tone, rating of emotionality & intensity, college students, 7655
response coincidence technique & cluster analysis, assessment of individual differences in response style in perception of Mandarin dialect, Chinese exchange students, Canada, 31699
reverberation & masking & filtering & intensity fluctuation, spoken nonsense syllable recognition, young adults, 14337
salience of cues for final consonant voicing, infants vs 24–45 yr olds, 32395
segmental quality & natural vs synthesized intonation, quality judgments for texts vs utterances, college students, Netherlands, 31826
selective adaptation with syllable initial consonants & perception of same consonant in syllable final position, adults, implications for cancellation hypothesis, 38812
selective agnosia for nonverbal sounds & music, 28 yr old head injured female with posttraumatic auditory agnosia, case report, 37087
semantic anomaly in natural continuous speech, brain EPs, 17–26 yr olds, 18123
sentence presentation mode, speech perception in noise, adults, 24797
sentences & sustained vowels in 7–8 yr olds' speech, ability to identify gender, normally sighted college students vs visually handicapped 14–19 yr olds, Netherlands, 2016
signal to broadband noise ratio, interlist equivalence of Word Intelligibility by Picture Identification Test, 6.6–9.1 yr olds, 21933
simple target vs dynamic specification vs elaborated target theories of vowel perception, 38814
simulated hearing loss, speech sounds perception, 19–34 yr olds, 9188
simultaneous presentation of print, speech perception, college students, 21240
single channel speech compression using hearing aid, phoneme perception, hearing impaired 13–18 yr olds, 12377

situational context cues & speech rate & repetition & location of information in data system message, synthesized speech intelligibility, college students, 17822
source of glottal volume velocities in dysfluent speech, perception of neutral vowels, stuttering adults, 12322
sources of acoustic information, identification of coarticulated vowels spoken in sentence context, college students & adult males, 38815
speaker race identification by non-Indian adult listeners, American Indian 7.5–9.9 yr olds, 29078
specialized mechanisms, perception & learning of speech sounds vs other acoustic stimuli, infants, 29063
spectral tilt at signal onset & frequency change abruptness after onset & formant transitions, voiced stop consonant identification, normal vs hearing impaired 19–73 yr olds, 16150
speech & nonverbal stimuli, hemispheric asymmetry, French Canadian vs Chinese college students, Canada, 32030
speech enhancement techniques, intelligibility, 30–75 yr olds with postlingually acquired hearing loss, 5737
speech perception & speech production errors, 4.7–8.6 yr olds with vs without articulation disorder vs 17–50 yr old college students, 33446
speech perception abilities, profoundly hearing impaired children & adolescents with cochlear implants vs tactile vs hearing aids, longitudinal study, 37865
speech recognition ability in noise, normal hearing 18–70 yr olds vs hearing impaired 55–70 yr olds, 16086
speech vs tonal complex stimuli, duration discrimination, normally hearing vs impaired 19–36 yr olds, 16029
speech with altered temporal pattern & sentence structure, auditory processing measured by question answering comprehension task, 1st–3rd graders, 982
spontaneous labeling of pictures on Word Intelligibility by Picture Identification & Northwestern University Children's Perception of speech, 5 yr olds, 8006
static & dynamic & intrinsic & extrinsic relational properties in English vowel perception, 38810
static & dynamic differences in fundamental frequency in composite syllable, perceptual grouping of formants, adults, 31814
stop consonant recognition assessed using articulation index prediction theory, male 32–45 yr olds with high frequency hearing loss, 26478
structure & predictions of TRACE vs fuzzy logic models, influence of multiple information sources on speech perception & judgment, 4th graders, 36063
subharmonic summation, measurement of pitch of auditory signals & applicability to speech analysis, 14330
time compression & age, speech feature & frequency discrimination, 63–84 yr olds, 36077
tone frequency, judgment of voice onset time for nonspeech analogs, college students, implications for primacy of perceptual learning over phonetic processes, 14341
tone production & identification in spoken monosyllabic words, left vs right vs globally brain damaged aphasic 39–67 yr olds, Thailand, 22930
TRACE model of speech perception, perceptual compensation for coarticulatory influences of one speech sound on another, college students, 7374
training of listener & language & culture of speaker, perception of hoarseness, lay vs professional listeners, 17810
unimodal tactual word recognition training &/vs tactual speech perception aids with vs without amplified audition, generalization to novel speech stimuli, profoundly hearing impaired 5–11 yr olds, 30800
use of continuous discourse tracking in across S vs within S design in speech recognition testing vs aural rehabilitation, 3787
visual vs acoustical precursors, identification of concurrent vowels, adults, 38816
vocal frequency & intensity of masked vs content standard speech stimuli, speech rate perception, college students, 14319
voice onset time vs stop closure vs preceding vowel duration cues, discrimination of t vs d, 6 yr olds vs adults, 18542
vowel length differences before voiced vs voiceless consonants & closure duration cues for voicing distinctions, adults, 17820
vowel vs consonant continua, context memory & sensory resolution & speech discrimination & identification, college students, 17821
wearable electrotactile speech processor for presentation of speech parameters as electrical pulses, phoneme & word recognition, hearing impaired 24–44 yr olds, 16028
words in conversational speech & their subsequent context, word recognition after acoustic offset, college & graduate students, 17812
2 formant CV stimuli under open vs closed response conditions & starting frequencies, stop consonant perception, adults, 17824

Speech Pitch

fixed vs free jaw, vowel formant levels & pattern variability, 5.9–8.1 yr olds with moderate articulatory disorders vs adults, 29829
fundamental frequency changes, differentiation of intonation in spoken questions vs statements, college students, Australia, 7967
method & apparatus for automatic voice quality measurement using phonetography for registration of voice dynamic range as function of fundamental frequency, voice patients, 16014
slope of continuative intonation, adult male speakers of French vs English vs German & 6–24 yr old monolingual French vs English speakers vs English speakers attending French immersion school, 7960
static & dynamic differences in fundamental frequency in composite syllable, perceptual grouping of formants, adults, 31814

Speech Processing (Mechanical) [See Also Compressed Speech, Filtered Speech, Synthetic Speech]

dynamic range reduction by peak clipping vs single channel compression using hearing aid, phoneme perception, hearing impaired 13–18 yr olds, 12378
speech enhancement techniques, intelligibility, 30–75 yr olds with postlingually acquired hearing loss, 5737
spoken digit recognition rate by electronic system, string length for digit repetition & verification minimizing recognition time, adults, 13905
wearable electrotactile speech processor for presentation of speech parameters as electrical pulses, phoneme & word recognition, hearing impaired 24–44 yr olds, 16028

Speech Rate

age & word length & acoustic similarity, speech rate & serial recall, 4–10 yr olds, implications for working memory development, 18577
articulation rate & pauses, allocation of time in reading political speeches in native language aloud, German vs American college students, 39438
auditory prosodic information &/vs visual vs inverted visual information from speaker's face, estimation of speaking rated, college students, 274
auditory tracking & story modeling procedure, auditory comprehension, 4–5 yr olds males with moderate to severe hearing loss, 37849
comprehension of rate altered speech passages, 75–84 yr olds, 32585
feasibility of single S design, study of continuous discourse teaching skills with vs without assistive listening device, normal hearing 20–30 yr old females, 35072
meaningful vs meaningless constructs, retrieval from semantic memory & speech production, 27–69 yr olds with stable bipolar disorder vs depression vs mania, 29511
noise interruption duration & speech rate, apparent continuity of discourse, college students, 21239
plosive vowel syllables in sentence repetition, temporal pattern & amplitude & other speech characteristics, brain damaged dysarthric 18–68 yr olds with speeded vs slowed speech, 23082
rate of fluent sentences with vs without surrounding instances of stuttering, relative timing of speech, stuttering 18–35 yr olds, 16015

situational context cues & speech rate & repetition & location of information in data system message, synthesized speech intelligibility, college students, 17822
speaking rate, articulatory hypokinesia, male 55–72 yr olds with Parkinson's disease, 36981
speech duration distributions, slow vs fast adult talkers, 4528
speech rates, 3 vs 4 vs 5 yr olds, 36074
use of superimposed rhythm without melody, decreased rate of speech, 18 yr old female with brain damage & Kluver-Bucy Syndrome, 12560
visual verbal vs verbal quantitative vs qualitative feedback, ability to match speaking rates, 65–80 yr olds, 4764
vocal frequency & intensity of masked vs content standard speech stimuli, speech rate perception, college students, 14319

Speech Rhythm
periodicity of alternations between lower vs higher amounts of talking in conversation, adults, 4540
speech with altered temporal pattern & sentence structure, auditory processing measured by question answering comprehension task, 1st–3rd graders, 982
syntactic boundary location, speech timing & stuttering frequency, adult male stutterers, 8962

Speech Therapists
acceptance or resistance to computer technology, public school speech language pathologists, 38212
attitudes & knowledge & competency & educational needs & involvement with children with reading disorders, public school speech language pathologists, 38197
communication strategies in conferences to recommend professional services &/or placement in special programs for language disordered children, Asian parents & speech language pathologists, 34133
computer assisted language & concept enrichment program & role of speech language pathologist as consultant, kindergartners, 31079
learning & signal to noise ratio enhancing equipment & educational management strategies, speech language pathologists working with mainstreamed hearing impaired elementary school students, 31204
microcomputer based simulation training, intervention with preschool stutterers, student speech clinicians, 38008
perceptions of personality traits of child & adult stutterers, speech language pathologists, 37998
role in psychoeducational multidisciplinary team in child psychiatric settings, speech & language clinicians, 27034

Speech Therapy
age, language recovery in speech therapy, 38–92 yr olds with Broca's vs Wernicke's vs conduction vs anomic vs global aphasia, UK, 16685
alternation of total communication & oral speech methods, ability to combine words to form sentences, moderately mentally retarded 5.3 & 13 yr olds, 27032
comprehensive assessment & treatment of language disorders, Spanish speaking children, implications for selection & training of personnel, 9606
comprehensive therapy with individual remedial work, stuttering preschoolers in day hospital setting, 12941
consonant intelligibility, laryngectomized 46–72 yr old esophageal &/vs tracheoesophageal talkers, 16682
continuous discourse tracking with word repetition & correction & speech strategy development, mildly to severely hearing impaired 60–96 yr olds in nursing homes, 6485
development of screening procedure for referral by physicians to speech pathologist for treatment of stuttering, 4–7 yr olds, 30556
differential diagnosis vs individualized treatment case selection strategies, children at risk for stuttering, 30552
effectiveness of management strategies & therapy of developmental apraxia of speech, literature review, 9604
facilitation training, word finding skills, 9.1–10.4 yr olds with language impairments, 34134
general vs specific verbal feedback, acoustic phonetic characteristics in speech production, dysarthric 35–66 yr olds, 16690
generalization of within clinic correct articulation through self monitoring to nontreatment environment, 2nd–4th graders, 16683
graded airflow with relaxation & EMG biofeedback followed by discriminative stimulus control, 19–38 yr old stutterers, 1–42 mo followup, 40822
integration of visual & tactile sensory aids in speech training program, profoundly hearing impaired high school students, 13680
intonation & rhythm intervention strategy based on paralinguistic rules & using physical movements, male 5 yr old stutterer, 40821
lack of efficacy in language therapy, 12 yr old language disordered female, case report, 9603
language improvement lab, academic achievement & social skills & school adjustment & involvement in special education, language impaired students attending infant or junior or primary school, England, 13615
long term treatment & symptoms, male 58 yr old with dysarthria secondary to basilar artery thrombosis, case report, 16689
